MTS ANNOUNCES FIRST QUARTER 2007 FINANCIAL RESULTS

RA'ANANA, ISRAEL - MAY 9, 2007 - MTS - MER TELEMAGEMENT SOLUTIONS LTD. (NASDAQ CAPITAL MARKET: MTSI), a global provider of business support systems (BSS) for comprehensive telecommunication management and customer care & billing (CC&B) solutions, today announced its financial results for the first quarter of 2007.

Revenues for the first quarter of 2007 were \$2.45 million, compared with revenues of \$2.8 million in the first quarter of 2006. Operating loss for the first quarter of 2007 was \$602,000 compared with a loss of \$588,000 in the first quarter of 2006. Net loss for the first quarter was \$585,000 or (\$0.10) per diluted share, compared with a net loss of \$485,000 or (\$0.08) per diluted share in the first quarter of 2006.

MTS ended the quarter with approximately \$1.9 million in cash and cash equivalents, including marketable securities.

MTS ended the first quarter with an accumulated backlog of orders of approximately \$1 million. The backlog represents orders booked but not yet recognized as revenue (excluding deferred maintenance revenues) as of March 31, 2007.

Mr. Eytan Bar, President and CEO of MTS said, "We gained market visibility and were exposed to a solid pipeline for the billing market, in the IPTV, mobile, and WiMax areas. We also increased our business opportunities in the field of Interconnect Billing following the successful implementation of this product by one of our customers, Bezeq International. As a result, additional sales opportunities have opened for our company. In the area of Telecommunications Expense Management (TEM), we concluded the first installations of our Invoice Management solution.

During the first quarter of 2007, we didn't succeed in converting a number of business opportunities in the different segments of the market in which we operate into orders that would lead to revenues for our company. Nevertheless, we expect to penetrate the market in the next few quarters. We see the market opportunities and are ready to leverage our solutions," concluded Mr. Bar.
