PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of Proxies for Class A Common Stock and Class B Common Stock by the Board of Directors of Interface, Inc. (the "Company") for use at the annual meeting of shareholders of the Company to be held on May 21, 2002, and any adjournment thereof, for the purposes set forth in the accompanying notice of the meeting. It is anticipated that this Proxy Statement and the accompanying Proxy will first be mailed to shareholders on April 17, 2002.

The record of shareholders entitled to vote at the annual meeting was taken as of the close of business on March 18, 2002. On that date, the Company had outstanding and entitled to vote 43,793,180 shares of Class A Common Stock and 7,031,347 shares of Class B Common Stock. Except for (i) the election and removal of directors, and (ii) class votes as required by law or the Company's Articles of Incorporation, holders of both classes of Common Stock vote as a single class. In all cases, holders of Common Stock (of either class) are entitled to cast one vote per share.

Each Proxy for Class A Common Stock ("Class A Proxy") or Class B Common Stock ("Class B Proxy") that is properly executed and returned by a shareholder will be voted as specified thereon by the shareholder. If no specification is made, the Proxy will be voted for the election of the nominees (Class A or Class B, as the case may be) listed herein under the caption "Nomination and Election of Directors." A Proxy given pursuant to this solicitation may be revoked by a shareholder who attends the meeting and gives oral notice of his or her election to vote in person, without compliance with any other formalities. In addition, a Proxy given pursuant to this solicitation may be revoked prior to the meeting by delivering to the Secretary of the Company either an instrument revoking it or a duly executed Proxy for the same shares bearing a later date.

An automated system administered by the Company's transfer agent tabulates the votes. Abstentions and broker non-votes are included in the determination of

Edgar Filing: INTERFACE INC - Form DEF 14A

the number of shares present and entitled to vote (to establish a quorum). Abstentions are the equivalent of a non-vote since directors are elected by a plurality of the votes cast. Broker non-votes are not counted for purposes of determining whether a proposal has been approved.

The expense of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be paid by the Company. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to the beneficial owners of shares of the Company's Common Stock, and normal handling charges may be paid for the forwarding service. In addition to solicitations by mail, directors and regular employees of the Company may solicit Proxies in person or by telephone, fax or e-mail. The Company also has retained Georgeson & Company, Inc., a proxy solicitation firm, to assist in soliciting Proxies from beneficial owners of shares of the Company's Common Stock. The fee for such assistance will be \$7,000 (plus expenses).

The closing price of the Company's Class A Common Stock as reported on the Nasdaq National Market on April 5, 2002 was \$6.26 per share. There is no public market for the Class B Common Stock (but Class B shares are convertible on a share-for-share basis into Class A shares).

NOMINATION AND ELECTION OF DIRECTORS (ITEM 1)

The Bylaws of the Company provide that the Board of Directors shall consist of a maximum of 15 directors, the exact number of directors being established by action of the Board taken from time to time. The Board of Directors has set the number of directors at 11. The holders of Class B Common Stock are entitled to elect a majority (six) of the Board members. The holders of Class A Common Stock are entitled to elect the remaining (five) directors. The term of office for each director continues until the next annual meeting of shareholders and until his or her successor, if there is to be one, has been elected and has qualified.

In the event that any nominee for director withdraws or for any reason is not able to serve as a director, each Proxy that is properly executed and returned will be voted for such other person as may be designated as a substitute nominee by the Board of Directors, but in no event will any Class A Proxy be voted for more than five nominees or Class B Proxy be voted for more than six nominees. Management of the Company has no reason to believe that any nominee will not serve if elected.

(1) Represents the dollar value of restricted stock awarded to the named executive officer (calculated by multiplying the number of shares awarded by the closing price of the Company's Class A Common Stock as reported by the Nasdaq National Market on the date of grant). As of December 30, 2001, 807,476 shares of restricted stock were held by various executive officers of the Company and its subsidiaries, with an aggregate value of \$4.72 million (based on the closing price of the Company's Class A Common Stock as reported on the Nasdaq National Market on December 28, 2001). Awards of restricted stock vest in increments of one-third, with the first two one-thirds vesting upon no earlier than the second and fourth anniversaries, respectively, of the grant date and only if the price of the Company's Class A Common Stock has appreciated 15% per annum, compounded annually, as of such anniversary. The final one-third vests upon the ninth anniversary of the grant date. All such restricted shares vest on the ninth anniversary of the grant date if not vested previously under the stock price performance criteria.

