Annual Meeting of Shareholders

PROXY STATEMENT

INTRODUCTION

Your proxy is solicited by the Board of Directors of Health Fitness Corporation (the Company) for the Annual Meeting of Shareholders to be held on May 27, 2009, at the location and time and for the purposes set forth in the Notice of Meeting, and at any adjournment or postponement thereof.

The cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of the Company's Common Stock, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

You may vote your shares by telephone, over the internet or by mail by following the instructions on the enclosed proxy, and you must have the last four digits of your Social Security Number or Tax Identification Number available at the time of such voting. If you vote by telephone or over the internet, you do not need to return your proxy by mail. Internet and telephone voting facilities will close at 12:00 p.m., Central time, on May 26, 2009. If your shares are held in street name, you must instruct the record holder of your shares in order to vote.

Any shareholder giving a proxy may revoke it at any time prior to its use at the meeting by giving written notice of such revocation to the Secretary of the Company or by attending and voting at the meeting. A proxy that is not revoked or superseded will be voted in accordance with the choice specified by the shareholder on the ballot that is provided on the proxy. Proxies that are signed but that lack any such specification will be voted in favor of the proposals set forth in the Notice of Meeting and, with respect to the election of directors, in favor of the number and slate of directors proposed by the Board of Directors and listed herein.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of our outstanding shares of Common Stock entitled to vote shall constitute a quorum for the transaction of business. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal will have the same effect as votes against such proposal. If a broker returns a non-vote proxy, indicating a lack of voting instructions by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote proxy shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter.

The mailing address of the principal executive offices of the Company is 1650 West 82nd Street, Suite 1100, Bloomington, Minnesota 55431. The Company expects that this Proxy Statement, the related proxy and Notice of Meeting will first be mailed to shareholders on or about April 17, 2009. If you need directions to the Annual Meeting, please contact the Secretary of the Company at (800) 639-7913.

CORPORATE GOVERNANCE

Independence

The Board of Directors has determined that Mark W. Sheffert, David F. Durenberger, K. James Ehlen, Linda Hall Keller, Robert J. Marzec, John C. Penn, Curtis M. Selquist and Rodney A. Young, constituting a majority the Board of Directors, are independent directors since none of them is believed to have any relationships that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and since such directors otherwise satisfy the requirements of Section 803(A) of the Company Guide of the NYSE Amex.

Although Gregg O. Lehman was an independent director when he was appointed to the Board in September 2006, he is now precluded from being considered independent because he has been employed by the Company as President and Chief Executive Officer since January 1, 2007.

Code of Conduct

The Board has approved Ethics and Code of Conduct policies that apply to all employees, directors and officers, including the principal executive officer, principal financial officer, principal accounting officer and controller. The Ethics and Code of Conduct policies address such topics as protection and proper use of our assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting, conflicts of interest and insider trading. The Ethics and Code of Conduct policies are available on the Company's website at www.hfit.com under Investors Our Ethics. The Company intends to satisfy Form 8-K disclosure requirements by including on its website any amendment to, or waiver from, a provision of its Ethics or Code of Conduct policy that applies to the principal executive officer, principal financial officer, principal accounting officer and controller that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K under the Securities Act of 1933.

Table of Contents**Director Attendance at Annual Meetings**

Directors' attendance at Annual Meetings can provide shareholders with an opportunity to communicate with directors about issues affecting the Company. The Company does not have a policy regarding director attendance, but all directors are encouraged to attend the Annual Meeting of Shareholders. The 2008 Annual Meeting of Shareholders was attended by eight directors.

Committee and Board Meetings

During fiscal 2008, the Board held nine formal meetings. The directors often communicate informally to discuss the affairs of the Company and, when appropriate, take formal action by written consent of a majority of all directors, in accordance with the Company's charter and bylaws and Minnesota law.

The Company's Board of Directors has three standing committees, the Audit Committee, the Compensation/Human Capital Committee, and the Nominating/Governance Committee. In addition, the Board of Directors has two ad-hoc committees, the Finance Committee and the Strategy Committee. Members of such committees met formally and informally from time to time throughout fiscal 2008 on committee matters.

Each director attended 75% or more of the aggregate number of meetings of the Board and of committees of which he or she was a member.

Current Committee Membership

The following table sets forth the membership of each of the Company's committees.

Audit Committee	Compensation/ Human Capital Committee	Finance Committee	Nominating/Governance Committee	Strategy Committee

As noted above, Mr. Marzec is independent within the meaning of the Company Guide of the NYSE Amex. The designation of Mr. Marzec as the audit committee financial expert does not impose on Mr. Marzec any duties, obligations or liability that are greater than the duties, obligations and liability imposed on Mr. Marzec as a member of the Audit Committee and the Board of Directors in the absence of such designation or identification.

