PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

May 13, 2015

This proxy statement is furnished to the shareholders of Rocky Brands, Inc. (throughout the proxy statement the terms “Company,” “we” and “our” refer to Rocky Brands, Inc.) in connection with the solicitation of proxies to be used in voting at the Annual Meeting of Shareholders to be held on May 13, 2015, and at any adjournment thereof. The enclosed proxy is solicited by the Board of Directors of the Company. We began mailing this proxy statement to the Company’s shareholders on approximately April 14, 2015.

The Company will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. Representatives of the Company may solicit proxies by mail, telephone, or personal interview.

All shares represented by a properly submitted proxy will be voted as directed if the proxy is received by the Company before the meeting or, in the absence of specific instructions to the contrary, will be voted in accordance with the unanimous recommendations of the Board of Directors, which are:

FOR the election of Mike Brooks, Glenn E. Corlett, Harley E. Rouda, Jr., and James L. Stewart as Class I Directors of the Company;

FOR the approval, on an advisory nonbinding basis, of the compensation of the Company's named executive officers;

FOR the ratification of Schneider Downs & Co., Inc. as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015; and

at the discretion of the persons acting under the proxy, to transact such other business as may properly come before the meeting or any adjournment thereof.

Any shareholder giving a proxy has the power to revoke it at any time before it is exercised by filing a written notice with the Secretary of the Company prior to the meeting. Shareholders of record who attend the meeting may vote in person, and their proxies will not be used.

Holders of record of common stock of the Company at the close of business on April 2, 2015, the record date for the annual meeting, will be entitled to vote at the annual meeting. At that time, the Company had 7,559,725 shares of common stock outstanding and entitled to vote. Each share of common stock outstanding on the record date entitles the holder to one vote on each matter submitted at the annual meeting.

The presence, in person or by proxy, of a majority of the outstanding shares of common stock of the Company is necessary to constitute a quorum for the transaction of business at the annual meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when brokers, who hold their customers' shares in street name, sign and submit proxies for such shares and vote such shares on some matters, but not others. Typically, this would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on "routine" matters.

The election of each director nominee requires the favorable vote of a plurality of all votes cast by the holders of common stock at a meeting at which a quorum is present. Proxies that are marked "Withhold Authority" and broker non-votes will not be counted toward such nominee's achievement of a plurality and thus will have no effect.

Approval of the proposal relating to the compensation of our named executive officers requires the affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting. Abstentions will be counted as represented and entitles to vote and will therefore have the effect of a vote against the proposal. Broker non-votes are disregarded and will have no effect.

The ratification of Schneider Downs & Co., Inc. as the Company's independent registered public accounting firm requires the affirmative vote of the holders of a majority of the common stock present and entitled to vote on the matter. Broker non-votes will not be counted as being in favor or against the ratification of Schneider Downs & Co., Inc., while abstentions will be counted and will have the effect of a vote against the ratification of Schneider Downs & Co., Inc.

Proposal 1 – Election of Directors

The Company's Code of Regulations provides for a classified board of directors with two classes. Each class of directors consists, as nearly as practical, of one-half of the total number of directors. The total number of authorized directors has been fixed by the Board of Directors at eight. The Board of Directors proposes the re-election of the four incumbent Class I Directors to continue their service as Class I Directors at the 2015 Annual Meeting of Shareholders. The four incumbent Class II Directors will continue in office until the 2016 Annual Meeting of Shareholders. J. Patrick Campbell, a Class II Director since 2004, died in February 2015.

Mike Brooks, Glenn E. Corlett, Harley E. Rouda, Jr., and James L. Stewart are currently Class I Directors of the Company and are being nominated by the Board of Directors for re-election as Class I Directors.

It is intended that, unless otherwise directed, the shares represented by the enclosed proxy will be voted FOR the election of Messrs. Mike Brooks, Glenn E. Corlett, Harley E. Rouda, Jr., and James L. Stewart as Class I Directors. In the event that any of the nominees for director should become unavailable, the number of directors of the Company may be decreased pursuant to the Company's Code of Regulations, or the Board of Directors may designate a substitute nominee, in which event the shares represented by the enclosed proxy will be voted for such substitute nominee.

The Board of Directors recommends that the shareholders vote FOR the election of each of the nominees for Director.

The following table sets forth for each nominee and each continuing director of the Company, such person's name, age, the year in which he became a director of the Company, and his position with the Company.

Proposal 2 – Advisory Vote on the Compensation Paid to Named Executive Officers

Section 14A of the Securities Exchange Act of 1934, as amended, requires the Company to include in its proxy statement at least once every three years an advisory vote regarding named executive officer compensation. In a non-binding advisory vote on the frequency of future say-on-pay votes held at the 2012 Annual Meeting of Shareholders, the Company’s shareholders approved conducting a say-on-pay vote every year by a majority of the votes cast. The Company has considered the outcome of this advisory vote and has determined that the Company will hold say-on-pay votes on an annual basis until the occurrence of the next advisory vote on the frequency of say-on-pay votes. The Company asks that you indicate your approval of the compensation paid to our named executive officers as described in this proxy statement under the heading “Executive Compensation,” which includes compensation tables and narratives included elsewhere in this proxy statement.

Because your vote is advisory, it will not be binding on the Board of Directors. However, the Board of Directors and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation. The Compensation Committee has structured its executive compensation programs primarily to motivate executives to achieve the business goals established by the Company and reward executives for meeting business goals and delivering superior performance as measured against those business goals.

For the reasons discussed above and in this proxy statement under the heading “Executive Compensation,” the Board of Directors recommends that shareholders vote to approve the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.”

