SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this Annual Report on Form 10-K, including information with respect to the Company's future business plans, constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. For this purpose, any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements, subject to a number of risks and uncertainties that could cause actual results to differ significantly from those described in this report. These forward-looking statements include statements regarding, among other things, our business strategy and operations, future plans, future prospects, financial position, anticipated revenues or losses and projected costs, and objectives of management. Without limiting the foregoing, the words "may," "will," "should," "anticipates," "believes," "plans," "expects" and similar expressions are intended to identify forward-looking statements. There are a number of important factors that could cause the results of the Company to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to, those set forth in Part I, Item 1.A "Risk Factors."

PART I

ITEM 1. BUSINESS

OVERVIEW AND RECENT DEVELOPMENTS

Change Technology Partners, Inc. (the "Company") currently has only one operating business, Canned Interactive, which designs and produces interactive media, primarily for the entertainment industry.

In 2001 the Company intended to use its significant cash position to develop and acquire businesses in the radio and media industries through a proposed merger with Franklin Capital Corporation pursuant to an agreement and plan of merger dated December 4, 2001. In contemplation of the proposed merger, on April 3, 2002, the Company purchased a promissory note from Excelsior Radio Networks, Inc., a subsidiary of Franklin Capital, which produces, syndicates and distributes radio programs and related services for \$4,708,000 in conjunction with the purchase by Excelsior of Dial Communications Group, Inc. and Dial Communications Group LLC. The Company had previously purchased a promissory note and warrant to purchase 482,955 shares of common stock of Excelsior (the "Excelsior Warrant"), from Excelsior for \$2,250,000 on August 28, 2001. The \$2,250,000 note was repaid in full, together with related accrued interest, on October 1, 2002. Additionally, in connection with the merger, the Company purchased 250,000 shares of common stock of Excelsior (the "Excelsior Shares") from Franklin Capital on December 4, 2001. Franklin Capital terminated the proposed merger on July 1, 2002. The \$4,708,000 note was repaid in full, together with related accrued interest, on January 21, 2003.

On September 30, 2002, the Board of Directors of the Company (the

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

"Board") announced the adoption of a plan of liquidation and dissolution in order to maximize shareholder value. In reaching its decision, the Board considered principally the provisions of the Investment Company Act of 1940, which would have required the Company to register as an "investment company" in the absence of the adoption of the plan of liquidation. The plan remains subject to stockholder approval, which the Company intends to seek at its next annual meeting. The plan anticipates the continuation of the Company's business activities pending an orderly wind down of its operations, but it permits the Board to amend, modify or abandon the plan, notwithstanding stockholder approval, if the Board determines that doing so would be in the best interests of the Company and its stockholders. The Company continues to review suitable business opportunities. However, if no appropriate opportunity can be found, the Company anticipates that it will commence liquidation in 2003.

On January 15, 2003, the Company sold the Excelsior Shares and the Excelsior Warrant to Sunshine III, LLC for total consideration of \$648,000 in cash.

The Company's principal executive offices are located at 537 Steamboat Road, Greenwich, CT 06830. The Company also maintains an office in Los Angeles, CA.

CORPORATE HISTORY

Until March 28, 2000, the Company was known as Arinco Computer Systems Inc. and had no business operations. On March 28, 2000, an investor group acquired control of Arinco

Computer Systems through an investment of \$40,000,000 in exchange for newly issued convertible preferred stock of Arinco Computer Systems (which has since all been converted to Common Stock). Following this investment, Arinco Computer Systems changed its name to Change Technology Partners, Inc., redomesticated from New Mexico to Delaware, and commenced its new consulting business strategy. Prior to July, 2001, the Company provided a broad range of consulting services, including e-services and technology strategy, online branding, web architecture and design, systems integration, systems architecture and outsourcing. However, in response to continued unfavorable market conditions in 2001, the Board voted to sell or wind down these operations, other than Canned Interactive, and use its assets to invest in and develop new businesses.

SUBSIDIARIES

The Company's subsidiaries are:

- o Iguana Studios, Inc. (substantially no operations).
- o Papke-Textor, Inc. d/b/a Canned Interactive.

INVESTMENTS AND LOANS

The Company has made investments in, and loans to, media and technology companies. The following table summarizes the Company's media and technology investments and loans as of December 31, 2002:

CANNED INTERACTIVE

In June, 2001, the Company acquired Papke-Textor, Inc. d/b/a Canned Interactive for approximately \$1,100,000 in cash, including acquisition costs, and 6,436,552 shares of common stock, par value \$0.01 per share, of the Company (the "Common Stock") valued at approximately \$1,000,000. Canned Interactive is based in Los Angeles, California and designs and produces interactive media, primarily for the entertainment industry. Entertainment

2

companies, as well as consumer goods, sports and technology companies, contract with Canned to produce interactive media, such as digital video discs (DVD) and web site design. Work is usually contracted with a purchase order and delivery of completed work is typically within one to three months of receipt of the order.

Most theatrical films, including new and library releases, are now released in DVD format. Canned designs interactive content for those titles, enriching the viewer experience and creating value for Canned's clients. Canned also uses its design and technology skills to create and enhance web sites with interactive and streaming content.

Canned exploits its ability to design, create and produce interactive DVD applications in two ways. First, Canned supports its business in the entertainment sector. Canned's service to this business sector allowed it to develop top creative and technology skills. It has significantly penetrated the sector and will opportunistically pursue new business while ensuring sufficient resources are deployed to secure what has become a relatively stable and predictable part of the business. Second, Canned uses its understanding of the DVD medium to identify business opportunities for its services in other market segments where it believes its creative and technology skills can support its clients' business objectives. As the number of DVD-enabled households increases, driven in large part by the theatrical entertainment business' use of DVDs to distribute its product, the public's familiarity with interactive DVDs increases and the cost of distribution decreases. These factors open up potential new uses for Canned's services outside its core entertainment business. Canned currently has targeted the technology, consumer goods and communications businesses.

Canned's largest clients in 2002 were Disney Home Entertainment, Columbia Tristar Home Entertainment and Warner Home Video. Other clients in 2002 were Cisco Systems, Nike and the United States Olympic Committee. Mattel, Fox

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

Home Video and two game entertainment developers, Eidos and Ubisoft, became new clients of Canned in 2002. Disney Home Entertainment, Warner Home Video and Columbia Tristar Home Entertainment each account for ten percent or more of the Company's consolidated revenues. Until approximately one year ago, most of Canned's business was by way of referral and capitalization on the established contacts it has built in the entertainment sector. Canned has since developed a quota-bearing sales approach to sign new revenue sources outside the entertainment industry. Based on the success of these new initiatives, Canned is organized to add to its sales team and support that effort with appropriate public relations.

Competition for the development of interactive DVDs and web sites is strong and varied. Companies that compete with Canned in the DVD market include 1k Studios, Technicolor and B.D. Fox. In the web site marketplace there are numerous small, local competitors, as well as more established companies such as dna studios.

In 1999, Congress passed legislation that regulates certain aspects of the internet, including on-line content, copyright infringement, user privacy, taxation, access charges, liability for third-party activities and jurisdiction. In addition, federal, state, local and foreign governmental organizations also are considering, and may consider in the future, other legislative and regulatory proposals that would regulate the internet. The internet and e-commerce sectors are still relatively new areas and it is not known how courts will interpret or apply both existing

3

and new laws. Therefore, Canned is uncertain how new laws or the application of existing laws will affect its web site design business.

EMPLOYEES

As of December 31, 2002, the Company employed 25 full time employees. Of the total number of employees, 19 were in professional services, two were in sales and marketing and four were in finance and administration. None of the Company's employees are represented by any collective bargaining unit, and the Company has never experienced a work stoppage. The Company believes its relations with its employees are good.

ITEM 1A. RISK FACTORS

You should carefully consider the following risks in your evaluation of the Company. The risks and uncertainties described below are not the only ones the Company faces. Additional risks and uncertainties may also adversely impact and impair its business. If any of the following risks actually occur, the Company's business, results of operations or financial condition would likely suffer. See "Special Note Regarding Forward-Looking Statements."

THE VIDEO AND HOME ENTERTAINMENT INDUSTRY IS HIGHLY COMPETITIVE AND SOME OF CANNED'S COMPETITORS HAVE SUBSTANTIALLY GREATER RESOURCES THAN CANNED, WHICH THEY MAY USE TO IMPLEMENT STRATEGIES THAT COULD ADVERSELY AFFECT CANNED'S MARKET SHARE AND RESULTS OF OPERATIONS. The video and home entertainment industry is highly competitive and there are few barriers to entry. Canned competes with many other video and home entertainment producers. Some of Canned's competitors have greater financial and marketing resources, market share and name recognition than Canned, which may allow them to quickly develop market presence in the market Canned serves or allow them to expand into new markets that Canned intends to serve. There is no assurance that Canned will be able to compete effectively with such competitors.

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

In addition, DVD competes with all leisure-time activities, such as movie theaters, network and cable television, direct broadcast satellite television, live theater, sporting events and family entertainment centers. In the event the demand for DVDs declines, Canned's business and results of operations will be affected.

THE DVDS THAT CANNED OFFERS ARE SUBJECT TO TECHNICAL OBSOLESCENCE, WHICH COULD REDUCE THE DEMAND FOR CANNED'S PRODUCTS. DVDs compete with, among others, pay-per-view cable television systems ("Pay-Per-View"), in which subscribers pay a fee to see a movie that they select. Pay-Per-View presently offers only a limited number of channels and movies in certain cable television markets. However, recently developed technologies, referred to as "Video On Demand" ("VOD"), permit certain cable companies, direct broadcast satellite companies (such as DirecTV), telephone companies and other telecommunications companies to transmit a much greater number of movies to homes throughout the United States at frequent intervals throughout the day. Changes in the manner in which movies are marketed, primarily related to an earlier release of movies in the VOD format, could substantially decrease the demand for DVDs, which would have an adverse effect on Canned's business. Currently,

4

movies are released to the video and home entertainment specialty store market from 30 to 120 days before release to the Pay-Per-View and VOD distribution channels.

CANNED'S CUSTOMER BASE IS HIGHLY CONCENTRATED, SO THE LOSS OF A MAJOR CUSTOMER COULD ADVERSELY AFFECT CANNED'S BUSINESS. A substantial portion of Canned's net revenues have increasingly been derived from sales to a small number of Canned's customers. The reduction, delay or cancellation of orders from one or more major customers or the loss of one or more major customers could adversely affect Canned's business, financial condition and results of operations.

THE COMPANY'S SUCCESS DEPENDS ON ITS ABILITY TO RETAIN ITS KEY PERSONNEL. The Company's success depends largely on the skills of its key management. Currently, the Company's key management consists of William Avery, the Company's President and Chief Executive Officer. The Company cannot guarantee that it will be able to replace this individual in the event his services become unavailable.

CONCENTRATION OF OWNERSHIP WILL LIMIT YOUR ABILITY TO INFLUENCE CORPORATE MATTERS. The present directors, executive officers and principal stockholders of the Company beneficially own approximately 25% of the outstanding Common Stock. As a result, these stockholders will be able to continue to exert significant influence over all matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions.

THE COMPANY'S BOARD HAS ADOPTED A PLAN OF LIQUIDATION AND DISSOLUTION. On September 30, 2002 the Company's Board adopted a plan of liquidation and dissolution to be voted on by the Company's stockholders at the Company's next annual meeting of stockholders. Assuming the plan is approved by the Company's stockholders, the Company intends to begin the process of winding up its operations.

