## PART I

### ITEM 1. BUSINESS.

#### COMPANY OVERVIEW

We were formed on or about November of 1998. USA Telcom, as we were previously called, acted as an agent in commercial transactions between Vietnamese purchasers and U.S. manufacturers.

#### CHANGE OF CONTROL

On November 29, 2004, a change in control occurred as the result of the acquisition of our series A, series B and series C preferred stock by Palomar Enterprises, Inc., a Nevada corporation ("Palomar").

Pursuant to that certain capital Stock Purchase Agreement dated November 9, 2004, between Robert C. Simpson, our then-sole director and officer and Palomar, on November 29, 2004, Palomar acquired from Dr. Simpson 19,000,000 shares of our series A preferred stock, 10,000,000 shares of our series B preferred stock and 10,000,000 shares of our Series C preferred stock. Each share of the series A preferred stock is convertible into ten shares of our common stock. The shares of the series A preferred stock do not have voting rights. Each share of the series B preferred stock is convertible into two hundred shares of our common stock. On all matters submitted to a vote of the holders of the Common Stock, a holder of the Series B Preferred Stock is entitled to one vote per share of the Series B Preferred Stock held by such holder. The series C preferred stock is not convertible into our common shares. Each share of the series C preferred stock entitles the holder to 100 votes of our common stock on all matters brought before our stockholders.

All of the preferred shares acquired by Palomar carried a legend restricting the transfer thereof under the Securities Act of 1933, as amended. Palomar used \$380,000 of its working capital as consideration for the preferred shares purchased by it pursuant to the Capital Stock Purchase Agreement.

Concurrently with the stock purchase transaction, Robert C. Simpson, our then-sole director and officer, nominated Steve Bonenberger and Brent Fouch as directors. Steve Bonenberger was also elected president and chief executive officer and Brent Fouch was elected Secretary and chief financial officer. Following the election of Messrs. Bonenberger and Fouch as our officers and directors, Robert C. Simpson resigned his positions as our director and officer.

#### CURRENT BUSINESS PLAN

The BlackHawk Fund is a principally owned company that is operated by its managing partner, Palomar Enterprises, Inc. (PLMA.OB). The BlackHawk Fund operates as a business development company with the specific interest in Media and Television Production, as well as real estate (both residential and commercial) development projects.

We have the following business model in place and operating: The Company takes a lead role in managing and implementing proprietary media properties that are 100% owned, operated and managed by The Blackhawk Fund. These Media Properties are network quality cable television shows that air nationwide. This media content is converted into Online Video magazines and DVDs, which provide advertising opportunities to selected sponsors. We also re-develop residential and commercial properties to be sold at higher prices. Our purpose is to gain a higher valuation for the equity positions that are held by The BlackHawk Fund in both our redeveloped real properties and also in our media properties that are expanding their advertiser and viewer bases.

During the past twelve months, the company has accomplished the following:

- a. Real property redevelopment: the company successfully purchased a property in the St. Louis, MO region out of foreclosure, completed the renovation and refurbishments and re-sold the property for a profit
- b. Real property redevelopment: the company successfully purchased a property in Carlsbad, CA and completely renovated this existing structure. The company currently has this property in its held for sale portfolio. The company has this property leased on a month-to-month basis. The property is currently on the market to be sold and the company expects this to occur sometime in the first or second quarter of 2008
- c. Real property redevelopment: the company engaged SAN DIEGO REAL ESTATE EXPERTS in a joint-venture development in Oceanside, CA. This property has undergone a complete and exhaustive renovation. The property located within yards of the beach is placed for re-sale. The company expects to recognize the revenue and profit from this joint-venture in the first or second quarter of 2008

d. Entered the media properties business producing infomercials. In January 2008 the Company expanded this to include radio components that are aired throughout the nation. The company signed a business development agreement in 2006 with Maximum Impact Television Group, which BHWF cancelled due to a breach in performance on MITG's duties.

The company has identified the following benchmarks for the next 12-24 months:

- a. Raise enough capital to expand our core real property redevelopment projects
- b. Raise additional capital to strengthen and expand our media properties, with a look to bring our advertiser partners a substantial return on their media investments
- c. Maintain good corporate relationships with all of our advertising partners and the vendors that assist us in the redevelopment projects.

In 2007, The BlackHawk Fund was able to establish firm footings in its two core business sectors. The company looks for 2008 to be the largest year in its existence in terms of revenue produced, potential profits retained and shareholder equity increased.

#### **KEY PERSONNEL**

Our future financial success depends to a large degree upon the efforts of Messrs. Bonenberger and Fouch, our officers and directors. Messrs. Bonenberger and Fouch have played major roles in developing and executing our business strategy. The loss of Messrs. Bonenberger and Fouch could have an adverse effect on our business and our chances for profitable operations. While we intend to employ additional management and marketing personnel in order to minimize the critical dependency upon any one person, there can be no assurance that we will be successful in attracting and retaining the persons needed. If we do not succeed in retaining and motivating our current employees and attracting new high quality employees, our business could be adversely affected. We do not maintain key man life insurance on the lives of Messrs. Bonenberger and Fouch.

