PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by Hill International, Inc. ("Hill" or the "Company") on behalf of the Board of Directors for the 2014 Annual Meeting of Stockholders, to be held on Thursday, June 12, 2014, and at any meeting following adjournment or postponement of the annual meeting. We are first mailing this proxy statement and proxy card (including voting instructions) on or about April 30, 2014, to persons who were stockholders at the close of business on April 15, 2014, the record date for the meeting.

The 2014 Annual Meeting of Stockholders is scheduled to begin at 9:00 a.m. Eastern Time on June 12, 2014 at the Company's headquarters at 303 Lippincott Centre, Marlton, New Jersey 08053. Stockholders will be admitted beginning at 8:00 a.m. Eastern Time.

VOTING

Who Can Vote?

You are entitled to vote at the annual meeting all shares of the Company's common stock that you held as of the close of business on the record date. Each share of common stock is entitled to one vote with respect to each matter properly brought before the meeting.

On April 15, 2014, there were 40,487,638 shares of common stock outstanding.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the meeting.

Who Is the Record Holder?

You may own common stock either (1) directly in your name, in which case you are the record holder of such shares, or (2) indirectly through a broker, bank or other nominee, in which case such nominee is the record holder.

If your shares are registered directly in your name, we are sending these proxy materials directly to you. If the record holder of your shares is a nominee, you will receive proxy materials from such record holder.

How Do I Vote?

If you are the record holder:

By Mail. If you choose to vote by mail, mark your proxy, date and sign it, and return it in the postage-paid envelope provided. Your vote by mail must be received by the close of business on June 11, 2014.

By Attending the Annual Meeting. If you attend the annual meeting, you can vote your shares in person.

If your stock is held by brokers, banks or other financial institutions:

By Mail. Stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers, banks or other nominees and mailing them in the accompanying pre-addressed envelopes by the time specified in the voting instruction cards.

By Attending the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a "legal proxy" from the broker, bank or nominee that holds your shares giving you the right to vote the shares

Edgar Filing: Hill International, Inc. - Form DEF 14A

Table of Contents

at the meeting. Your broker, bank or other nominee can provide you information on how to obtain a "legal proxy." Your broker, bank or other nominee has enclosed or provided voting instructions for you to use in directing the broker, bank or other nominee how to vote your shares.

The New York Stock Exchange ("NYSE") does not consider the election of directors (Item 1), the proposal to increase to 10,000,000 the number of shares issuable under the 2006 Employee Stock Option Plan (Item 2) and the advisory vote on named executive officers compensation (Item 3) to be routine. Therefore, for your vote to be counted, you now need to communicate your voting decisions to your broker, bank or other financial institution before the date of the annual meeting.

The method by which you vote will in no way limit your right to vote at the annual meeting if you later decide to attend in person.

If your stock is held in the Hill International, Inc. 401(k) Retirement Savings Plan:

If you are or were an employee of the Company and hold shares in the 401(k) Plan, the proxy that you submit will provide your voting instructions to the Plan Trustee. However, you cannot vote your savings plan shares in person at the annual meeting. If you do not submit a proxy, the Plan Trustee will vote your savings plan shares in the same proportion as the shares for which the Trustee receives voting instructions from other participants in the Plan.

How Many Votes Are Required?

A quorum is required to transact business at the annual meeting. We will have a quorum and be able to conduct the business of the annual meeting if the holders of a majority of the shares entitled to vote are present at the meeting, either in person or by proxy.

If a quorum is present, a plurality of votes cast is required to elect directors. Thus, a director may be elected even if the director receives less than a majority of the shares represented at the meeting. Proxies cannot be voted for a greater number of nominees than are named in this Proxy Statement.

All other matters to come before the annual meeting require the approval of a majority of the shares of common stock present, in person or by proxy, at the annual meeting and entitled to vote.

How Are Votes Counted?

All shares that have been properly voted, and not revoked, will be voted at the annual meeting in accordance with the instructions given. If you sign and return your proxy card, but do not specify how you wish your shares to be voted, your shares represented by that proxy will be voted as recommended by the Board of Directors.

Proxies marked as abstaining, and any proxies returned by brokers as "non-votes" on behalf of shares held in street name because beneficial owners' discretion has been withheld as to one or more matters to be acted upon at the annual meeting, will be treated as present for purposes of determining whether a quorum is present at the annual meeting. However, any shares not voted as a result of a marked abstention or a broker non-vote will not be counted as votes for or against a particular matter.

How Can I Revoke My Proxy or Change My Vote?

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy or by voting in person at the meeting. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee following the instruction it has provided, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Who Will Pay the Expenses of Proxy Distribution?

The Company will pay the expenses of the preparation of the proxy materials and the solicitation of proxies. Proxies may be solicited on behalf of the Company by directors, officers or employees of the Company, who will receive no additional compensation for soliciting, in person or by telephone, e-mail or facsimile or other electronic means. In accordance with the regulations of the Securities and Exchange Commission ("SEC") and the NYSE, we will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of the Company's stock.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors (the "Board") is divided into three classes. One class is elected each year for a term of three years.

Two directors will be elected at this Annual Meeting to serve for a three-year term expiring at our annual meeting in 2017. Upon the recommendation of the Governance and Nominating Committee, the Board has renominated David L. Richter and Alan S. Fellheimer to serve for terms expiring in 2017.

The persons named in the proxy card will vote such proxy "for" the election of Messrs. Richter and Fellheimer unless you indicate that your vote should be withheld. If elected, Messrs. Richter and Fellheimer will continue in office until his successor has been duly elected and qualified, or until the earliest of his death, resignation, retirement or removal. Messrs. Richter and Fellheimer have indicated to the Company that they will serve if elected. We do not anticipate that Messrs. Richter and Fellheimer will be unable to stand for election, but, if that happens, your proxy will be voted in favor of another person nominated by the Board upon the recommendation of the Governance and Nominating Committee.

CORPORATE GOVERNANCE

Pursuant to the Delaware General Corporation Law and the Company's By-laws, the Company's business, property and affairs are managed by or under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. We currently have seven members on our Board.

During 2013, the Board held nine meetings and the committees held a total of eleven meetings. Each incumbent director attended more than 75% of the total number of meetings of the Board of Directors and the Board committees of which he or she was a member during the period he or she served as a director in 2013. Although, we do not have a policy requiring all directors to attend annual meetings of stockholders, we expect all directors to attend, absent extenuating circumstances. All of our directors attended the 2013 Annual Meeting of Stockholders.

Director Independence

The standards applied by the Board in affirmatively determining whether a director is "independent," in compliance with the rules of the NYSE, generally provide that a director is not independent if:

(1) the director is, or has been within the last three years, our employee, or an immediate family member (defined as including a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone, other than domestic employees, who shares such person's home), is, or has been within the last three years, one of our executive officers;

(2) the director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$120,000 per year in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(3) (a) the director is a current partner or employee of a firm that is our internal or external auditor; (b) the director has an immediate family member who is a current partner of such a firm; (c) the director has an immediate family member who is a current employee of such a firm and who works on our audit; or (d) the director or an immediate family member was, within the last three years, a partner or employee of such a firm and personally worked on our audit within that time;

(4) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or

(5) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to or received payments from us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of such other company's consolidated gross revenues.

In addition to these objective standards, the Board of Directors has adopted a general standard, also in compliance with NYSE rules, to the effect that no director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with us. In making this determination, the Board considers all relevant facts and circumstances regarding any transactions, relationships and arrangements between Hill and the director, and also between Hill and any company or organization with which the director is affiliated. The Board of Directors has determined that our current independent directors are Camille S. Andrews, Brian W. Clymer, Alan S. Fellheimer, Steven M. Kramer and Gary F. Mazzucco.

Table of Contents

Transactions with Related Persons

For the year ended December 31, 2013, there were no transactions, or series of similar transactions, to which the Company was or is to be a party in which the amount exceeded \$120,000, and in which any of our directors or executive officers, any holders of more than 5% of our common stock or any members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in the section "Executive Officer and Director Compensation."

