PLAN OF DISTRIBUTION

ICE is registering the Shares covered by this prospectus supplement for the selling stockholders. Pursuant to a registration rights agreement by and among ICE and the selling stockholders named therein, dated as of June 3, 2008 (the Registration Rights Agreement), ICE agreed to register the resale of the Shares acquired by the selling stockholders in connection with ICE's acquisition of Creditex, which includes the Shares received in January 2009 as a post-closing adjustment to the consideration paid by ICE thereto. ICE also agreed to indemnify the selling stockholders against certain liabilities related to the selling of the Shares, including liabilities arising under the Securities Act. Under the Registration Rights Agreement, ICE also agreed to pay the costs and fees of registering the Shares. However, the selling stockholders will pay any discount, commission or broker's fee relating to the sale of the Shares.

The Shares offered by this prospectus supplement may be sold from time to time by any selling stockholder (or by such stockholder's pledgees, donees, transferees or other successors in interest) directly or, alternatively, through broker-dealers acting as dealers or agents. The Shares may be sold on the New York Stock Exchange, in the

Table of Contents

over-the-counter market or otherwise, in one or more transactions at fixed prices (which may be changed), at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. The sales may be made by one or more, or a combination, of the following methods:

a block trade in which a broker-dealer will attempt to sell the Shares as agent, but may resell all or a portion of the block as a principal to facilitate the transaction;

a broker-dealer may purchase the common stock as a principal and then resell the common stock for its own account;

an exchange distribution in accordance with the rules of the applicable exchange;

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

privately negotiated transactions;

by pledge to secure debts or other obligations;

through the issuance of derivative securities, including warrants, exchangeable securities, forward delivery contracts and the writing of options;

to cover hedging transactions; or

any other legally available means permitted by the terms of the Registration Rights Agreement.

In connection with sales of the common stock or otherwise, any selling stockholder may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. Any selling stockholder may also sell common stock short and deliver common stock to close out short positions, or loan or pledge common stock to broker-dealers that in turn may sell these securities.

Any selling stockholder may select broker-dealers to sell Shares. Broker-dealers that any selling stockholder engages may arrange for other broker-dealers to participate in selling the Shares. Any selling stockholder may give these broker-dealers commissions, discounts or other concessions in amounts to be negotiated at the time of sale. In connection with these sales, the participating broker-dealers, as well as any selling stockholder (and any such stockholder's pledgees, donees, transferees and other successors in interest), may be deemed to be underwriters within the meaning of Section 2(a)(11) of the Securities Act in connection with the sales of the Shares. Accordingly, any commission, discount or other concession received by them and any profit on the resale of the Shares received by them may be deemed to be underwriting discounts or commissions under the Securities Act. If a selling stockholder qualifies as an underwriter, it will be subject to the prospectus delivery requirements of Section 5(b)(2) of the Securities Act.

LEGAL MATTERS

The validity of the Shares offered pursuant to this prospectus supplement will be passed upon for ICE by Sullivan & Cromwell LLP, New York, New York.

DESCRIPTION OF CAPITAL STOCK

The following descriptions are summaries of the material terms of our amended and restated charter and bylaws. They may not contain all of the information that is important to you. To understand them fully, you should read our amended and restated charter and bylaws, copies of which are filed with the SEC as exhibits to the registration statement of which this prospectus is a part. The following descriptions are qualified in their entirety by reference to the amended and restated charter and bylaws and applicable law.

Pursuant to our amended and restated charter, our authorized capital stock consists of 300,000,000 shares, each with a par value of \$0.01 per share, of which:

25,000,000 shares are designated as preferred stock; and

275,000,000 shares are designated as common stock, divided into the following classes:

194,275,000 shares are designated as common stock, which we refer to as common stock, 69,288,488 shares of which are outstanding as of July 23, 2007; and

80,725,000 shares are designated as Class A common stock, divided into two series: Class A common stock, Series 1 and Class A common stock, Series 2, of which no shares are outstanding as of July 23, 2007.