Compensation/Human Capital Committee

The Compensation Committee's authority does not include approving or recommending compensation for our directors, which is reviewed and recommended to the full Board by the Nominating/Governance Committee.

The Compensation Committee has authority to authorize management to engage one or more compensation consultants, who may assist management, the Board and the Compensation Committee with reviewing data relating to executive compensation and determining appropriate levels of base salary, annual incentives, total cash compensation and stock option grants to executives. The Company pays all amounts due to compensation consultants, at the approval of the Compensation Committee. The Compensation Committee utilized one consultant with respect to 2008 compensation matters.

Finance Committee

The Finance Committee, which consists of Mark W. Sheffert (Chair), Robert J. Marzec and John C. Penn, is charged with exploring strategic opportunities and the methods that might be available for financing such opportunities. The Finance Committee charter may be amended by approval of the Board. The charter was last amended on March 27, 2007. The Finance Committee met five times during fiscal 2008.

Nominating/Governance Committee

The Nominating/Governance Committee consists of John C. Penn (Chair), the Chairman of the Board and the Finance Committee (Mark W. Sheffert), the Chairman of the Audit Committee (Robert J. Table of Contents

The Nominating/Governance Committee is responsible for tasks relating to the adoption of corporate governance policies and procedures, the nomination of directors, the review and recommendation of the Board of Directors Compensation Plan, and the oversight of the organization of Board committees. The Nominating/Governance Committee has the ability to employ recruiting firms to assist in the identification and recruitment of director candidates and other advisors, but it did not do so in 2008.

When selecting candidates for recommendation to the Board of Directors, the Nominating/Governance Committee will consider the attributes of the candidates and the needs of the Board and will review all candidates in the same manner, regardless of the source of the recommendation.

In evaluating director nominees, a candidate should have certain minimum qualifications, including being able to read and understand basic financial statements, be familiar with our business and industry, have high moral character and mature judgment, and be able to work collegially with others. In addition, factors such as the following shall be considered:

appropriate size and diversity of the Board;

needs of the Board with respect to particular talent and experience;

knowledge, skills and experience of nominee;

familiarity with domestic and international business affairs;

legal and regulatory requirements;

appreciation of the relationship of our business to the changing needs of society; and

desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by a new member.

James Ehlen, Gregg Lehman and Rodney Young, was established by the Board of Directors in November 2007 to identify and review strategic opportunities for the Company. The Strategy Committee does not have a written charter. The Strategy Committee met six times during fiscal 2008.

CERTAIN TRANSACTIONS

Pursuant to its charter, the Audit Committee has the responsibility to review transactions that are considered related party transactions under Rule 404 of Regulation S-K under the Securities Act of 1933, and make a recommendation to the full Board, excluding inside and interested directors. The full Board of independent directors then ultimately determines whether to approve the transaction. In accordance with Minnesota corporate law, directors who believe that they may be related parties in transactions with the Company will inform the Board of such belief, provide all

relevant information, and recuse themselves from any consideration of such transactions. If a director believes but is not certain that he has a related party relationship, the Nominating/Governance Committee will make the determination following consideration of all available information.

Since the beginning of fiscal 2007, there have been no transactions or business relationships, other than as disclosed herein, between us and our executive officers, directors, director nominees, and affiliates.

VOTE REQUIRED

The Board recommends that you vote **FOR** each of the nominees to the Board of Directors set forth in this Proposal #1. Under applicable Minnesota law, the election of each nominee requires the affirmative vote by a plurality of the voting power of the shares present and entitled to vote on the election of directors at the Annual Meeting at which a quorum is present.

EXECUTIVE COMPENSATION

Overview

The Company's executive compensation program is designed to attract, retain, motivate and fairly reward the high performing individuals who will help the Company achieve and maintain a competitive position in the employee health improvement industry. The program is also intended to ensure the accomplishment of the Company's financial objectives and to align the interests of employees, including management, with those of long-term shareholders. The Company accomplishes these objectives by linking compensation to individual and Company performance, setting compensation at competitive levels, rewarding executives for financial growth of the Company, tying incentive compensation to performance objectives that are clearly defined and challenging but achievable, increasing incentive compensation with position and responsibility, and balancing rewards for short- and long-term performance. In 2008, our executive compensation program was comprised of three elements: base salary, non-equity incentive compensation in the form of an annual bonus, and long-term, equity-based incentive compensation.

