Executive Compensation Program Objectives

The primary objectives of our executive compensation program are to attract, motivate and retain talented, high-caliber executives necessary to lead us in achieving business success, and to align their compensation with our short-term and long-term goals. To do this, our compensation program for executive officers is made up of the following components: (i) base salary, intended to compensate our executive officers for work performed during the fiscal year; (ii) annual cash bonuses, intended to reward our executive officers based on our yearly performance and their individual performance during the fiscal year; and (iii) equity-based awards under our Amended and Restated Equity Incentive Compensation Plan, designed to align our executive officers' interests with our long-term performance. For all named executive officers, compensation is intended to be significantly performance-based, reflecting our belief that compensation paid to executive officers should be closely aligned with the performance of our company on both a short-term and long-term basis and the value realized for stockholders.

In establishing compensation for executive officers, the following summarizes our primary objectives:

- attract and retain individuals of superior ability and managerial talent;

• ensure senior officer compensation is aligned with our corporate strategies and business objectives and the long-term interests of our stockholders;

• increase the incentive to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in these areas; and

• enhance the officers' incentives to provide increased value to stockholders, as well as promote retention of key management personnel, by providing a portion of total compensation opportunities for senior management in the form of shares of our common stock and other equity and equity-based awards.

Taking into consideration the foregoing objectives, we structure total compensation for our executives to provide a guaranteed amount of cash compensation in the form of base salaries, while also providing a meaningful amount of annual cash compensation that is at risk and dependent on our performance and the individual performance of the executives, in the form of annual bonuses. We also seek to provide a portion of total compensation in the form of equity-based awards in order to align the interests of executives and other key employees with those of our

stockholders, and for retention purposes.

Role of the Compensation Committee and Management

The Compensation Committee, pursuant to its charter, determines all performance goals and compensation decisions for the chief executive officer and determines compensation decisions for the other named executive officers, including decisions regarding non-equity compensation and equity awards. In doing so, the Compensation Committee consults with our chief executive officer and our officers as appropriate. The Compensation Committee believes it is valuable to consider the recommendations of our chief executive officer and our other executive officers with respect to these matters because, given their knowledge of our operations, the student housing industry and the day-to-day responsibilities of our executive officers, they are in a unique position to provide the Compensation Committee perspective into the performance of our executive officers in light of our business at a given point in time.

The Compensation Committee is charged with, among other things, the responsibility of reviewing executive officer compensation policies and practices to ensure adherence to our compensation philosophies and that the total compensation paid to our executive officers is fair, reasonable and competitive, taking into account our competitive position within our industry and our named executive officers' level of expertise and experience in their positions. The Compensation Committee's primary responsibilities with respect to determining executive compensation are (i) setting and evaluating performance objectives for our senior management; (ii) approving all amendments to, and terminations of, all compensation plans and any awards under such plans; (iii) granting any awards under any performance-based annual bonus, long-term incentive compensation and equity compensation plans to executive officers; (iv) approving which executive officers and other employees receive awards under our equity and incentive compensation plans; and (v) conducting an annual review of all compensation plans.

Compensation Committee Consideration of the 2014 Vote on Executive Compensation

In determining our executive compensation program for 2014, the Compensation Committee considered the results of the 2014 advisory vote of our stockholders on executive compensation presented in our 2014 proxy statement. The Compensation Committee noted that more than 75% of the votes cast approved the compensation of our named executive officers as described in our 2013 proxy statement. The Compensation Committee believes that these voting results demonstrate stockholder support for the Company's current executive compensation programs and practices. Therefore, the Compensation Committee did not make any specific changes in the executive compensation program in response to the 2014 advisory vote.

Components and Criteria of Executive Compensation

The following narrative discusses the components of our named executive officer compensation program, including annual cash compensation, equity awards, and health and retirement benefits.

