Proxy Statement

The enclosed proxy is solicited by the Board of Directors of Conexant Systems, Inc. (*Conexant* or the *Company*) for use in voting at the 2006 Annual Meeting of Shareowners (the *Annual Meeting*) to be held at 10:00 a.m. Pacific Standard Time on Wednesday, February 22, 2006, at the Hilton Irvine/Orange County Airport hotel, located at 18800 MacArthur Boulevard, Irvine, California 92612, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareowners. This proxy statement and the proxy are first being mailed to shareowners and made available on the Internet (<http://www.conexant.com>) on or about January 10, 2006.

On June 27, 2003, the Company completed the spin-off of its Internet infrastructure business, Mindspeed Technologies, Inc. (*Mindspeed*) (the *Mindspeed Spin-Off*). In connection with the Mindspeed Spin-Off, certain adjustments were made to the Company's stock-based compensation plans and outstanding awards thereunder. On February 27, 2004, the Company completed its merger with GlobespanVirata, Inc. (*GlobespanVirata*) (the *Merger*). In connection with the Merger, certain adjustments were made with respect to the Company's stock-based compensation plans and outstanding awards thereunder. All information in this Proxy Statement regarding the Company's Common Stock and awards under the Company's stock-based compensation plans gives effect to the Mindspeed Spin-Off, the Merger, and the related adjustments. For presentation purposes, references made to the fiscal years ended September 30, 2003, 2004 and 2005 relate to the actual fiscal years ended October 3, 2003, October 1, 2004, and September 30, 2005, respectively.

Voting and Revocability of Proxies

When proxies are properly executed, dated and returned, the shares they represent will be voted at the Annual Meeting in accordance with the instructions of the shareowners. If no specific instructions are given, the shares will be voted **FOR** the election of the nominees for directors set forth herein and **FOR** ratification of the appointment of the independent auditors. In addition, if other matters come before the Annual Meeting, the persons named in the Proxy Card will vote in accordance with their best judgment with respect to such matters. A shareowner giving a proxy has the power to revoke it at any time prior to its exercise by giving written notice of revocation to the Secretary prior to the Annual Meeting, by giving a valid, later dated proxy, or by voting in person at the Annual Meeting.

The enclosed Proxy Card also offers shareowners the option to access materials for any future shareowner meeting electronically via the Internet. A shareowner consenting to accessing such materials electronically may revoke such consent at any time. The Company will continue to distribute printed materials for future shareowner meetings to shareowners who do not consent to access such materials electronically.

It is the Company's policy to maintain the confidentiality of proxy cards, ballots and voting tabulations that identify individual shareowners except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The inspectors of election and any employees associated with processing proxy cards or ballots and tabulating the vote are required to acknowledge their responsibility to comply with this policy of confidentiality.

Each share of Common Stock of the Company outstanding on the record date will be entitled to one vote on all matters. The three candidates for election as directors at the Annual Meeting who receive the highest number of affirmative votes, a quorum being present, will be elected. The ratification of the appointment of the independent

auditors will require the affirmative vote of a majority of the votes entitled to be cast by holders of shares of the Company's Common Stock present or represented by proxy and entitled to vote at the Annual Meeting, a quorum being present. Because abstentions with respect to any matter are treated as shares present or represented by proxy

Table of Contents

and entitled to vote for the purposes of determining whether that matter has been approved by the shareowners, abstentions have the same effect as negative votes for each proposal, other than the election of directors. Broker non-votes are not deemed to be present or represented by proxy for purposes of determining whether shareowner approval of a matter has been obtained, but they are counted as present for purposes of determining the existence of a quorum at the Annual Meeting.

Record Date, Quorum and Share Ownership

Only shareowners of record at the close of business on January 2, 2006 will be entitled to vote at the Annual Meeting. The presence in person or by proxy of a majority of the shares of the Company's Common Stock outstanding on the record date is required for a quorum. As of January 2, 2006, there were 474,639,018 outstanding shares of the Company's Common Stock.

ELECTION OF DIRECTORS (Proposal 1)

The Company's Restated Certificate of Incorporation provides that the Board of Directors shall consist of three classes of directors with overlapping three-year terms. One class of directors is to be elected each year with a term extending to the third succeeding Annual Meeting after election. The Restated Certificate of Incorporation provides that the Board shall maintain the three classes so as to be as nearly equal in number as the then total number of directors permits. At the end of fiscal year 2005, the Company had 10 directors. The four directors in Class I, the three directors in Class II and the three directors in Class III are serving terms expiring at the Company's Annual Meeting of Shareowners in 2006, 2007 and 2008, respectively. In November 2005, Mr. Dipanjan Deb informed the Board that, in order to have more time to pursue other interests, he did not wish to be considered as a nominee to Class I and will not stand for re-election to the Board. Mr. Deb's tenure as a director will end on February 22, 2006, at which time the size of the Board of Directors will decrease to 9 directors.

Unless marked otherwise, proxies received will be voted **FOR** the election of each of the three nominees specified in Class I Nominees for Directors with Terms Expiring in 2009 below, who now serve as directors with terms expiring at the 2006 Annual Meeting and until their successors are elected and qualified. If any such nominee for the office of director is unwilling or unable to serve as a nominee for the office of director at the time of the Annual Meeting, the proxies may be voted either (1) for a substitute nominee, who shall be designated by the proxy holders or by the present Board of Directors to fill such vacancy, or (2) for the other nominees only, leaving a vacancy. Alternatively, the size of the Board may be reduced so that there is no vacancy. The Board of Directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director. Such persons have been nominated to serve until the 2009 Annual Meeting of Shareowners and until their successors are elected and qualified.

The Board of Directors recommends a vote FOR the election of each of the nominees listed below.

The Audit Committee acts pursuant to a written charter. In the opinion of the Conexant board of directors, all current members of the Audit Committee are independent directors. The Audit Committee met 12 times during the 2005 fiscal year.