THE COMPANY WILL CONTINUE TO INCUR THE EXPENSES OF COMPLYING WITH PUBLIC COMPANY REPORTING REQUIREMENTS. If the plan of liquidation and dissolution adopted by the Board is approved by the Company's stockholders, the

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

Company will have a continuing obligation to comply with the applicable reporting requirements of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), even though compliance with such requirements is economically burdensome. The Company is not able to predict at this time how long it will continue to be subject to the reporting requirements of the Exchange Act.

THE TIMING OF DISTRIBUTIONS TO THE COMPANY'S STOCKHOLDERS IN CONNECTION WITH THE LIQUIDATION AND DISSOLUTION OF THE COMPANY IS NOT CERTAIN. If the plan of liquidation and dissolution adopted by the Board is approved by the Company's stockholders, the Board may determine that it is in the best interests of the Company's stockholders that some assets be placed into a liquidating trust, which could delay the receipt by the Company's stockholders of the final proceeds of such a liquidation.

THE COMPANY'S STOCK WILL CONTINUE TO TRADE EVEN THOUGH IT MAY BE IN THE PROCESS OF WINDING DOWN ITS OPERATIONS AND THE DISTRIBUTIONS, IF ANY, MAY BE BELOW ANY TRADING PRICE. If the plan of liquidation and dissolution adopted by the Board is approved by the

5

Company's stockholders, because of the difficulty in estimating the amount and timing of the liquidating distributions, and due to the other risk factors discussed herein, the Company's Common Stock may be subject to significant volatility and may trade above the amount of any distribution that is made.

THE COMPANY MAY NOT BE ABLE TO NEGOTIATE SETTLEMENTS WITH RESPECT TO ITS REMAINING LIABILITIES. If the plan of liquidation and dissolution adopted by the Board is approved by the Company's stockholders, the Company will begin the process of negotiating settlements with respect to its remaining obligations and liabilities which will include, without limitation, building leases. In the event the Company is unable to negotiate successfully the termination of these obligations, the Company may have less or no cash proceeds to distribute to its stockholders.

ITEM 2. PROPERTIES

The Company leases approximately 10,900 square feet of office space at 537 Steamboat Road, Greenwich, Connecticut for use as executive offices. The Company currently utilizes approximately 700 square feet and has sublet the remaining 10,200 square feet. The current lease expires in October 2003. The Company also leases office space at 16 West 19th Street, New York, New York 10011, which has been sublet in its entirety, and 6834 Hollywood Boulevard, Hollywood, California 90028.

ITEM 3. LEGAL PROCEEDINGS

The Company is subject to legal claims from time to time and is involved in litigation that has arisen in the ordinary course of its business. It is the opinion of the Company's management that either it has adequate legal defenses to these claims or that any liability that might be incurred due to these claims will not, in the aggregate, exceed the limits of the Company's insurance policies or otherwise result in any material adverse effect on the Company's operations or financial position.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of the stockholders in the fourth quarter of 2002.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

The Common Stock is traded on the over-the-counter market and prices are quoted on the OTC electronic bulletin board under the symbol "CTPI."

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the Company's audited consolidated financial statements and accompanying notes for the fiscal year ended December 31, 2002. Certain statements contained within this discussion constitute forward-looking statements. See "Special Note Regarding Forward Looking Statements."

CRITICAL ACCOUNTING POLICIES

The preparation of the Company's financial statements in conformity with generally accepted accounting principles in the United States requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company's estimates, judgments and assumptions are continually evaluated based on available information and experience. Because of the use of estimates inherent in the financial reporting process, actual results could differ from those estimates.

The Company derives its revenues from services performed under one of two pricing arrangements: time-and-materials or fixed-price. The services performed under either of these arrangements are substantially identical.

Revenues are recognized for fixed-price arrangements in the period services are rendered using the percentage-of-completion method, based on the percentage of costs incurred to date to total estimated projects costs, provided the Company has the ability to produce reasonably dependable estimates, collection of the resulting receivable is probable and no significant obligations remain. The cumulative impact of any revision in estimates of the cost to complete and losses on projects in process are reflected in the period in which they become known.

Revenues are recognized for time-and-materials based arrangements in the period when the underlying services are rendered, provided collection of the resulting receivable is probable and no significant obligations remain.

Provisions for estimated project specific losses on both types of contracts are made during the period in which such losses become probable and can be estimated. To date, such losses have not been significant. The Company reports revenue net of reimbursable expenses.

Any estimation process, including that used in preparing contract accounting models, involves inherent risk. The Company reduces the inherent risk relating to revenue and cost estimates in percentage-of-completion models through corporate policy, approval and monitoring processes. Risks relating to service delivery, productivity and other factors are considered in the estimation process. For all client contracts, provisions for estimated losses on

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

individual contracts are made in the period in which the loss first becomes apparent.

The Company maintains allowances for doubtful accounts for estimated losses resulting from the inability of customers to make payments. If the financial condition of the Company's customers deteriorate, resulting in the customers' inability to make payments, additional

9

allowances will be required. Additionally, the Company assesses the need for provisions for estimated uncollectible amounts with respect to its loans receivable resulting from the inability of an issuer to make payments when they become due. The Company bases this estimate on the financial condition of the issuer, trends in its results of operations or other changes in circumstances. If the financial condition of an issuer deteriorates, resulting in such issuer's inability to fulfill its obligation under the promissory note evidencing such a loan, additional allowances will be required.

As required by SFAS No. 142, "Goodwill and Intangible Assets," upon adoption management identified reporting units based upon the Company's reporting structure, and assigned goodwill at the date of adoption to reporting units benefiting from the factors that gave rise to the goodwill. As a result of this analysis, all goodwill was assigned to the Company's Canned reporting unit. Also as required by SFAS No. 142, management performed both transitional impairment testing during the first quarter of 2002 and annual impairment testing of goodwill during the fourth quarter of 2002. The fair value of the related reporting unit was estimated by management using a discounted cash flow valuation model, incorporating discount rates commensurate with the risks involved. The growth model was developed using both industry and company historical results and forecasts. In the event that these estimates are adjusted downward in future periods, the Company's analyses may result in an impairment of goodwill, which could materially affect its financial position and results of operations.

In accordance with SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," whenever events or changes in circumstances indicate that the carrying value of an asset or asset group may not be recoverable or the useful life has changed, impairment tests are performed. Undiscounted future cash flows are used to calculate the fair value of long-lived assets to determine if such assets are impaired. Where impairment is identified, management determines fair values for assets using a discounted cash flow valuation model, incorporating discount rates commensurate with the risks involved for each group of assets. Growth models are developed using both industry and company historical results and forecasts.

The Company has reduced its deferred tax assets to an amount that the Company believes is more likely than not to be realized, which was \$0 at December 31, 2001 and September 30, 2002. In so doing, the Company has estimated future taxable losses in determining the valuation allowance. In the event that actual results differ from these estimates or these estimates are adjusted in future periods, the Company may need to modify its valuation allowance which could materially affect its financial position and results of operations.

OVERVIEW AND RECENT DEVELOPMENTS

Prior to commencement of the operational divestiture described in the Company's Form 10-K for the year ended December 31, 2001, the Company was a provider of a broad range of professional consulting services, including

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

e-services and technology strategy, online branding, web architecture and design systems integration, system architecture and outsourcing.

On December 4, 2001 the Company entered into an agreement and plan of merger with Franklin Capital Corporation, a Delaware corporation. On July 1, 2002 the Company received a notice of termination from Franklin terminating the proposed merger.

10

The Company made two investments in 2001 and one in the first quarter of 2002 in Excelsior Radio Networks, Inc. (f/k/a eCom Capital, Inc.), a subsidiary of Franklin Capital, which produces, syndicates and distributes radio programs and related services. The Company purchased a promissory note and warrant for \$2,250,000 from Excelsior in August 2001 and in December 2001 purchased 250,000 common shares of Excelsior from Franklin Capital for \$250,000. In April 2002 the Company purchased an additional promissory note from Excelsior for \$4,708,000 in conjunction with the purchase by Excelsior of Dial Communication Group Inc. and Dial Communications Group LLC. The \$2,250,000 promissory note was paid in full, together with related accrued interest, on October 1, 2002. The \$4,708,000 note was repaid in full, together with related accrued interest, on January 21, 2003.

On January 15, 2003, the Company sold the Excelsior shares and the Excelsior warrant to Sunshine III, LLC for total consideration of approximately \$648,000 in cash.

On September 30, 2002, the Board adopted a plan of liquidation and dissolution in order to maximize shareholder value. In reaching its decision, the Board considered principally the provisions of the Investment Company Act of 1940, which would have required the Company to register as an "investment company" in the absence of the adoption of the plan of liquidation. The plan remains subject to stockholder approval, which the Company intends to seek at its next annual meeting. The plan anticipates the continuation of the Company's business activities pending an orderly wind down of its operations, but permits the Board to amend, modify or abandon the plan, notwithstanding stockholder approval, if the Board determines that doing so would be in the best interests of the Company and its stockholders. The Company continues to review suitable business opportunities. However, if no appropriate opportunity can be found, the Company anticipates that it will commence liquidation in 2003.

OTHER SIGNIFICANT DEVELOPMENTS

During the year ended December 31, 2001, in response to continued unfavorable market conditions for its services, the Company embarked on a review of all operations with the goal of formulating a course of action to minimize near-term losses and capital expenditures and reduce cash outflows. As an initial course of action, the Company terminated the employment of approximately 90% of its existing workforce.

As a result of these terminations, coupled with historical, current and projected operating and cash flow losses, the Company evaluated the recoverability of its acquired intangible assets and goodwill by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges in the third quarter of 2001 totaling \$7,263,000, which reduced the carrying value of certain intangibles to \$0 as of December 31, 2001.

Also as a result of these actions, the Company incurred severance charges in the third quarter of 2001 totaling \$1,326,000. As of December 31,

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

2002, \$1,145,000 of this amount has been paid.

OVERVIEW OF HISTORICAL OPERATIONS

Canned Interactive is currently the Company's sole revenue generating subsidiary. Canned is based in Los Angeles, California and designs and produces interactive media such as digital video discs (DVD) and web sites, primarily for entertainment, consumer goods, sports and technology companies.

11

Most theatrical films, including new and library releases, are now released in DVD format. Canned designs interactive content for those titles, enriching the viewer experience and creating value for Canned's clients. Canned also uses its design and technology skills to create and enhance web sites with interactive and streaming content.

Agreements entered into in connection with time-and-materials projects are generally terminable by the client upon 30-days' prior written notice, and clients are required to pay the Company for all time, materials and expenses incurred by the Company through the effective date of termination. Agreements entered into in connection with fixed-price projects are generally terminable by the client upon payment for work performed and the next progress payment due. If clients terminate existing agreements, or if the Company is unable to enter into new agreements, the Company's business, financial condition and results of operations could be materially and adversely affected. In addition, because a significant portion of the Company's expenses are fixed, a variation in the number of client engagements can cause significant variations in operating results from quarter to quarter.

The Company's projects vary in size and source. Therefore, a client that accounts for a significant portion of the Company's revenues in one period may not generate a similar amount of revenue in subsequent periods. However, there is a risk that the source of the Company's revenues may be generated from a small number of clients and these clients may not retain the Company in the future. Any cancellation, deferral or significant reduction in work performed for these principal clients or a significant number of smaller clients could have a material adverse affect on the Company's business, financial condition and results of operations.

The Company's costs consist primarily of compensation and related costs of personnel dedicated to customer assignments. Project personnel costs also include fees paid to subcontractors for work performed in connection with projects and non-reimbursed travel expenses.