It is the policy and practice of our Board to review and assess information concerning transactions involving related persons. Related persons include our directors and executive officers and their immediate family members. If the determination is made that a related person has a material interest in a transaction involving us, then the disinterested members of the Board would review and approve or ratify it, and we would disclose the transaction in accordance with SEC rules and regulations. If the related person is a member of the Board, or a family member of a director, then that director would not participate in any determination involving the transaction at issue.

Our Code of Ethics and Business Conduct prohibits all employees, including our executive officers, from benefitting personally from any transactions with us other than approved compensation benefits.

Board Leadership Structure

Our Amended and Restated Bylaws provide that we will have a Chairman who will chair board meetings and perform such other duties as set forth in our Bylaws or as otherwise assigned to him by our Board. The Chairman and Chief Executive Officer may be the same person; however, our Board may separate these two positions if it deems it to be in the best interests of our Company and our stockholders to do so. Our Board has determined that our Company and our stockholders are best served at this time by having Irvin E. Richter serve as both Chairman and Chief Executive Officer. Our Board believes that our Chief Executive Officer is best situated to serve as Chairman because, based on his long service to the Company as both Chairman and Chief Executive Officer, he is in the best position to lead discussions on and execute our operating strategy and develop agendas to ensure our Board is focusing on the issues that are most important to the Company's long-term growth. Furthermore, the Board believes that its current structure encourages the free and open dialogue of competing views and provides for strong oversight of management.

On January 27, 2014, the Board approved a leadership succession plan that provides for the transition of the Chief Executive Officer position as of December 31, 2014. Effective on that date, Irvin E. Richter will relinquish the Chief Executive Officer title but will remain with the Company as Chairman. At the same time, David L. Richter, currently the Company's President and Chief Operating Officer, will become President and Chief Executive Officer.

The Board has not appointed a lead independent director, however, Mr. Fellheimer, Chair of the Compensation Committee, has presided over executive session meetings of independent directors.

Role of the Board in Risk Oversight

The Board as a whole has responsibility for risk oversight, with reviews of certain areas conducted by relevant Board committees that report on their findings to the Board. The oversight responsibility of the Board and the Board committees is facilitated by management reporting processes designed to provide information to the Board concerning the identification, assessment and management of critical risks and management's risk mitigation strategies and practices. These areas of focus include operational, economic, competitive, financial (including accounting, reporting, credit, liquidity and tax), legal, regulatory, compliance, environmental, political and strategic risks. The full Board (or the appropriate Board committee), in concert with the appropriate management within the Company,

Table of Contents

reviews management reports to formulate risk identification, risk management and risk mitigation strategies. When a Board committee initially reviews management reports, the Chairman of the relevant Board committee briefs the full Board on the specifics of the matter at the next Board meeting. This process enables the Board to coordinate the risk oversight role, particularly with respect to risks spanning more than one operational area. The Compensation Committee reviews compensation policies to ensure that they do not, among other things, encourage unnecessary or excessive risk-taking.

Corporate Governance Guidelines

The Corporate Governance Guidelines adopted by the Board, which include guidelines for determining director independence, are published on the Company's website at www.hillintl.com, in the "Investor Relations" section, and are available in print to any stockholder upon request. That section of the website makes available the Company's corporate governance materials, including Board committee charters. Those materials are also available in print to any stockholder upon request.

Hill's Audit Committee is responsible for applying the Code of Ethics to specific situations in which questions are presented to it and has the authority to interpret the Code of Ethics and Business Conduct in any particular situation. If, after investigating any potential breach of the Code of Ethics and Business Conduct reported to it, the Audit Committee determines (by majority decision) that a breach has occurred, it will inform the Board of Directors. Upon being notified that a breach has occurred, the Board (by majority decision) will take or authorize such disciplinary or preventive action as it deems appropriate, after consultation with the Audit Committee and/or the Company's General Counsel, up to and including dismissal or, in the event of criminal or other serious violations of law, notification of the SEC or other appropriate law enforcement authorities.

Communicating Concerns to Directors

The Company encourages all interested persons to communicate any concern that an officer, employee, director or representative of Hill has engaged in illegal, dishonest or fraudulent activity, or has violated Hill's Code of Ethics and Business Conduct. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2013, no member of our Compensation Committee had a relationship with the Company or any of our subsidiaries, other than as directors and stockholders, and no member was an officer or employee of the Company or any of our subsidiaries, a participant in a related person transaction or an executive officer of another entity, where one of our executive officers serves on the board of directors that would constitute a related party transaction or raise concerns of a compensation committee interlock.

COMMITTEES OF THE BOARD OF DIRECTORS

During 2013, the Board had standing Audit, Compensation, and Governance and Nominating Committees. All members of each committee have been determined by the Board of Directors to be "independent" under applicable NYSE rules. In addition, the Board has determined that each member of the Audit Committee meets SEC independence requirements which require that members of the Audit Committee may not accept directly or indirectly any consulting, advisory or other compensatory fee from Hill or any of its subsidiaries other than their directors' compensation. The charter of each committee is available on our website at www.hillintl.com, in the "Investor Relations" section.

Audit Committee. During 2013, the Audit Committee consisted of Brian W. Clymer (Chair), Alan S. Fellheimer, Steven M. Kramer and Gary F. Mazucco. The Board has determined that each member of the Audit Committee is financially literate. The Board has also determined that Brian W. Clymer possesses accounting or related financial management expertise within the meaning of the NYSE listing standards and qualifies as an "audit committee financial expert," as defined by the rules of the SEC. For additional information regarding Mr. Clymer's experience and background, see "Item 1 Election of Directors" above.

The Audit Committee assists the Board in fulfilling its oversight responsibilities by (a) reviewing the financial reports and other financial information provided by Hill to its stockholders, the SEC and others, (b) monitoring the Company's financial reporting processes and internal control systems, (c) retaining Hill's independent registered public accounting firm, (d) overseeing the Company's independent registered public accounting firm and internal auditors and (e) monitoring the Company's compliance with its ethics policies and with applicable legal and regulatory requirements. The Audit Committee also reviews and approves any transactions between Hill and any related parties. During 2013, the Audit Committee met six times. The report of the Audit Committee is included in this Proxy Statement.

Compensation Committee. During 2013, the Compensation Committee consisted of Alan S. Fellheimer (Chair), Camille S. Andrews and Steven M. Kramer. Each member of the Compensation Committee is a "non-employee director" as defined in Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The Compensation Committee oversees Hill's executive compensation programs. The Compensation Committee reviews and recommends to the Board for approval the compensation arrangements for all of the Company's executive officers. During 2013, the Compensation Committee met four times. The processes of the Compensation Committee are described below in the "Compensation Discussion and Analysis" section of this proxy statement, under the subsection " Role of the Compensation Committee and Management."

Governance and Nominating Committee. During 2013, the Governance and Nominating Committee consisted of Camille S. Andrews (Chair), Brian W. Clymer, Steven M. Kramer and Gary F. Mazucco. The Governance and Nominating Committee oversees matters relating to the evaluation and

recommendation to the Board of the persons to be nominated for election as directors at any meeting of stockholders, and the persons to be appointed by the Board to fill any vacancy on the Board.

The Governance and Nominating Committee is responsible for reviewing and assessing with the Board the appropriate skills, experience, and background sought of Board members in the context of our business and the then-current membership on the Board. This assessment includes a consideration of independence, diversity, age, skills, experience, and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Although the Company does not have a formal policy with respect to diversity standards, as a matter of practice, the Governance and Nominating Committee considers matters commonly viewed as matters of diversity in the context of the Board as a whole and, in its effort to select a Board that it believes will best serve the interests of the Company and its stockholders, takes into account the personal characteristics and experience of current and prospective directors to facilitate Board deliberations that reflect a broad range of perspectives.

