PART I - FINANCIAL INFORMATION
Item 1. Unaudited Financial Statements

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial reporting and pursuant to the rules and regulations of the Securities and Exchange Commission ("Commission"). While these statements reflect all normal recurring adjustments which are, in the opinion of management, necessary for fair presentation of the results of the interim period, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. For further information, refer to the financial statements and footnotes thereto, which are included in the Company's Registration Statement on Form 10-KSB previously filed with the Commission on April 21, 2003.

The accompanying notes are an integral part of these consolidated financial statements.

USA Telcom Internationale
(a Nevada Corporation)
Notes

Note 1 - Basis of presentation

The consolidated interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these consolidated interim financial statements be read in conjunction with the financial statements of the Company for the year ended December 31, 2002 and notes thereto included in the Company's 10-KSB annual report. The Company follows the same accounting policies in the preparation of interim reports.

Results of operations for the interim periods are not indicative of annual results.

Note 2 - Notes receivable

On January 1, 2003, the Company executed an irrevocable loan agreement in which the borrower agrees to pay the total loan sum of \$300,000 on or before December 30, 2003. This amount includes the principle of \$171,850, and associated points, fees and interest. During the nine month period ended September 30, 2003, total interest income of \$85,434 was accrued.

Note 3 - Related party transactions

During the nine months ended September 30, 2003, the president and CEO loaned a total of \$44,389 to the Company. The loan is due upon demand and bears no interest.

During the nine months ended September 30, 2003, the president and CEO was paid \$10,000 in executive compensation.

The Company does not lease or rent any property. Office space and services are provided without charge by a director. Such costs are immaterial to the financial statements and, accordingly, have not been reflected therein. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such persons may face a

Edgar Filing: USA TELCOM INTERNATIONALE - Form 10QSB

conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

Note 4 - Subsequent events

On November 5, 2003, the Company signed an agreement with a private company to commence negotiations regarding a possible reverse merger with the Company.

-7-

Item 2. Management's Discussion and Plan of Operation

Forward-Looking Statements

This Quarterly Report contains forward-looking statements about USA Telcom Internationale's business, financial condition and prospects that reflect management's assumptions and beliefs based on information currently available. We can give no assurance that the expectations indicated by such forward-looking statements will be realized. If any of our management's assumptions should prove incorrect, or if any of the risks and uncertainties underlying such expectations should materialize, USTC's actual results may differ materially from those indicated by the forward-looking statements.

The key factors that are not within our control and that may have a direct bearing on operating results include, but are not limited to, acceptance of our services, our ability to expand our customer base, managements' ability to raise capital in the future, the retention of key employees and changes in the regulation of our industry.

There may be other risks and circumstances that management may be unable to predict. When used in this Quarterly Report, words such as, "believes," "expects," "intends," "plans," "anticipates," "estimates" and similar expressions are intended to identify forward-looking statements, although there may be certain forward-looking statements not accompanied by such expressions.

Three Months Ended September 30, 2003 Compared to the Three Months Ended September 30, 2002

Income and Loss

The Company did not generate any revenues during the three month period ended September 30, 2003. During the same period in 2002, the Company generated \$8,600 in revenues from operations.

The total operating expenses for the three months ended September 30, 2003 were approximately \$22,134 as compared to approximately \$10,839 for the three months ended September 30, 2002. Management of the Company believes that the increase

Edgar Filing: USA TELCOM INTERNATIONALE - Form 10QSB

resulted primarily from increases in general administrative expenses related to ongoing operational expenses and as the result of compensation paid to an officer of the Company.

During the period ended September 30, 2003, the Company realized \$32,038 in total other income consisting solely of interest income. During the third quarter of 2002, the Company recognized \$459 of interest income and \$83 of interest expense for aggregate other income of \$376. The increase in interest income period-over-period is attributable to a loan agreement for an aggregate of \$300,000, inclusive of points, fees and interest that the Company entered into on January 1, 2003. The total amount of the loan is due on or before December 31, 2003.

In the three months ended September 30, 2003, USA Telcom's operations resulted in net income of approximately \$9,904 as compared to a net loss of approximately \$1,863 for the three months ended September 30, 2002.

Liquidity and Capital Resources

At September 30, 2003, USA Telcom had no cash or cash equivalents. At September 30, 2002, USA Telcom had cash in the amount of \$16,894. The decrease in cash is attributable primarily to an increase of \$267,963 in loans receivable. USA Telcom believes that cash on hand is not sufficient to continue operations for the next twelve months. If our costs of operations increase unexpectedly, we may need to raise additional capital by issuing equity or debt securities in exchange for cash. The President and CEO of the Company has loaned a total of \$44,389 to the Company during the year to date to provide capital to fund the Company's operations. There are no commitments for the President to continue to do so. There can be no assurance that we will be able to secure additional funds in the future to stay in business.

The Company continues to act as an agent in commercial transactions involving Vietnamese purchasers and U.S. manufacturers. USA Telcom also is considering several real estate investments in Vietnam and is examining the possible establishment of a coconut processing facility in Vietnam.

-8-

Item 3. Controls and Procedures

Within 90 days prior to the date of filing of this report, we carried out an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer (who effectively serves as our Chief Financial Officer), of the design and operation of our disclosure controls and procedures. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective for gathering, analyzing and disclosing

Edgar Filing: USA TELCOM INTERNATIONALE - Form 10QSB

the information we are required to disclose in the reports we file under the Securities Exchange Act of 1934, within the time periods specified in the SEC's rules and forms. There have been no significant changes in our internal controls or in other factors that could significantly affect internal controls subsequent to the date of this evaluation.

PART II - OTHER INFORMATION

Item 5. Other Information

On November 5, 2003, the Company signed a memorandum of understanding with a privately-held company to commence negotiations to effect a merger with USA TelCom.

Item 6. Exhibits