- (2) Includes the Company's matching contribution under the Company's Savings and Investment Plan and/or its Nonqualified Savings Plan (\$18,145, \$11,365, \$12,540, \$10,465 and \$11,021 for Messrs. Anderson, Hendrix, Wells, DeMoura and Bertolucci, respectively, in 2001). Also includes the Company's payment of premiums on additional optional life insurance for the named executives (\$6,858, \$810, \$540, \$1,032 and \$3,416 for Messrs. Anderson, Hendrix, Wells, DeMoura and Bertolucci, respectively, in 2001) and, in the case of Messrs. Anderson and Hendrix, the dollar value of the annual premiums paid by the Company under certain life insurance policies pursuant to split-dollar insurance agreements with such officers (\$173,000 and \$72,032, respectively, in 2001).
- (3) Mr. Anderson retired as Chief Executive Officer on July 1, 2001, but continued throughout 2001 to participate in strategic policy decision making in his transition role as non-executive Chairman of the Board.
- (4) Includes restricted Class B Common Stock awarded to the named executive officer in July 2000 which was issued in exchange for the cancellation of stock options that were awarded in January 1998, at the ratio of three shares of restricted stock per four stock options canceled. Thus, retroactively adjusting the January 1998 stock option awards to reflect a two-for-one stock split on June 15, 1998, 9,900 options awarded to Mr. Hendrix, 15,824 options awarded to Mr. Wells, 15,824 options awarded to Mr. DeMoura and 11,160 options awarded to Mr. Bertolucci were canceled in July 2000, and 7,425, 11,868, 11,868 and 8,370 shares of restricted stock, respectively, were awarded in lieu thereof in July 2000.

COMPENSATION PURSUANT TO SALARY CONTINUATION PLAN

The Company maintains a nonqualified salary continuation plan (the "Salary Continuation Plan") which is designed to induce selected officers of the Company to remain in the employ of the Company by providing them with retirement, disability and death benefits in addition to those which they may receive under the Company's other benefit programs. The Salary Continuation Plan entitles participants to (i) retirement benefits upon retirement at age 65 (or early retirement at age 55) after completing at least 15 years of service with the Company (unless otherwise provided in the plan), payable for the remainder of their lives and in no event for less than 10 years under the death benefit feature; (ii) disability benefits payable for the period of any pre-retirement total disability; and (iii) death benefits payable to the designated beneficiary

Edgar Filing: INTERFACE INC - Form DEF 14A

of the participant for a period of up to 10 years. Benefits are determined according to one of three formulas contained in the Salary Continuation Plan. The Salary Continuation Plan is administered by the Compensation Committee, which has full discretion in choosing participants and the benefit formula applicable to each. The Company's obligations under the Salary Continuation Plan are currently unfunded (although the Company uses insurance instruments to hedge its exposure thereunder); however, the Company is required to contribute the present value of its obligations thereunder to an irrevocable grantor trust in the event of a "Change in Control" (as such term is defined in the Salary Continuation Plan) of the Company.

(1) All options were granted at an exercise price equal to the fair market value of the Class A Common Stock on the date of grant. These options vest ratably over a period of five years.

(2) These amounts represent certain assumed rates of appreciation only, from the original exercise price on the date of grant to the end of the option term. Actual gains, if any, on stock option exercises are dependent on the future performance of the Class A Common Stock and overall market conditions. The amounts reflected in this table may not necessarily be achieved.

OPTION EXERCISES AND YEAR-END OPTION VALUES

The following table sets forth, for each of the named executive officers, (i) the number of shares of Common Stock received upon exercise of options, (ii) the aggregate dollar value received upon exercise, (iii) the number of options held at fiscal year-end, and (iv) the value of such options at fiscal year-end.

(1) Aggregate market value of the shares issuable upon exercise of the options (based on December 28, 2001 closing price for Class A Common Stock of \$5.85 per share), less the aggregate exercise price payable by the named executive officer.