We primarily compensate our executive officers with cash and equity and not perquisites. The Company's perquisite awards are fairly modest, so as to avoid a negative impact on internal pay and equality. The Company provides all full-time employees with what it believes are customary benefits, which include a 401(k) savings plan and matching contributions of \$0.20 for each \$1.00 contributed, up to 10% of eligible compensation; health and dental plans; an employee stock purchase plan; life insurance; and long- and short-term disability insurance plans. In addition, the Company pays for Mr. Lehman's commuting expenses from his home state to the Company's headquarters in Minnesota, which totaled \$21,190 in 2008, and his living and commuting expenses in Minnesota, which totaled \$40,523 in 2008, and provides reimbursement of the tax payable by Mr. Lehman on such expenses, which totaled \$29,751 in 2008.

Base Salary

Base salary is designed to be in the median range of salary levels for equivalent positions at comparable companies nationwide, which is intended primarily to attract high performing individuals while remaining in line with compensation amounts paid by other companies. Each executive's actual salary within this competitive framework depends on the individual's performance, responsibilities, experience, leadership and potential future contribution. The Compensation Committee periodically reviews base salary for each executive officer by identifying pay levels for similar roles in other organizations, considering the past performance of the executive officer, the scope of the executive officer's responsibilities, the value added by the executive officer and internal equity. The Compensation Committee then makes recommendations to the Board. Executives do not necessarily receive increases every year.

The original base salaries of the named executive officers were set by their employment agreements and are subject to increase in the Board's discretion.

Management Bonus Program

In 2007, the Compensation Committee recommended and the Board approved a new management bonus program, which is intended to promote achievement of the Company's strategic plan through 2009. This program is comprised of two elements: a short term incentive annual cash bonus and a long term incentive pool of restricted stock awards. Participants in this program had the option to choose a cash bonus in lieu of restricted stock awards, as discussed below. The Board also has the discretion to make stock option grants and individual stock grants outside of this program.

Cash Bonuses

Named executive officers are eligible to receive non-equity incentive compensation based on achievement of performance targets. With respect to cash bonuses in 2008, the program provided for cash payouts based on the Company achieving between 93.4% to 110% of budgeted revenue objectives, and 78% to 110% of budgeted earnings before interest, taxes, depreciation, amortization and stock-based compensation (EBITDA) objectives. The Chief Executive Officer was eligible to receive non-equity incentive compensation of between 9% and 67.5% of his base salary, the Chief Financial Officer, Chief Medical Officer, Chief Operations Officer and Chief Human Resources Officer were each eligible to receive non-equity incentive compensation of between 4.6% and 34.5% of their base salary, and other executive officers were eligible to receive between 3.6% and 27% of their base salaries. No awards could be earned on financial objectives for which the Company achieved less than 93.4% of the planned revenue

target or less than 78% of the planned EBITDA target.

In addition to this bonus program, the Board, upon recommendation of the Compensation Committee, made discretionary cash bonus grants to certain of the Section 16 officers for outstanding performance in 2008.

Table of Contents

Restricted Stock Awards

The management bonus program utilizes grants of restricted stock that would be earned by executives and vested following the completion of the 2009 annual audit, based upon the Company's achievement of its annual plan for 2007, 2008 and 2009. The Board adopted, and our shareholders approved in 2007, the Company's 2007 Equity Incentive Plan, which provides for restricted stock awards to be earned by executive officers upon achievement of annual performance targets that are based on the Company's strategic plan. The restricted stock awards are subject to the terms of the Company's customary Restricted Stock Award Agreement and the 2007 Equity Incentive Plan. The number of shares of restricted stock that vest will be based upon the Company achieving at least 95% of plan accomplishment, and up to 110% of plan accomplishment. Generally, executives would have to be employed by the Company at the time of the completion of the Company's 2009 annual audit in order for their shares of restricted stock to vest. The 2007 Equity Incentive Plan also allows for grants that are not based upon performance targets, as discussed below.

The Board also adopted in 2007 the Cash Incentive Plan, which provides that executives may elect to receive a cash payment in lieu of the restricted stock award, payable on the same terms and subject to achievement of the same targets as those that would apply for that year's restricted stock award. None of the named executive officers chose the cash payment option.

Stock Options

The Board and the Compensation Committee also have the discretion to make stock option and restricted stock grants in order to award individual performance each year. For performance in 2008, long-term incentive compensation consisted of grants of restricted stock that are released from restrictions on an annual basis over four years. For performance in 2007 and prior years, the Board made annual grants of stock options. The Board made annual grants of restricted stock subject to the terms of the Company's customary Restricted Stock Agreement and 2007 Equity Incentive Plan and grants of stock options subject to the terms of the Company's customary Incentive Stock Option Agreement and the Amended and Restated 2005 Stock Option Plan. When making such grants, the Compensation Committee and Board considered the size of the previous grants of stock options, but this factor is not entirely determinative of future grants. Each executive's annual grants are based upon the individual's performance, responsibilities, experience, leadership and potential future contribution, and any other factors deemed relevant by the Compensation Committee and the Board. The Compensation Committee and the Board also consider the potential expense to the Company of all stock option and restricted stock grants.

