ITEM 5. OTHER EVENTS.

On January 16, 2002, the Company, Commodore Applied Technologies, Inc., issued a press release regarding the extension of deadline for the exercise of its \$14.5 million repurchase obligation with respect to a portion of the Company's common stock issued in connection with its recent acquisition of Dispute Resolution Management, Inc. A copy of such press release is attached as Exhibit 99.2 hereto and is incorporated by reference into this Report. Pursuant

to the Stock Purchase Agreement between our company and DRM, the Company agreed to repurchase from the shareholders of DRM, by August 30, 2001, that number of the 9.5 million shares of the Company issued in connection with the acquisition necessary to provide the holders of such shares with \$14.5 million. As partial security for payment of this repurchase obligation, all shares of DRM stock owned by the Company were pledged to the former sole stockholders of DRM.

The original repurchase obligation deadline of August 30, 2001, previously extended to January 16, 2002, has now been further extended to May 16, 2002. A copy of such extension is attached as Exhibit 99.3 hereto and is incorporated by reference into this Report. The Company intends to meet the repurchase obligation either by reacquiring its shares and selling those shares to generate cash necessary to meet the repurchase obligation or by obtaining additional outside financing. Pursuant to the terms of the Stock Purchase Agreement, failure of the Company to meet this repurchase obligation would subject the Company to losing its entire equity ownership in its DRM subsidiary, as well as forfeiture of up to an aggregate of 10,750,000 of the Company's common stock.

The Company currently requires additional cash to sustain existing operations and meet the Company's ongoing capital requirements. Excluding DRM, current monthly operating expenses exceed cash revenues by approximately \$200,000. The continuation of the Company's operations is dependent in the short term upon its ability to obtain additional financing and, in the long term, to generate sufficient cash flow to meet its obligations on a timely basis, to obtain additional financing as may be required, and ultimately to attain profitability.
