### SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements contained in this report discuss future expectations, contain projections of results of operations or financial condition or state other "forward-looking" information. Those statements are subject to known and unknown risks, uncertainties and other factors that could cause the actual results to differ materially from those contemplated by the statements. The forward-looking information is based on various factors and was derived using numerous assumptions. Important factors that may cause actual results to differ from forward-looking statements and projections include, for example:

- a downturn in the Phoenix, Arizona real estate market, particularly one which would adversely affect commercial lease rates;
- an adverse result in litigation referred to in this report;
- any change in tax laws which would change the Company's ability to utilize its tax loss carryforward or the inability under existing tax laws for the full utilization of such tax loss carryforward;
- an inability of the Company to regain a listed or trading status on the Over-the-Counter Bulletin Board, NASDAQ, the American Stock Exchange, or some other recognized market or exchange;
- certain operations of the Company, including the formation of alliances with other entities, will indefinitely remain under the jurisdiction of and be subject to the confirmation and approval of the U.S. Bankruptcy Court. Disagreements between the Bankruptcy Court and the Company regarding business decisions could adversely affect the Company;
- the inability of the Company to secure renewals of existing leases at commercially reasonable rates or to promptly replace tenants following the expiration of existing leases;
- the effect of changing economic conditions; and
- other risks which may be described in our future filings with the Securities and Exchange Commission. We do not promise to update forward-looking information to reflect actual results or changes in assumptions or other factors that could affect those statements.

### PART I

#### ITEM 1. DESCRIPTION OF BUSINESS

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

### CURRENT COMPANY BUSINESS.

As of May 31, 2001, Princeton's primary business activity is the management of its two office buildings totaling 50,000 square feet in Phoenix, Arizona. The Company has 2 employees. None of the Company's employees is represented by a labor union and we believe that employee relations are good.

### BANKRUPTCY FILING; APPOINTMENT OF A TRUSTEE.

On December 11, 1996 the Company filed for protection under Chapter 11 of the U.S. Bankruptcy code. (Case number 96-13675 PHX JMM) On January 21, 1977, the then existing management of Princeton submitted a Plan of Reorganization. The Plan was challenged by William C. Taylor, a former principal and creditor of the Company, who petitioned the Court for the appointment of a trustee.

The case was tried and on February 4, 1997, the Court issued its order appointing Roger W. Brown as Trustee. Shortly thereafter, the Trustee terminated the then existing management of Princeton and assumed day to day management of the Company.

### CONFIRMATION OF JOINT PLAN OF REORGANIZATION.

After Roger W. Brown was appointed Trustee in February 1997, William C. Taylor submitted his proposed Plan of Reorganization of Princeton on May 30, 1997. During the course of extensive litigation among competing plan proponents, other concerned parties and creditors, on August 28, 1997, Trustee Brown and Mr. Taylor filed a joint Plan of Reorganization. Their Joint Plan was confirmed by the Court on November 19, 1997 and was published in its entirety in a current Report on Form 8K which was filed with the Securities and Exchange Commission (the "Commission") on December 20, 1997, the Effective Date of the Plan.

### ITEM 2. DESCRIPTION OF PROPERTY

#### 2222 EAST CAMELBACK ROAD, PHOENIX, ARIZONA.

On March 12, 1992 Princeton acquired this two story building which contains approximately 30,778 rentable square foot of office space. The property includes a banking facility with a drive-in window and a vault on the ground floor. The Company paid approximately \$296,000 cash for the building including closing costs and commissions.

1

5

Princeton occupies 1497 square feet (4.89%) of the total leasable space in this building. As of May 31, 2001, 86.09% of the remaining leasable space was occupied by unaffiliated tenants, producing \$591,000 of income annually. The remaining space has since been leased or committed to existing tenants. Additional information about this property is included in the Property Information and Operating Data Table at the end of this Item 2. The property tax for 2000 was approximately \$65,000.

#### 4808 NORTH 22ND STREET, PHOENIX, ARIZONA.

On December 1, 1994, Princeton acquired this 19,226 rentable sq. ft. two story office building. The Company paid \$1,000,000 for the building, of which \$900,000 was borrowed from the seller at 8% annual interest. As of May 31, 2001 the building is 100% leased and produces \$397,214 of income annually. Additional information about this property is included in the Property Information and Operating Data Table at the end of this Item 2. The property tax for 2000 was

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

approximately \$40,000.

### MESA TRAILER PARK COMMISSION RECEIVABLE.

In March, 1994 Princeton acquired a long term real estate brokerage commission of 5% of the total lease payments generated from a 55 year ground lease of a 55-acre mobile home park in Mesa, Arizona. The Company purchased the commission for \$60,000 cash and 174,400 shares of restricted Princeton common stock. The lease was executed in 1980, runs through 2031, and provides revenue equal to 5% of each lease payment. The commission agreement presently provides quarterly payments of \$3,687.50 which are made through an escrow at Security Title Company. The quarterly payments escalate annually to \$7,437 per quarter at year 2030. Through May 31, 2001 approximately \$92,750 had been paid and approximately \$702,000 of additional commission will be paid to Princeton through year 2031 pursuant to the agreement. While there can be no assurance that Princeton will receive any or all of these assigned brokerage fees in the future, as of the date of this report all payments have been received on time.

