PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of SYNEX Corporation, a Delaware corporation, or SYNEX, of proxies to be used at the 2007 Annual Meeting of Stockholders to be held at our offices at 44201 Nobel Drive, Fremont, California, at 2:00 p.m., Pacific Time, on Tuesday, March 20, 2007 and any adjournments or postponements thereof. This Proxy Statement and the accompanying form of proxy card are being mailed to stockholders on or about February 20, 2007.

Appointment of Proxy Holders

Your Board of Directors asks you to appoint Robert Huang, Dennis Polk and Simon Leung as your proxy holders to vote your shares at the 2007 Annual Meeting of Stockholders. You make this appointment by voting the enclosed proxy card using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by your Board of Directors.

Unless you otherwise indicate on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by your Board of Directors at the time this Proxy Statement was printed and which, under our Bylaws, may be properly presented for action at the Annual Meeting of Stockholders.

Who Can Vote

Only stockholders who owned shares of our common stock at the close of business on February 8, 2007, the record date for the Annual Meeting of Stockholders, can vote at the Annual Meeting of Stockholders. As of the close of business on February 8, 2007, we had 30,904,096 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of February 8, 2007. There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting of Stockholders either in person or by mail as described below. Stockholders holding shares through a bank or broker should follow the voting instructions on the form of proxy card received.

Voting by Mail. You may vote by proxy by dating, signing and returning your proxy card in the enclosed postage-prepaid return envelope. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting of Stockholders and want to vote in person.

Voting at the Annual Meeting of Stockholders. Voting by mail will not limit your right to vote at the Annual Meeting of Stockholders, if you decide to attend in person. Your Board of Directors recommends that you vote by mail, as it is not practical for most stockholders to attend the Annual Meeting of Stockholders. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote at the Annual Meeting of Stockholders.

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares **FOR** the election of the nominees for director, **FOR** the approval of the 2007 Profit Sharing Program for Section 16(b) Officers and **FOR** the ratification of the appointment of independent registered public accountants.

Table of Contents

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting of Stockholders;

by submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting of Stockholders; or

by submitting another proxy of a later date prior to the Annual Meeting of Stockholders that is properly executed.

Required Vote

Directors are elected by a plurality vote, which means that the seven nominees receiving the most affirmative votes will be elected. However, your Board of Directors has adopted a majority vote standard for director elections. As a result, if a director receives less than a majority of the votes cast for such director, the Board of Directors will evaluate the situation and is authorized to remedy the situation as it deems appropriate, including requesting that the affected director resign from the Board of Directors. All other matters submitted for stockholder approval require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum, which is a majority of the outstanding shares as of February 8, 2007, must be present to hold the Annual Meeting of Stockholders. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on the matter.

Abstentions on any matters are treated as shares present or represented and entitled to vote on that matter and have the same effect as a vote against such matter.

If a broker indicates on the enclosed proxy card or its substitute that such broker does not have discretionary authority to vote on a particular matter (broker non-votes), those shares will be considered as present for purposes of determining the presence of a quorum but will not be treated as shares entitled to vote on that matter.

Solicitation of Proxies

SYNEX will pay the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and other employees by personal interview, telephone or facsimile. No additional compensation will be paid to these persons for solicitation. We will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Important

Please promptly vote and submit your proxy by signing, dating and returning the enclosed proxy card in the postage-prepaid return envelope so that your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting of Stockholders.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Directors and Nominees**

Our Bylaws currently provide that the number of directors which shall constitute the whole Board of Directors shall be fixed from time to time by the Board of Directors or stockholders. We currently have authorized seven directors. At the Annual Meeting of Stockholders, seven persons will be elected as members of your Board of Directors, each for a one-year term or until their successors are elected and qualified. The Nominating and Corporate Governance Committee of the Board of Directors has nominated, and the Board of Directors has designated, the seven persons listed below for election at the Annual Meeting of Stockholders. Pursuant to the New York Stock Exchange listing standards, a majority of the members serving on your Board of Directors must be independent directors. Your Board of Directors has determined that Messrs. Breidenbach, Quesnel, Rynne, Steffensen and Van Horne have no material relationship with us and that each of these directors is an independent director. All of the nominees were elected at SYNEX's Annual Meeting of Stockholders held on March 22, 2006. The proxies given to the proxyholders will be voted or not voted as directed and, if no direction is given, will be voted FOR these seven nominees. Your Board of Directors knows of no reason why any of these nominees should be unable or unwilling to serve. However, if for any reason any nominee should be unable or unwilling to serve, the proxies will be voted for any nominee designated by your Board of Directors to fill the vacancy.