The Board of Directors recommends that shareholders vote FOR the approval of the resolution relating to the compensation of named executive officers.

Information Concerning the Board of Directors and Corporate Governance

The Board of Directors of the Company held a total of five meetings during 2014. During 2014, each of the directors attended 75% or more of the total number of (i) meetings of the Board, and (ii) meetings of committees of the Board on which such director served.

Upon consideration of the criteria and requirements regarding director independence set forth in the Marketplace Rules of the NASDAQ Stock Market, the Board of Directors has determined that a majority of its members are independent. Specifically, the Board has determined that each of Messrs. Corlett, Finn, Haning, Loveland, Rouda, and Stewart, meet the standards of independence established by Marketplace Rule 5605(a)(2).

The Company has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The members of the Audit Committee are Messrs. Corlett (Chairman), Haning, and Rouda. The Board of Directors has determined that each of Messrs. Corlett, Haning, and Rouda are independent as independence is defined in Marketplace Rule 5605(a)(2) and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended, and that the Audit Committee meets the composition requirements of Marketplace Rule 5605(c)(2). The Board of Directors has determined that Mr. Corlett meets the requirements of an “audit committee financial expert” as set forth in Section 407(d)(5) of Regulation S-K promulgated by the Securities and Exchange Commission (“SEC”).

The Audit Committee met nine times during 2014. The Audit Committee oversees and monitors management’s and the independent registered public accounting firm’s participation in the accounting and financial reporting processes and the audits of the financial statements of the Company. The Audit Committee has the responsibility to appoint, compensate, retain and oversee the work of the independent registered public accounting firm and to consult with the independent registered public accounting firm on matters relating to the scope of the audit, any non-audit assignments and related fees, the accounting principles used by the Company in financial reporting, internal financial auditing procedures, and the adequacy of the Company’s internal control procedures. The Audit Committee is governed by an Amended and Restated Audit Committee Charter, which is posted on the Company’s website at www.rockybrands.com. The Audit Committee Report relating to the 2014 fiscal year appears beginning on page 35.

The members of the Compensation Committee are Messrs. Finn (Chairman), Stewart, and Corlett. J. Patrick Campbell served as a member and Chairman of the Compensation Committee until his death in February 2015, at which time Mr. Corlett joined the Committee and Mr. Finn became Chairman. The Board of Directors has determined that each of Messrs. Finn, Stewart, and Corlett are independent as independence is defined in Marketplace Rule 5605(a)(2). The Compensation Committee is governed by an Amended and Restated Compensation Committee Charter, which is posted on the Company’s website at www.rockybrands.com. The Compensation Committee met 10 times during 2014. This Committee administers the 2014 Omnibus Incentive Plan, the 2012 Incentive Compensation Plan, and approves compensation for the Company’s executive officers. The Compensation Committee report relating to the

2014 fiscal year appears on page 33. For more information on the Compensation Committee, please refer to “Executive Compensation – Compensation Discussion and Analysis – The Compensation Committee,” beginning on page 13.

The members of the Nominating and Corporate Governance Committee are Messrs. Haning (Chairman), Finn, and Rouda. J. Patrick Campbell and Glenn E. Corlett served as members and Mr. Finn served as Chairman of the Nominating and Corporate Governance Committee until Mr. Campbell’s death in February 2015, at which time Mr. Haning joined the Committee as Chairman and Mr. Rouda also joined the Committee. The Board of Directors has determined that each of Messrs. Haning, Finn, and Rouda are independent as independence is defined in Marketplace Rule 5605(a)(2). The Nominating and Corporate Governance Committee Charter is posted on the Company’s website at www.rockybrands.com. The Nominating and Corporate Governance Committee met three times during 2014. The Nominating and Corporate Governance Committee oversees the director nomination process and reviews related party transactions. The Nominating and Corporate Governance Committee has the responsibility to identify and recommend individuals qualified to become directors.

When considering potential candidates, the Nominating and Corporate Governance Committee reviews the candidate's character, judgment, and skills, including financial literacy, and experience in the context of the needs of the Board of Directors. Neither the Nominating and Corporate Governance Committee nor the Board of Directors has a formal policy with regard to the consideration of diversity in identifying director nominees; however, how a specific nominee contributes to the diversity of the Board of Directors is considered by both the Nominating and Corporate Governance Committee and the Board of Directors in determining candidates for the Board. The Committee and the Board consider diversity by identifying a nominee's experience and background and determining how such experience and background will complement the overall makeup of the Board. The Committee and the Board prefer nominees who will contribute to a board that is diverse in terms of business training, experience across a range of industries, leadership, background, and education. The Company generally does not pay any third parties to identify or evaluate, or assist in identifying or evaluating, potential nominees.

The Nominating and Corporate Governance Committee considers the recommendations of shareholders regarding potential director candidates. In order for shareholder recommendations regarding possible director candidates to be considered by the Nominating and Corporate Governance Committee:

such recommendations must be provided to the Nominating and Corporate Governance Committee c/o Rocky Brands, Inc., 39 East Canal Street, Nelsonville, Ohio 45764, in writing at least 120 days prior to the date of the next scheduled annual meeting;

the nominating shareholder must meet the eligibility requirements to submit a valid shareholder proposal under Rule 14a-8 of the Securities Exchange Act of 1934, as amended; and

the nominating shareholder must describe the qualifications, attributes, skills, or other qualities of the recommended director candidate.

