### Item 1.02. Termination of a Material Definitive Agreement.

The Company's revolving credit facility agreement with the two commercial lenders (the "Credit Facility") in the amount of \$90 million expired in accordance with its scheduled termination date of April 15, 2010. The Company had no amount outstanding or borrowed under the Credit Facility as of the expiration date or at any time since December 31, 2009.

The Company expects to enter to into a new credit facility agreement with the same commercial lenders. At March 31, 2010, the Company had approximately \$47 million of cash, of which approximately \$34 million was invested and in excess of normal cash balances required to support store operations. Management believes that its available cash balances and expected cash flows from operations will support the operations and growth plans for 2010 and that the Company is not dependent upon the execution of a new credit facility agreement in order to support the normal liquidity and working capital needs of the Company during 2010.