Annual Base Salary

Our named executive officers receive an annual base salary based on position-specific responsibilities, taking into account competitive market compensation for similar positions, the skills and experience of the individual, internal equity among executive officers and individual performance. For 2014, we paid Mr. Rollins an annualized base salary of \$450,000. Pursuant to the terms of their respective employment agreements, we paid Mr. Hartnett an annualized base salary of \$380,000, Mr. Bobbitt an annualized base salary of \$320,000, Mr. Dann an annualized base salary of \$360,000, Mr. Sharpe an annualized base salary of \$275,000, Mr. Herrera an annualized base salary of \$290,000 through October 1, 2014 and an annualized base salary of \$325,000 through the end of 2014, Mr. Halfacre an annualized base salary of \$275,000 from his hire date of July 31, 2014 through October 1, 2014 and an annualized base salary of \$300,000 through the end of 2014, Mr. Rochon an annualized base salary of \$187,200 through October 1, 2014 and an annualized base salary of \$202,000 through the end of 2014. Mr. Kahlbaugh, who served as our interim chief executive officer from November 4, 2014 through February 15, 2015, did not receive any additional compensation for his service as interim chief executive officer of the Company during 2014, but he did continue to receive director's fees for his service as a director of the Company during 2014. See "Executive Compensation – Non-Management Director Compensation for 2014" for more information regarding the director's fees Mr. Kahlbaugh received for 2014.

Subject to the employment agreements, the Compensation Committee considers salary levels for our named executive officers annually as part of our performance review process as well as upon any promotion or other change in job

responsibility. Changes in salary may reflect changes in the cost of living, changes in compensation paid by other employers, or the Compensation Committee's assessment, in consultation with our chief executive officer and our other executive officers, of the individual's performance.

Annual Incentive Compensation Program

In addition to an annual base salary, we have an annual incentive compensation program that consists of cash bonuses and restricted stock awards. The awards are designed to incentivize our named executive officers at a variable level of compensation based on our and such individual's performance. In connection with the annual incentive compensation program, our Compensation Committee determines annual performance criteria that are flexible and that change with the needs of our business. Our incentive compensation program is designed to reward the achievement of specific financial and operational objectives. Pursuant to the program and their several employment agreements, for 2014, our named executive officers were eligible for a cash bonus of between 75% and 100% of their base salary through December 31, 2014, and a restricted stock award of between 75% and 100% of their base salary through December 31, 2014, depending on their achievement of individualized performance goals and the relative weighting of the applicable goals. In some cases, our incentive compensation program sets a threshold goal for a minimum award and an outperformance goal for a greater award. Achievement in excess of the threshold goal results in a pro rata increase in the amount of the bonus or stock award attributable to that goal, up to the point where achievement equals or exceeds the outperformance goal.

In 2014, our Compensation Committee considered the overall performance of the Company in determining not to award any cash bonuses or restricted stock awards under the annual incentive compensation program for 2014. Mr. Herrera and Mr. Halfacre were entitled to certain awards pursuant to the terms of their employment agreements, as discussed below.

Annual Incentive Compensation Program — Cash Bonuses

The Compensation Committee approved annual cash bonuses for two of the named executive officers for 2014 at the following levels based on the terms of their employment agreements:

Executive	2014 Bonus¹	Amount Paid in Cash	Amount Satisfied in Shares of Restricted Common Stock
Aaron Halfacre	\$ 290,000	\$ -	\$ 290,000
Angel Herrera	50,000	50,000	-

¹ For both Mr. Halfacre and Mr. Herrera the bonus was awarded as a condition of their respective employment agreements.

Annual Incentive Compensation Program — Equity Awards

Equity awards pursuant to our annual incentive compensation program and the other equity awards noted below are made to our named executive officers pursuant to our Amended and Restated Equity Incentive Compensation Plan. Time-vested equity awards are designed to focus and reward our named executive officers in accordance with our long-term goals and enhance stockholder value. In addition, because vesting is based on continued employment, our equity-based incentives also encourage the retention of our named executive officers through the award vesting period.

