Agenda

- 1 Election of the chairman of the Meeting.
- 2 Preparation and approval of the voting list.
- 3 Approval of the agenda of the Meeting.
- 4 Determination as to whether the Meeting has been properly announced.
- 5 Election of two persons approving the minutes.
- 6 Proposal for resolution to change the difference in voting rights between shares of series A and series B, and the implementation of a conversion clause by amending § 6 of the Articles of Association and the issue of conversion rights to holders of shares of series A.
- 7 Proposal from Einar Hellbom for resolution on the abandonment of shares of series A.
- 8 Closing of the Meeting.

Item 6

Each share of series A in Ericsson confers one vote and each share of series B confers one thousandth part of one vote. In mid February 2004, a Working Group, consisting of representatives from major Swedish shareholders in Ericsson led by the Chairman of the Board of Directors, presented a proposal entailing that the difference in voting rights between shares of series A and B be reduced: each share of series A would keep the right to one vote whilst each share of series B would confer one tenth part of one vote. The conditions for the proposal have now been fulfilled and therefore the shareholders represented in the Working Group propose that an Extraordinary General Meeting adopts resolutions in accordance with the following proposal.

- Amendment of § 6 in the Articles of Association mainly in accordance with the following. The voting right for each share of series B is changed from one thousandth part of one vote to one tenth part of one vote. One share of series B may be converted to one share of series A during the period September 20 – December 10, 2004 by holders of a special conversion right. Request for conversion shall be addressed to the Company. The Company shall apply for registration of the conversion once a month during the period September – December 2004.
- Issue of conversion rights to each holder of a share of series A, and each share of series A will entitle to one conversion right. Each conversion right entitles the holder to convert one share of series B to one share of series A on the terms stated in the proposed amendments of § 6 above.
- Each registered holder of shares of series A on a specific day, as soon as possible following the Meeting will, for each share of series A, receive a conversion right.

The resolutions shall be adopted as a unit and are consequently conditional upon each other. In order for the resolution to be valid, it must be approved by shareholders representing two thirds of the votes cast (A and B) as well as the shares represented at the Meeting (A and B) and by holders of half the number of all the shares of series A and nine tenths of the shares of series A represented at the Meeting.

On account of the proposal above, the Board of Directors proposes that each registered holder of shares of series A on September 10, 2004 shall receive conversion rights.

On March 15, 2004, the Swedish Securities Council (Aktiemarknadsnämnden) announced that it does not consider the Work Group's proposal to be in conflict with good practice on the Swedish securities market and that the proposal is assumed to be of advantage to the Company and thereby in the interest of all shareholders.

The shareholders making the proposal above have also undertaken to vote for it. These shareholders jointly represent approximately 24.1 per cent of the total shares in the Company and approximately 87.6 per cent of the total votes of the Company. The holders of shares of series A that have undertaken to vote for the proposal represent approximately 89.1 per cent of the total shares of series A.

Item 7

Einar Hellbom's proposal: The General Meeting should resolve to abandon the shares of series A. Compensation for the difference in the share price between shares of series A and B should be paid with an amount equalling such difference the day before the Extraordinary General Meeting. Compensation should be paid in shares of series B.

The notice and information on the proposal for resolutions in item 6 above will be sent to the shareholders well in advance of the Meeting and will be available at the Company's web site. The complete proposal for resolutions in item 6 above will be available for the shareholders from July 26, 2004. The proposal will be available at the Company's web site www.ericsson.com/investors as from the same date.
