PROXY STATEMENT

Our board of directors is soliciting your proxy with the enclosed proxy card for use at the 2009 Annual Meeting of Shareholders to be held at our corporate headquarters at 11419 Sunset Hills Road in Reston, Virginia on Wednesday, March 18, 2009 and at any adjournments of the meeting. This proxy statement and accompanying proxy are first being sent or given to shareholders on or about January 28, 2009.

GENERAL INFORMATION ABOUT VOTING

Who can vote. You will be entitled to vote your shares of MAXIMUS common stock at the annual meeting if you were a shareholder of record at the close of business on January 16, 2009. As of that date, 17,461,364 shares of common stock were outstanding and entitled to one vote each at the meeting. You are entitled to one vote on each item voted on at the meeting for each share of common stock that you held on January 16, 2009.

How to vote your shares. You can vote your shares either by attending the annual meeting and voting in person or by voting by proxy. If you choose to vote by proxy, please complete, date, sign and return the enclosed proxy card or, if eligible, submit your vote via the Internet or by telephone. The proxies named in the enclosed proxy card (David N. Walker, David R. Hayes and David R. Francis) will vote your shares as you have instructed. You may authorize the proxies to vote your shares in favor of each of the proposals contained in this proxy statement by simply signing and returning the enclosed proxy card without indicating how your votes should be cast.

Shareholders whose shares are registered in the name of a bank or brokerage firm may be eligible to vote through the Internet or by telephone. The enclosed proxy card provides instructions for eligible stockholders. Stockholders who do not own shares through a broker and stockholders who own shares through a broker, but whose proxy card does not mention information about Internet or telephone voting, should complete the enclosed paper proxy card and return it in the enclosed postage-paid envelope.

Even if you expect to attend the meeting, please complete your proxy card in any case in order to assure representation of your shares. If you attend the meeting, you can always revoke your proxy by voting in person. No postage is necessary if the proxy card is mailed in the United States.

Quorum. A quorum of shareholders is required in order to transact business at the annual meeting. A majority of the outstanding shares of common stock entitled to vote must be present at the meeting, either in person or by proxy, to constitute a quorum.

Table of Contents

Number of votes required. The number of votes required to approve each of the proposals that are scheduled to be presented at the meeting is as follows:

Proposal	Required Vote
Election of directors	For each nominee, a plurality of the votes cast are for such nominee.
Ratification of the Audit Committee's selection of independent public accountants	A majority of the votes cast are for ratification.

Abstentions and broker non-votes. A broker non-vote occurs when a broker cannot vote a customer's shares registered in the broker's name because the customer did not send the broker instructions on how to vote on the matter. If the broker does not have instructions *and* is barred by law or applicable rules from exercising its discretionary voting authority in the particular matter, then the shares will not be voted on the matter, resulting in a "broker non-vote." Abstentions and broker non-votes will not count as votes cast in the election of directors or in the vote on ratifying the Audit Committee's selection of independent public accountants. Therefore, abstentions and broker non-votes will have no effect on the voting on these matters at the meeting.

Discretionary voting by proxies on other matters. Aside from the election of directors and the ratification of the Audit Committee's selection of independent public accountants, we do not know of any other proposal that may be presented at the 2009 Annual Meeting. However, if another matter is properly presented at the meeting, the persons named in the accompanying proxy card will exercise their discretion in voting on the matter.

How you may revoke your proxy. You may revoke the authority granted by your executed proxy card at any time before we exercise it by notifying our Corporate Secretary in writing, by executing a new proxy card bearing a later date and delivering the new executed proxy card to our Corporate Secretary, or by voting in person at the annual meeting. Signing and returning the proxy card or submitting the proxy via the Internet or by telephone does not affect your right to revoke your proxy or to vote in person at the Annual Meeting.

Expenses of solicitation. We will bear all costs of soliciting proxies. We will request that brokers, custodians and fiduciaries forward proxy soliciting material to the beneficial owners of stock held in their names, for which we will reimburse their out-of-pocket expenses. In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone and/or personal interviews.

Shareholders sharing the same surname and address. In some cases, shareholders holding their shares in a brokerage or bank account who share the same surname and address and have not given contrary instructions are receiving only one copy of our annual report and proxy statement. This practice is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources. If you would like to have additional copies of our annual report and/or proxy statement mailed to you, please call or write us at our principal executive offices, 11419 Sunset Hills Road, Reston, Virginia 20190, Attn: Vice President of Investor Relations, telephone: (800) 368-2152. If you want to receive separate copies of the proxy statement or annual report to shareholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder.

SECURITY OWNERSHIP

The following tables show the number of shares of our common stock beneficially owned as of January 1, 2009 (unless otherwise indicated), by (i) the only persons known by us to own more than five percent of our outstanding shares of common stock, (ii) our directors and the nominees for

Table of Contents

director, (iii) the executive officers named in the Summary Compensation Table contained in this proxy statement and (iv) all of our current directors and executive officers as a group.

The number of shares beneficially owned by each holder is based upon the rules of the Securities and Exchange Commission ("SEC"). Under SEC rules, beneficial ownership includes any shares over which a person has sole or shared voting or investment power, as well as shares which the person has the right to acquire within 60 days by exercising any stock option or other right and shares of restricted stock that will vest with 60 days. Accordingly, this table includes shares that each person has the right to acquire on or before March 1, 2009. Unless otherwise indicated, to the best of our knowledge, each person has sole investment and voting power (or shares that power with his or her spouse) over the shares in the table. By including in the table shares that he or she might be deemed beneficially to own under SEC rules, a holder does not admit beneficial ownership of those shares for any other purpose.