The principal functions of the **Governance and Board Composition Committee** are to develop and review at least annually Conexant's governance guidelines; to develop an annual self-evaluation process for the board and its committees and oversee the annual self-evaluations; to review the board's committee structure and recommend to the board for its approval the directors to serve as members of each committee; to consider and recommend to the board of directors qualified candidates for election as directors of Conexant; to lead the search for qualified candidates who may be submitted by directors, officer, employees, shareowners and others; and periodically to

Table of Contents

prepare and submit to the board of directors for adoption the committee's selection criteria for director nominees. The Governance and Board Composition Committee acts pursuant to a written charter.

Under the Governance and Board Composition Committee's current board selection criteria (included in the Company's Guidelines on Corporate Governance and posted on Conexant's website at www.conexant.com/ir/corp_corp_gov.html), director candidates are selected with a view to bringing to the board a variety of experience and backgrounds. Directors should have high level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems. The committee seeks candidates of the highest character and integrity, and who have experience at or demonstrated understanding of strategy/policy setting and a reputation for working constructively with others. In addition, candidates should have sufficient time available to devote to Conexant in order to carry out their duties as directors. In fulfilling its responsibility to lead the search for qualified director candidates, the committee consults with other directors, as well as the chief executive officer and other senior executives of Conexant. The committee may also from time to time retain third party search firms to assist in identifying candidates. The committee will consider director candidates recommended by Conexant shareowners pursuant to the procedures described in "Shareowner Proposals or Nominations". In the opinion of the Conexant board of directors, all current members of the Governance and Board Composition Committee are independent directors. The Governance and Board Composition Committee met once during the 2005 fiscal year.

The principal functions of the **Compensation and Management Development Committee**, or the Compensation Committee, are to recommend compensation and benefits for non-employee directors; to review and approve on an annual basis the corporate goals and objectives with respect to compensation for the chief executive officer; to determine the salaries of all executive officers and review annually the salary plan for other executives in general management positions; to review Conexant's base pay, incentive compensation, deferred compensation and all stock-based plans; to review the performance of Conexant's chief executive officer and oversee the development of executive succession plans; and to prepare and publish an annual executive compensation report. The members of the Compensation Committee are ineligible to participate in any of the plans or programs administered by the Compensation Committee, except the Conexant Directors Stock Plan. In the opinion of the Conexant board of directors, all current members of the Compensation Committee are independent directors. The Compensation Committee met 5 times during the 2005 fiscal year and acted by unanimous written consent 4 times.

The principal functions of the **Investment Management Committee** are the review of the Company's investments, equity and debt positions and working with management to develop a strategy for the liquidation of certain investments and repayment of the Company's convertible notes. The Investment Management Committee met once during the 2005 fiscal year.

The Conexant Board of Directors held 9 meetings and acted by unanimous written consent 4 times during the 2005 fiscal year. Each director is expected to attend each meeting of the board and those committees on which he serves. No director attended less than 75% of all the meetings of the board and those committees on which he served in the 2005 fiscal year. In addition, Conexant's independent directors held 2 meetings during the 2005 fiscal year. Directors are expected to attend Conexant's annual meetings of shareowners. All currently serving directors, who were members of the board of directors as of the time of the 2005 Annual Meeting of Shareowners (other than Dipanjan Deb and John W. Marren) attended that meeting, held on February 23, 2005. The board of directors has implemented a process for shareowners of Conexant to send communications to the board. Any shareowner desiring to communicate with the board, or with specific individual directors, may do so by writing to the Secretary of Conexant, who has been instructed by the board to forward promptly all such communications to the addressees indicated thereon.

Directors Compensation

During fiscal 2005, non-employee directors of Conexant received a base retainer at the rate of \$30,000 per year for board service. They received an additional retainer for service on committees of the board as follows: an annual fee of \$5,000 for service as a committee chairman, except that the chairman of the Audit Committee received an annual fee of \$10,000, and an annual fee of \$2,500 for service as a member of a committee. In addition, each non-employee director received \$1,500 per day for each board meeting attended in person and \$750 per day for each board meeting attended by telephone. On dates when there was no regularly scheduled board meeting, each non-

Table of Contents

employee director received \$1,000 for each committee meeting attended either in person or by telephone. The Conexant Directors Stock Plan provides that upon initial election to the board, each non-employee director will be granted an option to purchase 40,000 shares of Conexant Common Stock at an exercise price per share equal to the fair market value of Conexant Common Stock on the date of grant. Such stock options become exercisable in four equal installments on each of the first, second, third and fourth anniversaries of the date the options are granted. In addition, following completion of 6 months of service on the board, each non-employee director is eligible to receive an option to purchase 10,000 shares following the Conexant Annual Meeting of Shareowners and an option to purchase an additional 10,000 shares approximately 6 months from that date.

Immediately following the 2005 Annual Meeting of Shareowners on February 23, 2005 and again in August 2005, each non-employee director received options to purchase 10,000 shares of Conexant Common Stock. Until November 2005, all of the cash and equity compensation to which Mr. Marren was entitled was paid directly to TPG GenPar L.P., a unit of Texas Pacific Group.

Effective December 30, 2004, Dr. Ralph J. Cicerone resigned from the board in preparation for his assuming the Presidency of the National Academy of Sciences, which does not permit its president to serve on corporate boards. In recognition of Dr. Cicerone's contribution to the Company and service on the Board of Directors, the Compensation Committee amended the terms and conditions of Dr. Cicerone's stock options grants such that his stock options will be treated as if he were retiring at age 55 and after 5 years of service; *i.e.*, upon his leaving the board all his outstanding options became exercisable and he has the lesser of 5 years or the remaining life of the options in which to exercise them.

None of the non-employee directors was eligible to participate in the Company's Exchange Offer, described below under the caption "Long-Term Incentive Compensation" in the report of the Compensation Committee on Executive Compensation.

Under the terms of Conexant's directors' deferred compensation plan, a director may elect to defer all or part of the cash payment of retainer fees until such time as shall be specified with interest on deferred amounts accruing quarterly at 120% of the Federal long-term rate set each month by the Secretary of the Treasury. Each director also has the alternative each year to determine whether to defer all or any portion of the cash retainer by electing to receive shares or restricted shares valued at the closing price of Conexant Common Stock on the Nasdaq National Market System on the date each retainer payment would otherwise be made in cash.