### PROPERTY INFORMATION AND OPERATING DATA

2222 East Camelback Road  
Phoenix, Arizona

1. Character and Location. Two story office building; 30,778 rentable square feet; includes a banking facility with a drive-in window and a bank vault.
2. Title to Property. Building is subject to a First Deed of Trust:

Principal:	\$677,320.70
Interest rate:	8%
Payment:	\$5,136.60
Maturity:	December 2004

2

6

The original terms of this loan (interest rate of 15% and maturity in 1999) were adjusted by the Bankruptcy Court, and the revised terms are currently being contested by the lender. The deed of Trust on this property and the second deed of trust on the 4808 Building are held by the same lender and evidenced by one note. The original loan was for \$1,000,000 with 70% being secured by the 2222 building and 30% by the 4808 Building.

3. Lease Terms. Subject to two net ground leases with terms of 99 years, expiring in 2073 and 2076. Rent adjusts each 10 years based upon 8% of the fair market value of the ground, excluding improvements. The first lease has a monthly base payment of \$4,933, and will next adjust in 2009. The second lease has a monthly payment of \$3,100 and will next adjust in 2002.
4. Renovation or Improvement Plans. In March, 2001, the Company commenced remodeling of the common areas of the building including a renovated lobby and four bathrooms. When completed the cost of these improvements is estimated to be \$120,000. Interim financing for this project was obtained from Southwest Bank, one of the Company's tenants in the 2222 East Camelback Building.
5. Competitive Conditions. This property is located in an area known as the "Camelback Corridor" which is comprised predominately of office buildings. This building competes with both higher and lower priced office space in the immediate vicinity. The current market is strong, with high renewals.

ITEM 3. LEGAL PROCEEDINGS

CHAPTER 11 BANKRUPTCY LITIGATION.

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

### ADMINISTRATIVE CLAIMS.

Administrative claims for professional and other fees have either been paid or will be paid by the Company.

### UNSECURED CREDITOR CLAIMS.

During the initial stage of the bankruptcy proceedings, creditors filed 65 proofs of claim aggregating \$5,001,503. These proofs of claim have been litigated or settled, reducing the number of claims to 20 and the amount to \$733,632, including principal and interest as of May 31, 2001.

### SHAREHOLDER CLAIMS.

As reported in the May 31, 2000 10KSB, equity shareholders filed approximately 900 proof of interest claims, allegedly representing 14,840,000 shares. These claims were reviewed by management and litigated or settled by agreements which were confirmed by a Court orders reducing such outstanding shares to approximately 8,488,828 shares. During the current reporting year, the outstanding shares were further reduced to 6,554,351 by taking into consideration the 10 to 1 reverse split which occurred in December 1995 and which had not been calculated with respect to some of the shareholder's interests.

Unresolved Claims. All proof of interest claims have been resolved by the Court with the exception of the following three matters:

Onset Investment Limited. Onset filed a claim for damages in the amount of \$200,713 based on an alleged breach of a stock purchase agreement by Princeton. The Company has objected to this claim and the matter is awaiting determination by the Court. Settlement negotiations are pending, and Princeton anticipates its maximum exposure to be approximately \$25,000 cash and 70,000 shares of common stock. If the Onset claim is allowed in whole or in part, the Company intends to seek a ruling by the Bankruptcy Court subordinating the Onset claim from that of a creditor to that of an equity holder.

Harry and Irene Weiss. On February 9, 2001, the Weisses and the Company engaged in a settlement conference before the Hon. Charles G. Case of the United States Bankruptcy Court for the District of Arizona which culminated in an agreement which is contingent on Bankruptcy Court Approval. Under the agreement, the Company will recognize that the Weisses have an allowed claim of \$560,000 with interest accruing at ten percent per annum from February 9, 2001 until paid. The Company must pay the claim when it sells or refinances the office building at 4808 North 22nd Street in Phoenix and, in any event, no later than February 9, 2002. The Weisses, in turn will renounce and release their shareholder interest in the Company. Both parties will dismiss all pending appeals relating to the Weisses' claim.

7

11

### CURRENT LITIGATION:

Testasecca, et al v. Princeton American Corporation and William C. Taylor. On May 22, 2001 Lawrence Testasecca and others filed a complaint in an adversary pleading in the Bankruptcy Court. Among other things, the Plaintiffs allege that they should be recognized as owners of an unspecified number of shares purchased by them after the Bankruptcy Court proceedings began without establishing that these shares were the subject of allowed interests under the Plan of Reorganization. The Plaintiffs asked the Court to vacate its September 15, 2001 order canceling all

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

outstanding Princeton American share certificates and issuing new certificates reflecting the allowed interests of shareholders under the Plan of Reorganization for Princeton American and the Court's prior orders. At least three of the Plaintiffs (Larry Testasecca, Charles Crehore and Eugene Targosz) had received actual notice of the bankruptcy, had filed Proofs of Interest pursuant to the July 1997 order of the Court establishing a deadline for filing Proofs of Interest and had voted in favor of the Plan. The remaining Plaintiffs are relatives of two them.