To compute the percentage ownership of any shareholder or group of shareholders in the following tables, the total number of shares deemed outstanding includes 17,586,834 shares that were outstanding on January 1, 2009, plus any shares that a holder or group of holders could acquire upon exercising any options held by that holder or group of holders that are exercisable on or before March 1, 2009.

PROPOSAL 1 ELECTION OF DIRECTORS

General

The board of directors currently consists of nine directors. Under our charter, the board is divided into three classes, with each class having as nearly equal a number of directors as possible. The term of one class expires, with their successors being subsequently elected to a three-year term, at each annual meeting of shareholders. At the 2009 Annual Meeting, three Class III Directors will be elected to hold office for three years and until their successors are elected and qualified. The board has nominated Richard A. Montoni, Raymond B. Ruddy and Wellington E. Webb for election as Class III Directors. Mr. Montoni, Mr. Ruddy and Mr. Webb presently serve as our directors. If you return your proxy card in the enclosed envelope, the persons named in the enclosed proxy card will vote to elect these three nominees unless you mark your proxy card otherwise. The proxy may not be voted for a greater number of nominees than three. Each nominee has consented to being named in this proxy statement and to serve if elected. If for any reason a nominee should become unavailable for election prior to the annual meeting, the proxy may vote for the election of a substitute. We do not presently expect that any of the nominees will be unavailable.

Vote Required

The affirmative vote of a plurality of the total number of votes cast for or withheld from each of Mr. Montoni, Mr. Ruddy and Mr. Webb is required to re-elect each nominee to our board. Abstentions and broker non-votes will be considered as present for quorum purposes, but will not be counted as votes cast. Accordingly, abstentions and broker non-votes will have no effect on the voting of this matter.

**CORPORATE GOVERNANCE
AND THE BOARD OF DIRECTORS**

Our business and affairs are managed under the direction of the board of directors in accordance with the Virginia Stock Corporation Act and our articles of incorporation and bylaws. Members of the board are kept informed of our business through discussions with the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the board and its committees. Our corporate governance practices are summarized below.

Corporate Governance Guidelines

The board of directors has adopted Guidelines for Corporate Governance that set forth the practices of the board with respect to management review and responsibility, board composition, selection of directors, operation of the board and meetings, committees of the board, director responsibilities and tenure and evaluation of the board and committees. The Guidelines are available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp. A printed copy is available, without charge, to any shareholder upon written request to the Secretary of the company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190.

From time to time, MAXIMUS and its subsidiary agencies may provide services to, and otherwise conduct business with, companies of which certain members of the board or members of their immediate families are or were directors or officers. To comply with the New York Stock Exchange listing standards, the Guidelines for Corporate Governance establish categorical standards under which the board views the following relationships as impairing a director's independence:

a director who is currently, or in the past three years has been, employed by the company or by any subsidiary of the company;

a director who has accepted, or has any family member who has accepted, payments from the company or its affiliates in excess of \$100,000 within the current fiscal year or any of the past three fiscal years (except for board services, retirement plan benefits, or non-discretionary compensation);

a director who has an immediate family member who is, or has been in the past three years, employed by the company or any subsidiary of the company as an executive officer;

a director who is a partner, controlling shareholder or an executive officer of any for-profit business to which the company made, or from which it received, payments (other than those which arise solely from investments in the company's securities) in the current fiscal year or in any of the last three fiscal years that exceed 2% of consolidated gross revenue for the business, or the company, for that year, or that exceed \$1,000,000, whichever is greater;

a director who is employed as an executive officer of another company where any of the company's executive officers serves on that other company's compensation committee, or such a relationship has existed within the past three years; and

a director who has been a partner or employee of the company's outside auditor within the past three years.

Apart from the categorical standards, the board of directors also assesses the materiality of a director's relationship with the company to ensure that there is no material relationship that would adversely affect the director's independence.

The board of directors in its business judgment has determined that the following eight members of its Board of Directors are independent as defined by New York Stock Exchange listing standards: Russell A. Beliveau, John J. Haley, Paul R. Lederer, Peter B. Pond, Raymond B. Ruddy, Marilyn R.

Seymann, James R. Thompson, Jr. and Wellington E. Webb. None of our independent directors, their immediate family members, or employers, is engaged in relationships with us that the categorical standards cover and, as a result, each independent director meets our categorical standards. In addition, with the exception of Governor Thompson, none of the independent directors has any relationship with us, other than being one of our directors.

Governor Thompson is Senior Chairman of the law firm of Winston & Strawn in Chicago. Winston & Strawn has provided certain legal services to MAXIMUS from May 2000 to the present. In 2008, 2007 and 2006, MAXIMUS paid Winston & Strawn \$620,800, \$662,497 and \$279,017, respectively, for legal and business consulting services. Outside of the scope of the categorical standards, the board of directors examined this relationship from a general "facts and circumstances" point of view. That is, the board considered the amounts paid to Winston & Strawn in light of all facts and circumstances involving the relationship, both from the company's standpoint and from the standpoint of Winston & Strawn. The board concluded that the company's relationship to Winston & Strawn was not material to any party.

Code of Ethics

We have adopted a code of ethics that applies to our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions. That code, our Standards of Business Conduct and Ethics, can be found posted on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp. A printed copy is available, without charge, to any shareholder upon written request to the Secretary of the company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190.

Board and Committee Meeting Attendance

Our board expects that its members will prepare for, attend and participate in all board and applicable committee meetings. Our board of directors held 10 meetings during fiscal 2008. During our 2008 fiscal year, each of our directors attended greater than 75% of the aggregate number of meetings of our board of directors and meetings of the committees of the board upon which each served.

