National Grid Transco close period trading update for the year ended 31 March 2003

Financial results for the year in line with expectations

National Grid Transco plc (the "Group") is today issuing its trading update prior to entering its period and the announcement of its full year results on Wednesday 21 May 2003.

Operating performance for the year ended 31 March 2003 will be in line with our expectations. This includes progress on programmes to deliver controllable cost reductions and merger synergies. In the impact of the weakened economy and dollar has been offset by the benefits of favourable weather.

Profit before tax (excluding exceptional items and goodwill amortisation) is now expected to be in by some £30m as a result of our decision to suspend, with effect from 1 October 2002, recognition cash) UK pension surplus credits.

As previously indicated, we do not expect to release any prior year tax provisions and the effect tax rate on the profit before tax (excluding exceptional items) is anticipated to be approximatel

The cashflow impact of the programmes previously announced to deliver restructuring and benefits, combined with the Group's share buy-back programme, will result in net debt of arou at 31 March 2003.

During the course of the year (up to 25 March 2003), the Group purchased for cancellation 24,22 its ordinary shares at an average price of 401.59p. The weighted average number of shares for ending 31 March 2003 for purposes of calculating earnings per share is expected to be around billion.