The Board has adopted a policy with respect to the granting of options, restricted stock and other equity-based awards that specifies who has authority to grant the awards and when the awards may be granted. The policy's provisions regarding the timing of grants are designed to avoid any impropriety by restricting the grants to those periods when there would typically be no opportunity to misuse material nonpublic information in connection with the pricing of a grant, or, in the case of annual grants, to establish a set date each year for the grants to be made so as to prevent any discretion in setting grant dates, but also provide the Board and Compensation Committee with limited flexibility to make grants from time to time in extraordinary circumstances.

Messrs. Lehman, Winnekins and Reynolds received annual restricted stock grants under the 2007 Equity Incentive Plan in February 2009 for 2008 performance. In addition, Mr. Winnekins received an additional restricted stock grant under the 2007 Equity Incentive Plan in April 2008.

Employment Agreements

We have entered into written employment agreements with our named executive officers to provide both the Company and the executive officers with protections and rights that would otherwise not be memorialized in a verbal contract, and to express the commitment on the part of the Company and the executive officer to the employment relationship. The employment agreements with our named executive officers provide that each officer serves for an indefinite term until his employment is terminated in accordance with the terms of the agreement.

The employment agreements of all of the named executive officers provide that these executive officers would continue to receive their base salaries for a specified severance period following termination without cause. This salary continuation is intended to provide the executive officers with pay for the time they would potentially need to find replacement positions. We have also included change in control provisions in the employment agreements of the

named executive officers. The agreements generally provide that, in the event of a change in control, each executive officer would receive severance pay for a specified period if the executive officer is terminated without cause upon a change in control. The change in control provisions are designed to retain the executive officer and provide for continuity of management in the event of an actual or threatened change in control of the Company. The employment

Table of Contents

agreements also include non-solicitation and non-disparagement covenants, and, in the case of Messrs. Lehman and Reynolds, non-competition provisions that prevent these named executive officers from having certain relationships with our competitors.

The Board may provide for payment or immediate vesting of awards under our Amended and Restated 2005 Stock Option Plan and 2007 Equity Incentive Plan in the event of a change in control, and the Board may take any other action as it may deem appropriate to further the purposes of the Amended and Restated 2005 Stock Option Plan and 2007 Equity Incentive Plan or protect the interests of the award holders upon a change in control. The Board has already determined, as reflected in his employment agreement, that options granted under the Amended and Restated 2005 Stock Option Plan to Mr. Lehman will immediately vest in connection with a change in control under certain conditions.

Summary Compensation Table

The following table summarizes compensation awarded to, earned by or paid to the Company's Chief Executive Officer and two most highly compensated executive officers other than the Chief Executive Officer, each of whom was serving as an executive officer of the Company as of December 31, 2008, with respect to our fiscal years ended December 31, 2008 and December 31, 2007. **RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal #2)**

Grant Thornton LLP acted as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2008 and has been selected by the Audit Committee to act as the Company's auditors for fiscal 2009. Although it is not required to do so, the Board wishes to submit the selection of Grant Thornton LLP to the shareholders for ratification, based upon the recommendation of the Audit Committee. The Company's selection of Grant Thornton LLP will be deemed ratified by the shareholders if holders of a majority of the voting power of the shares represented in person or by proxy at the meeting with authority to vote on such matter, provided that such majority must be greater than 25% of the Company's outstanding shares. The Audit Committee retains discretion at all times to select the Company's independent registered public accounting firm, notwithstanding ratification by the Company's shareholders. In the event the shareholders do not approve such selection, the Audit Committee will reconsider its selection. A representative of Grant Thornton LLP is expected to be present at the Annual Meeting of Shareholders. Such representative will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Audit Fees

The following fees were billed by Grant Thornton LLP in fiscal years 2007 and 2008:

	2007	2008
Audit Fees	\$ 129,332	\$ 118,972
Audit-Related Fees	10,350	11,963
Tax Fees	75,401	74,498
All Other Fees		
	\$ 215,083	\$ 205,433

Audit fees are for professional services rendered and expenses incurred for the audit of the Company's annual financial statements and review of financial statements included in our Forms 10-K and 10-Q or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements.

Audit-related fees are primarily for services rendered and expenses incurred for the audit of the Company's 401(k) Employee Benefit Plan.