Princeton American believes that all allegations of the Plaintiffs are without merit and is vigorously defending all claims.

### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters have been submitted to a vote of security holders since the annual meeting on September 14, 1995, when shareholders voted to (i) change the name of the Company from Princeton Electronic Products, Inc. to Princeton American Corporation, and (ii) to change the domicile of the Company from New Jersey to the State of Nevada.

8

12

### PART II

### ITEM 5. MARKET FOR THE REGISTRANT'S COMMON STOCK AND RELATED SHAREHOLDER MATTERS

Princeton's Common Stock had traded on the over-the-counter market "pink sheets" since the Company was delisted from the NASDAQ (Small Capital) Market in November 1996, until the following events took place:

On September 15, 2000, the Bankruptcy Court ordered Princeton American and its transfer agent to cancel all outstanding share certificates and issue new certificates reflecting the allowed interests under the Plan of Reorganization and the Court's prior orders. The Court further ordered that Princeton and its transfer agent are not subject to any claim based upon the cancellation of outstanding share certificates and the issuance of new certificates in accordance with the Court's orders.

Effective as of October 9, 2000 the trading symbol "PELT" was cancelled by the NASD and no further trades will be made under that symbol. After new certificates have been issued to a majority of those shareholders possessing an allowed interest, a new trading symbol will be issued to Princeton American Corporation. The Company is currently processing exchanges of cancelled share certificates for new certificates.

The Company has applied to the NASD through the sponsoring brokerage firm of Peacock, Hislop, Staley and Given, Inc. to be listed on the Over the Counter Bulletin Board (OTCBB) with a view toward establishing a broader market for Princeton Shares.

Princeton has never paid any cash dividends on any equity securities, and no change of this policy is under consideration by the Board of Directors.

Recent Sales of Unregistered Securities. None.

### CONFIRMATION OF SECURITIES HOLDINGS

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

The final shareholder equity base established by Order of the Bankruptcy Court is set forth below:

Shares recognized as of May 31, 2001.	6,554,351
Shares recognized for issuance to William C. Taylor.(1)	4,369,567
TOTAL SHARES(2)	10,923,918

- (1) Represents forty percent (40%) of the total of all of Princeton's common stock which was outstanding as of the Final Order Allowing Shares. In the event that the Onset claim is subordinated to Class 12 Claims pursuant to Section 510(b) of the Bankruptcy Code, Taylor's shares will be increased in order to maintain his 40% ownership of the stock of Princeton American Corp. This could result in a dilution in the value of shares held by other shareholders."
- (2) Represents a downward adjustment in total shares from 14,148,047 as set forth in the May 31, 2000 10KSB in conformity with the Final Order Allowing Shares, after taking into consideration certain shares for which the 10:1 reverse split calculation had not been made.

### ITEM 6 MANAGEMENT DISCUSSION AND ANALYSIS BACKGROUND:

During the past year we have focused on:

1. Upgrading the Company's two office buildings and solving the problems resulting from the "deferred maintenance" policies of prior management;
2. Completing the task of establishing a final shareholder base and revitalizing the market for Princeton's shares;
3. Returning the Company to financial stability; and
4. Moving Princeton closer to emergence from the bankruptcy proceedings.

Only one of 65 Unsecured Creditor's Claims against the Company has not been authenticated or litigated and resolved. The shareholder base has been carefully analyzed and significantly modified by Court Orders. All old share certificates have been cancelled, and new share certificates issued to shareholders who have tendered their old shares. This procedure has had the effect of validating all the shares that were legitimately acquired. The legal, accounting and consulting expenses incurred to achieve these results are in excess of \$ 450,000 of which \$ 65,000 has been incurred in the last year.

The Company also focused its attention on the rehabilitation and marketing of its two office buildings, which have benefited from the increase in demand for office space in the Phoenix market over the past four years. Several tenant leases have matured and have either been rolled over at higher prices, or the tenants have moved elsewhere allowing the Company to replace them with higher rent paying tenants. The office building at 2222 East Camelback Road is fully occupied with annual gross revenues exceeding \$591,000. It is now known as the "Southwest Bank Building" in acknowledgement of that financial institution's lease of the west half of the ground floor including the banking facilities formerly occupied by Wells Fargo Bank. The lease runs for five years with two five year renewal options. Southwest Bank has completely refurbished this 8,057 square foot space.