Pursuant to our annual incentive compensation program, performance-based equity grants were approved by the Compensation Committee for Angel Herrera. Mr. Herrera was awarded 11,137 shares of performance-based restricted common stock related to the successful performance of various goals included in his offer letter and related to his performance as Chief Operating Officer of the Company’s property management subsidiary prior to his promotion to Chief Operating Officer of the Company. Because this award was made in 2014, pursuant to applicable SEC disclosure rules such awards are reflected in the “Stock/OP Unit Awards” column of the Summary Compensation Table and the 2014 Grants of Plan-Based Awards Table in this annual report on Form 10-K/A.

Executive	2014 Performance-Based Equity Awards
Angel Herrera	11,137

For the year ended December 31, 2014 our Compensation Committee determined not to award any other equity awards to our named executive officers.

These benefits include medical, dental and vision insurance, life insurance, paid time off and a 401(k) retirement plan, to which we make matching contributions. In addition, certain of our named executive officers received an automobile allowance of up to \$12,000 per year, plus reimbursement for the costs of reasonable repairs, operating expenses and gas. During 2014 until November 3, 2014, our senior officers and management were also permitted to use our leased aircraft for personal travel, provided that they reimbursed us for our incremental cost associated with their actual usage.

Severance

Under their employment agreements, certain of our named executive officers are entitled to receive severance payments and benefits under certain circumstances in the event that his or her employment is terminated by us without “cause” or by the executive for “good reason,” or in the event of a “change of control” of us (each as defined in the applicable employment agreement). These severance payments and benefits are designed to protect and compensate our named executive officers under those circumstances. These circumstances, payments and benefits are described below under “Potential Payments upon Termination or Change of Control.”

- earned but unpaid salary as of the date of termination;

- annual incentive amounts earned and payable that have not been paid;

- accrued but unpaid paid time off due through the date of termination;

- a severance payment in cash in an aggregate amount equal to one and one-half times the sum of (i) the then current base salary plus (ii) a pro rata amount of the annual incentive amounts Mr. Herrera would have earned for the fiscal year in which the termination occurs based upon the Company’s actual performance for such fiscal year; and

- vesting of all unvested equity awards held by Mr. Herrera that vest in the calendar year that includes the date of termination or that vest in the next following calendar year, provided that all other unvested equity awards held by

Mr. Herrera will be forfeited and cancelled on the date of termination.

In the event that Mr. Herrera's employment is terminated by the Company with cause (as defined in the Herrera Employment Agreement) or Mr. Herrera terminates his employment other than for good reason (as defined in the Herrera Employment Agreement), under the Herrera Employment Agreement Mr. Herrera will receive accrued and unpaid salary and benefits to which he is entitled. All equity awards held by Mr. Herrera at termination of employment will cease to vest as of the date of termination.

In the event of Mr. Herrera's death or disability, pursuant to the Herrera Employment Agreement he will receive the following compensation and benefits:

- earned but unpaid salary as of the date of termination;
- annual incentive amounts earned and payable that have not been paid;
- accrued but unpaid paid time off due through the date of termination;
- in the case of disability, such rights under any disability plan as may be provided by the Company; and
- in the case of death, any other death benefits generally applicable to the Company's employees.

In the event that, within 24 months of a change of control (as defined in the Herrera Employment Agreement), Mr. Herrera's employment is terminated by the Company without cause or Mr. Herrera terminates his employment for good reason, he will receive the following compensation and benefits:

- earned but unpaid salary as of the date of termination;
- annual incentive amounts earned and payable that have not been paid;
- accrued but unpaid paid time off due through the date of termination;

a severance payment in cash in an aggregate amount equal to two times the sum of (i) the then current base salary plus (ii) an amount equal to the incentive payments made to Mr. Herrera for the prior fiscal year (provided that, if no such incentive payments were made in the prior fiscal year, this amount will equal 50% of the target amount as defined in the Company's incentive plan); and

- vesting of all unvested equity awards held by Mr. Herrera.