Executive Sessions

Executive sessions where non-management directors meet on an informal basis are scheduled either at the beginning or at the end of each regularly scheduled board meeting. Peter B. Pond, the Chairman of the Board, serves as chairman for executive sessions.

Table of Contents

Audit Committee specifically reviews the financial reports and other financial information provided by the company, our disclosure controls and procedures and internal accounting and financial controls, the internal audit function, the legal compliance and ethics programs, and the annual independent audit process. The Audit Committee operates under a written charter originally adopted by the board on May 16, 2000, as subsequently amended. The Audit Committee's charter, as amended and currently in effect, is available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp. A printed copy is available, without charge, to any shareholder upon written request to the Secretary of the company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190.

The members of the Audit Committee are Peter B. Pond (Chair), Paul R. Lederer, Raymond B. Ruddy, Marilyn R. Seymann, and Wellington E. Webb, each of whom is independent as defined by applicable New York Stock Exchange listing standards governing the qualifications of audit committee members in effect on the date of this proxy statement. The board of directors has determined that all of the committee members are financially literate as defined by the New York Stock Exchange listing standards and that Mr. Pond qualifies as an audit committee financial expert as defined by regulations of the SEC.

The Audit Committee held six meetings during fiscal 2008. For additional information regarding the committee, see "Audit Information Report of the Audit Committee" below.

Nominating and Governance Committee

The Nominating and Governance Committee is comprised of James R. Thompson, Jr. (Chair), John J. Haley, Paul R. Lederer, Peter B. Pond, Marilyn R. Seymann, and Wellington E. Webb, each of whom is independent as defined by applicable New York Stock Exchange listing standards governing the qualifications of nominating and governance committee members in effect on the date of this proxy statement. The Nominating and Governance Committee operates under a written charter originally adopted by the board on September 23, 2003, as subsequently amended. The Nominating and Governance Committee's charter, as amended and currently in effect, is available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp. A printed copy is available, without charge, to any shareholder upon written request to the Secretary of the company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190. The Nominating and Governance Committee met twice during fiscal 2008.

The purpose of the Nominating and Governance Committee is to identify, evaluate and recommend candidates for membership on the board of directors, to ensure an appropriate structure and process for management succession and to establish and assure the effectiveness of the governance principles of the board and the company. The committee considers, at a minimum, the following qualifications in recommending to the board potential new directors, or the continued service of existing directors:

personal characteristics, such as highest personal and professional ethics, integrity and values, an inquiring and independent mind, with a respect for the views of others, ability to work well with others and practical wisdom and mature judgment;

broad, policy-making level training and experience in business, government, academia or science to understand business problems and evaluate and formulate solutions;

expertise that is useful to the company and complementary to the background and experience of other directors;

willingness to devote the time necessary to carry out duties and responsibilities of directors and to be an active, objective and constructive participant at meetings of the board and its committees;

Table of Contents

commitment to serve on the board over a period of several years to develop knowledge about the company's principal operations; and

willingness to represent the best interests of all shareholders and objectively appraise management performance.

The Nominating and Governance Committee will consider shareholder recommendations for candidates to serve on the board of directors. Shareholders entitled to vote for the election of directors may submit candidates for consideration by the committee if it receives timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the committee. To be timely for the 2010 annual meeting, the notice must be received within the time frame set forth in "Shareholder Proposals for Our 2010 Annual Meeting of Shareholders" below. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election. These requirements are more fully described in Article I, Section 6, of our bylaws, a copy of which will be provided, without charge, to any shareholder upon written request to the Secretary of the company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190.

Under the process used by us for selecting new board candidates, the President and Chief Executive Officer, the Nominating and Governance Committee or other board members identify the need to add a new board member with specific qualifications or to fill a vacancy on the board. The Chairman of the Nominating and Governance Committee will initiate a search, working with staff support and seeking input from board members and senior management, hiring a search firm, if necessary, and considering any candidates recommended by shareholders. An initial slate of candidates that will satisfy criteria and otherwise qualify for membership on the board may be presented to the Nominating and Governance Committee. A determination is made as to whether Nominating and Governance Committee members or board members have relationships with preferred candidates and can initiate contacts. The President and Chief Executive Officer and at least one member of the Nominating and Governance Committee interviews prospective candidates. The Nominating and Governance Committee meets to conduct further interviews of prospective candidates, if necessary or appropriate, and to consider and recommend final candidates for approval by the full board of directors.

Compensation Committee

The Compensation Committee is responsible for reviewing, approving, and overseeing the administration of our compensation and benefit programs, and evaluating their effectiveness in supporting our overall business objectives. Specifically, the committee evaluates the performance and sets the compensation of the Chief Executive Officer, establishes compensation policies for our directors and consults with the Chief Executive Officer on compensation policies for senior management, and reviews our executive development programs, performance evaluation process and incentive compensation programs. The Chief Executive Officer provides the Compensation Committee with performance evaluations of the executive management team and recommends raises, bonuses and long-term equity awards for those executives. From time to time the Compensation Committee also uses the services of Towers Perrin to conduct peer company compensation surveys and to assist in structuring the company's overall compensation program. The Compensation Committee operates under a written charter originally adopted by the board on September 23, 2003, as subsequently amended. The Compensation Committee's charter, as amended and currently in effect, is available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp. A printed copy is available, without charge, to any shareholder upon written request to the Secretary of the company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190.

Compensation Committee Interlocks and Insider Participation

Compensation Discussion and Analysis

General

The Compensation Committee of our board of directors reviews and establishes the compensation of our executive officers, including the named executive officers, and provides oversight of our compensation programs. The Compensation Committee consists entirely of non-employee, independent

Table of Contents

members of our Board of Directors and operates under a written charter approved by the Board of Directors.