Report of the Audit Committee

The Audit Committee has furnished the following report on Audit Committee matters:

The Audit Committee acts pursuant to a written charter that was adopted by the board of directors on November 30, 1998 and amended and restated most recently on February 25, 2004. The Audit Committee reviews the charter annually and revises it as appropriate; a copy of the charter is available on the Company's website at www.conexant.com. The Audit Committee consists entirely of independent directors, and its Chairman, D. Scott Mercer, is an audit committee financial expert.

The Audit Committee reviewed and discussed with Conexant's management and Deloitte & Touche LLP, the Company's independent auditors, the audited consolidated financial statements of Conexant for the fiscal year 2005. The Audit Committee also discussed with Deloitte & Touche LLP the matters required to be discussed pursuant to the Statement on Auditing Standards No. 61 (Communication with Audit Committees) and Securities and Exchange Commission Regulation S-X Rule 2-07.

The Audit Committee also reviewed written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with Deloitte & Touche LLP its independence from Conexant and considered whether the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the independence of that firm.

The Audit Committee also discussed with the Company's internal and independent auditors their evaluations of the Company's internal accounting controls and the overall quality of the Company's financial reporting.

Table of Contents

Based on the reviews and discussions referred to above, the Audit Committee approved the inclusion of the audited financial statements for fiscal year 2005 in Conexant's Annual Report on Form 10-K filed with the Securities and Exchange Commission. The Audit Committee also selected, subject to shareholder ratification, Deloitte & Touche LLP as the Company's independent auditors for fiscal year 2006.

The Committee has provided the following report on executive compensation.

Compensation Philosophy and Objectives

The Committee believes that executive compensation should be based on a pay-for-performance philosophy and strongly linked to individual performance, Company financial and business performance and increases in shareowner value. Its compensation objectives are to provide a compensation package that allows Conexant to attract and retain key managerial talent, has variable pay opportunities linked to short-term Company performance and has equity compensation opportunities linked to longer-term increases in shareowner value. The key components of executive compensation are: base salary; a short-term incentive opportunity (annual bonus plan); and long-term stock-based incentives.

Compensation levels for executives are established based on comparisons to executive compensation of U.S.-based semiconductor and other high technology companies which are considered generally comparable to Conexant. While there is no specific formula that is used to establish executive compensation, the Committee considers the total compensation (earned or potentially available) of the executive officers in establishing each component of compensation. In its review, the Committee primarily relies on the following: (1) industry, peer group and national surveys; (2) reports of independent compensation consultants who may from time to time advise the Committee; and (3) performance judgments as to the past and expected future contributions of individual executives.

Based on the Committee's assessment of the compensation of comparable executives in similar companies, the Committee establishes base salaries, short-term annual incentives and long-term incentives. For each comparable job, each component of compensation (base salary, short-term annual incentive and long-term incentives) is generally targeted to be near the median of the competitive data. However, the Committee uses its discretion to set any one or more of the components of compensation at levels higher or lower than the median depending on an individual's role, responsibilities, and performance and with regard to internal equity within the Company.

The total executive compensation package of base salary, short-term incentives and long-term incentives is linked to pay-for-performance and is intended to vary with individual performance, Company financial and business performance and Conexant stock performance. If short-term Company performance and long-term Conexant stock

performance are better or worse than expected, executives can earn materially more or less than originally targeted. The Committee believes that this type of performance-based compensation is appropriate for the Company's business and industry.

Conexant also offers its executives a few perquisites, such as financial planning and tax preparation services, physicals and health club memberships. The Company also has an executive compensation deferral plan which allows executive officers, directors and certain other executives to defer their base salary and bonuses to future

Table of Contents

dates. This compensation deferral plan also allows certain executives to obtain the 401(k) Company match beyond the IRS-prescribed contribution limits of the Company's qualified 401(k) plan. The costs associated with these additional compensation items are disclosed in the Summary Compensation Table and related footnotes.

Short-term Incentive Compensation

Conexant's short-term incentive program (annual bonus plan) is based on Company performance as measured against the performance criteria adopted by the Committee for each particular fiscal year. The performance criteria typically include one or more of the following: revenue growth, operational profitability, and attainment of strategic business development goals. Achievement of the pre-established performance criteria is the main determinant of whether or not there will be an incentive pool (*i.e.*, an amount available for payments under the annual bonus plan) for the fiscal year. Each executive officer is eligible to receive an annual bonus award based upon the executive's bonus target and the size of the incentive pool that the Committee approves for the payment of bonuses for fiscal year performance. At the end of the fiscal year, the Committee, in its sole discretion, may increase or decrease the size of the incentive pool from that determined solely by reference to the pre-established performance criteria. In exercising its discretion to determine the incentive pool amount, if any, the Committee will consider all then existing circumstances that it deems relevant, including, for example, the achievement of performance criteria, market conditions, forecasts, and anticipated expenses to be incurred or payable during the fiscal year. If Conexant meets or exceeds the applicable performance criteria, amounts paid under the annual bonus plan may exceed target levels. Similarly, if the performance criteria are not achieved, bonus amounts may be less than the target levels or potentially zero. The actual payout of an award may be further adjusted by the Committee to reflect individual performance. The annual bonus plan is generally cash based, but has on occasion been designed using restricted stock and performance share awards that vested upon achievement of operational and financial targets.

For fiscal 2005, Conexant adopted an annual incentive compensation plan based on financial performance as measured by core operating income. Subsequent to fiscal year 2005, based on fiscal 2005 performance, the Committee determined that no bonuses would be paid out of this plan.

For fiscal 2004, Conexant had two separate short-term incentive plans in place:

- an incentive plan for Conexant employees which covered the 5-month period prior to the merger with GlobespanVirata; and

- a company-wide post-merger incentive plan applicable to all employees of the newly combined company for the remaining 7 months of fiscal 2004.