The Company's selling, general and administrative costs consist primarily of compensation and related costs of the management and administrative functions, including finance and accounting, marketing, human resources and internal information technology, the costs of the Company's facilities and other general corporate expenses.

The Company's equity based compensation expense is comprised of amortization of the deferred compensation associated with the grant of stock options to the Board and the former President and Chief Executive Officer. Such cost is measured as the difference between the exercise price of options granted and the fair market value of the underlying stock on the date of measurement, and is being recognized as expense over the vesting period of the options. Also included in the equity based compensation during 2001 is the cost, totaling \$2,500,000 associated with 3,144,494 shares of Common Stock issued as partial consideration in exchange for the former President and Chief Executive Officer's

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

shares of eHotHouse, a subsidiary. Such cost is measured as the difference between the fair value of the shares issued over that of the eHotHouse shares on the original date of grant. The Company incurred approximately \$377,000 and \$3,086,000 in equity based compensation expense during the twelve months ended December 31, 2002 and 2001, respectively.

ACQUISITIONS AND DIVESTITURES

The Company evaluates acquisitions based on numerous quantitative and qualitative factors. Quantitative factors include historical and projected revenues and profitability, geographic coverage and backlog of projects under contract. Qualitative factors include strategic and cultural fit, management skills, customer relationships and technical proficiency.

EHOTHOUSE. On February 21, 2001, the Company acquired the remaining outstanding interests in eHotHouse, and merged eHotHouse with a newly formed, wholly owned subsidiary of the Company. The Company acquired this minority interest for approximately 2,200,000 shares of Common Stock, valued at approximately \$2,700,000, and \$200,000 in cash. The acquisition was accounted for using the purchase method of accounting. On May 16, 2001, eHotHouse merged with and into the Company.

As a result of the aforementioned terminations, coupled with the historical, current and projected operating and cash flow losses, the Company evaluated recoverability of its acquired intangible assets acquired from eHotHouse by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges, which reduced the carrying value of the eHotHouse intangibles to \$0 as of December 31, 2001.

INSYS. On October 18, 2000, eHotHouse acquired substantially all of the operating assets and assumed certain liabilities of InSys, a provider of systems integration services, in exchange for \$867,000 in cash including acquisition costs. The business combination was accounted for using the purchase method.

During the year ended December 31, 2001 as a result of the aforementioned terminations, coupled with the historical, current and projected operating and cash flow losses, the Company evaluated the recoverability of its acquired intangible assets by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges, which reduced the carrying value of the Insys intangibles to \$0 as of December 31, 2001.

On November 8, 2001 the Company sold a 51% voting interest in InSys to a member of its management team in exchange for \$50,000 and concurrently forgave approximately \$400,000 of advances to InSys. In addition, the Company loaned InSys \$100,000 evidenced by a promissory note. This note bears interest at a rate equal to the London Interbank Offer Rate plus 2%.

RAND INTERACTIVE CORPORATION. On November 30, 2000, eHotHouse acquired all of the issued and outstanding common stock of RAND Interactive Corporation, a provider of media and technical services in exchange for \$700,000 of eHotHouse common stock and \$700,000 in cash including acquisition costs. The business combination was accounted for using the purchase method of accounting.

As a result of the aforementioned terminations, coupled with the historical, current and projected operating and cash flow losses, the Company evaluated the recoverability of its acquired intangible assets by comparison of the carrying value relative to future cash flows. As a

result, the Company recorded impairment charges, which reduced the carrying value of the RAND intangibles to \$0 as of December 31, 2001.

On November 2, 2001 the Company sold all of the issued and outstanding shares of RAND to a member of its management team in exchange for 375,039 shares of Common Stock, and a warrant to purchase such amount of shares of RAND common stock that equals, at the time of exercise, 30% of the issued and outstanding shares of RAND common stock on a fully diluted basis. The warrant has an aggregate exercise price of \$1.00, is exercisable upon the occurrence of certain events and expires on November 3, 2013.

IGUANA. On March 1, 2001, the Company acquired all outstanding shares of Iguana Studios, Inc., a leading provider of media and technical services, in exchange for approximately \$2,800,000 in cash, including acquisition costs, 2,700,000 shares of Common Stock, valued at approximately \$2,000,000, and replacement options to purchase 1,681,888 shares of Common Stock valued at approximately \$1,000,000. The acquisition was accounted for using the purchase method of accounting.

As a result of the terminations referred to above, coupled with the historical, current and projected operating and cash flow losses, the Company evaluated recoverability of its acquired intangible assets and goodwill acquired from Iguana by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges that reduced the carrying value of the Iguana intangibles to \$0 as of December 31, 2001.

Also in connection with the acquisition of Iguana, 2,300,000 shares of the Company's common stock were placed in escrow (the "Escrow Shares"). The related contingency period expired in July 2002, and the fair value of such shares was included in the aggregate purchase price. As of December 31, 2001 all employees of Iguana had been terminated, and the subsidiary's operating activities had ceased. The remaining net book value of Iguana intangibles was \$0. Accordingly, the Company has recorded additional impairment charges totaling \$69,000 representing the fair value of such shares.

CANNED. On June 12, 2001, the Company acquired Papke-Textor, Inc. d/b/a Canned Interactive, a Los Angeles based media and entertainment interactive agency, for approximately \$1,100,000 in cash, including acquisition costs, and 6,436,552 shares of Common Stock, valued at approximately \$1,000,000. The business combination was accounted for using the purchase method of accounting.

Also in connection with the acquisition of Canned, \$200,000 in cash and 715,172 shares of the Company's common stock were placed in escrow (the "Escrow Shares"). The related contingency period expired in December 2002, at which time the cash and the then fair value of the shares, totaling \$214,000, was included in the aggregate purchase price.

BROADSTREAM AND NETPRO. In May 2001, Broadstream completed a recapitalization whereby the holders of Series A Convertible Redeemable Preferred Stock exchanged their Series A shares for shares of Series A-1 Convertible Redeemable Preferred Stock. The recapitalization modified the conversion ratio, policies regarding dividends and voting rights for Series A-1 holders. No additional consideration was paid by the Company or

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

any other preferred shareholder in connection with this transaction. As a result of the recapitalization the voting interest of common shareholders was reduced from 31% to 13%.

Also in May 2001, in connection with the recapitalization, the Company transferred 1,191,569 Series A-1 Convertible Redeemable Preferred shares to Adelson Investors, LLC, another shareholder of Broadstream. This transfer is accounted for as a contribution by the Company of such shares to Broadstream in exchange for no consideration. Subsequent to the recapitalization, and non-reciprocal share transfer, the Company owned 6,434,596 shares of Series A-1 convertible redeemable preferred stock of Broadstream, representing an approximately 43% equity interest (calculated on an as-if-converted basis) and 49% voting interest.

On August 15, 2001 the Company purchased a secured convertible promissory note from Broadstream in exchange for \$600,000 in connection with an aggregate \$1,600,000 bridge loan financing consummated by Broadstream. The aggregate bridge loan financing was secured by all of Broadstream's assets. The note also contained certain conversion provisions in the event Broadstream closed a new round of financing or entered into a change of control transaction.

On November 30, 2001 the Company assigned its note to a newly formed entity, NetPro Holdings Inc. in exchange for 13,674,753 shares of NetPro Series A-1 convertible redeemable participating preferred stock. On November 30, 2001 as a result of the application of the equity method, the net book value of the note approximated zero. No gain or loss was recorded as a result of this exchange. Concurrent with this transaction, NetPro foreclosed on the note and elected to take possession of all of Broadstream's assets in full satisfaction of the notes. Broadstream remains in existence but is not conducting any business.

On December 24, 2001, the Company purchased 1,585,479 shares of NetPro Series B-1 convertible redeemable participating preferred stock in exchange for \$200,000 in connection with a larger ongoing financing effort by NetPro. On January 10, 2002, the Company invested an additional \$100,000 in NetPro Series B-1 stock, and on March 7, 2002 the Company invested a final \$100,000 in NetPro Series B-1 stock. On March 14, 2002, the board of directors of NetPro voted to suspend all of the company's business operations and immediately terminate substantially all of its employees due to NetPro's loss of significant clients and associated revenues

RESULTS OF OPERATIONS

YEAR ENDED DECEMBER 31, 2002 COMPARED TO YEAR ENDED DECEMBER 31, 2001

REVENUES. Revenues decreased from \$5,567,000 for the year ended December 31, 2001 to \$2,720,000 for the year ended December 31, 2002. This decrease is a result of the Company's divestitures of operating businesses. In 2002, Canned Interactive is the Company's sole revenue generating subsidiary. Revenues from this subsidiary were \$971,000 for the period from acquisition in June 2001 through December 31, 2001.

COST OF REVENUES. Cost of revenues consists principally of costs directly incurred in the delivery of services to clients, primarily consisting of compensation of billable employees. Billable employees are full time employees and sub-contractors whose time is spent working

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

directly on client projects. Billable employees are the Company's primary source of revenue. Such costs decreased from \$7,276,000, or 131% of revenues, for the year ended December 31, 2001, to \$1,432,000, or 53% of revenues, for the year ended December 31, 2002. The decrease in cost, and improvement in gross margin, is a result of the divestitures of InSys and RAND, and the downsizing of Iguana's operations.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES. Selling, general and administrative expenses consist primarily of compensation and related benefits, professional services fees, facilities costs, and advertising and promotional costs. Selling, general and administrative expenses decreased from \$13,738,000 for the year ended December 31, 2001 to \$4,530,000 for the year ended December 31, 2002. This decrease was primarily a result of the decreased number of employees, resulting in decreased compensation, decreased professional services fees, and decreases in other costs associated with the limited scope of operations over the prior year.

IMPAIRMENT LOSSES. As a result of the aforementioned terminations and divestitures in 2001, coupled with historical and projected operating and cash flow losses, the Company evaluated the recoverability of its acquired intangible assets and goodwill by comparison of the carrying values relative to related future cash flows. As a result of this analysis, the Company recorded impairment charges totaling \$7,263,000 and \$69,000 in the years ended December 31, 2001 and 2002, respectively, which are included in the "Impairment Losses" in the Statement of Operations.

SEVERANCE COSTS. Severance costs were incurred as a result of the aforementioned terminations in 2001 and totaled \$1,326,000 and \$0 for the years ended December 31, 2001 and 2002, respectively.

EQUITY IN LOSSES AND IMPAIRMENT OF INVESTMENTS IN UNCONSOLIDATED AFFILIATES. Equity in losses of unconsolidated affiliates results from the Company's minority ownership in Broadstream, NetPro and InSys which are accounted for under the equity method of accounting. Under the equity method of accounting, the Company's proportionate share, calculated on an as-if-converted basis, of the investee's operating losses, and amortization of the Company's net excess investment over its equity in the investee's net assets, is included in equity in losses of unconsolidated affiliates. Impairment of investments in unconsolidated affiliates is a result of the cessation of NetPro's and LiveSky's operations in 2002. The Company evaluated the recoverability of its investments in light of the carrying values relative to future cash flows. As a result of this analysis, the Company recorded impairment charges that reduced the remaining investment balances to \$0. Equity in losses and impairment of investments in unconsolidated affiliates was \$5,546,000 for the year ended December 31, 2001 and \$549,000 for the year ended December 31, 2002.