During 2008, the Compensation Committee engaged a consulting firm, Towers Perrin, to assist it in carrying out its responsibilities with respect to executive compensation. Towers Perrin was asked to review market conditions and peer company practices and to evaluate the Company's executive compensation programs against those benchmarks. Towers Perrin performed market analyses of peer group companies and the general market for executive talent, and made recommendations to the Compensation Committee as to the form of and incentive opportunities for executive compensation.

Information on the Compensation Committee's processes and procedures for the consideration and determination of executive and director compensation is included under the caption "Corporate Governance and the Board of Directors Committees of the Board Compensation Committee."

Objectives of Our Compensation Program

The primary objective of our executive compensation program is to attract and retain highly skilled and motivated executive officers who will manage the company in a manner that promotes our growth and profitability and advances the interests of our shareholders. Additional objectives of our executive compensation program are to:

align executive pay with shareholders' interests;

recognize individual initiative and achievements; and

unite the executive management team under common objectives.

Executive Compensation Principles

The Company's primary focus is on longer-term earnings growth. Accordingly, we endeavor to align our compensation with building shareholder value and encouraging sound long-term decision making by our executives.

Our executive compensation program consists of base salaries, cash incentive payments in the form of annual bonuses and long-term equity incentives in the form of restricted stock units ("RSUs") and stock options. These components of executive compensation are used together to strike an appropriate balance between cash and equity compensation and between short-term and long-term incentives. We expect a significant portion of an executive officer's total compensation to be at risk, tied both to our annual and long-term performance as well as to the creation of shareholder value. In particular, we believe that short-term annual cash incentive compensation should be tied directly to both corporate performance and individual performance for the fiscal year, including the achievement of identified goals as they pertain to the areas of our operations for which the executive officer is personally responsible and accountable and other strategic objectives that will grow long-term shareholder value. Under our policy, performance above targeted standards results in increased total compensation, and performance below targeted standards results in decreased total compensation.

How Executive Pay Levels are Determined

The Compensation Committee regularly reviews our executive compensation program and its elements. All decisions by the Compensation Committee relating to the compensation of our executive officers are reported to the full board of directors.

The Company's Chief Executive Officer, the General Counsel/Secretary and the Chief of Human Capital regularly attend Compensation Committee Meetings. They are primarily responsible for providing analysis and recommendations to the Committee. In addition, the Secretary is responsible for

Table of Contents

documenting the minutes of each meeting, and the Chief Executive Officer and the Chief of Human Capital oversee the implementation of the Committee resolutions.

In determining the compensation of our executive officers, the Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific and long-term strategic objectives and earnings per share ("EPS") results;

the duties, responsibilities and performance of each executive officer, including the achievement of identified goals for the year as they pertain to the areas of our operations for which the executive is personally responsible and accountable;

internal pay equity considerations; and

comparative industry market data to assess compensation competitiveness.

With respect to comparative industry data, the Compensation Committee reviews executive compensation (including the mix of base salary, bonus and equity compensation elements) and evaluates compensation structures of comparable companies in a designated peer group established by the Compensation Committee, with assistance from its executive compensation consultants, Towers Perrin.

Components of Executive Compensation

The elements of our compensation program in 2008 included base annual salary, short-term incentive compensation under our Management Bonus Plan ("MBP"), and long-term incentives through equity-based awards under our 1997 Equity Incentive Plan. We provide certain retirement benefits through our 401(k) savings plan. We also provide health and welfare benefits that include participation in our health, dental and vision plans and various insurance plans, including disability and life insurance.

Each of the three principal components of executive compensation is designed to reward and provide incentives to executive officers consistent with our overall policies and principles on executive compensation. These components and the rationale and methodology for each are described below. Specific information on the amounts and types of compensation earned by the named executive officers during 2008 can be found in the Summary Compensation Table and other tables and narrative disclosures following this discussion.

Base Salary

Our base salary philosophy is to provide reasonable current income to our named executive officers in amounts that will attract and retain individuals with a broad, proven track record of performance.

The Compensation Committee establishes a salary range for the executive officers, except for the Chief Executive Officer (as discussed below). In establishing the range, the Compensation Committee balances the need to offer competitive salaries that will limit turnover with the need to maintain careful control of salary and benefit expenses.

As described above, the Compensation Committee periodically reviews a salary range and compensation component analysis prepared by Towers Perrin. The most recent study was conducted in September 2008. In years that a full study is not conducted, the range is adjusted by the average market increase for executive talent as provided by our consultants. The Towers Perrin study reflects that our market for executive talent is broader than just the consulting or government outsourcing

Table of Contents

sector. As such, we review base pay, cash bonus, long term equity and total compensation data from two sources. The first source includes several companies that consist of private and public companies representing the information technology, outsourcing, and management consulting industries without regard to company size or market capitalization. In 2008, our peer group included the following companies:

CACI	SAIC
Ciber	Sapient
ManTech International	SRA International
Navigant Consulting	Unisys
Perot Systems	

The Compensation Committee periodically reviews these companies to determine whether they are a representative cross section of the companies with which MAXIMUS competes for executive talent. The Compensation Committee utilizes the Towers Perrin Industry Survey, adjusted for revenue size, as its second comparator group. This survey reflects a large cross section of general industry companies and provides the Compensation Committee with a broad industry comparison. Individual salaries (except for the salary of the Chief Executive Officer) are recommended by the Chief Executive Officer to the Compensation Committee based on his subjective assessment in each case of the nature of the position, as well as the contribution, performance, experience and tenure of the executive officer.