#### **OUR FINANCIAL RESULTS MAY BE AFFECTED BY FACTORS OUTSIDE OF OUR CONTROL**

Our future operating results may vary significantly from quarter to quarter due to a variety of factors, many of which are outside our control. Our anticipated expense levels are based, in part, on our estimates of future revenues and may vary from our projections. We may be unable to adjust spending rapidly enough to compensate for any unexpected revenues shortfall. Accordingly, any significant shortfall in revenues in relation to our planned expenditures would materially adversely affect our business, operating results and financial condition.

We cannot predict with certainty our revenues and operating results. Further, we believe that period-to-period comparisons of our operating results are not necessarily a meaningful indication of future performance.

#### **CORPORATE OFFICES**

Our executive office is located at 1802 N. Carson Street, Suite 212, Carson City, Nevada, 89701, telephone number (775) 887-0670.

#### **RECENT EVENTS**

In July 2007, we established a new series of common stock labeled B which has 30,000,000 outstanding shares.

**EMPLOYEES**

We have two full-time employees and two part-time employees as of January 15, 2008. As we grow, we will need to attract an unknown number of additional qualified employees. Although we have experienced no work stoppages and believe our relationships with our employees are good, we could be unsuccessful in attracting and retaining the persons needed. None of our employees are currently represented by a labor union.

## **RISK FACTORS**

### ***NEED FOR ONGOING FINANCING.***

We will need additional capital to continue our operations and will endeavor to raise funds through the sale of equity shares and revenues from operations.

There can be no assurance that we will generate sufficient revenues from operations or obtain sufficient capital on acceptable terms, if at all. Failure to obtain such capital or generate such operating revenues would have an adverse impact on our financial position and results of operations and ability to continue as a going concern. Our operating and capital requirements during the next fiscal year and thereafter will vary based on a number of factors, including the level of sales and marketing activities for our services and products. There can be no assurance that additional private or public financing, including debt or equity financing, will be available as needed, or, if available, on terms favorable to us. Any additional equity financing may be dilutive to stockholders and such additional equity securities may have rights, preferences or privileges that are senior to those of our existing common stock.

Furthermore, debt financing, if available, will require payment of interest and may involve restrictive covenants that could impose limitations on our operating flexibility. Our failure to successfully obtain additional future funding may jeopardize our ability to continue our business and operations.

If we raise additional funds by issuing equity securities, existing stockholders may experience a dilution in their ownership. In addition, as a condition to giving additional funds to us, future investors may demand, and may be granted, rights superior to those of existing stockholders.

### ***BUSINESS CONCENTRATION.***

While we consider our relationships with our customers to be satisfactory, given the concentration of our sales to a few key customers, our continued relationships may be subject to the policies and practices of the customers. We continue to concentrate our efforts on expanding our customer base in order to reduce our reliance on our current customers.

### ***INFLATION.***

In our opinion, inflation has not had a material effect on our financial condition or results of our operations.

### ***TRENDS, RISKS AND UNCERTAINTIES.***

We have sought to identify what we believe to be the most significant risks to our business, but we cannot predict whether, or to what extent, any of such risks may be realized nor can we guarantee that we have identified all possible risks that might arise. Investors should carefully consider all of such risk factors before making an investment decision with respect to our common stock.

### ***CAUTIONARY FACTORS THAT MAY AFFECT FUTURE RESULTS.***

We provide the following cautionary discussion of risks, uncertainties and possible inaccurate assumptions relevant to our business and our products. These are factors that we think could cause our actual results to differ materially from expected results. Other factors besides those listed here could adversely affect us.

### ***POTENTIAL FLUCTUATIONS IN QUARTERLY OPERATING RESULTS.***

Our quarterly operating results may fluctuate significantly in the future as a result of a variety of factors, most of which are outside our control, including the demand for our services, seasonal trends in purchasing, the amount and timing of capital expenditures; price competition or pricing changes in the industry; technical difficulties or system downtime; general economic conditions, and economic conditions specific to our industry. Our quarterly results may also be significantly impacted by the impact of the accounting treatment of acquisitions, financing transactions or other matters. Particularly at our early stage of development, occurrences such as accounting treatment can have a material impact on the results for any quarter. Due to the foregoing factors, among others, it is likely that our operating results will fall below our expectations or those of investors in some future quarter.

***LACK OF INDEPENDENT DIRECTORS.***

We cannot guarantee that our board of directors will have a majority of independent directors in the future. In the absence of a majority of independent directors, our executive officers, could establish policies and enter into transactions without independent review and approval thereof. This could present the potential for a conflict of interest between us and our stockholders generally and the controlling officers, stockholders or directors.

***LIMITATION OF LIABILITY AND INDEMNIFICATION OF OFFICERS AND DIRECTORS.***

Our officers and directors are required to exercise good faith and high integrity in our management affairs. Our articles of incorporation provide, however, that our officers and directors shall have no liability to our stockholders for losses sustained or liabilities incurred which arise from any transaction in their respective managerial capacities unless they violated their duty of loyalty, did not act in good faith, engaged in intentional misconduct or knowingly violated the law, approved an improper dividend or stock repurchase, or derived an improper benefit from the transaction. Our articles and bylaws also provide for the indemnification by us of the officers and directors against any losses or liabilities they may incur as a result of the manner in which they operate our business or conduct the internal affairs, provided that in connection with these activities they act in good faith and in a manner that they reasonably believe to be in, or not opposed to, our best interests, and their conduct does not constitute gross negligence, misconduct or breach of fiduciary obligations.