The Nominating and Corporate Governance Committee also has the responsibility to develop and recommend to the Board of Directors a set of corporate governance principles applicable to the Company and to administer and oversee the Company's Code of Business Conduct and Ethics.

Mr. Sharp serves as the Chief Executive Officer, and Mr. Brooks serves as the Chairman of the Board of Directors. Although the Board does not have a lead independent director position, the Board believes that each incumbent director's knowledge of the Company and industry as a result of his years of service on the Board, and the fact that each of the directors other than Mr. Brooks and Mr. Sharp is independent, allows the independent directors to provide appropriate independent oversight of management and to hold management accountable for the execution of strategy. The Board has determined that its leadership structure, including each of the committees of the Board, is appropriate because it allows for beneficial communication between the outside directors and the management of the Company and effective management of the oversight tasks required of the Board.

Our Chief Executive Officer is responsible for providing day-to-day leadership and establishing the Company's course of action for achieving performance goals, while the other independent directors provide strategic guidance. The Board of Directors believes that this structure helps facilitate the role of the independent directors in the oversight of the Company and the active participation of the independent directors in setting agendas and establishing priorities and procedures that work for the Board of Directors. The Chairman acts as a key liaison between the Board of Directors and management.

Our Chief Executive Officer and senior management are responsible for the day-to-day management of the risks we face. Our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management, including general oversight of (i) the financial exposure of the Company, (ii) risk exposure as related to the overall Company portfolio and impact on earnings, (iii), oversight of information technology security and risk, and (iv) all systems, processes, and organizational structures and people responsible for finance and risk functions. Certain risks are overseen by committees of the Board of Directors and these committees make reports to the full Board of Directors, including reports on noteworthy risk management issues. Financial risks are overseen by the Audit Committee which meets with management to review the Company's major financial risk exposure and the steps management has taken to monitor and control such exposures. Compensation risks are overseen by the Compensation Committee.

Members of the Company's senior management report to the full Board of Directors about their areas of responsibility, including reports regarding risk within such areas of responsibility and the steps management has taken to monitor and control such exposures. Additional review or reporting of risks is conducted as needed or as requested by the Board of Directors or its committees.

We believe that our board leadership structure promotes effective oversight of the Company's risk management by providing unified leadership through a single person, while allowing for contributions from our independent Board members, all of whom are fully engaged in Board deliberations and decisions.

The Company's Board of Directors welcomes communications from shareholders. Shareholders may send communications to the Board of Directors, or to any director in particular, c/o Rocky Brands, Inc., 39 East Canal Street, Nelsonville, Ohio 45764. Any correspondence addressed to the Board of Directors, or to any one of the Company's directors in care of our offices is forwarded to the addressee without review by management.

It is the Company's expectation that all members of the Board of Directors attend the Annual Meeting of Shareholders. All members of the Company's Board of Directors were present at the Company's 2014 Annual Meeting of Shareholders.

Executive Compensation

The following information provides discussion, analysis and data tables regarding the compensation of our named executive officers (“NEOs”), who are those officers listed in our Summary Compensation Table on page 20.

Compensation Discussion and Analysis

We have prepared this Compensation Discussion and Analysis (“CD&A”) to provide you with our perspective on executive compensation so that you may understand our compensation policies and our decisions regarding compensation for our NEOs. We recommend that you review the various executive compensation tables below in conjunction with this CD&A. Unless otherwise noted, the policies, plans and other information in this CD&A apply to all of our NEOs. Our CD&A covers the following topics:

the role of the Compensation Committee in setting executive compensation;

our compensation philosophy and its underlying principles – including the objectives of our executive compensation program and what it is designed to reward;

our process for setting executive compensation; and

the elements of our executive compensation program – including a discussion of why we choose to pay each element of compensation, how we determine the amount of such element, and how each element fits into our overall compensation objectives and “total compensation” for our NEOs.

The Compensation Committee

The Compensation Committee (referred to in this CD&A as the “Committee”) was appointed by our Board of Directors and is governed by a written charter that is available in the corporate governance section of our website, www.rockybrands.com. The Committee members are Michael L. Finn, Chairman, James L. Stewart and Glenn E. Corlett. J. Patrick Campbell served as a member and Chairman of the Committee until his death in February 2015, at which time Mr. Corlett joined the Committee and Mr. Finn became Chairman. Our Board of Directors has determined that each of the Committee members is independent under the standards of independence established by Marketplace Rule 5605(a)(2). In addition, each of the Committee members is a “non-employee” director as defined by Rule 16b-3 under the Securities Exchange Act of 1934 and an “outside director” as defined by the Internal Revenue Code.

Pursuant to its charter, the Committee has the authority and responsibility to:

review and approve on an annual basis the corporate goals and objectives with respect to compensation for the chief executive officer and evaluate at least once a year the chief executive officer's performance in light of these established goals and objectives and based upon these evaluations have sole authority to set the chief executive officer's annual compensation, including salary, bonus, incentive, and equity compensation;

in determining the incentive component of the chief executive officer's compensation, consider the Company's performance and relative stockholder return, the value of similar incentive awards given to chief executive officers at comparable companies, the awards given to the Company's chief executive officer in past years, and the results of the most recent stockholder advisory vote on executive compensation ("Say on Pay Vote") required by Section 14A of the Exchange Act;

review and approve on an annual basis the evaluation process and compensation structure for all of the Company's non-CEO executive officers and evaluate the performance of such executive officers and approve the annual compensation, including salary, bonus, incentive, and equity compensation, for such executive officers, considering the results of the most recent Say on Pay Vote;

