Standard & Poor's (S&P) rating action

The following is an update to the discussion in Management's Discussion and Analysis of Financial Condition and Results of Operations under Liquidity and capital resources, which is incorporated herein by reference to pages 48-49 and 65-66 of HEI's and HECO's Quarterly Report on Form 10-Q for the quarter ended September 30, 2010.

On November 15, 2010, S&P issued a Research Update in which it lowered its long-term ratings for HEI and its electric utilities HECO, Hawaii Electric Light Company, Inc. (HELCO) and Maui Electric Company, Limited (MECO) to BBB- from BBB, and indicated the outlook for HECO and HEI as stable. In addition, S&P affirmed its A-3 short-term ratings on HEI and HECO. S&P also revised its financial profile of HEI and HECO to aggressive from significant. The ratings and outlook on HEI's other major subsidiary, American Savings Bank F.S.B. (ASB), (currently at BBB/stable/A-2) are not affected.

S&P indicated the rating downgrade reflects an aggressive financial profile combined with weak cash flow generation at HEI's electric utilities, delays in implementing new utility rate recovery mechanisms, the growing risks of regulatory disallowances in future rate cases, and a protracted recession. S&P's stable outlook reflects its expectation that HEI's consolidated performance will remain at or near current levels for at least the next two years.

The downgrades by S&P of its credit and debt ratings of HEI and HECO may make it more difficult and more expensive for HEI and HECO to issue debt and will increase fees and cost for draw-downs on their syndicated credit facilities.

Credit ratings reflect only the view of the applicable rating agency at the time the ratings are issued, from whom an explanation of the significance of such ratings may be obtained. Such ratings are solely statements by the rating agencies of their opinions and are not recommendations to buy, sell or hold any securities; such ratings may be subject to revision or withdrawal at any time by the rating agencies; and each rating should be evaluated independently of any other rating.

HEI and HECO intend to continue to use HEI's website, www.hei.com, as a means of disclosing material and other important information and for complying with its disclosure obligations under SEC Regulation FD. Such disclosures will be included on HEI's website under the headings News & Events and Financial Information in the Investor Relations section. Accordingly, investors should routinely monitor such portions of HEI's website, in addition to following HEI's, HECO's and ASB's press releases, SEC filings and public conference calls and webcasts. Investors should also refer to the Public Utilities Commission of the State of Hawaii (PUC) website at dms.puc.hawaii.gov/dms in order to review documents filed with and issued by the PUC.
