PROXY STATEMENT

GENERAL INFORMATION

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

We are providing these proxy materials to you in connection with the solicitation of proxies by the Board of Directors of American Express Company for the 2004 Annual Meeting of Shareholders and for any adjournment or postponement of the Meeting. In this Proxy Statement, we refer to American Express Company as "the Company," "we" or "us."

We are holding the Annual Meeting at 10:00 a.m. Central Time, on Monday, April 26, 2004, at the AXP Financial Center in Minneapolis, Minnesota, and invite you to attend in person. If you need special assistance at the Meeting because of a disability, please call Stephen P. Norman, our Secretary, at (212) 640-5583.

The Company has arranged for a live audio webcast of the 2004 Annual Meeting to be accessible to the general public on the Internet at <http://ir.americanexpress.com>. A replay of the Meeting's audio webcast will also be available at the same Web site address beginning on the same day.

We intend to mail this Proxy Statement and a proxy card to shareholders starting on or about March 15, 2004.

VOTING INFORMATION

RECORD DATE

You may vote all shares that you owned as of February 27, 2004, which is the record date for the Annual Meeting. On February 27, 2004, we had 1,292,847,570 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Meeting.

OWNERSHIP OF SHARES

You may own common shares in one of the following ways: directly in your name as the shareholder of record, which includes shares purchased through our Shareholder's Stock Purchase Plan (Purchase Plan) and restricted share awards issued to employees under our long-term incentive plans; or indirectly through a broker, bank or other holder of record; or indirectly in the American Express Company Stock Fund of our Incentive Savings Plan (ISP), the Employee Stock Ownership Plan of Amex Canada, Inc., or the AEFA Stock Purchase Program.

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us, give your voting instructions by telephone or by the Internet or vote in person at the Meeting. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in "street name," and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Regardless of how you hold your shares, we invite you to attend the Meeting.

HOW TO VOTE

YOUR VOTE IS IMPORTANT. We encourage you to vote promptly. Internet and telephone voting is available through 4:00 p.m. Eastern Time on Tuesday, April 20, 2004 for shares held in employee plans and through 4:00 p.m. Eastern Time on Sunday, April 25, 2004 for all other shares. You may vote in one of the following ways:

BY TELEPHONE. If you are located in the U.S., you can vote your shares by

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

calling the toll-free telephone number on your proxy card or in the instructions that accompany your proxy materials. You may vote by telephone 24 hours a day. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your votes. If you vote by telephone, you do not need to return your proxy card.

BY INTERNET. You can also vote your shares by the Internet. Your proxy card indicates the Web site you may access for Internet voting. You may vote by the Internet 24 hours a day. As with telephone voting, you will be able to confirm that the system has properly recorded your votes. If you are an owner in street name, please follow the Internet voting instructions that accompany your proxy materials. You may incur telephone and Internet access charges if you vote by the Internet.

BY MAIL. If you are a holder of record, you can vote by marking, dating and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your shares in street name, please complete and mail the voting instruction card.

AT THE ANNUAL MEETING. The way you vote your shares now will not limit your right to change your vote at the Annual Meeting if you attend in person. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote these shares at the Meeting.

All shares that have been properly voted and not revoked will be voted at the Meeting. If you sign and return your proxy card without any voting instructions, your shares will be voted as the Board of Directors recommends.

REVOCATION OF PROXIES. You can revoke your proxy at any time before your shares are voted if you (1) submit a written revocation to our Secretary, (2) submit a later-dated proxy (or voting instructions if you hold shares in street name), (3) provide subsequent telephone or Internet voting instructions or (4) vote in person at the Meeting.

SHARES HELD UNDER PLANS

If you participate in the Purchase Plan, your proxy card shows the number of shares enrolled in that plan as well as any shares you have acquired through dividend reinvestment. If you participate in the ISP, the Employee Stock Ownership Plan of Amex Canada, Inc., or the AEFA Stock Purchase Program, your proxy card may include shares that the plan has credited to your account.

To allow sufficient time for the ISP trustee to vote, the trustee must receive your voting instructions by Tuesday, April 20, 2004. If the ISP trustee does not receive your instructions by that date, the trustee will vote your shares in the same proportion of votes that the trustee receives from other ISP participants who did vote. If the trustee for the Employee Stock Ownership Plan of Amex Canada, Inc., or the broker holding shares in the AEFA Stock Purchase Program does not receive your instructions by that date, he or she will not vote your shares.

CONFIDENTIAL VOTING

We maintain the confidentiality of the votes of individual shareholders. We do not disclose these votes to any member of management, unless we must disclose them for legal reasons. However, if a shareholder writes a comment on the proxy card, we will forward the comment to management. In reviewing the comment, management may learn how the shareholder voted. In addition, the Inspectors of Election and selected employees of our independent tabulating

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

agent may have access to individual votes in the normal course of counting and verifying the vote.

QUORUM AND REQUIRED VOTE

QUORUM. We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the votes that shareholders are entitled to cast are present at the Meeting, either in person or by proxy.

VOTES REQUIRED FOR PROPOSALS. To elect directors and adopt the other proposals, the following proportion of votes is required:

- . To elect the Directors, a plurality of the votes cast.
- . To ratify the selection of our auditors, and to adopt the shareholder proposals, the affirmative vote of a majority of the votes cast.

ROUTINE AND NON-ROUTINE PROPOSALS. New York Stock Exchange rules determine whether proposals presented at shareholder meetings are routine or not routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner.

2

If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is not routine and the owner does not provide any instructions.

The New York Stock Exchange has informed us that the election of directors and ratification of the selection of our auditors are routine items. The Exchange has also informed us that the shareholder proposals are not routine items.

HOW WE COUNT VOTES. In determining whether we have a quorum, we count abstentions and broker non-votes as present and entitled to vote.

In counting votes on the proposals:

- . We do not count abstentions or broker non-votes, if any, as votes cast for the election of Directors, but we do count votes withheld for one or more nominees as votes cast.
- . We do not count abstentions as votes cast on our proposal to ratify the selection of auditors or the shareholder proposals. We also do not count broker non-votes, if any, as votes cast on these proposals. Therefore, abstentions and broker non-votes will have no impact on the outcome of these proposals.

MULTIPLE SHAREHOLDERS SHARING THE SAME ADDRESS

In accordance with notices we previously sent to street-name shareholders who share a single address, we are sending only one annual report and proxy statement to that address unless we received contrary instructions from any shareholder at that address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if any shareholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she may telephone our Secretary, Stephen P. Norman, at (212) 640-5583 or write to him at 200 Vesey Street, New York, New

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

York 10285. If you are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting the Secretary in the same manner.

COST OF PROXY SOLICITATION

We will pay the expenses of soliciting proxies. Our Directors, officers or employees may solicit proxies for us in person, or by telephone, facsimile or electronic transmission. We have hired Morrow & Co. to help us distribute and solicit proxies. We will pay Morrow \$17,500 plus expenses for these services.

CORPORATE GOVERNANCE

Our business is managed by the Company's employees under the direction and oversight of the Board of Directors. Except for Mr. Chenault, none of our Board members is an employee of the Company. The Board limits membership of the Audit Committee, Compensation and Benefits Committee and Nominating and Governance Committee to independent non-management Directors. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices and their participation in Board and Board committee meetings.

The Board of Directors has adopted Corporate Governance Principles which, along with the charters of the Board Committees, the Company's Code of Conduct for employees and the Code of Business Conduct for Directors, provide the framework for the governance of the Company. The Board of Directors has also appointed a Corporate Governance Officer to promote best practices and help the Company remain in the forefront of good corporate governance. The Corporate Governance Officer periodically reviews the Company's governance principles and practices to assure that they continue to reflect high standards and makes recommendations to the Nominating and Governance Committee in connection with the Company's governance practices.

A complete copy of the Company's governance principles, the charters of the Board Committees and the Codes of Conduct for employees and Directors may be found on the Company's Investor Relations Web site at <http://ir.americanexpress.com>. The Audit Committee charter is also attached as Exhibit A to this proxy statement. Copies of these materials also are available without charge upon written request to the Secretary of the Company.

SUMMARY OF THE CORPORATE GOVERNANCE PRINCIPLES

A significant majority of the Board of Directors shall consist of independent, non-management directors who meet the criteria for independence required by the New York Stock Exchange.

3

A director is independent if he or she does not have a material relationship with the Company.

The Board has established the following guidelines to assist it in determining director independence.

A director will not be considered independent if, within the last three years:

- (i) the director was an employee of the Company or an immediate family member was an executive officer of the Company,

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- (ii) the director or an immediate family member received more than \$100,000 per year in direct compensation from the Company (other than the director and committee fees and pension or other deferred compensation),
- (iii) the director or an immediate family member was affiliated with or employed by the Company's present or former internal or external auditor,
- (iv) an executive officer of the Company serves on the compensation committee of another company that employs the director in any capacity or that employs an immediate family member of the director as an executive officer, or
- (v) the director was an executive officer or employee, or an immediate family member was an executive officer, of a company that made payments to, or received payments from, the Company which, in any single year, exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues.