EMPLOYMENT AGREEMENTS

In April 1997, the Company entered into employment agreements with each of the named executive officers, appointing them to their current respective positions. The agreements are substantially similar, except for such differences as are noted below. Mr. Hendrix's agreement was for an initial term of five years and

10

thereafter has a rolling two-year term, such that the remaining term is always two years. Each of Messrs. Anderson's, Bertolucci's, DeMoura's and Wells' agreements is for a rolling two-year term such that the remaining term is always two years. The Company may terminate any of such agreements upon two years' notice. Mr. Hendrix is eligible under his agreement for an extraordinary bonus of up to \$100,000 in each of the initial five years of the employment agreement if certain financial performance targets are achieved. These financial performance targets were not achieved in 2001, which was the last year of the arrangement.

In the event that the Company terminates an officer's employment without just cause, the officer will be entitled to continue to receive his salary and bonus, and participate in certain employee benefit plans, for the remainder of the term of the agreement. The officer also will immediately vest in all unvested employee stock options, and a percentage of theretofore unvested restricted stock awards (as specified in the applicable restricted stock agreement). The employment agreements also contain provisions placing restrictions on the officer's ability to compete with the Company following the termination of the agreement.

CHANGE IN CONTROL AGREEMENTS

In April 1997, each of the named executive officers entered into substantially similar "change in control agreements" with the Company. The agreements provide for certain benefits in the event of a termination of employment under certain circumstances in connection with a "Change in Control" (as defined in the agreements) of the Company. In general, each agreement provides benefits to the officer upon an "Involuntary Termination" (essentially, termination without cause) or a "Voluntary Termination" (essentially, resignation in the face of coercive tactics) occurring within 24 months after or six months prior to the date of a change in control. Upon any such termination, the officer will be entitled to receive the following benefits: (i) the officer's then-current salary, for the balance of the term, paid in a lump sum discounted to present value; (ii) bonus payments for the balance of the term, paid in a lump sum discounted to present value and based upon the bonuses received during the two years prior to the termination, as well as a prorated bonus for the year in which employment is terminated; (iii) continuation of

Edgar Filing: INTERFACE INC - Form DEF 14A

health and life insurance coverage for the balance of the term; and (iv) continuation of eligibility to participate in Company retirement plans for the balance of the term, or the provision of comparable benefits. In addition, the officer will immediately vest in all unvested employee stock options and restricted stock awards in the event of a Change in Control. Benefits paid under the change in control agreements will be reduced by the compensation and benefits, if any, paid to an officer pursuant to his employment agreement with the Company. If the payment of any such benefits would result in the imposition of an excise tax under Section 4999 of the Internal Revenue Code, the officer is entitled to receive a "gross-up" payment to cover the amount of the excise taxes and any related taxes on the gross-up payment.

Mr. Hendrix's agreement was for an initial term of five years and thereafter has a rolling two-year term, such that the remaining term is always two years. Each of Messrs. Anderson's, Bertolucci's, DeMoura's, and Wells' agreements is for a rolling two-year term such that the remaining term is always two years. The Company generally may terminate any of such agreements upon two years' notice.

COMPENSATION OF DIRECTORS

The Company has a policy pursuant to which non-employee directors ("outside directors") are paid an annual director's fee of \$25,000, plus \$1,000 for each Board or Board committee meeting attended.

The Company has agreed to pay Leonard G. Saulter, who previously served as an executive officer of the Company, a retirement benefit of \$15,000 per year beginning in 1999 and for the remainder of his life. The Company made the required payment during 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2001, the Company paid premiums to J. Smith Lanier & Co., an insurance agency, of approximately \$3,542,272 in connection with insurance policies purchased on behalf of the Company. J. Smith Lanier, II, a director of the Company, has a substantial ownership interest in this insurance agency. Management of the Company believes that the insurance brokerage transactions were effected on terms at

11

least as favorable to the Company as could have been obtained from other sources or unrelated parties in view of the nature of the transactions and the services rendered.

