PROXY STATEMENT

GENERAL INFORMATION

WHEN WAS THIS PROXY STATEMENT AND THE ACCOMPANYING PROXY SCHEDULED TO BE SENT TO STOCKHOLDERS?

This proxy statement and accompanying proxy are scheduled to be sent to stockholders beginning on March 11, 2003.

WHO IS SOLICITING MY VOTE?

The Board of Directors of Investors Financial Services Corp. ("Investors Financial" or the "Company") is soliciting your vote for the 2003 Annual Meeting of Stockholders.

HOW MANY VOTES CAN BE CAST BY ALL STOCKHOLDERS?

64,892,525 shares of Common Stock of Investors Financial are outstanding and entitled to be voted at the meeting. Each share of Common Stock is entitled to one vote on each matter.

HOW DO I VOTE?

You may vote in person at the Annual Meeting or by proxy without attending the meeting. To vote by proxy please mark, date, sign and return the enclosed proxy in the enclosed envelope. If you vote by the enclosed proxy your shares will be voted at the meeting in accordance with your instructions or as provided in the proxy. If you do not give any instructions, your shares will be voted by the persons named in the proxy in accordance with the recommendations of the Board of Directors given below.

If your stock is held in the name of a broker, bank or other nominee, you may have the choice of voting your shares over the Internet or by telephone. Follow the instructions on the form you receive from your broker or bank.

To vote in person, bring a form of personal identification with you. If your stock is held by a broker, bank or other nominee, bring an account statement or a letter from the record holder indicating that you own the shares as of the record date and first obtain from the record holder a proxy issued in your name.

WHAT ARE THE BOARD'S RECOMMENDATIONS ON HOW TO VOTE MY SHARES?

The Board of Directors recommends a vote:

- FOR election of the two directors (page 6)
- FOR the amendment to Investors Financial's Certificate of Incorporation (page 20)
- FOR the ratification of Deloitte & Touche LLP as Investors Financial's independent auditors (page 21)

1

WHO PAYS THE COST FOR SOLICITING PROXIES?

Investors Financial will pay the cost of soliciting proxies. The solicitation of proxies will be made primarily by mail. Investors Financial has retained Innisfree M&A Corporation to aid in the distribution of proxies for a fee of \$2,500, plus expenses. Proxies may be solicited personally, by telephone, fax and e-mail by employees of Investors Financial and its principal subsidiary,

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

Investors Bank & Trust Company (the "Bank"), without any additional remuneration. Investors Financial will reimburse brokers, banks, custodians, other nominees and fiduciaries for forwarding these materials to their principals and for obtaining the authorization for the execution of proxies.

CAN I CHANGE MY VOTE?

You may revoke your signed proxy at any time before it is voted by notifying the Secretary in writing, by returning a signed proxy with a later date, or by attending the meeting and voting in person. If your stock is held in street name, you must contact your broker or nominee for instructions as to how to change your vote.

WHAT VOTE IS REQUIRED TO APPROVE EACH ITEM?

The two nominees for election as directors who receive a plurality of the shares voted for election of directors shall be elected directors (Item 1). The affirmative vote of 75% of all shares outstanding and entitled to vote is necessary to approve the amendment to Investors Financial's Certificate of Incorporation (Item 2). The affirmative vote of a majority of all shares present in person or represented by proxy at the meeting and entitled to vote is necessary to ratify the selection of Deloitte & Touche LLP as Investors Financial's independent auditors (Item 3).

HOW IS THE VOTE COUNTED?

Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed by Investors Financial to act as tellers for the meeting. A majority of the shares entitled to vote at the Annual Meeting constitutes a quorum. The tellers will count shares represented by proxies that withhold authority to vote for a nominee for election as a director only as shares that are present and entitled to vote for purposes of determining the presence of a quorum. None of the withheld votes will be counted as votes "for" a director. Shares properly voted to "abstain" on a particular matter are considered as shares that are entitled to vote for the purpose of determining a quorum but are treated as having voted against the matter.

