NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [*Continued*]

Cash and Cash Equivalents - The Company considers all highly liquid debt investments purchased with a maturity of three months or less to be cash equivalents.

Accounts and Loans Receivable - The Company records accounts and loans receivable at the lower of cost or fair value. The Company determines the lower of cost or fair value of non-mortgage loans on an individual asset basis. The Company recognizes interest income on a loan receivable based on the stated interest rate over the term of the loan. The Company records interest income on delinquent accounts and loans receivable only when payment is received. The Company first applies payments received on delinquent accounts and loans receivable to eliminate the outstanding principal. The Company charges off uncollectible accounts and loans receivable when management estimates no possibility of collecting the related receivable. Property and Equipment - Property and equipment are stated at cost. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized upon being placed in service. Expenditures for maintenance and repairs are charged to expense as incurred. Depreciation is computed using the

straight-line method over the estimated useful lives of the assets of five to ten years. In accordance with Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, the Company periodically reviews its property and equipment for impairment. The Company did not incur any planning costs and did not record any research and development costs for the six months ended June 30, 2004 and 2003.

AMERICAN HOSPITAL RESOURCES, INC.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [Continued]

Revenue Recognition - The Company plans to generate revenue from the retail sale of medications as a closed-door pharmacy. Revenue from pharmacy sales will be recognized upon shipment of the product. All sales are expected to be final when shipment is made. AHR Subsidiary previously generated revenue from hospital management consulting. Revenue from consulting and managing hospitals was recognized over the term of the underlying agreement. A portion of the consulting services was subcontracted out by the Company to third party vendors. These direct costs were recorded by the Company as general and administrative expenses. Revenue from facilitating the sale of hospital property was recorded when property was sold. AHR Subsidiary had purchased the right to receive a portion of the revenues from a consulting and asset sale agreement. Revenue derived from the purchased contract rights was recorded as received on a net basis. On a net basis, only the share of revenue belonging to AHR Subsidiary was recorded as revenue.

Stock-Based Compensation - The Company has two stock-based employee compensation plans [See Note 9]. The Company accounts for its plans under the recognition and measurement principles of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees and related Interpretations. Loss Per Share - The computation of loss per share of common stock is based on the weighted average number of shares outstanding during the periods presented, in accordance with Statement of Financial Accounting Standards No. 128, Earnings Per Share [See Note 13].

Actual results could differ from those estimated by management.

Recently Enacted Accounting Standards - Statement of Financial Accounting Standards (SFAS) No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities , and SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity , were recently issued. SFAS No. 149 and 150 have no current applicability to the Company or their effect on the financial statements would not have been significant.

Reclassification - The financial statements for periods prior to June 30, 2004 have been reclassified to conform to the headings and classifications used in the June 30, 2004 financial statements.

NOTE 2 - ACQUISITION AND CANCELLATION OF ACQUISITION OF RX SOLUTIONS, INC.

On May 8, 2003, the Company signed a Stock Purchase Agreement with RX Solutions, Inc. (RXS). The agreement provided for the Company to issue 720,000 shares of Class B Preferred Stock and to sign \$900,000 of notes payable to the shareholders of RXS for 100% of the outstanding shares of RXS s common stock. As part of the agreement, the Company entered into a three-year Employment Agreement with the shareholders of RXS. In July 2003, the Company defaulted on the notes payable and employment agreement underlying the acquisition. In August 2003, the Company entered into an agreement to extend the maturity of a \$300,000 90-day non-interest-bearing note payable to September 29, 2003. The extension required the Company to pay \$40,000 in August and September 2003 in lieu of the interest and salary payments required by the Stock Purchase Agreement. In September 2003, the Company renegotiated the notes payable underlying the acquisition so that the Company would pay \$25,000 by October 31, 2003 against the \$300,000 90-day non-interest-bearing note payable and pay \$200,000 by November 29, 2003 as payment in full of a \$294,000 five-year 7% note payable, a \$306,000 five-year 7% note payable and related accrued interest. In November 2003, the Company defaulted on the notes payable underlying the acquisition and the owners of RXS called for the acquisition to be cancelled. The financial statements reflect the acquisition as having never closed and any expenses associated with the cancelled acquisition have been classified as a cost of the unsuccessful RXS acquisition.

AMERICAN HOSPITAL RESOURCES, INC.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 3 - ACQUISITION AND VOIDING OF ACQUISITION OF NIPSI

On December 13, 2002, Parent signed an asset purchase agreement with NIPSI Healthcare of Houston Limited Partnership (NIPSI) and NIPSI of Houston, Inc. (NIPSI General Partner). The agreement provided for the Company to assume certain liabilities of NIPSI and to sign an unsecured 18-month \$150,000 note payable to NIPSI for most of the operating assets of NIPSI. The agreement also included a non-compete covenant from NIPSI and NIPSI General Partner. The acquisition closed December 16, 2002; however, in April 2003, the court entered a default judgment against NIPSI [See Note 14]. The court found that NIPSI had fraudulently transferred assets to the Company to avoid the claims of AmeriSource. The court voided and nullified the transfer of assets from NIPSI to the Company and ordered NIPSI to pay \$551,264 to AmeriSource. As a result of these proceedings, the asset purchase agreement between the Company, NIPSI and NIPSI General Partner was voided and the Company was released as a defendant. Also, NIPSI General Partner sent a demand letter to the Company to rescind the asset purchase agreement and claiming damages of \$120,000 against the Company [See Note 14]. The financial statements reflect the acquisition as having been voided or rescinded and any expenses associated with the voided acquisition have been classified as costs of the unsuccessful NIPSI acquisition.