Table of Contents

Organization of the Board of Directors

The Board of Directors held six meetings during the fiscal year ended November 30, 2006 and each director attended at least 75% of the total regularly scheduled and special meetings of the Board of Directors and the committees on which they served, except for Mr. Rynne who attended one less meeting of the Audit Committee to meet the 75% threshold. Our independent directors of the Board of Directors meet in regularly scheduled sessions without the presence of management. We do not have a policy regarding directors' attendance at the Annual Meeting of Stockholders. One director attended the 2006 Annual Meeting of Stockholders.

The Board of Directors has established four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Executive Committee. We believe that all members of the Audit, Compensation, and Nominating and Corporate Governance Committees meet the independence standards of the New York Stock Exchange and SEC rules and regulations. The Board has approved a charter for each of these committees, except the Executive Committee, which can be found on our website at www.synnex.com. Our corporate governance guidelines and code of ethics, which are applicable to our principal executive, financial and accounting officers, directors and employees, are also available, on or through, our website at www.synnex.com and are available in print to any stockholder who requests them. We intend to post any amendments to the corporate governance guidelines or code of ethics on our website.

Table of Contents

Director Nominations

The Board of Directors nominates directors for election at each Annual Meeting of Stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

The Nominating and Corporate Governance Committee has a policy regarding consideration of director candidates recommended by stockholders. The Nominating and Corporate Governance Committee investigates suggestions for director candidates recommended by stockholders and considers such candidates for recommendation based upon an appropriate balance of knowledge, experience and capability. In addition to considering an appropriate balance of knowledge, experience and capability, the Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to SYNEX and the Board of Directors, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board of Directors to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board of Directors to meet the definition of independent director under the rules of the New York Stock Exchange. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board of Directors.

Prior to each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the Annual Meeting of Stockholders and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board of Directors with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or a vacancy is created on the Board of Directors as a result of a resignation, an increase in the size of the Board of Directors or other event, the Nominating and Corporate Governance Committee will consider various candidates for Board of Directors membership, including those suggested by the Nominating and Corporate Governance Committee members, by other Board of Directors members, by any executive search firm engaged by the Nominating and Corporate Governance Committee and by stockholders. A stockholder who wishes to suggest a prospective nominee for the Board of Directors should notify SYNEX's Corporate Secretary, any member of the Nominating and Corporate Governance Committee, or the persons referenced in Communications with the Board of Directors on page 6 in writing with any supporting material the stockholder considers appropriate.

In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to SYNEX's Corporate Secretary and otherwise comply with the provisions of our Bylaws. To be timely, SYNEX's Bylaws provide that SYNEX must have received the stockholder's notice not less than 50 days nor more than 75 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the Annual Meeting of Stockholders is given or made to stockholders less than 65 days prior to the meeting date, SYNEX must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day SYNEX mailed notice of the Annual Meeting of Stockholders date or provided such public disclosure of the meeting date and (ii) two days prior to the scheduled date of the Annual Meeting of Stockholders. Information required by the Bylaws to be in the notice include the name and contact information for the

Table of Contents

candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our Bylaws and must be addressed to: Corporate Secretary, SYNEX Corporation, 44201 Nobel Drive, Fremont, California 94538. You can obtain a copy of our Bylaws by writing to the Corporate Secretary at this address.

in-person, and \$1,000 for each committee meeting attended by telephone, video or other non-in-person attendance. Each committee chair, except the Audit Committee Chair, received an annual retainer fee of \$5,000. The Audit Committee Chair received an annual retainer fee of \$10,000. In addition, the lead director will receive an annual cash retainer fee of \$30,000 after serving the first year. Non-employee directors are expected to receive the same compensation during fiscal year 2007. All directors are reimbursed for their reasonable out-of-pocket expenses in serving on the Board of Directors or any committee of the Board of Directors.