The Company has made loans to Ray C. Anderson, its Chairman, primarily in connection with Mr. Anderson's payment of income taxes that were due prior to the payment of expected compensation from the Company. The largest aggregate amount of such indebtedness outstanding at any time during fiscal 2001 was \$600,958. The indebtedness bears no interest, and the amount outstanding as of March 31, 2002, was \$601,217.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation awards and achievement criteria for the Company's senior management are recommended annually by the Company's Chief Executive Officer, and reviewed and approved by the Compensation Committee of the Board of Directors. The current members of the Compensation Committee are June M. Henton, Christopher G. Kennedy and Thomas R. Oliver (Chair), all of whom are outside directors.

The Company's compensation program is designed to enable the Company to

Edgar Filing: INTERFACE INC - Form DEF 14A

attract, motivate and retain outstanding senior management. The program consists of three principal components: (i) competitive base salaries, (ii) annual, variable cash bonuses based on the achievement of established financial and, for certain executives, nonfinancial objectives, and (iii) long-term stock option and restricted stock incentives. Under the program, a substantial portion of an executive's compensation is directly linked to the Company's financial performance and the interests of shareholders. The Committee strives to administer the program to present total compensation packages for senior executives of the Company that are commensurate with the responsibilities undertaken by the executives, and that are competitive with packages offered by comparable companies.

The Company periodically engages a nationally recognized consulting firm to assist it in developing appropriate compensation packages for senior executives. Information concerning compensation offered by other employers in the industry, as well as other publicly traded companies similar in size and growth rate to the Company, is considered as one of several factors in developing such compensation packages. The Committee generally targets the median for base salaries and third quartile for total cash compensation (base salary and bonus) provided objectives are substantially achieved. Certain of the companies considered from time to time are included in the companies comprising the "self-determined peer group" index used in the performance graph below.

Base Salary. Base salary compensation is based on a variety of factors, including the executive's level of responsibility, time with the Company, geographical cost-of-living considerations and individual contribution and performance, as well as internal equalization policies of the Company, comparison to executive pay outside of the Company, and general economic conditions. (Evaluation of certain of these factors is subjective, and no fixed, relative weights are assigned to the criteria considered.) In fiscal 2001, three of the senior executives received raises in base salary in connection with promotions (Mr. Hendrix, who was promoted to President and Chief Executive Officer, was the only named executive officer that received a raise in base salary in 2001).

Bonuses. The Company's incentive compensation program is tied to Company, business unit (subsidiary) and individual performance. Each executive officer of the Company (including the Chief Executive Officer) is assigned a range of bonus potential (expressed as a percentage of base salary), and a personalized set of financial and, in some cases, nonfinancial objectives for the year. Evaluation of nonfinancial objectives is, inherently, somewhat subjective, and equal weight is assigned to each of these objectives. For fiscal 2001, 70% to 100% of each executive officer's bonus potential was based on measurable financial performance. Typical relative weights assigned to financial objectives are indicated below. The amount of bonus earned is determined by the degree to which the financial and nonfinancial objectives have been achieved.

For the senior executives of the Company who are directly accountable for the profitability of subsidiaries or business groups, financial objectives for 2001 were at least 90% of the bonus opportunity and focused on: (i) operating income for operations managed, (ii) VBM (value-based management/cash flows) for opera-

tions managed, and (iii) earnings per share. These financial objectives typically were assigned equal relative weights. Nonfinancial objectives for such senior executives are tailored to their respective markets and geographic regions, but consistently focus on sales and competitive strategies, strategic acquisitions, investments and alliances, synergistic cooperation with affiliated companies, technological advancements, quality control measures and employee

Edgar Filing: INTERFACE INC - Form DEF 14A

relations.

Mr. Anderson's financial objectives for 2001 (100% weight) were based on: (i) operating income, (ii) VBM, and (iii) earnings per share. These financial objectives were assigned equal relative weights. Application of the formula, based on Mr. Anderson's achievement of target levels for his bonus objectives in 2001, rendered no bonus.

Mr. Hendrix's financial objectives for 2001 (70% weight), which were set at the time he held the positions of Executive Vice President, Chief Financial Officer and Treasurer, were based on: (i) operating income, (ii) VBM, and (iii) earnings per share. Relative weights assigned to such financial objectives were 25%, 25% and 20%, respectively. Application of the formula, based on Mr. Hendrix's achievement of target levels for his bonus objectives in 2001, rendered no bonus.

