QUESTIONS AND ANSWERS

- Q: Who is soliciting my proxy?
- A: We, the Board of Directors of ENGGlobal Corporation ("ENGGlobal" or the "Company"), are sending you this Proxy Statement in connection with our solicitation of proxies for use at ENGGlobal's 2006 Annual Meeting of Stockholders. Specified Directors, officers, and employees of ENGGlobal may also solicit proxies on our behalf by mail, phone, fax or in person.
- Q: Who is paying for this solicitation?
- A: ENGGlobal will pay for the solicitation of proxies, including the cost of preparing, assembling, and mailing this Proxy Statement, the proxy card, the Annual Report and all other materials which may be sent to stockholders in connection with this solicitation.
- Q: On what am I voting?
- A: The items of business scheduled to be voted at the Annual Meeting are:

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

- o The election of Michael L. Burrow, P.E., William A. Coskey, P.E., Randall B. Hale, David W. Gent, P.E., and David C. Roussel to the Board;
- o A proposal to amend the Restated Articles of Incorporation of ENGGlobal Corporation to eliminate the Series A Preferred Stock and all references as to its rights and privileges, and to authorize 2,000,000 shares of Preferred Stock, \$0.001 par value, with the Board of Directors' authority to determine the designations, preferences, limitations, restrictions, and other rights relating to such shares and to approve the issuance of such shares without further approval by stockholders; and
- o The stockholders will also consider other business that properly comes before the Annual Meeting. Except with respect to the procedural matters incident to the conduct of the meeting, we are not aware of any other business to be brought before the Annual Meeting.

Q: Who can vote?

A: Each share of ENGGlobal Common Stock issued and outstanding as of the close of business on April 10, 2006, the record date, is entitled to be voted on all items being voted upon at the Annual Meeting. You may vote all shares owned by you as of that time, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner through a bank or brokerage firm. On the record date we had 27,005,158 shares of Common Stock issued and outstanding. If you beneficially owned any Common Stock on the record date, you have one vote per share of Common Stock.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Stockholder of Record - If your shares are registered directly in your name with ENGGlobal's transfer agent, Computershare Investor Services, LLC, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by ENGGlobal. As the stockholder of record, you have the right to grant your voting proxy directly to ENGGlobal or to vote in person at the meeting. You may vote via the Internet, by telephone or by completing and mailing the enclosed proxy card as an alternative to voting in person at the meeting.

Beneficial Owner - If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote and are also invited to attend the Annual Meeting.

3

Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the bank or brokerage firm that holds your shares, giving you the right to vote the shares at the meeting. Your bank or brokerage firm has enclosed or provided voting instructions for you to use in directing the bank or brokerage firm how to vote your shares. Your bank or brokerage firm may also have a process for providing instructions over the phone or via the Internet.

If you hold your shares through a broker or other nominee, your broker or nominee may only exercise voting discretion with respect to matters deemed routine by NASD, such as the election of Directors. On a non-routine matter, a broker or other nominee cannot cast a vote (a so-called "broker

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

non-vote"). Broker non-votes will not be treated as votes cast, and therefore, will not affect the outcome of the matters referred to above.

Q: How can I vote?

A: You may vote your shares either in person or by proxy. Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the bank or brokerage firm that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

To vote by proxy, you may vote via the Internet, by telephone or by mailing a completed proxy card. Instructions for voting via the Internet or by telephone are set forth on the enclosed proxy card. To vote by mailing a proxy card, mark, date, sign, and mail the enclosed proxy card in the postage-paid envelope. Granting a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person; by voting in person you will revoke your proxy. You may also revoke your proxy at any time before the vote at the meeting by providing ENGGlobal's Corporate Secretary written notice of your revocation or by submitting a later-dated proxy. If you return your proxy but do not mark your voting preferences, Michael L. Burrow, P.E. and William A. Coskey, P.E. the proxy holders, will vote your shares:

- o FOR the election of each of the nominees for Director;
- o FOR the amendment to the Restated Articles of Incorporation of ENGGlobal Corporation to eliminate the Series A Preferred Stock and all references as to its rights and privileges, and to authorize 2,000,000 shares of Preferred Stock, \$0.001 par value, with the Board of Directors' authority to determine the designations, preferences, limitations, restrictions, and other rights relating to such shares and to approve the issuance of such shares without further approval by stockholders; and
- o As they determine approval with respect to any other matters that may properly come before the meeting.

If your shares are registered in the name of a bank or brokerage firm you will receive instructions from your holder of record that must be followed in order for the record holder to vote the shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions over the phone or via the Internet. If Internet or telephone voting is unavailable from your bank or brokerage firm, please complete and return the enclosed voting instruction card in the addressed, postage paid envelope provided.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the

earlier proxy), by providing a written notice of revocation to ENGGlobal's Corporate Secretary prior to your shares being voted, or by attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your bank or brokerage firm, or, if you have obtained a legal proxy from your bank or brokerage

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

firm giving you the right to vote your shares, by attending the meeting and voting in person.

Q: What constitutes a quorum?

A: On the record date, ENGGlobal had 27,005,158 shares of Common Stock issued and outstanding. In order for the Annual Meeting to be properly held, a majority of the outstanding shares (a quorum) outstanding on the record date, or 13,502,580 shares, must be present at the meeting or represented by proxy. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of Directors, you may vote "FOR" all of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees. If your vote is withheld with respect to any nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee.

For any other proposals that properly come before the meeting, you may vote "FOR," "AGAINST" or "ABSTAIN." If you "ABSTAIN," your shares will be counted for purposes of establishing a quorum, and the abstention will have the same effect as a vote "AGAINST." If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board ("FOR" all of ENGGlobal's nominees to the Board and in the discretion of the proxy holders on any other matters that properly come before the meeting).

Q: What vote is required to approve each proposal?

A: Proposal One: The five persons receiving the highest number of "FOR" votes at the Annual Meeting will be elected Directors. A properly executed proxy marked "WITHHELD" with respect to the election of one or more Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for purposes of determining whether there is a quorum. Abstentions and broker non-votes will have no legal effect on the election of Directors.

Proposal Two: The affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting is required to approve the amendment to the Articles of Incorporation.

Q: Can I vote on other matters?

A: The matters presented at an Annual Meeting are limited to those properly presented by the Board and those properly presented by stockholders. We have not received notice from any stockholder as to any matter to come before the Annual Meeting other than as set forth herein. If any other matter is presented at the Annual Meeting, your signed proxy gives Michael L. Burrow, P.E. and William A. Coskey, P.E., the proxy holders, authority to vote your shares.