If you hold shares through a broker, bank or other nominee, generally the nominee may vote the shares for you in accordance with your instructions. Stock exchange and NASD rules prohibit a broker from voting shares held in a brokerage account on some proposals (a "broker non-vote") if the broker does not receive voting instructions from you. Under these rules, a broker may not vote in its discretion on Item 2. Shares that are subject to a broker non-vote are counted for determining the quorum but as not entitled to vote on the particular matter, so without voting instructions a broker non-vote could occur on Item 2. This will have the effect of the shares being voted against approval of Item 2.

COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?

We do not know of any other matters that may be presented for action at the meeting. Should any other business come before the meeting, the persons named on the enclosed proxy will have discretionary authority to vote the shares represented by such proxies in accordance with their best judgment.

The functions of the Audit Committee (the "Audit Committee") are focused on the following areas:

9

The Audit Committee met ten times during 2002.

The Board has adopted a written charter setting out the authority and responsibilities of the Audit Committee. A copy of the current Audit Committee Charter is attached to this report as APPENDIX A and provides greater detail regarding the activities of the Audit Committee.

Management has primary responsibility for the Company's consolidated financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual consolidated financial statements prepared by management, express an opinion as to whether those consolidated financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and discuss with the Audit Committee any issues they believe should be raised with the Audit Committee.

For 2002, the Audit Committee reviewed the Company's audited consolidated financial statements and met with both management and Deloitte & Touche, the Company's independent auditors, to discuss those consolidated financial statements. Management has represented to the Audit Committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles and fairly represent the financial condition and results of operations of the Company.

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

The Audit Committee has received from and discussed with Deloitte & Touche the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to Deloitte & Touche's independence from the Company. The Audit Committee also discussed with Deloitte & Touche the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002. The Audit Committee also engaged Deloitte & Touche to act as the Company's independent auditors for the 2003 fiscal year.

 * Grants are exercisable immediately.
 ** Of the number shown, (i) a portion of the grant becomes exercisable in 48 equal monthly installments beginning November 12, 2002 and includes a reload feature (30,000 for Mr. Sheehan, 25,000 for Mr. Rogers, 20,000 for Mr. Maroney, 20,000 for Mr. Mancuso and 20,000 for Mr. Spinney, respectively), and (ii) a portion of the grant is exercisable (a) immediately (3,428 for Mr. Sheehan, 52,767 for Mr. Rogers, 4,759 for Mr. Mancuso, respectively and, (b) in four annual installments and includes a reload feature (50,000 for Mr. Spinney). The reload feature provides that on an exercise of options in which the optionee makes payment through the delivery of previously owned shares of the Company's Common Stock, the optionee shall receive an additional option to purchase that number of shares of the Company's Common Stock as was delivered in payment for such exercise.

- (1) The exercise price per share of each option was determined by the Compensation Committee to be equal to the fair market value per share of the Common Stock on the date of grant.
- (2) Amounts shown represent hypothetical gains that could be achieved for the respective options exercised at the end of the option term. These gains are based on assumed rates of appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the options or sale of the underlying shares. The actual gains, if any, on the stock option exercises will depend on the future performance of the Common Stock, the optionholder's continued employment through the option period, the date on which the options are exercised and the date on which the underlying shares of Common Stock are sold. The potential realizable value does not represent the Company's prediction of its future stock price performance.

Actual gains on stock option exercises depend on the value of the underlying Common Stock on the date such Common Stock is actually sold.
- (2) Value is based on the difference between the option exercise price and the fair market value of the Company's Common Stock on December 31, 2002 (\$27.39 per share, the last reported sales price of the Company's Common Stock on the Nasdaq National Market on December 31, 2002) multiplied by the number of shares underlying the option. The actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock, the optionholder's continued employment through the option period, the date on which the options are exercised and the date on which the underlying shares of Common Stock are sold.

STOCK PLANS

The Company currently has three stock plans: the 1995 Plan, the Director Plan and the 1997 Employee Stock Purchase Plan (the "1997 Plan"). Each of the 1995 Plan, the Director Plan and the 1997 Plan have been approved by stockholders. The Company does not have any equity compensation plans that have not been approved by stockholders.

