Proceeds from the sale were used by the reporting person to purchase shares in the Issuer in a retirement plan for the benefit of the reporting person. The sale transaction and purchase transaction are matchable under Section 16(b) of the Securities Exchange Act of 1934. The reporting person agreed to pay to the Issuer the full amount of any profit realized in connection with such short-swing transactions, less transaction costs. However, as the cost of shares purchased, including transaction costs, exceeded the proceeds from the shares sold, there were no short-swing profits.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, see Instruction 6 for procedure. Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