Both plans were based on financial performance as measured by pro-forma operating income as well as other financial criteria. Based on the post-merger Company performance, no bonus was paid under the company-wide post-merger incentive plan. However, for Conexant employees and executives who were eligible for the 5-month pre-merger incentive plan, a pro-rata bonus was paid for achievement of Conexant performance against the goals. In fiscal 2004, that short-term pre-merger incentive plan for legacy-Conexant employees generated a bonus which was approximately 21% of an employee's target level of annual incentive compensation.

For fiscal 2003, the Committee adopted an annual bonus plan based on financial performance as measured by pro-forma operating income for the Company's Broadband Communications business. In 2003, that plan generated a bonus which was approximately 17% of an employee's target level of annual incentive compensation.

For fiscal 2002, Conexant granted performance share awards that entitled the recipient to receive shares of Conexant common stock or cash, based on the value of Conexant common stock on the date the performance share award

vested. At the time the performance share awards were granted, the Committee established vesting criteria based upon the achievement of financial performance criteria for fiscal years 2002 and 2003 by certain specified dates. To the extent that the financial performance criteria were not met by the specified dates, the relevant performance share awards would not vest and would terminate. In February 2003 and February 2004, the portion of the performance share award that was based on achievement of fiscal performance criteria related to fiscal years 2002 and 2003, respectively, vested. On average, that plan generated a bonus which was approximately 38% of an employee's target level of annual incentive compensation.

Table of Contents

Additionally, on occasion the Committee has made special cash bonus awards outside of the annual bonus plan. In fiscal 2005, the Committee awarded Lewis Brewster \$75,000 for his work on the Company's gross margin improvement initiative. In fiscal 2004, upon completion of the Merger on February 27, 2004, the Committee awarded each of Messrs. Decker, Rhodes, Brewster and Blouin a special cash bonus in recognition of their contributions in completing the Company's focused business creation strategy and during the Merger process.

Long-term Incentive Compensation

Conexant has a long-term incentive program that provides a direct link to the interests of shareowners by providing an incentive to maximize shareowner value. Annual long-term incentive grants for executives and employees are a key element of market-competitive compensation in our industry. Conexant's long-term incentive compensation is delivered through the grant of stock options (and in some cases, shares of restricted stock) to executives and most employees under the 1999 Long-Term Incentives Plan and the 2000 Non-Qualified Stock Plan.

Stock options aid in the attraction and retention of employees and align the interests of employees with those of the shareowners. Stock options have value for an employee only if the price of Conexant common stock increases and the employee remains employed by Conexant for the period required for the stock options to vest and become exercisable (typically four years), thus providing an incentive to remain employed at Conexant.

As with all the components of executive compensation, the Committee determines all material aspects of the long-term incentive awards—who receives an award, the amount of the award, the grant price of the award, the timing of the awards as well as any other aspect of the award they may deem material. When making its decisions regarding long-term incentives, the Committee considers many factors. In addition to competitive market data, it considers the number of shares of Conexant common stock outstanding, the amount of equity incentives currently outstanding and the number of shares available for future grant under the stock plans. Furthermore, individual executive stock option awards may be based on many individual factors such as relative job scope and contributions made during the prior year and the number of shares held by the executive.

In fiscal 2005, Conexant did not make a broad-based stock option grant other than the replacement option grants made in connection with the stock option Exchange Offer discussed below.

The decline of the Company's common stock price during 2004 strongly undercut the Board of Directors' desire to provide Conexant employees with the opportunity to participate in its long-term growth through its stock option programs. In order to increase the retention value of the Company's stock option programs, the Board approved an exchange offer pursuant to which all employees with stock option grants having an exercise price of \$5 or above could exchange them for new stock options to be granted in the future (the Exchange Offer). Under the terms of the Exchange Offer, which commenced on November 12, 2004, eligible employees who chose to participate had their tendered stock options cancelled on December 13, 2004 and, on June 14, 2005 they received one new option as a replacement for each option cancelled. Those replacement options had an exercise price of \$1.49 per share (the fair market value of Conexant common stock on the date of grant). Depending on whether the cancelled options were granted before, on or after December 31, 2002 or whether the eligible employee was a senior executive of the Company, the replacement options either (i) vest in three equal installments on the first, second and third anniversaries of the grant date or (ii) vest 50% on the first anniversary of the grant date and 25% on each of the second and third anniversaries of the grant date. In addition, if an employee is involuntarily terminated without cause within one year following the replacement option grant date, then 50% of the shares subject to the replacement option will vest immediately as of the date of termination.

On December 13, 2004, the Company accepted and cancelled all options properly tendered in the Exchange Offer. Pursuant to the Exchange Offer, all of the executive officers exchanged all of their eligible options with exercise

prices of \$5 or above. Accordingly, on June 14, 2005 each executive officer received his replacement options with an exercise price of \$1.49 per share, and which vest and become exercisable in three equal installments over three years.

For fiscal years 2004 and before, long-term incentive awards were typically made on an annual basis. However, on occasion the incentive awards were delivered in two phases in an effort to minimize the market risk associated

Table of Contents

with making an annual award on a single date and to increase their retention value by spreading out the vesting events over time.

In addition to encouraging stock ownership by granting stock options and restricted stock, Conexant further provides all of its employees (including executive officers) the opportunity to own Conexant common stock through Conexant's Employee Stock Purchase Plans, or the ESPPs. The ESPPs allow participants to buy Conexant common stock at a 15% discount to the market price with up to 15% of their salary and bonuses (subject to certain legal and other limitations).

Chief Executive Officer Compensation

Fiscal year 2005 was a transition year for Conexant. On November 9, 2004, Armando Geday resigned as chief executive officer of the Company and on November 12, 2004 he resigned from the Board of Directors. On June 30, 2005 his employment with the Company ended. Substantially all of Mr. Geday's fiscal 2005 compensation was paid pursuant to the terms of his separation agreement with the Company. A description of his separation agreement is included under the caption "Certain Relationships and Related Transactions - Executive Officer Employment Agreements" of the Proxy Statement and the separation payment details can be found in a footnote to the Summary Compensation Table.