The following table provides aggregate information, as of December 31, 2002, regarding outstanding options and the number of shares of Common Stock available for future issuance under the 1995 Plan, the Director Plan and the 1997 Plan.

BONUSES

The Company from time to time awards certain key employees bonuses based on both individual and Company performance. The Company's 2002 Senior Executive Bonus Plan was put in place in December 2001 and expired on December 31, 2002. The 2002 Senior Executive Bonus Plan established a target level for 2002 operating earnings per share and cash bonus pools for executive officers based on achieving target levels. Bonuses were allocated to management based on contributions to operating results. Payments to Named Executive Officers in 2002 were made in the following amounts: Mr. Sheehan \$1,687,500; Mr. Rogers

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

\$1,462,500; Mr. Maroney \$956,250; Mr. Spinney \$375,000; and all executive officers as a group \$4,825,000.

EMPLOYMENT AGREEMENTS

The Company entered into amended and restated employment agreements with Kevin J. Sheehan, Michael F. Rogers, Robert D. Mancuso and Edmund J. Maroney on May 16, 2000, and with John N. Spinney, Jr. on November 12, 2002, each with a term of three years, subject to annual renewal and earlier termination. The agreements with Messrs. Sheehan, Rogers, Mancuso, Maroney and Spinney currently have a term that expires on December 31, 2005.

Messrs. Sheehan's, Rogers', Maroney's and Mancuso's and Mr. Spinney's agreements provide that the Company will employ Messrs. Sheehan, Rogers, Maroney, Mancuso and Spinney as Chief Executive Officer, President, Senior Vice President - Technology and Senior Vice President - Marketing and Client Management, and Senior Vice President and Chief Financial Officer, respectively, and will pay them an annual salary determined by the Company's Board of Directors, as well as an annual bonus under the Company's then applicable bonus plans, if any. Under their employment agreements, the Company may terminate their employment for cause defined as (i) a finding by a majority of the Board of Directors that the employee has performed his duties inadequately, (ii) action or inaction by the employee which results in a material breach of the agreement or in the employee unfairly competing with the Company, (iii) the commission of a felony which shall adversely affect the employee's ability to perform his duties, or (iv) the commission of an act of fraud, dishonesty, gross negligence or deliberate disregard for the rules and policies of the Company. Termination for cause results in no liability to the Company beyond the payment of wages to the date of discharge, except in the case of a termination solely pursuant to a finding by a majority of the Board of Directors that an individual has performed his or her duties inadequately, in which case the agreements provide for a lump sum payment equal to nine months of annual salary at the then current rate, as well as nine months of continuing medical coverage paid for by the Company. Should their employment be terminated by the Company without cause, by disability, or by Messrs. Sheehan, Rogers, Mancuso, Maroney or Spinney for good reason, which good reason includes (i) a material change by the Company of either of their authority, functions or duties which results in a reduction in their respective position's scope, importance or responsibilities, (ii) a failure by the Company to comply with the terms of the employment agreements, and (iii) with respect to Mr. Sheehan only, a failure by the stockholders to re-elect him as a director of the Company, the agreements provide for a lump sum payment equal to the greater of twice their current annual salary and the amount equal to the highest of their three most recent annual bonuses, or the salary and bonus due to be paid under the remaining term of the agreement. Mr. Mancuso's agreement bases the foregoing payment on the highest of his three most recent annual sales commission payments, rather than bonus. The agreements also provide for continuation of medical coverage for the longer of two years or the remaining term of the agreement. The agreements also provide that the Company shall pay to Messrs. Sheehan, Rogers, Mancuso Maroney and Spinney an amount sufficient to fund a life insurance policy payable to the beneficiaries of their choice in a face amount equal to same amount as that they would receive upon termination of their employment by the Company without cause.

