PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JULY 15, 2004

The proxy accompanying this Proxy Statement is solicited by the Board of Directors of PICO Holdings, Inc., a California corporation (the "Company"), to

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

be voted at the Annual Meeting of Shareholders of the Company (the "Annual Meeting") to be held at the Museum of Contemporary Art, Coast Room, 700 Prospect Street, La Jolla, California at 9:00 a.m. (PDT) on Thursday, July 15, 2004 and at any postponement or adjournment thereof. The proxy may be revoked by appropriate written notice at any time before it is exercised or by voting in person at the meeting.

GENERAL INFORMATION

A copy of the Company's Annual Report to Shareholders for 2003 accompanies this Proxy Statement. The Annual Report and these proxy solicitation materials are being mailed on or about May 28, 2004 to all shareholders entitled to vote at the meeting.

As of May 17, 2004, the record date for the determination of shareholders entitled to vote at the Annual Meeting, 12,373,534 shares of Common Stock of the Company were issued and outstanding, excluding 4,428,389 treasury shares. Each share of Common Stock entitles the holder to one vote on all matters brought before the Annual Meeting, except for the 4,428,389 shares held by the Company and subsidiaries of the Company which may not be voted. Our Bylaws provide that the presence in person or by proxy of the holders of a majority of the shares entitled to vote shall constitute a quorum for the transaction of business at the Annual Meeting of Shareholders.

In voting for the election of directors, shareholders have cumulative voting rights. Accordingly, each shareholder may cumulate such voting power as such shareholder possesses and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder, or distribute such shareholder's votes on the same principle among two or more candidates, as such shareholder sees fit. However, no shareholder is entitled to cumulate votes (in other words, cast for any candidate a number of votes greater than the number of shares of stock held by such shareholder) unless at least one shareholder has given notice, at the Annual Meeting prior to the voting, of the shareholder's intention to cumulate votes. If any shareholder has given such notice, all shareholders may cumulate their votes for nominated candidates.

The proxy, if returned properly executed and not subsequently revoked by written notice delivered to the Secretary of the Company or by the shareholder voting in person at the Annual Meeting, will be voted in accordance with the choice made by the shareholder thereon. If a choice is not made with respect to any issue, the proxy will be voted in favor of the items described in this Proxy Statement. If cumulative voting is permitted in the election of directors at the Annual Meeting, the proxy holders shall have discretion as to the manner in which votes represented by the proxy are to be cumulated, unless the proxy indicates the manner in which such votes shall be cumulated.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of election appointed for the meeting who will also determine whether or not a quorum is present. The inspector of election will treat abstentions, and any shares as to which a broker or nominee has indicated that it does not have discretionary authority to vote on a particular matter, as shares that are present and entitled to vote for purposes of determining the presence of a quorum for the election of directors.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT, AND CHANGE IN CONTROL ARRANGEMENTS

Mr. Langley and Mr. Hart entered into new employment agreements effective January 1, 2002 with the Company for an additional four years for a base salary of \$800,000 each annually, subject to adjustment in January of each year. This cash compensation was based on an amount approximately equal to 80% of peer group salary levels. The current employment agreements provide that if the employee is terminated without cause on or after January 1, 2003 and prior to December 31, 2005, the employee shall be paid a lump sum of \$2.4 million minus the amount paid to the employee as base salary after January 1, 2003 to the date of termination. In addition, the employee shall be paid the pro rata portion of any annual incentive award payable to the employee for the year in which the employee was terminated.

These employment agreements also include a change in control clause providing that if there was a change in control before January 1, 2004, the Company was required to immediately pay each employee a total lump sum of \$2.4 million and an amount equal to three times the highest annual bonus paid to the employee in the last three years. These change in control clauses expired on January 1, 2004; see Report of the Compensation Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

Messrs. Weil and Campbell, and Dr. Ruppert, serve as members of the Compensation Committee. None of these individuals is, or has been, an employee or officer of the Company.

REPORT OF THE COMPENSATION COMMITTEE

COMMITTEE MEMBERS

The three-member Compensation Committee of the Board of Directors is a standing committee. Mr. Weil is the chairman and Mr. Campbell and Dr. Ruppert are the other members.

COMMITTEE FUNCTIONS

The Compensation Committee is responsible for assuring that all of the executive compensation programs of the Company are developed, implemented, and administered in a way that supports the Company's fundamental philosophy that a significant portion of executive compensation should be effectively linked to

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

Company performance.