Q: How does the Board recommend I vote on the proposals?

A: Unless you give other instructions on your proxy card, Michael L. Burrow, P.E. and William A. Coskey, P.E., the proxy holders, will vote in accordance with the recommendations of the Board. The Board recommends a vote FOR:

- o the election of the nominated slate of Directors; and
- o the amendment to the Restated Articles of Incorporation of ENGGlobal

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Corporation to eliminate the Series A Preferred Stock and all references as to its rights and privileges, and to authorize 2,000,000 shares of Preferred Stock, \$0.001 par value, with the Board of Directors' authority to determine the designations, preferences, limitations, restrictions, and other rights relating to such shares and to approve the issuance of such shares without further approval by stockholders.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our Board of Directors, or if no recommendation is given, in their own discretion.

- Q: What is the deadline for stockholder proposals for next year's Annual Meeting?
- A: For a stockholder proposal to be considered for inclusion in ENGlobal's proxy statement for the 2007 Annual Meeting, the written proposal must be received by the Secretary of ENGlobal at our principal executive offices no later than December 29, 2006. The proposal will need to comply with Securities and Exchange Commission regulations under Rule 14a-8 of the Securities Exchange Act of 1934 (the "Exchange Act") regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

If you intend to present a proposal at our 2007 Annual Meeting, but you do not intend to have it included in our 2007 proxy statement, your proposal must be delivered to the Secretary of ENGlobal no later than March 1, 2007. If the date of our 2007 Annual Meeting is more than 30 calendar days before or after the date of our 2006 Annual Meeting, your proposal must be delivered by the close of business on the tenth day following the day we publicly announce the date of the 2007 Annual Meeting.

- Q: Who can help answer my questions?
- A: If you have any questions about the Annual Meeting, how to vote or revoke your proxy, or if you need additional copies of this Proxy Statement or voting materials, you should contact Natalie Hairston, Chief Governance Officer and Corporate Secretary, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914, (281) 878-1000.
- Q: How can I receive future stockholder communications electronically?
- A: If you received your annual meeting materials by mail, we encourage you to conserve natural resources, as well as significantly reduce your company's printing and mailing costs, by signing up to receive your stockholder communications via e-mail. With electronic delivery, we will notify you via e-mail as soon as the annual report and the proxy statement are available on the Internet, and you can easily submit your stockholder votes online. Electronic delivery can also help reduce the number of bulky documents in your personal files and eliminate duplicate mailings. To sign up for electronic delivery, follow the instructions on your proxy card.
- Q: How do I get copies of the exhibits filed with ENGlobal's Form 10-K?
- A: A copy of ENGlobal's Annual Report for 2005, which contains ENGlobal's Form 10-K and consolidated financial statements, is being delivered to you with this Proxy Statement. ENGlobal will provide to any stockholder as of the record date, who so specifically requests in writing, copies of the exhibits filed with ENGlobal's Form 10-K for a reasonable fee. Requests for such copies should be directed to Corporate Secretary, ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914. In addition, copies of all exhibits filed electronically by ENGlobal may be reviewed and printed from the SEC's website at: www.sec.gov.

Remuneration of Directors

In December 2004, Compensation Committee recommended that, over the next two years, the Company implement a standard compensation arrangement for its independent Directors, Messrs. Gent, Hale, and Roussel, ("Non-employee Directors"). In 2005, the Non-employee Directors received a retainer in the amount of \$24,000 per year to Messrs. Gent and Roussel and \$26,000 per year to Mr. Hale, as the Audit Committee Chairman, both payable on a quarterly basis. In 2006, the retainers provided to the Non-employee Directors will increase to \$32,000 per year to Messrs. Gent and Roussel and \$36,000 per year to Mr. Hale, both payable on a quarterly basis. The Company believes the payments are necessary to retain the three Non-employee Directors and compensate the Chairman of the Audit Committee at a slightly higher rate, due to the extensive time and effort required of that position. The Company continues to reimburse its Non-employee Directors for out-of-pocket expenses incurred to attend Board and committee meetings. Non-employee Directors of the Company do not receive additional compensation for each Board meeting attended, nor do they receive additional compensation for each committee meeting attended.

Under the Company's 1998 Incentive Plan, Non-employee Directors are eligible to receive non-statutory stock options. In 2005, in recognition of the services provided by its Board of Directors, each Non-employee Director received options to acquire 50,000 shares of the Company's Common Stock at an exercise price equal to fair market value of the underlying Common Stock on the date of the grant. Stock options awarded to Non-employee Directors in 1999, 2000, and 2001 have five-year vesting periods, ten-year expiration dates, and were granted at an exercise price of \$1.25, \$1.00, and \$1.00, respectively. For years of service from 2002 to present, each Non-employee Director has received stock options as represented by the following table:

MEETINGS OF THE BOARD AND ITS COMMITTEES

Board Meetings

During 2005, ENGlocal held eight Board meetings. The Board has several committees, including the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Each Director attended at least 75% of all Board and applicable Committee meetings. Directors are encouraged to attend Annual Meetings of ENGlocal stockholders. All of the Directors attended the Annual Meeting of stockholders held on June 16, 2005.

Audit Committee

The Audit Committee assists the Board in fulfilling its responsibilities for general oversight of the integrity of ENGlocal's financial statements, ENGlocal's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, the performance of ENGlocal's internal audit function and independent auditors, and risk assessment and risk management. Among other matters, the Audit Committee (1) prepares the Audit Committee report for inclusion in the annual proxy statement; (2) annually reviews the Audit Committee charter and the Audit Committee's performance; (3) appoints, evaluates and determines the compensation of ENGlocal's independent auditors; (4) reviews and approves the scope of the annual audit, the audit fee and the financial statements; (5) reviews ENGlocal's disclosure controls and procedures, internal controls, information security policies, internal audit function, and corporate policies with respect to financial information and earnings guidance; (6) oversees investigations into complaints concerning financial matters; and (7) reviews other risks that may have a significant impact on ENGlocal's financial statements. The Audit Committee works closely with management as well as ENGlocal's independent auditors.

The Audit Committee works closely with management as well as our independent auditors. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from us, for the outside legal, accounting and other advisors that the Audit Committee deems necessary to carry out its duties.