review and approve on an annual basis the compensation structure for any other employee of the Company who is a family member of an executive officer or director of the Company and evaluate the performance of such family member employees and approve the annual compensation, including salary, bonus, incentive, and equity compensation, for such family member employees;

review and make recommendations to the Board regarding any employment agreements and any severance arrangements or plans, including any benefits to be provided in connection with a change in control, for the chief executive officer and other executive officers;

review and recommend to the Board the compensation for Board members;

meet to review and discuss with management the CD&A required by the rules and regulations of the SEC and recommend to the Board whether the CD&A should be included in the Company's proxy statement or other applicable SEC filings;

produce an annual report on executive compensation for inclusion in the proxy statement or annual report on Form 10-K as the Compensation Committee Report, which will state whether the Committee reviewed and discussed with management the CD&A, and whether, based on such review and discussion, the Committee recommended to the Board that the CD&A be included in the Company's proxy statement or other applicable SEC filing;

review the Company's compensation programs and plans, including, but not limited to, the Company's incentive compensation, equity-based, retirement, and other benefit plans and recommend changes in such plans to the Board and exercise all the authority of the Board with respect to the administration of such plans, including designation of the employees to whom the awards are to be granted, the amount of the award or equity to be granted, and the terms and conditions applicable to each award or grant, subject to the provisions of each plan;

in reviewing and making recommendations regarding incentive compensation plans and equity-based plans, including whether to adopt, amend or terminate any such plans, consider the results of the most recent Say on Pay Vote; and

review the charter periodically for adequacy and recommend to the Board any necessary changes.

The Committee has the sole authority, to the extent it deems necessary or appropriate, to retain any compensation consultant to assist in the evaluation of executive compensation and has the sole authority to approve any such firm's fees. The Committee also has the authority to obtain the advice of and assistance from internal or external legal, accounting or other advisors, and may request any officer or employee of our Company, our outside counsel or independent registered public accounting firm to attend a meeting of the Committee or meet with any member of, or consultants to, the Committee. The Committee will evaluate whether any compensation consultant retained or to be retained by it has any conflict of interest in accordance with Item 407(e)(3)(iv) of Regulation S-K. Any compensation consultant retained by the Committee to assist with its responsibilities relating to executive compensation will not be retained by the Company for any compensation or other human resource matters.

The Committee meets as often as its members deem necessary to discharge its duties and responsibilities and held 10 meetings during fiscal 2014. The Chairman of the Committee works in conjunction with our Chairman, Chief Executive Officer and Chief Financial Officer to establish the meeting agenda. The Committee typically meets with the Chairman, Chief Executive Officer, Chief Financial Officer and outside legal advisors and, where appropriate, other executive officers of our Company. In addition, the Committee regularly meets in executive session without management. Generally, the Committee receives and reviews materials in advance of each meeting. These materials include information that management believes will be helpful to the Committee as well as materials that the Committee has specifically requested.

Compensation Philosophy

The philosophy of the Committee is to make compensation decisions based on an executive compensation program that is designed to meet the following objectives:

- to attract and retain qualified executives;
- to reward current and past individual performance;
- to provide short-term and long-term incentives for superior future performance;
- to align compensation policies to further shareholder value; and
- to relate total compensation to individual performance and performance of our Company.

The Committee believes that an executive compensation program designed with these objectives in mind has a direct impact on the success of the business by helping to ensure we have qualified executive talent in the right positions at the right time. Our executive compensation program helps ensure that our leadership group is focused on performing effectively to deliver results and build long-term shareholder value.

The Committee periodically reviews the compensation programs and policies that apply to all of our employees and has determined that such programs and policies are not reasonably likely to have a material adverse effect on us. Additionally, in establishing and reviewing the executive compensation programs, the Committee considers whether the programs encourage unnecessary or excessive risk taking and has determined that they do not. The Committee also considered the result of the 2014 advisory, non-binding “say-on-pay” vote in connection with the discharge of its responsibilities. Because approximately 95% of the votes cast approved the compensation for our NEOs described in our 2014 proxy statement, the Committee determined that no changes to our compensation programs were warranted as a result of the shareholder advisory vote.

Compensation Tax Philosophy

Internal Revenue Code Section 162(m) bars a deduction to any publicly held corporation for compensation paid to a “covered employee” in excess of \$1 million per year unless objective performance criteria are set by the Committee

prior to or within 90 days after the beginning of a performance period but in no event after 25% of the performance period has elapsed (or such earlier or later date as is permitted by Section 162(m)). Generally, we intend that compensation paid to NEOs shall be deductible to the fullest extent permitted by law. We may make payments that are not fully deductible if, in our judgment, such payments are necessary to achieve our compensation objectives and to protect shareholder interests.

Compensation Committee Process for Determining Executive Compensation

A substantial amount of the Committee's annual cycle of work relates to the determination of compensation for our executive officers, including our Chief Executive Officer. Generally, during or prior to the first quarter of our fiscal year, the Committee makes determinations of base cash compensation, incentive compensation percentages for the year, and equity grants for executive officers, including our Chief Executive Officer. For a discussion of each individual element of compensation and how it is specifically determined, refer to "Compensation Program Elements" below.

Although many compensation decisions are made near the beginning of the first quarter of the fiscal year, our compensation planning process is not a rigid yearly process with fixed beginning and end points. Rather, compensation decisions are designed to promote our compensation philosophy and principles throughout the year. The Committee believes that evaluation of executive performance, business and succession planning, and consideration of our business environment are year-round processes, and the Committee members monitor these as such.