The following relationships will be considered material if a Company director is:

- (i) an executive officer of a charitable organization and the Company's annual charitable contributions to the organization (exclusive of gift-match payments) exceed the greater of \$1 million or 2% of the organization's total annual revenues,
- (ii) a partner of or of counsel to a law firm that performs substantial legal services to the Company on a regular basis, or
- (iii) a partner, officer or employee of an investment bank or consulting firm that performs substantial services to the Company on a regular basis.

The Board of Directors has determined that as of January 26, 2004, 10 of the Company's 13 incumbent directors are independent under these guidelines: Ms. Burns and Messrs. Akerson, Bowen, Dolan, Johnson, Leschly, McGinn, Miller, Popoff and Walter. The other two non-management directors, Ms. Barshefsky and Mr. Jordan, as well as Mr. Chenault, continue to participate in the Board's activities and provide valuable insights and advice.

Directors should be persons who have achieved prominence in their field and who possess significant experience in areas of importance to the Company, such as general management, finance, marketing, technology, law, international business or public sector activities.

Directors should possess integrity, independence, energy, forthrightness, analytical skills and commitment to devote the necessary time and attention to the Company's affairs. Directors should possess a willingness to challenge and stimulate management and the ability to work as part of a team in an environment of trust.

The non-management directors shall meet periodically in executive session without the Chief Executive Officer present.

The executive sessions of non-management directors shall be presided over by the director who is the chairman of the Committee responsible for the issue being discussed. General discussions, such as the review of the Company's overall performance, shall be presided over by the longest serving member of the Board. The Board will schedule at least three executive sessions of non-management directors each year including one executive session of independent directors only. However, any director may request additional executive sessions of non-management directors to discuss any matter of concern.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

Non-management directors shall have access to individual members of management or to other employees of the Company on a confidential basis. Directors are authorized to conduct independent investigations and to hire outside consultants or experts at the Company's expense. Directors shall also have access to Company records and files, and directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

The Company believes that each director should have a substantial personal investment in the Company. A personal holding of 20,000 shares of the Company is recommended for each director. Directors shall have five years to attain their share ownership threshold.

4

The Board of Directors encourages all its members to attend the Annual Meeting of Shareholders. In April 2003, all 11 director nominees were present at the Annual Meeting of Shareholders.

COMMUNICATING WITH DIRECTORS. The Board of Directors has provided the means by which shareholders may send communications to the Board or to individual members of the Board. Such communications, whether by letter, email or telephone, should be directed to the Secretary of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary, may not be forwarded to the Directors.

If a shareholder wishes to communicate to the Chair of the Audit Committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern should be submitted in writing to the Chairman of the Nominating and Governance Committee in care of the Company's Secretary at the Company's headquarters address. If the shareholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary.

The Company's "whistleblower" policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Office of the Ombudsperson at the Company's headquarters or by telephone at 1-800-297-1010. The Ombudsperson will refer the concern to the Chair of the Audit Committee who will assure that the matter is properly investigated.

BOARD MEETINGS

During 2003, the Board of Directors met nine times. All our Directors attended 75% or more of the meetings of the Board and Board committees on which they served in 2003. Mr. Johnson will not be standing for reelection in accordance with the Board's retirement policy.

This table lists our five committees, the Directors who currently serve on them and the number of committee meetings held in 2003.

The Compensation and Benefits Committee has oversight responsibility for the compensation and benefit programs for executive officers and other employees. All members of the Compensation and Benefits Committee are independent Directors as required by the listing standards of the New York Stock Exchange and the Company's Corporate Governance Principles.

NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee considers and recommends candidates for election to the Board, advises the Board on Director compensation, oversees the annual performance evaluations of the Board and Board Committees and advises the Board on corporate governance matters. All members of the Nominating and Governance Committee are independent Directors as required by the listing standards of the New York Stock Exchange and the Company's Corporate Governance Principles.

DIRECTOR NOMINATION PROCESS. The Nominating and Governance Committee considers and recommends candidates for election to the Board. The Committee also considers candidates for election to the Board that are submitted by shareholders. Each member of the Committee participates in the review and discussion of director candidates. In addition, members of the Board of Directors who are not on the Committee may meet with and evaluate the suitability of candidates. In making its selections of candidates to recommend for election, the Committee seeks persons who have achieved prominence in their field and who possess significant experience in areas of importance to the Company. The minimum qualifications that the Nominating and Governance Committee believes must be met for a candidate to be nominated include integrity, independence, forthrightness, analytical skills and the willingness to devote appropriate time and attention to the Company's affairs. Candidates should also demonstrate a willingness to work as part of a team in an atmosphere of trust and a commitment to represent the interests of all the shareholders rather than those of a specific constituency. Successful candidates will also demonstrate significant experience in areas of importance to the Company, such as general management, finance, marketing, technology, law, international business or public sector activities.

Shareholders who wish to submit nominees for election at an annual or special meeting of shareholders should follow the procedure described on page 32. The Nominating and Governance Committee applies the same standards in considering candidates submitted by shareholders as it does in evaluating candidates submitted by members of the Board of Directors. During the 12-month period since the last shareholders meeting, the Nominating and Governance Committee nominated two candidates. Both candidates were recommended to the Nominating and Governance Committee by the Chief Executive Officer and other non-management Directors.

EXECUTIVE COMMITTEE

The Executive Committee is authorized to meet instead of the full Board in emergencies or in the interval between Board meetings.

PUBLIC RESPONSIBILITY COMMITTEE

The Public Responsibility Committee reviews our practices that affect the communities in which we work or the public interest in general.

AUDIT COMMITTEE

The responsibilities of the Audit Committee are described in the Committee charter beginning on page 33 and in the following Report of the Audit Committee.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

All members of the Audit Committee are independent Directors as required by the listing standards of the New York Stock Exchange and the Company's Corporate Governance Principles. The Board has also determined that Messrs. Akerson, Johnson and Walter meet the requirements for being "audit committee financial experts" as defined by regulations of the Securities and Exchange Commission adopted in January 2003.

6

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements. The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, has discussed with the independent auditors their independence from the Company and its management, and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements be included in the Company's 2003 Annual Report to Shareholders and Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

COMPENSATION OF DIRECTORS

CASH COMPENSATION

In 2003, we paid each non-management Director compensation for Board service as follows:

- . an annual retainer of \$64,000, which we reduce by \$16,000 if the Director does not attend at least 75% of our Board meetings and meetings of the committees on which the Director serves;
- . an annual retainer of \$20,000 for the chair of the Audit Committee, \$15,000 for the chair of the Compensation and Benefits Committee and \$10,000 for the Directors who chair the other committees;
- . an annual retainer of \$5,000 for each member of the Audit Committee; and
- . reimbursement of customary expenses for attending Board, committee and shareholder meetings.

We do not pay Directors who are also our employees any additional compensation for serving as a Director.

EQUITY BASED COMPENSATION

DIRECTORS' STOCK EQUIVALENT PLAN. In April 2003, non-management Directors received 1,000 Stock Equivalent Units (SEUs) upon election or reelection at the Annual Meeting of Shareholders. The SEUs will be held for the Director until retirement. Each SEU will have a cash value equal to the value of one share of the Company's common stock. Upon the Director's retirement, the accumulated SEUs will be paid out in cash in an amount equal to the value of a corresponding number of common shares plus reinvested dividends from the date of grant.

In September 2003 the Nominating and Governance Committee engaged the services of an independent compensation advisory firm and performed a review of the Company's Directors' compensation with a view toward adjusting the Company's Directors' compensation so that it reflected approximately the mid-point of director compensation levels at peer companies. As a result of that analysis the Committee recommended and the Board approved the grant of 2,225 SEUs to each Director who is elected or reelected at an Annual Meeting of Shareholders, beginning with the shareholders meeting on April 26, 2004.

DIRECTORS' STOCK PLAN. In January 2003 we granted 600 common shares to each of 10 non-management Directors who attended more than 75% of the meetings in 2002. We also issued 300 common shares to one non-management Director who joined the Board in the second half of 2002. This plan was established in July 1997 and was terminated in September 2003.

DEFERRED COMPENSATION PLAN

Non-management Directors may elect to defer the receipt of their cash compensation until a later date. Participating Directors may invest their deferred amounts in two ways: (1) in a cash account that we value based on a schedule linked to our return on equity or (2) in a common share equivalent account that we value according to the performance of our common shares, including reinvested dividends. Under either alternative, Directors will receive cash payments and will not receive shares. Seven Directors currently participate in the plan.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

RETIREMENT BENEFITS

We offer no retirement benefits to non-management Directors who began their Board service after March 31, 1996. However, we pay a retirement benefit to Directors who (1) began their Board service on or before March 31, 1996, (2) have served on our Board for at least five years, and (3) have never been our employees. The retirement benefit consists of a payment of \$30,000 per year for each year a Director served on the Board. We will not make payments past a Director's death. Five of the current Directors are eligible to receive retirement benefits.