The Governance and Nominating Committee carefully considers all director candidates recommended by our stockholders, and the Governance and Nominating Committee does not and will not evaluate such candidate recommendations any differently from the way it evaluates other candidates. In its evaluation of each proposed candidate, the Governance and Nominating Committee considers many factors including, without limitation, the individual's experience, character, integrity, demonstrations of judgment and ability, and financial and other special expertise. Any stockholder who wishes to recommend an individual as a nominee for election to the Board should submit such recommendation in writing by mail to Hill International, Inc., 303 Lippincott Centre, Marlton, NJ 08053, Attn: Chair of Governance and Nominating Committee, together with information regarding the experience, education and general background of the individual and a statement as to why the stockholder believes such individual to be an appropriate candidate for the Board of Directors of Hill. Such recommendation should be provided to Hill no later than 80 days prior to the anniversary of the date of the notice accompanying these proxy materials. During 2013, the Governance and Nominating Committee held one meeting.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") describes our named executive officer compensation program in 2013. Specifically, the CD&A explains how the Compensation Committee and Board of Directors made their compensation decisions for each element of compensation that we pay or award to, or that is earned by, our named executive officers and our policies and decisions with regard to their compensation. For 2013, Hill's named executive officers were: Irvin E. Richter, Chairman and Chief Executive Officer, John Fanelli III, Senior Vice President and Chief Financial Officer, David L. Richter, President and Chief Operating Officer, Raouf S. Ghali, President, Project Management Group (International), and Frederic Z. Samelian, President, Construction Claims Group. Only independent directors participate in decisions with respect to the compensation of our Chairman and Chief Executive Officer and our President and Chief Operating Officer.

Overview

Historically, Hill's compensation philosophy has been that we should provide a compensation program for our executive officers that is competitive with the companies we consider our peers for executive employment and compensation purposes and that fosters executive retention in a manner that furthers Hill's mission of maximizing long-term stockholder value, client relationships, excellent financial performance, quality of service and employee satisfaction. That philosophy has been implemented in the past by placing substantial reliance on the payment of executive salaries at the higher end of the range of compensation received by executives with comparable job responsibilities at our peer companies, as well as through the use of year-end bonuses, as appropriate, to reward superior

Table of Contents

performance and long-term incentive compensation elements to incentivize performance designed to lead Hill to success over a longer term.

The Compensation Committee is keenly aware of the difficult economic conditions, which began in 2008 and continue to adversely affect the construction industry, and the impact of these conditions on our project management and construction claims consulting businesses. As a result, the Compensation Committee sought to compensate our named executive officers in a manner that would enable us to retain them as Hill's senior management team through the economic downturn, to appropriately recognize their unique experience and skill sets as well as their efforts on behalf of Hill during 2013 consistent with our overall business objectives and to create appropriate incentives for the performance of our businesses in 2014 and beyond. The Compensation Committee noted our overall business and financial achievements in 2013 in light of the current global economic downturn particularly affecting the industry sectors we serve as well as political and other factors impacting our businesses. As a result, the Compensation Committee paid particular attention to our executives' performance in addressing the specific business, economic and political conditions affecting our Company and the markets we serve.

For 2013, the Compensation Committee used various short and long-term performance-based compensation components within the mix of elements comprising the overall compensation packages paid to Hill's executive officers. The discussion that follows explains the manner in which the Compensation Committee applied these elements to develop the compensation policies and arrangements for our named executive officers.

Compensation Philosophy and Objectives

Performance. Our Company's policy is that the Compensation Committee and the Board consider an executive officer's performance in determining his or her compensation. In addition, the Compensation Committee and the Board, in their discretion, may reward performance considered by the Compensation Committee to be superior, and may provide short-term incentives to executive officers to reward superior performance in cases where such performance would not otherwise be rewarded by other elements of Hill's compensation program.

In considering the appropriate manner in which to reward the performance of our named executive officers, our Compensation Committee and Board have established compensation policies implemented through the creation of specific rewards and designed for particular named executive officers. In this regard, in view of the relatively large equity interest in our Company owned by our Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee determined to reward performance in a particular year by maintaining their base salary at the higher end of the range for compensation received by executives with comparable job responsibilities at our peer companies in addition to bonus and long-term incentive compensation. In addition, the Compensation Committee recognized the intense competition for talented senior executives in the sectors in which we operate and, in rewarding performance, focused closely on the need to retain the services of our other named executive officers who do not own significant equity interests in our Company. With respect to compensation decisions made in 2013, the Compensation Committee recognized that the prolonged economic downturn continued to place pressure on the Company's competitors to attract talented personnel, which heightened the need for our Company to set compensation in a manner designed to enable the Company to retain its most able executives even to the extent their ability to achieve superior performance for the Company might be hampered by economic conditions and other factors affecting the industries we serve. As a result, the Compensation Committee continued to rely on compensation policies designed to reward performance of these executives primarily by offering year-over-year base salary increases and by using bonus and long-term incentive awards primarily to reward extraordinary performance designed to reflect the overall growth and profitability of our Company as well as in the groups they manage. Measurements of growth and

Table of Contents

profitability for these purposes were made subjectively by the Compensation Committee with reference to budgets developed by management and approved by the Board of Directors, and without reference to any particular formula used to translate increases in perceived growth or profitability to specific compensation decisions.

For 2013, the Compensation Committee continued to rely to an extent on the use of mathematical formulas in considering whether an individual executive's performance merited recognition through an award of periodic bonuses. Consistent with the policy established by the Compensation Committee in 2009, the Compensation Committee set formula-based targets for annual bonuses under the Hill International, Inc. 2010 Senior Executive Bonus Plan (the "Bonus Plan") as components of the total compensation packages received by our Chairman and Chief Executive Officer and our President and Chief Operating Officer for 2013. The Bonus Plan permits the Compensation Committee or the Board to award performance-based bonuses to our senior officers based on the achievement of performance goals established by the Compensation Committee or the Board in a manner designed to enable us to deduct for federal income tax purposes this bonus compensation consistent with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The Compensation Committee believes it is of paramount importance to provide appropriate levels of compensation to our senior executives. Accordingly, the Compensation Committee may determine that the amount of a performance-based bonus award under the Bonus Plan is not sufficient to appropriately compensate or incentivize one or more senior executives for their performance with respect to the applicable performance period. In such event, the Compensation Committee may determine to award discretionary bonuses to senior executives, even if we are unable to deduct for federal income tax purposes the amount of the discretionary bonus. For 2013, the Compensation Committee awarded bonuses to our Chairman and Chief Executive Officer and our President and Chief Operating Officer under the Bonus Plan, because our Company's earnings before interest, taxes, depreciation and amortization ("EBITDA") exceeded the threshold established by the Compensation Committee in the first quarter of 2013, for bonus compensation under the Bonus Plan. In connection with their compensation-related recommendations, our Chairman and Chief Executive Officer and our President and Chief Operating Officer recommended bonuses for our other named executive officers for 2013, and, consistent with their recommendation, the Compensation Committee determined awards of bonuses to our other named executive officers for 2013.

Alignment. The Compensation Committee believes that alignment of the compensation of our executive officers with the interests of our stockholders through use of stock-based incentive compensation is one of the core principles of our Company's compensation philosophy. As a goal, the Compensation Committee seeks to align the compensation of our executive officers with the interests of our stockholders through the use, among other compensation elements, of stock-based incentive compensation. The Compensation Committee expects to continue using stock option and other equity-based compensation elements to establish long-term incentive compensation for our named executive officers in connection with the determination of their total annual compensation in the future.

The Compensation Committee and the Board believe it is important to award a significant portion of the total annual compensation for our Chairman and Chief Executive Officer and our President and Chief Operating Officer in the form of long-term incentive compensation in order to establish a reward for our most senior officers relating to the creation of value for our stockholders over the longer term. Accordingly, for 2013, the Compensation Committee recommended long-term incentive awards with aggregate grant date fair value of \$895,000, or 68.8% of his base salary, to our Chairman and Chief Executive Officer and \$895,000, or 99.4% of his base salary, to our President and Chief Operating Officer. In addition, the Compensation Committee recommended long-term incentive awards for our other named executive officers which are described in more detail below.

Table of Contents

Retention. As discussed above, we recognize the intense competition for talented senior executives in the sectors in which we operate. Accordingly, retention of our executive officers is one of the core objectives of our compensation philosophy. Historically, the Compensation Committee has sought to attain that objective primarily through the payment of base salaries at the higher end of the range of compensation that may be paid to executives at other companies within our industry. During 2013, the Compensation Committee continued to award the named executive officers' total compensation so that each compensation element may be used to enable the Company to retain the services of our executive officers, consistent with our overall business strategy. As a result of this consideration, for 2013, the Compensation Committee decided to make equity-based long-term incentive awards as well as award bonus compensation to all our named executive officers in a manner designed to enhance the utility of these components as tools to retain our most talented senior executives, which are described in more detail below.