Our Board of Directors has adopted an Audit Committee Charter meeting applicable standards of the SEC and AMEX. During fiscal year 2005, members of the Audit Committee included Messrs. Hale (Chairman), Gent, and Roussel, all of whom qualify as "independent Directors" as defined by the AMEX listing standards and SEC rules currently in effect. The Board of Directors has determined that Mr. Hale is qualified as an Audit Committee "financial expert" under Item 401(h) of Regulation S-K under the Exchange Act, and has the requisite accounting or related financial expertise required by applicable AMEX rules. The Audit Committee met on five occasions in 2005.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

A copy of our Audit Committee Charter is attached as Appendix A and available on the "Investor Relations" section of our website at www.englobal.com.

Compensation Committee

The Compensation Committee recommends cash and non-cash compensation for ENGglobal's Chief Executive Officer, President and Chief Financial Officer to the full Board and reviews and recommends stock options for award by ENGglobal to its Directors, officers, employees, and consultants. The Compensation Committee is also responsible for developing ENGglobal's executive compensation program. The Compensation Committee operates pursuant to a written charter, a copy of which is available on the "Investor Relations" section of our website. The Compensation Committee monitors and grants awards according to ENGglobal's executive compensation program and administers ENGglobal's 1998 Incentive Plan. Prior to its termination on December 31, 2005, the Compensation Committee also monitored our Employee Stock Purchase Plan. Employment agreements have been entered into with a number of our executive officers. See "Executive Compensation - Employment Agreements." During fiscal year 2005, members of the Compensation Committee, which met on five occasions, included Messrs. Roussel (Chairman), Gent, and Hale, all of whom qualify as "independent" Directors under applicable AMEX and SEC rules.

The Nominating and Corporate Governance Committee

The Board established the Nominating and Corporate Governance Committee in November 2002 to provide oversight on the broad range of issues surrounding the composition and operation of the Board, including identifying individuals qualified to become Board members, recommending to the Board Director nominees for the next Annual Meeting, and recommending to the Board and overseeing the implementation of corporate governance guidelines. The Nominating and Corporate Governance Committee also provides assistance to the Board in the areas of committee membership selection, evaluation of the effectiveness of the Board and management, and ongoing consideration of developments in corporate governance practices. The Nominating and Corporate Governance Committee operates pursuant to a written charter, a copy of which is available on the "Investor Relations" section of our website. The Nominating and Corporate Governance Committee's goal is to assure that the composition, practices, and operation of the Board contribute to value creation for and effective representation of ENGglobal's stockholders. During 2005, the Nominating and Corporate Governance Committee consisted of Messrs. Gent (Chairman), Hale, and Roussel and met on one occasion. The Board has determined that each of the members of the Nominating and Corporate Governance Committee is "independent" under applicable AMEX and SEC rules.

CORPORATE GOVERNANCE

We believe that good corporate governance helps to ensure that the Company is managed for the long-term benefit of our stockholders. During the past year, we continued to review our corporate governance policies and practices, the new and proposed corporate governance rules and regulations of the SEC and the listing standards of AMEX, the stock exchange on which our shares of Common Stock are traded.

In June 2005, the Board of Directors separated the roles of Chairman and Chief Executive Officer at its Annual Organizational Board Meeting, held after the 2005 Annual Meeting of Stockholders. The Board unanimously appointed William A. Coskey, P.E. as Chairman of the Board. Michael L. Burrow, P.E. continues to serve as Chief Executive Officer and assumed the position of President from Mr.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Coskey. Mr. Coskey assumed the role of Chairman from Mr. Burrow and retained his merger and acquisition responsibilities, as well as his other current duties within the Company. The decision to separate the roles of Chairman and Chief Executive Officer is part of our ongoing efforts to follow best practices in corporate governance.

In 2005, we reviewed our Audit Committee and Compensation Committee Charters, Corporate Code of Conduct, and other policies and procedures required by applicable law or AMEX listing standards. You can access and print these documents from the "Investor Relations" section of our website at www.englobal.com or you can request copies at no cost by writing us at ENGlobal Corporation 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Investor Relations.

Corporate Code of Conduct

The Company has adopted a Corporate Code of Conduct that applies to all of the Company's Directors, officers and employees in accordance with AMEX. The purpose and role of this code is to focus our officers, Directors, and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct, and help enhance and formalize our culture of integrity, honesty and accountability. For the purpose of satisfying the disclosure requirement under Item 5.05 of Form 8-K, we will post on the "Investor Relations" section of our website at www.englobal.com any amendments to this code, as well as any waivers of any provision of this code made for the benefit of the Company's senior executive officers or Directors.

The Company also has a Code of Ethics applicable to the CEO and certain senior financial officers of the Company that complies with Item 406 of Regulation S-K of the Securities Exchange Act of 1934 and with applicable AMEX rules. As discussed above, we will disclose on our website waivers of or amendments to the Code of Ethics granted to the CEO or certain senior financial officers to the SEC.

Director Independence

The Board has determined that no Director has a relationship which, in the opinion of the Board, would interfere with the exercise of his independent judgment in carrying out the responsibilities of a Director, and that all Directors, except Messrs. Burrow and Coskey, meet the criteria for independence under the AMEX listing standards. The Board has also determined that the members of each of its committees, including the Audit Committee, meet the criteria for membership applicable to each committee under the AMEX listing standards and applicable SEC rules and regulations.

Executive Sessions; Lead Director

In 2005, the Company held one executive session of its Non-employee Directors. Any non-management Director can request that an executive session be scheduled. Mr. Gent has served as the Company's lead independent Director since 2004, and was re-elected in 2005.

Consideration of Director Nominees

Stockholder Nominees

The independent Directors will carefully consider all qualified Director candidates, whether such candidates are recommended by a stockholder or otherwise. Any stockholders wishing to recommend a Director candidate for the

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

2007 Annual Meeting of Stockholders should submit their nomination before December 29, 2006 to ENGGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Nominations should include the following information in order to facilitate the independent Directors' review and consideration:

12

- o The name, telephone number and address of the recommending stockholder;
- o The name, age, business address and residence of the Director candidate;
- o The principal occupation or employment of the Director candidate for the past five years;
- o A description of the Director candidate's qualifications to serve as a Director, including financial expertise and why the candidate qualifies or does not qualify as "independent" under the AMEX listing standards;
- o The number of shares of the Company's Common Stock beneficially owned by the Director candidate, if any;
- o A description of any arrangements or understandings between the recommending stockholder and the Director candidate, if any, or any other person for whom the recommending stockholder is making the recommendation; and
- o Whether or not the recommending stockholder and the Director candidate consent to being named in the Company's proxy statement with respect to disclosures regarding the nomination process.

