**WINLAND ELECTRONICS, INC.**

**PROXY STATEMENT FOR  
ANNUAL MEETING OF SHAREHOLDERS  
to be held  
May 13, 2003**

The accompanying Proxy is solicited by the Board of Directors of Winland Electronics, Inc. ( Winland or Company ) for use at the 2003 Annual Meeting of Shareholders of the Company to be held on Tuesday, May 13, 2003, at the location and for the purposes set forth in the Notice of Annual Meeting, and at any adjournment thereof.

The cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to the beneficial owners of stock, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

You may vote your shares by telephone or by mail as follows. Please help us save administrative and postage costs by voting by telephone.

**BY TELEPHONE:**

On a touch-tone telephone, please call the toll-free number printed on your proxy card or electronic notification, 24 hours a day, seven days a week. You may vote by phone until 12 noon Central Time on May 12, 2003.

Enter the three digit company number and seven digit personal identification number shown on your proxy card or electronic notification.

Follow the simple recorded instructions.

**BY MAIL:**

Sign and date the enclosed proxy card.

Mail the proxy card in the enclosed postage-paid envelope.

Any shareholder giving a Proxy may revoke it any time prior to its use at the 2003 Annual Meeting by giving written notice of such revocation to the Secretary or any other officer of the Company or by filing a later dated written Proxy with an officer of the Company. Personal attendance at the 2003 Annual Meeting is not, by itself, sufficient to revoke a Proxy unless written notice of the revocation or a later dated Proxy is delivered to an officer before the revoked or superseded Proxy is used at the 2003 Annual Meeting. Proxies will be voted as directed therein. Proxies which are signed by shareholders but which lack specific instruction with respect to any proposal will be voted in favor of the number and slate of directors proposed by the Board of Directors and listed herein and will be voted against the shareholder proposal.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the outstanding shares of the Company's Common Stock entitled to vote shall constitute a quorum for the transaction of business. If a broker returns a non-vote proxy, indicating a lack of voting instructions by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. An abstention as to any proposal will therefore have the same effect as a vote against the proposal.

During fiscal 2002, the Board of Directors held six (6) meetings. No director attended less than 75% of the meetings of the Board and the committees on which such director served during 2002.

The Company's Board of Directors has three standing committees, the Audit Committee, Compensation Committee and Governance/Nomination Committee.

The Audit Committee is comprised of S. Robert Dessalet, CPA, Thomas J. de Petra and James L. Reissner, all non-employee independent members of the Board of Directors. Mr. Dessalet has been named as the audit committee financial expert as defined by Item 401(e) of Regulation S-B under the Securities Act of 1933. Mr. Dessalet is a Certified Public Accountant, whose experience includes positions as Vice President of Finance and Administration, Chief Financial Officer and business and management consultant. The Company acknowledges that the designation of Mr. Dessalet as the audit committee financial expert does not impose on Mr. Dessalet any duties, obligations or liability that are greater than the duties, obligations and liability imposed on Mr. Dessalet as a member of the audit committee and the Board of Directors in the absence of such designation or identification. The Audit Committee reviews the selection and work of the Company's independent auditors and the adequacy of internal controls for compliance with corporate policies and directives. During 2002, the Audit Committee met four (4) times.

The Compensation Committee is comprised of S. Robert Dessalet, Thomas J. de Petra, James L. Reissner and Rick Speckmann, who joined the committee on July 30, 2002. This committee recommends to the Board of Directors from time to time the salaries to be paid to executive officers of the Company and any plan for additional compensation it deems appropriate. This committee is vested with the same authority as the Board of Directors with respect to the granting of options and the administration of the Company's Stock Option Plans. During 2002, the Compensation Committee met four (4) times, and took action once by unanimous written consent.

