**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

In the opinion of the Company, the accompanying unaudited condensed consolidated financial statements prepared in accordance with instructions for Form 10-QSB, include all adjustments (consisting only of normal recurring accruals) which are necessary for a fair presentation of the results for the periods presented. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the Company's Annual Report for the year ended December 31, 2004. The balance sheet as of December 31, 2004 was derived from audited financial statements as of that date. The results of operations for the three and six months ended June 30, 2005 are not necessarily indicative of the results to be expected for the full year.

The condensed consolidated financial statements include the accounts of HMG/Courtland Properties, Inc. (the "Company") and entities in which the Company owns a majority voting interest or controlling financial interest. All material transactions and balances with consolidated and unconsolidated entities have been eliminated in consolidation or as required under the equity method.

**2. RECENT ACCOUNTING PRONOUNCEMENT**

In May 2005, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 154, Accounting Changes and Error Corrections, a replacement of APB Opinion No. 20 and FASB Statement No. 3. This Statement provides guidance on accounting for reporting of accounting changes and error corrections. It establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle in the absence of explicit transition requirements specific to the newly adopted accounting principle. This Statement also provides guidance for determining whether retrospective application of a change in accounting principle is impracticable and for reporting a change when retrospective application is impracticable. This Statement also provides guidance on the correction of an error by restating previously issued financial statements. This Statement shall effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company does not expect Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 154, Accounting Changes and Error Corrections to have a material effect on its financial statements.

**3. RESULTS OF OPERATIONS FOR MONTY'S RESTAURANT, MARINA AND OFFICE/RETAIL PROPERTY, COCONUT GROVE, FLORIDA**

As previously reported On August 20, 2004, the Company, through two 50%-owned entities, Bayshore Landing, LLC ("Landing") and Bayshore Rawbar, LLC ("Rawbar"), (collectively, "Bayshore") purchased a restaurant, office/retail and marina property located in Coconut Grove (Miami), Florida known as Monty's (the "Monty's Property") for approximately \$13.9 million.

**4. INVESTMENTS IN MARKETABLE SECURITIES**

Investments in marketable securities consist primarily of large capital corporate equity and debt securities in varying industries or issued by government agencies with readily determinable fair values. These securities are stated at market value, as determined by the most recent traded price of each security at the balance sheet date. Consistent with the Company's overall current investment objectives and activities its entire marketable securities portfolio is classified as trading.

Net gain (loss) from investments in marketable securities for the three and six months ended June 30, 2005 and 2004 is summarized below:

Description	Three months ended June 30,		Six months ended June 30,	
	2005	2004	2005	2004
Net realized gain (loss) from sales of securities	\$ 49,000	(\$5,000)	\$ 91,000	(\$13,000)
Unrealized net gain (loss) in trading securities	2,000	(244,000)	(32,000)	(122,000)
Total net gain (loss) from investments in marketable securities	\$ 51,000	(\$249,000)	\$ 59,000	(\$135,000)

For the three and six months ended June 30, 2005 net realized gain from sales of marketable securities of approximately \$49,000 and \$91,000, respectively, consisted of approximately \$61,000 of gross gains net of \$12,000 of gross losses for the three month period and \$110,000 of gross gains and \$19,000 of gross losses for the six month period. For the three and six months ended June 30, 2004 net realized loss from sales of marketable securities of approximately \$5,000 and \$13,000 consisted of approximately \$10,000 of gross losses net of \$5,000 of gross gains for the three month period and approximately \$89,000 of gross losses net of \$76,000 of gross gains for the six month period.

**(Unaudited)**

Investment gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net earnings. However, the amount of investment gains or losses on marketable securities for any given period has no predictive value and variations in amount from period to period have no practical analytical value.

**5. OTHER INVESTMENTS**

As of June 30, 2005, the Company has committed to invest approximately \$11.7 million in other investments primarily in private capital funds, of which approximately \$9.8 million has been funded. The carrying value of other investments (which reflects distributions and valuation adjustments) is approximately \$5.0 million. During the six months ended June 30, 2005 the Company has made contributions to four existing and three new investments of approximately \$326,000 and has received approximately \$378,000 in cash distributions from other investments.

Net (loss) gain from other investments for the three and six months ended June 30, 2005 and 2004, is summarized below:

Description	Three months ended June 30,		Six months ended June 30,	
	2005	2004	2005	2004
Partnership owning diversified operating companies	\$ 50,000	\$ 140,000	\$ 67,000	\$ 140,000
Technology-related venture fund	23,000	--	43,000	(104,000)
Real estate development and operation	--	2,000	1,000	40,000
Income from investment in 49% owned affiliate (T.G.I.F. Texas, Inc.)	7,000	13,000	36,000	34,000
Others, net	(3,000)	(3,000)	(153,000)	(6,000)
Total net gain (loss) from other investments	\$ 77,000	\$ 152,000	(\$6,000)	\$ 104,000

In March 2005, the Company reduced the remaining carrying value (approximately \$147,000) of one of its investments in a privately held company in the personal cosmetic industry. This investment experienced a decline in demand for its product which is believed to result in other-than-temporary decline in the value of the investment. This write down is included under the caption "Others, net" in the table above. There were no write downs during the three months ended June 30, 2005.

In March 2004, the Company reduced the carrying value of one of its investments in a venture capital fund by \$104,000. This fund experienced a decline in the market value of its holdings in publicly-traded companies having a concentration in technology and communications.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Continued) (Unaudited)**

**6. DERIVATIVE FINANCIAL INSTRUMENTS**

The Company is exposed to interest rate risk through their borrowing activities. In order to minimize the effect of changes in interest rates, the Company has entered an interest rate swap contract under which the Company agrees to pay an amount equal to a specified rate of 7.57% times a notional principal approximating the outstanding loan balance, and to receive in return an amount equal to the one month LIBOR rate plus 2.45% times the same notional amount. The Company designated this interest rate swap contract as a cash flow hedge. The fair value of the cash flow hedge, which at June 30, 2005 and December 31, 2004, is a loss of \$418,000 and \$289,500, respectively (net of 50% minority interest), is deferred to other comprehensive loss and reclassified to interest expense over the life of the swap contract.

**7. STOCK OPTIONS**

On April 1, 2005 Mr. Wiener exercised options to purchase 1,500 shares which had been previously granted. **EFFECT OF INFLATION:**

Inflation affects the costs of operating and maintaining the Company's investments. In addition, rentals under certain leases are based in part on the lessee's sales and tend to increase with inflation, and certain leases provide for periodic adjustments according to changes in predetermined price indices.

The majority of maturing debt obligations for 2005 is a note payable to the Company's 49% owned affiliate, T.G.I.F. Texas, Inc. ("TGIF") of approximately \$3.7 million. This amount is due on demand. It is expected that this obligation when due to TGIF would be paid with funds available from distributions from its investment in TGIF and from available cash.
