Item 8.01 Other Events.

UAL Corporation (the Company) sponsors a cash incentive program for employees called the Success Sharing Program, which consists of two plans, the UAL Corporation Success Sharing Program Performance Incentive Plan (Performance Incentive) and the UAL Corporation Success Sharing Program Profit Sharing Plan (Profit Sharing).

Performance Incentive

Performance Incentive payments are based on the Company's attainment of quarterly and annual performance goals, which are reviewed and approved by the Human Resources Subcommittee of the Board of Directors and change each year. Approximately 54,000 U.S. and non-U.S. employees are eligible to participate in the plan.

For 2007, Performance Incentive consists of two quarterly goals (customer satisfaction and operational reliability) as well as an annual operating earnings goal. For each goal, there are Threshold, Target, and Maximum performance levels, which determine the total payout as follows:

- If the Company performs below Threshold for a goal, the plan makes no payment for that goal.
- If the Company performs at Threshold for a goal, the plan pays about 17% of Target (or 50% for all three goals).
- If the Company achieves Target performance for a goal, the plan pays about 33% of Target (or 100% for all three goals).
- If the Company hits the Maximum performance level for a goal, the plan pays about 67% of Target (or 200% for all three goals).
- To the extent that Company performance falls between Threshold and Target or between Target and Maximum, the percentages described above are pro rated.

If the Company achieves Target performance for all three goals in 2007, the plan would pay approximately \$91 million. In 2006, the Company performed at 120% of Target and the plan will pay approximately \$104 million. In 2005, the Company performed at 80% of target and the plan paid approximately \$76 million.

Profit Sharing

Profit Sharing consists of a single component. For 2006 through 2009, if the Company has more than \$10 million in adjusted pre-tax earnings in the calendar year, 15% of all adjusted pre-tax earnings (7.5% in 2006) will form a pool of money to be divided among approximately 53,000 U.S. employees based on the ratio of each eligible employee's total wages for the year to the total wages of all eligible employees for the year. International employees are not eligible for Profit Sharing. The plan will pay approximately \$11 million for 2006.
