**ITEM 2.05. COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES**

On March 4, 2009 Sparton Corporation, an Ohio Corporation (the Company ), issued a Press Release ( Press Release ) announcing that pursuant to action taken by the Board of Directors on February 25, 2009, it would discontinue manufacturing operations conducted at its plant located in Jackson, Michigan (the Jackson Facility ) no later than June 30, 2009 and transition the manufacturing operations to other Company facilities (the Closing ). The Company decided to discontinue manufacturing operations at the Jackson Facility in response to current economic conditions, the state of competition within the industries served by the Company, and as part of the Company s plan to return to profitability.

The Company has estimated that it will incur costs in current and future fiscal quarters related to the Closing of approximately \$3.8 million to \$4.8 million but is unable at this time to provide more specific information on the costs and amount of the costs it expects to incur. The Company expects to incur charges related to employee severance, the transfer of production and production equipment to other facilities, and facility closure and related impairment charges, as well as other associated expenses. The Company has estimated that the costs will primarily be incurred in the fourth quarter of fiscal year 2009 and thereafter, and that approximately \$3.0 million of the total charges will be in the form of cash expenditures. In accordance with the requirements of the Securities and Exchange Commission, the Company will file an amendment on Form 8-K within four business days after making a specific determination of the individual and aggregate amounts of such costs.