NOTE 4 - ACQUISITION OF AMERICAN HOSPITAL RESOURCES, INC.

On April 3, 2002, the Company signed an agreement and plan of reorganization with Phase One, LLC and AHR Subsidiary. The agreement provided for the Company to issue 3,196,873 shares of its common stock for all 1,500 shares of AHR Subsidiary s common stock. In connection with the proposed agreement, the Company previously issued a total of 13,000,000 shares of its common stock to Phase One, LLC for \$130,000 in financing. The agreement called for former shareholders of AHR Subsidiary to receive up to 12,870,000 shares of the common stock issued to Phase One, LLC based on the performance of the Company. In connection with the agreement, the Company amended its articles of incorporation to authorize 10,000,000 shares of preferred stock and to change its name to American Hospital Resources, Inc. Also in connection with the agreement, the Company and AHR Subsidiary entered into three-year consulting agreements with both Synergistic Connections, Inc. and Corporate Dynamics, Inc. [See Note 14]. As a result of the acquisition, the former officers and directors of the Company resigned and new officers and directors were appointed. The acquisition closed June 17, 2002 and has been accounted for as a purchase of AHR Subsidiary. The Company recorded goodwill of \$60,321 as a result of the acquisition.

On December 31, 2002, the agreement and plan of reorganization was amended to exchange the 13,000,000 shares of the Company s common stock that had been issued to Phase One, LLC for 2,600,000 shares of the Company s Class A preferred stock. The transaction was valued at the market value of the common stock of \$3,900,000.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 10 - INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes . SFAS No. 109 requires the Company to provide a net deferred tax asset or liability equal to the expected future tax benefit or expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. At June 30, 2004, the Company has available unused net operating and capital loss carryforwards of approximately \$1,591,000 and \$294,000, respectively, which may be applied against future taxable income and which expire in various years through 2024 and 2008, respectively. If certain substantial changes in the Company's ownership should occur, there will be an annual limitation on the amount of net operating loss carryforwards which can be utilized.

At June 30, 2004, the total of all deferred tax assets is approximately \$751,000 and the total of all deferred tax liabilities is \$0. The amount of and ultimate realization of the benefits from the deferred tax assets for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the loss carryforwards, the Company has established a valuation allowance of approximately \$751,000 and \$417,000 at June 30, 2004 and December 31, 2003, respectively. The change in the valuation allowance for the six months ended June 30, 2004 is approximately \$334,000.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 11 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has incurred significant losses and has not yet been successful in establishing profitable operations. Further, the Company has current liabilities in excess of current assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In this regard, management is proposing to raise any necessary additional funds not provided by operations through loans or through sales of its stock or through a possible business combination with another company. There is no assurance that the Company will be successful in raising this additional capital or in achieving profitable operations. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Judgment and Voiding of NIPSI Acquisition - In March 2003, the Company was notified that it was to be joined as defendants in a suit brought by AmeriSource Bergen Corporation (AmeriSource) against NIPSI. The financial statements reflect the acquisition as having been voided or rescinded and the expenses associated with the voided acquisition have been classified as costs of the unsuccessful NIPSI acquisition. The Company is not currently named in, nor is it aware of, any such suit or legal action against the Company. No accrual for possible losses or settlements, including the \$120,000 in damages claimed by NIPSI General Partner, has been recorded in the accompanying financial statements. The Company's management believes that the Company would be successful in defending against any such claims.

Possible NIPSI Claims - For approximately three months, the Company operated the assets of NIPSI pursuant to an asset purchase agreement [See Note 3 and above]. The Company's management believes that the Company is not responsible for any liabilities of NIPSI, but the possibility exists that creditors and others seeking relief from NIPSI may also include the Company in claims and suits based on the previous relationship. The Company is not currently named in, nor is it aware of, any such claims or suits against NIPSI. The Company's management believes that the Company would be successful in defending against any such claims. No accrual for possible losses or settlements has

General

American Hospital Resources, Inc. (AMHR or the Company) originally incorporated in the State of Utah on May 9, 1972, under the name High-Line Investment & Development Company. In 1977, the Company changed its name to Gayle Industries, Inc. In 1978 the Company merged into its subsidiary, Swing Bike, keeping the Swing Bike name. In 1979 the Company changed its name from Swing Bike to Horizon Energy Corp. In 1992 the Company changed its name to Millennium Entertainment Corp.

In 1993 the Company changed its name to New Horizon Education, Inc. and began focusing on marketing computer education programs. The Company was not successful and in 1995 the Company sold its assets and suspended operations. The Company remained essentially dormant from 1998 through 2000.