INSURANCE

We provide our non-management Directors with group term life insurance coverage of \$50,000 and accidental death and dismemberment insurance coverage of \$300,000. Directors may purchase \$50,000 of additional group term life insurance. In 2003 four Directors purchased this additional insurance.

DIRECTORS' CHARITABLE AWARD PROGRAM

One way we promote charitable giving is through our Directors' Charitable Award Program. Under this program we purchase joint life insurance on the lives of participating Directors and advisors to the Board. We will receive a \$1,000,000 benefit following the death of a Director and \$500,000 following the death of an

8

advisor. We expect to donate one-half of the benefit to the American Express Foundation for charitable purposes and one-half directly to the charitable organization that the Director or advisor recommends. The program does not provide any financial benefit to Directors or advisors.

OTHER ARRANGEMENTS

Mr. Jordan is of counsel to the law firm of Akin, Gump, Strauss, Hauer & Feld, L.L.P. Ms. Barshefsky is a partner of the law firm of Wilmer Cutler Pickering LLP. These firms provided legal services to us in 2003 at customary rates and they continue to provide such services to us in 2004. Mr. Jordan is also a Senior Managing Director of the investment banking firm of Lazard Freres & Co. LLC, which the Company may utilize from time to time for investment banking and financial advisory services. In 2003 the Company did not utilize the services of this firm.

9

OWNERSHIP OF OUR COMMON SHARES

This table shows how many American Express common shares certain individuals and entities beneficially owned on February 27, 2004. These individuals and entities include: (1) owners of more than 5% of our outstanding common shares; (2) our current Directors; (3) the five executive officers named in the compensation table on page 21 and (4) all current Directors and executive officers as a group. A person has beneficial ownership over shares if the person has voting or investment power over the shares or the right to acquire such power within 60 days. Investment power means the power to direct the sale or other disposition of the shares. Each person has sole voting and investment

(1) Based on information Berkshire Hathaway Inc. (Berkshire) provided to us as of December 31, 2003. Of the shares listed in the table, National Indemnity Company beneficially owns 120,255,879 shares. National Indemnity is a subsidiary of Berkshire. Mr. Buffett, Berkshire and the subsidiaries of Berkshire share voting and investment power over the shares. Mr. Buffett, his spouse and a trust for which Mr. Buffett is trustee own 33.5% of the equity of Berkshire. As a result of this ownership position in Berkshire, Mr. Buffett may be considered the beneficial owner of the shares that Berkshire beneficially owns.

In 1995 we signed an agreement with Berkshire designed to ensure that Berkshire's investment in our Company will always be passive. The agreement remains in effect so long as Berkshire owns 10% or more of our voting securities. Berkshire made similar commitments to the Board of Governors of the Federal Reserve System. Berkshire and its subsidiaries have also agreed to follow our Board of Directors' recommendation in voting Company common shares they own so long as Mr. Chenault is our Chief Executive Officer and Berkshire owns 5% or more of our voting securities. With certain exceptions, Berkshire and its subsidiaries may not sell Company common shares to any person who owns more than 5% of our voting securities or who attempts to change the control of the Company.

ITEM 2--SELECTION OF AUDITORS

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as our independent auditors for 2004. We are asking shareholders to ratify the Committee's selection. Ernst & Young or a predecessor firm has served as our independent auditors since 1975. Ernst & Young follows a policy of rotating the partner in charge of the Company's audit every five years, in accordance with SEC rules. Other partners and non-partner personnel are rotated on a periodic basis, in accordance with SEC rules.

Each year the Audit Committee reviews the auditors' qualifications, performance and independence in accordance with regulatory requirements and guidelines. At least every ten years, the Audit Committee charter requires a detailed review of the Company's audit firm, which would include a comparison of resources available in other firms. In accordance with its charter, the Committee will consider proposals from Ernst & Young, as well as from other auditing firms, for the Company's 2005 audit.

One or more representatives of Ernst & Young will be present at the Meeting with the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

AUDIT FEES

The aggregate fees billed or to be billed by Ernst & Young for each of the last two fiscal years for professional services rendered for the audit of the Company's annual financial statements, review of financial statements included in the Company's Quarterly Reports on Form 10-Q and services that were provided in connection with statutory and regulatory filings or engagements and other attest services were \$23.0 million for 2003 and \$18.4 million for 2002.

AUDIT-RELATED FEES

The aggregate fees billed or to be billed by Ernst & Young in each of the last two fiscal years for assurance and related services that were reasonably related to the performance of the audit or review of the Company's financial statements were \$1.2 million for 2003 and \$1 million for 2002. The nature of the services performed for these fees included, among other things, employee

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

benefit plan audits, internal control reviews, Sarbanes-Oxley Act Section 404 internal control project assistance, attest services not required by statute or regulation and consultations concerning financial accounting and reporting matters not classified as audit.

TAX FEES

The aggregate fees billed by Ernst & Young in each of the last two fiscal years for professional services rendered for tax compliance, tax advice and expatriate tax services were \$1.8 million for 2003 and \$6.2 million for 2002.

ALL OTHER FEES

The aggregate fees billed by Ernst & Young in each of the last two fiscal years for products and services other than those reported in the three prior categories were \$500,000 for 2003 and \$700,000 for 2002. The nature of the other services performed included certain advisory services relating to privacy, expatriate support, insurance recovery and risk management services.

13

SERVICES TO ASSOCIATED ORGANIZATIONS

Ernst & Young also provided other services to associated organizations of the Company that were charged directly to those organizations. These amounts included \$1.6 million for 2003 and \$1.2 million for 2002 primarily for performing the audits of common trust funds, exchange traded funds, alternative investment funds and other investment vehicles.

POLICY ON PRE-APPROVAL OF SERVICES PROVIDED BY INDEPENDENT AUDITOR

Pursuant to the requirements of the Sarbanes-Oxley Act of 2002, the terms of the engagement of Ernst & Young are subject to the specific pre-approval of the Audit Committee. All audit and permitted non-audit services to be performed by Ernst & Young require pre-approval by the Audit Committee in accordance with pre-approval procedures established by the Audit Committee. The procedures require all proposed engagements of Ernst & Young for services of any kind to be directed to the Company's General Auditor and then submitted for approval to the Audit Committee prior to the beginning of any services.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE FOLLOWING RESOLUTION:

RESOLVED, that the appointment by the Audit Committee of the Board of Directors of Ernst & Young LLP, independent auditors, to audit the accounts of the Company and its subsidiaries for 2004 is ratified and approved.

ITEM 3--SHAREHOLDER PROPOSAL

Mrs. Evelyn Y. Davis, Suite 215, Watergate Office Building, 2600 Virginia Avenue, N.W., Washington, D.C. 20037, record owner of 296 common shares, has advised us that she plans to introduce the following resolution:

RESOLVED: "That the stockholders of American Express recommend that the Board take the necessary steps so that future outside directors shall not serve for more than six years."

REASONS: "The President of the U.S.A. has a term limit, so do Governors of many states."

"Newer directors may bring in fresh outlooks and different approaches with

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

benefits to all shareholders."

"No director should be able to feel that his or her directorship is until retirement."

"Last year the owners of 28,849,172 shares, representing approximately 3.1% of shares voting, voted FOR this proposal."

"If you AGREE, please mark your proxy FOR this resolution."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL FOR THESE REASONS:

The Board opposes the foregoing resolution because it believes term limits unnecessarily curtail the useful tenure of Directors.

The Board believes that Directors become increasingly effective as their knowledge of the Company's businesses and its officers and employees increases. This is particularly true in the case of a large global corporation such as American Express Company, which is engaged in a variety of businesses in diverse locations around the world and during the current period of rapid technological and competitive change. A term limit for Directors, especially a limit as short as six years, needlessly deprives the shareholders and the Company of the benefits of Directors' experience and knowledge at a time in their tenure when they are becoming increasingly effective and productive.

Each Director is subject to reelection by the shareholders on an annual basis. The Directors are not guaranteed a directorship until retirement. The average tenure of the Company's 12 incumbent Director nominees is currently seven years. Seven of the 12 have already served six or more years.

The Board believes that its mandatory retirement age of 72 is a preferable means of assuring Director turnover and that the proponent's term limit would deprive the Company of experienced oversight, promote excessive turnover of Directors, and weaken the Company's system of governance.

