This free writing prospectus of Dollar General Corporation relates only to the offering of its common stock described in, and should be read together with, the preliminary prospectus supplement, dated June 4, 2012 (the Preliminary Prospectus Supplement), which supplements the prospectus included in Dollar General Corporation's Registration Statement on Form S-3 (File No. 333-165800), as filed with the U.S. Securities and Exchange Commission (the SEC), before deciding to invest in the common stock offered thereby.

| Common stock offered by the selling shareholders: | 30,000,000 shares   |
| Underwriters' option:                             | Certain of the selling shareholders have granted the underwriters a 30-day option to purchase up to 4,500,000 additional shares.  |
| Initial price to the public:                      | \$46.75   |
| Existing investors rights:                        | After giving effect to this offering, Buck Holdings, L.P. will beneficially own approximately 35% of our outstanding common stock (or approximately 34% if the underwriters exercise their option to purchase additional shares in full). As Buck Holdings, L.P.'s ownership may be less than 35% of our outstanding shares of common stock following the completion of the offering and the exercise of a certain portion of the underwriters' option to purchase additional shares, the following actions may no longer require approval of the KKR shareholders party to the shareholders' agreement dated as of November 18, 2009: hiring and firing of our CEO, any change of control as defined in the shareholders' agreement, entering into any agreement providing for the acquisition or divestiture of assets for aggregate consideration in excess of \$1 billion, and any issuance of equity securities for an aggregate consideration in excess of \$100 million. |
|   | Prior to the offering, the shareholders' agreement provided that KKR had the right to designate up to 40% of the total number of directors comprising our board. Following the offering, KKR will have the right to designate up to 30% of the total number of directors comprising our board at such time, so long as Buck Holdings, L.P. beneficially owns more than 30% but less than or equal to 40%, of the then outstanding shares of our common stock.   |