On November 9, 2004, coincident with Mr. Geday's resignation, at the request of the Board of Directors, Dwight W. Decker reassumed the position of chief executive officer, a position he previously held from the spin-off of Conexant from Rockwell International Corporation in 1999 through the completion of the Merger on February 27, 2004. Mr. Decker's compensation for fiscal year 2005 is discussed below. A description of Mr. Decker's employment contract can be found under the caption "Certain Relationships and Related Transactions - Executive Officer Employment Agreements" of the Proxy Statement.

Upon completion of the Merger on February 27, 2004, although Mr. Decker relinquished the role of chief executive officer of Conexant to Mr. Geday, at the request of the Board, he remained an employee of Conexant and became the non-executive chairman of the board. On November 9, 2004, at the request of the board, Mr. Decker resumed the position of chief executive officer while continuing in his position as chairman of the board. Since June 28, 2003 Mr. Decker's base salary has remained at \$575,000 and he is eligible for an annual performance bonus as determined by the Committee. In early 2005, based on Conexant performance under the 2004 pre-merger incentive plan for Conexant employees, Mr. Decker was paid a bonus of \$150,661. This amount was approximately 21% of his annual incentive compensation target, comparable to the percentage for other employees and executives receiving payment under the pre-merger incentive plan for Conexant employees.

Also in 2005, as an inducement to resume the chief executive officer position, Mr. Decker was granted a performance share award covering 275,000 shares of Conexant common stock. This performance share award was made in lieu of a cash bonus for fiscal year 2005. The performance share award, which was provided for in Mr. Decker's amended employment agreement entered into with the Company on March 10, 2005, was subject to vest and be payable only to the extent that the performance goals established and measured by the Committee were achieved. Subsequent to fiscal year 2005, the Committee determined that, based upon its assessment of Mr. Decker's 2005 performance, the performance share award would vest as of November 2, 2005 and that the award would be paid in the form of shares of Company common stock (net of applicable taxes). In making its determination, the Committee considered a number of factors in assessing Mr. Decker's performance, including, but not limited to, achievement and progress in the areas of strategic planning, financial results, reducing operating expenses, leadership and investor relations. Mr. Decker was also recognized for stabilizing the business during its turnaround by consistently meeting the Company's quarterly revenue targets for fiscal year 2005, improving margins and making major progress against key Company goals.

On June 14, 2005, pursuant to the terms of the Exchange Offer (described above), all eligible employees and executives received replacement options with an exercise price of \$1.49 per share. Mr. Decker received 473,343 replacement options which will vest in three equal installments over three years. Additionally, pursuant to the terms of the employment agreement with Mr. Decker on July 1, 2005, Mr. Decker was granted 300,000 options, which were to vest and become exercisable in two equal installments on November 8, 2005 and November 8, 2006.

Table of Contents

In fiscal 2005, Mr. Decker also received executive perquisites as described in the Summary Compensation Table.

Compliance with Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that may be deducted by Conexant in any year with respect to each of Conexant's named executive officers. Certain performance-based compensation that has been approved by shareowners is not subject to the deduction limit. The 1999 Long-Term Incentives Plan is qualified so that awards under the plan constitute performance-based compensation not subject to the deduction limit under section 162(m). Since the Committee retains discretion with respect to base salaries and certain other compensation awards, those elements would not qualify as performance based compensation for section 162(m) purposes. It is the Committee's objective that, so long as it is consistent with its overall business, compensation and retention objectives, Conexant will, to the extent reasonable, endeavor to keep executive compensation deductible by Conexant for federal income tax purposes.

Equity Compensation Plans Not Approved by Shareowners

1999 Non-Qualified Employee Stock Purchase Plan

The Company's 1999 Non-Qualified Employee Stock Purchase Plan (the Non-Qualified ESPP) was adopted by the Board of Directors on May 14, 1999 and was subsequently amended on August 13, 1999, July 18, 2002, July 22, 2004 and November 2, 2005. The Non-Qualified ESPP has not been approved by the Company's shareowners. Employees of the Company's subsidiaries located in certain countries outside the U.S. who are not officers or directors of the Company may be eligible to participate in the Non-Qualified ESPP. As of September 30, 2005, the Board of Directors reserved 2,400,000 shares of the Company's common stock for issuance under the Non-Qualified ESPP, subject to adjustment under certain circumstances. On November 2, 2005, the Non-Qualified ESPP was amended to increase by 1,500,000 the number of shares reserved for issuance under the plan.

The Non-Qualified ESPP permits eligible employees to purchase shares of the Company's common stock at the end of each offering period at 85% of the lower of the fair market value of the Company's common stock on the first trading day of the offering period or on the last trading day of the offering period. Under the plan, employees may authorize the Company to withhold up to 15% of their compensation for each pay period to purchase shares under the plan, subject to certain limitations. Offering periods generally commence on the first trading day of February and August of each year and are generally six months in duration, but may be terminated earlier under certain circumstances. As of September 30, 2005, an aggregate of 739,465 shares of the Company's common stock were available for future purchases under the Non-Qualified ESPP.

2000 Non-Qualified Stock Plan

The Company's 2000 Non-Qualified Stock Plan (the 2000 Plan) was adopted by the Board of Directors on November 5, 1999 and was most recently amended on February 26, 2003. The 2000 Plan has not been approved by the Company's shareowners. The 2000 Plan authorizes grants of non-qualified stock options and restricted stock. An aggregate of 47,500,000 shares of the Company's common stock are authorized for issuance or delivery under the 2000 Plan, provided that no more than 3,000,000 shares will be available for grants of restricted stock, in each case, subject to adjustment under certain circumstances.

Restricted stock may be granted only to employees, including officers and directors who are employees, of the Company. Stock options granted under the 2000 Plan will have an exercise price per share equal to the fair market value per share of the Company's common stock at the date of grant. Generally, each option will vest in installments

over a four year period, with 25% of the shares becoming exercisable each year on the anniversary of the date of grant. In connection with the Company's Exchange Offer, replacement options granted on June 14, 2005 under the 2000 Plan vest in installments over a three-year period as described under the captions "Long-Term Incentive Compensation" in the report of the Compensation Committee. Stock options granted under the 2000 Plan may not be exercised after eight years from the date of grant. As of September 30, 2005, an aggregate of 10,460,275 shares were available for future grants under the 2000 Plan.