14

ITEM 4--SHAREHOLDER PROPOSAL

The Service Employees International Union Master Trust, 1313 L Street, N.W., Washington, D.C. 20005, record owner of 83,800 common shares, has advised us that it plans to introduce the following resolution:

SHAREHOLDER PROPOSAL

Resolved, that the shareholders of American Express Co. (the "Company") hereby request that the Company prepare and submit to the shareholders of the Company a separate report, updated annually, containing the following information:

- a. Policies for political contributions made with corporate funds, political action committees sponsored by the Company, and employee political contributions solicited by senior executives of the Company. This shall include, but not be limited to, policies on contributions and donations to federal, state and local political candidates, political parties, political committees and other political entities organized and operating under 26 USC Sec. 527;
- b. An accounting of the Company's resources, including property and

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

personnel, contributed or donated to any of the persons and organizations described above;

- c. A business rationale for each of the Company's political contributions or donations; and
- d. Identification of the person or persons in the Company who participated in making the decisions to contribute or donate.

SUPPORTING STATEMENT

As shareholders, we support policies that apply transparency and accountability to corporate political giving.

There is currently no single source of information providing comprehensive disclosure to the Company's shareholders on political contributions made with corporate funds. Without full transparency, we believe Company executives may be able to inappropriately direct corporate resources for political purposes and make decisions unilaterally without a stated business rationale for such donations.

The result is that shareholders are unaware of how and why the Company chooses to make corporate contributions and the political ends being furthered by the gift of corporate funds. Company officials may, in fact, be funding groups and candidates whose agendas are not in the best interest of the Company and its shareholders.

According to the Center for Responsive Politics, a leading campaign finance watchdog organization, our Company contributed \$325,000 to major party committees and political dinners in the 2002 election cycle. However, shareholders do not know whether that is the full extent of the utilization of our Company's resources for political purposes.

In our view absent a system of accountability, corporate executives will be free to use the Company's assets in ways that could pose reputational and legal risks for the company.

For these reasons, we urge a vote FOR this resolution.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL FOR THESE REASONS:

The Company makes a complete report of political contributions available to shareholders who request it, and a notice to that effect appears in the Company's 2003 Annual Report to Shareholders. The Board notes that the Company's political contributions are also generally reported and available at the appropriate government agencies, including the Federal Election Commission whose Web site is www.fec.gov.

The Board believes that all political contributions made by the Company help support the Company's businesses and are in the best interest of the Company and its shareholders. Decisions regarding individual political action committee contributions are made by the Company employees who serve on the board of directors of the Company's political action committee. Contributions to state and local political candidates are determined by Company management responsible for the Company's state and local legislative affairs.

The Board believes that the present method whereby interested shareholders can obtain the information they seek from existing sources is preferable to, and less expensive than, preparing and mailing a separate report on political contributions to shareholders whether they wish to receive it or not.

EXECUTIVE COMPENSATION

COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Benefits Committee has overall responsibility for executive officer compensation and other compensation and benefit programs for key employees under its charter. No member of the Committee is an employee of the Company or participates in any of its employee compensation programs. The Committee engages independent compensation consultants and considers their data and input.

OBJECTIVES

The Company has designed its executive compensation programs to:

- . attract, motivate and retain the most talented executives;
- . link the financial interests of the Company's executives and its shareholders; and
- . provide rewards for behavior consistent with the Company's values.

To meet these objectives, the Committee considers objective and subjective factors in making pay decisions for the 12 executive officers of the Company and for reviewing compensation and benefit programs. These factors range from competitive pay practices to its judgment of business and individual performance.

EXECUTIVE OFFICER COMPENSATION PROGRAMS AND POLICIES

COMPENSATION GUIDELINES. The Committee sets compensation guidelines for base salary, annual incentive and long-term incentive awards for each executive officer position. The Committee uses three factors to set these guidelines: (1) competitive pay practices, (2) job scope and responsibility, and (3) the Company's need to attract, retain and reward executive talent. The importance of each factor varies by individual. For 2003, the Committee reviewed competitive pay practices at approximately 50 companies that compete with the Company in business or for executive talent. Nearly all of these companies are in the Standard & Poor's (S&P) 500 Index and approximately half are in the S&P Financial Index. When the Committee approves compensation, it considers these guidelines, current competitive market data and its judgment of Company, business unit and individual performance as described below.

BASE SALARY. The Committee reviews possible merit increases in base salary every 18 months or longer. During this review the Committee considers the compensation guideline for the executive officer position and individual performance. The Committee may also increase the base salary of executives who are promoted or change jobs within the executive group or in special circumstances. Other than base salary adjustments for promotions and changes in responsibilities, base salaries for executive officers have not been changed since 1999, excluding the one-year reduction in salary payments in 2002.

ANNUAL INCENTIVE AWARDS. The Company's annual incentive awards compensate executive officers for annual performance.

For 2003 the Company paid annual incentive awards to each of the executive officers, including the Chief Executive Officer and the four other most highly

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

compensated executive officers. (In this Proxy Statement we refer to these five executives as the named executives.) The Committee used its judgment about each individual's annual goal and leadership performance to make discretionary awards, giving equal weight to the goal and leadership categories.

The Committee evaluated progress toward goals in these areas that are important for sustaining the Company's success:

- . SHAREHOLDER VALUE (50% WEIGHT). Includes shareholder return, earnings growth, revenue growth, return on equity and reengineering.
- . CUSTOMER (25% WEIGHT). Includes customer survey results, expansion and retention of customer base and development of products and services.
- . EMPLOYEE (25% WEIGHT). Includes employee survey results, success in achieving long-term, world-class targets and retention of talented employees.

16

The Committee evaluated leadership by considering a variety of factors: developing winning strategies, driving results, focusing on the customer and client, driving innovation and change, building and leveraging relationships, communicating effectively, building diverse talent and demonstrating personal excellence.

The Committee used similar criteria to evaluate the goal and leadership performance of Mr. Chenault. The specific factors the Committee used to evaluate Mr. Chenault's goal performance are described on pages 18-20. The Committee did not assign weights to the goal categories in evaluating Mr. Chenault's performance. In addition, the Committee evaluated his leadership based on its judgment of his overall leadership of the senior management team and the Company.

To recognize 2003 performance, the Committee decided to pay a cash annual incentive award to all executive officers and issue restricted stock awards to certain executive officers. Each restricted stock award is subject to vesting in equal installments on the first, second and third anniversaries of the January 2004 grant date.

LONG-TERM INCENTIVE AWARDS. The Company's long-term incentive award program rewards executive officers for Company, business unit and individual performance over more than one year. In 2003, annual long-term awards included stock option and Portfolio Grant (PG) awards. The Committee approved awards in amounts that were consistent with compensation guidelines after reviewing the incentive and retention value of outstanding stock option, PG and restricted stock awards held by each executive officer.

STOCK OPTIONS. Ten-year stock options reward executive officers if the Company's share price increases for all shareholders. Executives may exercise 25% of the 2003 grant after one year, 50% after two years, 75% after three years, and 100% after four years.

PG AWARDS. The Committee granted PG-XIV awards in 2003 to executive officers to link their interests to longer-term financial and shareholder return performance. The awards contain a formula based on the Company's 2003-2005 earnings per share growth, revenue growth and average return on equity, and the Company's total shareholder return compared to the return of the S&P Financial Index. The Committee may adjust the values produced by these performance measures downward based on its judgment of Company,

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

business unit and individual performance. To receive payment, PG-XIV award holders generally must be employed by the Company through the vesting and payment date in February 2006.

ADDITIONAL AWARDS. The Committee may in its judgment grant short- or long-term awards or make payments for special contributions or job promotions, to attract new hires to the Company, to retain executives or in special circumstances. In February 2004, the Committee made cash payments to all executive officers to recognize their individual contributions to the Company's or business unit's financial performance over the 2001-2003 period, taking into account the economic environment and circumstances during the period and the level of long-term compensation for the executive officers for such period.

DEFERRAL AND OTHER PROGRAMS. Under the annual Pay-for-Performance Deferral Program, executives may defer receipt of part of their current compensation to a later date. Each year the Company adds to or subtracts from the deferred compensation value an amount determined from a schedule linked to the Company's annual return on equity, subject to vesting requirements. Generally, the earnings vest five years after the compensation is deferred, or upon retirement eligibility (i.e., at least age 55 with 10 years of service). The Company also provides executive officers with pension, profit sharing, incentive savings, life insurance, perquisite and other benefits consistent with market practices. The reportable value of these programs is shown on pages 21-23.

SHARE OWNERSHIP. The Company's share ownership policy requires approximately 160 senior officers, including executive officers, to have an ongoing ownership stake in the Company and thereby link to shareholder interests. In 2003, the Committee approved changes to the stock ownership policy to strengthen the alignment with shareholder interests, and reflect emerging good practices.

The updated policy is effective January 1, 2004, replaces the prior policy and has these key features:

- . Participants are expected to own Company shares with a target value of a multiple of their base salary, ranging from one times base salary for certain participants to 10 times for Mr. Chenault. Only the value of shares held in identified brokerage accounts, in registered form or in accounts under benefit programs will be counted under the policy.
- . If a participant has not yet reached the target ownership requirement, he or she must retain a substantial number of shares acquired from any stock option exercise or restricted share vesting. These held shares must have a value of 75% of the net after-tax gain from the stock transaction.