Also on October 27, 2014, Mr. Herrera entered into a Confidentiality and Noncompetition Agreement pursuant to which, for so long as he is serving in his capacity as Chief Operating Officer and for two years following the termination of his employment with the Company, he agreed not to compete with the Company or solicit employees, agents or service providers of the Company. Mr. Herrera's compliance with the noncompetition agreement is a condition to the receipt of compensation under the Herrera Employment Agreement.

On February 20, 2015, Mr. Herrera tendered his resignation as Executive Vice President and Chief Operating Officer, and the Company and Mr. Herrera entered into a Separation Agreement, effective February 28, 2015 which provides that Mr. Herrera will receive the following compensation and benefits:

- a cash payment of \$122,566, less payroll deductions, which was paid on March 13, 2015; and
- vesting of 41,137 shares of unvested restricted stock awards held by Mr. Herrera that were granted to him during 2014.

Under his separation agreement, Mr. Herrera released and discharged the Company and its affiliates and related parties from all claims resulting from anything that occurred prior to the date of such agreement, and he continues to be bound by the obligations, including post-termination obligations, under his noncompetition agreement.

Potential Payments upon Termination or Change of Control

Under their employment agreements, certain of our named executive officers are entitled to receive severance payments and benefits under certain circumstances in the event that his or her employment is terminated by us without “cause” or by the executive for “good reason,” or in the event of a “change of control” of us (each as defined in the applicable employment agreement). These severance payments and benefits are designed to protect and compensate our named executive officers under those circumstances. The severance terms of Mr. Hartnett’s amended and restated employment agreement are not reflected below and instead are described above in the section captioned “Michael S. Hartnett.” As described above, the employment agreements of Messrs. Rollins, Bobbitt, Dann, Sharpe and Herrera have previously been terminated and the various separation payments received by such former officers are described above.

During 2014, the employment agreements provided that if the agreement is terminated by us without “cause” or by the executive for “good reason” within 24 months following a change in control of us, (i) Mr. Rollins will be entitled to a lump sum cash payment equal to three times the sum of his then current annual base salary plus the bonus earned by him in the prior year (or, if no bonus was earned, 50% of his target bonus for the current year), (ii) each of Messrs. Bobbitt, Dann, Sharpe and Halfacre will be entitled to a lump sum cash payment equal to two times the sum of his then current annual base salary plus the bonus earned by him in the prior year (or, if no bonus was earned, 50% of his target bonus for the current year), and (iii) each of Messrs. Herrera and Rochon will be entitled to a lump sum cash payment equal to one and one-half times the sum of his then current annual base salary plus the bonus earned by him in the prior year for the fiscal year in which the termination occurs based upon the Company’s actual performance for such fiscal year. In the event the agreement is terminated by us without “cause” or by the executive for “good reason” and not within 24 months following a change in control of us each of Messrs. Rollins, Bobbitt, Dann, Sharpe, Herrera, Halfacre, and Rochon will be entitled to a cash payment equal to two times the sum of his then current annual base salary plus the bonus earned by him in the prior year (or, if no bonus was earned, 50% of his target bonus for the current year), payable in equal monthly installments over a period of 24 months after termination.

In addition, during 2014 the employment agreements provided that if the executive is terminated either by us without “cause” or by the executive for “good reason,” with or without a change in control of us, or if the executive retires at or after the age of 63, then any unvested equity awards granted to such named executive officer shall immediately vest.

During 2014, the employment agreements defined “cause” as the (i) employee’s act of gross negligence or misconduct that has the effect of injuring the business of us and our affiliates, taken as a whole, in any material respect, (ii) employee’s conviction or plea of guilty or nolo contendere to the commission of a felony by employee, (iii) commission by the employee of an act of fraud or embezzlement against us or our affiliates or (iv) employee’s willful breach of any material provision of his or her employment agreement or related confidentiality and non-compete agreement, that will be entered into contemporaneously with the employment agreement.