INTEREST AND DIVIDEND INCOME. Interest and dividend income was \$845,000 for the year ended December 31, 2001 and \$736,000 for the year ended December 31, 2002. The decrease in interest and dividend income is attributable to a decrease in the Company's invested cash balance as it has funded its ongoing operations and investments, partially offset by interest income earned on notes receivable. Interest income in future periods may fluctuate as a result of the average cash the Company maintains and changes in the market rates of interest, and

management expects that the average cash balance may continue to decrease as the Company continues to incur operating losses.

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

INCOME TAXES. The Company has available estimated net operating loss carry forwards for income tax purposes of approximately \$22,000,000 through the period ended December 31, 2002, which expire on various dates from 2002 through 2022. A valuation allowance has been established due to uncertainty as to whether the Company will generate sufficient taxable earnings to utilize the available net operating loss carryforwards. A portion of the Company's net operating loss carryforwards may also be limited due to significant changes in ownership under Section 382 of the Tax Reform Act of 1986.

YEAR ENDED DECEMBER 31, 2001 COMPARED TO YEAR ENDED DECEMBER 31, 2000

REVENUES. Revenues increased from \$1,370,000 for the year ended December 31, 2000 to \$5,567,000 for the year ended December 31, 2001. This increase is the result of the contribution to revenues of acquired companies' revenues streams. As a result of the Company's divestitures and continued unfavorable market conditions for its professional services, revenues from historical service offerings decreased on a sequential basis during 2001.

COST OF REVENUES. Cost of revenues increased from \$1,119,000 for the year ended December 31, 2000 to \$7,276,000 for the year ended December 31, 2001. Cost of revenues consists primarily of compensation of billable employees, travel, subcontractor costs and other costs directly incurred in the delivery of services to clients. Billable employees are full time employees and subcontractors whose time are spent servicing client projects. Also included in Cost of Revenues is the amortization of certain purchased intangible assets, representing the value of customer relationship and workforces acquired.

In connection with certain acquisitions, including the acquisition of Canned, the Company recorded intangible assets representing the value ascribed to the customer lists and assembled workforces of the acquired companies. The aggregate amortization of these intangible assets totaled \$50,000 and \$2,588,000, respectively, and is included in Cost of Revenues.

As a result of the Company's divestitures, terminations and unfavorable market conditions, cost of revenues decreased on a sequential basis during 2001.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES. Selling, general and administrative expenses consist primarily of compensation and related benefits, professional services fees, facilities costs and advertising and promotional costs. Selling, general and administrative expenses increased from \$3,305,000 for the year ended December 31, 2000 to \$13,738,000 for the year ended December 31, 2001. These increases were primarily the result of increased compensation, increased professional services fees, increased facility costs and increases in other costs associated with the growth of the Company's business and operations over the prior year.

IMPAIRMENT LOSSES. As a result of the aforementioned terminations, coupled with historical, current and projected operating and cash flow losses, the Company evaluated the recoverability of its acquired intangible assets and goodwill by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges totaling

17

\$7,263,000 which are included in the Impairment Losses section of the accompanying Statement of Operations.

SEVERANCE COSTS. Severance costs were \$0 and \$1,326,000 in the years ended December 31, 2000 and 2001, respectively.

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

EQUITY IN LOSSES OF UNCONSOLIDATED AFFILIATES. Equity in losses of unconsolidated affiliates was \$1,732,000 and \$5,546,000 for the years ended December 31, 2000 and 2001, respectively. Equity in losses of unconsolidated affiliates resulting from the Company's minority ownership in Broadstream, Inc., NetPro Holdings, Inc. and InSys LLC have been accounted for under the equity method of accounting. Under the equity method of accounting, the Company's proportionate share, calculated on an as-if-converted basis, of the investee's operating losses and amortization of the Company's net excess investment over its equity in the investee's net assets is included in equity in losses of unconsolidated affiliates.

INTEREST AND DIVIDEND INCOME. Interest and dividend income was \$1,469,000 and \$845,000 for the years ended December 31, 2000 and 2001, respectively. The decrease in interest income over the prior year was attributable to a decrease in the Company's invested cash balance, as it has funded its ongoing operations.

INCOME TAXES. The Company had available estimated net operating loss carryforwards for income tax purposes of approximately \$20,000,000 as of December 31, 2001, which expire on various dates from 2001 through 2021. A valuation allowance had been established due to uncertainty as to whether the Company will generate sufficient taxable earnings to utilize the available net operating loss carryforwards.

LIQUIDITY AND CAPITAL RESOURCES

HISTORICAL SOURCE OF FUNDING

On March 28, 2000, an investor group led by Pangea Internet Advisors, LLC purchased 4,000,000 shares of Series B convertible preferred stock for net proceeds to the Company of approximately \$39,450,000 in cash. Also on March 28, 2000, certain other investors purchased warrants to purchase 41,250,000 shares of Common Stock for \$100,000.

WORKING CAPITAL AND RESULTS OF OPERATIONS

The Company had \$3,465,000 in cash and cash equivalents available as of December 31, 2002 invested predominantly in instruments that are highly liquid, investment grade securities that have maturities of less than 45 days. The Company used \$3,082,000 to fund operating activities, and an additional \$2,278,000 to fund investing activities during the year ended December 31, 2002.

18

Beginning in the third quarter of 2001, in response to continued unfavorable market conditions for its services, the Company embarked on a review of its operations with the goal of formulating a course of action to minimize near term losses and capital expenditures and reduce cash outflows. As of December 31, 2002, the Company has a single operating subsidiary, a limited number of employees and has significantly reduced fixed expenses.

In January, 2003, the Company sold its shares of Excelsior common stock, and the Excelsior warrant to Sunshine III, LLC for total consideration of approximately \$648,000 in cash. Also in January, 2003 the Company received full prepayment of interest and principal on the \$4,708,000 note from Excelsior.

Given the Company's current level of operations and subsequent collection of the Excelsior note, the Company's capital resources are sufficient to meet anticipated cash needs for working capital and capital expenditures

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

relating to existing operations for at least the next 12 months. However, the Company continues to review suitable business opportunities. If a business is found and the plan of liquidation and dissolution adopted by the Board is abandoned, and the Company's operations require significant cash outlays to fund operations, the Company may be required to seek additional sources of financing or to sell certain assets.

The Company's future contractual obligations at December 31, 2002 were as follows:

	AMOUNTS DUE IN FISCAL YEAR ENDING DECEMBER 31			
	2003	2004	2005	2006
	(in thousands)			
Operating leases.....	\$ 850	\$ 184	\$ 46	\$ --
Capital leases.....	114	31	4	--
Involuntary termination.....	181	--	--	--
	\$ 1,145	\$ 215	\$ 50	\$ --
	\$ 1,145	\$ 215	\$ 50	\$ --

Total minimum operating lease payments have not been reduced for future minimum sublease rentals totaling approximately \$342,000.

The Company intends to fund these obligations from its cash on hand at December 31, 2002 and the repayment by Excelsior Radio Networks of the note issued by it to the Company.

If the plan of liquidation and dissolution adopted by the Board is approved by the Company's stockholders, the Company will begin the process of negotiating settlements with respect to its remaining obligations and liabilities. In the event the Company is unable to negotiate successfully the termination of these obligations, the Company may have less or no cash proceeds to distribute to its stockholders.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company's primary objective in investing in securities and other instruments is to preserve principal while at the same time maximizing yields without significantly increasing risk. To achieve this objective, the Company maintains a portfolio of cash and cash equivalents and money market funds. As of December 31, 2002, the Company held cash and cash equivalents with an average maturity of 45 days or less.

The Financial Statements begin on Page F-1 of this report.

QUARTERLY RESULTS OF OPERATIONS (UNAUDITED)

The following tables set forth unaudited quarterly statement of operations data of the Company for each of the Company's eight most recent quarters. In management's opinion, this unaudited information has been prepared on the same basis as the audited annual financial statements and includes all adjustments (consisting only of normal recurring adjustments) necessary for fair presentation of the unaudited information for the quarters presented. You should read this information in conjunction with the consolidated financial statements, including the notes to those statements, included elsewhere in this report. The results of operations for a quarter are not necessarily indicative of results that the Company may achieve for any subsequent periods and, as a result of the Company's adoption of a plan of liquidation and dissolution, historical information may not be indicative of future results.

COMPENSATION OF DIRECTORS

Non-employee directors are entitled to receive an annual remuneration of \$2,500 for serving as directors of the Company, and are reimbursed for out-of-pocket expenses incurred in connection with such service. However, no director received such annual remuneration during the year ended December 31, 2002. Additionally, non-employee directors have been granted options to purchase Common Stock under the Company's 2000 Stock Option Plan. See "Executive Compensation - Certain Relationships and Related Party Transactions - Stock Options."

AUDIT COMMITTEE FINANCIAL EXPERT

The Board has determined that Michael Gleason, the sole member of the Company's audit committee, satisfies the "audit committee financial expert" criteria established by the Securities and Exchange Commission. Mr. Gleason is "independent" as such term is used in Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended.

CODE OF ETHICS

On February 28, 2003, the Board adopted a code of ethics applicable to the Company's principal executive officer, principal financial officer or persons performing similar functions.

A copy of the Company's code of ethics may be obtained, without charge,

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

upon written request to the Company at its principal executive offices located at 537 Steamboat Road, Greenwich, CT 06830.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and persons who own more than ten percent of the Common Stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Directors, executive officers and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Forms 3, 4 and 5 they file. The Company believes that all its directors, executive officers and greater than ten percent beneficial owners complied with all filing requirements applicable to them in 2002.

ITEM 11. EXECUTIVE COMPENSATION

SUMMARY OF CASH AND OTHER COMPENSATION

The following Summary Compensation Table sets forth the compensation awarded to, earned by or paid to the President and Chief Executive Officer of the Company during the fiscal years ended December 31, 2002, 2001 and 2000 for services rendered in all capacities to the Company and its subsidiaries.

EMPLOYMENT AGREEMENTS

MR. AVERY. On September 19, 2001, the Company entered into an employment agreement with Mr. Avery. Mr. Avery's agreement will expire on December 31, 2004. The employment agreement is automatically renewed from year to year after the expiration date unless either the Company or Mr. Avery provides written notice of an intention not to renew it at least 120 days prior to December 31 of any year.

The employment agreement provides that the duties of Mr. Avery shall be prescribed by the Board and that Mr. Avery shall devote substantially all of his business time to performing his duties under the employment agreement.

Compensation, bonuses, perquisites and other benefits are to be provided to Mr. Avery subject to the approval of the compensation committee and commensurate with compensation and benefits provided to other senior executives of the Company. The initial base salary payable

25

to Mr. Avery is \$280,000. Mr. Avery will be entitled to participate in any benefit plan available to senior executives of the Company.

The employment agreement provides for the termination of Mr. Avery upon the first to occur of (i) the expiration of the term of the employment agreement; (ii) the death of Mr. Avery; (iii) the delivery of a notice from Mr. Avery of a voluntary termination of the employment agreement; (iv) the delivery of a notice to Mr. Avery of a termination of the employment agreement for cause or disability of Mr. Avery; or (v) the delivery of a notice from Mr. Avery of a resignation due to a change of control of the Company.

If Mr. Avery is terminated by the Company as a result of his disability, the Company will pay Mr. Avery an amount equal to one-half of his base salary. If the employment agreement is terminated because of Mr. Avery's death, the Company will pay any base salary that is accrued but unpaid. If the employment agreement is terminated for any reason described above other than for death or disability, Mr. Avery will be paid any accrued but unpaid salary plus any unpaid bonus amount from prior years.