The Company also entered into change of control employment agreements with Kevin J. Sheehan, Michael F. Rogers, Robert D. Mancuso, and Edmund J. Maroney on May 16, 2000, and with John N. Spinney, Jr. on August 23, 2001. The agreements with Messrs. Sheehan, Rogers, Mancuso, Maroney and Spinney currently have a term of three years, subject to automatic annual renewal and earlier termination.

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

The change of control employment agreements become effective upon a change in control of the Company, defined to be a consolidation, merger, reorganization or sale or transfer of all or substantially all of the assets of the Company, a change in a majority of the Board of Directors, or the acquisition by any person of 20% or more of the voting securities of the Company. The agreements provide that if any of Messrs. Sheehan, Rogers, Mancuso, Maroney or Spinney is terminated during the term of his or her agreement, he or she shall receive a lump sum severance payment equal to three times the employee's most recent annual salary plus a payment equal to three times the highest of the employee's three most recent annual bonuses, or, in the case of Mr. Mancuso, the highest of his three most recent annual sales commission payments, as well as an actuarial payment under any existing defined benefit plan and continuing benefits and medical coverage for three years.

PENSION PLANS

In 1971, the Company adopted the Investors Bank & Trust Pension Plan (as amended, the "Pension Plan"), covering all employees who are at least 21 years of age. In 1996, the Company amended the Pension Plan to freeze the admission of new entrants after December 31, 1996. The Pension Plan was amended in December 2001 to freeze benefit accruals for certain highly compensated participants as of December 31, 2002, as well as change the maximum allowable compensation projected for future years. Such highly compensated participants will receive their full benefit accrual under the Company's non-qualified retirement plan, as described below. Benefits under the Pension Plan are based on an employee's years of service and his or her final average monthly compensation. A participant's monthly benefit at normal retirement (I.E., at or after attaining the age of 65 years) payable as a life annuity equals a percentage of the participant's final average monthly compensation multiplied by years of service. The percentage varies depending on years of service and the level of final average monthly compensation. Early retirement benefits are available to participants who have attained age 55 and have at least 10 years of service. Benefits are payable at retirement in the form of a monthly annuity or a single lump sum.

A participant's final average monthly compensation is the average of such participant's total eligible compensation (I.E., basic cash remuneration excluding incentive compensation) during the 60 consecutive months in the last 120 months of employment affording the highest such average subject to certain limits on eligible compensation set by Federal law. For 2002, this limit was \$200,000. The Pension Plan's benefit formula described above became effective in 1991, but applies to all periods of benefit service.

In 1994, the Company adopted the Investors Bank & Trust Supplemental Executive Retirement Plan (as amended, the "SERP") covering certain employees. The SERP is a non-qualified supplemental retirement plan and pays benefits for certain participants in addition to benefits paid under the Pension Plan. Benefits under the SERP are based on an employee's total compensation or the portion of such employee's total compensation not included in the calculation of benefits to be paid under the Pension Plan. Payments under the SERP are based on years of service and the employee's final total compensation, including incentive compensation (i.e. bonus and commissions) for certain participants.

The following table shows the estimated annual benefits payable to employees covered by both the Pension Plan and the SERP or exclusively by the SERP upon retirement in specified total compensation and years of service classifications. Amounts listed in the table are not subject to deduction for social security or other offset amounts.

The Named Executive Officers have the following credited years of service under the Pension Plan and the SERP as of December 31, 2002: Mr. Sheehan, 26.6 years; Mr. Rogers, 20.3 years; Mr. Maroney, 17.3 years; and Mr. Mancuso, 10.3 years. The Named Executive Officer has the following credited years of service under the SERP as of December 31, 2002: Mr. Spinney, 1.3 years. The summary compensation table previously presented does not reflect the payment to any of the Named Executive Officers of compensation pursuant to either the Pension Plan or the SERP, as payment obligations pursuant to each of the Pension Plan and the SERP are contingent on retirement.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the three member Compensation Committee of the Board of Directors (the "Compensation Committee"). The three members of the Compensation Committee are independent non-employee directors. Pursuant to the authority delegated by the Board of Directors, the Compensation Committee establishes each year the compensation of the Chief Executive Officer, and together with the Chief Executive Officer, establishes the compensation of the other executive officers of the Company. The Compensation Committee then recommends those compensation packages to the full Board for its approval.