***MANAGEMENT OF POTENTIAL GROWTH.***

We may experience rapid growth which will place a significant strain on our managerial, operational, and financial systems resources. To accommodate our current size and manage growth, we must continue to implement and improve our financial strength and our operational systems, and expand, train and manage our sales and distribution base. There is no guarantee that we will be able to effectively manage the expansion of our operations, or that our facilities, systems, procedures or controls will be adequate to support our expanded operations. Our inability to effectively manage our future growth would have a material adverse effect on us.

***WE PAY NO DIVIDENDS.(IS THIS CORRECT)NOTE***

We have never declared nor paid cash dividends on our capital stock. We currently intend to retain any earnings for funding growth however these plans may change depending upon capital raising requirements.

***QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK.***

We believe that we do not have any material exposure to interest or commodity risks. Our financial results are quantified in U.S. dollars and a majority of our obligations and expenditures with respect to our operations are incurred in U.S. dollars. Although we do not believe we currently have any materially significant market risks relating to our operations resulting from foreign exchange rates, if we enter into financing or other business arrangements denominated in currency other than the U.S. dollars, variations in the exchange rate may give rise to foreign exchange gains or losses that may be significant.

We do not use financial instruments for trading purposes and we are not a party to any leverage derivatives.

**RISKS RELATING TO OUR BUSINESS**

***WE ARE NOT LIKELY TO SUCCEED UNLESS WE CAN OVERCOME THE MANY OBSTACLES WE FACE.***

As an investor, you should be aware of the difficulties, delays and expenses we encounter, many of which are beyond our control, including unanticipated market trends, employment costs, and administrative expenses. We cannot assure our investors that our proposed business plans as described in this report will materialize or prove successful, or that we will ever be able to finalize development of our products or services or operate profitably. If we cannot operate profitably, you could lose your entire investment. As a result of the nature of our business, initially we expect to sustain substantial operating expenses without generating significant revenues.

***OUR AUDITORS HAVE STATED WE MAY NOT BE ABLE TO STAY IN BUSINESS.***

Our auditors have issued a going concern opinion, which means that there is substantial doubt that we can continue as an ongoing business for the next 12 months. Unless we can raise additional capital, we may not be able to achieve our objectives and may have to suspend or cease operations. See "Management's Discussion and Analysis of Financial Condition and Results of Operations."

***OUR NEW BUSINESS STRATEGY INVOLVES A NUMBER OF RISKS.***

We intend to pursue growth through the expanding of the media business. This strategy involves certain risks, including difficulties in the integration of operations and systems, the diversion of our management's attention from other business concerns, and the potential loss of key employees. We may not be able to successfully integrate these businesses into our operations.

## RISKS RELATING TO OUR STOCK

***WE MAY NEED TO RAISE ADDITIONAL CAPITAL. IF WE ARE UNABLE TO RAISE NECESSARY ADDITIONAL CAPITAL, OUR BUSINESS MAY FAIL OR OUR OPERATING RESULTS AND OUR STOCK PRICE MAY BE MATERIALLY ADVERSELY AFFECTED.***

Due to the lack of profitability, we need to secure adequate funding. If we are unable to obtain adequate funding, we may not be able to successfully develop and market our products and services and our business will most likely fail. We do not have commitments for additional financing. To secure additional financing, we may need to borrow money or sell more securities, which may reduce the value of our outstanding securities. Under these circumstances, we may be unable to secure additional financing on favorable terms or at all.

Selling additional stock, either privately or publicly, would dilute the equity interests of our stockholders. If we borrow more money, we will have to pay interest and may also have to agree to restrictions that limit our operating flexibility. If we are unable to obtain adequate financing, we may have to curtail business operations which would have a material negative effect on operating results and most likely result in a lower stock price.

***OUR COMMON STOCK HAS EXPERIENCED IN THE PAST, AND IS EXPECTED TO EXPERIENCE IN THE FUTURE, SIGNIFICANT PRICE AND VOLUME VOLATILITY, WHICH SUBSTANTIALLY INCREASES THE RISK THAT YOU MAY NOT BE ABLE TO SELL YOUR SHARES AT OR ABOVE THE PRICE THAT YOU PAY FOR THE SHARES.***

Because of the limited trading market for our common stock, and because of the possible price volatility, you may not be able to sell your shares of common stock when you desire to do so. During 2006 and 2007, our common stock was sold and purchased at prices that ranged from a high of \$0.08 to a low of \$0.0005 per share. The inability to sell your shares in a rapidly declining market may substantially increase your risk of loss because of such illiquidity because the price for our common stock may suffer greater declines due to its price volatility.