Princeton has signed five year leases with two new tenants, United Title Agency and Nationwide Vision Centers. As of 5-31-01 the 2222 East Camelback Road building was 86.09% occupied. The remaining two suites have been taken by United Title; 2419 square feet was occupied in August 2001 and 1840 square feet will be delivered in October 2001.

14

The second floor of the office building at 4808 North 22nd Street was leased to Alliance Investors, LLC. for a five year term commencing in February, 2001. Now fully occupied, this building is currently producing approximately \$400,000 in annual revenues. Management believes that the completion of these "clean up" activities this year will put Princeton one year closer to attracting potential investors and merger prospects (in particular those that can take advantage of the Company's \$14,000,000 tax loss carry forward). Armed with a fundamentally sound financial statement, management intends to pursue all available opportunities for strategic alliances, with a view toward enhancing shareholder value. While there can be no assurance that the Company will be successful in doing so, Princeton has applied to the NASD to have its securities qualify for trading on the OTC Bulletin Board.

ITEM 7. FINANCIAL STATEMENTS

The full text of the Company's audited, consolidated financial statements for the fiscal years ended May 31, 2001 and 2000 begins on page F-1 of this Report and is incorporated herein by reference.

ITEM 8. CHANGES AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

### ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as to shares of common stock owned by (i) each person known to beneficially own more than 5% of the outstanding common stock, (ii) each director and named executive officer of the Company, and (iii) all executive officers and directors of the Company as a group.

Name	Title	Common Shares	Percent of Class
William C. Taylor 2222 East Camelback Road Suite 105 Phoenix, Arizona 85016	Chairman & CEO	4,502,529	(1) 41.22%
Laurence J. and Diane K. Testasecca 5669 Walnut Ridge Circle West Bloomfield, MI 48322	Shareholder	800,000	(2) 7.32%

13

17

- (1) Includes 132,962 shares which Mr. Taylor owned prior to the Effective Date of the Plan of Reorganization.
- (2) Based solely upon information contained in a Form 13G filed with the Commission on October 18, 1999. Mr. and Mrs. Testasecca are among the Plaintiffs who are seeking to have the Bankruptcy Court overturn its September 15, 2000 Order Canceling Certificates. The Company's records indicate that the Testaseccas have been issued new certificates evidencing ownership of 50,000 shares only with respect to shares claimed by them in the Proof of Interest filed by them in 1997.

The above percentages of ownership are based on 10,923,918 shares of the Company's common stock outstanding based upon the Bankruptcy Court Order dated February 3, 2000. Beneficial ownership has been determined in accordance with rule 13d-3 of the Securities and Exchange Act of 1934. Pursuant to the rules of the securities and Exchange Commission, shares of common stock that each named person and group has the right to acquire within 60 days pursuant to options, warrants, conversion privileges or other rights are deemed outstanding for purposes of computing shares beneficially owned by and the percentage of ownership of each such person and group. However, such shares are not deemed outstanding for purposes of computing the shares beneficially owned by, or percentage of ownership of, any other person or group.

### ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

PRINCETON AMERICAN CORPORATION

FINANCIAL STATEMENTS

For the Years Ended

# Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

May 31, 2001 and 2000

## Independent Auditors' Report

The Board of Directors  
Princeton American Corporation

We have audited the accompanying balance sheets of Princeton American Corporation as of May 31, 2001 and 2000, and the related statements of operations and comprehensive loss, changes in stockholders' deficit, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Princeton American Corporation as of May 31, 2001 and 2000, the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in note 1 to the financial statements, the Company has a stockholders' deficit of \$2,452,053 and a working capital deficit of \$2,305,270. As discussed in notes 9 and 10, the Company also is involved in litigation and is operating under a Joint Plan of Reorganization following a bankruptcy filing in December 1996. These items raise substantial doubt about the Company's ability to continue as a going concern. Management's plans with regard to these matters are discussed in Notes 9 and 10. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Plan of Reorganization will not be substantially consummated until payment of unsecured creditors. Prior to that time, the Company is under the supervision of the Bankruptcy Court. The Company is involved in litigation, which is being overseen by the Bankruptcy Court. The Bankruptcy Court may exert significant influence over the operations of the Company, which may result in changes to the estimates described in the accompanying financial statements. Please read notes 1, 9 and 10; they describe certain uncertainties regarding the Company's operations, litigation and the bankruptcy filing.

1. Summary of Significant Accounting Policies

a. Basis of Presentation

The following is a summary of the significant accounting policies followed by Princeton American Corporation (the Company). The policies conform with generally accepted accounting principles and require management to make

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses as well as disclosures of contingent assets and liabilities in the financial statements. Actual results could differ from those estimates.

During the years ended May 31, 1998 and 1997, the Company did not have access to adequate records to file audited financial statements, as required by the Securities and Exchange Commission. The Company requested a waiver of its filing requirements for the years ended May 31, 1997 and 1998 and its quarterly filings through February 28, 2000. The Company can not obtain a waiver; however, the Securities and Exchange Commission has indicated that action is unlikely for failure to file missing reports prior to May 31, 2000. The Company included in their February 28, 2001 10Q, reissued May 31, 2000 financial statements, which included an audited balance sheet as of May 31, 1998.