The Company's compensation policy for executive officers is designed to achieve the following objectives:

- To enhance profitability of the Company and increase stockholder value.
- To reward executives in accordance with the Company's annual and long-term performance goals.
- To recognize individual initiative and achievement.
- To provide competitive compensation that will attract and retain qualified executives.

The compensation program for executive officers consists of three primary elements: (1) base salary, which is determined on an annual basis and is primarily dependent on external market data; (2) annual incentive compensation in the form of cash bonuses which are based on the achievement of pre-determined financial objectives of the Company; and (3) long-term incentive compensation, in the form of stock options, granted periodically with the objective of aligning the executive officers' long-term interests with those of the stockholders, encouraging superior results over an extended period and retaining key executive officers. Annual incentive compensation for Mr. Mancuso is in the form of sales commission payments based on revenue received by the Company from new sales.

Base salary is intended to be competitive with base salary offered for similar executive positions at other local companies in the same or similar industries. The base salary for the Company's executive officers for 2002

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

reflected a mid-range level of competitive compensation in order to attract and retain key executive officers. In addition to external market data, the Committee also reviews the Company's financial performance and individual performances when adjusting base salary annually.

In the spring of 2002, the Compensation Committee engaged Hewitt Associates to perform an independent evaluation of executive compensation at the Company. The Hewitt report looked at each compensation component as well as the relative mix of compensation for executive officers of the Company. The report compared executive compensation at the Company to compensation at various other companies, including competitors of the Company. The report also used a number of third party compensation surveys. The report adjusted comparative compensation levels according to size of company and other factors. The Compensation Committee met independently with officials from Hewitt and used the information and analysis contained in the Hewitt report in developing the 2003 Executive Compensation Plan. The Compensation Committee met in executive session regularly while developing the 2003 Compensation Plan.

16

In November 2002, the Compensation Committee set the terms for the 2003 Executive Compensation Plan, and recommended those terms to the full Board for approval. The full Board approved the 2003 Executive Compensation Plan at their November 2002 regular meeting. This plan established (i) base salaries for 2003; (ii) proposed option grant levels for 2003; (iii) target levels for operating earnings per share for 2003 and bonus amounts payable to executive officers under the Senior Executive Bonus Plan, based on achieving such targets and (iv) sales commission parameters for Mr. Mancuso. If 2003 operating earnings per share equal the minimum target, certain executive officers will receive bonuses ranging from 100% to 125% of their annual base pay, depending on their positions, with the Chief Executive Officer and the President each receiving 125% of their respective annual base pay. If 2003 operating earnings per share exceed the minimum target level, additional bonus amounts are available to the executive officers under the bonus plan, up to a maximum amount equal to 225% of their respective annual base pay. The actual level of bonus earned is based upon achievement of specific predetermined performance targets established by the Compensation Committee. No bonuses will be payable to executive officers if 2003 operating earnings per share are less than or equal to 2002 operating earnings per share. Mr. Mancuso receives commissions, subject to various eligibility requirements, on revenue received by the Company from sales to new clients and sales of new products to existing clients.

Federal law and regulations provide generally that in order to qualify for a tax deduction (as further explained later in this report), compensation in excess of \$1 million paid to a public corporation's top executive officers must qualify as performance-based compensation. In order to qualify as performance-based compensation, bonuses must be earned under a plan, the material terms of which have been approved by stockholders. In general, the performance measures under such a plan must be reapproved by stockholders every five years. The Senior Executive Bonus Plan was last approved by stockholders in April 2001.

Long-term incentive compensation, in the form of stock options, also aligns executive officers' interests with those of stockholders. In addition, the Compensation Committee believes that equity ownership by executive officers helps to balance the short term focus of annual incentive compensation with an emphasis on long-term financial results and may help to retain key executive officers.