If the employment agreement is terminated for any reason other than those described in the above paragraph, the Company will pay to Mr. Avery a severance amount equal to the sum of (i) accrued but unpaid salary; (ii) the full base salary for the remainder of the term of the employment agreement; (iii) any bonus for a prior year which has not been paid to Mr. Avery; and (iv) any expenses of Mr. Avery incurred in connection with the collection of the severance amount.

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

On September 19, 2001 the Company also entered into a severance compensation agreement with Mr. Avery.

The severance compensation agreement provides that if Mr. Avery's employment is terminated without "cause" within one year of a change of control, he is entitled to (i) a lump sum equal to 1.5 times his average base salary for the previous five years; (ii) a lump sum equal to any amounts forfeited under any employee pension benefit plan; and (iii) continued coverage (until the later of (x) the day Mr. Avery accepts new full-time employment or (y) three years from the date of termination) under all employee welfare benefit plans.

A change of control is defined as the occurrence of any of the following events:

- o any person other than the Company or one of its subsidiaries becomes the beneficial owner of 30% or more of the Company's then outstanding equity securities, unless such acquisition has been approved by not less than two-thirds of the Board prior to such acquisition;
- o individuals who constitute the Board on a given day cease (for any reason other than death or resignation) to constitute a majority of the Board on the following day, unless any subsequent director was approved or nominated by not less than three-quarters of the incumbent Board or two-thirds of the nominating committee of the incumbent Board;

26

- o the stockholders of the Company approve any reorganization, merger or consolidation of the Company or any other transaction in which the Company's existing securities are exchanged for securities of another issuer or the Company issues new equity securities in excess of 30% of the existing securities, unless such transaction was recommended to the stockholders of the Company by not less than two-thirds of the board in existence prior to the transaction;
- o the approval by stockholders of the Company of a sale of all or substantially all of the assets of the Company, unless such sale was recommended to the stockholders by not less than two-thirds of the Board;
- o the dissolution or liquidation of the Company;
- o the failure of nominees of the Board for election to the board to be so elected other than by death or withdrawal of the nominee; or
- o a change in control required to be reported pursuant to Item 1(a) of Form 8-K under the Securities Exchange Act of 1934 unless such change in control was approved by not less than two-thirds of the incumbent Board.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as of March 14, 2003 regarding (i) each person known by the Company to be the beneficial owner of

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

more than 5% of the outstanding shares of Common Stock or Series A Preferred Stock, (ii) each director of the Company, (iii) the current Chief Executive Officer of the Company and (iv) all executive officers and directors as a group. Except as otherwise indicated, each person has sole voting and dispositive power with respect to such shares. The address for all beneficial owners, unless stated otherwise below, is c/o Change Technology Partners, Inc., 537 Steamboat Road, Greenwich, CT 06830.

Each share of the Series A Preferred Stock is convertible into one share of Common Stock.

Beneficial ownership includes shares for which a person, directly or indirectly, has or shares voting or investment power, or both, and also includes options and warrants which are exercisable within sixty days of March 14, 2003.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

PROFESSIONAL SERVICES

During the year ended December 31, 2002, the Company incurred legal fees in connection with certain transactions and other matters in the normal course of business. A portion of these services was provided by Paul, Weiss, Rifkind, Wharton & Garrison LLP, of

28

which James M. Dubin, a member of the Board and the compensation committee, is a partner. Fees incurred by this firm totaled approximately \$387,000 and \$881,000 for the years ended December 31, 2002 and 2001, respectively.

STOCK OPTIONS

The 2000 Stock Option Plan provides for the award of stock options to the employees, directors and consultants of the Company. Grants under this plan have been intended to provide participants with the promise of longer-term rewards that appreciate in value with favorable future performance of the Company. No options were issued during the year ended December 31, 2002. The 2000 Stock Option Plan authorizes the issuance of a maximum of 20,000,000 options, with a maximum of 3,000,000 options to be received each year by any one participant.

On June 26, 2000, James M. Dubin, Michael Gleason and William Lipner were each granted non-qualified stock options to purchase 400,000 shares of Common Stock at an exercise price of \$.50 per share. One-fourth of these stock options vested on June 26, 2000, one-fourth of them vested on June 26, 2001 and the remainder vest monthly from July 1, 2001 until June 1, 2003.

On May 22, 2001, Messrs. Dubin and Gleason were each granted non-qualified stock options to purchase 100,000 shares of Common Stock at an exercise price of \$.50 per share in consideration of their service on the audit committee. One-fourth of these options vested on May 22, 2001, one-fourth of them vested on May 22, 2002, and the remainder will vest monthly from June 1, 2002 until May 1, 2004. Mr. Dubin's options expired, unexercised, when he resigned from the audit committee in June 2001.

On September 19, 2001, William Avery was granted options to purchase 9,000,000 shares of Common Stock at an exercise price of \$.03 per share. Options to purchase 3,000,000 shares of Common Stock were issued under the Company's 2000 Stock Option Plan. Options to purchase 6,000,000 shares of Common Stock

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

were issued outside of the plan and such grant was approved by the Company's stockholders at its 2002 annual meeting. Each option vests one-fourth on each of the first, second, third and fourth anniversaries of the date of the grant.

On September 21, 2001, each of Messrs. Dubin, Gleason and Lipner were granted non-qualified stock options to purchase 1,000,000 shares of Common Stock at an exercise price of \$.03 per share. All of these options vested on September 21, 2001.

On November 7, 2001, Michael Levitt was granted non-qualified stock options to purchase 2,000,000 shares of Common Stock at an exercise price of \$.06 per share. All of these options vested on November 7, 2001. However, in connection with Mr. Levitt's resignation from the Board on December 31, 2002, he surrendered options to purchase 1,300,000 shares of Common Stock. Mr. Levitt retained options to purchase the remaining 700,000 shares of Common Stock.

The Board of Directors and Stockholders of Change Technology Partners, Inc.

We have audited the accompanying consolidated balance sheets of Change Technology Partners, Inc. and subsidiaries (the "Company") as of December 31, 2002 and 2001 and the related consolidated statements of operations, stockholders' equity and redeemable preferred stock, and cash flows for each of the years in the three-year period ended December 31, 2002. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Change Technology Partners, Inc. and subsidiaries as of December 31, 2002 and 2001 and the results of its operations and cash flows for each of the years in the three-year period ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the consolidated financial statements, in 2002 the Company changed its method of accounting for goodwill and other intangible assets.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company adopted a plan of liquidation and dissolution that raises substantial doubt about its ability to continue as a going concern. The Company's plans with regard to these matters are also described in Note 1. The consolidated financial statements do not include any adjustments that might arise from the outcome of this uncertainty.

CHANGE TECHNOLOGY PARTNERS, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements
December 31, 2002
(In thousands, except share and per share data)

(1) DESCRIPTION OF BUSINESS

Arinco Computer Systems Inc., the predecessor of the Company together with its subsidiaries, (the "Company"), was incorporated on March 31, 1978; however, the Company formally commenced implementation of its plan to provide professional consulting services on June 15, 2000. The Company provided a broad range of professional consulting services, including e-services and technology strategy, online branding, web architecture and design, systems integration, systems architecture and outsourcing. The Company has served clients throughout the United States and, as of December 31, 2002, has offices in Connecticut and California. During the year ended December 31, 2001, the Board of Directors voted to divest the Company of a majority of its then existing operations.

At December 31, 2002, the Company's remaining consolidated subsidiaries are:

- o Iguana Studios, Inc. (which has limited continuing operating activities)
- o Papke-Textor, Inc. d/b/a Canned Interactive ("Canned")

Based on the Company's assessment of the opportunities in the radio business, the Board of Directors decided to merge with Franklin Capital Corporation and jointly develop and acquire network radio programming and sales and syndication businesses. On December 4, 2001, the Company entered into an agreement and plan of merger with Franklin Capital. On July 1, 2002, the Company received a notice of termination from Franklin Capital terminating the proposed merger.

On September 30, 2002, the Board of Directors adopted a plan of liquidation and dissolution. The plan remains subject to stockholder approval, which the Company intends to seek at its next annual meeting. The plan anticipates the continuation of the Company's business activities pending an orderly wind down of its operations, but permits the Board of Directors to amend, modify or abandon the plan, notwithstanding stockholder approval, if the Board determines that doing so would be in the best interests of the Company and its stockholders. The Company continues to review other alternatives to liquidation. However, if no appropriate alternative can be found, the Company anticipates that it will commence liquidation in 2003. The consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability of assets or the amounts of liabilities that may result from the outcome of this uncertainty.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions

F-6

CHANGE TECHNOLOGY PARTNERS, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements
December 31, 2002
(In thousands, except share and per share data)

that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates embedded in the consolidated financial statements for the periods presented concern the allowances for doubtful accounts, the estimates used in the percentage of completion method, the fair value of purchased intangible assets, and the estimated useful lives of purchased intangible assets.

(B) PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and its majority-owned and controlled subsidiaries from the date of acquisition through the date of disposition, if applicable. All significant intercompany transactions and balances have been eliminated in consolidation. Investments in less than majority-owned entities over which the Company has significant influence are accounted for using the equity method.

Since the Company was the only contributor of capital to a majority-owned subsidiary, eHotHouse, Inc. ("eHotHouse"), and the minority interest holders had no obligation to provide additional capital, 100% of those losses were included in the Company's results for the period prior to the Company's acquisition of the outstanding minority interest in February, 2001. In May, 2001, eHotHouse merged with and into the Company.

(C) REVENUE RECOGNITION

Revenues are recognized for fixed-price arrangements in the period services are rendered using the percentage-of-completion method, based on the percentage of costs incurred to date to total estimated projects costs, provided the Company has the ability to produce reasonably dependable estimates, collection of the resulting receivable is probable and no significant obligations remain. The cumulative impact of any revision in estimates of the cost to complete and losses on projects in process are reflected in the period in which they become known.

Revenues are recognized for time-and-materials based arrangements in

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

the period when the underlying services are rendered, provided collection of the resulting receivable is probable and no significant obligations remain.

The Company generally enters into short-term, project specific contracts with its clients who are generally billed in the same period in which services are rendered. If services are rendered in advance of billings, the Company records and presents the related amounts as unbilled revenue. If amounts are received in advance of

F-7

CHANGE TECHNOLOGY PARTNERS, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements
December 31, 2002
(In thousands, except share and per share data)

services being performed, the amounts are recorded and presented as deferred revenues.

In November 2001, the Emerging Issues Task Force ("EITF") concluded that reimbursements for out-of-pocket-expenses incurred should be included in revenue in the income statement and subsequently issued EITF 01-14, "Income Statement Characterization of Reimbursements Received for 'Out-of-Pocket' Expenses Incurred" in January 2002. The Company adopted EITF 01-14 effective January 1, 2002 and has reclassified financial statements for prior periods to comply with the guidance in this EITF. Reimbursable expenses were de minimus for all periods presented.

(D) COST OF REVENUES

Cost of revenues consists primarily of compensation of billable employees, travel, subcontractor costs, and other costs directly incurred in the delivery of services to clients. Billable employees are full time employees and subcontractors who spent time servicing client projects. Also included in cost of revenues in the statement of operations for the twelve months ended December 31, 2001 and 2000 is the amortization of certain purchased intangible assets, representing the value of customer relationships and workforces acquired. In connection with the adoption of SFAS 142 on January 1, 2002, acquired workforce was subsumed into goodwill and, accordingly, amortization of the remaining acquired workforce ceased.