Tax fees include fees for services provided and expenses incurred in connection with the preparation of federal and state tax returns, tax advice and tax planning.

All other fees include fees for services provided and expenses incurred for non-audit related accounting services.

Pursuant to its written charter, the Audit Committee is required to pre-approve the audit and non-audit services performed by the Company's independent auditors in order to assure that the provision of such services does not impair the auditor's independence. Unless a particular service has received general pre-approval by the Audit Committee, each service provided must be specifically pre-approved. In addition, any proposed services exceeding pre-approved costs levels will require specific pre-approval by the Audit Committee. As such, the Audit Committee adopted a policy in February 2003, which policy is included in the current Audit Committee charter, that states the Audit Committee is required to approve all audit and non-audit accounting-related services. The Audit Committee has pre-approved services to be requested from time to time by the Company's Chief Executive Officer and Chief Financial Officer only on accounting related consulting services that do not exceed \$10,000 per year; provided, that the Company's Chief Financial Officer must report to the Audit Committee on the provision of such services at the Audit Committee meeting held immediately thereafter. The Audit Committee pre-approved all of the non-audit services described above for which Grant Thornton LLP billed the Company fees in excess of the relevant thresholds.

The Company's Audit Committee has considered whether provision of the above non-audit services is compatible with maintaining Grant Thornton LLP's independence and has determined that such services have not adversely affected Grant Thornton LLP's independence.

**INCREASE IN THE NUMBER OF SHARES RESERVED
FOR THE COMPANY'S 1995 EMPLOYEE STOCK PURCHASE PLAN
(Proposal #3)**

General

The Company has in effect its 1995 Employee Stock Purchase Plan (the "Stock Purchase Plan"). The Board of Directors, upon recommendation of the Compensation Committee, has approved an increase in the number of shares of the Company's Common Stock reserved for issuance under the Stock Purchase Plan of 200,000 shares. A general description of the basic features of the Stock Purchase Plan is presented below, but such description is qualified in its entirety by reference to the full text of the Stock Purchase Plan, a copy of which as currently in effect is included as Annex A to this proxy statement.

Currently, a total of 500,000 shares of Common Stock are authorized for issuance under the Stock Purchase Plan. Of these shares, as of March 31, 2009, 424,502 shares have previously been purchased and 75,498 shares remain available for purchase in the current and future offering periods. If stockholders approve this amendment, the maximum number of shares that may be issued under the Stock Purchase Plan will increase to 700,000 shares.

Reasons for the Proposed Amendment

The Board of Directors believes that the Stock Purchase Plan helps the Company retain and motivate eligible employees and helps align the interests of eligible employees with those of the shareholders. The Board of Directors approved the proposed amendment to the Stock Purchase Plan to help ensure that a sufficient reserve of Common Stock remains available for issuance under the Stock Purchase Plan to allow the Company to continue the plan in the future.

Description of the 1995 Employee Stock Purchase Plan

Purpose. The purpose of the Stock Purchase Plan is to encourage stock ownership by employees of the Company and its subsidiaries and in so doing to provide an incentive to remain in the Company's employ, to improve operations, to increase profits and to contribute more significantly to the Company's success.

Eligibility. The Stock Purchase Plan permits employees to purchase stock of the Company at a favorable price and possibly with favorable tax consequences to the employees. Generally speaking, all full-time and part-time employees (including officers) of the Company (or those subsidiaries authorized by the Board from time to time (a "designated subsidiary")) who (i) are regularly scheduled to work 20 or more hours per week, (ii) who have been employed by the Company or designated subsidiary for at least 30 days prior to the commencement date of a phase, and (iii) who are not classified as an on-call or temporary employee in the Company's payroll system are eligible to participate in any of the phases of the Stock Purchase Plan. However, any employee who would own (as determined under the Internal Revenue Code), immediately after the grant of an option, stock possessing 5% or more of the total combined voting power or value of all classes of the stock of the Company cannot purchase stock through the Stock Purchase Plan. As of March 31, 2009, the Company had 969 full-time and part-time employees eligible to participate.

Administration; Term. The Stock Purchase Plan is administered by the Board of Directors or a Committee appointed by the Board. The Stock Purchase Plan gives broad powers to the Board or Committee to administer and interpret the Stock Purchase Plan. The Stock Purchase Plan will terminate on a date to be determined by the Board.