The financial statements of the Company are presented on a historical cost basis. The estimated fair market value of the Company's assets at the time of reorganization exceeded the Company's post-petition liabilities and allowed claims. Consequently, assets and liabilities were not restated to fair market value as provided by SOP 90-7.

At May 31, 2001, the Company had a stockholders' deficit of \$2,452,053 and a working capital deficit of \$2,305,270. Additionally, the Company has been unable to generate net income from operations since its reorganization. The Company is currently under the jurisdiction of the Bankruptcy Court and is involved in litigation, as described in Notes 9 and 10 to these financial statements. Management's plans with regard to these matters are also discussed in Note 9. These financial statements have been prepared assuming the Company will be able to continue operations and do not include any adjustments that might result from the outcome of these uncertainties.

### b. Organization and Operations

Princeton American Corporation is organized under the laws of the State of Nevada and currently owns two office buildings in Phoenix, Arizona. The Company was previously engaged in both the real estate and hair care products industries. The Company filed for bankruptcy in December 1996 and subsequently disposed of substantially all its assets

during the years ended May 31, 1997 and 1998, except for the two commercial buildings and certain investments. The trustee combined substantially all the Company's operating subsidiaries into Princeton American Corporation. The Court approved the Plan of Reorganization for the Company in November 1997.

### c. Cash Equivalents

Cash equivalents include highly liquid debt instruments and other short-term investments with an original maturity of three months or less.

### d. Marketable Securities, Available for Sale

Marketable securities available for sale are recorded at their quoted market prices. Unrealized gains and losses on these securities are included as a separate component of comprehensive income and shareholders'

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

equity until realized. Realized gains and losses on securities available for sale are computed based upon the average cost of the investment.

### e. Property and Equipment

Property and equipment are recorded at cost and are being depreciated principally on the straight-line method over the estimated useful lives of the assets, which range from three to forty years.

### f. Stock Options

The Company has elected to follow Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" (APB25) and related interpretations in accounting for its employee stock options and awards. Under APB 25, no compensation expense is recognized when the exercise price of the options equals the fair value (market price) of the underlying stock on the date of grant. The Company has adopted the disclosure provisions of Statement of Financial Accounting Standards No. 123 Accounting for Stock-Based Compensation.

F-7

26

### g. Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequence attributable to differences between the financial statement carrying amount of existing assets and liabilities; and their respective tax bases, including operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or

#### 1. Summary of Significant Accounting Policies, continued

settled. The effect in deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

### h. Earnings Per Share

The Company has adopted Statement of Financial Accounting Standards No. 128 "Earnings Per Share". The standard simplifies the standards of computing earnings per share and requires presentation of two new amounts, basic and diluted earnings per share. Net loss per share is computed by dividing the loss attributable to common shareholders by the weighted average number of shares outstanding during the period, which was assumed to be approximately 15,000,000 for the years ended May 31, 2001 and 2000. There is uncertainty regarding the number of shares outstanding. Please read note 9.

#### 2. Notes Receivable

Notes receivable consist of the following at May 31, 2000. The note was paid off during the year ended May 31, 2001.

2000

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

3. Investments in Marketable Securities Available for Sale

Marketable securities consist of the following investments in common stock at May 31, 2001 and 2000:

	2001	2000
	----	----
Exten Industries	\$55,465	90,241
Stratford American	4,000	14,584
Other securities	2,213	2,440
	-----	-----
	\$61,678	107,265

Total net unrealized losses at May 31, 2001 and 2000 were \$420,551 and \$375,191, respectively. The net unrealized loss increased by \$45,360 during the year ended May 31, 2001 and decreased by \$77,527 during the year ended May 31, 2000.

The Company also has an investment in Sgarlato Laboratories, a privately-held company, which management estimates has minimal value at year-end. As such, the investment has been written down to zero.

4. Investment in Commission Contract

In March 1994, the Company acquired the rights to the commission on a ground lease for a mobile home park in Mesa, Arizona. The commission is based upon a fifty-five (55) year ground lease. Annual payments ranged from \$11,750 in 1994 to \$27,000 in 2031. For the years ended May 31, 2001 and 2000, the commission contract was valued at \$206,161 and \$202,756, respectively. The valuation is determined by calculating the net present value of the quarterly payments at an imputed interest rate of twelve percent (12%). The Company recognizes any fluctuation in the investment as interest income or expense in the year of fluctuation.

5. Property and Equipment

Property and equipment consist of the following at May 31, 2001 and 2000:

2001	2000
------	------

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

	----	----

6. Investment in Real Estate

At May 31, 1999 the Company owned a parcel of undeveloped land with a cost of \$12,500. The property was sold during the year ended May 31, 2000 for \$20,981 resulting in a gain of \$8,481 after selling expenses.