Table of Contents

At the time of the Merger, Conexant shareowners approved the assumption and adoption by Conexant of GlobespanVirata's 1999 Equity Incentive Plan, 1999 Supplemental Stock Option Plan and Amended and Restated 1999 Stock Incentive Plan, referred to collectively as the GlobespanVirata stock plans. Additionally, shareowners approved Conexant's use of the shares remaining available for grant under the GlobespanVirata stock plans at the time of the Merger, as well as any additional shares that may become available for grant under the GlobespanVirata stock plans as a result of cancellations, forfeitures, lapses or other terminations of outstanding awards (in each case after adjustment to reflect the merger exchange ratio), for grant of awards by Conexant after the Merger under the GlobespanVirata stock plans or under Conexant's stock plans, including Conexant's 1999 LTIP and the 2000 Plan. As of September 30, 2005, a total of 24,287,317 shares were available for issuance under these plans, which are included on the Equity compensation plans approved by shareowners section of the Equity Compensation Plan table.

2001 Performance Share Plan

The Company's 2001 Performance Share Plan (the Performance Share Plan) was adopted by the Board of Directors on November 2, 2001. The Performance Share Plan has not been approved by the Company's shareowners. An aggregate of 4,000,000 shares of the Company's common stock are authorized for grants of performance share awards under the Performance Share Plan, subject to adjustment under certain circumstances.

The Performance Share Plan permits eligible employees to receive grants of performance share awards which vest based on performance criteria and continued employment with the Company from the grant date through the time of vesting. The value of the performance share award will equal the fair market value of the Company's common stock. Employees whose performance share awards vest are entitled to receive a payment in the form of shares of the Company's common stock, cash or both. As of September 30, 2005, an aggregate of 3,167,196 shares of the Company's common stock were available for future grants under the Performance Share Plan.

2004 New-Hire Incentive Plan

The Company's 2004 New-Hire Incentive Plan (the New-Hire Plan) was adopted by the Board of Directors on February 6, 2004. The New-Hire Plan has not been approved by the Company's shareowners. An aggregate of 12,000,000 shares of the Company's common stock were authorized for grants of stock or stock options under the New-Hire Plan, subject to adjustment under certain circumstances. The New-Hire Plan has an evergreen feature so that at the start of each new fiscal year of the Company the number of shares authorized for grants is adjusted to add as many shares as needed to bring the aggregate available shares up to 10,000,000.

The New-Hire Plan permits the Company to make grants of equity compensation to new employees in a merger or acquisition or to persons not previously a director of or employed by the Company, or following a *bona fide* period of non-employment by the Company, if the equity grant is a material inducement in the person's entering into employment with the Company. As of September 30, 2005, an aggregate of 16,285,968 shares of the Company's Common Stock were available for future grants under the New Hire Plan, which number of shares includes additional shares that may have become available for grant as a result of cancellations, forfeitures, lapses or other terminations of outstanding awards.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Change of Control Employment Agreements

At the time of the Merger, Conexant entered into employment agreements with certain key executives, including Messrs. Decker, Rhodes, Brewster, Blouin, O'Reilly and Geday. Except as noted below, each of the employment agreements contains the following provisions. Each agreement sets forth the individual's initial annual base salary and a formula for determining the individual's annual target bonus for fiscal 2004. Each agreement provides that Conexant's Board of Directors or the Compensation Committee will (1) review the individual's annual base salary at least annually and may increase (but not decrease) the salary and (2) determine the amount of the individual's annual target bonus for fiscal years after fiscal 2004. If Conexant terminates an individual's employment without cause or if the individual resigns for good reason (as defined in the employment agreements), Conexant will continue to provide certain benefits to the executive for a specified period after the termination, unless and until the executive receives similar benefits from another employer. However,

Table of Contents

Messrs. Brewster and O Reilly do not have a "good reason" clause in their employment agreements. Each agreement also restricts the individual from competing with Conexant or soliciting employees or customers of Conexant during the employment period and for 12 months thereafter. Under each agreement, the individual will generally be made whole for any excise taxes imposed by the Internal Revenue Code on certain change of control payments.

For the purposes of the employment agreements, a "change of control" is defined generally as:

the acquisition by any individual, entity or group of beneficial ownership of 20% or more of either the then outstanding shares of Conexant common stock or the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors;

a change in the composition of a majority of the Conexant board of directors which is not supported by the current board of directors;

a major corporate transaction, such as a reorganization, merger or consolidation or sale or other disposition of all or substantially all of Conexant's assets, which results in a change in the majority of the board of directors or of more than 60% of Conexant's shareowners; or

approval by Conexant's shareowners of the complete liquidation or dissolution of Conexant.

Executive Officer Employment Agreements

Dwight W. Decker. On March 10, 2005, Mr. Decker and the Company entered into an Amended and Restated Employment Agreement (the Agreement), which amended and restated his Employment Agreement dated as of January 15, 2004 (the Prior Agreement), pursuant to which Mr. Decker served as non-executive chairman of the board and an employee of the Company from February 27, 2004. On November 9, 2004, at the request of the Board of Directors, Mr. Decker resumed the position of chief executive officer while continuing in his position as chairman of the board. The Agreement sets forth the terms and conditions of Mr. Decker's employment as chairman of the board and chief executive officer. The Agreement also sets forth the terms and conditions of his employment as non-executive chairman of the board following his service as chief executive officer, if the Company and Mr. Decker agree that he will continue as non-executive chairman of the board; these terms and conditions are substantially similar to the terms and conditions of the Prior Agreement.