In this prospectus, unless the context otherwise requires, we refer to the common stock and the Class A common stock, collectively, as our common stock. All outstanding shares of common stock are, and the shares of common stock offered hereby will be, when issued and sold, validly issued, fully paid and nonassessable.

Preferred Stock

Our authorized capital stock includes 25,000,000 shares of preferred stock, none of which is outstanding. Our board of directors is authorized to divide the preferred stock into series and, with respect to each series, to determine the designations and the powers, preferences and rights, and the qualifications, limitations and restrictions thereof, including the dividend rights, conversion or exchange rights, voting rights, redemption rights and terms, liquidation preferences, sinking fund provisions and the number of shares constituting the series. Our board of directors could,

without shareholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power of the holders of common stock and which could have certain anti-takeover effects.

Subject to the rights of the holders of any series of preferred stock, the number of authorized shares of any series of preferred stock may be increased or decreased (but not below the number of shares thereof then outstanding) by resolution adopted by our board of directors and approved by the affirmative vote of the

Table of Contents

holders of a majority of the voting power of all outstanding shares of capital stock entitled to vote on the matter, voting together as a single class.

Common Stock

Our authorized capital stock includes 275,000,000 shares of common stock, divided into two classes: common stock and Class A common stock. Of the Class A common stock, no shares are outstanding or may be issuable. Following the conversion of all outstanding shares of Class A1 and Class A2 common stock to common stock, the Class A1 shares and the Class A2 shares were cancelled and may no longer be issued. The terms of our common stock are discussed below.

Our common stock has the following rights and privileges:

Voting: Each holder of shares of common stock is entitled to one vote for each share owned of record on all matters submitted to a vote of shareholders. Except as otherwise required by law or as described below, holders of shares of common stock will vote together as a single class on all matters presented to the shareholders for their vote or approval, including the election of directors. There are no cumulative voting rights. Accordingly, the holders of a majority of the total shares of common stock voting for the election of directors can elect all the directors if they choose to do so, subject to the voting rights of holders of any preferred stock to elect directors.

Dividends and distributions: The holders of shares of common stock have the right to receive dividends and distributions, whether payable in cash or otherwise, as may be declared from time to time by our board of directors from legally available funds.

Liquidation, dissolution or winding-up: In the event of our liquidation, dissolution or winding-up, holders of the shares of common stock are entitled to share equally, share-for-share, in the assets available for distribution after payment of all creditors and the liquidation preferences of our preferred stock.

Restrictions on transfer: Neither our charter nor our bylaws contain any restrictions on the transfer of shares of common stock. In the case of any transfer of shares, there may be restrictions imposed by applicable securities laws.

Redemption, conversion or preemptive rights: Holders of shares of common stock have no redemption or conversion rights or preemptive rights to purchase or subscribe for our securities.

Other provisions: There are no redemption provisions or sinking fund provisions applicable to the common stock, nor is the common stock subject to calls or assessments by us.

The rights, preferences, and privileges of the holders of common stock are subject to and may be adversely affected by, the rights of the holders of any series of preferred stock that we may designate and issue in the future. As of the date of this prospectus, there are no shares of preferred stock outstanding.

Limitation of Liability and Indemnification Matters

Our charter provides that none of our directors will be liable to us or our shareholders for monetary damages for breach of fiduciary duty as a director, except in those cases in which liability is mandated by the Delaware General Corporation Law, and except for liability for breach of the director's duty of loyalty, acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law, or any transaction from which the director derived

any improper personal benefit. Our bylaws provide for indemnification, to the fullest extent permitted by law, of any person made or threatened to be made a party to any action, suit or proceeding by reason of the fact that such person is or was one of our directors or senior officers or, at our request, serves or served as a director, officer, employee or agent of any other enterprise, against all expenses, liabilities, losses and claims actually incurred or suffered by such person in connection with the action, suit or proceeding. Our bylaws also provide that, to the extent authorized from time to time by our board of directors, we may provide to any one or more other persons rights of indemnification and rights to receive payment or reimbursement of expenses, including attorneys' fees.