During 2014, the employment agreements for each of Messrs. Rollins, Bobbitt, Dann, Sharpe, Herrera, Halfacre, and Rochon defined “good reason” as (i) a material involuntary reduction in employee’s duties, authority, reporting responsibility or function, (ii) a material reduction in the employee’s compensation package other than as mutually agreed, (iii) the employee’s involuntary relocation to a principal place of work more than 30 miles from Charlotte, North Carolina or (iv) a material breach by us of our obligations under the applicable employment agreement, provided that the employee gives us notice of his belief that he has good reason to terminate the applicable employment agreement and we fail to cure the breach within 30 business days of receipt of the employee’s notice.

Pension Benefits

None of our employees, including our named executive officers, participates in or has account balances in qualified or non-qualified defined benefit plans sponsored by us.

Nonqualified Deferred Compensation Plan

Each of our named executive officers is eligible to participate in the Campus Crest Group, LLC Nonqualified Deferred Compensation Plan (the “Deferred Compensation Plan”). The Deferred Compensation Plan enables key employees to defer a portion of eligible compensation, which is then notionally invested in a variety of mutual funds. Deferrals and withdrawals under the Deferred Compensation Plan are intended to comply with Section 409A (“Section 409A”) of the Internal Revenue Code. Additional information regarding the terms and conditions of the Deferred Compensation Plan is provided under the heading “Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans” below.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally does not allow a tax deduction to public companies for compensation in excess of \$1 million paid to the chief executive officer and the three other executive officers (other than the chief financial officer) who are highest paid and employed at year-end. If certain conditions are met, “performance-based compensation” (as defined in Section 162(m) of the Internal Revenue Code) may be excluded from this limitation. The Compensation Committee carefully considers the Company’s executive compensation program in light of the applicable tax rules. The Compensation Committee believes that tax deductibility is but one factor to be considered in fashioning an appropriate compensation package for executives. The Compensation Committee recognizes that in certain instances, it may be in the best interests of the Company’s stockholders to provide compensation that is not fully deductible and may do so as it determines appropriate.

COMPENSATION COMMITTEE REPORT

The following is a report by the Compensation Committee of our Board of Directors regarding our executive officer compensation program.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained herein (the “CD&A”) with management of the Company. Based on the Compensation Committee’s review of the CD&A and the Compensation Committee’s discussions of the CD&A with management, the Compensation Committee recommended to the Board of Directors (and the Board has approved) that the CD&A be included in the Company’s proxy statement related to its 2015 Annual Meeting of Stockholders and the Annual Report on Form 10-K/A for the fiscal year ended December 31, 2014.

(1) Represents Company contributions credited to participant's Deferred Compensation Plan accounts which are included in All Other Compensation in the Summary Compensation Table.

(2) Earnings are calculated by reference to actual earnings or losses of mutual funds and securities held by the plan.

Participation in the Deferred Compensation Plan is restricted to a select group of management or highly compensated employees of the Company. Under the terms of the Deferred Compensation Plan, deferral elections can be made once a year with respect to base salary or incentive payments to be earned in the following year. In order to further assist our named executive officers with their retirement savings, the Deferred Compensation Plan allows participants to defer up to 75% of their annual salary and 100% of their incentive based compensation. Amounts deferred under the Deferred Compensation Plan are notionally invested in accordance with participant elections among various publicly available mutual funds and any notional earnings or losses are credited to a deemed investment account. We do not pay above-market or preferential earnings on the Deferred Compensation Plan. Deferrals cannot be changed or revoked during the plan year, except as permitted by applicable law. As a result of Section 409A, certain key employees (including our named executive officers) are subject to a six-month waiting period for distributions following termination.