Options. The Stock Purchase Plan is carried out in phases of six months each, commencing on January 1 and July 1 of each year. Before the commencement date of the phase, each participating employee must elect to have a certain percentage of his or her compensation deducted during each pay period in such phase; provided, however, that the payroll deductions during a phase may not exceed 10% of the participant's compensation or such other maximum percentage established by the Board or Committee. An employee may not increase or decrease his or her payroll deduction percentage during a phase. An employee may request a withdrawal of all accumulated payroll deductions at any time during the phase. Based on the amount of accumulated payroll deductions made at the end of the phase, shares will be purchased for each employee at the termination date of such phase (generally six months after the commencement date). The purchase price to be paid by the employees will be 95% of the fair market value on the termination date of the phase. The closing price of one share of the Company's Common Stock on March 31, 2009, was \$2.15 per share. As required by tax law, an employee may not, during any calendar year, receive options under the Stock Purchase Plan for shares which have a total fair market value in excess of \$25,000 determined at the time

such options are granted. Any amount not used

Table of Contents

to purchase shares will be carried forward to the next option period. No interest is paid by the Company on funds withheld and used to purchase shares, and such funds are used by the Company for general operating purposes. If the employee dies or terminates employment for any reason before the end of the phase, the employee's payroll deductions will be refunded, without interest, as soon as practicable after such termination.

Amendment. The Board of Directors may, from time to time, revise or amend the Stock Purchase Plan as the Board may deem proper and in the best interest of the Company or as may be necessary to comply with Section 423 of the Internal Revenue Code (the "Code"); provided, that no such revision or amendment may (i) increase the total number of shares available for issuance under the Stock Purchase Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events, (ii) modify requirements as to eligibility for participation in the Stock Purchase Plan, or (iii) materially increase the benefits accruing to participants under the Stock Purchase Plan, without prior approval of the Company's shareholders if that approval is required for compliance with Code Section 423 or other applicable laws and regulations.

Federal Income Tax Consequences of the Stock Purchase Plan. Options granted under the Stock Purchase Plan are intended to qualify for favorable tax treatment to the employees under Code Sections 421 and 423. Employee contributions are made on an after-tax basis. Under current federal income tax provisions, no income is taxable to the optionee upon the grant or exercise of an option. For tax purposes, the date of grant of the option is the commencement date of the applicable phase. In addition, certain favorable tax consequences may be available to the employee if shares purchased pursuant to the Stock Purchase Plan are not disposed of by the employee within two years after the date the option was granted nor within one year after the date of transfer of purchased shares to the employee. The Company generally will not receive an income tax deduction upon either the grant or exercise of the option unless the employee disposes of the shares before the end of the two-year/one-year holding periods described above.

Plan Benefits. The benefits that will be received by or allocated to eligible employees under the Stock Purchase Plan cannot be determined at this time because the amount of contributions set aside to purchase shares of Common Stock under the Stock Purchase Plan (subject to the limitations discussed above) is entirely within the discretion of each participant.

The table below shows the total number of shares that have been purchased by the following individuals and groups under the Stock Purchase Plan as of March 31, 2009:

Name and Position	Number of Shares
Gregg O. Lehman, President and Chief Executive Officer	
Wesley W. Winnekins, Chief Financial Officer and Treasurer	
James O. Reynolds, Chief Medical Officer	
Executive Group (10 persons)	15,223
Non-Executive Officer and Former Employee Group	409,279

VOTE REQUIRED

The Board recommends that you vote **FOR** the 200,000 share increase in the number of shares reserved for the Stock Purchase Plan. Approval of the increase requires the affirmative vote of a majority of the voting power of the shares present and entitled to vote on such matter at the Annual Meeting at which a quorum is present.

6.4 All payroll deductions authorized by a participant shall be credited to the participant's account under the Plan. A participant may not make any additional payments into such account.

In the event that the Termination Date is a Saturday, Sunday or holiday, the amounts determined under the foregoing subsections shall be determined using the price at the close of the regular trading session on the last preceding trading day. If the Company's Common Stock is not listed on the Nasdaq National Market, Nasdaq SmallCap Market or on an established securities exchange, then the option price shall equal ninety-five percent (95%) of the fair market value of such stock as of the Termination Date. Such fair market value shall be determined by the Board, in its sole discretion by applying principles of valuation and such other factors the Board determines relevant.

8. **Exercise of Option.** Unless a participant withdraws from the Plan as provided in Paragraph 10, the participant's option shall be exercised automatically at the Termination Date. In no event shall the participant be allowed to exercise an option for more shares of Common Stock than can be purchased with the payroll deductions accumulated by the participant in his or her bookkeeping account during such Phase. During his lifetime, a participant's option to purchase shares hereunder is exercisable only by him.