Our Chief Executive Officer is not permitted to be present during deliberations or voting on his compensation. During this process, the Committee reviews and approves any new corporate goals and objectives with respect to compensation for our Chief Executive Officer. In light of the established goals and objectives, the Committee evaluates the performance of the Chief Executive Officer and, based upon these evaluations, sets the Chief Executive Officer's compensation. The Compensation Committee also reviews and approves on an annual basis the evaluation and compensation structure for the Company's other executive officers, including approval of salary, bonus, incentive, and equity compensation. Our Chief Executive Officer is present and provides input at the meetings and deliberations on the compensation of the Company's other executive officers but is not permitted to be present at the vote.

Compensation Program Elements

In fiscal 2014, our NEOs received the following elements of compensation:

· salary;

· bonus for Messrs. M. Brooks, Simms and Adam;

· non-equity incentive compensation;

· equity compensation;

· retirement benefits; and

· health and welfare benefits.

The Committee carefully considered and chose each compensation program element as a critical component in a comprehensive "total compensation" package. Each element is intended to reward and motivate executives in different ways consistent with our overall compensation principles and philosophy. Each of the elements has a critical relationship with one another with each focusing on and rewarding different areas. These elements are necessary for us to achieve our compensation program objectives.

(1)

Salary:

Salary is utilized to compensate our executive officers for services rendered during the fiscal year. The Committee annually reviews and approves the compensation package of each NEO, including salary. The Committee considers an individual's qualifications and experience in setting an executive's salary. In determining salary increases, the Committee considers the size and responsibility of the individual's position and the individual's overall performance and future potential. The Committee considers these factors subjectively in the aggregate. Because the Committee believes that each of the factors is significant, the Committee does not assign a formula weight to any single factor in determining a salary increase.

Please refer to the "Salary" column in the Summary Compensation Table on page 20 for more information on each NEO's salary for fiscal 2014.

(2)

Bonus:

Discretionary bonuses were awarded by the Committee to Messrs. Brooks, Simms and Adam for performance in 2014 in recognition of their contributions to the Company.

(3)

Non-Equity Incentive Compensation:

Non-equity incentive compensation ("IC") for our NEOs is determined under an annual incentive compensation plan (the "IC Plan") that is designed and approved by the Committee. Our IC Plan is designed to provide a competitive cash compensation program for recruiting and retaining executive talent and a short-term incentive and reward program that aligns pay with performance and motivates our executives to achieve results. The IC Plan pays cash awards based upon the achievement of key corporate objectives. In December 2013, the Committee designed and approved an IC Plan for the fiscal year ending December 31, 2014 (the "2014 Plan").

When setting IC, the Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices. The Committee considers these factors subjectively in the aggregate. IC is based on base salary and a corresponding percentage of all IC payouts if Company performance goals are met. Payment of IC is prorated based on the performance level achieved. The Committee establishes the financial performance goals under the IC Plan for the fiscal year. These goals are generally determined near the beginning of the year and are based on an analysis of historical performance and growth expectations for our business, expectations of the public markets, and progress toward achieving our long-range strategic plan for the business.

Messrs. Sharp, McDonald, J. Brooks, Simms, and Adam were eligible to receive IC under the 2014 Plan. The 2014 Plan had two separate measurement periods, Spring being January through June, and Fall being July through December. The cash incentive was based on a percentage of base salary if performance goals were met for the particular period. Potential awards for the Spring period were weighted at 33.3% and potential awards for the Fall period were weighted at 66.7%, respectively, of the total amount of any cash awards made under the 2014 Plan.

The Committee determined that the performance criteria for the 2014 Plan would be based upon the Company's adjusted operating income for Messrs. Sharp and McDonald. Adjusted operating income was based on the Company's actual operating income, plus other income to the extent it represented licensing income, less any expenses attributable to the 2014 Plan and the grants of restricted shares and stock options to employees. Threshold was set at 85% of the target and the maximum was set at 120% of the target.

The performance criteria for Messrs. J. Brooks, Simms and Adam for Spring 2014 were based 70% on profit contribution, which was determined in the reasonable discretion of the Committee based on Company financial and accounting records, at the business unit level applicable to each and 30% on individual goals. For Fall 2014, the Committee determined that the performance criteria for Messrs. J. Brooks, Simms and Adam would be based 50% on the Company's adjusted operating income, 25% on profit contribution at the applicable business unit level and 25% on individual goals. No payout would have occurred on business unit achievement of goals unless the threshold was achieved at the Company level.

The Committee approved the following threshold, target and maximum payouts based on specified levels of adjusted operating income or profit contribution, as applicable:

	Payout as a Percentage of Base Salary					
	Threshold		Target		Maximum	
David Sharp	19	%	95	%	190	%
James E. McDonald	12	%	60	%	120	%
Jason Brooks	10	%	50	%	100	%
Richard Simms	8	%	40	%	80	%

Gary Adam 6.6 % 33 % 66 %

The seasonal achieved payout factor was (i) multiplied by the participant's target opportunity expressed as a percentage of base salary, (ii) multiplied by the seasonal weight (33.3% for Spring and 66.7% for Fall), and (iii) multiplied by the participant's base salary to arrive at the participant's IC for the season. No IC payments were to be made if we did not meet our threshold performance target. When the performance results fall somewhere between the threshold and target amounts or between the target and maximum amounts, the payout is prorated accordingly. The Committee believes that the 2014 Plan goals represented an appropriate and substantial degree of difficulty for achieving a payout.

The actual Spring 2014 IC payouts were based on achievement at the Company level of 89.7% between the target and maximum level. Additionally, the U.S. Wholesale unit achieved at a level of 95.9% between the target and maximum level and the International unit achieved at a level above the maximum. The Retail unit did not achieve threshold.

