Item Interests of Named Experts and Counsel

5.

Certain legal matters in connection with the offering of the securities registered hereunder are being passed upon for the Registrant by Certilman Balin Adler & Hyman, LLP, 90 Merrick Avenue, East Meadow, New York 11554.

Item 6. Indemnification of Directors and Officers

Pursuant to the statutes of the State of New York, a director or officer of a corporation is entitled, under specified circumstances, to indemnification by the corporation against reasonable expenses, including attorney's fees, incurred by him/her in connection with the defense of a civil or criminal proceeding to which he/she has been made, or threatened to be made, a party by reason of the fact that he/she was such director or officer. In certain circumstances, indemnity is provided against judgments, fines and amounts paid in settlement. In general, indemnification is available where the director or officer acted in good faith, for a purpose he/she reasonably believed to be in the best interests of the corporation. Specific court approval is required in some cases. The foregoing statement is subject to the detailed provisions of Sections 715, 717 and 721-725 of the New York Business Corporation Law ("BCL").

Article 7 (f) of the Registrant's Restated Certificate of Incorporation provides that a director shall not be liable to the Registrant or its shareholders for damages for (i) any breach of duty in such capacity, except for liability in the event a judgment or other final adjudication adverse to such director establishes that his or her acts or omissions were in bad faith or involved intentional misconduct or a knowing violation of law, or that such director personally gained a financial profit or other advantage to which he was not legally entitled, or that such director's acts violated Section 719 of the BCL, or (ii) any act or omission prior to the adoption of this provision. The Registrant's Bylaws provide that the Registrant shall indemnify directors and officers, to the fullest extent permitted by applicable law for all costs reasonably incurred and any amounts paid in settlement in connection with any action, suit or proceeding in which such director or officer is made a party by virtue of his or her being an officer or director of the Registrant if such director or officer acted in good faith, for a purpose which he or she reasonably believed to be in the best interests of the Registrant and in criminal actions and proceedings, and in addition, had no reasonable cause to believe that his or her conduct was unlawful.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 9. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high and of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for the purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

ANNEX A

REOFFER PROSPECTUS

ACETO CORPORATION

62,000 SHARES OF COMMON STOCK

This prospectus relates to the resale, from time to time, of up to 62,000 shares of our common stock, \$0.01 par value per share, by the selling stockholders listed in this prospectus. The selling stockholders acquired such shares pursuant to grants made under the Aceto Corporation 2010 Equity Participation Plan (the “Plan”).

We will not receive any proceeds from sales of the shares of our common stock covered by this prospectus by any of the selling stockholders. The shares may be offered, from time to time, by any or all of the selling stockholders through ordinary brokerage transactions, in negotiated transactions or in other transactions, at such prices as he, she or they may determine, which may relate to market prices prevailing at the time of sale or be a negotiated price. We will bear all costs, expenses and fees in connection with the registration of the shares. Brokerage commissions and similar selling expenses, if any, attributable to the offer or sale of the shares will be borne by the selling stockholders.

Each selling stockholder and any broker executing selling orders on behalf of a selling stockholder may be deemed to be an “underwriter” as defined in the Securities Act of 1933 (the “Securities Act”). If any broker-dealers are used to effect sales, any commissions paid to broker-dealers and, if broker-dealers purchase any of the shares of common stock covered by this prospectus as principals, any profits received by such broker-dealers on the resales of shares may be deemed to be underwriting discounts or commissions under the Securities Act. In addition, any profits realized by the selling stockholders may be deemed to be underwriting commissions.

Our common stock is traded on the Nasdaq Global Select Market under the symbol “ACET”. On June 3, 2011 the last reported sale price of our common stock was \$7.05 per share.

Investing in shares of our common stock involves a high degree of risk. See “Risk Factors” on page 4 of this prospectus and the other risk factors set forth in our periodic and other filings with the Securities and Exchange Commission (the “Commission”), including those set forth in our Annual Report on Form 10-K for the year ended June 30, 2010, for a discussion of certain factors that should carefully be considered by prospective purchasers.

Neither the Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

RISK FACTORS

Investing in our Common Stock involves certain risks. Please see the risk factors described in the “Risk Factors” section of our Annual Report on Form 10-K for the year ended June 30, 2010, filed with the Commission on September 10, 2010, which is incorporated by reference into this prospectus. Before making an investment decision, you should carefully consider these risks as well as other information we incorporate by reference in this prospectus.