17

- . In addition, after achieving their stock ownership targets, executive officers and selected other senior executives must retain for at least one year shares with a value of 50% of the net after-tax gain from any stock option exercise or restricted share vesting.

DETRIMENTAL CONDUCT. To help protect the Company's competitive position, approximately 600 officers, including executive officers, have signed agreements that include a provision that requires them to forfeit the proceeds from some or all of their long-term incentive awards received up to two years prior to employment termination, if they engage in conduct that is detrimental to the Company. Detrimental conduct includes working for certain competitors, soliciting customers or employees after employment ends and disclosure of confidential information.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

MILLION DOLLAR CAP. Current U.S. tax law has a \$1,000,000 annual tax deduction limit on compensation the Company pays to the Chief Executive Officer and the four other most highly compensated executive officers. The limit does not apply to "performance-based" compensation (as defined under the Code and related regulations). In general, compensation is performance-based only if payment is contingent upon attainment of pre-established objective performance goals that are set by the Committee. The Committee may use its discretion to set actual compensation below the maximum amount calculated by application of the Company performance criteria.

The Committee's general policy is to structure compensation programs that allow the Company to fully deduct the compensation under the Million Dollar Cap requirements. The Committee also believes that the Company needs flexibility to meet its incentive and retention objectives, even if the Company may not deduct all of the compensation. The Company expects that the 2003 annual incentive, stock option and PG-XIV awards (except in one mid-year adjustment situation) will be treated as performance-based and thus be deductible. It also expects the vesting of certain restricted stock in 2003 that was originally granted in payment of a performance-based award, and the vesting of PG-XII amounts in 2004 that are performance-based, to be deductible for Million Dollar Cap purposes. The application of the Million Dollar Cap requirements may limit the deductibility of compensation resulting from the vesting in 2003 of certain other restricted stock and certain cash payments made to the named executives in 2004 (described above under "Additional Awards").

CHIEF EXECUTIVE OFFICER COMPENSATION

The Committee made decisions about Mr. Chenault's 2003 compensation and awards after reviewing performance and compensation with the full Board. The Committee considered the Company's overall performance, as well as initiatives taken to strengthen its overall competitive position. The compensation decisions were in accordance with the Company's objectives and included the following:

SALARY. Mr. Chenault's annual base salary in 2003 was \$1,000,000. This is the same salary that he received in 2001. In 2002, the Committee approved a one-year 5% reduction in salary payments otherwise payable during 2002, in support of cost reduction objectives.

ANNUAL INCENTIVE. To recognize 2003 performance, the Committee approved a cash annual incentive award for Mr. Chenault of \$3,500,000 and 17,416 restricted shares vesting over three years as described earlier for certain executive officers. With respect to the restricted shares, 8,678 shares were granted in payment of a previously established performance-based award and the remaining 8,738 shares are subject to future financial performance for vesting. The Committee determined these awards based on Mr. Chenault's annual incentive award guideline, goal and leadership performance, the Company's results and the economic and competitive environment in 2003. Performance highlights for 2003 are described below.

2003 FINANCIAL PERFORMANCE

- . **FINANCIAL MEASURES:** The Company met or exceeded its long-term financial targets of 12%-to-15% growth in earnings per share (EPS), 18%-to-20% return on equity (ROE) and revenue growth of 8%. Diluted EPS grew by 14%, ROE was 20.6% and revenues increased 9%.
- . **SHAREHOLDER RETURN:** American Express total shareholder return (TSR) for 2003 was 38%, compared with 28% for the Dow Jones Industrial Average, 29% for the S&P 500 Index and 31% for the S&P Financial Index. At year-end, American Express' price/earnings ratio was higher than any of the top 20 global financial services companies by market capitalization, a level that

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

indicates both the strength of the Company's current financial performance and the market's confidence in the Company's future growth.

18

INITIATIVES TO STRENGTHEN THE BUSINESS

Actions implemented by Mr. Chenault and the senior management team over the past several years allowed the Company to overcome the difficult environment early in 2003, to capitalize on the improving economic conditions and to build additional momentum during the second half of the year. This success reflects the fundamental changes to the Company's business model that have been made over the past three years of Mr. Chenault's leadership. In 2003, American Express continued to focus on the three areas critical to building a sustainable platform for medium to long-term growth:

INCREASING THE FLEXIBILITY AND IMPROVING THE ECONOMICS OF ITS BUSINESS MODELS SO THAT THE COMPANY CAN MEET FINANCIAL OBJECTIVES EVEN IN A SLOWER-GROWTH ECONOMY. KEY ELEMENTS INCLUDE:

- . An ongoing focus on reengineering, which led to the third year in a row of benefits exceeding \$1 billion (efforts included improving key business processes to increase efficiency, reducing costs and creating revenue-producing opportunities); and
- . Continuing to diversify the Company's cardmember spending base by shifting away from its historical reliance on spending in the travel and entertainment sectors and expanding its presence among merchants in the retail and everyday spending sectors, as well as in industries where cash or checks are the predominant form of payment.

SUBSTANTIALLY IMPROVING ITS OVERALL RISK PROFILE BY:

- . Achieving industry-leading credit quality in its card businesses (with charge and lending write-off rates at or near historic lows);
- . Continuing to focus on improving the overall quality of the American Express Financial Advisors (AEFA) owned investment portfolio; and
- . Continuing to shift loan exposure at American Express Bank (AEB) from corporate to consumer lending.

INCREASING ITS INVESTMENT IN BUSINESS-BUILDING INITIATIVES SUCH AS:

- . New card acquisition;
- . The launch of new products;
- . Marketing and loyalty programs; and
- . Targeted acquisitions, such as Threadneedle Asset Management and Rosenbluth International.

BUSINESS PERFORMANCE

The Company achieved significant business accomplishments in its core businesses during 2003. Highlights of these accomplishments include:

GLOBAL PAYMENTS BUSINESSES

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- . Adding a net total of 3.5 million cards in force, thereby achieving a milestone 60.5 million cards in force worldwide;
- . Increasing the total amount of spending on American Express Cards by 13% and achieving strong growth in worldwide lending balances;
- . In the United States, introducing Blue Cash from American Express, a fee-free credit card that offers up to 5% cash back on purchases;
- . Enhancing the value of its industry-leading Membership Rewards program by adding new partners in a range of industries;
- . Continuing to grow its OPEN Small Business Network(R) by introducing the Business Cash Rebate Card, the Platinum Business Credit Card and SBA Express, which enables the Company to offer line-of-credit products that are backed by the U.S. Small Business Administration;
- . Launching more than 80 new or enhanced proprietary card products in countries outside the United States and signing nine additional partners to its Global Network Services (GNS) business;
- . Completing the acquisition of Rosenbluth International, thus expanding American Express' position as the largest corporate travel management company in the world and strengthening its ability to serve the interests of small, mid-sized and large corporate customers;

19

- . Introducing a portfolio of airline cobrand cards in key markets around the world to help mid-size companies, which typically do not have the bargaining power to negotiate discounts with airlines (this includes issuing cobranded corporate cards with American Airlines and Qantas, renewing our cobrand card with Air France, and announcing plans to introduce new cards with KLM and Aeroplan, a wholly owned subsidiary of Air Canada); and
- . Expanding the number of key corporate account signings.

RETAIL FINANCIAL SERVICES BUSINESSES

- . Making good progress toward its goal of improving investment performance in both equity and fixed income;
- . Significantly strengthening its asset management capabilities internationally through the acquisition of Threadneedle Asset Management, which will play a key role in the expansion of the Company's financial services businesses outside the United States and become its international asset management platform;
- . Introducing six new mutual funds, as well as launching Financial Accounts (a free online service that helps clients organize and track the value of their American Express and third-party financial accounts) and the American Express ONE(R) High-Yield Savings Account (offering account holders the benefits of competitive interest rates for their cash reserves);
- . Increasing total assets owned, managed and administered at AEFA by 58% (or 22% excluding the Threadneedle acquisition) and the total number of AEFA advisors by 4%; and

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- . Delivering strong financial results at AEB, with solid growth in the private banking and the financial institutions businesses, as well as a 29% increase in assets managed and administered.

EMPLOYEE AND LEADERSHIP TALENT

- . The Company refocused employees on key elements of its corporate culture that will drive its success in the future, including a continuing commitment to the Company's values and positioning it as an employer of choice.
- . Results of the annual employee survey indicated that employees rate the Company highly, relative to the prior year's results and external benchmarks.
- . The Company continued to focus on developing the leadership capabilities of its leaders, as well as ensuring that appropriate talent exists within the Company. It also made significant strides in retaining employees identified as high performers and those who have a high impact on customer service.