In making compensation determinations for 2008, the Compensation Committee evaluated the performance of the executive officers based on our financial performance, achievements in implementing our long-term strategy, and the recommendations of the Chief Executive Officer. The Compensation Committee gives meaningful weight to the recommendations of the Chief Executive Officer, but the final decisions regarding executive salaries are made by the Compensation Committee. The Chief Executive Officer does not provide any input to the Compensation Committee regarding his own salary. That is determined by the Compensation Committee with the assistance and advice of the outside consultant.

As President and Chief Executive Officer, Mr. Montoni is compensated pursuant to an employment agreement, which is described under "Annual Compensation of Executive Officers" below. He is eligible for base salary increases and bonuses as the Compensation Committee may determine. In making this determination for 2008, the Compensation Committee evaluated the performance of the Chief Executive Officer based on our financial performance, achievements in implementing our long-term strategy, and the personal observations of the Chief Executive Officer's performance by the members of the Board of Directors. As with executive officers generally, the Compensation Committee also considered compensation information provided by Towers Perrin. No particular weight was given to any particular aspects of the performance of the Chief Executive Officer. As described below, Mr. Caswell is also compensated pursuant to an employment agreement. Mr. Walker received a sizable percentage increase in his base salary for 2008 based on the results of a Towers Perrin analysis of Chief Financial Officer compensation at the comparable companies listed above. The Compensation Committee determined that Mr. Walker's prior base salary was below market especially in light of his significant contributions to the company.

Table of Contents

The annual base salaries for our named executive officers for 2008 and the percentage change from 2007 are as follows:

Name and Position	2008 Annual Salary	Percent Change From 2007
Richard A. Montoni Chief Executive Officer	\$650,000	8.3%
David N. Walker Chief Financial Officer	\$390,000	23.8%
Mark S. Andrekovich Chief of Human Capital and President Tax and Employer Services	\$370,000	2.7%
John F. Boyer President of Federal Services	\$400,000	1.3%
Bruce L. Caswell President of Health Services	\$410,000	3.8%
Andrew W. Cramer Former President of Enterprise Systems	\$375,000	2.7%

Annual Cash Incentives

Annual cash bonuses, under the Company's Management Bonus Plan ("MBP"), provide an opportunity for employees and executives to earn additional cash rewards for business and individual success. The amount of an individual's target MBP award is set as a percentage of base pay. The Compensation Committee established the percentages based on survey information provided by Towers Perrin, and they are intended to link a substantial portion of an executive's compensation to the overall performance of the Company. The actual bonus pool is determined by the Company achieving specific levels of EPS performance at threshold, goal, and superior levels. EPS performance over superior level would result in additional bonus pool funding. These EPS goals are set by the Board at the beginning of the fiscal year and are aligned with shareholder expectations. At the end of the fiscal year, the Committee evaluates the Company's EPS and strategic performance and approves the final amount of the bonus pool. Once the bonus pool is determined, individual awards are based on a combination of business unit and individual contributions.

For fiscal year 2008, the EPS goals were as follows:

Level	FY08 EPS	Bonus Pool Funding Amount
Threshold	\$ 2.40	\$ 5,000,000
Goal	\$ 2.63	\$ 11,000,000
Superior	\$ 2.84	\$ 16,000,000

Each executive's target bonus is set as a percent of base pay as follows: Mr. Montoni 70%; Mr. Walker 45%; Mr. Andrekovich 45%; Mr. Boyer 45%; Mr. Caswell 45%; and Mr. Cramer 45%. In the case of Mr. Montoni, Mr. Walker and Mr. Andrekovich, the Compensation Committee awards cash bonuses primarily based on the Company's achieving its EPS goals and other important corporate-wide initiatives. In 2008 those initiatives included divesting a number of non-core businesses and improving the risk profile of the company's core health and human services business lines. In the case of Mr. Boyer, Mr. Caswell and Mr. Cramer, awards are primarily based on the Compensation Committee's determination of the financial performance of their respective business units compared

Table of Contents

with the plans set for those units at the beginning of the year. The actual awards reflect the contributions and impacts of the officers relative to their responsibilities.

If the threshold level of performance is met, the Committee retains discretion to increase or decrease the bonus pool by 25%. If the threshold EPS level is not met, the Committee may fund a discretionary bonus pool of up to \$5 million to recognize individuals or groups of individuals who make exceptional contributions to the Company and to encourage retention of employees and executives.

In 2008, the Company did not meet its EPS threshold performance levels but did achieve important strategic objectives. Therefore, the Committee used the discretion afforded it under the plan to fund the bonus pool in the amount of \$4.4 million. That amount was determined to be sufficient by the Committee to reward key contributors while also recognizing that the company fell short of its financial objectives for the year. Mr. Montoni received a bonus of \$400,000. That amount reflected Mr. Montoni's success in divesting various non-core businesses, winning certain large contracts and returning non-performing projects to profitability. Mr. Walker earned a \$130,000 bonus in recognition of his efforts in managing Company risk and divesting various non-core businesses. Mr. Andrekovich earned an \$80,000 bonus in recognition of his efforts in connection with the divestiture of the various business units and the management of the related human capital issues. Mr. Caswell earned a \$135,000 bonus reflecting the solid operating results of the Health segment. Mr. Boyer earned an \$80,000 bonus reflecting the performance of the Federal business unit. Mr. Cramer left the Company on July 1, 2008 and was therefore not eligible for a bonus.