Risk Management Incentive. The Compensation Committee believes that the compensation policies and practices it establishes should be designed with a view to incentivizing executives to achieve short-term and long-term performance goals and objectives established by the Board while managing risks appropriately. The Compensation Committee attempts to provide both short-term and long-term compensation for current performance, as well as to provide incentives to achieve short-term and long-term goals. In designing these elements of compensation, the Compensation Committee seeks to incentivize appropriate levels of risk taking and to deter subjecting our Company to excessive risk.

Based on its understanding, as members of the Company's Board of Directors, of the elements of risk associated with our Company's business and the operations of each of our business units, the Compensation Committee does not believe that our Company's compensation policies and practices subject our Company to undue risk. The Company's compensation policies and practices, and the elements of its compensation, are relatively consistent across the Company's business units. In the Compensation Committee's view, the risk profile for each of our Company's business units is relatively proportionate to its contribution to our Company's overall operating results. Other than our Company's Chairman and Chief Executive Officer and our President and Chief Operating Officer, no executive officer of the Company has an employment agreement with the Company. Accordingly, the Company's long-term payment obligation under employment agreements has been limited. In addition, as discussed below under "Elements of Compensation Base Salary," while the employment agreements for our Chairman and Chief Executive Officer and our President and Chief Operating Officer target benchmarks for total compensation at the 75th percentile of the "selected peer group" identified by the Compensation Committee, neither employment agreement provides for any particular level of bonus compensation. Rather, under the terms of these employment agreements, the Compensation Committee has full authority to establish the target levels for annual cash incentive awards as well as long-term equity-based incentive awards, consistent with the aforementioned benchmark, and to establish the criteria upon the achievement of which the awards may be earned. Accordingly, in the Compensation Committee's view, the methods used by our Company to compensate and incentivize our employees do not create risks that are reasonably likely to have a material adverse effect on our Company. In addition, while the Board has not adopted a specific policy with regard to the "clawback" of compensation awarded on the basis of improper conduct, the Compensation Committee recognizes that laws applicable to our Company generally require the "clawback" of compensation under circumstances relating to improper or illegal behavior. Accordingly, we believe that these laws support the Board's efforts to manage risk associated with compensation. The Board recognizes that the SEC plans to propose rules relating to compensation "clawback" policies and plans to enact policies to address the final rules that are adopted.

Determining Compensation

General. In setting each element of compensation, the Compensation Committee has historically made qualitative assessments of the contributions made by each named executive officer toward our Company's achievement of its overall business and financial performance. These assessments have been employed by the Compensation Committee in determining which of the various compensation elements available to it should be included in each named executive officer's total compensation package, as well as the dollar amount thereof.

Base salaries for our named executive officers are established by the Compensation Committee on an annual basis. When establishing base salaries for named executive officers who do not have employment agreements, the Compensation Committee takes into account the performance of each named executive officer, his role and responsibilities within our Company and the compensation of comparable executives at other publicly traded companies in our peer group. Under the terms of their respective employment agreements described below in "Employment Agreements," each of our Chairman and Chief Executive Officer and our President and Chief Operating Officer is entitled to receive base salary and an annual long-term equity-based incentive award, which, when aggregated with his target bonus which he will have the opportunity to earn based on the achievement of performance targets established annually by the Compensation Committee, is not less than the 75th percentile of the total base salary, bonus and long-term incentive award earned by executives with comparable positions in our selected peer group companies. Our Compensation Committee believes that using the 75th percentile for comparative purposes reflects the high level of competency of our Company's senior executive officers.

In establishing the base salaries to which our Chairman and Chief Executive Officer and our President and Chief Operating Officer are entitled under their respective employment agreements, the Compensation Committee considered the total annual compensation of executives at similar levels in the companies included in the selected peer group listed below in "Selected Peer Group." The allocation between targeted annual cash incentive awards and long-term equity-based incentive compensation in order to achieve targeted total compensation at the benchmark level of the 75th percentile of the "selected peer group" companies was determined through direct negotiations between the Compensation Committee and each of our Chairman and Chief Executive Officer and our President and Chief Operating Officer. These negotiations focused on the need to reach agreement on the appropriate level of targeted annual cash incentive award for each executive, with reference to the prior year's bonus target for the executive and the Company's internal budget, approved by the Board of Directors, for 2013, without the use of any formula, weighting or reference to specific factors. The Compensation Committee's focus on determining the appropriate level of targeted annual cash incentive award relates primarily to the contingent nature of the incentive in that it is earned only to the extent that the Company achieves established performance levels. The long-term equity-based incentive compensation was determined to essentially equal the difference between the sum of executive's base salary and targeted annual cash incentive award, on the one hand, and the benchmarked 75th percentile of the selected peer group with respect to the executive, on the other hand.

For our other named executive officers, as in prior years, for 2013, the Compensation Committee relied to a great extent on the assessments of their performance by our Chairman and Chief Executive Officer and our President and Chief Operating Officer, to whom each of these other named executive officers reports. The Compensation Committee believes that this methodology allows us to account for all of the facts and circumstances of the particular executive officer's performance and enable us to most effectively reward, motivate, challenge and retain these named executive officers.

In the first quarter of 2013, the Compensation Committee established targeted levels of bonus eligibility under the Bonus Plan for our Chairman and Chief Executive Officer and our President and

Table of Contents

Chief Operating Officer based partially on EBITDA for 2013 and partially on earnings per share for 2013. The Compensation Committee selected these performance criteria for bonus eligibility under the Bonus Plan based on presentations by management to the Board concerning expectations for 2013 operating performance and related discourse among the Board and management during the first quarter of 2013. The Compensation Committee determined that these individuals would be eligible to earn 100% of their respective bonus compensation targets if our Company reported EBITDA of at least \$38,000,000 and diluted earnings per common share of at least \$0.08 for 2013. For 2013, our Company reported EBITDA of \$41,300,000 and net income of \$0.04 per common share. Bonus eligibility was scaled so that 50% of the bonus compensation target would be awarded if only one of the criteria was met and the award would be adjusted to account for the amount actually reported in excess of the established criterion. Accordingly, these executives were each entitled to a bonus under the Bonus Plan of \$233,700 based on the targets set by the Compensation Committee for 2013.

In view of the lack of increases in their respective base salaries since 2011, the Compensation Committee recommended an increase in base salaries for our Chairman and Chief Executive Officer and our President and Chief Operating Officer to \$1,300,000 and \$900,000, respectively, in 2013. In addition, upon the recommendation of our Chairman and Chief Executive Officer and our President and Chief Operating Officer, recommended increases in base salaries for the other named executive officers in 2013.

Role of the Compensation Committee and Management. The Compensation Committee reviews all of our Company's compensation and benefit programs. As part of its review of these programs, the Compensation Committee evaluates the competitiveness of compensation and benefits packages offered to our named executive officers and other executive officers. In addition, the Compensation Committee reviews and approves our corporate incentives, goals and performance objectives as well as the incentives, goals and performance objectives we establish for individuals under our Company's compensation and benefit programs. The Compensation Committee evaluates the level of achievement of the corporate incentives, goals and performance objectives set for individuals and, based on the level of achievement, approves any awards dependent on these criteria under our Company's compensation and benefit programs.

Consistent with prior years, as part of the executive compensation decisions made in 2013, our Chairman and Chief Executive Officer and our President and Chief Operating Officer made recommendations to the Compensation Committee regarding the levels and elements of compensation for the named executive officers, other than themselves, as well as for other executive officers of Hill. The Compensation Committee did not receive any compensation analysis regarding our named executive officers or Hill's other senior executive officers from any compensation consultant. After considering the recommendations of our Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee delivered its recommendations to the Board for the Board's approval of the compensation elements and levels for the Chairman and Chief Executive Officer and the President and Chief Operating Officer, as well as for the other named executive officers. In determining its recommendations to the Board, the Compensation Committee relied considerably on assessments by our Chairman and Chief Executive Officer and our President and Chief Operating Officer of the performance and contribution of the other named executive officers.

