This filing is made pursuant to Exelon's Form U-1 Application-Declaration, as amended (the "Financing U-1") and the Securities and Exchange Commission's merger, financing and investment orders. This certificate reports activity in File No. 70-9693 for the period April 1, 2003 through June 30, 2003. Any capitalized terms used herein but not defined herein have the respective meanings given in the Financing U-1 or the Commission's Orders.

See Exhibit A for Glossary of Defined Terms

1. Order - A computation in accordance with rule 53(a) setting forth Exelon's "aggregate investment" in all EWGs and FUCOs, its "consolidated retained earnings" and a calculation of the amount remaining under the Requested EWG/FUCO Authority.

Rule 53(a) provides that a registered holding company's aggregate investment in EWGs and FUCOs may not exceed 50% of its retained earnings. Exelon was granted partial relief from this rule pursuant to the December 8, 2000 Order, which provides for a Modified Rule 53 Test applicable to Exelon's investments in EWGs and FUCOs of \$4,000 million. At June 30, 2003, Exelon's "aggregate investment" (as defined in rule 53(a) under PUHCA) in all EWGs and FUCOs was approximately \$2,806 million, and accordingly, at June 30, 2003, Exelon's remaining investment capacity under the Modified Rule 53 Test was approximately \$1,194 million. At June 30, 2003, Exelon's "consolidated retained earnings" (as defined in rule 53(a) under PUHCA) was \$2,150 million.

2. Order - A breakdown showing Exelon's aggregate investment in each EWG or FUCO counting against the Requested EWG/FUCO Authority.

Pursuant to a request for confidential treatment under rule 104(b) of PUHCA, Exelon is concurrently filing in paper format as Attachment 1, certain information concerning the aggregate investment by EWG/FUCO Project.

3. Order - Identification of any new EWG or FUCO counting against the requested EWG/FUCO Authority in which Exelon has invested or committed to invest during the quarter.

On May 29, 2003, Exelon Fossil Holdings, Inc., a wholly owned subsidiary of Exelon Generation, issued an irrevocable call notice for the 35.2% interest in Sithe Energies, Inc. owned by Apollo Energy, LLC and the 14.9% interest owned by subsidiaries of Marubeni Corporation. The total call price will be based on the terms of the existing Put and Call Agreement among the parties, which we estimate will be approximately \$650 million. The payment of the call is anticipated to occur in the fourth quarter of 2003. See Exelon Corporation Form 8-K filed on May 29,

20. Order - The notional amount and principal terms of any Hedge Instruments or Anticipatory Hedges entered into during the quarter and the identity of the other parties to the transaction.

In the second quarter of 2003, ComEd and Genco entered into forward starting swaps to hedge interest rate exposure associated with future debt issuances. Each of the swaps is designated as a cash flow hedge in that it attempts to minimize the variability of the future interest expense associated with changes in the 3-month LIBOR rate. A table summarizing the forward starting swap transactions that were entered into in the second quarter is below. Each of the transactions will be unwound prior to the associated debt issuance.