(E) CONCENTRATION OF CREDIT RISK

Financial instruments that subject the Company to credit risks consist primarily of cash and cash equivalents, notes receivable, and trade accounts receivable. Cash and cash equivalents consist of deposits, money market funds, and investments in short term "AAA" rated debt instruments. The Company performs ongoing credit evaluations, generally does not require collateral, and establishes an allowance for doubtful accounts based upon factors surrounding the credit risk of customers, historical trends, and other information. To date, such losses have been within management's expectations. Notes receivable are generally collateralized and bear a market rate of interest commensurate with the associated risks.

The Company provides for depreciation of other machinery and equipment over their estimated useful lives, using the straight-line method, as follows:

ASSET CLASSIFICATION -----	ESTIMATED USEFUL LIFE -----

Leasehold improvements	5 - 10 years (lease term)

(H) PURCHASED INTANGIBLE ASSETS

At December 31, 2001, purchased intangible assets, comprised primarily of the customer lists and the workforce acquired in connection with the acquisition of Canned, were being amortized over a period of 3 years, the estimated period of benefit considering the underlying contractual relationships, the project oriented continuing revenue stream, and analysis of the Company's retention efforts.

Effective June 2001, the Company adopted Financial Accounting Standards Board Statement of Accounting Standards (SFAS) 141, "Business Combinations". Effective January 1, 2002, the Company adopted SFAS 142, "Goodwill and Intangible Assets" and SFAS 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS 141 requires that acquisitions entered into after June 30, 2001 be accounted for using the purchase method and establishes criteria to be used in determining whether acquired intangible assets are to be separated from goodwill. At January 1, 2002 the intangible assets consisted of goodwill and the subsumed workforce acquired in connection with the acquisition of Canned.

SFAS 142 sets forth the accounting for goodwill and intangible assets already recorded. Commencing January 1, 2002, goodwill is no longer being amortized into results of operations. Management conducted valuations of its reporting units in order to test goodwill for impairment by comparing the asset's fair value to the carrying value. This analysis did not indicate impairment as of January 1, 2002.

(I) EQUITY-BASED COMPENSATION

The Company accounts for its employee stock option plans in accordance with the provisions of the Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations including Financial Accounting Standards Board Interpretation No. 44. As such, compensation expense related to employee stock options is recorded only if, on the date of grant, the fair value of the underlying stock exceeds the exercise price. All such deferred compensation is amortized over the related vesting period on a straight-line basis. The Company adopted the disclosure-only requirements of SFAS No. 123 "Accounting for Stock-Based Compensation", which allows entities to continue to apply the provisions of APB Opinion No. 25 for transactions with employees and provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock grants made as if the fair value based method of accounting in SFAS No. 123 had been applied to these transactions.

(In thousands, except share and per share data)

Had compensation cost for these awards been determined based on the fair value at the grant dates consistent with the method prescribed by SFAS No. 123, the Company's net loss would have been adjusted to the pro forma amounts indicated below:

	YEAR ENDED	
	2002	2001
Net loss, as reported	\$ (3,501)	\$ (32,2
Add back: compensation expense related to stock options, as reported	377	6

Pro forma net loss	\$ (3,638)	\$ (32,9
Basic and diluted net loss per share as reported	\$ (.02)	\$ (0.
Pro forma basic income loss per share	\$ (.02)	\$ (0.

Each year the Company has estimated the fair value of stock option grants made in that year by using the Black-Scholes option-pricing model. Following are the weighted-average assumptions used:

	2001	2002
Expected option term (years).....	10	10
Risk-free interest rate (%).....	6.00%	5.78%
Expected volatility (%).....	81%	59%
Dividend yield (%).....	0%	0%

There were no options granted during the year ended December 31, 2002.

(J) BASIC AND DILUTED NET LOSS PER COMMON SHARE

Basic net loss per common share excludes the effect of potentially dilutive securities and is computed by dividing net income or loss available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted net income or loss per share is adjusted for the effect of convertible securities, warrants and other potentially dilutive financial instruments only in the periods in which such effect would have been dilutive.

(K) INCOME TAXES

The Company uses the asset and liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their tax bases and to operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets or liabilities of a change in tax rates is recognized in the period that the rate change occurs. A valuation allowance is provided for the amount of deferred tax assets for which, based on available evidence, realization is not assured.

(L) COMPREHENSIVE INCOME

The Company accounts for comprehensive income (loss) under SFAS No. 130 "Reporting Comprehensive Income." This statement established standards for reporting and displaying comprehensive income and its components in a financial statement that is displayed with the same prominence as other financial statements. For all periods presented, comprehensive income (loss) equals net income (loss) as reported.

(M) SEGMENT REPORTING

Although the Company has divested itself of certain of its operations, and is evaluating other business opportunities, it has historically offered, largely through its acquired businesses, a wide variety of professional consulting services such as e-services, technology services and systems integration. Management does not manage its operations by these product offerings, but instead views the Company as one operating segment when making business decisions, with one operating

decision maker, the Chief Executive Officer. The Company manages its operations as a cross-disciplinary integrated solutions provider, which attempts to bring forth a coordinated service offering to its clients.

(N) NEW ACCOUNTING PRONOUNCEMENTS

Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), establishes a single accounting model for the impairment or disposal of long-lived assets, including discontinued operations. Effective January 1, 2002, the Company adopted SFAS 144. Adoption of SFAS 144 has not resulted in an impairment charge.

Statement of Financial Accounting Standards No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), requires that costs associated with exit or disposal activities be measured initially at fair value, and recognized only when the liability is incurred. SFAS 146 is effective for exit or disposal activities that are initiated after December 31, 2002. The Company plans to adopt SFAS 146 effective January 1, 2003. The impact of SFAS 146 on the Company's financial statements will depend on a variety of factors, including interpretive guidance from the FASB. However, the Company does not expect that the adoption will have a material impact on its consolidated results of operations or financial position.

Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation" ("SFAS 148"), is an amendment to Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation", and provides alternative methods of transition for an entity that voluntarily changes from the intrinsic value based method of accounting for stock-based employee compensation prescribed in APB No. 25 to the fair value method prescribed in SFAS 123. As permitted under SFAS 148, the Company has continued to apply the accounting provisions of APB No. 25, and to provide the annual pro forma disclosures of the effect of adopting the fair value method as required by SFAS 123. SFAS 148 also requires pro forma disclosure to be provided on a quarterly basis. The Company plans to adopt the quarterly disclosure requirement during the first quarter of 2003.

(3) SEVERANCE AND IMPAIRMENT CHARGES

In 2001, in response to continued unfavorable market conditions for its services, the Company embarked on a review of all operations with the goal of formulating a course of action to minimize near-term losses and capital expenditures and reduce cash outflows. As an initial course of action, primarily during July and August 2001, the Company

terminated the employment of approximately 90% of its then existing workforce. As a result, the Company incurred severance charges of \$1,326, which are included in severance charges in the accompanying Statement of Operations for the year ended December 31, 2001. Of this amount, \$1,145 of the severance obligations have been paid as of December 31, 2002.

(4) INVESTMENTS IN AND LOANS TO UNCONSOLIDATED SUBSIDIARIES

INVESTMENTS IN BROADCAST AND NETPRO

In June 2000, the Company purchased 7,626,165 shares of Series A Convertible Redeemable Preferred Stock ("Series A") of Broadstream, Inc. (d/b/a Network Prophecy) ("Broadstream"), representing an approximately 30% equity interest (calculated on an as-if-converted basis) and approximately 47% voting interest, in exchange for \$6,500.

Broadstream is a streaming media management services company that provides software to measure, manage and monitor delivery of streaming media content and data. The investment in Broadstream is being accounted for under the equity method. Based upon the capital structure of, and the equity participation in, the equity investee, the Company has assumed conversion of Series A shares in computing its share of losses of this investee. The Company's proportionate share of Broadstream's net loss was \$3,177 and \$1,097 in 2001 and 2000, respectively, and the amortization of the excess of cost over the Company's proportionate interest in the underlying equity was \$1,175 and \$635 for 2001

and 2000, respectively. These amounts are included in equity in losses of affiliate in the accompanying Statement of Operations.

In May 2001, Broadstream completed a recapitalization whereby all of the holders of Series A shares exchanged their Series A shares for shares of Series A-1 Convertible Redeemable Preferred Stock ("Series A-1"). The recapitalization modified the conversion ratio, policies regarding dividends and voting rights for Series A-1 holders. No additional consideration was paid by the Company or any other Series A-1 shareholder in connection with this transaction. As a result of the recapitalization the voting interest of common shareholders was reduced from 31% to 13%.

Also in May 2001, in connection with the recapitalization, the Company transferred 1,191,569 Series A-1 shares to Adelson Investors, LLC ("Adelson"), another shareholder of Broadstream, as payment for certain financing-related services performed by Adelson on behalf of Broadstream. This transfer has been accounted for as a contribution by the Company of such shares to Broadstream in exchange for no consideration. As a result of this non-reciprocal transfer of shares the Company recorded a charge of \$1,016 equal to the Company's cost basis in such shares, which approximated fair value, and has been included in equity in losses of affiliate in the accompanying Statement of Operations for the year ended December 31, 2001. Subsequent to the recapitalization and non-reciprocal share transfer, the Company owned 6,434,596 shares of Series A-1 Convertible Redeemable Preferred Stock of Broadstream, representing an approximately 43% equity interest (calculated on an as-if-converted basis) and a 49% voting interest.

On August 15, 2001 the Company purchased a secured convertible promissory note from Broadstream in exchange for \$600 in connection with an aggregate \$1,600 bridge loan financing consummated by Broadstream. The aggregate bridge loan financing was secured by all of Broadstream's assets. The note also contained certain conversion provisions in the event Broadstream were to close a new round of financing or enter into certain transactions.

On November 30, 2001 the Company assigned its Broadstream promissory note to a newly formed entity, NetPro Holdings Inc. ("NetPro") in exchange for 13,674,753 shares of NetPro Series A-1 Convertible Redeemable Participating Preferred Stock. On November 30, 2001 as a result of the application of the equity method, the net book value of the note approximated zero and no gain or loss was recorded as a result of this exchange. Concurrent with this transaction, NetPro foreclosed on the note and elected to take possession of all of Broadstream's assets in full satisfaction of the notes.

On December 15, 2001, the Company purchased 1,585,479 shares of NetPro Series B-1 Convertible Redeemable Participating Preferred Stock in exchange for \$200 in connection with a larger ongoing financing arrangement.

Notes to Consolidated Financial Statements
December 31, 2002
(In thousands, except share and per share data)

As of December 31, 2001, the Company's interest in NetPro represented approximately 38% of NetPro outstanding equity, and was being accounted for under the equity method of accounting. The Company's proportionate share of NetPro's net losses totaling \$167 from the date of investment through December 31, 2001, is included in equity in losses of unconsolidated subsidiaries in the accompanying Statement of Operations.

On January 10, 2002, the Company invested an additional \$100 in NetPro Series B-1 stock, and on March 7, 2002 the Company invested a final \$100 in NetPro Series B-1 stock. On March 14, 2002, the board of directors of NetPro voted to suspend all of NetPro's business operations and immediately terminate substantially all of its employees due to NetPro's loss of significant clients and associated revenues. The Company has no obligation to provide additional funding to NetPro. In connection with this action, the Company evaluated the recoverability of this investment by comparison of its carrying value relative to estimated future cash flows. As a result of this analysis, the Company recorded an impairment charge to reduce the remaining investment balance to \$0. The Company's proportionate share of net loss, and impairment charge, for the twelve months ended December 31, 2002, totaling \$233, is included in equity in losses and impairment of investments in unconsolidated affiliates in the accompanying Statement of Operations.