Directors had previously been eligible to receive stock options under our 1997 Stock Option/Stock Issuance Plan and our Special Executive Stock Option/Stock Issuance Plan. Currently, directors are eligible to receive equity incentives, in the form of stock options and/or direct stock issuances, under our Amended and Restated 2003 Stock Incentive Plan, or 2003 Stock Incentive Plan. For fiscal year 2006, each non-employee director who was first elected as a non-employee director and who had not been in our prior employ received an option to purchase 25,000 shares of our common stock on the date he or she joined the Board of Directors. On the date of the 2006 Annual

Table of Contents

Meeting of Stockholders, each of our continuing non-employee directors received an option to purchase 5,000 shares of our common stock pursuant to the automatic option grant program under our 2003 Stock Incentive Plan, provided such individual had served on the Board of Directors for at least six months. The options had an exercise price equal to the fair market value of the common stock on the grant date, and had a term of 10 years, subject to earlier termination following the director's cessation of Board of Directors service. The shares subject to each annual 5,000 share automatic option grant and the shares subject to each initial 25,000 share automatic option grant vested over five years at a rate of 20% upon the first anniversary of the vesting start date and then at a rate of 1/60th per month thereafter. Before adoption of our 2003 Stock Incentive Plan, options were generally granted to non-employee directors for the same number of shares and subject to the same basic terms as described above.

For fiscal year 2007, beginning January 4, 2007, each non-employee director who is first elected as a non-employee director and who has not been in our prior employ will receive 2,000 shares of restricted stock and an option to purchase 10,000 shares of our common stock on the date he or she joins the Board of the Directors. On the date of each annual stockholders meeting, each of our continuing non-employee directors will receive 2,000 shares of restricted stock pursuant to the automatic grant program under our 2003 Stock Incentive Plan, provided such individual has served on the Board of Directors for at least six months. The restricted stock will vest over three years at a rate of 33.3% on each anniversary of the vesting date, subject to earlier termination following the director's cessation of Board of Directors service for any reason other than retirement. In the event the director's cessation of Board of Directors service is due to retirement with the consent of the Board of Directors, all unvested restricted stock received in connection with his or her re-election as a non-employee Board of Directors member will become fully vested. The options will have an exercise price equal to the fair market value of the common stock on the grant date, and will have a term of 10 years, subject to earlier termination following the director's cessation of Board of Directors service. The options will vest over three years at a rate of 33.3% upon the first anniversary of their vesting start dates and then at a rate of 1/36th per month thereafter.

In addition, each current member of the Board of Directors is required to hold an equity position in SYNEX of at least an aggregate of 5,000 shares of common stock, whether vested or unvested, and/or vested in-the-money stock options on the date of each annual meeting of stockholders, commencing on the 2010 Annual Meeting of Stockholders. Any new director will be required to hold an equity position in SYNEX of at least an aggregate of 5,000 shares of common stock, whether vested or unvested, and/or vested in-the-money stock options on the date of each annual meeting of stockholders, commencing on the third annual meeting of stockholders held following his or her initial election.