LONG-TERM INCENTIVE AWARDS. In January 2003, the Committee approved 486,000 nonqualified stock option shares and a PG-XIV award with a grant value of \$1,000,000 for Mr. Chenault. The PG award was at his compensation guideline. The stock option shares were below his compensation guideline and, consistent with other executives, reflected a 10% reduction in shares compared with the award a year earlier.

In February 2004, the Committee certified achievement of the financial and shareholder return performance goals and approved a resulting payout value for the PG-XII award granted in 2001 (which had a 2001-2003 performance period) in the amount of \$570,155.

The Committee approved an additional cash payment for Mr. Chenault in the amount of \$1,913,845, which was based on the Company's financial performance and Mr. Chenault's individual performance and leadership over the 2001-2003 period. In determining such payment, the Committee also considered the economic environment and circumstances in which the Company operated during the three-year period, and reviewed the level of long-term compensation for Mr. Chenault for such period.

In 2003, the Committee approved the elimination of the restoration stock option feature for new stock option awards to be granted starting January 2004. The Company expects that this action will reduce potential stock option expense and share usage in the future. The restoration feature continues on previously granted stock option awards (see description on page 24).

20

The Committee approved annual stock awards in January 2003 that reduced share usage to approximately 1.1% of outstanding common shares compared with 2.9% for the January 2002 annual stock awards. This change was one result of a 2002 review of the Company's total compensation program. The January 2003 annual stock awards included stock option shares for executive officers which were reduced 10% compared with January 2002 stock option shares (except for two executive officers whose guidelines were changed to reflect job responsibilities). The Committee also lengthened the vesting schedule for these stock options to annual installments over four years (compared to vesting over three years for prior awards). In January 2004, the Committee approved annual stock awards that continued share usage at the level of approximately 1.1% of

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

outstanding common shares.

(1) The amounts in this column reflect cash payments under annual incentive awards.

(2) These numbers reflect the cost to the Company of providing perquisites and

other personal benefits. They also include personal travel expenses for Mr. Chenault, which are calculated in accordance with IRS guidelines. SEC rules require us to break out each benefit that exceeds 25% of the total we report for each named executive as follows:

NAME	LOCAL TRAVEL BENEFIT	FLEXIBLE PERQUISITE ALLOWANCE
----	-----	-----
K.I. Chenault.....	\$94,367	--
A.F. Kelly, Jr.....	30,000	\$35,000

- (3) This column includes the grant date value of restricted share grants we made as performance or retention awards. The awards shown for 2003 (granted in January 2004) vest in equal installments after one, two and three years from the grant date. With respect to those awards, approximately half of Mr. Chenault's shares were issued in payment of a previously established performance-based award and the remaining shares are subject to future financial performance for vesting; the restricted shares for the other named executives were issued in payment of previously established performance-based awards. The awards shown for 2002 (granted in January 2003) and 2001 contain financial performance measures for vesting. If the applicable financial performance measures required for vesting are met: the 2002 awards vest in equal installments after three and four years from the grant date; and the 2001 awards vest four years from the grant date. The Company expects that all the restricted stock awards shown in this table will, upon vesting, be deductible for Million Dollar Cap purposes. We value restricted share awards in the table based on the closing price of the Company's common shares on the New York Stock Exchange on the grant date. We pay dividend equivalents on the restricted shares in the same way we pay dividends on our common shares.

On December 31, 2003, the named executives held the restricted shares set forth below. We valued them based on the closing price of \$48.23 on December 31, 2003.

NAME	NUMBER OF RESTRICTED SHARES	VALUE ON DECEMBER 31, 2003
----	-----	-----
K.I. Chenault.....	401,000	\$19,340,230

- (4) These include annual, special and restoration stock option awards. For Mr. Chenault, we include a 2001 promotional stock option grant, which vests in equal installments after four, five and six years from the grant date. For Mr. Gilligan, we include a 2003 stock option award granted for additional responsibilities which he assumed. This award vests in equal annual installments after one, two, three and four years from the grant date. We

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

describe all stock option grants made in 2003 in the table captioned "Option Grants in 2003" on page 23.

- (5) For 2003, these include the value of the Portfolio Grant XII awards (PG-XII awards) granted in 2001, and additional cash payments made in February 2004. The PG-XII awards vested and became payable in February 2004. Each PG award has two parts. The first part is the Financial Incentive Component, which accounts for 60% of the target value of the award. We valued this part based on earnings per share growth, revenue growth and average return on equity for the Company over the 2001-2003 period. The second part is the Stock Incentive Component, which accounts for 40% of the target value of the award. We valued this part based on our total shareholder return compared to that of the S&P Financial Index over the 2001-2003 period. The Company expects that PG-XII payments will qualify as deductible, performance-based compensation under the Million Dollar Cap requirements.

The additional cash payments referred to above for Messrs. Chenault, Kelly, Cracchiolo, Crittenden, and Gilligan were made based on, among other things, individual and organizational performance over the 2001-2003 period, as well as an assessment of the economic environment and circumstances in which the Company operated during such period. These additional amounts may be subject to the tax deductibility limitations imposed by the Million Dollar Cap requirements.

22

- (6) The dollar value of the amounts in this column include the following:

NAME	EMPLOYER CONTRIBUTIONS UNDER SAVINGS AND RELATED PLANS	ABOVE-MARKET EARNINGS ON DEFERRED COMPENSATION	VALUE OF SPLIT-DOLLAR LIFE INSURANCE
----	-----	-----	-----
K.I. Chenault.....	\$77,422	\$472,369	\$1,969
A.F. Kelly, Jr.....	36,811	20,571	1,225
J.M. Cracchiolo.....	36,811	76,645	1,250
G.L. Crittenden.....	38,600	120,655	1,710
E.P. Gilligan.....	34,189	45,584	1,155

In addition, this column includes a payment for Mr. Chenault of \$10,770 from a personal investment in a limited partnership managed by a former subsidiary.

Earnings on compensation deferred by a participant are determined according to a variable crediting schedule linked to the Company's annual return on equity, and are subject to vesting requirements. Generally, the earnings vest five years after the compensation is deferred, or upon retirement eligibility (i.e., at least age 55 with 10 years of service). The above-market earnings shown in the table are calculated for each participant based on the difference between actual 2003 earnings under the program and hypothetical earnings under applicable IRS rates.

(1) We granted these nonqualified stock options on January 27, 2003 as part of our annual award program. Each option has an exercise price per share equal to the fair market value per common share on the grant date. The Company defines fair market value as the average of the high and low trading prices of a Company share as reported on the New York Stock Exchange Composite Tape on the date of grant. The options also have the restoration feature described in note (2) below. Executive officers may transfer them to certain family members and entities for their beneficial interest, subject to requirements or changes as determined by the Company, including termination of this feature. Holders may exercise 25% of their options after one year, 50% after two years, 75% after three years and 100% after four years, subject to award requirements. All outstanding stock options may also become exercisable upon death, disability termination, retirement or a change in control of the Company as we describe on pages 28-30.

(2) These are restoration options that we granted when participants exercised stock options that were outstanding for at least five years. The number of restoration option shares we granted equals the number of shares that the holder delivered to us as payment of the exercise price of the original option plus the number of shares withheld to pay tax withholding. The exercise price of the restoration option is the fair market value of a Company common share on the date of its grant. The holder of a restoration option may exercise it after six months from the grant date (but no later than the original stock option's expiration date). For Mr. Chenault these

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

dates are September 20, 2003 and November 1, 2003. For Mr. Kelly, this date is March 19, 2004. For Mr. Cracchiolo, these dates are October 29, 2003, November 29, 2003 and June 23, 2004. For Mr. Gilligan, this date is March 4, 2004.

- (3) We granted this nonqualified stock option on July 28, 2003 for additional responsibilities which Mr. Gilligan assumed. This award has the standard stock option provisions and vests in equal annual installments after one, two, three and four years from the grant date.
- (4) These numbers show hypothetical values under a variation of the Black-Scholes option pricing model. This model is a complicated mathematical formula that makes assumptions about stock option features. A number of these assumptions do not apply to the options we grant to our executive officers and other employees. In particular, the model assumes that holders can exercise stock options immediately and freely transfer them. For these reasons, we caution that the values we show in the table are theoretical and may not reflect the amounts that option holders will realize. Whether an option holder realizes value and how much this value is will depend on what our share price is relative to the exercise price. The assumptions listed below and Black-Scholes values are consistent with the assumptions that we used to report stock option valuations in our 2003 Annual Report to Shareholders. In addition, we use the same method to expense the fair value of stock options prospectively beginning with 2003 grants.

ASSUMPTIONS FOR VALUING JANUARY 2003 GRANTS:

- . The exercise price is the same as our share price on the grant date.
- . A 4.5-year life for each option. Based on recent experience, this is the amount of time that passes before holders of our options exercise them.
- . Expected dividend yield of 1.0%. This reflects the yield on the grant date.
- . Expected stock price volatility of 34%. This reflects the most recent volatility for the month-end stock prices of the Company's common shares for the 54 months prior to the grant date.
- . A risk-free rate of return of 2.9%. This reflects the return an investor could expect in a risk-free investment with the same grant and expiration date as our stock options. This is the yield on a zero-coupon bond on the option grant date with a maturity date similar to the expected life of the stock options.