FORWARD-LOOKING STATEMENTS

The Commission encourages companies to disclose forward-looking information so that investors can better understand a company's future prospectus and make informed investment decisions. These forward-looking statements include all matters that are not historical facts. This prospectus and the documents incorporated by reference contain these types of statements. Without limiting the generality of the foregoing, words such as "may", "will", "expect", "believe", "anticipate", "intend", "could", "estimate", "plan", or "continue" or the negative variations thereof or common terminology are intended to identify forward-looking statements.

These forward-looking statements involve certain known and unknown risks and uncertainties. The section entitled "Risk Factors" in this prospectus and the risk factors disclosed in our Annual Report on Form 10-K for the year ended June 30, 2010, filed with the Commission on September 10, 2010, which is incorporated by reference into this prospectus, detail some of these risks. These risks and uncertainties are not exhaustive. New risks and uncertainties emerge from time to time, and it is not possible to predict all risks and uncertainties, nor can we assess the impact that these factors will have on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward looking statements.

Most of these factors are difficult to predict accurately and are generally beyond our control. You should consider the uncertainty of any risk resulting from such uncertainty in connection with any forward-looking statements, which speak only as of the date of this prospectus in the case of forward-looking statements contained in this prospectus, or the dates of the documents incorporated by reference into this prospectus in the case of forward-looking statements made in those incorporated documents. Readers are also urged to carefully review and consider the various disclosures made by Aceto which attempt to advise interested parties of the factors which affect Aceto's business, including, among other things, the disclosures made under the caption "Risk Factors" of this prospectus and the risk factors included in our Annual Report on Form 10-K for the year ended June 30, 2010. Except for our ongoing obligation to disclose material information under U.S. federal securities laws, we undertake no obligation to release publically any revisions to any forward-looking statements, to report events, or to report the occurrence of unanticipated events.

USE OF PROCEEDS

We will not receive any proceeds from sales of shares of our Common Stock by the selling shareholders.

To Aceto’s knowledge, this offering is not being underwritten. We believe that a selling shareholder, directly or through agents designated from time to time, or through broker-dealers or underwriters also to be designated (who may purchase as principal and resell for their own account), may sell the Common Stock from time to time, in or through privately negotiated transactions, or in one or more transactions, including block transactions on the Nasdaq Global Select Market or on any other market or stock exchange on which the Common Stock may be listed in the future pursuant to and in accordance with the applicable rules of that market or exchange or otherwise. The selling price of the Common Stock may be at market prices prevailing at the time of sale, at prices relating to such prevailing market prices or at negotiated prices. From time to time, to the extent permitted by applicable law, the selling shareholder may engage in short sales against the box, puts and calls and other transactions in securities of Aceto or derivatives of Aceto’s securities, and may sell and deliver the Common Stock in connection therewith.

The selling shareholders may also pledge Common Stock as collateral for margin accounts, and such Common Stock could be resold pursuant to the terms of such accounts. Resales or reoffers of the Common Stock by the selling shareholders must be accompanied by a copy of this Prospectus.

The selling shareholders and any agents, broker-dealers or underwriters that participate in the distribution of the Common Stock may be deemed to be underwriters, and any profit on the sale of the Common Stock by them, and any discounts, commissions or concessions received by them, may be deemed to be underwriting commissions or discounts under the Securities Act of 1933.

The selling stockholder and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act, and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of common stock by the selling stockholder and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares of common stock to engage in market-making activities with respect to the shares of common stock. All of the foregoing may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

We will pay all expenses of the registration of the shares of common stock, estimated to be \$15,000 in total, including, without limitation, SEC filing fees and expenses of compliance with state securities or “blue sky” laws. Any underwriting discounts or commissions, broker fees, and transfer taxes and stamp duties associated with the sale of our shares of common stock registered pursuant to this prospectus may be paid by the selling stockholder, or its affiliates, or by either of their designees, or by a purchaser of our shares of common stock on whose behalf such broker-dealer may act as agent. We will indemnify the selling stockholder and certain of its affiliates against liabilities, including some liabilities under the Securities Act, in accordance with the sell-down registration rights agreement. We may be indemnified by underwriters used to sell the shares of our common stock against liabilities that may arise from any written information furnished to us by such underwriter specifically for use in this prospectus, in accordance with the sell-down registration rights agreement.

Once sold under the registration statement, of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of the purchasers other than our affiliates.

Indemnification for Securities Act Liabilities

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for directors, officers, or controlling persons pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