In fiscal year 2006, Matthew Miao received a \$225,000 retainer and a 5,000 share option grant. Mr. Miao did not receive any Board of Directors or committee meeting fees. For fiscal year 2007, the Compensation Committee has approved a \$225,000 retainer and a grant of 2,000 shares of restricted stock of SYNEX for Mr. Miao. Similar to fiscal year 2006, Mr. Miao's fiscal year 2007 compensation is based primarily upon his non-executive back-up role to Mr. Huang in the event Mr. Huang were unable to serve as President and Chief Executive Officer and certain time commitments devoted to SYNEX as Chairman of SYNEX. Any future compensation payable to Mr. Miao will be based upon the approval of the Compensation Committee, which is composed of disinterested members of the Board of Directors.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by SYNnex under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving SYNnex's accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by SYNnex's independent accountants and reviewing their reports regarding SYNnex's accounting practices and systems of internal accounting controls as set forth in a written charter adopted by your Board of Directors. SYNnex's management is responsible for preparing SYNnex's financial statements and the independent registered public accountants are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by SYNnex's management and the independent registered public accountants.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that SYNnex's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The Audit Committee has discussed with the independent registered public accountants matters required to be discussed by Statement on Auditing Standards No. 61 and No. 90 (Communication with Audit Committees), as amended. In addition, the independent registered public accountants provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee and the independent registered public accountants have discussed such accountants' independence from SYNnex and its management, including the matters in those written disclosures. Additionally, the Audit Committee considered whether the provision of non-audit services was compatible with maintaining such accountants' independence. The Audit Committee has discussed with management the procedures for selection of consultants and the related competitive bidding practices and fully considered whether those services provided by the independent registered public accountants are compatible with maintaining such accountant independence.

The Audit Committee has discussed with SYNnex's internal and independent registered public accountants, with and without management present, their evaluations of SYNnex's internal accounting controls and the overall quality of SYNnex's financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, the inclusion of the audited financial statements in SYNnex's Annual Report on Form 10-K for the fiscal year ended November 30, 2006, for filing with the SEC.

Respectfully submitted on February 12, 2007, by the members of the Audit Committee of your Board of Directors:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives and Philosophy of Our Compensation Programs

Our compensation programs are designed to address a number of objectives, including attracting and retaining high quality executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating executive officers to achieve returns for our stockholders. Our programs are geared for short and long-term performance with the goal of increasing stockholder value over the long term. Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect executive compensation and incentive programs have on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team, rather than individuals, in attaining key operating objectives, such as growth of sales, growth of operating earnings and earnings per share, growth or maintenance of market share, long-term competitive advantage, and ultimately, in attaining an increased market price for our common stock. We believe that the performance of our executives in managing SYNEX, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of SYNEX by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and other equity incentive programs.

In particular, in determining total compensation, we stress a compensation philosophy that is performance driven with relatively low base salaries, but high variability for our profit sharing program. Despite relatively low base salaries we believe that our total compensation is competitive with comparable positions at companies in our industry and of comparable size. Our compensation philosophy emphasizing performance permeates total compensation for both executives and non-executives. While we do not have an exact formula for allocating between cash and non-cash compensation, we try to balance long-term equity and short-term cash compensation.

Elements of Our Compensation Programs

To promote the objectives of our compensation programs, our compensation programs consist of the following principal elements:

base salary;

profit sharing program;

equity grants;

deferred compensation plan; and

other benefits.

The first three elements, base salary, profit sharing program, and equity grants, are usually administered in three cycles. Merit raises for base salaries are generally performed in the April-May period. Equity grants are generally awarded in the August-September period. Profit sharing program bonuses are generally paid in the December-January period.

Table of Contents

The components of our compensation programs are described as follows:

Base Salary. Base salaries for our executive officers are reviewed and adjusted on an annual basis. In determining compensation for our executive officers for fiscal year 2006, the Compensation Committee considered a number of factors. In the case of all our executive officers, determination of base salary was based on a number of criteria, including the individual officer's performance level during the prior year, the officer's base compensation level during the prior year, individual achievements of that officer and the base salary paid to the officer's internal peers. Determination of base salary is not made in accordance with a strict formula which measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges and to internal policies and practices, including an overall review of the foregoing factors, all of which are considered when making the determination of base salary. We expect that the Compensation Committee will adopt the same analysis for fiscal year 2007.