In 2001, the Company recommenced operations and in June of 2002, finalized an Agreement and Plan of Reorganization with American Hospital Resources, Inc., a Delaware corporation founded on August 27, 1999. Under the Agreement, American Hospital Resources Inc. became a wholly owned subsidiary of the Company and the Company changed its name from New Horizon Education, Inc. to American Hospital Resources, Inc. The Company also authorized a class of 10,000,000 shares of Preferred Stock at no par value per share and changed its business strategy to focus on providing health care consulting and pharmaceutical outsourcing.

The Company's common stock is quoted on the OTCBB under the symbol AMHR.

Nature of Business

American Hospital Resources provided consulting and management services to hospitals and other acute care facilities. On December 22, 2003 we discontinued our hospital management consulting business. The Company's board of directors determined that the Company had not realized the expected benefits from the acquisition of AHR subsidiary and made the determination to seek to dispose of AHR subsidiary. As a result the Company repurchased 2,131,249 shares of common stock for \$85,250 and obtained a court order to cancel the remaining 1,065,624 shares that were issued to AHR pursuant to the terms of the Reorganization agreement. AHR has since discontinued operations and has been dissolved by the State of Delaware. All operations of AHR subsidiary have been reclassified to discontinued operations. We are continuing to focus on the acquisition and consolidation of profitable pharmacy outsourcing businesses that provide pharmacy management services and pharmaceutical supplies to acute care hospitals and long-term care facilities such as nursing homes and hospices.

As part of our business strategy, we have structured a program designed to merge profitable regional pharmacy outsourcers into a national team. We believe these regional providers will benefit from the enhanced buying power and market presence of a consolidated healthcare entity.

We intend to continue seeking suitable healthcare and pharmaceutical companies for potential acquisition, consulting or management opportunities.

Item 2. Management's Discussion and Analysis

Three Month Periods Ended June 30, 2004 and 2003

AMHR did not generate any revenue during the three months ended June 30, 2004 or during the three months ended June 30, 2003. Total expenses during the three months ended June 30, 2003 period consisted of general and administrative expenses of \$302,556, \$2,006 in costs associated with the unsuccessful NIPSI acquisition, and \$7,600 in costs associated with the unsuccessful RXS acquisition. For the three months ended June 30, 2004, total expenses consisted of general and administrative expenses of \$57,335. The Company recorded a loss from discontinued operations of \$36,089 for the three months ended June 30, 2003.

For the three months ended June 30, 2004, we had a net loss of \$118,688 compared to a net loss of \$348,251 for the same period in 2003.

Liquidity and Capital Resources

At June 30, 2004, total current assets consisted of \$129 in cash on hand compared to \$5 in cash on hand at December 31, 2003. Also at June 30, 2004, we had \$6,916 in deferred loan costs and \$1,084,609 in deferred stock offering costs for total other assets of \$1,091,525 compared to \$10,503 in deferred loan costs and \$1,069,609 in deferred stock offering costs totaling \$1,080,112 for total other assets at December 31, 2003. The increase in assets is mainly attributable to loan proceeds.

At June 30, 2004, we had total liabilities of \$455,431 compared to \$292,460 at December 31, 2003. The increase is mainly attributable to dividends payable on our preferred stock, increased accrued interest due on loans and an increase of convertible notes payable.

During the next twelve months we hope to reduce liabilities and bring current our outstanding debts. We anticipate that our operating expenses for the next twelve months will be approximately \$120,000 consisting mainly of salaries and consulting fees. We will also have legal and auditing expenses relating to our public reports as well as office rental and other expenses. Management hopes to identify and acquire appropriate on-going business in the pharmacy outsourcing and consulting areas in order to generate revenue to cover operating expenses. Should it become necessary to raise additional capital, we may consider securing loans from officers and directors, selling additional stock or entering into debt financing. We have no material commitments for capital expenditures for the next twelve months.

The Company has entered into an Equity Line of Credit Agreement with Cornell Capital Partners, LP. The agreement requires Cornell to purchase up to \$10,000,000 of the Company's common stock at approximately 90% of market price. The agreement allows the Company to make requests for funds in \$150,000 increments every seven trading days over the next two years following registration of the underlying securities. The agreement also provides for a commitment fee of approximately \$290,000 of the Company's common stock and other provisions. As of June 30, 2004, the Company has not used this line of credit nor has it filed a registration statement.

Item 3. Controls and Procedures

(a)

Evaluation of Disclosure Controls and Procedures. The Company's management, with the participation of the chief executive officer/chief financial officer, carried out an evaluation of the effectiveness of the Company's "disclosure, controls and procedures" (as defined in the Securities Exchange Act of 1934 (the "Exchange Act") Rules 13a-15(3) and 15-d-15(3) as of the end of the period covered by this quarterly report (the "Evaluation Date"). Based upon that evaluation, the chief executive officer/chief financial officer concluded that, as of the Evaluation Date, the Company's disclosure, controls and procedures are effective, providing material information relating to the Company as required to be disclosed in the reports the Company files or submits under the Exchange Act on a timely basis.

(b)