The actual Fall 2014 IC payouts were based on achievement at the Company level of 36.5% between the target and maximum level. Additionally, the U.S. Wholesale unit achieved at a level of 43.3% between the target and maximum level. The Retail and International units did not achieve threshold.

(4) Equity Compensation:

The Committee believes that equity-based compensation opportunities encourage a high level of long-term performance that enhances shareholder value, thereby further linking leadership and shareholder objectives. Equity compensation is intended to motivate our NEOs to contribute to our future growth and profitability and to reward performance in a manner that:

- provides them with a means to increase their holdings of the common stock of the Company; and
- aligns their interests with the interests of the shareholders of the Company.

Equity compensation is granted to our NEOs under our 2004 Stock Incentive Plan or 2014 Omnibus Incentive Plan (collectively, the “Plans”). The Committee determines the award opportunity level for each NEO based on the individual’s responsibility level and potential with our Company, competitive practices, the number of shares available for grant, business needs, individual and Company performance, and the market price of our common stock.

In 2014, we awarded stock options, restricted share units and performance share units to NEOs in the amounts set forth in the Summary Compensation Table and Grants of Plan-Based Awards Table found below beginning on page 20.

(a) *Stock Options:*

In January 2014, we granted options to our NEOs. The options vest over five years at the rate of 20% per year based on continued employment with the Company.

(b) *Restricted Share Units:*

In January 2014, we granted restricted share units to our NEOs. The restricted share units vest over four years at a rate of 25% per year based on continued employment with the Company.

(c)

Performance Share Units:

In January 2014, we granted performance share units to our NEOs. The vesting of the performance share units is based on (i) continued employment with the Company for a two-year period and (ii) the achievement of reasonable cumulative diluted earnings per share growth-rate target that is measured over that two-year period. The targeted cumulative diluted earnings per share growth-rate is approximately 50% cumulatively over two years, and the threshold cumulative diluted earnings per share growth-rate is approximately 40% cumulatively over two years. If we achieve the targeted cumulative earnings per share, then 100% of the units vest upon the two-year cliff vesting date. If we achieve the threshold cumulative earnings per share, then 20% of the units vest upon the two-year cliff vesting date. No units vest if the cumulative diluted earnings per share is less than the threshold. A pro rata amount of the units vest if the cumulative diluted earnings per share falls between the threshold and the target. In March 2015, the Committee determined that it had set the performance goals too high to be a meaningful incentive and adjusted the targeted cumulative diluted earnings per share growth-rate from approximately 50% to approximately 40% and the threshold targeted cumulative diluted earnings per share growth rate from approximately 40% to approximately 30%, over two years.

(5) All Other Compensation:

The “All Other Compensation” column in our Summary Compensation Table on page 20 primarily consists of these items:

annual employer contributions into the retirement/401(k) plan; and

employer-paid premiums for life insurance.

(a) *Retirement and 401(k) Plan:*

We sponsor a qualified retirement and 401(k) plan for eligible employees (the “Retirement Plan”). The Retirement Plan allows NEOs to defer a portion of their total cash compensation (up to IRS limits) into this retirement account on a pre-tax basis. Our NEOs do not receive a Company match on any money they defer into the Retirement Plan. We make an annual contribution into the Retirement Plan for eligible employees, including NEOs, of three percent of applicable salary.

These annual employer contribution amounts to NEOs are included in the Summary Compensation Table’s “All Other Compensation” column on page 20 below.

(b) *Employer-Paid Premiums for Life Insurance:*

We provide each of our NEOs with basic group term life insurance with a death benefit of \$150,000. This is a relatively inexpensive benefit that we offer to our executives. This element of compensation, though relatively small, provides one additional item to the overall compensation package which strengthens our ability to recruit and retain talented executives.

We also provide Messrs. Brooks, Sharp, and McDonald with individual term life insurance policies that have death benefits of \$1,000,000, \$500,000 and \$500,000, respectively, to be paid to each individual’s beneficiary in the event of his death.

We also provide Mr. Brooks with compensation to cover the premiums under an insurance policy that was previously a split-dollar arrangement. The split-dollar arrangement was terminated in 2002. We agreed to pay Mr. Brooks

\$80,000 per year through 2014 in order to restore the cash value of the insurance policy to what it would have been if the split-dollar arrangement had not been terminated.

For specific premium amounts paid, please refer to the Summary Compensation Table's "All Other Compensation" column and footnotes below on page 20.

(c)

Employment Agreements:

We have entered into employment agreements with each of Messrs. M. Brooks Sharp, McDonald, Adam, J. Brooks, and Simms. For a discussion of these agreements, please refer to "Agreements with NEOs and Potential Payments upon Termination or Change in Control" beginning on page 24 below. Mr. M. Brooks' agreement terminated on December 31, 2014, upon his retirement from his position of Executive Chairman.

(6) Health and Welfare Benefits:

In addition to the compensation and benefits programs discussed in this proxy statement, we offer our employees, including our NEOs, a comprehensive benefits program. This program is designed to provide the employees and their families with competitive coverage at competitive rates. We strive to provide the employees with appropriate health benefits (medical, pharmacy, dental, and vision) to help protect the physical, mental, and financial health of our employees and their immediate families.