The Compensation Committee meets on a regularly scheduled basis. It reviews and approves the overall executive compensation program which includes both base pay and incentive compensation. It considers and approves individual executive officer compensation packages based on recommendations of the Company's Chief Executive Officer. It recommends, for the approval of the full Board, any modification to the compensation package of the Company's Chief Executive Officer.

The Compensation Committee also reviews the level of compensation paid to nonemployee members of the Company's Board of Directors and makes recommendations to the Board of Directors to modify the level of nonemployee directors' compensation when appropriate.

EXECUTIVE COMPENSATION PHILOSOPHY

The Board of Directors of the Company's predecessor retained an independent compensation expert, William M. Mercer, Incorporated ("Mercer"). In 1996, Mercer conducted an analysis of marketplace executive compensation levels. The scope of Mercer's study covered the Company's Chairman and President and Chief Executive Officer. The objectives of Mercer's study were as follows:

- Analyze the scope, responsibilities and skill requirements of the jobs performed by Messrs. Langley and Hart and compare and contrast to comparable benchmark executive positions found in the marketplace.
- Develop an appropriate methodology for selecting comparable benchmark jobs, industry categories and a peer group of companies comparable to the Company in terms of business focus, industry classification and size; and competition for senior executives with the skills, expertise and talent demonstrated by the Company's top two executives.
- For the appropriate benchmark jobs, industry category and peer company group, collect information on marketplace compensation levels and practices from compensation surveys and peer company proxy statements. The companies included in the peer company group are not necessarily those included in the Nasdaq Insurance Stock Index used to determine the most relevant marketplace compensation levels and to compare actual Company compensation levels.
- Develop alternate approaches for structuring the total compensation package for the Company's top two executives, in terms of compensation elements to be used, the mix of total pay and how short and long-term incentive compensation might be structured to accurately reflect performance.

Mercer's study recommended to the Compensation Committee a compensation strategy with the following objectives:

- To provide a total compensation package that:
 - is competitive with market rates for executives with similar skill, talent and job requirements.

9

- is closely linked to the Company's strategy and the role of covered executives in building shareholder value through growing the book value and, ultimately, the market value of the Company.

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

- To retain critical executive talent by:
 - providing a reasonable and competitive level of current income (cash flow).
 - providing for loss of future incentive opportunity if an executive terminates employment before unrealized investment gains are realized.
- To link executive rewards to shareholder interests by:
 - tying incentive awards to growth in book value and increased market price per share.

The Compensation Committee believes that to accomplish these goals, the executive compensation program should be based on three distinct components: base pay, annual incentives, and long-term incentives. The Company obtains industry and peer group surveys, and consults with independent experts, to evaluate the Company's executive compensation programs in comparison with those offered by its comparable competitors.

The Company utilized stock option grants at various times beginning in 1995 to incentivize directors, officers, consultants, and certain employees. The primary purpose of these options plans was to encourage the option holders to increase shareholders equity, by providing a mechanism whereby the option holders could participate in increased shareholders equity.

However, the Compensation Committee reached the conclusion that the stock options previously granted by the Company were no longer as favorable to the Company or as desirable to the option holders as stock appreciation rights, due to a number of factors. These factors are: (1) the accounting treatment for stock appreciation rights is more transparent to shareholders than for stock options; (2) the Company has a relatively small average daily trading volume, which could act to discourage option holders from exercising options at what the option holder might deem to be an appropriate time; (3) option holders are frequently subject to legal restrictions preventing the exercise of stock options due to the possession of material, non-public information by an option holder; (4) there is substantial doubt about the continued availability of same-day, "cashless" exercises due to the enactment of the Sarbanes-Oxley Act of 2002. The end result is that due to the above factors, the stock options previously granted by the Company have not provided the liquidity to option holders that was envisioned when those stock options were granted by the Company; and (5) since no new shares of stock are issued when a stock appreciation right is exercised, stock appreciation rights are not dilutive to existing shareholders, unlike the exercise of stock options where new shares of stock are issued.

After review and consideration of several alternatives, and after consultations with the Company's professional advisors, the Compensation Committee recommended and the Board of Directors approved the PICO Holdings, Inc. 2003 Stock Appreciation Rights Program (the "SAR Program"). The Company's shareholders approved the SAR Program on July 17, 2003. The Compensation Committee believes that the SAR Program will provide a comparable incentive while providing increased liquidity to participants in the SAR Program. Under the SAR Program as approved by the Company's shareholders on July 17, 2003, all outstanding stock options and call options previously granted by the Company were irrevocably and unconditionally surrendered. Each former option holder (except one employee who had 100,000 stock options and who received 20,000 stock appreciation rights) and each call option holder received on July 17, 2003 an equivalent number of stock appreciation rights. Each stock appreciation right has the same exercise price as the stock options and call options. The stock appreciation rights have no expiration date. All stock appreciation rights were fully vested on July 17, 2003. Only 20% of each participant's initial number of stock appreciation rights

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

may be exercised in any twelve month period; however, the Compensation Committee can authorize the holder of a stock appreciation right to exercise more than 20% in a twelve month period for good cause shown, in the Committee's sole discretion. Upon exercise of a stock appreciation right, the participant will receive in cash from the Company an amount equal to the excess of the fair market value of the Company's stock over the exercise price.