The price of our common stock that will prevail in the market after this filing may be higher or lower than the price you pay. Certain factors, some of which are beyond our control, that may cause our share price to fluctuate significantly include, but are not limited to, the following:

- Variations in our quarterly operating results;
- The development of a market in general for our products and services;
- Changes in market valuations of similar companies;
- Announcement by us or our competitors of significant contracts, acquisitions, strategic partnerships, joint ventures or capital commitments;
- Loss of a major customer or failure to complete significant transactions;
- Additions or departures of key personnel; and
- Fluctuations in stock market price and volume.

Additionally, in recent years the stock market in general, and the OTC Bulletin Board and technology stocks in particular, have experienced extreme price and volume fluctuations. In some cases, these fluctuations are unrelated or disproportionate to the operating performance of the underlying company. These market and industry factors may materially and adversely affect our stock price, regardless of our operating performance.

Over the past few months, there have been periods of significant increases in trading volume of our common stock during which the price of our stock has both increased and decreased. The historical trading of our common stock is not necessarily an indicator of how it will trade in the future and our trading price as of the date of this report does not necessarily portend what the trading price of our common stock might be in the future.

In the past, class action litigation has often been brought against companies following periods of volatility in the market price of the common stock of those companies. If we become involved in this type of litigation in the future, it could result in substantial costs and diversion of management attention and resources, which could have a further negative effect on your investment in our stock.

***OUR DIRECTORS HAVE THE RIGHT TO AUTHORIZE THE ISSUANCE OF PREFERRED STOCK AND ADDITIONAL SHARES OF OUR COMMON STOCK.***

Our directors, within the limitations and restrictions contained in our articles of incorporation and without further action by our stockholders, have the authority to issue shares of preferred stock from time to time in one or more series and to fix the number of shares and the relative rights, conversion rights, voting rights, and terms of redemption, liquidation preferences and any other preferences, special rights and qualifications of any such series. We have no intention of issuing preferred stock at the present time. Any issuance of preferred stock could adversely affect the rights of holders of our common stock. Should we issue additional shares of our common stock at a later time, each investor's ownership interest in The Blackhawk Fund would be proportionally reduced. No investor will have any preemptive right to acquire additional shares of our common stock, or any of our other securities.

***THE ISSUANCE OF SHARES UPON THE EXERCISE OF OUTSTANDING WARRANTS MAY CAUSE IMMEDIATE AND SUBSTANTIAL DILUTION TO OUR EXISTING STOCKHOLDERS.***

The issuance of shares upon the exercise of warrants may result in substantial dilution to the interests of other stockholders since the selling stockholders may ultimately convert and sell the full amount issuable on conversion. There is no upper limit on the number of shares that may be issued which will have the effect of further diluting the proportionate equity interest and voting power of holders of our common stock, including investors in this offering.

***IF WE FAIL TO REMAIN CURRENT ON OUR REPORTING REQUIREMENTS, WE COULD BE REMOVED FROM THE OTC BULLETIN BOARD WHICH WOULD LIMIT THE ABILITY OF BROKER-DEALERS TO SELL OUR SECURITIES AND THE ABILITY OF STOCKHOLDERS TO SELL THEIR SECURITIES IN THE SECONDARY MARKET.***

Companies trading on the OTC Bulletin Board, such as The Blackhawk Fund, must be reporting issuers under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and must be current in their reports under Section 13, in order to maintain price quotation privileges on the OTC Bulletin Board. If we fail to remain current on our reporting requirements, we could be removed from the OTC Bulletin Board. As a result, the market liquidity for our securities could be severely adversely affected by limiting the ability of broker-dealers to sell our securities and the ability of stockholders to sell their securities in the secondary market.

***OUR COMMON STOCK IS SUBJECT TO THE "PENNY STOCK" RULES OF THE SEC AND THE TRADING MARKET IN OUR SECURITIES IS LIMITED, WHICH MAKES TRANSACTIONS IN OUR STOCK CUMBERSOME AND MAY REDUCE THE VALUE OF AN INVESTMENT IN OUR STOCK.***

The Securities and Exchange Commission has adopted Rule 15c-9 which establishes the definition of a "penny stock," for the purposes relevant to us, as any equity security that has a market price of less than \$5.00 per share or with an exercise price of less than \$5.00 per share, subject to certain exceptions. Inasmuch as that the current bid and ask price of common stock is less than \$5.00 per share, our shares are classified as "penny stock" under the rules of the SEC. For any transaction involving a penny stock, unless exempt, the rules require:

- That a broker or dealer approve a person's account for transactions in penny stocks; and
- The broker or dealer receives from the investor a written agreement to the transaction, setting forth the identity and quantity of the penny stock to be purchased.

In order to approve a person's account for transactions in penny stocks, the broker or dealer must:

- Obtain financial information and investment experience objectives of the person; and
- Make a reasonable determination that the transactions in penny stocks are suitable for that person and the person has sufficient knowledge and experience in financial matters to be capable of evaluating the risks of transactions in penny stocks.

The broker or dealer must also deliver, prior to any transaction in a penny stock, a disclosure schedule prescribed by the Commission relating to the penny stock market, which, in highlight form:

- Sets forth the basis on which the broker or dealer made the suitability determination; and
- That the broker or dealer received a signed, written agreement from the investor prior to the transaction.