9. **Delivery.** As promptly as practicable after the Termination Date of the Offering Period, the Company shall arrange the delivery to each participant, as appropriate, of a certificate representing the shares purchased upon exercise of his or her option. Any accumulated payroll deductions remaining after the exercise of the participant's option shall be returned to the participant, without interest, as soon as administratively practicable after the Termination Date; provided, however, that the Company may, under rules of uniform application, retain such remaining amount in the participant's account and apply it toward the purchase of shares of Common Stock in the next succeeding Phase, unless the participant requests a withdrawal of such amount pursuant to Paragraph 10.

10. Withdrawal: Termination of Employment.

10.1 A participant may withdraw all, but not less than all, the accumulated payroll deductions credited to his or her account under the Plan any time prior to the Termination Date by giving written notice to the Company on a form provided for such purpose. All of the accumulated payroll deductions credited to the participant's account will be paid to the participant as soon as practicable after receipt of his or her notice of withdrawal, the participant's option for the current Offering Period will be automatically canceled, and no further payroll deductions for the purchase of shares will be made during such Offering Period.

10.2 Upon termination of the participant's employment for any reason, including retirement or death, the accumulated payroll deductions credited to the participant's account will be returned to the participant as soon as practicable after such termination of employment or, in the case of the participant's death, to the person or persons entitled thereto under Paragraph 14, and the participant's option will be automatically canceled.

10.3 A participant's employment shall be deemed to have terminated on the date that the participant ceases to perform any services for the Company. Notwithstanding the foregoing, the participant shall not be deemed to have ceased to be an employee for purposes of the Plan until the 91st day of any bona fide leave of absence approved by the Company or a Designated

Subsidiary (including, but not limited to, a layoff), unless the participant's right to reemployment is guaranteed either by statute or contract.

10.4 A participant's withdrawal from an Offering Period will not have any effect upon the participant's eligibility to participate in a succeeding offering or in any similar plan which may hereafter be adopted by the Company.

11. **Interest.** No interest shall accrue on the payroll deductions credited to the participant's account in the Plan.

12. **Stock.**

12.1 The maximum number of shares of the Company's Common Stock which shall be reserved for sale under the Plan shall be 500,000 shares, subject to further adjustment upon changes in capitalization of the Company as provided in Paragraph 18. The shares to be sold to participants in the Plan may be, at the election of the Company, either treasury shares or shares authorized but unissued. If the total number of shares which would otherwise be subject to options granted pursuant to Paragraph 7.1 hereof at the Offering Date exceeds the number of shares then available under the Plan (after deduction of all shares for which options have been exercised or are then outstanding), the Company shall make a pro rata allocation of the shares remaining available for option grants in as uniform and equitable a manner as is practicable. In such event, the Company shall give written notice of such reduction of the number of shares subject to the option to each participant affected thereby and shall return any excess funds accumulated in each participant's account as soon as practicable after the termination date of such offering period.

12.2 The participant shall have no rights as a shareholder with respect to any shares of Common Stock subject to the participant's option until the date of the issuance of a stock certificate evidencing such shares as provided in Paragraph 9. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property), distributions or other rights for which the record date is prior to the date such stock certificate is actually issued, except as otherwise provided in Paragraph 18 hereof.

12.3 Shares to be delivered to a participant under the Plan will be registered in the name of the participant or, if the participant so directs by written notice to the Administrator prior to the Termination Date, in the names of the participant and his or her spouse as joint tenants with rights of survivorship, to the extent permitted by law.

13. **Administration.** Except for those matters expressly reserved to the Board pursuant to any provision of the Plan, the Administrator shall have full responsibility for administration of the Plan, which responsibility shall include, but shall not be limited to, the following:

13.1 The Administrator shall, subject to the provisions of the Plan, establish, adopt and revise such rules and procedures for administering the Plan, and shall make all other determinations as it may deem necessary or advisable for the administration of the Plan;

13.2 The Administrator shall, subject to the provisions of the Plan, determine all terms and conditions that shall apply to the grant and exercise of options under this Plan, including, but not limited to, the number of shares of Common Stock that may be granted, the date of grant, the exercise price and the manner of exercise of an option. The Administrator may, in its discretion, consider the recommendations of the management of the Company when determining such terms and conditions;

13.3 The Administrator shall have the exclusive authority to interpret the provisions of the Plan, and each such interpretation or determination shall be conclusive and binding for all purposes and on all persons, including, but not limited to, the Company and its Subsidiaries, the shareholders of the Corporation and its Subsidiaries, the Administrator, the directors, officers and employees of the Corporation and its Subsidiaries, and the participants and the respective successors-in-interest of all of the foregoing; and

13.4 The Administrator shall keep minutes of its meetings or other written records of its decisions regarding the Plan and shall, upon requests, provide copies to the Board.