No candidate for election to our Board has been recommended within the preceding year by a beneficial owner of 5% or more of our Common Stock.

Director Qualifications

The Nominating and Corporate Governance Committee establishes criteria for selecting new members of the Board. The Board as a whole should reflect a range of skills, knowledge and experience in areas of importance to the Company. Directors must be committed to upholding the highest standards of personal and professional integrity and to representing the interests of all stockholders, not particular stockholder constituencies. The Nominating and Corporate Governance Committee places no specific restrictions on the number of terms Directors may serve or other Boards on which a Director may sit, but Directors must possess sufficient time and energy to carry out their duties effectively. A majority of Directors must be "independent" under the AMEX listing standards. No Director will qualify as "independent" unless the Board affirmatively determines that the Director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In determining whether a Director is independent, the Board will broadly consider all relevant facts and circumstances.

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for Director. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates for Director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, stockholders or other persons. These candidates will be evaluated at regular or special meetings of

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee will consider properly submitted stockholder nominations for candidates for the Board. In evaluating nominations, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

13

Communications with the Board

Stockholders may communicate with the Board, Board committees, Non-employee Directors as a group and individual Directors by submitting their communications in writing to ENGGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Any communication must contain:

- o a representation that the stockholder is a holder of record of our capital stock;
- o the name and address, as they appear on our books, of the stockholder sending the communication; and
- o the number of shares of our capital stock that are beneficially owned by such stockholder.

ENGGlobal's Corporate Secretary will distribute such communications to the intended recipient upon receipt, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding the communication.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The information contained in this Report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or to be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

In accordance with its written charter, which was approved in its current form by the Board of Directors on March 28, 2006, the Audit Committee assists the Board in, among other things, oversight of our financial reporting process, including the effectiveness of our internal accounting and financial controls and procedures, and controls over the accounting, auditing, and financial reporting practices. A copy of the Audit Committee Charter is attached as Appendix A and is available on our website at www.englobal.com.

Our Board of Directors has determined that all three members of the Committee are independent based upon the standards adopted by the Board, which incorporate the independence requirements under applicable laws, rules and regulations.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, our system of internal controls, and procedures designed to insure compliance with accounting standards and applicable laws and regulations. Our independent auditors are responsible for auditing the financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. The

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and we are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

14

During fiscal 2005, the Audit Committee had five meetings. The Audit Committee's regular meetings were conducted so as to encourage communication among the members of the Audit Committee, management, and our independent auditors, Hein & Associates, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2005 with management and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to Hein & Associates for audit and non-audit services. The Audit Committee concluded that the provision of services by Hein & Associates is compatible with the maintenance of Hein & Associates' independence.

At all of its meetings during 2005, the Audit Committee met with members of senior management and the independent auditors to review the certifications provided by the Chief Executive Officer and Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and the overall certification process. At these meetings, Company officers reviewed each of the Sarbanes-Oxley certification requirements concerning internal control over financial reporting and any fraud, whether or not material, involving management or other employees with a significant role in internal control over financial reporting.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC.

COMPENSATION COMMITTEE
REPORT ON EXECUTIVE COMPENSATION

The information contained in this Compensation Committee Report shall not be deemed to be "soliciting material" or to be "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or to be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

15

The Compensation Committee of the Board determined the compensation of the Chief Executive Officer, President, and Chief Financial Officer for the years in question. The Compensation Committee has furnished the following report on executive compensation in connection with the Annual Meeting:

Compensation Philosophy

As members of the Compensation Committee, it is our duty to administer the executive compensation program for ENGGlobal. The Compensation Committee is responsible for establishing appropriate compensation goals for the executive officers of ENGGlobal, evaluating the performance of the executive officers in meeting their goals and making recommendations to the Board with regard to executive compensation. ENGGlobal's compensation philosophy is to ensure that executive compensation be directly linked to continuous improvements in corporate performance, achievement of specific operational, financial and strategic objectives, and increases in stockholder value. The Compensation Committee regularly reviews the compensation packages of ENGGlobal's executive officers, taking into account factors which it considers relevant, such as business conditions within and outside the industry, ENGGlobal's financial performance, the market composition for executives of similar background and experience, and the performance of the executive officer under consideration. The particular elements of ENGGlobal's compensation programs for executive officers are described below.

Compensation Structure

The base compensation for the executive officers is intended to be competitive with that paid in comparable situated industries, taking into account the scope of responsibilities. The goals of the Compensation Committee in establishing ENGGlobal's executive compensation program are:

- o to compensate the executive officers of ENGGlobal fairly for their contributions to ENGGlobal's short, medium and long-term performance; and
- o to allow ENGGlobal to attract, motivate and retain the management personnel necessary to ENGGlobal's success by providing an executive compensation program comparable to that offered by companies with which ENGGlobal competes for management personnel.

The elements of ENGGlobal's executive compensation program are annual base salaries, annual bonuses and equity incentives. The Compensation Committee bases its decisions on the scope of the executive's responsibilities, a subjective evaluation of the executive's performance and the length of time the executive has been in the position.

The base salary level for each officer is determined by taking into account

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

individual experience, individual performance, individual potential, cost of living considerations and specific issues particular to ENGGlobal. Base salary level for executive officers of other publicly owned, similar sized engineering companies are taken into consideration in setting an appropriate base salary for the executive officers of ENGGlobal. The base level established for each executive officer is considered by the Compensation Committee to be competitive and reasonable.

The Compensation Committee monitors the base salary levels and the various incentives of the executive officers of ENGGlobal to ensure that overall compensation is consistent with ENGGlobal's objectives and remains competitive within the area of ENGGlobal's operations. In setting the goals and measuring an executive's performance against those goals, ENGGlobal considers the performance of (i) its competitors, (ii) its acquisitions, and (iii) the executives who manage those acquisitions, as well as general economic and market conditions.

16

None of the factors included in ENGGlobal's strategic and business goals are assigned a specific weight. Instead, the Compensation Committee recognizes that the relative importance of these factors may change in order to adapt ENGGlobal's operations to specific business challenges and to reflect changing economic and marketplace conditions.