Profit Sharing Program. We have a profit sharing program under which we accrue a certain percentage of our pre tax, before profit sharing accrual, profits for bonus allocation purposes. Under this profit sharing program, bonuses granted to executive officers are determined by our Compensation Committee based upon both qualitative and quantitative considerations. For fiscal year 2006, bonuses to executive officers were based upon the achievement of certain threshold net income per share target performance percentages. In determining the net income per share target performance metrics, we focused upon our growth, return on equity and earnings per share. Executive officers were not eligible for bonuses unless we met or exceeded these threshold target performance percentages, established for each executive officer, of an internally established net income per share goal. The actual bonus payable, if the applicable minimum threshold percentage was met, was paid upon a sliding scale of the target performance percentage actually achieved and dollar limits established by the Compensation Committee for each individual executive officer. In addition, the President and Chief Executive Officer had the discretion to recommend to the Compensation Committee to increase or decrease bonuses by up to 30% for all other executive officers. For fiscal year 2007, the Compensation Committee approved a similar profit sharing program with an increased threshold net income per share goal.

Equity Grants. The Compensation Committee's determination with respect to stock option, restricted stock and restricted stock unit grants to executive officers for fiscal year 2006 was based on the principal following elements:

job responsibilities and past performance;

future anticipated contributions;

potential reward to the executive officer if the stock price appreciates in the public market;

management tier classification;

equity grants made by competitors;

corporate performance; and

existing vested and unvested equity holdings.

Edgar Filing: SYNEX CORP - Form DEF 14A

Determination of equity grant amounts is not made in accordance with a strict formula which measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges and to internal policies and practices, including an overall review of both individual and corporate performance and the value of equity grants of comparable officers at comparable companies. Equity grants may also be made to new executive officers upon commencement of employment and, on occasion, to executive officers in connection with a significant change in job responsibility. We also distinguish between equity grants of stock options and restricted stock based upon the officer's position. We believe that stock options carry more risk than restricted stock. As such, we expect certain officers to accept more risk by granting the officer an equity grant more heavily weighted with stock options, rather than restricted stock. The Compensation Committee believes these equity grants will more closely align the long-term interests of senior management with those of stockholders and assist in the retention of key executives.

Table of Contents

To further ensure that the long-term interests of senior management are closely aligned with those of stockholders, we recommend that all officers at the level of Senior Vice President or above hold an equity position in SYNEX of at least one times his or her annual total cash compensation. This equity position can be satisfied by holding shares of common stock, whether vested or unvested, and/or vested in-the-money stock options.

In addition, to avoid any impropriety or even the appearance of any impropriety with respect to the timing of equity grants, the Compensation Committee has adopted a policy to make equity grants only during open trading windows. In accordance with this policy, if the date of an equity grant falls within a trading black-out period, then the grant date shall be upon the expiration of the third trading day after the trading black-out period ends. The exercise price of each of our stock options grants is the market closing price on the effective grant date. Furthermore, as noted above, company wide equity grants, including equity grants to executive officers, are generally awarded each year in the August-September period. We believe that the automatic and consistent nature of our equity grant process avoids the possibility of timing deviations.

Deferred Compensation Plan. Our deferred compensation plan became effective on January 1, 1994. The deferred compensation plan is designed to permit designated employees to accumulate additional income for retirement and other personal financial goals through a nonqualified deferred compensation plan that enables the officer or director to make elective deferrals of compensation to which he or she will become entitled in the future.

Benefits, Perquisites and Other. We provide various employee benefit programs to our executive officers, including medical, dental and life insurance benefits and our 401(k) plan. Except for an automobile allowance and some non-material perquisites provided to executive officers, these benefit programs are generally available to all our employees. We also provide U.S. employees with the opportunity to purchase our common stock through payroll deductions at a discounted price through our 2003 Employee Stock Purchase Plan. However, directors and employees at the Associate Vice President level and above are not eligible to participate in our 2003 Employee Stock Purchase Plan. We have not established policies regarding recovery of awards in the event of a restatement of earnings, required share ownership by executives or directors or hedging and pledging of our common stock by our executives or directors.