ASSUMPTIONS FOR VALUING RESTORATION AND SPECIAL OPTIONS:

The values shown for the restoration and special stock options are based on the same model above except that the assumptions reflect:

- . A 4.5-year life for special stock option awards and the remaining term or a maximum of 4.5 years for the restoration stock option awards.
- . A risk-free rate of return ranging from 1.1% to 3.3%.
- . Expected dividend yield ranging from 0.8% to 1.0%.
- . Expected stock price volatility ranging from 29% to 31%.

(1) PG awards link compensation to our financial and total shareholder return performance. Each PG award consists of a Financial Incentive Component and a Stock Incentive Component. The Financial Incentive Component represents 60% of the target value of the award and earns value based on earnings per share growth, revenue growth and average return on equity of the Company over the 2003-2005 period. The Financial Incentive Component will earn value if we achieve at least a threshold level of performance on any of these financial measures. The Stock Incentive Component represents 40% of the target value of the award and earns value based on how our total

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

shareholder return compares to that of the S&P Financial Index over the 2003-2005 period. Total shareholder return means share price appreciation plus dividends.

We structured the PG awards in the table to qualify as performance-based compensation under the Million Dollar Cap (except for approximately 10% of the value shown for Mr. Gilligan, which was granted at mid-year). Under the qualifying awards, the Committee may adjust downward the formula values shown based on various factors, including Company, business unit and individual performance over the performance period.

SHARE PLANS

The following table provides summary information with respect to the Company's equity compensation plans under which the Company's common shares may be issued to employees or non-employees (such as Directors, consultants or advisers). Information relating to employee stock purchase plans and employee savings plans (such as 401(k) plans) is not included in the following table. Information is provided separately in the aggregate for the Company's equity compensation plans which have been approved by the Company's shareholders and for the one plan that was not approved by shareholders.

Equity compensation plans not approved by shareholders	0	0	
Total	156,732,806	\$37.917	7

The only equity compensation plan which has not been approved by the Company's shareholders is the Directors' Stock Plan. This plan, which was terminated in September 2003, provided for an annual grant of up to 600 common shares to each non-management Director for service in the prior year. This plan is more fully described on page 8 of this proxy statement.

PENSION BENEFITS

We provide pension benefits under the American Express Retirement Plan and the American Express Supplemental Retirement Plan.

AMERICAN EXPRESS RETIREMENT PLAN. We have a U.S. Retirement Plan that is commonly referred to as a cash balance plan. Each payroll period, we credit each participating employee with an amount equal to a percentage of the employee's base salary we pay in that period. We also credit each employee with a percentage of certain annual bonuses and other types of compensation at the time we pay the compensation. The percentage varies with the employee's age and years of service. This table shows the percentages we use to determine the amount of the credits:

SUM OF AGE PLUS YEARS OF SERVICE	APPLICABLE PERCENTAGE
Less than 35..	2.50%
35-44.....	3.25

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

45-59.....	4.25
60-74.....	5.75
75-89.....	8.00
90 or more....	10.00

On January 1, 2004 the sum of age plus years of service recognized by the Plan for the named executives was as follows: Mr. Chenault: 76, Mr. Kelly: 63, Mr. Cracchiolo: 68, Mr. Crittenden: 55 and Mr. Gilligan: 69.

The Plan credits participants with interest on their cash balances. The Plan sets the interest rate each year based on an average of the interest rates for various five-year U.S. Treasury Notes. The minimum interest rate is 5%. The maximum rate is the lower of 10% or a specific rate set by the U.S. government under the tax laws. For 2003 the interest rate was 5.0%, and for 2004 the rate is 5.0%.

When an employee retires or terminates employment after completing five years of service, the Plan will pay out the cash balance amounts. The Plan will make these payments in the form and at the time the employee elects, including payment in a single lump sum or as an annuity. An annuity obligates the Plan to make payments in monthly installments over time, in amounts based on assumptions we make as to life expectancy and the value of making payments in the future. Employees may choose similar methods of payment for benefits they earned before July 1, 1995.

27

SUPPLEMENTAL RETIREMENT PLAN. By meeting certain legal requirements, the Retirement Plan provides a tax-advantaged way for us to provide retirement benefits. However, U.S. tax law limits the amount of benefits we can provide an employee as well as the amount of compensation that we can take into account under the Retirement Plan. We make up for these lost benefits under our U.S. Supplemental Retirement Plan.

FUNDED PENSION PLAN. Some of our employees, including Messrs. Chenault, Cracchiolo and Gilligan, have earned retirement benefits under the U.S. American Express Funded Pension Plan, a plan in effect until May 1985. We purchased an annuity from an insurance company to fund benefits that these employees may receive under this plan when they leave the Company or upon reaching age 65.

PENSION TABLE. We set forth in the table below the amount we estimate we will pay each year to the named executives as a single life annuity at age 65 under the Retirement Plan and the Supplemental Retirement Plan. Under a single life annuity, when the employee dies we cease making payments. We break out separately payments the insurance company will make under the Funded Pension Plan. In deriving our estimated payments for the Retirement Plan and the Supplemental Retirement Plan, we used these assumptions:

- . We credit interest on account balances at the actual rate for all years through 2004 and at 5% for 2005 and later years.
- . We start paying retirement benefits to the executives at normal retirement age (age 65) as a single life annuity based on an interest rate of 5.16% and U.S. government-approved assumptions as to life expectancy.
- . We continue to employ Messrs. Chenault, Kelly, Cracchiolo, Crittenden and Gilligan until age 65 at their current base salaries and pay them annual bonuses equal to their average bonus over the last five years. For Mr.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

Crittenden, the average bonus is based on bonus amounts paid in 2001 through 2003.

SEVERANCE, CHANGE IN CONTROL AND OTHER ARRANGEMENTS

We have in place three types of compensation arrangements that we describe in this section of the Proxy Statement: a uniform severance policy, change in control policies and arrangements relating to death, disability and retirement.

UNIFORM SEVERANCE POLICY. We have a uniform severance policy that applies to senior officers, including the named executives. Severance for executive officers is subject to the approval of the Compensation and Benefits Committee. If we terminate the employment of the participating officer for any reason generally other than misconduct, or we and the officer terminate such employment by mutual agreement, we will pay the officer severance over a period of two years or less. To receive these payments, the officer must sign a severance agreement that prohibits the officer from working for certain competitors, soliciting business from our customers, attempting to hire our employees and disclosing our confidential information. The officer must also agree to release any claims against us.

The amount of severance that we would pay to each named executive is two times base salary plus two times the amount of the last bonus that was paid as of the date the executive is tendered a severance agreement by the Company. During all or a part of the severance period, the officer's long-term incentive awards continue to vest, and we will continue to offer coverage under certain welfare and benefit plans.

CHANGE IN CONTROL POLICIES. We have designed our change in control policies to help keep employees focused on their jobs during the uncertainty that accompanies a change in control, to preserve benefits after a change in control transaction and to help us attract and retain key talent. We originally adopted these policies in 1994 and updated them in 2000. A change in control of the Company generally includes these events: (1) any

28

person acquires 25% or more of our common shares or of voting securities, (2) a majority of our Directors are replaced, (3) certain mergers, reorganizations, consolidations, or sales of our assets, subject to consummation or (4) shareholder approval of a liquidation or dissolution of the Company.

. **SEVERANCE.** We will pay the amount of severance that we would pay under the uniform severance policy in a lump sum to senior officers, including the

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

named executives, if the officer's employment is terminated under certain conditions within two years after a change in control. These conditions include (1) a termination by the Company for any reason generally other than willful misconduct or conviction of a felony or (2) a termination by the officer for good reason. The officer would have good reason to terminate his or her employment if we impose a reduction in base salary or position, material reduction in the total value of annual incentive and long-term incentive award opportunities, certain relocations of the officer's workplace or duties materially inconsistent with prior duties. We refer to any of these employment terminations as a "Covered Termination."

- . PRO RATA BONUS. If a Covered Termination occurs within two years after a change in control, we will pay participating officers, including the named executives, a bonus for part of the year in which termination occurs. We will base the amount of the pro rata bonus on the average of the prior two annual incentive awards.
- . KEY EXECUTIVE LIFE. A change in control impacts split-dollar policies in existence under our U.S. Key Executive Life Insurance Plan before April 1, 2003. In the event a Covered Termination occurs within two years after a change in control, we will transfer the accrued value of the policy to a participating employee, including any of the named executives. Each policy provides life insurance coverage equal to four times annual base salary up to a maximum of \$1.5 million. Key Executive Life Insurance coverage for participants whose coverage was initiated after April 1, 2003 is provided under a group term policy that is not affected by a change in control.
- . SUPPLEMENTAL RETIREMENT PLAN. We do not fund benefits under our Supplemental Retirement Plan. However, upon a change in control, we will fully fund benefits that participants have earned under the Supplemental Retirement Plan.

