ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On September 23, 2008, NiSource Finance Corp., a wholly-owned subsidiary of NiSource Inc. (the Company) entered into a new \$500 million Revolving Credit Agreement (the Revolving Credit Agreement) with a syndicate of seven banks. Barclays Capital served as Sole Lead Arranger and Sole Book Runner. The Credit Agreement provides for revolving loan advances in amounts not to exceed an aggregate of \$500 million outstanding at any one time. The Company is a Guarantor under the Agreement. The purpose of the new credit facility is to provide an additional line of credit to accommodate the Company's seasonal cash flow requirements, including the impact of increased natural gas prices, as well as for general corporate purposes. A copy of the Revolving Credit Agreement is attached to this Current Report as Exhibit 10.1.

The Revolving Credit Agreement is effective until March 23, 2009. Pricing under the new facility will vary based upon LIBOR market rates, in combination with the 30-day average of the Company's 5-year credit default swap rate, as provided by Barclays Bank PLC. Current market rates would result in pricing under the facility at 5.25%. The Revolving Credit Agreement includes one financial covenant, a Maximum Debt-to-Capitalization covenant, set at 70%, and various other covenants that are standard for similar credit agreements. Failure to meet the covenants beyond applicable grace periods and certain other events, including the occurrence of a Change of Control (as defined in the Revolving Credit Agreement), could result in acceleration of due dates of any borrowings and/or termination of the Revolving Credit Agreement. The Revolving Credit Agreement also contains certain standard representations and warranties that must be made and certain other conditions that must be met for NiSource Finance Corp to borrow under the agreement.

ITEM 2.03. CREATION OF A DIRECT FINANCIAL OBLIGATION

The information provided in Item 1.01 of this Current Report on Form 8-K is hereby incorporated into this Item 2.03 by reference.