Tax Deductibility Considerations

It is our policy generally to qualify compensation paid to executive officers for deductibility under section 162(m) of the Internal Revenue Code, or the Code. Section 162(m) generally prohibits us from deducting the compensation of executive officers that exceeds \$1,000,000 unless that compensation is based on the satisfaction of objective performance goals. Our Amended and Restated 2003 Stock Incentive Plan, 2003 Employee Stock Purchase Plan, 1997 Stock Option/Stock Issuance Plan, Special Executive Stock Option/Stock Issuance Plan, and 1993 Stock Option Plan are structured to permit awards under such plans to qualify as performance-based compensation and to maximize the tax deductibility of such awards. However, we reserve the discretion to pay compensation to our executive officers that may not be deductible.

Table of Contents

Severance and Change of Control Arrangements

The following summaries set forth potential payments payable to our executive officers upon termination of employment or a change in control of us under their current employment agreements and our other compensation programs. The Compensation Committee may in its discretion revise, amend or add to these benefits if it deems advisable.

Robert Huang. On February 7, 2006, the Compensation Committee approved an employment agreement with Mr. Huang for a term of four years. This agreement provides for the following severance and change of control arrangements:

Subject to the terms and conditions of the agreement, if Mr. Huang terminates his employment with us due to a reduction of his title, authority, duties, position or responsibilities; a reduction by us of his base salary or bonus opportunity unless proportionate to a reduction in his employment schedule consented to by Mr. Huang; the relocation of his principal place of employment to a facility or a location more than fifty (50) miles from his current location; or our failure to obtain the assumption of this agreement by any of our successors, or Good Reason, or we terminate his employment for a reason other than his commission of a felony, an act involving moral turpitude, or an act constituting common law fraud, and which has a material adverse effect on our business or affairs or our affiliates or stockholders; intentional or willful misconduct or refusal to follow the lawful instructions of the Board of Directors or intentional breach of our confidential information obligations which has an adverse effect on us or our affiliates or stockholders, or Cause, or Mr. Huang's inability to perform the principal functions of his duties due to a physical or mental impairment, but only if such inability has lasted or is reasonably expected to last for at least six (6) months, or Disability, or his death, then Mr. Huang will receive the following severance benefits:

Severance Payments. Mr. Huang will be paid severance for twelve (12) months following his employment termination date at a monthly rate equal to his annual base salary rate, as then in effect, divided by twelve (12) months. Such payments will be paid periodically in accordance with our normal payroll policies. In addition, Mr. Huang will receive a prorated portion of any profit-sharing bonus earned for the year of termination as determined by the Compensation Committee, payable when such bonuses are normally paid.

Continued Health Benefits. Mr. Huang will receive reimbursement from us for the group health continuation coverage premiums for him and his eligible dependents under Section 4980B of the Code or corresponding provisions of state law, or COBRA, through the earliest of (x) the twelve-month anniversary of the date of termination of employment, (y) the date upon which Mr. Huang and his eligible dependents become covered under similar plans or (z) the date Mr. Huang no longer constitutes a Qualified Beneficiary (as such term is defined in Section 4980B(g) of the Code); provided, however, that Mr. Huang will be solely responsible for electing COBRA coverage within the required time period. Thereafter, Mr. Huang will be eligible for continued COBRA coverage at his expense for a minimum of three years.

Accelerated Vesting. One hundred percent (100%) of the unvested shares subject to all of Mr. Huang's outstanding rights to purchase or receive shares of our common stock (including, without limitation, through awards of stock options, restricted stock units or similar awards) whether acquired by Mr. Huang before or after the date of this agreement and 100% of any of his shares of our common stock subject to our right of repurchase or forfeiture upon Mr. Huang's termination of employment for any reason will immediately vest and, if applicable, become exercisable upon such termination. In all other respects, such awards will continue to be subject to the terms and conditions of the plans, if any, under which they were granted and any applicable agreements between us and Mr. Huang.

Mr. Huang is entitled to the above severance benefits regardless of whether a change of control has occurred. We believe that structuring Mr. Huang's severance benefits in this fashion encourages his retention, rewards him for his individual contribution, loyalty, teamwork and integrity, and motivates him to achieve returns for our stockholders.