Incentive Compensation

The annual compensation of the executive officers of ENGGlobal consists of a base salary and an annual bonus. The annual bonus awarded to the executive officers pursuant to the Company's Executive Level Incentive Plan is based on the financial performance of the Company. In 2005, the Company contributed \$100,000 to the bonus pool if the Company's earnings per share equals or exceeds earnings per share in the immediately preceding calendar year. An additional amount, based on a pre-determined calculation, will be added to the bonus pool if the Company's earnings per share is more than 20% higher than earnings per share in the immediately preceding calendar year. The amount of the annual bonus is divided 40%, 30%, and 30% among the President and CEO, Chairman and Chief Financial Officer, respectively. The maximum allowable bonus is equal to the executive's annual salary. Effective January 1, 2006, the Board of Directors' increased the maximum allowable incentive bonus to one and a half times the executive's annual salary. A copy of the Executive Level Incentive Plan was previously filed with the Securities and Exchange Commission as Exhibit 10.1 to the Company's Form 8-K dated December 21, 2004.

Stock Option Plan

Stock options are the primary source of long-term incentive compensation for the executive officers and Directors of ENGGlobal. Each of the executive officers and Directors of ENGGlobal are eligible to participate in the 1998 Incentive Plan. As of December 31, 2005, there were 1,488,904 options outstanding under the 1998 Incentive Plan, 410,108 of which are held by executive officers of ENGGlobal. In addition, 509,260 options were available for issuance under the 1998 Incentive Plan as of December 31, 2005. During 2005, no stock options were granted by the Company to the executive officers. However, certain executive officers received options to purchase Company common stock from Alliance 2000, Ltd. ("Alliance"), a Texas limited partnership. See Footnote 2 under "Beneficial Ownership of Certain Stockholders, Directors, Nominees, and Executive Officers" for additional information regarding Alliance.

Compensation of the Chief Executive Officer

In reviewing the 2005 compensation of Mr. Burrow, the Chief Executive

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Officer of ENGglobal, the Compensation Committee undertook the same evaluation set forth above with respect to all executive officers. In addition, the Compensation Committee reviewed Mr. Burrow's compensation history, executive compensation survey data and comparative performance information. Upon recommendation by the Compensation Committee, the Board of Directors of ENGglobal set Mr. Burrow's salary at \$275,000 per annum, effective January 1, 2005. In addition, in recognition of both Mr. Burrow's and ENGglobal's performance in 2005 and based on the criteria discussed above with respect to incentive compensation, the Compensation Committee recommended and the Board of Directors approved a bonus of \$275,000 for Mr. Burrow. The Compensation Committee believes that Mr. Burrow's total compensation is reasonable and competitive based on comparative performance information and the overall performance of ENGglobal.

Executive Compensation Deductibility

ENGglobal intends that amounts paid under ENGglobal's compensation plans generally will be deductible compensation expenses. The Compensation Committee does not currently anticipate that the amount of compensation paid to executive officers will exceed the amounts specified as deductible according to Section 162(m) of the Internal Revenue Code of 1986, as amended, (the "Tax Code").

17

Compensation Committee Interlocks and Insider Participation

No executive officer or Director of ENGglobal serves as an executive officer, Director, or member of a compensation committee of any other entity, for which an executive officer, Director, or member of such entity is a member of the Board or the Compensation Committee of the Board. There are no other interlocks.

Key Man Insurance

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

The Company does not carry insurance on the life of its key executive officers. Messrs. Burrow and Coskey are key executives of the Company and the loss of their services could adversely affect the Company's business.

Employment Agreements

The Company has entered into employment agreements with officers of the Company or its subsidiaries. The employment agreements are for three or four-year terms unless extended by the Company pursuant to certain terms in the agreements. In October 2004, the Company extended certain agreements for an additional one-year period, and in December 2005, the Company began to actively renegotiate certain agreements with key executives. Such agreements provide for minimum annual base salary levels and other compensation which may be in the form of cash bonuses, incentive compensation, stock options, stock appreciation rights, and restricted stock awards, in each case clarifying what is granted per the agreement and what is subject to approval at the Board of Directors' discretion. At December 21, 2005, employment agreements between the Company and the Named Executive Officers expired. As of December 31, 2005, these agreements had not been renewed, but continue to be negotiated. The Named Executive Officers have agreed to continue their employment with the Company without employment agreements.

Some agreements also provide for severance payments and benefits in the case of termination of employment. If employment ends because of death, generally salary is paid for three months. In the case of disability, salary and benefits are generally maintained by the Company on behalf of the executive for up to six months of disability and for a period of six months following the date of termination. At the option of the Company, severance payments and benefits may be extended for an additional six-month period following the initial severance period. Additionally, health and life insurance benefits are paid in accordance with the terms of the Company's benefit plans.

If the Company terminates the executive's employment for "cause," as defined in the employment agreements, the Company will pay any accrued but unpaid salary, expenses required to be reimbursed, vacation and any earned but unpaid bonuses for prior periods. Company benefits will be paid in accordance with the terms of the Company's benefit plans and all unvested options or other awards will be cancelled in accordance with conditions defined in the Company's Incentive Plan.

19

If the Company terminates the executive's employment without "cause," as defined in the employment agreements, the Company will continue to pay the executive for a period of six months following the date of termination and at the option of the Company, severance payment and benefits may be extended for an additional six-month period following the initial severance period.

The employment agreements also include covenants not to compete for a six-month to three-year period following termination of employment depending on basis for termination (but not on the expiration of those agreements), as well as confidentiality provisions as are customary, in nature and scope, for such agreements.

1998 Incentive Plan

The Company's 1998 Incentive Plan provides for the grant to employees, including officers of ENGLOBAL, of incentive stock options, non-statutory stock options, stock appreciation rights and restricted stock. In addition, Non-employee Directors and consultants are eligible to receive non-statutory

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

stock options. The Company is authorized to issue a total of 2,650,000 shares of Common Stock under the 1998 Incentive Plan. As of December 31, 2005, 1,488,904 of the 2,650,000 authorized options were issued and remained outstanding under the Plan, with 509,260 options available for issuance under the 1998 Incentive Plan as of December 31, 2005.

401(k) Plans

In December 2003, the Company terminated the Industrial Data Systems 401(k) Plan and permitted all employees to participate in the ENGGlobal Corporation 401(k) Plan (formerly called the Petrocon Engineering, Inc. 401(k) Plan). The Company is in the process of finalizing that action by making filings with the IRS and believes that these actions will be completed without any material liability to the Company.

For the fiscal year 2005, the Company makes mandatory matching contributions to the ENGGlobal Corporation 401(k) Plan equal to 50% of regular employee contributions up to 4% of employee compensation, and all other employees are matched at 25% of employee contributions up to 4% of compensation, as defined in the 401(k) Plan. Other discretionary contributions made by the Company are determined by the Board of Directors. The employees may elect to make contributions pursuant to a salary reduction agreement upon meeting age and length-of-service requirements. The Company made contributions of approximately \$401,000, \$222,000, and \$144,000, for the years ended December 31, 2005, 2004, and 2003, respectively.