The Agreement, effective as of February 28, 2005, provides that Mr. Decker will serve as chairman of the board and chief executive officer of the Company until November 9, 2006. Following that date, the Agreement will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. In exchange for his services, Mr. Decker will be paid an initial annual base salary of \$575,000 and will be eligible for an annual performance bonus as determined by the Board of Directors or the Compensation Committee. For fiscal 2005, in lieu of a cash bonus, Mr. Decker received a performance share award pursuant to the Company's 2001 Performance Share Plan covering 275,000 shares of the Company's common stock. On July 1, 2005, Mr. Decker was granted options to purchase 300,000 shares of the Company's common stock, which will become exercisable in two equal installments on November 8, 2005 and November 8, 2006. All of his outstanding unvested equity awards will continue to vest during the employment term.

Under the Agreement, if the Company terminates Mr. Decker's employment as chairman of the board and chief executive officer without cause or if he resigns as chairman of the board and chief executive officer for "good reason" the Company will pay him a cash lump-sum equal to the sum of (i) any unpaid base salary (and any other unpaid amounts) accrued through his termination date, (ii) a pro rata share of his target bonus for the fiscal year in which his termination occurs, (iii) two times his base salary, (iv) two times his annual target bonus, and (v) \$200,000. In

addition, all of his options and shares of restricted stock will become fully vested and Mr. Decker may exercise all such options until the later of (A) February 27, 2010 and (B) the second anniversary of his termination date.

If Mr. Decker resigns from his position as chief executive officer without good reason on or after November 9, 2005, but continues to serve as non-executive chairman of the board and an employee of the Company by mutual agreement (the Chairmanship Only Resumption), his continued service will be on terms

Table of Contents

substantially similar to those contained in the Prior Agreement. Upon a Chairmanship Only Resumption, Mr. Decker will serve as non-executive chairman of the board for as long as he continues as a director of the Company, but at least two years and four months from the date of his resignation as chief executive officer (*i.e.*, the term remaining under the Prior Agreement at the time Mr. Decker resumed the position of chief executive officer). During the first four months following a Chairmanship Only Resumption, Mr. Decker will be paid his base salary in effect at the time of his resignation as chief executive officer. For each of the two years of his employment following this four month period, Mr. Decker will be paid \$100,000. For future periods, the Board of Directors or the Compensation Committee will determine Mr. Decker's annual base salary. During the period following a Chairmanship Only Resumption, Mr. Decker will be eligible for such annual performance bonuses, if any, as determined by the Board of Directors or the Compensation Committee. If during the first year following a Chairmanship Only Resumption, the Company terminates Mr. Decker's employment as non-executive chairman of the board without cause or if he resigns for good reason, he will be entitled to the separation benefits described in the preceding paragraph, except that the certain payments will be calculated using the base salary in effect at the time of his resignation as chief executive officer and other payments will be based on two times his annual target bonus. Following the first year, if the Company terminates Mr. Decker's employment without cause or if he resigns for good reason, he will be entitled to lesser separation benefits and the Company will also pay him, as part of the cash lump-sum, any unpaid target bonus for the fiscal year in which his termination occurs.

If Mr. Decker resigns from his positions as chairman of the board and/or chief executive officer without good reason on or after November 9, 2005 and does not continue as non-executive chairman of the board or if Mr. Decker resigns from his position as non-executive chairman of the board without good reason after the four-month anniversary of the Chairmanship Only Resumption, all of his outstanding unvested equity awards will become fully vested and Mr. Decker may exercise such awards for two years following his resignation.

F. Matthew Rhodes. Mr. Rhodes's January 15, 2004 employment agreement as amended on November 12, 2004, was effective February 27, 2004 and provides that he will be employed as president of Conexant. The agreement has an initial two-year term, which will be automatically extended daily to provide for a rolling two-year term, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. Rhodes's initial annual base salary was \$450,000 and his initial annual target bonus was 85% of his annual base salary. If Conexant terminates Mr. Rhodes' employment without cause or if he resigns for good reason, Conexant will pay him a cash sum of (i) any unpaid base salary (and any other unpaid amounts) accrued through his termination, (ii) a pro rata share of his target bonus for the fiscal year in which his termination occurs, (iii) two times his annual base salary, (iv) two times his target bonus for the fiscal year in which his termination occurs, and (v) \$200,000. In addition, all of Mr. Rhodes' options and shares of restricted stock will become fully vested and his options may be exercised for three years following his termination.

Lewis C. Brewster. Mr. Brewster's February 27, 2004 employment agreement was effective on that date and provides that he will serve as executive vice president, sales, operations and quality of Conexant. In November 2004, he was promoted to executive vice president and chief operating officer. His agreement has an initial two-year term and thereafter will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. Brewster's initial annual base salary was \$360,000 and his initial annual target bonus was 70% of his annual base salary. If Conexant terminates Mr. Brewster's employment without cause, Conexant will (i) continue to pay his base salary for 12 months following his termination and (ii) pay him promptly after the end of the fiscal year in which the termination occurs a cash sum of (A) a pro rata share of his target bonus for the fiscal year in which the termination occurs and (B) the full amount of his target bonus for such fiscal year. In addition, all of Mr. Brewster's options and shares of restricted stock will continue to vest during the 12 months following his termination and all vested options may be exercised during that period and for ninety days thereafter, after which time all of his options will expire.

J. Scott Blouin. In December 2002, Conexant entered into an employment and change of control agreement with Mr. Blouin which, in addition to providing for his continuing employment after a change of control (defined in substantially similar terms as under the change of control employment agreements described above), further defined the terms of his employment with Conexant. In connection with the Merger, the agreement was amended effective February 27, 2004 to provide that he will be employed as senior vice president and chief accounting officer of Conexant. Mr. Blouin was promoted to senior vice president and chief financial officer in August 2004. His

Table of Contents

amended agreement has an initial two-year term and thereafter will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. Blouin's initial annual base salary was \$300,000 and his initial annual target bonus was 60% of his annual base salary. In addition, Mr. Blouin will receive on or about the first anniversary of the Merger, a cash bonus of \$75,000, subject to repayment in certain circumstances. If Conexant terminates Mr. Blouin's employment without cause or if he resigns for good reason, Conexant will (i) pay him a cash lump-sum equal to any unpaid base salary (and any other unpaid amounts) accrued through his termination, (ii) continue to pay his base salary for two years following his termination and (iii) pay him promptly after the end of the fiscal year in which the termination occurs a cash lump-sum equal to the full amount of his target bonus for such fiscal year. In addition, all of Mr. Blouin's options and shares of restricted stock will continue to vest during the two-year period following his termination and all vested options may be exercised during that period and for ninety days thereafter, after which time all of his options will expire.