Table of Contents

If Mr. Huang's employment with us terminates as a result other than an involuntary termination as discussed above, then Mr. Huang will not be entitled to receive the above severance benefits and will only be entitled to receive his earned but unpaid base salary through the date of termination of employment, all accrued vacation, expense reimbursements and any other benefits due to him through the date of termination of employment in accordance with our established plans, policies and arrangements, and such other compensation or benefits from us as may be required by law (for example, COBRA coverage).

Jim Estill. On January 10, 2006, the Board of Directors appointed Jim Estill to be an executive officer of SYNEX. At the time of his appointment, Mr. Estill had in effect an employment agreement, dated July 14, 2004. This agreement provides for the following severance and change of control arrangements:

Termination on Notice. SYNEX Canada may terminate the employment of Mr. Estill at any time without cause, by prior written notice or pay in lieu of notice in accordance with applicable employment laws and the common law of the Province of Ontario. SYNEX Canada will recognize Mr. Estill's service with EMJ Data Systems Ltd., a predecessor of SYNEX Canada, for the purpose of determining the period of notice.

Resignation. Mr. Estill shall give SYNEX Canada 30 days' written notice of his resignation and, subject to the following sentence, Mr. Estill's employment shall terminate on the date specified in the notice. Upon receipt of his notice of resignation, or at any time thereafter, SYNEX Canada shall have the right to elect to pay Mr. Estill's base salary for the remainder of the notice period and continue his benefits for the period of notice (subject to any exclusions required by SYNEX Canada's insurers), and if SYNEX Canada so elects, Mr. Estill's employment shall terminate immediately upon such payment.

Disability. If SYNEX Canada determines that Mr. Estill has suffered any Disability which means a physical or mental incapacity that has prevented Mr. Estill from performing the essential duties customarily assigned to him, with all reasonable accommodations required by law, for 180 days, whether or not consecutive, out of any 12 consecutive months and that in the opinion of SYNEX Canada's Board of Directors, acting reasonably, is likely to continue, SYNEX Canada may terminate his employment by notice. If Mr. Estill's employment terminates by reason of notice, then Mr. Estill shall receive, in lieu of all amounts otherwise payable under this agreement (except for amounts earned, but not yet paid to Mr. Estill through the date of such Disability), compensation at Mr. Estill's base salary rate for a 3-month period following the date of Disability. If and for so long as Mr. Estill is eligible and meets any conditions of SYNEX Canada's plans and policies, Mr. Estill will be entitled to long-term disability benefits.

Cause. SYNEX Canada Limited, or SYNEX Canada, may terminate the employment of Mr. Estill at any time for cause, including theft, dishonesty or breach of law; any material breach or default of Mr. Estill's obligations, or any material neglect of duty, misconduct or disobedience in discharging any of his duties and responsibilities; Mr. Estill's acceptance of a gift of any kind, other than gifts of nominal or inconsequential value, from any source directly or indirectly related to Mr. Estill's employment, except if the acceptance of such a gift is in the ordinary course of business in the industry provided that Mr. Estill provides notice of his acceptance of such a gift; any failure of or refusal by Mr. Estill to comply with the reasonable and lawful policies, rules and regulations of SYNEX Canada; or anything or any behavior that constitutes just cause at law in accordance with the laws of the Province of Ontario. If SYNEX Canada terminates the employment of Mr. Estill for cause, his benefits shall cease and SYNEX Canada shall not be obligated to make any further payments under this agreement except amounts due and owing at the time of the termination.

Resignation for Good Reason. Mr. Estill may resign his employment for any significant or material diminution in his authority, duties or responsibilities normally associated with his position; any significant or material change in his current reporting relationships without prior reasonable notice; or reduction of his base salary rate, or Good Cause, upon written notice to SYNEX Canada specifying the reasons for resigning for Good Cause. If Mr. Estill resigns his employment for Good Cause, he shall be

Table of Contents

entitled to a payment in lieu of notice in accordance with applicable laws of the Province of Ontario as if his employment had been terminated without cause and without prior notice.