Selected Peer Group. In 2012, the Compensation Committee identified our peer group and our "selected peer group" companies for compensation bench-marking purposes. The selected peer group includes CRA International, Inc., Exponent, Inc., Huron Consulting Group Inc. and Navigant Consulting, Inc.

Noting that the public companies with which we compete for project management business tend to be significantly larger than Hill, the Compensation Committee concluded that those direct competitors would not be an appropriate group to use for purposes of analyzing the compensation paid to our

Table of Contents

Chairman and Chief Executive Officer and our President and Chief Operating Officer. Accordingly, the companies identified above provide services in consulting or other fields that are similar to the services we provide and were selected by the Compensation Committee on the basis of their size relative to us, and the presence within those companies and us of similar business model, cultural and philosophical elements. In addition, we recognize the companies in this group as those publicly traded companies with whom we compete most aggressively for talented executives. Accordingly, we refer to these companies as our "selected peer group" companies. In our most recent survey, the companies within the selected peer group had total annual revenues ranging between \$272 million and \$785 million.

Equity Grant Practices. The exercise price of each stock option granted to the named executive officers, as well as to our other named executive officers, was not less than the closing price of our common stock on the date of grant. Typically, the Board awards long-term equity-based incentives to our Chairman and Chief Executive Officer and our President and Chief Operating Officer annually and other executive officers, including the other named executive officers, in two-year cycles. In this regard, in January 2013, we awarded stock options to our Chairman and Chief Executive Officer, and in March 2013 we awarded stock options to our other executive officers, including the named executive officers. The awards for our Chairman and Chief Executive Officer and our President and Chief Operating Officer were based on the Compensation Committee's determination that these awards reflected the appropriate level of long-term equity based incentive for those individuals. In making this determination, the Compensation Committee did not make reference to any specific criteria. In determining the awards for our other named executive officers, the Compensation Committee relied upon recommendations from our Chairman and Chief Executive Officer and our President and Chief Operating Officer. The Compensation Committee expects to consider expanding the use of stock options and other equity-based awards in the future.

We have not in the past and do not intend in the future to coordinate our grants of stock options with the release of material non-public information. We have not, as of the date of this proxy statement, adopted a policy covering compensatory equity grants. We also do not have a policy on the re-pricing of our stock options, but we have not previously re-priced any of our options. The equity compensation plan we use for awards to our named executive officers and other employees prohibits the repricing of options without stockholder approval.

Elements of Compensation

Base Salary. The Compensation Committee aims to establish the base salary for each named executive officer at a level that is reflective of the level of responsibility assumed by that officer. For our Chairman and Chief Executive Officer and our President and Chief Operating Officer, total annual compensation is targeted at the 75th percentile of executive officers serving in comparable capacities with the companies included in our selected peer group. The Compensation Committee selected the 75th percentile as the benchmark for compensation of our two most senior executive officers as a result of their demonstrated leadership of our Company's efforts to establish and expand relationships key to our revenue growth and profitability, coupled with the Compensation Committee's view that these individuals are among the top executive talent in our industry and should be compensated accordingly. In view of the significant stock ownership in our Company by our Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee historically has leaned more heavily on base salary than on equity-based compensation for these individuals. Accordingly, the base salaries of our Chairman and Chief Executive Officer and our President and Chief Operating Officer tend to be higher than those of comparably titled executives at companies in our selected peer group to reflect generally lower reliance by the Company on bonus and equity-based compensation elements. Equally relevant, the Compensation Committee recognizes that during the time it was a privately owned business, our Company typically did not award any bonus compensation or equity-based incentives to these individuals and, instead, concentrated compensation in the form of

Table of Contents

base salary. Since our Company's business became publicly owned, the Compensation Committee has sought to transition compensation practices to methods more commonly used by publicly traded companies, but has sought doing so without reducing the base salaries of our executive officers, including our Chairman and Chief Executive Officer, our President and Chief Operating Officer and our other named executive officers.

The base salaries for our named executive officers are targeted at the higher end of our selected peer group and are adjusted to recognize varying levels of responsibility, individual performance, business segment performance, and internal Company issues. The Compensation Committee reviews each executive officer's base salary on an annual basis. During 2013, Hill's Chairman and Chief Executive Officer and its President and Chief Operating Officer were paid base salaries of \$1,300,000 and \$900,000, respectively. In its most recent survey of selected peer group of companies, the Company determined the base salaries paid to the chief executive officers within the selected peer group of companies ranged between \$500,000 and \$800,000 and the base salaries paid to the chief operating officers within the selected peer group of companies ranged between \$450,000 and \$600,000. For the reasons discussed above, the base salary levels for our Chairman and Chief Executive Officer and our President and Chief Operating Officer, relative to comparably titled executives at companies in our selected peer group, reflect our generally greater relative reliance on base salaries and lower relative reliance on bonus and equity-based compensation elements for these executives. Based on these factors, the Compensation Committee determined that the base salaries for our Company's Chairman and Chief Executive Officer and our President and Chief Operating Officer compared to the selected peer group benchmarks were appropriate and warranted. As explained above, consistent with prior years, in making executive compensation decisions for 2013, the Compensation Committee utilized recommendations of our Chairman and Chief Executive Officer and our President and Chief Operating Officer regarding the levels and elements of compensation for the named executive officers, other than themselves, as well as for other executive officers of Hill.

The table below sets forth the base salary for each of our named executive officers for 2012 and 2013, together with the percentage change from year-to-year.

Name	Base Salary		Percentage Change
	2012	2013	
Irvin E. Richter Chairman and Chief Executive Officer	\$ 1,200,000	\$ 1,300,000	8.3%
John Fanelli III Senior Vice President and Chief Financial Officer	350,000	375,000	7.1%
David L. Richter President and Chief Operating Officer	800,000	900,000	12.5%
Raouf S. Ghali President, Project Management Group (International)	750,000	850,000	13.3%
Frederic Z. Samelian President, Construction Claims Group	615,000	660,000	7.3%

The percentage increase for the Chairman and Chief Executive Officer reflect the Compensation Committee's determination to reward his strong leadership role and performance in the face of significant challenges affecting our industry. The relatively higher percentage increase for the President and Chief Operating Officer reflect the Compensation Committee's view of his high level of responsibility over the Company and its overall revenue as well as his individual performance in a

Table of Contents

challenging business climate affecting our industry. The percentage increase for our Senior Vice President and Chief Financial Officer reflects his important contributions to the Company in a key role. The relatively higher percentage increase for the President of our Project Management Group (International) reflects the Compensation Committee's view of his level of responsibility over a group that contributed significantly to our overall revenue and profitability. The percentage increase for the President of our Construction Claims Group reflect the Compensation Committee's view of his level of responsibility over an important group and to more closely align his compensation with other executives at a comparable level of responsibility within his group and in the Company.

Annual Cash Incentive Awards. The Compensation Committee and the Board, in their discretion, may establish annual cash incentives from time to time. Our objective in providing annual cash incentives is to reward short-term performance that has exceeded specific expectations in circumstances where no other element of our compensation program would otherwise reward such performance without incentivizing inappropriate risk-taking or otherwise deterring achievement of our long-term goals and initiatives. As stated above in "Determining Compensation General," as a result of the Company's reported EBITDA for 2013, our Chairman and Chief Executive Officer and our President and Chief Operating Officer were entitled to receive bonuses under the Bonus Plan for 2013. In connection with their compensation-related recommendations, in view of their strong performance under difficult conditions during 2013, our Chairman and Chief Executive Officer and our President and Chief Operating Officer recommended bonuses for our other named executive officers for 2013, and, consistent with their recommendation, the Compensation Committee determined to award bonuses to our other named executive officers for 2013 as follows: Mr. Fanelli \$40,000, Mr. Ghali \$150,000 and Mr. Samelian \$50,000.