7. Notes Payable

Mortgage notes payable consist of the following at May 31, 2001 and 2000:

	2001	2000
	----	----
Mortgage note payable, secured by a first deed of trust on the building at 4808 N. 22nd St., payable in monthly installments of \$6,946 including interest at 8% through January 2020	\$ 806,826	824,846
Mortgage note payable, Vanderford, secured by a first deed of trust on the building at 2222 E. Camelback and a second deed of trust on the building at 4808 N. 22nd St., payable in monthly installments of \$7,338 including interest at 8%, remaining principal and interest due December 2004	967,601	976,979

Less current portion	(30,558)	(28,284)
	-----	-----
Long-term debt, net of current portion	\$1,743,869	1,773,541

The terms of the Vanderford mortgage note payable are being disputed. The original loan, which was made shortly before the bankruptcy filing, called for an interest rate of 15%, with a maturity date of December 1999. The terms of the note were revised by the court to the current terms. The Company and the lender have reached a verbal agreement to modify the terms; however, the Company must obtain the approval of the Bankruptcy Court.

At May 31, 2000, Notes Payable, Officers included two \$25,000 notes, with an interest rate of 12% that were due and payable on or before May 1, 2001. One of the Company's officers also paid a \$50,000 administrative claim directly for the Company. The Company is obligated to repay the officer under the terms of a 12% promissory note that required payments of \$5,000 per month beginning January 2000. An officer of the Company advanced an additional \$30,000 during the year ended May 31, 2001. This note also earns interest at 12% and was due May 1, 2001. The Company has not complied with the repayment terms of these agreements. Accrued interest of \$7,700 was paid to one of the officers during the year ended May 31, 2001. Interest expense on the notes totaled \$14,700 in 2001 and \$9,876 in 2000.

During the years ended May 31, 2001 and 2000 the Company paid a director consulting fees of \$49,650 and \$82,115, respectively.

9. Bankruptcy Claims

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

The Company filed for bankruptcy on December 11, 1996 and is currently operating as a reorganized debtor under a Joint Plan of Reorganization confirmed by the United States Bankruptcy Court for the District of Arizona on November 19, 1997.

Subsequent to the Company's filing in December 1996 and prior to the reorganization in December 1997, the Company was operated by a court-appointed trustee. During that time, the trustee liquidated various assets of the Company other than certain real estate holdings in Phoenix, Arizona and certain investments in marketable securities. William Taylor and the Trustee filed a Joint Plan of Reorganization in November 1997, which was approved in December 1997. Some of the key provisions of the Plan are:

- The Plan classifies various secured, unsecured and non-priority unsecured claims. The Plan also classifies post petition administrative claims. As confirmed, the Plan called for the reorganized debtor to make distributions to unsecured creditors within one year of the Plan's effective date, December 20, 1998. Once distributions were made to unsecured creditors, the Plan would be substantially consummated within the meaning of the Bankruptcy Code.

- Preferred shareholders received common stock of the Company.

- Approved common shareholders will retain their interest in the Company. The interest of shareholders with 10,000 shares or less (as listed on the records of American Stock Transfer only) shall be allowed, unless an objection was filed and upheld.

- William Taylor is to receive 40% of the Company's outstanding stock, upon payment of all unsecured claims. Prior to payment, Taylor's stock is to be held in escrow. Taylor's interest is based upon his claim of \$990,134 for consulting fees and other costs.

- The Company's wholly-owned subsidiaries, 88 Redevelopment and 4808 Corporation, were merged into Princeton American Corporation.

The Plan was subsequently modified in January 1999 to extend certain deadlines of the Plan, including the deadline for making distributions to unsecured creditors. These deadlines were extended to 180 days following the entry of a final, non-appealable order resolving the claim of Harry and Irene Weiss (Note 10).

The deadline for filing proof of ownership interest was also extended several times in an effort to give stockholders ample opportunity to file their proofs of interest. The Company and the Court compiled a final listing of valid proofs of interest. Initially, management estimated that there were approximately 15,000,000 shares of common stock (including Taylor's 40%

interest), which were established by this process. Management currently believes that the number of shares to be issued may be reduced to approximately 11,000,000 shares. In May 2001 there was new litigation (described in Note 10) regarding the shares outstanding. Because of this new litigation there is still uncertainty as to the exact number of shares that will ultimately be issued. The Court initially disallowed

approximately 12,000,000 shares in this process primarily because the stockholders, including many of those held by brokers, failed to file proofs of interest. Upon completion of this process, stockholders' equity was restated effective to the year ended May 31, 1997 to reflect total capitalization of \$2,475,350. Capitalization was computed based upon Taylor's ownership interest of 40% of all common stock in settlement of his claim for \$990,134.

