INDEPENDENT ACCOUNT'S REVIEW REPORT

To the Board of Directors
Material Technologies, Inc.

We have reviewed the accompanying balance sheet of Material Technologies, Inc.. (a development stage company) as of September 30, 2002, and the related statements of operations and cash flows for the three-month and nine-month periods ended September 30, 2001 and 2002 and from the Company's inception (October 21, 1983) through September 30, 2002. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to the financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the financial statements referred to above for them to be in conformity with generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS

Note 1.

In the opinion of the Company's management, the accompanying unaudited financial statements contain all adjustments (consisting of normal recurring accruals) necessary to present fairly the financial position of the Company as of September 30, 2001 and 2002 and the results of operations and cash flows for the three-month and nine-month periods then ended. The operating results of the Company on a quarterly basis may not be indicative of operating results for the full year.

Note 2.

In July 2002, the Company settled its pending lawsuit with Stephen Beck. Under the terms of the settlement, Mr. Beck received 1,000,000 shares of the Company common stock. The shares issued are non-dilutive for a period of eighteen months. Pursuant to the terms of the settlement, the Company placed 2,000,000 shares of its common stock in escrow

from which shares will be withdrawn and issued to him in order that his interest in the Company will remain constant during the eighteen-month period. Upon expiration of the eighteen month, the remaining shares held in escrow will be returned to the Company's treasury.

In addition, pursuant to the agreement that the Company had with the attorneys who represented it in this matter, a contingent fee of \$1,481,895 became due them upon settlement of the case. This fee, however, is payable out of the Company's earnings derived before interest, taxes, depreciation and amortization (EBIDA), limited each year to 25% of EBIDA. Unpaid amounts owed towards the fee accrue interest at a rate of 6% per annum until paid in full.

Note 3.

In the third quarter of 2002, the Company issued 50,000 shares of preferred stock for \$47,500. These preferred shares are convertible into 100,000 shares of the Company's common stock.