When establishing stock option grant levels, the Compensation Committee considers existing levels of stock ownership, previous grants of stock options,

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

vesting schedules and exercise price of outstanding options and the current stock price. Stock options granted under the 1995 Plan have had an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and generally vest over a four-year period.

The 2002 base salary for Mr. Sheehan, the Company's Chief Executive Officer, was established by the Board of Directors in December 2001. Under the terms of the 2002 Senior Executive Bonus Plan, Mr. Sheehan's bonus eligibility was set forth on a matrix under which Mr. Sheehan would receive no bonus if 2002 operating earnings per share did not exceed 2001 operating earnings per share. Mr. Sheehan's bonus eligibility increased incrementally in relation to the amount by which 2002 operating earnings exceeded 2001 operating earnings. In accordance with the terms of the 2002 Senior Executive Bonus Plan, at the Company's diluted earnings per share level of \$1.04 for 2002, Mr. Sheehan was eligible for a bonus equal to 225% of his 2002 salary, or \$1,687,500. Accordingly, approximately 69% of Mr. Sheehan's \$2,437,500 in 2002 cash compensation was based on corporate performance, specifically, the Company's diluted earnings per share. Also, the Compensation Committee granted Mr. Sheehan options to purchase 30,000 shares of Common Stock under the Company's 2002 Executive Compensation Plan. The Board of Directors believes that Mr. Sheehan has led the Company toward achieving its goals of growth in revenue and the client base and expansion in the breadth of services provided. The Board specifically noted the Company's overall performance under Mr. Sheehan's leadership, especially through the difficult economic and market conditions experienced in 2002.

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that

17

constitutes "qualified performance-based compensation" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The Compensation Committee has considered the limitations on deductions imposed by Section 162(m) of the Code, and it is the Compensation Committee's present intention that, for so long as it is consistent with its overall compensation objectives, substantially all tax deductions attributable to executive compensation will not be subject to the deduction limitations of Section 162(m) of the Code.

The Compensation Committee is satisfied that the executive officers of the Company are dedicated to achieving significant improvements in the long-term financial performance of the Company and that the compensation policies and programs implemented and administered have contributed and will continue to contribute towards achieving this goal.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's Board of Directors has established a Compensation Committee currently consisting of Messrs. Oates, Condon and McDermott, who were

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

the only members of the Compensation Committee during 2002. No executive officer of the Company served as a member of the Compensation Committee of another entity (or other committee of the Board of Directors performing equivalent functions or, in the absence of any such committee, the entire Board of Directors), one of whose executive officers served as a director of the Company.

COMPENSATION OF DIRECTORS

Employee directors do not receive cash compensation for their service as members of the Board of Directors. For 2002, non-employee directors received a retainer fee of \$15,000, paid quarterly, and an additional \$2,142.86 for each meeting of the Board of Directors they attended. During 2003, each non-employee director will receive a retainer fee of \$20,000 and additional meeting fees for each meeting attended totaling \$15,000 if all regular meetings are attended. During 2003, each member of the Audit Committee will receive additional fees equal to \$4,000. Seven Board of Director Meetings were planned for 2002 and seven are planned for 2003. Non-employee directors are also eligible for participation in the 1995 Non-Employee Director Stock Option Plan, pursuant to which each non-employee director receives automatic grants of options and is eligible to receive his or her annual fee in the form of stock options. Pursuant to the Director Plan, immediately following the 2002 Annual Meeting of Shareholders, each of Messrs. Condon, Fraser, Friedl, McDermott, Oates and Ms. Swersky received an option to purchase 5,000 shares of Common Stock at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant. In addition, under the Director Plan, directors may elect to receive their retainer fee in the form of stock options. Pursuant to this election, Messrs. Condon, Fraser, Friedl and McDermott were granted options to purchase a total of 2,728 shares of the Company's common stock. In each such case, the exercise price per share of each option was determined to be equal to the fair market value per share of the Common Stock on the date of grant.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

PROPOSAL 2

APPROVAL OF AN AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION

GENERAL

The Board of Directors has voted to recommend to stockholders that the Company amend its Certificate of Incorporation (the "Certificate of Incorporation") to limit the ability of the Company to indemnify its officers and directors. The full text of the Certificate of Amendment (the "Certificate of Amendment") to the Certificate of Incorporation that will effect the aforementioned amendment (the "Charter Amendment") is attached hereto as EXHIBIT B.