Effective April 1, 2006, the Company increased its matching contributions to the ENGGlobal Corporation 401(k) Plan to 50% of regular employee contributions up to 6% of employee compensation, and for all other employees, to 33.33% of employee contributions up to 6% of compensation, as defined in the 401(k) Plan.

Incentive Bonus Plan

Effective January 1, 2002, the Company approved an incentive bonus plan (the "Incentive Bonus Plan") primarily intended to reward key management and other major contributors to ENGGlobal's profitability. The Incentive Bonus Plan was restricted to regular full time employees of ENGGlobal or its subsidiaries. Participation in the plan was determined at the discretion of the CEO and President of ENGGlobal, and subject to Audit Committee approval. The addition of, or removal of, participants to the plan required the joint consent of both the CEO and President of ENGGlobal. An incentive bonus pool was calculated quarterly following the completion of the review or audit of ENGGlobal's financial results. The incentive bonus pool available for distribution was calculated in two parts: (1) 15% of ENGGlobal's consolidated net profit before tax, less accrued dividends on preferred shares ("ENGGlobal Profit") that exceeded 2% of consolidated total revenue, added to (2) 5% of ENGGlobal profit that exceeded 4% of consolidated total revenue. Any cumulative losses in ENGGlobal profit in prior quarters were subtracted from ENGGlobal profit for the current quarter before performing the above calculation.

Incentive bonuses under the plan were paid only to those employees who were employed on a regular full time basis on the last day of each calendar quarter. Each participant's share of the incentive bonus pool was determined by taking that participant's annual salary divided by the total annual salary of all participants in the plan. Participation in the plan replaced any and all prior bonus, commission or incentive agreements, written or verbal, in which the participants may have been a part. Termination from employment with ENGGlobal or its subsidiaries for any reason, either voluntary or involuntary, immediately disqualified an individual from receiving currently payable incentive bonus

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

amounts or any future payments under the plan.

In December 2004, the Incentive Bonus Plan was replaced with the Key Manager and Executive Level Incentive Plans described below.

Key Manager and Executive Level Incentive Plans

The Company's Board of Directors adopted the ENGGlobal Corporation Key Manager Incentive Plan and the ENGGlobal Corporation Executive Level Incentive Plan in December 2004. The Key Manager Incentive Plan was established to provide certain key management personnel (other than the executives eligible for the Executive Level Incentive Plan) with cash bonuses as a reward for performance above the ordinary standards compensated by base salary. The amount of bonus paid to participants is based on evaluations provided by immediate managers and the Company's Chief Executive Officer. The Executive Level Incentive Plan was established to provide financial incentives to certain executive and senior officers based on the Company's performance as evidenced by annual earnings per share. Copies of the Key Manager Incentive Plan and Executive Level Incentive Plan approved by the Board of Directors are on file with the Securities and Exchange Commission as Exhibits 10.1 and 10.2, respectively, to the Company's Form 8-K dated December 21, 2004.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors has adopted a policy requiring that all transactions between the Company and its officers, Directors, principal stockholders and their affiliates be on terms no less favorable to the Company than could be obtained from unrelated third parties and that any such transactions be approved by a majority of the disinterested members of the Company's Board. The Company's Audit Committee is responsible for the review and assessment of all related party transactions.

21

Until September 2005, the Company leased approximately 14,000 square feet of office space in Beaumont, Texas ("Executive II") from a joint venture owned one-third by each of: (1) ENGGlobal Engineering, Inc., (2) Michael L. Burrow, the Company's President and Chief Executive Officer, and (3) a stockholder of the Company who owns less than 1% of the Company's stock. Upon its review of comparable lease rates in the area, the Committee believed that this lease is at a commercially reasonable rental rate. In September 2005, Hurricane Rita destroyed a significant portion of the Executive II building in Beaumont, Texas. Shortly thereafter, the insurance company deemed the building inhabitable and a decision is pending as to whether the building will be demolished or rebuilt. The Company has not paid rental expenses under this lease since September 2005.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, Directors, executive officers and persons holding more than 10% of Common Stock must report their initial ownership of Common Stock and any changes in that ownership to the SEC. The SEC has designated specific due dates for such reports and ENGglobal must identify in this Proxy Statement those persons who did not file such reports when due.

Based solely upon a review of Forms 3 and 4 and any amendments furnished to ENGglobal during our fiscal year ended December 31, 2005, and Forms 5 and any amendments furnished to ENGglobal with respect to the same fiscal year, we believe that our Directors, officers, and greater than 10% beneficial owners complied with all applicable Section 16 filing requirements, except for the following: (1) on December 13, 2005, Mr. Raiford filed a Form 4 representing 22 sales totaling 154,462 shares between the prices of \$6.27 and \$6.59 from December 6, 2005 to December 9, 2005; and (2) on December 27, 2005, Mr. Raiford filed a Form 4 representing 20 sales totaling 32,419 shares between the prices of \$6.50 and \$7.34 from December 9, 2005 to December 15, 2005.

PRINCIPAL AUDITOR FEES AND SERVICES

The Audit Committee has appointed Hein & Associates, LLP as ENGglobal's independent auditors for the fiscal year ending December 31, 2006. Representatives of Hein & Associates are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The following table shows the fees paid or accrued by ENGglobal for the audit and other services provided by Hein & Associates for fiscal 2005 and 2004.

All Other Fees	13,757	18,012

	=====	=====

As defined by the SEC, (i) "audit fees" are fees for professional services rendered by the company's principal accountant for the audit of the company's annual financial statements and review of financial statements included in the company's Form 10-Q, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) "audit-related fees" are fees for assurance and related services by the company's principal accountant that are reasonably related to the performance of the audit or review of the company's financial statements and are not reported under "audit fees;" (iii) "tax fees" are fees for professional services rendered by the company's principal accountant for tax compliance, tax advice, and tax planning; and (iv) "all other fees" are fees for products and services provided by the company's principal accountant, other than the services reported under "audit fees," "audit-related fees," and "tax fees."

Under applicable SEC rules, except for the ability to designate a portion of this responsibility as described below, the full Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditors in order to ensure that they do not impair the auditors' independence from ENGLOBAL. The Audit Committee may delegate pre-approval authority to a member of the Audit Committee and if it does, the decisions of that member must be presented to the full Audit Committee at its next scheduled meeting. The SEC's rules specify the types of non-audit services that an independent auditor may not provide to its audit client and establish the Audit Committee's responsibility for administration of the engagement of the independent auditors.