Dennis E. O Reilly. Mr. O Reilly's January 15, 2004 employment agreement was effective February 27, 2004 and provides that he will be employed as senior vice president, chief legal officer and secretary of Conexant. His agreement has an initial two-year term and thereafter will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. O Reilly's initial annual base salary was \$325,000 and his initial annual target bonus was 60% of his annual base salary. If Conexant terminates Mr. O Reilly's employment without cause, Mr. O Reilly will be entitled to substantially the same payments and benefits as Mr. Brewster under his employment agreement described above. In addition, Mr. O Reilly's agreement with Conexant defining certain conditional benefits to Mr. O Reilly upon his retirement, including payment of any earned unused vacation, formal salary and benefit continuation status for six months and continued eligibility for applicable benefits, remains in effect.

Armando Geday. Mr. Geday's January 15, 2004 employment agreement was effective February 27, 2004 and initially provided that Mr. Geday would serve as chief executive officer and as a director of Conexant. Following his resignation as chief executive officer and a director of the Company in November 2004, Conexant entered into a separation agreement with Mr. Geday in December 2004 defining certain post-termination payments and benefits to which Mr. Geday would be entitled and amending his employment agreement. Under the separation agreement, Conexant (i) continued to pay his base salary as a non-executive employee until June 30, 2005, (ii) paid him a cash sum of (A) unpaid base salary (and other unpaid amounts) accrued through the date of his resignation as chief executive officer, (B) a pro rata share of his target bonus of \$550,000 for fiscal 2005, (C) two times his annual base salary of \$550,000, (D) two times his target bonus of \$550,000 for fiscal 2005, and (E) \$510,000, (iii) agreed that Mr. Geday would continue to be able to participate in certain benefits and perquisites, including any equity program or equity-based plan until June 30, 2005 and (iv) paid him on June 30, 2005 a cash lump-sum equal to the amount to cover the cost of his continued health benefits from June 30, 2005 to November 9, 2006. In addition, Mr. Geday's options and shares of restricted stock continued to vest through June 30, 2005, at which time all remaining unvested options became vested and eligible for exercise during the thirty-five (35) month period following his resignation as chief executive officer, after which time all of his unexercised options will expire. In addition, the non-competition and non-solicitation provisions of Mr. Geday's employment agreement were extended until June 30, 2006.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors, executive officers and with certain other executives. The indemnification agreements require the Company to indemnify these individuals to the fullest extent permitted by Delaware law and to advance expenses incurred by them in connection with any proceeding against them with respect to which they may be entitled to indemnification by the Company.

Other

In 2003, Conexant entered into an agreement with Mindspeed in connection with the Mindspeed Spin-Off pursuant to which Conexant reimbursed Mindspeed, through January 1, 2005, for costs incurred on behalf of Mr. Iyer and for related administrative overhead. In fiscal year 2005, this amount was \$89,421.

Table of Contents

In connection with the Mindspeed Spin-Off, Mindspeed entered into a Credit Agreement (credit facility) with Conexant, under which Mindspeed could borrow up to \$50.0 million for working capital and other general corporate purposes. The credit facility was available for a term ending on June 29, 2007. Loans under the credit facility would accrue interest at the rate of 10 percent per annum, payable at maturity. In connection with the credit facility, Mindspeed issued to Conexant warrants to purchase up to 8.3 million shares of Mindspeed common stock. The number of shares that may be acquired under the warrants would depend on the highest level of borrowings under the credit facility, increasing on a pro rata basis up to a maximum of 8.3 million shares of Mindspeed common stock if the level of borrowings under the credit facility reached \$50 million. On December 2, 2004, Conexant entered into an amendment to the credit facility, which amendment, among other things, provided that upon the closing of any financing or series of related financings resulting in gross aggregate proceeds to Mindspeed of \$40.0 million or more, Conexant's commitment and the Credit Agreement would terminate upon the closing of such financing(s). On December 8, 2004, Mindspeed closed a financing in excess of \$40.0 million and the credit facility and related warrants were terminated. No borrowings ever occurred under the credit facility.

In connection with the Mindspeed Spin-Off, Mindspeed issued to Conexant a warrant to purchase 30 million shares of Mindspeed common stock at a price of \$3.408 per share, exercisable until June 27, 2013.

Table of Contents**Ratification of Selection of Independent Auditors**

Deloitte & Touche LLP have been Conexant's independent auditors since 1998 and have been selected by the Audit Committee of the Board of Directors as Conexant's independent auditors for the fiscal year ending September 30, 2006.

Before the Audit Committee appointed Deloitte & Touche LLP, it carefully considered the qualifications of that firm, including its performance for Conexant and Rockwell in prior years and its reputation for integrity and for competence in the fields of accounting and auditing.

A representative of Deloitte & Touche LLP is expected to be present at the annual meeting and will have an opportunity to make a statement if he or she so desires. The representative will also be available to respond to appropriate questions from shareowners.

The Conexant Board of Directors unanimously recommends a vote **FOR** ratification of the appointment of Deloitte & Touche LLP as independent auditors for Conexant for the current fiscal year. Unless a contrary choice is specified, proxies solicited by the Conexant Board of Directors will be voted **FOR** ratification of the appointment.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Conexant's directors and executive officers, and persons who own more than 10% of a registered class of Conexant's equity securities, to file reports of ownership of, and transactions in, Conexant's securities with the SEC. Such directors, executive officers and 10% shareowners are also required to furnish Conexant with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms received by it, and on written representations from certain reporting persons, Conexant believes that during fiscal 2005 its directors, executive officers and 10% shareowners timely filed all forms required to be filed under Section 16(a).