13.5 Members of the Board or the Committee who are eligible employees are permitted to participate in the Plan, provided that:

13.5.1 Members of the Board who are eligible to participate in the Plan may not vote on any matter affecting the administration of the Plan or the grant of any option pursuant to the Plan; and

13.5.2 No member of the Board who is eligible to participate in the Plan may be counted in determining the existence of a quorum at any meeting of the Board during which action is taken with respect to the granting of options pursuant to the Plan.

14. Designation of Beneficiary.

14.1 A participant may file a written designation of a beneficiary who is to receive shares and/or cash, if any, from the participant's account under the Plan in the event of such participant's death at a time when cash or shares are held for his account.

14.2 Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant in the absence of a valid designation of a beneficiary who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant; or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant; or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. **Transferability.** Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution, or as provided in Paragraph 14 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Paragraph 10.

16. **Use of Funds.** All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

17. **Reports.** Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating employees semi-annually as soon as practicable following the Termination Date, which statements will set forth the amounts of payroll deductions, the per share purchase price, the number of shares purchased and the remaining cash balance, if any. Each participant shall be provided, not less frequently than annually, with copies of the audited financial statements of the Company.

18. Adjustments Upon Changes in Capitalization.

18.1 Subject to any required action by the shareholders of the Company, in the event of an increase or decrease in the number of outstanding shares of Common Stock or in the event the Common Stock is changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or another corporation by reason of a reorganization, merger, consolidation, divestiture (including a spin-off), liquidation, recapitalization, reclassification, stock dividend, stock split, combination of shares, rights offering or any other change in the corporate structure or shares of the Company, the Board (or, if the Company is not the surviving corporation in any such transaction, the board of directors of the surviving corporation), in its sole discretion, shall adjust the number and kind of securities subject to and reserved under the Plan and, to prevent the dilution or enlargement of rights of those participants to whom options have been granted, shall adjust the number and kind of securities subject to such outstanding options and, where applicable, the exercise price per share for such securities; provided, however, that conversion of any convertible security of the Company shall not require such adjustment. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to option.

18.2 In the event of the sale by the Company of substantially all of its assets and the consequent discontinuance of its business, or in the event of a merger, exchange, consolidation, reorganization, divestiture (including a spin-off), liquidation, reclassification or extraordinary dividend (collectively referred to as a "transaction"), after which the Company is not the surviving corporation, the Board may, in its sole discretion, at the time of adoption of the plan for such transaction, provide for one or more of the following:

18.2.1 The acceleration of the exercisability of outstanding options granted at the Offering Date for the Offering Period then in effect, to the extent of the accumulated payroll deductions credited to each participant's account as of the date of such acceleration;

18.2.2 The complete termination of this Plan and a refund of amounts credited to the participants' accounts hereunder; or

18.2.3 The continuance of the Plan only with respect to completion of the then current Offering Period and the exercise of options thereunder. In the event of such continuance, participants shall have the right to exercise their options as to an equivalent number of shares of stock of the corporation succeeding the Company by reason of such transaction.

In the event of a transaction where the Company survives, then the Plan shall continue in effect, unless the Board takes one or more of the actions set forth above. The grant of an option pursuant to the Plan shall not limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes in its capital or business structure or to merge, exchange or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

19. **Amendment or Termination.** The Plan may be terminated at any time by the Board of Directors, provided that, except as permitted in Paragraph 18.2 hereof, no such termination shall take effect with respect to any options then outstanding. The Board may, from time to time, amend the Plan as it may deem proper and in the best interests of the Company or as may be necessary to comply with Code Section 423, as amended, and the regulations thereunder, or other applicable laws or regulations; provided, however, no such amendment shall, without the consent of a participant, materially adversely affect or impair the right of a participant with respect to any outstanding option; and provided, further, that no such amendment shall:

19.1 Increase the total number of shares for which options may be granted under the Plan (except as provided in Paragraph 18.1 herein);

19.2 Materially modify any requirements as to eligibility for participation in the Plan; or

19.3 Materially increase the benefits accruing to participants under the Plan;

without the approval of the Company's shareholders, if such approval is required for compliance with Code Section 423, as amended, and the regulations thereunder, or other applicable laws or regulations.

20. **Notices.** All notices or other communications by a participant to the Company in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. **Shareholder Approval.** This Plan, as amended, was most recently approved by the shareholders of the Company at the annual shareholders' meeting held on May 16, 2001.

22. **Conditions Upon Issuance of Shares.** Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance. As a condition to the exercise of an option and if required by applicable securities laws, the Company may require the participant for whose account the option is being exercised to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. **Term.** Unless terminated earlier pursuant to Paragraph 19, this Plan shall terminate on the date specified by the Board.