Long-Term Equity-Based Incentive Compensation. From time to time, the Compensation Committee and the Board, in their discretion, may award long-term equity-based compensation to our executive officers, including our named executive officers. In determining the terms and amounts of any of these awards, the Compensation Committee seeks primarily to motivate successful multi-year operational and financial performance of our Company, to encourage long-term accountability of the individuals to whom the awards are made and to further reinforce the linkage between executive performance and creation of stockholder value.

For 2013, the Compensation Committee recommended, and the Board approved, certain stock option awards for our named executive officers. The awards are shown in detail in the table under "Grants of Plan Based Awards" on page 25. As stated above in "Determining Compensation Equity Grant Practices," the awards for our Chairman and Chief Executive Officer and our President and Chief Operating Officer were based on the Compensation Committee's determination that the awards reflected the appropriate level of long-term equity based incentive for those individuals. In making this determination, the Compensation Committee did not make reference to any specific criteria. In determining the awards for our other named executive officers, the Compensation Committee relied upon recommendations from our Chairman and Chief Executive Officer and our President and Chief Operating Officer.

In our most recent survey, total long-term compensation for the chief executive officers and the chief operating officers of the selected peer group of companies ranged between \$292,000 and \$1,096,000 and between \$219,000 and \$636,000, respectively.

The table below sets forth the awards of long-term equity-based incentive compensation for each of our named executive officers for 2013, together with the aggregate grant date fair value of their respective awards calculated in accordance with Financial Accounting Standards Board Accounting

Standards Codification Topic 718 and the grant date fair value of the award as a percentage of his base salary for 2013.

Name	Long-Term Equity Based Incentive Compensation Awards		Aggregate Grant Date Fair Value of Awards	Percentage of Base Salary
	Number of Shares Underlying Stock Options	Number of Restricted Shares		
Irvin E. Richter Chairman and Chief Executive Officer	500,000		\$ 895,000	68.8%
John Fanelli III Senior Vice President and Chief Financial Officer	25,000		54,750	14.6%
David L. Richter President and Chief Operating Officer	500,000		895,000	99.4%
Raouf S. Ghali President, Project Management Group (International)	100,000		219,000	25.8%
Frederic Z. Samelian President, Construction Claims Group	50,000		109,500	16.6%

For 2013, the Compensation Committee recommended long-term incentive awards with aggregate grant date fair value of \$895,000, or 68.8% of his base salary, to our Chairman and Chief Executive Officer and \$895,000, or 99.4% of his base salary, to our President and Chief Operating Officer. Also, upon recommendations from Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee recommended long-term incentive compensation for the other named executive officers. The Compensation Committee recommended these awards to the Board to further incentivize these executives and reward these executives for performance that creates additional stockholder value over the long-term.

Other Compensation. The forms of other compensation that are provided to our named executive officers are generally available to all employees of Hill on a non-discriminatory basis. These elements of compensation include, without limitation, benefits packages typical for companies of our size and the option to be paid in cash for vacation, sick days and/or personal days not taken. In addition, under the terms of his employment agreement, our Chairman and Chief Executive Officer is entitled to receive, among other things, two automobiles for his use and payment of specified premiums for life insurance. The employment agreement with our President and Chief Operating Officer entitles him to receive, among other things, two automobiles for his use.

Employment Agreements

Irvin E. Richter, Hill's Chairman and Chief Executive Officer, and David L. Richter, Hill's President and Chief Operating Officer, are each a party to an employment agreement with the Company which is for a term expiring on December 31, 2014. These agreements provide that, in the event of the termination of either executive's employment by the Company without cause (as defined in each employment agreement), the Company will pay the executive a lump sum equal to three years' base salary and the executive will be entitled to the continuation of certain benefits for the three-year period following termination, the immediate vesting of all stock options, stock awards or other stock-based compensation as well as other elements of compensation referenced above in "Elements of Compensation Other Compensation." Each agreement also entitles the executive to the same compensation and benefits if the executive terminates the agreement for "good reason" or following a

"change in control" of our Company (as each of these terms is defined in the respective employment agreement).

On January 27, 2014, the Board approved a leadership succession plan that provides for the transition of the Chief Executive Officer position as of December 31, 2014. Effective on that date, Irvin E. Richter will relinquish the Chief Executive Officer title but will remain with the Company as Chairman. At the same time, David L. Richter will become President and Chief Executive Officer.

As of January 31, 2014, the Company entered into new five-year employment agreements with Irvin E. Richter and David L. Richter that are effective as of December 31, 2014. The agreements will replace the current employment agreements between the Company and each of them upon their expiration on December 31, 2014. In determining the compensation of Irvin E. Richter under his new employment agreement, the Compensation Committee and the Board considered the important business relationships that are maintained by Mr. Richter and the travel demands upon him that are essential to the continued maintenance of such relationships, in addition to the traditional duties of his position as Chairman. In determining the compensation of David L. Richter under his new employment agreement, the Compensation Committee and the Board considered primarily his new and expanded responsibilities as Chief Executive Officer.

New Employment Agreement with Irvin E. Richter. Under the new agreement effective December 31, 2014, Irvin E. Richter will receive an annual base salary of no less than \$1,400,000, to be adjusted annually, and will be eligible to receive an annual bonus in an amount, if any, to be determined by the Board. The agreement further provides that he will be entitled to all benefits of employment provided to other employees of the Company during the employment term. In addition, the Company will provide him with two vehicles for his use and will pay certain life insurance premiums during the employment term.

New Employment Agreement with David L. Richter. Under the new agreement effective December 31, 2014, David L. Richter will receive a base salary of no less than \$1,000,000, to be adjusted annually, and will be eligible to receive an annual bonus based upon the achievement of performance criteria to be established by the Board or its Compensation Committee for the applicable year. He also will be eligible to receive an annual long-term incentive award, which may consist of stock options issued by the Company, shares of restricted stock of the Company, and other forms of equity-based, equity-linked or other long-term incentive compensation. The amount and other terms of long-term incentive awards made to him, if any, will be determined by the Board or its Compensation Committee. The agreement also reflects the intention that the total of his base salary, bonus and long-term incentive award for each year during the employment term be not less than the 75th percentile for the chief executive officers of certain "peer group" companies. The agreement further provides that he will be entitled to all benefits of employment provided to other employees of the Company and will provide Mr. Richter with two vehicles for his use during the employment term.

Compensation for Non-Employee Directors in 2013

Non-employee directors' compensation is set by the Board at the recommendation of the Compensation Committee. For 2013, the Compensation Committee recommended and the Board approved a compensation and benefit program for non-employee directors. In developing its recommendations, the Compensation Committee was guided by the following goals: compensation should fairly pay directors for work required in order to serve on the Board and compensation should align non-employee directors' interests with the long-term interests of stockholders. For 2013, the Compensation Committee and the Board approved an annual compensation package for each non-employee director consisting of: (i) a \$100,000 director's fee payable in cash, (ii) a grant of stock options, made at the meeting of our Board of Directors immediately following our annual meeting of stockholders, valued at \$30,000 on the grant date, based on a Black-Scholes model, with immediate

vesting and with an exercise price equal to the closing price per share of our common stock on the date of grant and exercisable over a five-year period, and (iii) an award on the same date of shares of our common stock valued at \$30,000 based on the closing price per share of our common stock on the date of the award. In addition, the Chairman of the Compensation Committee and the Chairman of the Governance and Nominating Committee each receive an annual committee chairman's fee of \$5,000 payable in cash, and the Chairman of the Audit Committee receives an annual committee chairman's fee of \$10,000 payable in cash.

Share Ownership Guidelines

We have adopted a policy with respect to the ownership of our common stock by the members of our Board of Directors. Under our policy, each director is required to own at least 10,000 shares of our common stock. Each person is responsible to comply with the policy within two years after becoming subject to it. We do not have a policy with respect to the ownership of our common stock by our executive officers.

Tax Deductibility of Compensation

We currently do not have a policy with respect to compliance with the limitations imposed by Section 162(m) of the Code, which imposes a \$1,000,000 limit on the amount that a public company may deduct as an expense for compensation paid to our named executive officers.