Agreements with NEOs and Potential Payments Upon Termination or Change in Control

Effective January 2, 2014, we entered into employment agreements (the “2014 Employment Agreements”) with each of Mike Brooks, David Sharp, James McDonald, Jason Brooks, Richard Simms, and Gary Adam (collectively, the “Executives”). Mr. M. Brooks retired from his position as Executive Chairman of the Company on December 31, 2014, and now serves as a non-executive Chairman.

Each Executive’s employment is at will, which means that subject to the terms of his employment agreement, either the Company or the Executive may terminate the Executive’s employment at any time for any reason or for no reason.

In exchange for performing the duties and responsibilities customarily performed by persons employed in a similar executive capacity, each Executive is entitled to an annual base salary, which may be decreased up to 20%, or increased, subject to the approval of the Board of Directors. Each Executive is also entitled to participate in additional compensation and employee benefit plans as are made available to similarly situated executives.

The Executives agree to maintain the confidential information of the Company and to assign all inventions to the Company, and the Executives will not compete with the Company for 12 months following termination of employment for any reason (six months for Messrs. J. Brooks, Simms, and Adam) or solicit the employees of the Company for 12 months following termination of employment for any reason.

In the event of termination of an Executive by the Company for cause or due to the Executive’s death or disability (as defined in each employment agreement), or by the Executive for any reason, the Company will pay the Executive only the earned but unpaid portion of his base salary through the termination date.

Cause is defined in each employment agreement to include:

commission of an act of dishonesty involving the Company, its business or property, including, but not limited to, misappropriation of funds or any property of the Company;

- engagement in activities or conduct clearly injurious to the best interests or reputation of the Company;

willful and continued failure to substantially perform duties (other than as a result of physical or mental illness or injury), after the Board of Directors delivers a written demand for substantial performance that specifically identifies the manner in which the Board believes the Executive has substantially not performed his duties;

illegal conduct or gross misconduct that is willful and results in material and demonstrable damage to the business or reputation of the Company;

the clear violation of any of the material terms and conditions of the employment agreement or any other written agreement or agreements the Executive has with the Company (following 30 days' written notice from the Company specifying the violation and the Executive's failure to cure such violation within such 30-day period);

the clear violation of the Company's code of business conduct or the clear violation of any other rules of behavior as may be provided in any employee handbook which would be grounds for dismissal of any employee of the Company;
or

commission of a crime which is a felony, a misdemeanor involving an act of moral turpitude, or a misdemeanor committed in connection with employment by the Company.

In the event an Executive is terminated by the Company without cause, the Company will pay the Executive the earned but unpaid portion of his base salary through the termination date, and will continue to pay his base salary for an additional 12 months (six months for Messrs. J. Brooks, Simms, and Adam); provided, however, any such payments will immediately end if the Executive is in violation of his obligations under his employment agreement or if the Company learns of any facts that would have been grounds for termination for cause. Such payments will be reduced by 50% if the Executive becomes employed or self-employed. Additionally, the Company will pay the Executive any unearned bonus for a completed bonus period and a pro-rated bonus, if any, for such bonus that would have been payable had the Executive remained employed throughout the bonus period, based on the actual performance of the Company.

Under Mr. M. Brooks' Employment Agreement, the Company would have continued to pay his base salary following a termination without cause until the later of the six month anniversary of the effective date of the termination or January 1, 2015, regardless of if Mr. M. Brooks became employed or self-employed during that period.

Finally, in the event Messrs. M. Brooks, Sharp or McDonald is terminated within 13 months following a Change in Control other than for disability or cause, or he terminates for good reason within such period then the Company will pay him any earned but unpaid portion of his base salary and any bonus, incentive compensation or any other benefit to which he is entitled under the employment agreement, plus 2.5 times for Mr. Sharp, 1.5 times for Mr. McDonald, and one times for Mr. M. Brooks, an amount equal to 20% of his base salary and any incentive bonus compensation during each of the most recent five taxable years, excluding the value of certain stock options, restricted share awards, contributions to qualified plans, and other fringe benefits or perquisites, and subject to additional restrictions provided in each employment agreement. None of the Employment Agreements for Messrs. J. Brooks, Simms, or Adam have provisions regarding payments for termination following a change in control.

The total amount paid to Messrs. Sharp or McDonald as a result of termination following a Change in Control may not exceed 1.0% for Mr. Sharp, or 0.5% for Mr. McDonald, of the aggregate valuation (as defined in each employment agreement) of the consideration exchanged in the Change in Control or the fair market value of the Company's equity securities at the time of a Change in Control. This provision is not applicable to Mr. M. Brooks under his Employment Agreement and is therefore not included. In addition, all of Messrs. M. Brooks, Sharp, or McDonald's outstanding stock options and restricted stock awards will become 100% vested and exercisable, and the Company will maintain for 12 months (or until he begins new employment, if earlier) all life insurance, medical, health and accident, and disability plans or programs to which he is entitled.

Good Reason is defined in each employment agreement for Messrs. M. Brooks, Sharp and McDonald to include:

a material change in status, position or responsibilities which does not represent a promotion from existing status, position or responsibilities as in effect immediately prior to the Change in Control; the assignment of any duties or responsibilities or the removal or termination of duties or responsibilities (except in connection with the termination of employment for total and permanent disability, death, or cause, or by Messrs. M. Brooks, Sharp, or McDonald other than for good reason), which are materially inconsistent with such status, position or responsibilities;

a reduction in base salary or the Company's failure to increase (within twelve months of the last increase in base salary) base salary after a Change in Control in an amount which at least equals, on a percentage basis, the average percentage increase in base salary for all executive and senior officers of the Company, in like positions, which were effected in the preceding twelve months;