Hartnett, Herrera, Halfacre and Rochon the amount they would be entitled to receive under various circumstances pursuant to the terms of their employment agreements. This table assumes that the change in control or termination of the named executive officer occurred (i) on December 31, 2014 for Messrs. Hartnett, Halfacre, and Rochon and (ii) on the respective resignation date for each of Mr. Rollins of November 3, 2014, Mr. Bobbitt of November 3, 2014, Mr. Dann of October 1, 2014, Mr. Sharpe of October 1, 2014 and Mr. Herrera as of December 31, 2014. As described above, the employment agreements of Messrs. For Messrs. Hartnett, Herrera, Halfacre and Rochon the amounts in this column reflect a calculation based on the executive officer's 2014 salary and 2013 bonus earned, or based on 50% of the target amount as defined in the Company's ICP. For Messrs. Rollins, Dann, Bobbitt and Sharpe the amount in this column is the amount paid per their respective separation agreements.

Amounts in this column reflect accelerated vesting of shares of restricted common stock granted pursuant to our Amended and Restated Equity Incentive Compensation Plan. For purposes of this table, each share of restricted common stock and restricted OP unit was valued at \$7.31, the closing price of our common stock on the NYSE on December 31, 2014, with the following exceptions: (i) the shares for Mr. Rollins and Mr. Bobbitt are valued at \$6.33, the closing price of our stock on the NYSE on November 3, 2014, the date Mr. Rollins and Mr. Bobbitt resigned; and (ii) the shares for Mr. Dann and Mr. Sharpe are valued at \$6.50, the closing price of our stock on the NYSE on October 1, 2014, the date Mr. Dann and Mr. Sharpe resigned.

Mr. Hartnett relinquished the title and role of Co-Chairman and Chief Investment Officer on October 19, 2013 and assumed the title and role of Vice-Chairman of Special Projects. See "Employment Agreement — Michael S. Hartnett" above for more information.

Pursuant to the employment agreements with Messrs. Rollins, Bobbitt, Dann and Sharpe, all previously-granted equity awards to each named executive officer will immediately vest upon the voluntary retirement of the named executive officer subsequent to the attainment of age 63. As of December 31, 2014, none of our named executive officers had met the age requirement to be eligible for vesting under this provision.

Non-Management Director Compensation for 2014

We pay a \$25,000 annual director's fee to each of our independent directors in cash. Each independent director also receives a fee of \$5,000 for attendance at every in-person meeting of our Board of Directors and committee of our Board of Directors (unless a committee meeting is on the same day as a Board meeting) and a fee of \$2,500 for attendance at every telephonic meeting of our Board of Directors and committee of our Board of Directors (unless a committee meeting is on the same day as a Board meeting). In addition, we pay an additional annual fee of \$20,000 to the chair of our Audit Committee, an additional annual fee of \$15,000 to the chair of each of our Compensation Committee and our Nominating and Corporate Governance Committee, and an additional annual fee of \$30,000 to our lead independent director. Our independent directors are also eligible to receive awards under the EICP. Further, all members of our Board of Directors are reimbursed for their reasonable out-of-pocket costs and expenses in attending all meetings of our Board of Directors and its committees.

Our Board of Directors (or a duly formed committee thereof) may revise our non-employee directors' compensation in its discretion.

The following table summarizes the compensation that we paid to our independent directors in 2014:

2014 Director Compensation Table

Daniel L. Simmons	97,500	64,960	11,772	174,232

The amounts in this column reflect the grant date fair value of stock awards issued to each independent director during the year ended December 31, 2014, in accordance with FASB ASC Topic 718. During 2014, each of Messrs. Gonzalez-Moreno, McGlynn, McCaughan, Simmons and Kahlbaugh received 7,000 shares of restricted common stock pursuant to our Amended and Restated Equity Incentive Compensation Plan. The grant date fair value for the 2014 restricted stock awards is calculated by multiplying the closing price of our common stock on the NYSE on the date of grant, which was \$9.28 for restricted common stock awarded to Messrs. Gonzalez-Moreno, McGlynn, Simmons and Kahlbaugh and \$8.64 for restricted common stock awarded to Mr. McCaughan, by the number of shares in the restricted stock award. As of December 31, 2014, the aggregate number of shares of common stock held by each independent director was as follows: Mr. Gonzalez-Moreno 7,000; Mr. Kahlbaugh, 21,237; Mr. McGlynn, 23,334; Mr. McCaughan, 7,000; and Mr. Simmons, 28,144.