If a Covered Termination occurs within one year after a change in control, we will provide senior officers, including the named executives, with an additional benefit under the Supplemental Retirement Plan. This benefit will equal the additional amount we would provide to the officers under the Retirement Plan if the officers had two additional years of service and age under that plan. If a Covered Termination occurs between one and two years after a change in control, we will use one additional year of service and age to calculate the additional benefits.

If a Covered Termination occurs within one year after a change in control, we will add two years of service to participants' actual service when we determine whether profit sharing contributions we made to the Supplemental Retirement Plan have vested. If the termination occurs between one and two years after a change in control, we will add one year of service.

- . DEFERRED COMPENSATION PROGRAMS. Upon a change in control, we will credit to participants' accounts under our U.S. deferred compensation programs (including the Pay for Performance Deferral Program) two years of interest based on the rate in effect for the year before the change in control. We will also pay out all balances in these plans.
- . STOCK OPTIONS AND RESTRICTED SHARES. Stock option and restricted share awards that we issued to employees under our long-term incentive compensation plans will immediately vest upon a change in control. If an employee is terminated for reasons other than misconduct within two years after a change in control, the employee will have up to an additional 90 days from termination to exercise stock options granted on and after February 28, 2000.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- . PORTFOLIO GRANTS. If a Covered Termination occurs within two years after a change in control, Portfolio Grant awards under these plans will immediately vest and we will pay a pro rata portion of the value of the awards.
- . BENEFITS. We will continue for up to two years our subsidy of U.S. medical and dental benefits for employees who are terminated within two years after a change in control.

29

- . EXCISE TAX GROSS UP. Current U.S. tax laws generally (1) do not allow companies to deduct from income certain compensation provided in connection with a change in control that exceeds specified limits and (2) impose a 20% excise tax on the individuals who receive such compensation. We generally will pay to members of senior management, including the named executives, an amount in cash if necessary to offset this excise tax.

DEATH, DISABILITY AND RETIREMENT. These policies generally apply to stock options, restricted share awards and Portfolio Grants that we issue to employees under our long-term incentive compensation plans, upon certain types of employment termination:

- . DEATH OR DISABILITY. Upon death or disability, unvested stock options and restricted shares will fully vest and Portfolio Grants will vest pro rata. If a participant is age 60 or older with 10 or more years of service, all or a portion of the remaining value of Portfolio Grants will vest. Following death or disability, the holder (or the holder's estate) will have up to five years to exercise vested stock options.
- . RETIREMENT. Upon retirement (meaning age 55 or older with 10 or more years of service), unvested restricted shares outstanding for more than two years will fully or partially vest. Portfolio Grants outstanding for more than one year will vest pro rata. If a participant is age 60 or older with 10 or more years of service, all or a portion of his or her unvested stock options, restricted shares and Portfolio Grants that the participant would have lost will also vest. Retirees may exercise vested stock options through the end of their original term.

CERTAIN TRANSACTIONS

SERVICE BY DIRECTORS AND OFFICERS

In the usual course of our business, we have transactions with many other firms, including financial institutions. Some of the directors or officers of these firms may also serve as directors or officers for us or our subsidiaries. We carry out our transactions with these firms on customary terms. The directors and officers who serve us, our subsidiaries or the other firms involved may not have knowledge of these transactions.

TRANSACTIONS BETWEEN THE COMPANY AND OUR DIRECTORS AND OFFICERS

Our executive officers and Directors may from time to time take out loans from certain of our subsidiaries on the same terms that these subsidiaries offer to the general public. By way of example, American Express Centurion Bank may extend credit to our Directors and executive officers under their Optima(R) Cards or Blue from American Express(R). All indebtedness from these transactions is in the ordinary course of our business and is substantially on

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

the same terms, including interest rates, in effect for comparable transactions with other people. Such indebtedness involves normal risks of collection and does not have features or terms that are unfavorable to our subsidiaries.

Our executive officers and Directors may also have transactions with us or our subsidiaries involving other goods and services, such as travel, insurance and investment services. These transactions are also in the usual course of our business and we provide them on terms that we offer to our employees generally.

CERTAIN EMPLOYEES

Occasionally we may have employees who are related to our executive officers or Directors. We compensate these individuals consistent with our policies that apply to all employees.

STOCK PURCHASE ASSISTANCE PLAN

In 2002 the Company decided to stop issuing new loans under its Stock Purchase Assistance Plan (SPAP) which was approved by shareholders in 1983. The purpose of the plan was to provide full-recourse loans to enable certain of our senior officers to pay the exercise price of stock options (as well as related taxes) or to buy common shares in the open market. During 2003 none of the named executives had any loan amounts outstanding under SPAP. For all our executive officers as a group, the highest principal amount outstanding under SPAP during 2003 was \$1.1 million which was repaid in February 2003. As of February 27, 2004, no loan to any executive officer remained outstanding.

30

Participants were limited to a loan of 300% of their base salary, were required to repay the loan within five years, and pledged common shares as collateral, the value of which was at least 100% of the loan principal on the date of the loan. Outstanding loans required interest to be paid quarterly at a rate that is two percentage points below the prime lending rate of a major New York City bank.

TRANSACTIONS WITH SIGNIFICANT SHAREHOLDERS

We have a number of ordinary course relationships with Berkshire Hathaway Inc. (Berkshire), its affiliates, and companies in which they have significant investments. Some of these companies are service establishments that accept our charge and credit cards and pay our subsidiaries fees when our customers use these cards. From time to time we may enter into joint marketing or other relationships with one or more of these companies that encourage our customers to apply for and use our cards. Our subsidiaries also provide Corporate Card or travel services to some of these companies and these companies pay fees to these subsidiaries. We or our subsidiaries may engage in other commercial transactions with these companies and pay or receive fees in these transactions.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Due to technical difficulties experienced by the Secretary's Office, a Form 4 filed on behalf of John D. Hayes, an executive of the Company, was not accepted by the SEC's filing system until 5:39 p.m. on June 13, 2003, approximately nine minutes after the 5:30 p.m. filing deadline.

DIRECTORS AND OFFICERS LIABILITY INSURANCE

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

We have an insurance program in place to provide coverage for directors and officers liability and fiduciary liability arising from employee benefit plans we sponsor. The coverage for directors and officers liability provides that, subject to the policy terms and conditions, the insurance carriers will (1) reimburse us when we are legally permitted to indemnify our directors and officers; (2) pay losses, including settlements, judgments and legal fees, on behalf of our directors and officers when we cannot indemnify them; and (3) pay our losses resulting from certain securities claims. The fiduciary liability portion of the program covers directors and employees who serve as fiduciaries for our employee benefit plans. It covers losses from alleged breaches of fiduciary or administrative duties, as defined in the Employee Retirement Income Security Act of 1974. Effective from November 30, 2003 to November 30, 2004, this insurance is provided by a consortium of carriers. ACE American Insurance Company is the lead insurer. National Union Fire Insurance Company, Federal Insurance Company, Gulf Insurance Company, Zurich American Insurance Company, Twin City Fire Insurance Company, Allied World Assurance Company, and Liberty Mutual Insurance Company provide excess coverage. The program also includes supplemental layers dedicated exclusively to providing coverage for directors and officers when we cannot indemnify them. The supplemental layers are provided by National Union Fire Insurance Company, Liberty Mutual Insurance Company, Allied World Assurance Company Ltd., Endurance Specialty Insurance Ltd., Indian Harbor Insurance Company, Houston Casualty Company, Columbia Casualty Company, Arch Insurance Company, Starr Excess International, and Max Re Ltd. This coverage is effective from November 30, 2003 to November 30, 2004. We expect to renew similar coverage at expiration. The annual premium for this coverage is approximately \$11,310,000.

As part of our insurance program, we have purchased an extension of coverage under the directors and officers liability policies that expired November 30, 2003. This extension provides coverage only for certain acts that occurred prior to expiration of the policies. The lead insurer on this extended coverage is Vigilant Insurance Company. A consortium of other insurers, including Gulf Insurance Company, National Union Fire Insurance Company, Certain Underwriting Members of Lloyds of London, Zurich American Insurance Company, Continental Casualty Company, Twin City Fire Insurance Company and St. Paul Mercury Insurance Company provide excess coverage. Supplemental layers, dedicated exclusively to providing coverage for directors and officers when we cannot indemnify them, are provided by ACE Bermuda Insurance Ltd., Greenwich Insurance Company, XL Insurance (Bermuda) Ltd., National Union Fire Insurance Company and Starr Excess International. The extended reporting period is effective from November 30, 2003 to November 30, 2004 and cannot be renewed. We paid a premium of approximately \$2,269,000 for this insurance.
