E Statement of Cash Flows

For purposes of this statement, the company considers all liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Edgar Filing: LATIN AMERICAN CASINOS INC - Form 10QSB

F Income (Loss) Per Common Share

Basic earnings per common share and common share equivalent were computed by dividing net (loss) by the weighted average number of shares of common stock outstanding during the period. Fully diluted earnings per share was calculated based on the assumption that the increase in the number of common shares assumed outstanding on conversion are reduced by the number of common shares that are assumed to be purchased with the proceeds from the exercise of the incentive stock options. During 2001 and 2000 all warrants, stock options and underwriter's options (Note 4, 5, 6) were anti-dilutive.

G Significant Concentration of Credit Risk

The company has concentrated its credit risk for cash by maintaining deposits in banks located within the same geographic region. The maximum loss that would have resulted from risk totaled \$4,266,000 and \$4,320,000 as of March 31, 2001 and December 31, 2000 for the excess of the deposit liabilities reported by the bank over the amounts that would have been covered by federal deposit insurance.

H Use of Estimates

Actual results could differ from those estimates. Estimates are used when accounting for uncollectable accounts receivable, obsolescence, equipment depreciation and amortization, taxes, among others.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

General

The Company entered the gaming and casino industry in Peru in 1994. Since January 1995, the Company has been engaged in the renting of slot machines to licensed gaming establishments in various cities through its wholly owned subsidiaries in South America. In 1994, the Company formed its Peruvian subsidiary in late 1995 the Company formed its Colombian subsidiary.

As of March 31, 2001, the Company had approximately 900 machines under rental contracts in Peru and Colombia.

The Company concentrates its efforts on the rental of used five reel slot machines. These machines were purchased at a fraction of the cost of new machines and are refurbished for use in South America. Whereas a new slot machine would cost approximately \$10,000 plus additional charges for duty, the used slot machines cost approximately \$600 each including freight, duty, and refurbishing expenditures.

In March 1997, the Company expanded its slot machine operations in Colombia to include gaming slot route operations. In January 2000, the Company suspended these route operations due to increasing cost of maintaining these routes.

In September 1997, the company incorporated World's Best Rated Cigar Company, as a wholly owned subsidiary, to distribute premium cigars. It was originally intended that the company would acquire quality cigars from six manufacturers and market them at "off price" through large retail chains. In February 2000, the marketing strategy was modified to include selling directly to consumers through our web site, www.worldsbestrated.com, and our toll free number.

Results of Operations

Edgar Filing: LATIN AMERICAN CASINOS INC - Form 10QSB

----- First Quarter -----

Revenues from the rental of slot machines in Peru and Colombia for the three months ended March 31, 2001 decreased by \$91,800 or 38.2 %, to \$148,350 from \$240,150 for the comparable period in 2000. The Company's revenues from cigar sales were \$33,900 in the first quarter of 2001 as compared to sales of \$24,300, an increase of \$9,600 or 39.5% for the same period in 2000.

The decrease in revenues was the result of an overall weakness of the economy in South America and the continued concerns over government-mandated obsolescence, political changes, increased competition as well as the increasing need to replace the older machines on rental with more modern machines.

Selling, general, and administrative expenses incurred in the quarter ended March 31, 2001 decreased \$26,600 or 5.0%, to \$501,200 from \$527,850 for the same period in 2000.

The decrease is due to a reduction in staffing in South America offset by severance payments in South America.

Net (loss) for the three months ended March 31, 2001 was (\$560,600) or (\$0.13) per share compared to (\$305,200) loss or (\$0.09) per share for the same period in 2000.

The net loss was attributable to the significant decline in revenues from slot machine operations, the write down of slot machine parts and the loss incurred on the sale, by the company, of it's real property in Miami.

Through March 31, 2001 the Company expended approximately \$1,190,000 on the establishment of a premium cigar operation; minor additional expenditures for marketing and personnel are expected throughout the year 2001. No significant cost associated with acquisitions of new cigars and related inventory are expected in year 2001. The Company anticipates that it will generate increased revenues from this business in year 2001, although the amount of such increased revenues is, at this time, impossible to forecast. The effect that this business will have on the overall profitability or loss of the Company is uncertain.

Liquidity and Capital Resources -----

Cash and cash equivalents decreased approximately \$40,900 or less than 1%, to \$4,381,800 at March 31, 2001 from \$4,422,700 at December 31, 2000. The decrease is attributable to the poor results of the slot machine operations, partially offset by the sale of slot machines, and the continued slow growth of the cigar operations.

The Company anticipates that its cash flow from operations and interest earned on cash equivalents will be sufficient to meet its cash needs for the next twelve months. The Company does not have any commitments for material capital expenditures.

Forward Looking Statements -----

From time to time, the Company may publish forward looking statements

relating to such matters as anticipated financial performance, business prospects, new products and certain other matters. The words "may", "will", "expect", "anticipate", "continue", "estimate", "project", "intend" and similar expressions are intended to identify such forward looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. In order to comply with the terms of the safeharbor, the Company notes that a variety of factors could cause its actual results and experience to differ materially from anticipated results and other expectations that may effect the operations, performance, development and results of the Company's business, including the following:

- 14 -

1. Changes in government regulations of gaming, such as the excise tax imposed by Peru, could have an effect on the Company's operations and business.
2. Political factors affecting South and Central America, particularly as they pertain to currency valuation, could affect the Company's business in ways, which are difficult to predict.
3. The agreements, which the Company has with five of its cigar manufacturers, are cancelable upon 60 days written notice. One or more such cancellations could have a material adverse effect on the Company's cigar operations.
4. The Company's cigar operations are subject to all the risks and uncertainties associated with the development of a new enterprise. There can be no assurances that the Company will be able to successfully penetrate the market, or that its cigar operations will become profitable.
5. The Company may be required to raise additional funds to expand its business operations, particularly the cigar business, if it proves successful. There can be no assurances that the Company will be able to raise such funds, either through the sale of equity or debt securities or through commercial sources. The inability to acquire needed capital could have a material adverse effect on the Company's ability to expand.
6. The Company has a recently terminated it's merger negotiations with Digital Convergence Corporation. The Company is exploring potential business opportunities, which if consummated, could dramatically change the operations of the Company.