(2) The amounts in this column reflect the value of dividends paid on stock awards, where such amounts have not factored into the grant date fair value of the stock award.

Item 13. Certain Relationships and Related Transactions, and Director Independence

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Leased Aircraft

We lease aircraft from two entities in which Ted W. Rollins, our former Chairman and Chief Executive Officer, and Michael S. Hartnett, our Vice-Chairman of Special Projects, have indirect minority interests. Under these leases, we generally pay all of the costs of maintaining and insuring the aircraft, together with lease payments intended to cover the costs of financing and operating the aircraft. As such, it is not expected that the lessors of the aircraft will receive any material profit from the lease payments. For the year ended December 31, 2014, we paid approximately \$345,000 under these leases directly to the lessors as well as additional amounts for associated costs including the employment of three pilots and a mechanic, insurance, taxes, hangar storage, various maintenance items, fuel and other ancillary items.

The Company is also party to an arrangement with CB Townhome Communities, LLP (“CBTC”), an entity in which Dr. John McWhirter has an ownership interest. The Company has agreed to nominate Mr. McWhirter for election to the Board of Directors at the 2015 annual meeting of shareholders, and one or more entities in which Dr. McWhirter has an ownership interest owned an interest in joint ventures with us and the other Sellers, which joint ventures own seven of the Copper Beech portfolio properties. Historically, the Copper Beech properties have paid CBTC for the use of a plane owned by another entity in which Dr. McWhirter has an ownership interest, Blackberry Aviation, LLC (“Blackberry”). CBTC operates the plane which is owned by Blackberry and, based upon estimated expenses to operate the plane (including pilots, fuel, storage, debt service, taxes, and other related operating expenses) determines a cost per flight hour for the upcoming fiscal year. The Copper Beech properties collectively purchase a certain number of hours of flight time and allocate the aggregate cost to the Copper Beech properties based upon the number of beds at each property relative to the total number of beds in the Copper Beech portfolio. The fiscal year for this arrangement runs from August 1 through July 31, and for the year beginning August 1, 2014, the Copper Beech entities agreed to purchase 70 flight hours with a cost of \$0.5 million which will be incurred ratably throughout the year.

Tax Protection Agreements

In connection with our formation transactions and initial public offering, MXT Capital entered into a tax protection agreement with us. Pursuant to the tax protection agreement, we agreed to maintain a minimum level of indebtedness of \$56.0 million throughout the 10-year tax protection period in order to allow a sufficient amount of debt to be allocable to MXT Capital to avoid certain adverse tax consequences. If we fail to maintain such minimum indebtedness throughout the 10-year tax protection period, we will be required to make indemnifying payments to MXT Capital in an amount equal to the federal, state and local taxes, if any, imposed on its members as a result of any income or gain recognized by them by reason of such failure. The amount of such taxes will be computed based on the highest applicable federal, state and local marginal tax rates, as well as any “grossed up” taxes imposed on such payments. This requirement may restrict our ability to reduce leverage when we otherwise might wish to do so and generally reduce our flexibility in managing our capital structure.