However, the Bonus Plan approved by stockholders in 2010 is designed to preserve the tax deductibility of cash incentive awards to executive officers under Section 162(m) of the Code. As mentioned above, Section 162(m) generally limits to \$1,000,000 per year the deductibility, for federal income tax purposes, of cash compensation to any individual who, as of the end of the year, is one of our named executive officers. This limitation does not apply to compensation that is deemed to be "qualified performance-based" within the meaning of Section 162(m). Therefore, if compensation qualifies as "qualified performance-based" for purposes of Section 162(m), we will be permitted to deduct it for federal income tax purposes. The provisions of Section 162(m) require, among other things, that the material terms of compensation plans such as our bonus award plans must be approved by a company's stockholders every five years in order for compensation awarded under such plan to qualify as "qualified performance-based." For additional information relating to the Compensation Committee's use of the Bonus Plan and, potentially, the award of other bonus compensation, see "Compensation Philosophy and Objectives Performance."

The amounts reported in these columns reflect the aggregate grant date fair value of stock awards and grants of stock options calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718"). The calculation of these amounts disregards the estimate of forfeitures related to time-based vesting conditions. The amounts in these columns do not reflect compensation actually received by the named executive officer. The actual value, if any, that an executive may realize from an award is contingent upon the satisfaction of the conditions to vesting in that award, and upon the excess of the stock price over the exercise price, if any, on the date the award is exercised. Thus, there is no assurance that the value, if any, eventually realized by the named executive officer will correspond to the amount shown.

(2)

The Black-Scholes option valuation model is used to estimate the fair value of the options in accordance with ASC 718. For a discussion of the assumptions used, see Note 11 to the Company's consolidated financial statements for 2013 contained in the Form 10-K filed with the SEC on March 14, 2014.

- (1) The amounts reported in these columns reflect the aggregate grant date fair value of stock awards and grants of stock options calculated in accordance with ASC 718. The amounts for options do not reflect compensation actually received by the director. The actual value, if any, that a director may realize from an option award is contingent upon the excess of the stock price over the exercise price, if any, on the date the option is exercised. Thus, there is no assurance that the value, if any, eventually realized by the director will correspond to the amount shown.
- (2) On June 5, 2013, each non-employee director was granted 10,381 shares of the Company's common stock under the 2009 Non-Employee Director Stock Grant Plan. The amount of the 2013 awards is based on the closing price (\$2.89) of the Company's common stock on June 5, 2013.
- (3) On June 5, 2013, each non-employee director was granted an option to purchase 23,256 shares of the Company's common stock at an exercise price of \$2.89 per share, the closing price of the Company's common stock on the date of grant. The fair value of the options was \$1.29 per share, determined using the Black-Scholes option valuation model. For a description of the assumptions used, see Note 11 to the Company's consolidated financial statements for 2013 contained in the Form 10-K filed with the SEC on March 14, 2014.

Pre-Approval Policy of Audit Services and Permitted Non-Audit Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services and are pre-approved in one of two methods. Under the first method, the engagement to render the services would be entered into pursuant to pre-approval policies and procedures established by the Audit Committee, provided (i) the policies and procedures are detailed as to the services to be performed, (ii) the Audit Committee is informed of each service, and (iii) such policies and procedures do not include delegation of the Audit Committee's responsibilities under the Exchange Act to the Company's management. Under the second method, the engagement to render the services would be presented to and pre-approved by the Audit Committee (subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Audit Committee prior to the completion of the audit). The Chairman of the Audit Committee has the authority to grant pre-approvals of audit and permissible non-audit services by the independent registered public accounting firm, provided that all pre-approvals by the Chairman must be presented to the full Audit Committee at its next scheduled meeting. the financial reports and other financial information prepared by the Company for submission to any governmental or regulatory body or the public.

Management of the Company has the primary responsibility for the financial reporting process (including establishing and maintaining adequate internal financial controls), for preparing the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the Company's internal control over financial reporting. EisnerAmper LLP, the Company's independent registered public accounting firm for 2013, is responsible for auditing those consolidated financial statements and expressing an opinion as to their conformity with U.S. generally accepted accounting principles and on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed with management and EisnerAmper LLP the audited financial statements for the year ended December 31, 2013 and EisnerAmper's evaluation of the Company's internal control over financial reporting. The Audit Committee has discussed with EisnerAmper the matters that are required to be discussed by standards of the Public Company Accounting Oversight Board. EisnerAmper has provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with EisnerAmper that firm's independence. The Audit Committee has reviewed and approved the compatibility of EisnerAmper providing both audit and non-audit services to the Company and its affiliates with EisnerAmper's independence. The Audit Committee has also reviewed and approved, among other things, the amount of fees paid to EisnerAmper for audit and non-audit services.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements for the year ended December 31, 2013 be included in the Company's 2013 Annual Report on Form 10-K for filing with the Securities and Exchange Commission. ITEM 2

**INCREASE IN SHARES AUTHORIZED FOR
ISSUANCE UNDER THE 2006 EMPLOYEE STOCK OPTION PLAN**

The Board of Directors has reviewed the shares currently available under the 2006 Employee Stock Option Plan (the "2006 Plan") and has determined that it is appropriate to increase the maximum number of shares authorized for issuance under the 2006 Plan.

As of April 15, 2014, 314,500 shares have been issued upon the exercise of options under the 2006 Plan and option grants representing 7,679,656 shares were outstanding under the 2006 Plan. There are 5,844 shares of common stock currently available for awards under the 2006 Plan, which the Board of Directors believes is inadequate for the purpose of providing future incentives. Accordingly, the Board of Directors has determined that increasing the amount of shares of common stock issuable under the 2006 Plan is necessary to enable further grants of stock options to continue to retain and incentivize key employees. As a result, the Board of Directors is asking the stockholders to approve an amendment to the 2006 Plan that would increase the number of shares authorized for issuance from 8,000,000 to 10,000,000.

Table of Contents

The increase in the number of shares authorized for issuance under the 2006 Plan will become effective if approved by stockholders at the annual meeting. If the increase is not approved at this annual meeting, the 2006 Plan will continue in effect as it presently exists. The results of the vote will not affect any awards outstanding under the 2006 Plan as of the date of this proxy statement.

Summary of the Stock Option Plan

Administration. The 2006 Plan may be administered by the Board of Directors. The Board of Directors may delegate the administration of the 2006 Plan to our Compensation Committee or to another committee of the Board of Directors. For purposes of the following discussion, the term "Administrator" means the Board of Directors or the committee to which it delegates its authority as provided above. The Administrator has the authority, subject to the terms of the 2006 Plan, to determine the individuals to whom options will be granted, the times at which options will be granted and the terms and conditions of the options.

Eligibility. Options may be granted to our directors, officers, employees, consultants and advisors. Options intended to qualify, under the standards set forth in certain federal tax rules, as incentive stock options ("ISOs") may be granted only to employees while actually employed by us. Non-employee directors, consultants and advisors are not entitled to receive ISOs.

Option Price. The option price for ISOs generally will be 100% of the fair market value of our common stock on the date the option is granted; however, if the participant in the 2006 Plan owns more than 10% of the combined voting power of Hill and any subsidiary or parent corporation, the option price will be not less than 110% of the fair market value of our common stock on the date of grant. The value of our common stock (based upon exercise price times number of shares) for which ISOs first become subject to exercise during any given calendar year may not exceed \$100,000. The option price for non-qualified stock options will be determined by the Administrator, but cannot be less than the fair market value of our common stock on the date of grant. Fair market value for purposes of the 2006 Plan is the closing market price of our common stock as reported on the market determined by the Board of Directors to be the primary market for the common stock on the date of grant. In the event our common stock is not traded on a recognized market at the time of grant, the Administrator will determine fair market value. Previously issued options have never been repriced, however, should the Board decide to do so in the future, stockholder approval will be required.

Duration of Options. Each stock option will terminate on the date fixed by the Administrator, which will not be more than ten years after the date of grant. If the participant in the 2006 Plan owns more than 10% of the combined voting power of Hill and any subsidiary or parent corporation, any ISO granted to such participant will terminate not more than five years after the date of grant.