The Compensation Committee believes that stock appreciation rights provide an incentive to participants to increase the Company's shareholders equity while providing liquidity to the participants in the SAR Program.

10

The Compensation Committee has considered the provisions of Section 162(m) of the Internal Revenue Code and related income tax regulations which restrict the deductibility of certain compensation paid to the Company's Chief Executive Officer and each of the four most highly compensated officers holding office at the end of any year, to the extent such compensation paid to any of these officers exceeds \$1,000,000 in any year and fails to qualify for an exemption from the restriction. In view of the Company's compensation structure, the Committee believes it is unlikely that this will impact the Company in the near future. The Compensation Committee will continue to monitor this.

EXECUTIVE COMPENSATION PROGRAM

The features of the executive compensation program as recommended by Mercer and approved by the Compensation Committee are:

BASE COMPENSATION. A fixed rate, to be reviewed annually. Future adjustments will take into account movement in executive compensation levels, changes in job responsibilities, and the size of the Company. The base compensation was established based on 80% of peer group cash compensation levels.

INCENTIVE AWARDS. Based on growth of book value per share in a fiscal year. Awards are earned when a pre-determined threshold is surpassed. If book value per share of the Company exceeds this threshold, the incentive award is equal to 5% of the increase in book value per share multiplied by the number of shares outstanding at the beginning of the fiscal year. The threshold for 2003 was approximately -0.46%.

GOALS OF COMPENSATION COMMITTEE

The Compensation Committee attempts to align executive compensation with the value achieved by the executives for the Company's shareholders. The Company's compensation program for executives emphasizes a combination of base salary, discretionary bonuses, and long-term incentives designed to attract, retain, and motivate executives who will maximize shareholder value. The Compensation Committee considers individual and Company performance, as well as compensation paid by comparable companies.

Executives also participate in other employee benefit programs, including health insurance, group life insurance, and the Company's 401(k) Plan.

DISCUSSION OF 2003 COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER

As stated above, the Compensation Committee believes the interest of the Company's shareholders is best served by aligning the CEO's short-term compensation, over and above a competitive fixed annual rate of pay, which was based on 80% of peer group cash compensation levels in 1996, with an increase in the Company's book value per share and higher market value per share.

Edgar Filing: PICO HOLDINGS INC /NEW - Form DEF 14A

Specifically, a threshold was set at 80% of the S&P 500's annualized total return for the five previous calendar years, including 2003. For 2003, this threshold was approximately -0.46%. Since the Company's book value per share increased by 4.26% in 2003 prior to the accrual of bonus incentive compensation, a bonus of \$467,435 will be paid for calendar year 2003.

The Committee believes that the compensation provided by this combination of fixed annual compensation and short-term and long-term incentives provides a mechanism to fairly compensate the CEO while providing the CEO with a strong incentive to maximize shareholder value.

Mr. Langley and Mr. Hart each entered into new employment agreements effective January 1, 2002 with the Company for an additional four years. Total compensation to Mr. Langley and Mr. Hart under these employment agreements is \$800,000 each on an annual basis, subject to adjustment in January of each year. The \$800,000 base salary in each employment agreement is subject to annual adjustment in January of each year in the same percentage applicable to the Company's other staff members in an amount deemed adequate to provide for inflation, cost of living, and merit increases based on the Consumer Price Index and major compensation studies.

The current employment agreements provide that if the employee is terminated without cause on or after January 1, 2003 and prior to December 31, 2005, the employee shall be paid a lump sum of \$2.4 million minus the amount paid to the employee as base salary after January 1, 2003 to the date of termination. In addition, the employee shall be paid the pro rata portion of any annual incentive award payable to the employee for the year in which the employee was terminated.

11

These employment agreements also include a change in control clause providing that if there was a change in control before January 1, 2004, the Company was required to immediately pay each employee a total lump sum of \$2.4 million and an amount equal to three times the highest annual bonus paid to the employee in the last three years. These change in control provisions expired on January 1, 2004.
