Company Press Release

Nova Measuring Instruments to Attend SEMICON West and
Participate in 7th Annual CEO Investor Summit 2015

REHOVOT, Israel, June 29, 2015 - Nova Measuring Instruments (Nasdaq: NVMI), a leading innovator and a key provider of metrology solutions for advanced process control used in semiconductor manufacturing, today announced that Mr. Eitan Oppenheim, Chief Executive Officer, and Dror David, Chief Financial Officer, will attend SEMICON West and Intersolar 2015 in San Francisco. Mr. Oppenheim will also participate in the Seventh Annual CEO Investor Summit 2015 on July 15th in San Francisco, California.

Mr. Oppenheim and Mr. David will be available for one-on-one meetings during the event from July 14th to July 16th.

About SEMICON West

SEMICON West is the flagship annual event for the global microelectronics industry. It is the premier event for the display of new products and technologies for microelectronics design and manufacturing, featuring technologies from across the microelectronics supply chain, from electronic design automation, to device fabrication (wafer processing), to final manufacturing (assembly, packaging, and test).

About The 7th Annual CEO Summit

The CEO Summit is an accredited investor and publishing research analyst event that is held concurrently with SEMICON West and Intersolar 2015 in San Francisco. The event is hosted by executive management from participating companies and will feature a “round-robin” format consisting of small group meetings.

The CEO Investor Summit is by invitation only and is open to accredited investors and publishing research analysts. As space is limited, please RSVP early. Hosts reserve the right to limit attendance as necessary.

RSVP Contacts for 7th Annual CEO Summit 2015

To RSVP for the CEO Summit, please contact either of the Summit's co-chairs.

About Nova: Nova Measuring Instruments Ltd. delivers continuous innovation by providing advanced metrology solutions for the semiconductor manufacturing industry. Deployed with the world's largest integrated-circuit manufacturers, Nova's products deliver state-of-the-art, high-performance metrology solutions for effective process control throughout the semiconductor fabrication lifecycle. Nova's product portfolio, which combines high-precision hardware and cutting-edge software, supports the development and production of the most advanced devices in today's high-end semiconductor market. Nova's technical innovation and market leadership enable customers to improve process performance, enhance products' yields and accelerate time to market. Nova acts as a partner to semiconductor manufacturers from its offices around the world. Additional information may be found at www.novameasuring.com.

Nova is traded on the NASDAQ & TASE under the symbol NVMI.