Vesting. Options become exercisable when they have vested, subject to any further restrictions on exercise imposed by the Board of Directors in individual option agreements. The Administrator will specify the relevant vesting provisions at the time of the grant.

Exercise Period. The exercise period for options granted under the 2006 Plan may not exceed ten years from the date of grant.

Payment. The Administrator will determine whether exercise of options will be settled in whole or in part in cash, common stock or other securities of the Company, or other property.

Shares That May Be Issued Under the 2006 Plan. If the amendment to the plan is approved, a maximum of 10,000,000 shares of our common stock, which number may be adjusted as described below, are available for issuance pursuant to the exercise of stock options granted under the 2006 Plan. If any stock option terminates or is canceled for any reason without having been exercised in full, the shares of stock not issued will then become available for additional grants of options. The number of

Table of Contents

shares available under the 2006 Plan is subject to adjustment in the event of any stock split, stock dividend, recapitalization, spin-off or other similar action.

Termination of and Amendments to the 2006 Plan. The Board of Directors may amend the 2006 Plan from time to time, except that no amendment will be made without shareholder approval if such approval is necessary to comply with applicable law. No options may be granted under the 2006 Plan after May 31, 2020.

Income Tax Consequences. Under present law, the federal income tax treatment of stock options under the 2006 Plan is generally as follows:

Incentive Stock Options. For regular income tax purposes, an optionee will not realize taxable income upon either the grant of an ISO or its exercise if the optionee has been an employee of Hill or a subsidiary at all times from the date of grant to a date not more than three months before the date of exercise. The difference between the fair market value of the stock at the date of exercise and the exercise price of an ISO, however, will be treated as an item of tax preference in the year of exercise for purposes of the alternative minimum tax. If the shares acquired upon an exercise of an ISO are not disposed of by the optionee within two years from the date of grant or within one year from the date of exercise, any gain realized upon a subsequent sale of the shares will be taxable as a capital gain. In that case, Hill will not be entitled to a deduction in connection with the grant or the exercise of the ISO or the subsequent disposition of the shares by the optionee. The amount of gain or loss realized upon such a sale or other disposition will be measured by the difference between the amount realized and the earlier exercise price of the ISO (the optionee's basis in the stock). If the optionee disposes of the shares within two years from the date of grant of the ISO or within one year from the date of exercise of the ISO, the optionee will realize ordinary income in an amount equal to the excess of the fair market value of the shares at the date of exercise (or the amount realized on disposition, if less) over the option price, and Hill will be allowed a corresponding deduction. If the amount realized on the disposition exceeds the fair market value of the shares at the date of exercise the gain on disposition in excess of the amount treated as ordinary income will be treated as capital gain. If the optionee holds the shares for more than 12 months from the date of exercise, any such gain will be a long-term capital gain.

Non-Qualified Stock Options. An optionee will not realize income upon the grant of a non-qualified stock option ("NSO"). Upon the exercise of a NSO granted at or above fair market value, an optionee will be required to recognize ordinary income in an amount equal to the excess of the fair market value at the date of exercise of the NSO over the option price. In the case of an option granted at below fair market value, proposed federal regulations provide that the optionee will be taxed on the spread when the option vests, unless the option is automatically exercised upon the occurrence of specific events. If the option is taxed when it vests, the optionee will also be subject to an additional 20% tax. Any compensation includable in the gross income of an employee with respect to a NSO will be subject to appropriate federal income and employment taxes. Hill will be entitled to a business expense deduction in the same amount and at the same time as when the optionee recognizes compensation income. Upon a subsequent sale of the stock, any amount realized in excess of such fair market value will constitute a capital gain. If the optionee holds the shares for more than 12 months from the date of exercise, any such gain will be a long-term capital gain. In the limited circumstances in which an officer who is subject to the Exchange Act exercises a NSO, which exercise is not exempt under Section 16(b), no income is recognized for federal income tax purposes at the time of exercise unless the optionee makes an election under Section 83(b) of the Code within 30 days after the date of exercise, in which case the optionee will be subject to the tax based on the value of the shares on the date of exercise. Where such an election is not made, the optionee will recognize ordinary income on the first date that sale of such shares would not create liability under Section 16(b) of the Exchange Act (this is generally, but not necessarily, six months after the date of exercise). The ordinary income

recognized by such an optionee will be the excess, if any, of the fair market value of shares on such later date over the option exercise price.

Special rules limit the deductibility to us of compensation paid to named executive officers. Under Section 162(m) of the Code, the annual compensation paid to named executive officers may not be deductible to the extent it exceeds \$1,000,000, unless certain conditions are met.

The foregoing discussion does not purport to be a complete analysis of all the potential tax consequences relevant to recipients of options or to Hill or its subsidiaries. The above discussion does not take into account the effect of state and local tax laws. Moreover, no assurance can be given that legislative, administrative, regulatory or judicial changes or interpretations will not occur which could modify such analysis. In addition, an individual's particular tax status may result in different tax consequences from those described above. Therefore, any participant in the 2006 Plan should consult with his or her own tax adviser concerning the tax consequences of the grant, exercise and surrender of such options and the disposition of any stock acquired pursuant to the exercise of such options.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and changes in ownership with the SEC. To the Company's knowledge based on a review of copies of such reports furnished to Hill and on written representations made by such persons, all of the Company's directors, executive officers and beneficial owners of more than 10% of our common stock have complied with all Section 16(a) filing requirements with respect to 2013 except that, due to administrative oversights, required Form 4 reports were not filed on a timely basis on behalf of the following persons: Irvin E. Richter (3 transactions), David L. Richter (2 transactions), Thomas J. Spearing III (1 transaction), Raouf S. Ghali (1 transaction), Frederic Z. Samelian (1 transaction), John Fanelli III (1 transaction), Ronald F. Emma (1 transaction), William H. Dengler, Jr. (1 transaction) and Catherine H. Emma (1 transaction).

ANNUAL REPORT

In addition to the proxy statement and proxy card, a copy of the Company's 2013 Annual Report, which includes the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, and which is not part of the proxy soliciting material, is enclosed. The 2013 Annual Report is being furnished to our stockholders without the exhibits to the Form 10-K. The Company will provide a copy of the exhibits to any stockholder upon request. Stockholders may under some circumstances be responsible for the Company's reasonable expenses in furnishing such exhibits.

Stockholders who directly hold their shares of Hill and who previously have elected not to receive an annual report for a specific account may request Hill to promptly mail the 2013 Annual Report to that account by writing to William H. Dengler, Jr., Corporate Secretary, at the Company's principal executive office: 303 Lippincott Centre, Marlton, NJ 08053; or by calling Hill's investor relations consultant, The Equity Group, Inc., at (212) 836-9600.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

If you are the beneficial owner, but not the record holder, of shares of Hill common stock, your broker, bank or other nominee may only deliver one copy of this proxy statement and the 2013 Annual Report to multiple shareowners who share an address, unless that nominee has received contrary instructions from one or more of the stockholders. Hill will deliver promptly, upon written or oral request, a separate copy of this proxy statement and the 2013 Annual Report to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder who wishes to receive a separate copy of the proxy statement and annual report, now or in the future, should submit

STOCKHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING

We anticipate that we will hold our 2015 Annual Meeting of Stockholders on or about June 10, 2015. Stockholders who wish to present proposals to be included in the Company's proxy materials for the 2015 Annual Meeting of Stockholders must submit such proposals to us at Hill International, Inc., 303 Lippincott Centre, Marlton, NJ 08053, Attn: Corporate Secretary, by December 31, 2014 and must comply with the procedures of Rule 14a-8 under the Exchange Act. For any proposal that is not submitted for inclusion in next year's proxy materials, but is instead sought to be presented directly at the 2015 Annual Meeting, SEC rules permit us to exercise discretionary voting authority to the extent conferred by proxy if we: (1) receive notice of the proposal before March 14, 2015 and advise stockholders in the 2015 proxy statement related to the 2015 Annual Meeting of the nature of the proposal and how we intend to vote on such matter or (2) do not receive notice of the proposal before March 14, 2015.

Upon written or oral request, the Company will promptly deliver a separate set of proxy materials to a stockholder at a shared address that only received a single set of proxy materials for this year.