Generally, brokers may be less willing to execute transactions in securities subject to the "penny stock" rules. This may make it more difficult for investors to dispose of our common stock and cause a decline in the market value of our stock.

Disclosure also has to be made about the risks of investing in penny stocks in both public offerings and in secondary trading and about the commissions payable to both the broker-dealer and the registered representative, current quotations for the securities and the rights and remedies available to an investor in cases of fraud in penny stock transactions. Finally, monthly statements have to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks.

As of January 15, 2008 we had 341,193,791 shares of our common stock outstanding. Our shares of common stock are held by approximately 35 stockholders of record. The number of record holders was determined from the records of our transfer agent and does not include beneficial owners of common stock whose shares are held in the names of various security brokers, dealers, and registered clearing agencies.

**SECTION 15(G) OF THE EXCHANGE ACT**

The shares of our common stock are covered by Section 15(g) of the Exchange Act, and Rules 15g-1 through 15g-6 promulgated thereunder, which impose additional sales practice requirements on broker-dealers who sell our securities to persons other than established customers and accredited investors.

Rule 15g-2 declares unlawful any broker-dealer transactions in "penny stocks" unless the broker-dealer has first provided to the customer a standardized disclosure document.

Rule 15g-3 provides that it is unlawful for a broker-dealer to engage in a "penny stock" transaction unless the broker-dealer first discloses and subsequently confirms to the customer the current quotation prices or similar market

information concerning the penny stock in question.

Rule 15g-4 prohibits broker-dealers from completing "penny stock" transactions for a customer unless the broker-dealer first discloses to the customer the amount of compensation or other remuneration received as a result of the penny stock transaction.

Rule 15g-5 requires that a broker-dealer executing a "penny stock" transaction, other than one exempt under Rule 15g-1, disclose to its customer, at the time of or prior to the transaction, information about the sales person's compensation.

Our common stock may be subject to the foregoing rules. The application of the "penny stock" rules may affect our stockholders' ability to sell their shares because some broker-dealers may not be willing to make a market in our common stock because of the burdens imposed upon them by the "penny stock" rules.

**ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.**

**FORWARD-LOOKING INFORMATION**

Much of the discussion in this Item is "forward looking" as that term is used in Section 27A of the Securities Act and Section 21E of the Exchange Act. Actual operations and results may materially differ from present plans and projections due to changes in economic conditions, new business opportunities, changed business conditions, and other developments. Other factors that could cause results to differ materially are described in our filings with the Securities and Exchange Commission.

There are several factors that could cause actual results or events to differ materially from those anticipated, and include, but are not limited to general economic, financial and business conditions, changes in and compliance with

governmental laws and regulations, including various state and federal environmental regulations, our ability to obtain additional financing from outside investors and/or bank and mezzanine lenders and our ability to generate sufficient revenues to cover operating losses and position us to achieve positive cash flow.

Readers are cautioned not to place undue reliance on the forward-looking Statements contained herein, which speak only as of the date hereof. We believe the information contained in this Form 10-KSB to be accurate as of the date hereof. Changes may occur after that date. We will not update that information except as required by law in the normal course of its public disclosure practices.

## **MANAGEMENT'S PLAN OF OPERATIONS**

The Management of The Blackhawk Fund plans to aggressively market the real estate properties held, that have been renovated and ready for sale. The Company plans to generate the highest return on their investment, by selling these properties at substantial profits. The Management believes we will sell all three properties held between the first and second quarter of 2008.

The Management plans to expand the Media Division significantly, by developing and airing the cable television productions, and radio spots. . The Media Division will generate additional revenue by converting the content from the cable television shows to Online Video Magazines and DVDs, which provide additional advertising vehicles for our sponsors to reach their target audience.

The company has identified the following benchmarks for the next 12-24 months:

- a. Raise enough capital to expand our core real property redevelopment projects
- b. Raise additional capital to strengthen and expand our media properties, with a look to bring our advertiser partners a substantial return on their media investments
- c. Maintain good corporate relationships with all of our advertising partners and the vendors that assist us in the redevelopment projects.

In 2007, The BlackHawk Fund was able to establish firm footings in its two core business sectors. The company looks for 2008 to be the largest year in its existence in terms of revenue produced, potential profits retained and shareholder equity increased.

## **RESULTS OF OPERATIONS**

### **TWELVE MONTHS ENDED DECEMBER 31, 2007 COMPARED TO THE TWELVE MONTHS ENDED DECEMBER 31, 2006.**

#### **REVENUE**

Revenue for the 12 months ended December 31, 2007 was \$309,908 compared to \$149,451 for the 12 months ended December 31, 2006. The increase in revenue is due to the launching of our media business. Cost of Sales was 234,231 in 2007 compared to 140,000 in 2006.

#### **GENERAL AND ADMINISTRATIVE EXPENSES**

General and administrative expenses ("G&A") were \$2,208,360 for the 12 months ended December 31, 2007, compared to \$472,780 for the 12 months ended December 31, 2006,. The increase was due mainly to higher stock for services of \$1,322,885 and \$267,605 of Media expenses. There was also an increase in payments made to companies controlled by our officers of \$135,000.