Stock Options and Restricted Stock. The Company also utilizes grants of stock options and restricted stock awards to its executives to strengthen the mutuality of interests between the Company's senior management and shareholders. Awards in recent years have been based on a long-term incentive stock program developed with the assistance of a nationally known consulting firm and adopted in January 1997. The award to Mr. Hendrix in January 2001 recognized his pending promotion to the position of President and Chief Executive Officer effective July 1, 2001.

Stock options and restricted stock awards help to retain and motivate executives. Options granted under the Company's stock option plans have an exercise price equal to at least 100% of the market price of the underlying Common Stock on the date of grant. Thus, the options only have value if the market price of the Company's stock rises. Moreover, options granted under such plans typically vest incrementally over a five-year period, compelling an executive to remain with the Company for a significant time period before being able to fully recognize the value of the options. The five-year vesting schedule also serves to focus executives on the long-term objectives of the Company.

Similarly, restricted stock awards increase in value as the market price of the Company's stock rises. Such awards also vest over a period of multiple years; the executive generally must remain employed with the Company for a period of nine years from the date of grant to completely vest in an award. The Committee believes stability of quality management and a proper focus on long-term Company objectives provide for enduring shareholder value. Each of the named executive officers holds stock options and/or restricted stock. Information concerning awards of stock options and restricted stock to the named executive officers in 2001 is shown in the "Summary Compensation Table" and the "Option Grants in Last Fiscal Year" table above.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held corporations for compensation in excess of \$1,000,000 in any taxable year that is paid to the corporation's chief executive officer or any of the four other most highly compensated executive officers. Certain performance-based compensation, however, is not subject to the limit on deductibility imposed by Section 162(m). In particular, executive compensation under the Company's executive bonus plan qualifies for deductibility under Section 162(m).

The foregoing policies and programs are subject to change as the Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and serve the objectives of the Company and its shareholders.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission and the Nasdaq National Market reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during fiscal 2001 all filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were complied with.

INFORMATION CONCERNING THE COMPANY'S ACCOUNTANTS

BDO Seidman, LLP served as the independent auditors for the Company during fiscal 2001. Management of the Company anticipates that BDO Seidman, LLP will be the independent auditors for the current fiscal year, but the Board of Directors has not yet considered the selection of public accountants for the current year. Representatives of BDO Seidman, LLP are expected to be present at the annual meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

AUDIT FEES

The aggregate fees billed the Company by BDO Seidman, LLP for professional services rendered for the audit of the Company's annual financial statements for fiscal 2001 included in the Company's annual report on Form 10-K for the year ended December 30, 2001, and the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q for the quarters ended April 1, 2001, July 1, 2001 and September 30, 2001, were \$1,127,817.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

BDO Seidman, LLP provided no financial information systems design and implementation services to the Company and thus did not bill the Company for such services.

ALL OTHER FEES

The aggregate fees billed the Company by BDO Seidman, LLP for all other services were \$485,398, including \$177,555 for audits of immaterial subsidiaries, \$12,400 for audits of employee benefit plans, \$2,370 for services related to the Company's S-8 filing regarding an amendment to the Omnibus Stock Incentive Plan, \$271,453 for tax consulting services and \$21,620 for other accounting fees.

Edgar Filing: INTERFACE INC - Form DEF 14A

The Audit Committee operates pursuant to an Audit Committee Charter that was adopted by the Board of Directors. The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent accountants, BDO Seidman, LLP, are responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for expressing an opinion as to their conformity with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and BDO Seidman, LLP. In addition, the Audit Committee has discussed with BDO Seidman, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, "Communications with Audit Committee," as currently in effect. In addition, the Audit Committee has received the written disclosures from BDO Seidman, LLP required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has discussed with the independent accountants their independence. The Audit Committee has also considered whether the provision of those services discussed above under the caption "All Other Fees" by BDO Seidman, LLP is compatible with maintaining BDO Seidman, LLP's independence.

The Board of Directors, in its business judgment, has determined that all three members of the Audit Committee are "independent," as required by applicable listing standards of Nasdaq. The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of auditing or accounting, including in respect of auditor independence. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and BDO Seidman, LLP. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has followed appropriate accounting and financial reporting principles or maintained appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are "independent."

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Company's annual report on Form 10-K for the year ended December 30, 2001 for filing with the Securities and Exchange Commission.