The Governance/Nomination Committee is comprised of S. Robert Dessalet, CPA, Lorin E. Krueger, Thomas J. de Petra and Rick Speckmann, who joined the committee on July 30, 2002. This committee recommends to the Board of Directors nominees for vacant positions on the Board, sets goals for the Board and monitors the achievement of such goals. The committee was established in June 2001. This committee will consider a candidate for director proposed by a shareholder. Candidates must have broad training and experience in their chosen fields and must have achieved distinction in their activities. The committee will consider the particular expertise of each nominee and strive to achieve an appropriate breadth of skills among the Board members. A shareholder who wants to propose a candidate has to comply with the provisions of the Company's bylaws regarding nominations for the election of directors. These provisions require a shareholder to provide timely notice in proper written form of the shareholder's intent to nominate a candidate. If the Company held an annual meeting in the previous year, such a notice of a shareholder is timely if it was provided not more than ninety (90) and not less than sixty (60) calendar days prior to the date that is one year after the prior year's annual meeting. If no annual meeting was held in the previous year, or if the date of the annual meeting changed by more than thirty (30) days from the

**Table of Contents**

prior year's annual meeting (the Other Meeting Date), the shareholder's notice is timely if it is received by the later of (i) the close of business on the date ninety (90) days prior to the Other Meeting Date or (ii) the close of business ten (10) days following the date on which the Other Meeting Date is first publicly announced. The shareholder's notice is in proper form if it includes certain specified information regarding the shareholder's name and address, the shareholder's stock ownership, existing arrangements or understandings regarding the nomination, any information regarding each nominee that would be required to be included in a proxy statement had the nominee been nominated by the Company, and the consent of each nominee to serve as director of the Company if so elected. The Nominating/Governance Committee met twice during 2002.

**REPORT OF AUDIT COMMITTEE**

The Board of Directors maintains an Audit Committee comprised of three of the Company's outside directors. The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the Listing Standards of the American Stock Exchange (AMEX) that governs audit committees, Section 121(B), including the requirement that audit committee members all be independent directors as that term is defined by AMEX Listing Standards Section 121(A).

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board of Directors with fulfilling its oversight responsibility regarding the quality and integrity of the accounting, auditing and financial reporting practices of the Company. In discharging its oversight responsibilities regarding the audit process, the Audit Committee:

- (1) reviewed and discussed the audited financial statements with management;
- (2) discussed with the independent auditors the material required to be discussed by Statement on Auditing Standards No. 61; and
- (3) reviewed the written disclosures and the letter from the independent auditors required by the Independence Standards Board's Standard No.1, and discussed with the independent auditors any relationships that may impact their objectivity and independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002, as filed with the Securities and Exchange Commission.

The directors also receive \$500 for attendance at each Audit Committee meeting and \$300 for each Compensation Committee or Governance/Nomination Committee meeting. Mr. Krueger has agreed that, during the two-year period following the termination of his employment, except following a change of control as hereinbefore described, he will not (i) compete with the Company, (ii) solicit or communicate with the Company's customers or (iii) solicit any of the Company's employees to leave the Company.

James Reissner, a director of the Company, is also a director of Rimage Corporation, a customer of the Company. Rimage's purchases from the Company totaled \$576,050 in 2001 and \$613,271 in 2002. The Company expects Rimage's purchases to be similar in 2003.

## **Compliance with Section 16(a) of the Exchange Act**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than ten-percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by it, the Company believes that, during fiscal year 2002, all executive officers, directors and greater than ten-percent beneficial owners complied with the applicable filing requirements.

## **SHAREHOLDER PROPOSAL (Proposal #2)**

Dyna Technology, Inc., the holder of 404,800 shares of the Company and having an address of 225 South Cordova Avenue, LeCenter, Minnesota 56057, has given notice that it will present the following resolution for adoption by the shareholders of the Company at its 2003 Annual Meeting:

**RESOLVED:** That the Board of Directors of the Company be and hereby is directed to immediately discontinue the grant of incentive stock options under any existing program and that the grant of any incentive stock options by the Company shall hereafter be subject to shareholder approval and shall require the affirmative vote of at least 60% of the shareholders in attendance, whether in person or by proxy, at any annual meeting, or at any special meeting called for that purpose.

The following statement was submitted by Dyna Technology, Inc. in support of the resolution:

The grant of incentive stock options to incumbent management effectively dilutes the voting power of all shareholders of the Company. Upon exercise of any outstanding incentive stock options by incumbent management, existing corporate governance becomes more entrenched and requires a greater percentage of the vote by any shareholders holding any opposing view to block any proposal offered for approval by incumbent management at any meeting of the shareholders of the Company.