On September 15, 2000, the Bankruptcy Court ordered Princeton American and its transfer agent, American Stock Transfer & Trust ("AST") to cancel all outstanding Princeton American share certificates and issue new share certificates reflecting the allowed interest of shareholders under the Plan of Reorganization for Princeton American and the Court's prior orders. The Court further ordered that Princeton American and AST are not subject to any claim based upon the cancellation of outstanding share certificates and the issuance of new certificates in accordance with the Court's orders. The final order became final and non-appealable on September 29, 2000.

Princeton American is in the process of implementing the Court's order, and new share certificates will be issued for the allowed interests as soon as reasonably practicable. As of May 31, 2001, 2,286,430 shares had been issued.

In connection with the issuance of new certificates, Princeton American has also initiated a process to change its trading symbol. Effective as of October 9, 2000, the trading symbol, PELT, has been officially cancelled, and no further trades will be made under that symbol. After new certificates have been issued to a majority of those shareholders possessing an allowed interest, a new trading symbol will be issued to Princeton American.

During the year ended May 31, 2000 a settlement was reached with Hyman Center, the Company's former president, for a claim related to compensation due for services rendered prior to the bankruptcy. The settlement called for a cash payment of \$4,300 and an unsecured claim of \$100,000. The claim is to bear interest from January 1, 2000 until paid in full. A gain of \$58,225 was recorded from this settlement.

The Company has accrued interest at 8% on all unpaid bankruptcy claims since December 1997, with the exception of the Center claim.

Upon resolution of the Weiss claim, management intends to explore the possibility of refinancing the buildings or the viability of merger candidates.

### 10. Litigation and Liabilities in Dispute

The Company is involved in litigation, arising from actions of the Company prior to the bankruptcy filing.

In September 1993, the Company acquired residential real estate from Harry & Irene Weiss in exchange for 600,000 shares of the Company's restricted common stock, with an agreed upon value of \$1.00 per share. As part of the agreement, the Company agreed that it would not sell or offer its stock for two years at a price less than \$1.00 per share. However, the Company subsequently violated that agreement.

Weiss filed a proof of claim with the Bankruptcy Court for an unsecured,

pre-petition claim of \$812,707. The Company objected to both the priority and amount of the claim. The Bankruptcy Court initially upheld the Company's objection and found that the Weiss claim was subordinated to the level of a shareholder claim, rather than an unsecured claim. The Court determined the amount of the claim to be \$619,603. The District Court subsequently reversed the Bankruptcy Court and found that the Weiss's were entitled to assert an unsecured non-priority claim in the same amount. The Company has appealed this decision.

The Weiss's also applied for an award of attorney's fees, which was denied. They also sought to convert the bankruptcy proceedings to Chapter 7, which would require liquidation of the Company's assets. The Bankruptcy Court denied their motion.

As the result of mediation proceedings, on February 9, 2001 the Company and Weiss agreed to settle their dispute for \$560,000 in cash, plus interest at 10%, payable on the earlier of February 9, 2002 or the sale or refinancing of the 4808 Building. The Company is currently negotiating certain wording in the settlement agreement. The claim will be secured by a third position deed of trust on the 4808 Building. The Weiss's will also release all shareholder interest in the Company. The Company will have six months from the date of the order to settle all bankruptcy claims.

Onset Investments has filed two proofs of claim, totaling \$200,713 for damages resulting from securities transactions prior to the bankruptcy filing. The Company has objected to the validity, priority and amount of these claims and intends to defend these claims vigorously. To date, the Company and Onset have been unable to settle the dispute and therefore the claim is currently unresolved and scheduled for a hearing.

Legal counsel is unable to determine the outcome and amount of potential loss from these claims. However, the Company has recorded a liability for the amount of the Weiss claim originally approved by the Court. The liability will be adjusted to the amount of the settlement once the Order Approving Settlement has been issued.

### 10. Litigation and Liabilities in Dispute, continued

During the year ended May 31, 2000, the Company reached a settlement with a former officer and director, which required him to pay the Company \$125,000 in exchange for certain promissory notes, assets received upon his termination from the Company and other claims filed by the Company.

The terms of the mortgage note described in Note 7 are also being contested.

In May 2001 a group of individuals filed a motion to set aside the Court Order which canceled all outstanding share certificates and ordered the issuance of new shares. The group of individuals obtained stock in the Company after confirmation of the Plan in November 1997 and they assert that the Company and its president failed to adequately notify them that the stock obtained might not be valid under the plan. They have also filed a separate Complaint asserting claims for equitable relief, securities fraud, breach of fiduciary duty and negligence. The Company believes the Motion and the Complaint are without merit and has vigorously defended against them. Several hearings have been held in the Bankruptcy Court and the Company is awaiting the Judge's decision.

Legal counsel is unable to reasonably evaluate the Company's potential loss if the Court grants the group of individuals their requested relief.

If the Order is set aside, the Company will be currently unable to pursue its application with the NASD to obtain OTC Bulletin Board status for trading in its shares.

### 11. Accrued Real Estate Taxes

The Company was delinquent on its real estate tax obligations during the years ended May 31, 2001 and 2000, which resulted in tax liens being placed on both its commercial properties. Interest incurred on real estate tax obligations was approximately \$20,000 in 2001 and \$30,000 in 2000.