We expect G&A expenses to decrease substantially in the coming 12 months due to an anticipated decrease in stock for services. We intend to focus on operating efficiencies, increasing revenues, and ensuring profitability in our core business units during this period.

## **LIQUIDITY AND CAPITAL RESOURCES**

During the twelve-month period ended December 31, 2006, cash used in operating activities was 969,640. We intend to continue to find ways to expand our business through new product development . We believe that revenues and earnings will increase as we grow. We anticipate that we will incur smaller losses in the near future if we are able to expand our business and the marketing of our products and services now under development. .

During the 12 months ended December 31, 2007, we generated a net loss of \$2,318,651. Cash provided by financing activities was \$1,048 638.

In order to execute our business plan, we will need to acquire additional capital from debt or equity financing. In the absence of significant revenue and profits, we will be completely dependent on additional debt and equity financing arrangements. There is no assurance that any financing will be sufficient to fund our capital expenditures, working capital and other cash requirements for the fiscal year ending December 31, 2008. No assurance can be given that any such additional funding will be available or that, if available, can be obtained on terms favorable to us. If we are unable to raise needed funds on acceptable terms, we will not be able to execute our business plan, develop or enhance existing services, take advantage of future opportunities or respond to competitive pressures or unanticipated requirements. A material shortage of capital will require us to take drastic steps such as further reducing our level of operations, disposing of selected assets or seeking an acquisition partner.

## **CRITICAL ACCOUNTING POLICIES**

The preparation of our financial statements in conformity with accounting principles generally accepted in the United States requires us to make estimates and judgments that affect our reported assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. We base our estimates and judgments on historical experience and on various other assumptions we believe to be reasonable under the circumstances. Future events, however, may differ markedly from our current expectations and assumptions. While there are a number of significant accounting policies affecting our consolidated financial statements, we believe the following critical accounting policy involve the most complex, difficult and subjective estimates and judgments.

## **STOCK-BASED COMPENSATION**

In December 2002, the FASB issued SFAS No. 148 - Accounting for Stock-Based Compensation - Transition and Disclosure. This statement amends SFAS No. 123 - Accounting for Stock-Based Compensation, providing alternative methods of voluntarily transitioning to the fair market value based method of accounting for stock based employee compensation. SFAS 148 also requires disclosure of the method used to account for stock-based employee compensation and the effect of the method in both the annual and interim financial statements. The provisions of this statement related to transition methods are effective for fiscal years ending after December 15, 2002, while provisions related to disclosure requirements are effective in financial reports for interim periods beginning after December 31, 2002.

We adopted SFAS No. 123 effective January 1, 2006.

## **RECENT ACCOUNTING PRONOUNCEMENTS**

We adopted SFAS No. 142. Under the new rules, we will no longer amortize goodwill and other intangible assets with indefinite lives, but such assets will be subject to periodic testing for impairment. On an annual basis, and when there is reason to suspect that their values have been diminished or impaired, these assets must be tested for impairment, and write-downs to be included in results from operations may be necessary. SFAS No. 142 also requires us to complete a transitional goodwill impairment test six months from the date of adoption.

Any goodwill impairment loss recognized as a result of the transitional goodwill impairment test will be recorded as a cumulative effect of a change in accounting principle no later than the end of fiscal year 2002. The adoption of SFAS No. 142 had no material impact on our consolidated financial statements

## **OFF-BALANCE SHEET ARRANGEMENTS**

We do not have any off-balance sheet arrangements.

## **ITEM 7. FINANCIAL STATEMENTS.**

Please see the audited financial statements and notes thereto included as a part of this report.

## **ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.**

On June 22, 2004 we engaged Malone & Bailey, PC as our independent accountants. On January 24, 2007 we dismissed Malone & Bailey, PC.

The reports of Malone & Bailey, PC on our financial statements for the fiscal years ended December 31, 2004 and 2005 did not contain an adverse opinion or a disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

The decision to dismiss Malone & Bailey, PC was approved by our board of directors.

During that time, there were no "reportable events" as set forth in Item 304(a)(1)(i-v) of Regulation S-B adopted by the Securities and Exchange Commission.

We engaged Gruber & Company, LLC as our independent accountants in January 2007. The decision to engage this firm was recommended by our board of directors.

During our two most recent fiscal years and any subsequent interim period prior to the engagement of Gruber & Company, LLC, neither we nor anyone on our behalf consulted with Gruber & Company, LLC regarding either (i) the application of accounting principles to a specified transaction, either contemplated or proposed, or the type of audit opinion that might be rendered on our financial statements or (ii) any matter that was either the subject of a "disagreement" or a "reportable event."

We have provided Malone & Bailey, PC with a copy of our current report on Form 8-K prior to its filing with the Commission, and we have requested that they furnish a letter addressed to the Commission stating whether it agreed with the statements made by us in that report and if not, stating the reasons it did not.