Under the existing incentive stock option program, the incumbent management took advantage of a downturn in the stock market following September 11, 2001 and awarded additional incentive stock options exercisable at 53 cents per share. The current officers of the Company are the same officers who were in charge of the Company during the downturn that resulted in the 53 cents per share market price.

**Table of Contents**

Why should those same officers be rewarded for any subsequent upturn in the market that only replenishes shareholder value?

It is not in the best interest of shareholders that officers of the Company be rewarded with stock options when they were first responsible for a period of poor performance by the Company. The incumbent management took unfair advantage of a downturn in the stock market by awarding new stock options exercisable at 53 cents per share. The common shareholder presently has no control over the number or pricing of the options. In real terms, assuming all other factors being equal, both the value and the voting power of each outstanding share of the Company is diluted each time any of these incentive stock options are exercised.

It is respectfully submitted that it is in the best interest of the Company and its shareholders that the Board of Directors adopt a policy prohibiting the grant or issuance of stock options to the officers of the Company unless the requisite approval of shareholders is obtained, as set forth in the proposed resolution.

**Company Statement**

**THE BOARD RECOMMENDS A VOTE AGAINST THIS PROPOSAL**

The shareholder proposal above was submitted by Dyna Technology, Inc., a Utah corporation solely owned by Ralph I. Call and his wife. This proposal is Mr. Call's fourth attempt to modify Winland's management and operations. He unsuccessfully attempted to replace Winland's Board of Directors with his own slate of directors at a Special Meeting of Winland's Shareholders on August 21, 2001. He unsuccessfully attempted to replace two of Winland's directors with his own nominees at Winland's Annual Meeting of Shareholders on December 20, 2001. He unsuccessfully proposed the adoption of cumulative voting for directors at Winland's Annual Meeting of Shareholders on July 30, 2002. In each case, shareholders of Winland rejected Mr. Call's efforts.

In the opinion of the Board, this new proposal is based on incomplete information and incorrect assumptions and constitutes just another attack from Mr. Call on Winland's management. Mr. Call claims management took advantage of the terrorist attacks of September 11, 2001 and the subsequent economic downturn to gain personal advantage. He incorrectly assumes officers of Winland granted themselves options exercisable at \$0.53 per share. Had Mr. Call bothered to ask for the facts, he might have realized his mistake and saved the Company the time and expense of responding to his proposal.

Mr. Call's concerns appear to be based on a reference in Winland's disclosure documents regarding the grant of an incentive stock option with an exercise price of \$0.53 per share in November 2001. Winland granted the incentive stock option to a deserving employee on the day of his/her promotion to a managerial position in the Company's production facility. The option was granted consistent with the Company's regular policy concerning option grants in connection with a promotion. It had nothing to do with current officers taking advantage of a downturn in the stock market following September 11, 2001.

We believe that Mr. Call uses this incorrect assumption as justification for his proposal to withhold from management an important and effective compensation tool. He proposes that the Board of Directors discontinue granting incentive stock options under any existing program and the shareholders approve any future grant by a vote of 60% of the shares represented at the meeting. Although Mr. Call's supporting statement argues for a policy prohibiting the grant or issuance of stock options to the officers of the Company, the actual proposal is broader, preventing the grant of any incentive stock options, including grants to non-officers, without shareholder approval. Winland is not aware of any company that has adopted a similar restriction on management.

**Table of Contents**

The authority to establish and maintain effective compensation programs, including stock options, must be left to the Board of Directors. Stock options have been widely accepted as an essential means to attract and retain talented employees and provide performance incentives that are of special concern to a company in times of economic difficulties. The proposal would make it impossible for the Company to use this tool efficiently and, thereby, greatly threatens the Company's efforts to retain and reward its dedicated work force.

As Wick Simmons, the Chairman and Chief Executive Officer of The Nasdaq Stock Market, put it in an editorial published in *The Wall Street Journal* on January 31, 2003:

Stock options have a proven power to transform industries and accelerate national prosperity. [...] The key to America's unprecedented economic prosperity is a system that recognizes the best talent and ensures that it is always available to the most promising ventures. Stock options play a crucial role in that system.

Vote against Mr. Call's proposal in order to preserve for Winland's Board of Directors the flexibility to use stock options to appropriately reward and compensate employees.