### 12. Lease Commitments

The Company leases office space in its commercial buildings located at 2222 E Camelback and 4808 North 22nd Street in Phoenix, Arizona. Future minimum lease payments required under these leases are as follows:

Year ended May 31, -----	Amount -----
2002	\$ 910,558
2003	801,230
2004	748,763
2005	748,631
2006	435,751
	-----
	\$3,644,933

### 12. Lease Commitments, continued

Effective April 30, 2000, the Company and a former tenant entered into a Lease Termination and Release Agreement, whereby the Company was required to pay the tenant \$50,000 in five equal monthly payments beginning July 1, 2000. In connection with the new five-year lease, the tenant paid a \$75,000 fee to obtain the right to lease the space.

The office building located at 2222 E. Camelback Road is subject to two ground leases. The first lease was entered into on November 1, 1974. The second lease was entered into on August 1, 1977. Both leases are net leases, with terms of 99 years. On the 15th anniversary and for each succeeding ten-year term, the rent is to be adjusted to an annual rate equal to 8% of the fair market value of the leased premises, excluding improvements. The rate on the first lease was adjusted on November 1, 1999 to a monthly rate of \$4,933. The second lease was adjusted to a monthly rate of \$3,100 on the 15th anniversary of the lease and will be adjusted in 2002. Rent expense on these two leases for the years ended May 31, 2001 and 2000 was \$96,400 and \$95,444, respectively.

The office building located at 4808 N. 22nd Street is subject to a ground lease, the term of which extends through July 31, 2031. The lease is a net lease. The rental rate as of May 31, 2001 was \$2,395 and is subject to an annual adjustment based on the Consumer Price Index. Rent expense on this lease for the years ended May 31, 2001 and 2000 was \$28,572 and \$27,644, respectively.

The Company has a limited number of tenants in both buildings. As such,

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

the loss of certain tenants could adversely impact the Company.

The Company's future minimum lease obligations on the ground leases for the next five years are approximately \$125,000 per year, based upon the current valuation.

### 13. Deferred Rental Income

During the year ended May 31, 2001, the Company negotiated two leases that provided for a tenant improvement allowance and lease commission to be paid by the tenants and then deducted from the rent due during the 3rd through 12th months of the leases. The total amounts of the tenant improvements of \$107,225 and the leasing commission of \$17,540 were capitalized and are being amortized over the life of the lease. The deferred rental income is being amortized straight-line over ten months. Deferred rental income of \$33,634 was recognized during the year ended May 31, 2001 leaving a balance of \$91,131 at May 31, 2001.

### 14. Disclosures about Fair Value of Financial Instruments

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments", requires that the Company disclose estimated fair values for its financial instruments. The following summary presents a description of the methodologies and assumptions used to determine such amounts.

Fair value estimates are made at a specific point in time and are based on relevant market information and information about the financial instrument; they are subjective in nature and involve uncertainties, matters of judgment and, therefore, cannot be determined with precision. These estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular instrument. Changes in assumptions could significantly affect the estimates.

Since the fair value is estimated as of May 31, 2001, the amounts that will actually be realized or paid at settlement of the instruments could be significantly different.

The carrying amount of cash and cash equivalents is assumed to be the fair value because of the liquidity of these instruments. The recorded amount of the investment in marketable securities approximates market based upon quoted market values. The investment in the commission contract has been discounted to its estimated present value using market rates of interest. Accounts payable and accrued expenses approximate fair value because of the short maturity of these instruments. The recorded balance of notes payable and bankruptcy claims are assumed to be the fair value, since the rates specified approximate current market rates.

### 15. Income Taxes

The components of net deferred tax assets at May 31, 2001 and 2000, assuming an effective tax rate of 40%, are as follows:

	2001	2000
	----	----
Net operating loss carryforward	5,780,000	\$5,730,000

## Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB40

Depreciation of marketable securities	170,000	150,000
Difference in basis of property & equipment	110,000	170,000
Accrued real estate taxes	120,000	90,000
Less valuation allowance	(6,180,000)	(6,140,000)
Net deferred tax assets	-	-

The expected tax benefit from the net loss before income taxes was offset by a valuation allowance, since the Company has not yet developed a history of profitable operations. During the periods ended May 31, 2001 the valuation allowance increased by approximately \$40,000. For 2000, it decreased by approximately \$40,000.

### 15. Income Taxes, continued

At May 31, 2000, the Company has approximately \$14,000,000 in unused federal net operating loss carryforwards, which expire from 2002 through 2021. The state net operating loss carryforwards, which approximate \$4,800,000 expire from 2002 through 2006.

Due to significant changes in ownership in prior years and changes in the Company's operations, the amount of operating losses available to offset future income taxes may be significantly limited. The Company has not yet completed an evaluation of the amount of losses that are available for utilization by the Company or a prospective merger candidate.