The Board of Directors approved the Charter Amendment largely in response to industry guidance given by the Federal Reserve Board to bank holding companies concerning indemnification agreements and payments. The purpose of the guidance was to remind bank holding companies of the limitations upon indemnification imposed by section 18(K) of the Federal Deposit Insurance Act and the regulations issued thereunder (the "Indemnification Limits"). The Indemnification Limits apply to preserve the deterrent effects of administrative enforcement action by ensuring that individuals subject to final enforcement actions bear the cost of any judgments, fines and associated legal expenses, and to safeguard the assets of financial institutions. The Indemnification Limits prohibit a bank holding company from paying or reimbursing an "Institution Affiliated Party" (an "IAP" i.e., an officer, director, employee, controlling stockholder or one who participates in the affairs of the bank holding company) for any liability or legal expense derived from a bank regulatory administrative proceeding that results in a final order or settlement in which the IAP is assessed a civil money penalty, is removed or prohibited from banking, or is required to cease an action or take any affirmative action, including making restitution. The Indemnification Limits allow reasonable payments to purchase liability insurance, but the insurance may not pay or reimburse an IAP for any final judgment or civil money penalty assessed against the IAP.

The Charter Amendment is intended to clarify that the indemnification provisions of the Certificate of Incorporation comply with the Indemnification Limits by explicitly limiting indemnification such that no indemnification or insurance coverage provided shall exceed that permitted by applicable law.

BOARD OF DIRECTORS' RESERVATION OF RIGHTS

If the Charter Amendment is approved by the stockholders, the Charter Amendment will become effective upon the filing of the Certificate of Amendment with the Delaware Secretary of State. The Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Charter Amendment, if at any time prior to filing the Certificate of Amendment with the Secretary of State of the State of Delaware the Board, in its sole discretion, determines that the Charter

Edgar Filing: INVESTORS FINANCIAL SERVICES CORP - Form PRE 14A

Amendment is no longer in the best interests of the Company and its stockholders. In addition, the Board reserves the right to delay filing the Certificate of Amendment for up to 12 months following stockholder approval of the Charter Amendment at the Annual Meeting. However, at the present time, the Board intends to proceed with the Charter Amendment as presented without delay.

Approval of the Charter Amendment will require an affirmative vote of seventy-five percent (75%) of the voting power of all of the then outstanding shares of the capital stock of the Company entitled to vote generally in the election of directors, voting together as a single class. Abstention from voting on this proposal will have the same effect as a vote "against" this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR"
THE PROPOSED CHARTER AMENDMENT.

PROPOSAL 3

RATIFICATION OF SELECTION OF AUDITORS

The Board of Directors, upon the recommendation of the Audit Committee, has selected the firm of Deloitte & Touche LLP ("Deloitte & Touche"), independent certified public accountants, to serve as auditors for the fiscal year ending December 31, 2003. Deloitte & Touche has served as the Company's accountants since the fiscal year ended October 31, 1989. It is expected that a member of Deloitte & Touche will be present at the Annual Meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions. Ratification of the selection of auditors is not required under the laws of the State of Delaware but will be considered by the Board of Directors in selecting auditors for future years.

The following table details aggregate fees billed for 2002 and 2001 by Deloitte & Touche to the Company.

Services -----	Aggregate Fees Billed for Fiscal Year Ended	
	2002 ----	2001 ----
Audit Fees	\$ 417,150	\$ 356,500
Audit-Related Fees	\$ 0	\$ 0
Tax Fees	\$ 0	\$ 0
Other Fees	\$ 49,500	\$ 99,400

The Audit Committee of the Board of Directors has considered whether the provision of the services by Deloitte & Touche covered by the caption "Other Fees" in the above-table is compatible with Deloitte & Touche's independence and has concluded that it is.