Consistent with the SEC's rules, the Audit Committee Charter requires that the Audit Committee review and pre-approve all audit services and permitted non-audit services provided by the independent auditors to ENGLOBAL or any of its subsidiaries, except that the Audit Committee Chairman has the right to approve up to \$25,000 of services in any year.

PROPOSAL TWO: AMENDMENT TO THE COMPANY'S RESTATED ARTICLES OF INCORPORATION

On March 28, 2006, the Board of Directors adopted a resolution unanimously approving, and recommending to the Company's stockholders for their approval, an amendment to our Restated Articles of Incorporation ("Articles") to amend the existing Article Fourth, which provides for 5,000,000 shares of Series A Preferred Stock, par value \$0.001 per share (the "Series A Preferred Stock"). The proposal eliminates all references to Series A Preferred Stock. The new Article Fourth provides our Board of Directors the ability to authorize, from time to time, the issuance of shares, and to determine the designations, preferences, limitations and relative or other rights, with "blank check" authority vested in the Board of Directors (the "Preferred Stock Amendment"). The following discussion is qualified in its entirety by reference to the text of the proposed Preferred Stock Amendment attached to this Proxy Statement as Appendix B.

The Articles currently authorize the issuance of 5,000,000 shares of Series A Preferred Stock, none of which are outstanding. We issued the Series A

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Preferred Stock in connection with a merger transaction in 2001, and the shares that were issued and outstanding were converted into shares of our Common Stock in August 2003. In conjunction with the elimination of the Series A Preferred Stock, Exhibit A, Certificate of Designation, Preferences and Rights of the Terms of the Series A Preferred Stock, to the Articles will be deleted.

General

The new Article Fourth authorizes a new class of capital stock of the Company, consisting of 2,000,000 shares of Preferred Stock, par value \$0.001 per share (the "Preferred Stock"). If the Preferred Stock Amendment is approved by the Company's stockholders, the Board of Directors will have the authority to approve the issuance of all or any shares of the Preferred Stock in one or more series, to determine the number of shares constituting any series and to determine any voting powers, conversion rights, dividend rights, and other designations, preferences, limitations, restrictions and rights relating to such shares without any further action by the stockholders. The designations, preferences, limitations, restrictions and rights of any series of Preferred Stock designated by the Board of Directors will be set forth in an amendment to the Amended and Restated Articles of Incorporation ("Amended Articles") filed in accordance with Nevada law.

Blank Check Authority

The Preferred Stock is referred to as a "blank check" because the Board of Directors, in their discretion, will be authorized to provide for the issuance of all or any shares of the stock in one or more classes or series, specifying the terms of the shares, subject to the limitations of Nevada law. The Board of Directors would make a determination as to whether to approve the terms and issuance of any shares of Preferred Stock based on its judgment as to the best interests of the Company and its stockholders. See "Terms of Possible Preferred Stock Issuances" below.

Reason for the Authorization of "Blank Check" Preferred Stock. The reason for authorizing blank check Preferred Stock is to provide the Company with the flexibility in connection with its future growth. Although the Company presently has no intentions of issuing shares of Preferred Stock, opportunities may arise that require the Board to act quickly, such as businesses becoming available for acquisition or favorable market conditions for the sale of a particular type of Preferred Stock. The Board believes that the authorization to issue Preferred Stock is advisable in order to enhance the Company's ability to respond to these and similar opportunities.

26

Possible Events Triggering Issuances of Preferred Stock

The Board of Directors believes the authorization of the Preferred Stock is advisable and in the best interests of the Company and its stockholders in order to facilitate the Company's ability, if and when necessary, to pursue corporate opportunities, including, but not limited to:

- | | |
|---|-----------------------------|
| o mergers; | o financing transactions; |
| o acquisitions of assets and businesses; | o joint ventures; |
| o raising capital; | o strategic alliances; and |
| o paying stock dividends on equity to be issued in the future (instead of paying interest on debt); | o other corporate purposes. |

If the Proposal is approved, the Board of Directors will have the ability to issue Preferred Stock without the delay and expenses inherent in holding a

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

special stockholders' meeting each time an opportunity requiring the issuance of shares of Preferred Stock may arise. We believe that this could permit the Company to react more quickly to corporate business opportunities should they become available.

Terms of Future Preferred Stock Issuances

While the Company may consider issuing Preferred Stock in the future, the Company has no immediate plans, arrangements, commitments or understandings with any person to effect issuance of any of the Preferred Stock that would be authorized by the proposed Preferred Stock Amendment, and it is possible that the Company will never issue any Preferred Stock. Therefore, the specific terms of any Preferred Stock subject to this proposal or the specific instances of its future issuance cannot be stated.

However, it is likely that the terms and conditions of any Preferred Stock, as designated in the Amended Articles, would include preferences and rights superior to those of the holders of Common Stock. Such terms might include, (1) special voting rights, (2) special conversion rights, and (3) redemption or other rights which may, among other things, provide the holders of Preferred Stock with, (i) a disproportionate share of earnings distributed by way of dividends or of the proceeds of a sale or liquidation of the Company, and (ii) disproportionate rights of approval, compared to those of the holders of Common Stock, with respect to certain kinds of transactions.

The authority of the Board with respect to each class or series will include, without limitation, the right to determine:

1. Redemption price or prices and timing;
2. Dividend rates (which may be cumulative or non-cumulative), conditions, and timing, as well as preferences in relation to the dividends payable on any other class or series;
3. Rights upon the dissolution, or upon any distribution of the assets, of the Company;
4. Conversion or exchange rights, including the price or prices and rates of conversion or exchange and adjustments;
5. Limitations on the issuance of additional shares of such class or series, or shares of any other class or series of Preferred Stock;
6. Voting rights; and
7. Other preferences, powers, qualifications, rights and privileges, all as the Board of Directors may deem advisable and as are not inconsistent with law and the provisions of the Amended Articles.

27

Notwithstanding the above actions, the exact terms of the class or series of Preferred Stock will be determined by the Board of Directors at the time of issuance without further action by the stockholders, as permitted by Nevada law, except as may be required for a particular transaction by applicable law or regulation, including, but not limited to, Securities and Exchange Commission rules or regulations or the listing regulations of the American Stock Exchange.