Based on the foregoing, the bonuses awarded to the named executive officers for 2008 and 2007 were as follows:

Name	2008 Bonus	2007 Bonus
Richard A. Montoni Chief Executive Officer	\$ 400,000	\$ 280,000
David N. Walker Chief Financial Officer	\$ 130,000	\$ 100,000
Mark S. Andrekovich Chief of Human Capital and President Tax and Employer Services	\$ 80,000	\$ 70,000
John F. Boyer President of Federal Services	\$ 80,000	\$ 70,000
Bruce L. Caswell President of Health Services	\$ 135,000	\$ 120,000
Andrew W. Cramer Former President of Enterprise Systems	\$ 0(1)	\$ 50,000

- (1) Mr. Cramer left the Company effective July 1, 2008 and was not eligible for a bonus for 2008.

Long-Term Equity Incentives

The Compensation Committee may provide equity incentives to executive officers through long-term awards. In 2008, long-term equity incentives were made to executive officers in the form of restricted stock units ("RSUs"). These awards provide executive officers with an opportunity to accumulate our common stock and build wealth related to that ownership. The goal of the Compensation Committee in granting equity incentives is to directly link an executive's compensation opportunities with shareholder value creation.

Table of Contents

Long-term equity is awarded at the discretion of the Compensation Committee using various factors including retention considerations, individual performance of the executive, increases or decreases in an executive's job responsibilities and financial performance of the Company. The target award levels are based on the 50th percentile of the Towers Perrin Total Compensation Study. For Mr. Montoni the target level is 2.5 times base salary, for Mr. Walker the target is 1.7 times base salary, and for Mr. Andrekovich, Mr. Boyer, Mr. Caswell and Mr. Cramer the target is 1.25 times base salary. Those targets are designed to link a significant portion of an executive's overall compensation and wealth to the long-term success of the company.

The Compensation Committee also employed a multi-year vesting of equity incentive awards. RSUs typically vest in equal installments over a six-year period. The Compensation Committee believes that multi-year vesting focuses executive officers on consistent long-term growth of shareholder value and encourages retention. In addition, each year the Compensation Committee establishes a target EPS goal that if achieved, will result in the accelerated vesting of an additional tranche of RSUs. In 2008, the accelerated vesting target of \$2.63 earnings per share growth was not met, and no accelerated vesting occurred.

Long-term equity awards are generally awarded at the conclusion of the fiscal year with the target levels based on an individual's base salary for the year just ended. In fiscal year 2008, Mr. Montoni received a long-term equity award valued at \$1,350,000 or approximately 100% of his target award; Mr. Walker received an award valued at \$536,000 or approximately 100% of his target award; Mr. Andrekovich received an award valued at \$340,000 or approximately 74% of his target award; Mr. Boyer received an award valued at \$370,000 or approximately 75% of his target award; and Mr. Caswell received an award valued at \$150,000 or approximately 30% of his target award. For 2008, Mr. Caswell also received 20,000 stock options valued at \$924,080 pursuant to the terms of his employment agreement. Mr. Cramer received an award valued at \$225,000 or approximately 49% of his target award.

Retirement, Deferred Compensation and Pension Plans

We provide additional compensation to our executive officers through various plans which are also available to some or all of our employees. These plans are described below.

401(k) Savings Plan

Under our MAXIMUS, Inc. 401(k) Savings Plan, a tax-qualified retirement savings plan, participating employees, including our named executive officers ("NEOs"), may contribute up to 75% of eligible earnings on a before-tax basis, up to a limit of \$15,500, into their 401(k) Plan accounts. In addition, under the 401(k) Plan, the company matches an amount equal to fifty cents for each dollar contributed by participating employees on the first 6% of their eligible earnings up to a maximum of \$6,900. Amounts held in the 401(k) Plan accounts may not be withdrawn prior to the employee's termination of employment, or such earlier time as the employee reaches the age of 59^{1/2}, subject to certain exceptions set forth in the regulations of the IRS.

For purposes of voluntary contributions, no more than \$225,000 of annual compensation may be taken into account in computing benefits under the 401(k) Plan. Participants who reach age 50 before year end may also contribute, on a before-tax basis and without regard to the \$15,500 limit, catch-up contributions of up to \$5,000 per year which are not eligible for the employer match.

We maintain the 401(k) Plan for our employees, including our NEOs, because we wish to encourage our employees to save some percentage of their cash compensation for their eventual retirement. The 401(k) Plan permits employees to make such savings in a manner that is relatively tax efficient.

Table of Contents

Deferred Compensation Plan

The MAXIMUS Deferred Compensation Plan is a non-tax-qualified, deferred compensation plan offered by the company to certain highly-compensated employees including the NEOs. A participant may elect to defer receipt of up to 80% of salary, 100% of bonus payments and any excess 401(k) Plan refunds. Participants may also defer receipt of all or a portion of their RSU awards. Participants choose from investment alternatives which are used to measure the gains or losses that will be attributed to the participant's deferral account over time. RSU awards are maintained as stock units and distributed only in the form of shares of the company's stock. The company does not match any deferrals nor guarantee any earnings. As required by IRS regulations, deferral elections are made in a year prior to the year in which the compensation is earned. Elections for the distribution of deferrals may be made during employment as an in-service withdrawal, in a lump sum or installments upon termination of employment, or as a lump sum payment in the event of a change in control of the company. Distribution elections may be changed in accordance with IRS rules. The company funds the plan through variable universal life insurance. Participants in the plan are general creditors of the company for payment of their deferral accounts. The plan has been amended to comply with Section 409A of the Internal Revenue Code.