In connection with the consummation of the acquisition of additional membership interests in the Copper Beech portfolio, the Company and its Operating Partnership entered into a tax protection agreement with certain of the selling unitholders participating in the transaction (the “Sellers”), including one or more entities in which Dr. McWhirter has an ownership interest. Pursuant to the tax protection agreement, unless the Company and the Operating Partnership indemnify the applicable Sellers for certain resulting tax liabilities, the Company and the Operating Partnership have agreed not to sell or otherwise to dispose of in a taxable exchange during the 7-year tax protection period, any of the seventeen protected properties set forth in the tax protection agreement. Further, the Company and the Operating Partnership also agreed to allocate to the Sellers, during the 7-year tax protection period, an aggregate amount of at least \$100 million of debt of the Operating Partnership (which amount decreases ratably as the number of OP Units held by the Sellers decreases) without any requirement that any Seller guarantee or directly bear the risk for such indebtedness and, after the end of the 7-year period, to use commercially reasonable efforts to permit the Sellers to enter into guarantees of “qualifying” debt or agreements to return a portion of their deficit capital account so as to permit the Sellers to avoid certain adverse tax consequences.

Registration Rights Agreements

We entered into a registration rights agreement with MXT Capital pursuant to which we agreed, among other things, to register the resale of any common stock that may be exchanged for the OP units issued in our formation transactions. We also granted the holders of OP units the right to include such common stock in any registration statements we may file in connection with any future public offerings, subject to the terms of the certain lock-up agreements and subject to the right of the underwriters of those offerings to reduce the total number of such shares of common stock to be sold by selling stockholders in those offerings.

In connection with the acquisition of additional membership interests in the Copper Beech portfolio, the Company also entered into a registration rights agreement with certain of the Sellers, including one or more entities in which Dr. John R. McWhirter has an ownership interest, pursuant to which the Company agreed to file a shelf registration statement no later than December 31, 2015, covering resales of shares of the Company's common stock, issuable upon redemption of the OP Units issued to the Sellers as consideration for the acquisition. In addition, the Company agreed to use commercially reasonable efforts to have the registration statement declared effective as soon as practicable after filing and to keep the registration statement effective until such time as the Sellers no longer own any OP Units or shares of the Company's common stock issued upon conversion of the OP Units.

Information Technology Services and Marketing and Referral/Administration Agreements

We are party to an agreement with a subsidiary of Fortegra pursuant to which we offer our tenants a program of insurance services and products distributed or administered by the subsidiary. Pursuant to the agreement, we received an upfront payment of \$100,000 and will receive fees for each person we refer who enrolls in the program. The subsidiary receives monthly fees with respect to each tenant referred by us during the tenant's enrollment in the program, which amounted to approximately \$1.3 million for the year ended December 31, 2014. The agreement has an initial term of five years and expires in December 2016. Richard S. Kahlbaugh, one of our directors, is the Chairman, Chief Executive Officer and President of Fortegra and owned shares in Fortegra. Mr. Kahlbaugh has no interest in our commercial arrangements with Fortegra, except his indirect interest as an officer, director and shareholder of Fortegra.

Review and Approval of Future Transactions with Related Persons

Our Board of Directors has adopted a policy for the review and approval of related person transactions requiring disclosure under Rule 404(a) of Regulation S-K. The policy provides that the Audit Committee is responsible for reviewing and approving or disapproving all interested transactions, meaning any transaction, arrangement or relationship in which (i) the amount involved may be expected to exceed \$120,000 in any fiscal year, (ii) we will be a participant and (iii) a related person has a direct or indirect material interest. A related person will be defined as an executive officer, director or nominee for election as director, or a greater than 5% beneficial owner of our common stock, or an immediate family member of the foregoing.

Director Independence

Under the enhanced corporate governance standards of the NYSE, at least a majority of our directors, and all of the members of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, must meet the test of “independence.” The NYSE standards provide that to qualify as an “independent” director, in addition to satisfying certain bright-line criteria, the Board of Directors must affirmatively determine that a director has no material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). Our Board of Directors has affirmatively determined that each of our directors satisfies the bright-line independence criteria of the NYSE and that none has a relationship with us that would interfere with such person’s ability to exercise independent judgment as a member of the Board of Directors. Mr. Kahlbaugh, the Chairman of our Board of Directors, served as our Interim Chief Executive Officer from November 4, 2014 until February 15, 2015, during which time he was not “independent” under the applicable NYSE standards.

Item 14. Principal Accountant Fees and Services