**ITEM 8A. CONTROLS AND PROCEDURES.**

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Exchange Act is accumulated and communicated to our management, including our principal executive and financial officers, as appropriate to allow timely decisions regarding required disclosure.

Evaluation of disclosure and controls and procedures. As of the end of the period covered by this Annual report, we conducted an evaluation, under the supervision and with the participation of our chief executive officer and chief financial officer, of our disclosure controls and procedures (as defined in Rules 13a-15(e) of the Exchange Act). Based on this evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

Changes in internal controls over financial reporting. There was no change in our internal controls, which are included within disclosure controls and procedures, during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls.

**ITEM 8B. OTHER INFORMATION.**

## THE BLACKHAWK FUND

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of business. The Blackhawk Fund ("Blackhawk") was organized November 5, 1998 in Nevada as USA Telecom. In 1998, the entity amended its articles of incorporation to change its name to USA Telcom, in 2000 it amended its articles of incorporation to change its name to USA Telcom Internationale, in 2004 it amended its articles of incorporation to change its name to ZannWell Inc., and in January 2005, it amended its articles of incorporation to change its name to Blackhawk Fund. For the year ended December 31, 2007 the Company was in the business of residential development and sales and the media business. ( See Note 3)

Use of Estimates. In preparing financial statements, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheet and revenue and expenses in the statement of expenses. Actual results could differ from those estimates.

Cash and Cash Equivalents. For purposes of the statement of cash flows, Blackhawk considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Revenue Recognition. Blackhawk recognizes revenue when it sells property and a "closing" takes place.

Property held for sale is valued at lower of fair value or cost. Additions are capitalized Gains and losses on dispositions of property are reflected in operations. As property is held for resale, no depreciation is taken.

Impairment of Long-Lived Assets. Blackhawk reviews the carrying value of its long-lived assets annually or whenever events or changes in circumstances indicate that the historical cost-carrying value of an asset may no longer be appropriate. Blackhawk assesses recoverability of the carrying value of the asset by estimating the future net cash flows expected to result from the asset, including eventual disposition. If the future net cash flows are less than the carrying value of the asset, an impairment loss is recorded equal to the difference between the asset's carrying value and fair value.

Income taxes. Blackhawk recognizes deferred tax assets and liabilities based on differences between the financial reporting and tax bases of assets and liabilities using the enacted tax rates and laws that are expected to be in effect when the differences are expected to be recovered. Blackhawk provides a valuation allowance for deferred tax assets for which it does not consider realization of such assets to be more likely than not.

Basic and diluted net income (loss) per share. The basic net loss per common share is computed by dividing the net income (loss) by the weighted average number of common shares outstanding. Diluted net income (loss) per common share is computed by dividing the net income (loss) adjusted on an "as if converted" basis, by the weighted average number of common shares outstanding plus potential dilutive securities. For the year ended December 31, 2006, there were no potential dilutive securities.

#### NOTE 2 - STOCK BASED COMPENSATION

Prior to January 1, 2006 we accounted for stock based compensation under Statement of Financial Accounting Standards No. 123 Accounting for Stock-Based Compensation (FAS 123). As permitted under this standard, compensation cost was recognized using the intrinsic value method described in Accounting Principles Board Opinion

No. 25, Accounting for Stock Issued to Employees (APB 25). Effective January 1, 2006, the Company has adopted Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment (FAS 123R) and applied the provisions of the Securities and Exchange Commission Staff Accounting Bulletin No. 107 using the modified-prospective transition method. Prior periods were not restated to reflect the impact of adopting the new standard. As a result of the adoption of FAS 123R, stock-based compensation expense recognized during the six months ended June 30, 2007 includes compensation expense for all share-based payments granted on or prior to, but not yet vested as of December 31, 2006, based on the grant date fair value estimated in accordance with the original provisions of FAS 123, and compensation cost for all share-based payments granted on or subsequent to January 1, 2006, based on the grant date fair value estimated in accordance with the provisions of FAS 123R.

Beginning on January 1, 2006, any future excess tax benefits derived from the exercise of stock options will be recorded prospectively and reported as cash flows from financing activities in accordance with FAS 123R.

During the year the Company did not make any stock option grants and therefore did not recognize any stock-based option expense. For the year ended December 31, 2007 the Company recorded stock based consulting expense of \$1,322,885, as determined under FASB 123R..

### **NOTE 3 - PROPERTY - HELD FOR SALE/FIXED ASSETS**

In late March 2006, the Company purchased a condominium located in Carlsbad, California for \$625,083. The Company intends to renovate and sell the condo. Since the Company intends to sell the condominium upon completion of the planned renovations, it has been designated as "held-for-sale". Therefore it will be carried at the lower cost or fair value (net of expected sales costs) during the renovation period and will not be depreciated. Major improvements and renovations are capitalized.

**THE BLACKHAWK FUND  
NOTES TO FINANCIAL STATEMENTS**

In June of 2006, the Company entered into a joint venture agreement to renovate and then sell a residential home located in Oceanside, California. The Company is a 50% joint venture partner, but has the right to exercise control. The Company is 100% responsible for improvement costs, with these costs to be reimbursed upon sale and any remaining profits split 50/50. The Company has valued the house at the original value of the liability assumed of \$1,000,000. As the intention on this property is identical described above the description related to "held for sale" and depreciation apply. The Company has capitalized improvements on this property of \$149,817.