Possible Anti-Takeover Effects of the Proposal

The authorization of "blank check" Preferred Stock may operate to provide anti-takeover protection for the Company. Subject to its fiduciary duties, in the event of a proposed merger, tender offer or other attempt to gain control of the Company that the Board of Directors does not believe is in the best interests of the Company or its shareholders, the Board will have the ability to quickly issue shares of Preferred Stock with certain rights, preferences and limitations that make the proposed takeover attempt more difficult to complete.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

We have not proposed the blank check authority with the intention of using the Preferred Stock for anti-takeover purposes, although we could theoretically use the Preferred Stock to make it more difficult or to discourage an attempt to acquire control of the Company. The Preferred Stock Amendment is not being proposed as a means of preventing or dissuading a change in control or takeover of the Company, but it may have the effect of discouraging a challenge for control or making it less likely that such a challenge, if attempted, would be successful. Proposal Two is not in response to any attempt to acquire control of the Company, nor is the Company aware of any such attempt.

The authorization to issue Preferred Stock may also benefit present management. A potential acquiror may be discouraged from attempting a takeover because the Board possesses the authority, when consistent with its fiduciary duties to issue Preferred Stock. Thus, management may be able to retain its position more easily. The Board, however, does not intend to issue any Preferred Stock except on terms that the Board of Directors deems to be in the best interest of the Company and its shareholders. Proposal Two is not an effort by management of the Company to make it more difficult to replace incumbent management.

Blank check Preferred Stock may also be used, subject to applicable fiduciary duties, in connection with anti-takeover measures, such as (i) a stockholder rights plan, also known as a "poison pill" plan, or (ii) the issuance to purchasers supporting the Board of Directors in opposing a specific takeover proposal, which could delay or prevent a change of control of the Company by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change of control of the Company. Proposal Two is not part of a plan by the Company to adopt a series of anti-takeover measures, nor does the Company have any present intention of proposing the adoption of anti-takeover measures in the future.

Possible Adverse Effects of the Proposal

The issuance of Preferred Stock may have certain adverse effects upon our current holders of Common Stock. The issuance of Preferred Stock with disproportionately high voting rights generally or with respect to particular matters will adversely affect the voting power of holders of Common Stock. Further, a class or series of Preferred Stock convertible into or redeemable for Common Stock may be issued by the Board of Directors. The issuance of Common Stock upon the right to convert the Preferred Stock will increase the number of shares of Common Stock outstanding when calculated on a fully diluted basis, diluting the percentage ownership of existing shareholders. The issuance of Common Stock upon a conversion may also dilute book value per share and/or earnings per share. Holders of our stock will not have pre-emptive rights with respect to the Preferred Stock or Common Stock issued upon the conversion of shares of Preferred Stock. Finally, shares of Preferred Stock generally have preferences over Common Stock with respect to dividend rights and distributions in the event of liquidation. As a result, holders of our Common Stock may not receive any dividends or distributions in the event of liquidation until satisfaction of any dividend or liquidation preference granted to holders of Preferred Stock.

28

The Board of Directors does not believe that the approval of this proposal will have an anti-takeover effect and that the financial flexibility afforded by the Preferred Stock Amendment outweighs any potential disadvantages.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote and represented at the annual meeting is required for the adoption of the Amended Articles. If approved, Proposal Two

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

will become effective upon the filing of the Amended Articles with the Secretary of State of Nevada and acceptance thereof, which is expected to occur as soon as practicable following the Annual Meeting of Stockholders.

Recommendation of the Board

The Board recommends that stockholders vote FOR the amendment to the Restated Articles of Incorporation.

ENGLOBAL CORPORATION AUDIT COMMITTEE CHARTER

General

The Committee's purpose is to oversee the accounting and financial reporting processes of the Corporation and the audits of the financial statements of the Corporation. The Committee shall oversee the audit efforts of the Corporation's independent accountants and any internal auditors employed by the Corporation and, in that regard, shall take such actions as it may deem necessary to satisfy itself that the Corporation's auditors are independent of management. It is the objective of the Committee to maintain free and open means of communications among the Board, the independent accountants, any internal auditors employed by the Corporation, and the financial and senior management of the Corporation.

Composition

The Audit Committee shall consist of three or more Directors as determined by the Board, each of whom is determined by the Board to be "independent" under Section 10A(m)(3) of the Securities Exchange Act of 1934, the rules of the American Stock Exchange, and the rules and regulations of the SEC.

All members of the Committee shall be financially literate at the time of their election to the Committee or shall become financially literate within a reasonable period of time after their appointment to the Committee. "Financial literacy" shall be determined by the Board in the exercise of its business judgment, and shall include a working familiarity with basic finance and accounting practices. At a minimum, all members of the Committee must be able to read and understand fundamental financial statements, including the Corporation's balance sheet, income statement, and cash flow statement or become able to do so within a reasonable period of time after his or her appointment to the Committee. At least one member of the Committee must be a financial expert as such term is defined by the SEC. Committee members, are encouraged to enhance

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

their understanding of finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant or firm.

The members of the Committee are to be elected by the Board upon the recommendation of the Nominating/Corporate Governance Committee and shall serve until their successors are duly elected and qualified. Unless a Chair is elected by the full Board upon the recommendation of the Nominating/Corporate Governance Committee, the members of the Committee may designate a Chair by majority vote of the full Committee membership. The Chair will chair all regular sessions of the Audit Committee and set the agenda for Audit Committee Meetings.

Meetings

The Committee shall hold regular meetings as may be necessary, but no less than once per quarter, and special meetings as may be called by the Chairman of the Committee. As part of its job to foster open communication, the Committee should meet regularly with each of management, the principal internal auditor of the Corporation, and the independent accountants in separate executive sessions to discuss any matters that the Committee or either of these groups believe should be discussed privately. In addition, the Committee or its Chair should meet with the independent accountants and management quarterly to review the Corporation's financial statements.

The presence in person or by telephone of a majority of the Committee's members shall constitute a quorum for any meeting of the Committee. All actions of the Committee will require the vote of a majority of its members present at a meeting of the Committee at which a quorum is present.

The Committee Chairman should consult with management in the process of establishing agendas for Committee meetings.

The Committee shall maintain and submit to the Board copies of minutes of each meeting of the Committee, and each written consent to action taken without a meeting, reflecting the actions so authorized or taken by the Committee since the preceding meeting of the Board. A copy of the minutes of each meeting shall be placed in the Corporation's minute book.

A-1

Relationship with Independent Accountants

The Committee will be responsible for resolving any disputes between the independent accountants and the Corporation's management.