Section 203 of the Delaware General Corporation Law

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested shareholder for a period of three years after the date of the transaction in which the person became an interested shareholder, unless the business combination is approved in a prescribed manner. A business combination includes a merger, asset sale or a transaction resulting in a financial benefit to the interested shareholder. An interested shareholder is a person who, together with affiliates and associates, owns (or, in certain cases, within three years prior, did own) 15% or more of the corporation's outstanding voting stock. Under Section 203, a business combination between us and an interested shareholder is prohibited during the relevant three-year period unless it satisfies one of the following conditions:

prior to the time the shareholder became an interested shareholder, our board of directors approved either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder;

on consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of our voting stock outstanding at the time the transaction commenced (excluding, for purposes of determining the number of shares outstanding, shares owned by persons who are directors and officers); or

the business combination is approved by our board of directors and authorized at an annual or special meeting of the shareholders by the affirmative vote of at least 66 $\frac{2}{3}$ % of our outstanding voting stock that is not owned by the interested shareholder.

Certain Anti-Takeover Matters

Our charter and bylaws include a number of provisions that may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts. These provisions include:

Board of Directors

Vacancies and newly created seats on our board may be filled only by our board of directors. Only our board of directors may determine the number of directors on our board. The inability of shareholders to determine the number of directors or to fill vacancies or newly created seats on the board makes it more difficult to change the composition of our board of directors, but these provisions promote a continuity of existing management.

Advance Notice Requirements

Our bylaws establish advance notice procedures with regard to shareholder proposals relating to the nomination of candidates for election as directors or new business to be brought before meetings of our shareholders. These procedures provide that notice of such shareholder proposals must be timely given in writing to our secretary prior to the meeting at which the action is to be taken. Generally, to be timely, notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting for the preceding year. The notice must contain certain information specified in the bylaws.

Adjournment of Meetings of Shareholders Without a Shareholder Vote

Our bylaws permit the chairman of the meeting of shareholders, who is appointed by the board of directors, to adjourn any meeting of shareholders for a reasonable period of time without a shareholder vote.

Table of Contents

Special Meetings of Shareholders

Our bylaws provide that special meetings of the shareholders may be called by the board of directors, the chairman of the board, the chief executive officer, or at the request of holders of at least 50% of the shares of common stock outstanding at the time.

No Written Consent of Shareholders

Our charter requires all shareholder actions to be taken by a vote of the shareholders at an annual or special meeting. Our charter generally does not permit our shareholders to act by written consent without a meeting.

Amendment of Bylaws and Charter

Our charter requires the approval of not less than 66 $\frac{2}{3}$ % of the voting power of all outstanding shares of our capital stock entitled to vote to amend any bylaw by shareholder action or to amend the charter provisions described in this section. This supermajority voting requirement makes it more difficult to alter the anti-takeover provisions of our bylaws and our charter. Our charter also authorizes the board of directors to amend the bylaws at any time without shareholder action.

Blank Check Preferred Stock

Our charter provides for 25,000,000 authorized shares of preferred stock. The existence of authorized but unissued shares of preferred stock may enable the board of directors to render more difficult or to discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or otherwise. For example, if in the due exercise of its fiduciary obligations, our board of directors were to determine that a takeover proposal is not in our best interests, the board of directors could cause shares of preferred stock to be issued without shareholder approval in one or more private offerings or other transactions that might dilute the voting or other rights of the proposed acquirer or insurgent shareholder or shareholder group. In this regard, the charter grants our board of directors broad power to establish the rights and preferences of authorized and unissued shares of preferred stock. The issuance of shares of preferred stock could decrease the amount of earnings and assets available for distribution to holders of shares of common stock. The issuance may also adversely affect the rights and powers, including voting rights, of such holders and may have the effect of delaying, deterring or preventing a change in control. The board of directors currently does not intend to seek shareholder approval prior to any issuance of shares of preferred stock, unless otherwise required by law.