The Company has capitalized and depreciated computer equipment with a cost of \$6,065. The asset is being depreciated over 3 years under the straight line method. During the year \$1,010 was depreciated.

**NOTE 4 - COMMON STOCK**

During the year ended December 31, 2007, the company issued 316,528,999 shares of common stock. Of this amount 90,000,000 was converted from preferred stock, 99,164,107 shares for services valued at \$1,322,885 and 127,364,892 for cash of \$90,000.

In April 2007, the Company created a new class of common stock pursuant to a subscription agreement. That agreement, indicates 30,000,000 shares issued with a par value of .001. The Company has issued the shares and has recorded a subscription receivable. For the year ended December 31, 2007 \$306,138 has been realized.

**NOTE 5 - NOTES PAYABLE/MORTGAGES PAYABLE**

In conjunction with the purchase of the condominium described in Note 3 above, the Company executed a 30-year adjustable rate promissory note for \$496,000. The initial interest rate on the note is 7.875% and may change on April 1, 2008 and on that date every sixth month thereafter. Pursuant to the terms of the note, the Company is required to make interest only payments for the first 10 years (first 120 payments). The initial monthly payments will be \$3,225 and may change beginning on April 1, 2008. The note payable is personally guaranteed by the Company's president.

In conjunction with the joint venture property described in note 3 above, the Company refinanced this note in July 2007 and assumed a 50% interest and corresponding promissory note debt of \$1,440,000. Terms indicate that the first note is for \$1,120,000 over 30 years interest only for the first 10 years. The second note is carried for \$320,000 with interest at 9.875 over 30 years interest only for the first 10 years. Monthly amounts are presently \$9,983. Both of the above notes are classified as long term notes payable.

Included in short terms note payable is a note to a vendor for \$22,000 payable in monthly installments of \$3,000 as settlement for a media invoice.

**NOTE 6-RELATED PARTY TRANSACTIONS**

At December 31, 2007, and included as a short term note payable, the Company is indebted to a related party for \$827,828. Interest has been imputed at 6% per year.

During the year ended December 31, 2007, the Company made payments totaling \$315,000 to entities controlled by the CEO and CFO for consulting services.

During the first quarter 2007 30,000,000 shares were issued to its CFO and CEO for services. Those shares have been valued at market and included in stock for services.

During the first quarter 2007, 9,000,000 shares of preferred A stock, held by a related entity, was converted to 90,000,000 shares of common stock.

**NOTE 7-GOING CONCERN**

The Company has incurred significant losses, has a negative capital, and negative current ratio. These factors, among others indicate that the Company may not be able to continue as a going concern. No adjustments have been made to the carrying value of assets and liabilities should the company not continue as a going concern.

**THE BLACKHAWK FUND  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 8-SEGMENT INFORMATION**

The Company adopted SFAS No. 131, "Disclosures About Segments of an Enterprise and Related Information", in respect of its operating segments. The Company's reportable segment is Blackhawk Media a media and production enterprise.

The segment is managed separately because each business requires different technology and marketing strategies. The Company evaluates performance based upon operating earnings of the unit. The accounting policy of the segment are the same as those described in the summary of significant accounting policies. The corporate assets include cash. There were no significant intercompany transactions. In determining operating income (loss) by segment, general corporate expenses and other income and expense items of a non operating nature are not considered, as such items are not allocated to the Company's segments. Segment information for the year ended December 31, 2007 is as follows.

Sales from Media	\$283,323
Cost of Sales	234,231
Gross Profit	48,992
Media Expenses	267,605
Loss from Media Segment	(218,613)

**NOTE 9 - INCOME TAXES**

Blackhawk uses the liability method, where deferred tax assets and liabilities are determined based on the expected future tax consequences of temporary differences between the carrying amounts of assets and liabilities for financial and income tax reporting purposes.

Internal Revenue Section 382 restricts the ability to use these carry-forwards whenever an ownership change as defined occurs. Blackhawk incurred such an ownership change on March 19, 2004 and again on November 29, 2004.

**NOTE 10 - PREFERRED STOCK**

There are three classes of preferred stock, A, B & C.

Each Series A holder is entitled to receive cash, stock, or other property, as dividends, and at any time, may redeem the whole or any part of the outstanding Series A Preferred Stock. Each share of Series A is convertible at the option of the holder into 10 shares of common stock. The Series A Preferred Stock will have no voting rights, prior to conversion into shares of common stock.

Each Series B holder is entitled to receive cash, stock or other property, as dividends, and at any time may redeem the whole or any part of the outstanding Series B Preferred Stock. Each share of Series B is convertible at the option of

the holder into 200 shares of common stock. Series B holders are entitled to one vote per share.

Each Series C holder is entitled to receive cash, stock or other property, as dividends, and at any time may redeem the whole or any part of the outstanding Series C Preferred Stock. Series C is not convertible, but each share has 100 votes per share.
