PORTFOLIO OF INVESTMENTS
as of May 31, 2008 (Unaudited) (continued)

Fair Value Measurements - Effective March 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157 (SFAS 157), Fair Value Measurements. This new accounting statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. The three levels of the fair value hierarchy are as follows:

- Level 1 - quoted prices in active markets for identical investments
- Level 2 - other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 - significant unobservable inputs (including the Funds own assumption in determining the fair value of investments)

The inputs or methodology used in valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used as of May 31, 2008 in valuing the Fund's investments at fair value:

	Investments in Securities	Other Financial Instruments*
Level 1- Quoted Prices	\$ 578,517,591	\$
Level 2- Other Significant Observable Inputs	1,023,737,265	
Level 3- Significant Unobservable Inputs		(17,015,475)
Total	\$ 1,602,254,856	\$ (17,015,475)

* Other financial instruments may include forward foreign currency contracts, futures, swaps, and written options, which are valued at the unrealized appreciation/depreciation of the instrument.

A roll forward of fair value measurements using significant unobservable inputs (Level 3) as of May 31, 2008, were as follows:

	Investments in Securities	Other Financial Instruments*
Balance at 02/29/08	\$	\$ (5,820,070)