INVESTMENT IN AND NOTE RECEIVABLE FROM EXCELSIOR RADIO NETWORKS

On December 4, 2001 the Company initiated a business combination whereby the Company planned to acquire all issued and outstanding common stock of Franklin Capital Corporation ("Franklin") in a stock-for-stock exchange. On July 1, 2002 the Company received a notice of termination from Franklin terminating the proposed merger.

On August 28, 2001 the Company purchased a promissory note and warrant from Excelsior Radio Networks, Inc. (d/b/a eCom Capital, Inc.) ("Excelsior") for \$2,250. Excelsior, a subsidiary of Franklin, concurrently purchased certain assets from affiliates of Winstar Communications, Inc., which produce, syndicate and distribute radio programs and services. Excelsior had substantially no operations prior to this transaction.

The warrant to purchase 482,955 shares of Excelsior common stock at an exercise price of \$1.125 per share had an allocated fair value of approximately \$112 and represented 11% of Excelsior's fully diluted capital stock as of the date of issuance. The warrant is included in other assets in the accompanying Balance Sheet.

The allocated fair value at issuance of the note receivable, totaling \$2,138, is included in Notes Receivable in the accompanying Balance Sheet at December 31, 2001. Also included in notes receivable is the periodic accretion of the note discount, totaling \$76, and \$36 for the years ended December 31, 2002 and 2001, respectively, which is

included in interest income in the accompanying Statement of Operations. On October 1, 2002 the Company received full payment of interest and principal on this note receivable.

On December 4, 2001 the Company purchased from Franklin 250,000 shares of common stock or an approximate 10% equity interest of Excelsior for \$250. This investment is being accounted for under the cost method of accounting.

On April 3, 2002, the Company loaned to Excelsior an aggregate principal amount of approximately \$4,708 for the purpose of funding a portion of the initial cash purchase price of Excelsior's acquisition of certain assets of Dial Communications Group, LLC and Dial Communications Group, Inc. The note earns interest at a rate of 12% per annum, matures on April 3, 2003 and is secured by substantially all of the assets of Excelsior.

On January 15, 2003, the Company sold the 250,000 shares of Excelsior common stock, and the Excelsior warrant to Sunshine III, LLC, a shareholder of Excelsior, for total consideration of approximately \$648 in cash.

On January 21, 2003 the Company received full prepayment of interest and principal on the \$4,708 note.

INVESTMENT IN LIVESKY, INC.

On December 21, 2000, the Company purchased 625,001 shares of Series A Convertible preferred stock, representing an approximate 2% equity interest of LiveSky Solutions, Inc. ("LiveSky") in exchange for \$125. LiveSky is a developer of wireless technology, including mobile business strategy and assessment as well as mobile application design and development. This investment is being accounted for under the cost method of accounting.

In June 2002, the Company received notice that the board of directors of LiveSky had voted to liquidate LiveSky in the context of a Chapter 7 bankruptcy case. The Company has no obligation to provide additional funding to LiveSky. In connection with this action, the Company evaluated the recoverability of this investment by comparison of its carrying value relative to future cash flows. As a result of this analysis, the Company recorded an impairment charge in the second quarter to reduce the remaining balance to \$0. The impairment charge, totaling \$125 for the year ended December 31, 2002, is included in equity in losses and impairment of investments in unconsolidated affiliates in the accompanying Statement of Operations.

INVESTMENT IN ALACRA

On January 31, 2002, the Company purchased 38,840 shares of common stock, representing less than 1% equity interest, of Alacra, Inc. ("Alacra") in exchange for \$78. The Company has no obligation to provide additional funding to Alacra. Alacra provides a diverse portfolio of online and offline services that allow users to quickly find, analyze, package and present mission-critical business information. This investment is being accounted for under the cost method of accounting.

(5) ACQUISITIONS AND DIVESTITURES

ACQUISITION OF EHOTHOUSE, INC.

In February 2001, the Company acquired the remaining outstanding minority interest of its subsidiary, eHotHouse, for 2,155,519 shares of the Company's common stock valued at \$2,700 and approximately \$218 in cash. The acquisition was accounted for using the purchase method of accounting and accordingly, the purchase price was allocated to the pro rata portion of tangible and intangible assets acquired on the basis of their respective fair values on the date of acquisition. Of the total purchase price, approximately \$2,900 was allocated to identified intangible assets, including the assembled workforce. The fair value of acquired intangible assets was capitalized and was being amortized over the estimated useful life of three years. Related amortization for the year ended December 31, 2001 totaled \$648.

Also in February 2001, the Company acquired the former Chief Executive Officer's (of the Company and eHotHouse) shares of eHotHouse common stock in exchange for approximately \$182 in cash and 3,144,494 shares of Company common stock. This transaction was accounted for as the settlement of a prior stock award and, accordingly, the Company recognized \$2,682 in related compensation expense, representing the excess of the fair value of the cash and Company shares issued as settlement over the fair value of the eHotHouse shares on the original date of grant. Of this amount, \$2,500, representing the stock portion of the settlement, was included in equity-based compensation in the statement of operations for the year ended December 31, 2001.

Subsequent to the acquisition of the remaining outstanding minority interest, eHotHouse was merged with and into the Company.

In July 2001, the Board of Directors terminated the employment of the Company's then President and Chief Executive Officer. The former executive had an employment agreement dated August 21, 2000 that provided for severance benefits. The Company has paid, and will continue to pay, the former executive the severance he is entitled to under

2002 and is included in accrued expenses in the accompanying balance sheet.

Additionally, the Company recorded an impairment loss reflecting the impact of the executive's termination upon the carrying value of certain acquired intangible assets, and reversed certain unamortized deferred compensation related to unvested options that were forfeited in connection with the termination. The impairment loss reduced the remaining carrying value of the related intangibles to \$0 as of December 31, 2001.

ACQUISITION AND DIVESTITURE OF INSYS TECHNOLOGIES, INC.

On October 18, 2000, eHotHouse acquired substantially all of the operating assets and assumed certain liabilities of InSys Technology, Inc. ("InSys"), a provider of systems integration services. The acquisition was accounted for using the purchase method of accounting and accordingly, the purchase price was allocated to the tangible and identified intangible assets acquired on the basis of their respective fair values on the date of acquisition. The results of operations of InSys and the estimated fair value of the assets acquired and liabilities assumed are included in the Company's consolidated financial statements from the date of acquisition. The fair value of the intangible assets was determined based upon a combination of methods, including the income approach for the customer list, and the replacement cost approach for the value of the assembled workforce.

The total purchase price of \$867 consisted of cash, including acquisition related expenses consisting primarily of payments for legal and financial advisory services. Of the total purchase price, approximately \$700 was allocated to net tangible assets and the remainder was allocated to identify intangible assets, including the customer list and assembled workforce. The fair value of acquired intangible assets was capitalized and is being amortized over their estimated useful lives of three years. Related amortization for the years ended December 31, 2001 and 2000 totaled \$39 and \$11, respectively.

The InSys acquisition is summarized as follows:

losses, the Company evaluated the recoverability of its acquired intangible assets by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges totaling \$105, which reduced the remaining carrying value of the related intangibles to \$0 as of December 31, 2001.

On November 8, 2001 the Company sold a 51% voting interest in InSys to a certain member of the management team in exchange for \$50 and concurrently forgave approximately \$400 of advances to InSys. After considering the net book value of InSys, the level of retained ownership interest, and the value of the consideration exchanged, the Company incurred a loss on the disposition of the majority voting control totaling \$183 which is included in loss on disposal of subsidiaries in the accompanying Statement of Operations.

Concurrently, the Company loaned InSys \$100 evidenced by a promissory note. The note bears interest at a rate equal to the London Interbank Offer Rate plus 2%, until the principal amount of the note is paid in full. InSys is obligated to pay, at a minimum, on an annual basis 50% of the excess of its annual earnings before taxes. Such amount totaled \$0 for the year ended December 31, 2002.

The Company's retained equity interest and note receivable, net of the Company's pro rata share of InSys' equity losses absorbed during the period from November 8, 2001 to December 31, 2002, totals \$121 and is included in investments in and loans to unconsolidated subsidiaries on the accompanying Balance Sheet. The Company's pro rata share of InSys' net loss for the year ended December 31, 2002 and for the period from November 8, 2001 to December 31, 2001 totaled \$191 and \$11, respectively. This amount is included in equity in losses and impairment of investments in unconsolidated affiliates in the accompanying Statement of Operations.

ACQUISITION AND DIVESTITURE OF RAND INTERACTIVE CORPORATION

On November 30, 2000, eHotHouse acquired all of the issued and outstanding common stock of RAND Interactive Corporation ("RAND"), a leading provider of media and technical services. The acquisition was accounted for using the purchase method of accounting and, accordingly, the total consideration was allocated to the tangible and intangible net assets acquired and liabilities assumed on the basis of their respective fair values on the date of acquisition. The results of operations of RAND and the estimated fair value of the assets acquired and liabilities assumed are included in the Company's consolidated financial statements from the date of acquisition.

The total purchase price of approximately \$1,400 consisted of \$700 of eHotHouse common stock (1,020,000 shares), \$700 in cash including other acquisition related expenses, consisting primarily of payments for legal and financial advisory services. Of the total purchase price, \$47 was allocated to net tangible liabilities assumed, and the remainder was allocated to identify intangible assets, including customer lists and the assembled workforce. The fair value of the identified intangible assets was determined using the income approach for the customer list, and the replacement cost approach for the value of the assembled workforce. As a result of the aforementioned terminations during 2001, coupled with the historical and projected operating and cash flow losses, the Company evaluated the recoverability of its acquired intangible assets by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges totaling \$1,030, which are included in impairment charges in the accompanying Statement of Operations for the year ended December 31, 2001.

On November 2, 2001 the Company sold all issued and outstanding shares of RAND to certain members of management in exchange for 375,039 shares of the Company's common stock, and a warrant to purchase such amount of shares of common stock that shall equal, at the time of exercise, 30% of the issued and outstanding shares of RAND common stock on a fully diluted basis. Such warrant has a stated exercise price of \$1.00 in the aggregate, expires on November 3, 2013, and is contingently exercisable upon the occurrence of certain prospective events, as defined. After considering the net book value of RAND, the consideration received and the fair value of the warrants received, the Company incurred a loss on the disposition of RAND totaling \$194 which is included in loss on disposal of subsidiaries on the consolidated Statement of Operations for the year ended December 31, 2001.

ACQUISITION OF IGUANA STUDIOS, INC.

In March 2001, the Company acquired Iguana Studios, Inc. ("Iguana"), a New York City-based interactive agency, for approximately \$5,771, including \$2,786 in cash, 2,700,000 shares of the Company's common stock valued at approximately \$1,990, and replacement options to purchase 1,681,888 shares of Company common stock, which vested upon the change in control, valued at approximately \$995.

The business combination was accounted for using the purchase method of accounting and, accordingly, the total consideration was allocated to the tangible and intangible

F-23

assets acquired and liabilities assumed on the basis of their respective fair values on the date of acquisition. The results of operations of Iguana, and the estimated fair value of the assets acquired and liabilities assumed are included in the Company's consolidated financial statements from the date of acquisition. Of the total purchase price, approximately \$1,815 was allocated to the net tangible assets acquired, \$1,300 was allocated to identify intangible assets, including customer base and assembled workforce, and the remainder was allocated to goodwill. The fair value of the identified intangible assets was determined using the income approach for the customer base, and the replacement cost approach for the assembled workforce. The purchased intangible assets and goodwill were being amortized over their estimated useful lives of three years. Related amortization for the year ended December 31, 2001 totaled \$935.