Ratification of the selection of Deloitte & Touche to serve as auditors for the fiscal year ending December 31, 2003 will require an affirmative vote of a majority of the outstanding shares of Common Stock of the Company represented in person or by proxy at the Annual Meeting and voting on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A
VOTE "FOR" THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors, executive officers and holders of more than 10% of the Company's Common Stock (collectively, "Reporting Persons") to file with the Securities and Exchange Commission (the "Commission") initial reports of ownership and reports of changes in ownership of Common Stock of the Company. Such persons are required by regulations of the Commission to furnish the Company with copies of all such filings. Based on its review of the copies of such filings received by it with respect to the year ended December 31, 2002, the Company believes that all Reporting Persons complied with all Section 16(a) filing requirements in the year ended December 31, 2002, except that Phyllis S. Swersky filed late one Form 4 with respect to one sale of shares of the Company.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended for inclusion in the Company's proxy materials to be furnished to all stockholders entitled to vote at the 2004 Annual Meeting of Stockholders pursuant to Rule 14a-8 promulgated by the Commission under the Exchange Act must be received at the Company's principal executive offices not later than November 15, 2003. Under the Company's By-laws, stockholders who wish to make a proposal at the 2004 Annual Meeting - other than one that will be included in the Company's proxy materials - must notify the Company no earlier than October 16, 2003 and no later than November 15, 2003. If a stockholder who wishes to present a proposal fails to notify the Company by November 15, 2003, the stockholder would not be entitled to present the proposal at the meeting. If, however, notwithstanding the requirements of the Company's By-laws, the proposal is brought before the meeting, then consistent with the Commission's proxy rules the proxies solicited by management with respect to the 2004 Annual Meeting will confer discretionary voting authority with respect to the stockholder's proposal on the persons selected by management to vote the proxies. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the Commission's proxy rules. All stockholder proposals must comply with the applicable requirements of the Company's By-laws, a copy of which is on file with the Commission. In order to curtail controversy as to the date on which a proposal was received by the Company, it is suggested that proponents submit their proposals by Certified Mail, Return Receipt Requested, to Investors Financial Services Corp., P.O. Box 9130, Boston, MA 02117-9130, Attention: Corporate Secretary.

COMMITTEE MEMBERSHIP AND ORGANIZATION

The Committee shall be composed of a minimum of three members. Each Committee member shall meet any independence requirements promulgated by the Securities and Exchange Commission (the "SEC"), the National Association of Securities Dealers, any exchange upon which securities of the Company are traded, and any governmental or regulatory body exercising authority over the Company (each a "Regulatory Body"). Each member of the Committee shall be free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. At least one member of the Committee shall be a "financial expert" as defined by the rules of the SEC, and all members of the Committee shall have a strong level of business or financial acumen (as determined in the reasonable discretion of the Board).

The members of the Committee shall be appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee. Committee members may be replaced by the Board.

The Committee shall meet as often as the Committee or the Committee Chair determines, but not less frequently than quarterly. If circumstances warrant, an unscheduled meeting of the Committee can be called with or without the presence of the Company's management. The Committee strongly supports confidential exchanges with internal auditors and independent auditors. Therefore, no less frequently than annually, the Committee shall meet with the Director of Internal Audit without the presence of management. In addition, at all meetings where independent auditors are present, the Committee will ensure that sufficient opportunity is made available for the independent auditors to meet with the Committee without management present.

The Committee shall have the authority to retain independent legal, accounting or other consultants to advise the Committee. The Committee shall also have the authority, to the extent it deems necessary or appropriate, to ask the Company to provide the Committee with the support of one or more Company employees to assist it in carrying out its duties. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors for the purpose of rendering or issuing an audit report and to any advisors employed by the Committee. The Committee may request that any officer or employee of the Company or the Company's outside counsel or independent auditors attend a meeting of the Committee or meet with any members of, or consultants to, the Committee.