Severance Payments

On March 21, 2006, the board adopted an Income Continuity Program for our employees designated as "officers" under Section 16 of the Securities Exchange Act of 1934, as amended. The program provides each participant with compensation, benefits and rights if the following events occur:

We terminate the participant's employment without "cause," or a participant resigns for "good reason," within 36 months following a "change of control" (as each of those terms is defined in the program); or

The participant's employment is terminated one year prior to a change of control at the request of a party involved in such change of control, or otherwise in connection with or in anticipation of a change of control.

The compensation, benefits and rights to which a participant would be entitled in such an event include the following items:

a lump sum cash payment equal to the sum of (i) any unpaid salary through the date of termination, (ii) any bonus earned but unpaid as of the date of termination for any previously completed year, (iii) reimbursement for any unreimbursed expenses incurred prior to the date of termination, and (iv) an amount equal to 200% (or 300% in the case of the chief executive officer) of his or her base salary and bonus (which is defined as the higher of the individual's target bonus or the average of the actual bonuses paid over the previous three years);

the vesting of any unvested stock options, restricted stock units or similar equity incentives that are outstanding on the date of termination;

continued eligibility for employee benefits for a period of 24 months (or 36 months in the case of the chief executive officer) following the date of termination;

a lump sum, payable within ten days following the date of termination, equal to \$50,000, which is intended for outplacement and financial planning services; and

payments by us to cover certain excise taxes imposed on any severance payments received by the participant, including excise taxes assessed on the severance payments and any taxes, including excise and income taxes, assessed on the gross-up payment, such that the executive maintains the same after-tax position had no excise tax obligation existed.

Table of Contents

The program also provides for the continuation of indemnification and director's and officer's liability insurance coverage as permitted by law and the potential reimbursement of the participant's costs and expenses in connection with any legal proceedings relating to the program.

The term of the program will continue through December 31, 2009, with automatic one-year renewals commencing on December 31, 2009 and each December 31 thereafter, unless we notify participants no later than October 31 of a particular year that we will not extend the program. The program nevertheless will remain in effect for not less than three years following a change of control.

The lump sum cash payment for each of the named executive officers, if his employment had been terminated in 2008 following a change in control, is reflected in the table below. Each amount reflects current salary and target bonus and includes an estimated amount for continued employee benefits and outplacement and financial planning services, as described above.

Compliance with Internal Revenue Code section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to a public company for compensation over \$1 million paid to its chief executive officer and its four other most highly compensated executive officers. If the Committee believes that it is in the best interest of the company, it would exercise discretion in setting compensation above this amount, and it did so in employing Mr. Montoni as President and Chief Executive Officer. None of the other executive officers has received compensation in excess of this threshold amount.

Table of Contents

If certain performance-based requirements are met, qualifying compensation will not be subject to this deduction limit. MAXIMUS currently intends to structure its stock options grants to executive officers in a manner that meets these performance-based requirements.

Supplemental Discussion of Compensation

As described below, we have entered into employment agreements with Richard A. Montoni and Bruce L. Caswell. We have not entered into employment agreements with any of the other named executive officers. All compensation that we pay to our named executive officers is determined as described above in our "Compensation Discussion and Analysis" section.

On April 21, 2006, we entered into an Executive Employment, Non-Compete and Confidentiality Agreement with Richard A. Montoni in connection with his recruitment and appointment as our Chief Executive Officer and President, effective April 24, 2006. The employment agreement has a four-year term, provided that it may be terminated (i) upon the mutual written consent of the parties, (ii) in the event of Mr. Montoni's death or inability to perform his duties for a continuous period of 120 days or more or (iii) by us for "cause," as defined in the MAXIMUS, Inc. Income Continuity Plan.

Pursuant to the employment agreement, Mr. Montoni received an initial annual salary of \$600,000 which was increased in fiscal year 2008 to \$650,000. Upon the effective date of the agreement, he also received 112,500 restricted stock units ("RSUs") pursuant to the terms of our 1997 Equity Incentive Plan and health, disability and life insurance and other benefits and expense reimbursements consistent with our past practices for similarly situated executives. The RSUs vest in three annual installments on March 31, 2007, March 31, 2008 and March 31, 2009 and provide for accelerated vesting in the event of a "change of control" (as defined in the Income Continuity Plan). Mr. Montoni also received a cash payment of \$300,000 upon signing the employment agreement, but he agreed to repay the signing bonus if his employment is terminated before the earliest of (i) the one-year anniversary of the effective date of the employment agreement, (ii) a change of control or (iii) his death or disability. The salary, bonus and equity awards provided to Mr. Montoni under his agreement were the result of a negotiation and were determined by the Compensation Committee to be necessary to induce Mr. Montoni to rejoin MAXIMUS as the Chief Executive Officer. After having served as the Chief Financial Officer of MAXIMUS for four years, Mr. Montoni left in March 2006 to accept a position with another firm.

Pursuant to the employment agreement, Mr. Montoni is eligible to receive an annual cash bonus under our annual bonus program based on his performance and our performance. Mr. Montoni's targeted bonus is set at 70% of his base salary.

Mr. Montoni became a participant in the Income Continuity Plan and is entitled to participate in stock option or similar plans that currently exist, or that may be established, by us from time to time, provided that we agree to adjust any vested or unvested equity awards in the event that we declare an "extraordinary dividend," as defined in the employment agreement.

If Mr. Montoni's employment is terminated in connection with a change of control, he will be entitled to receive payments and benefits under the Income Continuity Plan only. If Mr. Montoni's employment is terminated without cause, or Mr. Montoni terminates his employment for "good reason" (as defined in the Income Continuity Plan), prior to the expiration of the term of the employment agreement, Mr. Montoni will be entitled to receive the greater of (i) base salary and all benefits described above for the remainder of the term, including the vesting of units and stock options or (ii) the severance benefits specified in the severance guidelines adopted by our compensation committee on March 21, 2006.