Listing

Our common stock is listed on the New York Stock Exchange under the symbol ICE .

Transfer Agent

The transfer agent for our common stock is Computershare Investor Services.

USE OF PROCEEDS

We intend to use the net proceeds we receive from the sale of shares of our common stock as set forth in the applicable prospectus supplement. We will not receive any proceeds from the sale of shares of common stock by any selling shareholder.

PLAN OF DISTRIBUTION

The shares of common stock offered by this prospectus may be sold from time to time by us or by certain selling shareholders (or by such shareholder's pledgees, donees, transferees or other successors in interest) directly or, alternatively, through broker-dealers acting as underwriters, dealers or agents. The shares of common stock may be sold on the New York Stock Exchange, in the over-the-counter market or otherwise, in

Table of Contents

one or more transactions at fixed prices (which may be changed), at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. The sales may be made by one or more, or a combination, of the following methods:

a block trade in which a broker-dealer will attempt to sell the shares as agent, but may resell all or a portion of the block as a principal to facilitate the transaction;

a broker-dealer may purchase the common stock as a principal and then resell the common stock for its own account;

an exchange distribution in accordance with the rules of the applicable exchange;

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

privately negotiated transactions;

by pledge to secure debts or other obligations;

through the issuance of derivative securities, including warrants, exchangeable securities, forward delivery contracts and the writing of options;

to cover hedging transactions;

underwritten offerings; or

any other legally available means.

In connection with sales of the common stock or otherwise, we or any selling shareholder may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. We or any selling shareholder may also sell common stock short and deliver common stock to close out short positions, or loan or pledge common stock to broker-dealers that in turn may sell these securities.

We or any selling shareholder may select broker-dealers to sell shares. Broker-dealers that we or any selling shareholder engage may arrange for other broker-dealers to participate in selling the shares. We or any selling shareholder may give these broker-dealers commissions, discounts or other concessions in amounts to be negotiated at the time of sale. In connection with these sales and except as disclosed in the next paragraph, the participating broker-dealers, as well as any selling shareholder (and any such shareholder's pledgees, donees, transferees and other successors in interest), may be deemed to be underwriters within the meaning of Section 2(11) of the Securities Act of 1933 (the Securities Act) in connection with the sales of the shares. Accordingly, any commission, discount or other concession received by them and any profit on the resale of the shares received by them may be deemed to be underwriting discounts or commissions under the Securities Act. The applicable prospectus supplement will include any required information about underwriting compensation we pay to underwriters and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with an offering of our common stock.

Any of the shares of common stock held by selling shareholders that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus. In addition, this prospectus may be used by broker-dealers to resell any such shares of common stock that are being sold by a selling shareholder (or any such shareholder's successors in interest described above) pursuant to Rule 144. If any selling shareholder sells

pursuant to Rule 144, such selling shareholder will not be deemed to be an underwriter under the Securities Act with respect to those sales.

We or any selling shareholder may have agreements with the participating broker-dealers to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the participating broker-dealers may be required to make.

In connection with an offering, any participating broker-dealers may purchase and sell common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the participating broker-dealers of a greater

Table of Contents

number of shares than they own or are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the common stock while an offering is in progress.

The participating broker-dealers also may impose a penalty bid. This occurs when a particular broker-dealer repays to the others a portion of the underwriting discount or other concession received by it because the broker-dealers have repurchased shares sold by or for the account of that broker-dealer in stabilizing or short-covering transactions.

These activities by the participating broker-dealers may stabilize, maintain or otherwise affect the market price of the common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the participating broker-dealers at any time. These transactions may be effected on the NYSE or any other exchange or automated quotation system, if the common stock is listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

VALIDITY OF THE COMMON STOCK

The validity of the common stock offered hereby will be passed upon for us by Sullivan & Cromwell LLP, New York, New York.