the relocation of the Company's principal executive offices to a location more than 75 miles from Nelsonville, Ohio or the relocation of Messrs. M. Brooks, Sharp, or McDonald's regular office assignment by the Company to any place outside of a 15 mile radius of Nelsonville, Ohio, except for required travel on the Company's business to an extent consistent with business travel obligations at the time of a Change in Control;

the failure of the Company to continue in effect, or continue or reduce Messrs. M. Brooks, Sharp, or McDonald's participation in, on a percentage basis, by more than the average percentage decrease for all executive and senior officers of the Company, in like positions, which were effected in the preceding twelve months, any incentive, bonus or other compensation plan in which he participates, including but not limited to the Company's stock option plans, unless an equitable arrangement has been made or offered with respect to such plan in connection with the Change in Control;

the failure by the Company to continue to provide benefits substantially similar to those enjoyed under any of the Company's pension, profit sharing, life insurance, medical, dental, health and accident, or disability plans at the time of a Change in Control, the taking of any action by the Company which would directly or indirectly materially reduce any of such benefits at the time of the Change in Control, or the failure by the Company to provide the number of paid vacation and sick leave days in accordance with the Company's normal vacation policy in effect;

the failure of the Company to obtain a satisfactory agreement from any successor or assign of the Company to assume and agree to perform the employment agreement;

any request by the Company that Messrs. M. Brooks, Sharp, or McDonald participate in an unlawful act or take any action constituting a breach of a professional standard of conduct; or

any breach of the employment agreement by the Company.

Aggregate Valuation is defined in each employment agreement for Messrs. M. Brooks, Sharp and McDonald to mean the total amount of all cash, securities, contractual arrangements and other properties paid in connection with a Change in Control, or the fair market value of the Company's equity securities at the time of a Change in Control, depending on how the Change in Control is effected. Aggregate valuation could also include (depending on how the Change in Control is effected):

the amount of any short-term debt and long-term liabilities of the Company;

the value of any current assets not purchased, minus the value of any current liabilities not assumed;

the fair market value of the equity securities of the Company retained by the Company's security holders following a Change in Control; and

any securities received by the Company's security holders in exchange for or in respect of securities of the Company following a Change in Control.

Change in Control is defined in each employment agreement for Messrs. M. Brooks, Sharp and McDonald to include the following:

any person or group shall acquire beneficial ownership of shares of the outstanding stock of any class or classes of the Company which results in such person or group possessing more than 50% of the total voting power of the Company's outstanding voting securities ordinarily having the right to vote for the election of directors of the Company;

as the result of, or in connection with, any tender or exchange offer, merger or other business combination, the owners of the voting shares of the Company outstanding immediately prior to such transaction own less than a majority of the voting shares of the Company after the transaction;

during any period of two consecutive years during the term of the employment agreement, individuals who at the beginning of such period constitute the Board of Directors of the Company (or who take office following the approval of a majority of the directors then in office who were directors at the beginning of the period) cease for any reason to constitute a majority thereof, unless the election of each director who was not a director at the beginning of such period has been approved in advance by directors of the Company representing at least one-half of the directors then in office who were directors at the beginning of the period; or

the sale, exchange, transfer, or other disposition of all or substantially all of the assets of the Company shall have occurred.

Salary Continuation Agreement with Mr. M. Brooks

Mr. M. Brooks also entered into a salary continuation agreement with the Company effective as of May 1, 1984, amended December 22, 2008, to comply with Section 409A of the Internal Revenue Code. The agreement provides that certain benefits will be paid to Mr. M. Brooks or a designated beneficiary upon retirement, death, or termination of employment with the Company (or an affiliate). Under the agreement, Mr. M. Brooks qualifies for the benefits after 15 years of service with the Company or a predecessor corporation. If Mr. M. Brooks retires after age 65, Mr. M. Brooks or his beneficiary will receive monthly payments of \$2,500 for a ten-year period commencing 90 days after

retirement. If Mr. M. Brooks had died before age 65, the beneficiary would have received a payment, annually for a ten-year period, of the greater of \$17,250 or the amount Mr. M. Brooks would have received had he terminated his employment after age 65, reduced by an amount equal to $\frac{5}{9}$ ths of one percent times the number of months remaining before Mr. M. Brooks would have reached age 65. If Mr. M. Brooks had terminated his employment with the Company for any reason prior to age 65, Mr. M. Brooks would have been entitled to receive the greater of the cash surrender value of a policy of insurance purchased by the Company on the life of Mr. M. Brooks or the amount Mr. M. Brooks would have received had he terminated his employment after age 65, reduced by an amount equal to $\frac{5}{9}$ ths of one percent times the number of months remaining before Mr. M. Brooks would have reached age 65. Finally, the agreement provides that Mr. M. Brooks will not, during or after his employment with the Company, directly or indirectly, compete with the Company or disclose any confidential information relative to the business of the Company. If Mr. M. Brooks breaches this or any other covenant under the agreement, no further payments are due or payable by the Company to Mr. M. Brooks or his beneficiary, and the Company has no further liability under the agreement.

Potential payments upon termination under the salary continuation agreement with Mr. M. Brooks are shown in the table below. The table assumes that the triggering event took place on December 31, 2014, the last day of the Company's prior fiscal year. In the table below, we have assumed that all accrued base salary has been paid as of the termination date.

- any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity).

A Related Party includes:

- any person who is or was (since the beginning of the last fiscal year for which the Company has filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director, or nominee for election as a director,

Certain types of Interested Transactions, such as compensation to directors and officers that are required to be reported in the Company's proxy statement, have been deemed to be pre-approved.