Table of Contents

The employment agreement subjects Mr. Montoni to confidentiality obligations, and contains certain customary non-compete restrictions on his present and future employment for a period of one year after his termination.

Mr. Caswell's agreement was effective as of October 1, 2004 and continued for a two-year term through October 1, 2006 at which point it converted to a month-to-month term. The agreement provided for an initial base salary of \$350,000 and an initial target cash bonus of 30% of annual base salary, with annual reviews for increases. The agreement also expressly provided for the award of options to acquire 140,000 shares of common stock and 3,000 RSUs. In the event that Mr. Caswell terminates employment for "good reason" (as defined in his agreement), he would be entitled to receive a lump-sum severance payment equal to six months' base salary and the pro-rated portion of the current annual target bonus. In 2006, Mr. Caswell was included in the Company's Income Continuity Plan which provides for enhanced severance benefits in the event of employment termination following a change of control. As a result, Mr. Caswell will receive the greater of the severance benefits provided by his employment agreement or those under the Income Continuity Plan depending on the circumstances of the employment termination. The employment agreement also provides that Mr. Caswell will not compete with us during the term of his employment and for two years after its termination and that he will maintain our trade secrets in strict confidence.

Dividends are not paid on stock options or unvested RSUs. Once RSUs vest, they become shares of stock and are entitled to dividends and possess all other features of the company's common stock. Stock options vest in equal annual installments over a four-year period. RSUs vest in equal annual installments over a six-year period subject to possible acceleration. In the event the company meets its EPS target for the year, an additional tranche of RSUs will vest for that year.

As noted above, Mr. Montoni and Mr. Caswell have employment agreements with the company. The other NEOs are at-will employees.

Fees Payable to Non-Employee Directors

Directors who are also MAXIMUS employees do not receive additional compensation for their services as directors. Outside directors were paid as follows through fiscal year 2008:

A \$65,000 annual retainer (at least 50% of which must be received in restricted stock units ("RSUs")), and a fee of \$2,500 for each board and committee meeting in which they participate.

Mr. Pond received an additional \$125,000 retainer for his services as Chairman of the Board and an additional \$20,000 retainer for his services as Chairman of the Audit Committee.

Mr. Ruddy received an additional \$35,000 retainer for his services as Vice Chairman of the Board.

Dr. Seymann received an additional \$15,000 retainer for her services as Chair of the Compensation Committee.

Mr. Thompson received an additional \$10,000 retainer for his services as the Chair of the Nominating and Governance Committee.

Directors who are entitled to directors' fees may elect to receive all or a portion of their cash fees in RSUs granted under our 1997 Equity Incentive Plan.

Edgar Filing: MAXIMUS INC - Form DEF 14A

Any director who is not a MAXIMUS employee is also eligible to receive RSUs upon election and re-election to the board. Under the plan, each award consists of 2,000 RSUs for each year of the term of office to which the director is elected or re-elected, with any period of term of office less than a year deemed a full year. All RSUs awarded to directors at their election have a minimum vesting period of three years, although directors may elect longer vesting periods. During fiscal year 2008, the eligible directors were Mr. Beliveau, Mr. Haley, Mr. Lederer, Mr. Pond, Mr. Ruddy, Dr. Seymann, Governor Thompson and Mr. Webb.

Table of Contents

From time to time, the Board may establish special committees to oversee particular matters. During 2008, Mr. Pond, Mr. Ruddy and Mr. Webb served on a special committee overseeing the Company's integrated eligibility project in Texas. Also during 2008, Mr. Haley, Mr. Pond and Mr. Ruddy served on a special committee overseeing the Company's divestitures. Directors receive \$2,500 per special committee meeting.

Prior to March 21, 2006, we used stock options instead of RSUs as the form of equity-based compensation for the directors' annual retainers and awards. Each RSU represents one share of common stock that is restricted due to a vesting period.

We also permit our directors to participate in the health plan that we offer to our employees, although each director that elects to participant must pay the full cost of his or her own premiums in the plan. Currently, Mr. Beliveau, Mr. Pond and Mr. Ruddy are participants in this plan.

**CERTAIN RELATIONSHIPS
AND RELATED TRANSACTIONS**

James R. Thompson, Jr., who has served as one of our directors since March 2001, is Chairman of the law firm of Winston & Strawn in Chicago. Winston & Strawn has provided certain specialized legal services to MAXIMUS from May 2000 to the present. The board of directors has reviewed the company's relationship with Winston & Strawn and has determined that it is not material and does not adversely affect Mr. Thompson's status as an independent director. See the discussion in "Corporate Governance Guidelines" above regarding independence standards and assessments.

**PROPOSAL 2 RATIFICATION OF THE APPOINTMENT
OF INDEPENDENT PUBLIC ACCOUNTANTS**

The Audit Committee and the board of directors has appointed, and requests shareholder ratification of, the firm of Ernst & Young LLP as independent public accountants to audit our consolidated financial statements for the fiscal year ending September 30, 2009. Ernst & Young LLP has audited our consolidated financial statements for the fiscal years ended September 30, 2008 and 2007. A majority of the votes cast by holders of common stock is required for the ratification of the appointment of the independent public accountants.

Representatives of Ernst & Young LLP are expected to be present at the meeting, will have an opportunity to make a statement, if they desire to do so, and are expected to be available to respond to appropriate questions from shareholders.

Although our Amended and Restated Bylaws do not require stockholder ratification or otherwise, as a matter of good corporate governance, the Board of Directors is requesting that stockholders ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2009.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2009.