The Iguana acquisition is summarized as follows:

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

As a result of the aforementioned terminations, coupled with the historical cash flow losses, the Company evaluated the recoverability of its acquired intangible assets and goodwill by comparison of the carrying value relative to future cash flows. As a result, the Company recorded impairment charges totaling \$3,878, which reduced the remaining carrying value of the related intangibles to \$0 as of December 31, 2001.

Also in connection with the acquisition of Iguana, 2,300,000 shares of the Company's common stock were placed in escrow (the "Escrow Shares"). The related contingency period expired in July 2002, at which time the fair value of such shares was included in the aggregate purchase price. As of December 31, 2001 all employees of Iguana had been terminated, and the subsidiary's operating activities had ceased. The remaining net book value of Iguana intangibles was \$0. Accordingly, the Company has recorded additional impairment charges totaling \$69 representing the fair value of such shares. This amount is included in Impairment Losses in the accompanying Statement of Operations for the year ended December 31, 2002.

ACQUISITION OF PAPKE-TEXTOR, INC.

In June 2001, the Company acquired Papke-Textor, Inc. d/b/a Canned Interactive ("Canned"), a Los Angeles-based media and entertainment interactive agency, for approximately \$1,137 in cash, including acquisition costs, and 6,436,552 shares of the Company's common stock valued at approximately \$953.

The business combination was accounted for using the purchase method of accounting and, accordingly, the total consideration was allocated to the tangible and intangible assets acquired and liabilities assumed on the basis of their respective fair values on the date of acquisition. The results of operations of Canned, and the estimated fair value of the assets acquired and liabilities assumed are included in the Company's consolidated financial statements from the date of acquisition. Of the total purchase price,

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

approximately \$104 was allocated to the net tangible liabilities assumed, \$2,177 was allocated to identified intangible assets, primarily assembled workforce, and to goodwill. The fair value of the identified intangible assets was determined using the replacement cost approach for the assembled workforce. The purchased intangible assets and goodwill were being amortized over their estimated useful lives of three years. On January 1, 2002, in connection with the Company's adoption of SFAS 142, the value ascribed to the acquired workforce was subsumed into goodwill, and amortization of these assets ceased. The remaining unamortized amount, totaling \$1,568 at December 31, 2002 is included in goodwill in the accompanying balance sheet.

The Canned acquisition is summarized as follows:

Fair value of tangible assets acquired.....	\$ 329
Fair value of identified intangible assets acquired.....	2,177
Liabilities assumed.....	(433)

	\$ 2,073
	=====
Cash paid, including acquisition costs of \$250.....	\$ 1,137

Also in connection with the acquisition of Canned, \$200 in cash and 715,172 shares of the Company's common stock were placed in escrow (the "Escrow Shares"). The related contingency period expired in December 2002, at which time the cash and the then fair value of the shares, totaling \$214, was included in the aggregate purchase price.

(6) NOTE RECEIVABLE

In April 2001, the Company loaned two consultants an aggregate of \$500. The full recourse promissory notes, with initial principal amounts of \$350 and \$150, respectively, accrue interest at the rate of 7.25% per annum. Payments are due in various installments of principal plus accrued interest commencing on April 25, 2002 and continuing annually thereafter through April 25, 2006. In April 2002, the Company received the first such installment, totaling \$61.

Total minimum lease payments have not been reduced for future minimum sublease rentals totaling approximately \$342.

As a result of the company's divestiture of certain operations, employee terminations and terminated business combination, the Company has evaluated its alternatives with respects to its contractual obligations concerning leased facilities. As of June 30, 2002, the Company determined that certain facilities have no substantive future use of benefit to the Company. The Company accrued the remaining costs, net of sublease income, relating to these leases in the second quarter. At December 31, 2002, \$738 of this amount remained.

Rent expense was approximately \$1,183 and \$963 for the years ended December 31, 2002 and 2001, respectively.

LEGAL PROCEEDINGS

The Company is involved in various legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Company's consolidated financial position, results of operation or liquidity.

(8) STOCKHOLDERS' EQUITY

On March 28, 2000, Arinco Computer Systems Inc. (the predecessor to the Company, see September 12, 2000 transaction below) was acquired by an investor group led by Pangea Internet Advisors, LLC. Prior to this transaction, neither Arinco Computer Systems Inc., a public shell, or Pangea Internet Advisors, LLC were

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

active or had substantive business operations. Investors purchased 4,000,000 shares of Series B Convertible Preferred Stock ("Series B Stock") for net proceeds to the Company of \$39,450. Each share of Series B stock is convertible into 40 common shares, and the Series B Stock, collectively, represents approximately 97% of the voting interest of the Company. If by December 31, 2000 the Company's authorized common stock had not been increased to provide for the conversion of all Series B Stock, holders of 50% of the Series B stock could require the Company to redeem all such Series B Stock at \$10 per share on demand. Accordingly, Series B Stock was classified as temporary equity until shareholder approval was obtained to sufficiently increase the number of authorized common shares. However, as the Series B shareholders effectively controlled the Company, shareholder approval was perfunctory and, accordingly, the full deemed dividend was recognized immediately.

Also on March 28, 2000, certain other investors purchased warrants ("warrants") to purchase 41,250,000 shares of common stock for \$100. Of these warrants, 20% have an exercise price of \$.25 per share, 30% have an exercise price of \$.50 per share, 30% have an exercise price of \$.75 per share and 20% have an exercise price of \$1.00 per share. The warrants are exercisable at the election of the holder for a period of five years.

In April, 2002 the Company cancelled 15,468,748 of these outstanding warrants to purchase common stock, with a weighted average exercise price of \$0.85, in exchange for no consideration.

The difference between the price of the Series B Stock on an as converted basis of \$0.25 and \$4.88 (the fair value of common stock on the date of issuance of the Series B Stock), or \$4.63, multiplied by the number of shares of Series B Stock on an as if converted basis, represents the intrinsic value of the beneficial conversion feature, which totaled approximately \$741,000. However, as the intrinsic value of the beneficial conversion feature is greater than the \$40,000 in gross proceeds received from the Series B Stock issuance, the amount of the discount attributed to the beneficial conversion feature is limited to the \$40,000 of gross proceeds received. The beneficial conversion feature was

F-27

(In thousands, except share and per share data)

recorded in the quarter ended March 31, 2000 as a non-cash preferred stock dividend because the Series B Stock is effectively convertible at the option of the preferred stockholders. The \$40,000 non-cash dividend increased the Company's net loss attributable to common stockholders by the same amount.

On March 28, 2000, 1,000,000 shares of Series B Stock were converted into 40,000,000 shares of common stock.

On September 12, 2000, Arinco Computer Systems Inc. merged with and into the Company (d/b/a Pangea Internet, Inc.), a wholly owned subsidiary. All shareholders of Arinco Computer Systems Inc. became stockholders of the Company. Pursuant to the terms of the merger agreement, each outstanding share of Arinco Computer Systems Inc. common stock, Series A preferred stock and Series B preferred stock and warrants was converted into one share of common stock, Series A preferred stock, and Series B preferred stock and warrants,

Edgar Filing: CHANGE TECHNOLOGY PARTNERS INC - Form 10-K

respectively, of the Company. As a result of the merger, the total number of shares of stock which the Company has authority to issue was increased to 505,000,000 shares, of which 500,000,000 are common stock, par value \$0.01 per share and 5,000,000 are preferred stock, par value \$0.10 per share. This transaction was accounted for as a transaction between companies under common control and therefore there was no adjustment to the historical basis of the assets and liabilities of Arinco Computer Systems Inc. Additionally, as a result of this transaction and the resulting increase in the number of authorized shares of common stock, the redemption feature on the Series B preferred shares was nullified and, accordingly, the Series B Preferred Stock was reclassified to stockholders equity.

In 2002, the Company purchased an aggregate of 33,588 shares of the Company's common stock from certain stockholders in exchange for an amount which approximated fair value.

The Company's Series A and Series B Preferred stock are convertible to common stock on a 1 for 1 and 40 for 1 basis respectively, and have voting rights on an as if converted basis. Series A Preferred stock accumulates \$0.6 per share cumulative dividends annually, payable each May 31st at the discretion of the Board of Directors. Series A Preferred stockholders are not entitled to payment of any accrued but unpaid dividends existing at the time of a voluntary conversion of such stock to common stock.

(9) EQUITY BASED COMPENSATION

Under the terms of the Company's incentive stock option plans, employees, directors, and consultants may be granted options to purchase the Company's common stock at no less than 100% of the market price on the date the option is granted (110% of fair market value for incentive stock options granted to holders of more than 10% of the voting stock of the Company). Options generally vest over three or four years and have a maximum term of 10 years.

During 2000, the Company granted stock options to purchase 4,600,000 shares of common stock to the former Chief Executive Officer and members of the Board of Directors at a weighted average exercise price of \$1.21, all of which were granted at less than the fair value of the common stock on the measurement date. The Company recorded deferred compensation of approximately \$2,480 in connection with the grant of these options. This amount is presented as deferred compensation within the accompanying balance sheet and is being amortized over the related vesting period, of either three or four years. In 2001, in connection with the termination of the former Chief Executive Officer, and in 2002, in connection with the voluntary departure of a member of the board of directors, the Company reversed certain of this unamortized deferred

departures. The Company amortized \$377, \$615 and \$693 of deferred compensation during the years ended December 31, 2002, 2001 and 2000, respectively. The Company will amortize the remaining deferred compensation of \$268 over the remaining vesting period of 21 months.

In September 2001, the Compensation Committee of the Board of Directors, granted to the newly appointed Chief Executive Officer options to purchase 9,000,000 shares of the Company's common stock at an exercise price of \$0.03 per share, the then fair value of the underlying common stock. Of this grant, options to purchase 6,000,000 shares of the Company's common stock were subject to shareholder approval, which was obtained in August 2002 when the fair value of the underlying stock was \$0.02 per share.

During the year ended December 31, 2001, the Compensation Committee of the Board of Directors granted to certain members of the Board of Directors options to purchase an aggregate of 3,000,000 and 200,000 shares of the Company's common stock at an exercise price of \$0.03 and \$0.50 per share, respectively, the then fair value of the underlying common stock.

On November 7, 2001, the Compensation Committee of the Board of Directors granted to a new member of the Board of Directors options to purchase an aggregate of 2,000,000 shares of the Company's common stock at an exercise price of \$0.06 per share, the then fair value of the underlying common stock. However, in connection with such new member of the Board of Directors' resignation on December 31, 2002, he surrendered options to purchase 1,300,000 shares of the Company's common stock. He retained options to purchase the remaining 700,000 shares of the Company's common stock.

(10) RELATED PARTY TRANSACTIONS

During the year ended December 31, 2002, the Company incurred legal fees in connection with certain transactions and other matters in the normal course of business. A portion of these services was provided by a firm of which a member of the Board of Directors of the Company is a partner. Fees incurred by this firm totaled approximately \$387 and \$881 for the years ended December 31, 2002 and 2001, respectively.

Additionally, during the year ended December 31, 2002, the Company incurred management and investment advisory service fees in connection with identifying, evaluating, negotiating, and managing investment opportunities for the Company. These services were provided by a firm of which the current President and Chief Executive Officer of the Company was previously affiliated. Fees incurred by the Company to this firm totaled \$135 and \$510 in the years ended December 31, 2002 and 2001, respectively. Additionally, this firm occupies a portion of the Company's office space in