Mr. Estill's health and welfare benefit coverage shall cease upon termination of his employment pursuant to any termination on notice or resignation for Good Cause, except that where the employment is terminated by pay in lieu of notice, benefit coverage (subject to any exclusions required by SYNEX Canada's insurers) shall continue only until the expiration of the notice period or until Mr. Estill commences other employment, whichever occurs first. Pay in lieu of notice or payment in lieu of notice shall be at Mr. Estill's base salary rate and shall not include any bonus, incentive, executive compensation, stock options, or other discretionary income or benefits, and shall be paid in a lump sum promptly following Mr. Estill's termination of employment subject to dispute as to the length of notice period for which payment is to be made. The notice or payments provided for in the employment agreement shall be inclusive of Mr. Estill's entitlement to notice, termination pay, and severance pay under the Employment Standards Act, 2000, shall satisfy all of SYNEX Canada's obligations in relation to the termination of Mr. Estill's employment and shall be accepted and received by Mr. Estill in lieu of any other notice, pay in lieu of notice, termination pay, severance pay, claim or cause of action for damages relating to the termination of his employment.

Mr. Estill shall be entitled to all earned, but unpaid base salary and payments in respect of expenses subject to reimbursement accrued or incurred up to and including the date on which notice of termination or resignation is given.

Other Executive Officers. If any of the following officers is terminated without cause within two months before or 12 months after a change in control of us (including a voluntary termination because of a reduction in salary or position or a relocation), the officer would be entitled to the following post-termination salary and benefits arrangements:

Executive Vice Presidents would be entitled to receive salary continuation at the rate equal to the average of such officer's total salary and bonus over the prior three years for a minimum of 18 months plus one month per year of employment with us after the eighteenth year of such employment, up to a maximum of 24 months, and paid COBRA for two years; and

Senior Vice Presidents and the Chief Information Officer would be entitled to receive salary continuation at the rate equal to the average of such officer's total salary and bonus over the prior three years for a minimum of 12 months plus one month per year of employment with us after the thirteenth year of such employment, up to a maximum of 18 months, and paid COBRA for one year.

In addition, if our President of Technology Solutions Division had been terminated due to a change in control of us or without cause, such officer would have been entitled to receive salary continuation at the rate equal to six months of base salary plus monthly targeted-bonus if such termination occurs in the first year of employment. If such termination had occurred after the first year, such officer would have been entitled to receive an additional three months of severance pay for each additional year of service up to a maximum of 18 months.

For these other executive officers, we believe that structuring their severance benefits in the above described fashion in connection with a change of control and tying each individual's severance payment with his or her length of service with us, encourages their retention, rewards them for their individual contributions, loyalty, teamwork and integrity, and motivates them to achieve returns for our stockholders.

For each of these other executive officers, if their employment with us terminates as a result other than termination without cause within two months before or 12 months after a change in control of us as discussed above, then they will not be entitled to receive the above severance benefits and will only be entitled to receive their earned but unpaid base salary through the date of termination of employment, all accrued vacation, expense reimbursements and any other benefits due to them through the date of termination of employment in accordance with our established plans, policies and arrangements, and such other compensation or benefits from us as may be required by law (for example, COBRA

coverage).

Compensation Committee

The Compensation Committee has overall responsibility for our executive compensation policies as provided in a written charter adopted by your Board of Directors. The Compensation Committee is empowered to review and approve the annual compensation and compensation procedures for our six executive officers: the President and Chief Executive Officer, the President of US Distribution, the President of Technology Solutions Division, the Chief Operating Officer and Chief Financial Officer, the President and Chief Executive Officer of SYNEX Canada Limited, and the General Counsel and Corporate Secretary. The Compensation Committee does not delegate any of its functions to others in setting compensation.

When establishing base salaries, profit sharing program bonuses and equity grants for each of the executive officers, the Compensation Committee considers the recommendations of the President and Chief Executive Officer, the officer's role, responsibilities and performance during the past year, and the amount of compensation paid to executive officers in similar positions at comparable companies. While base salaries may be low in relation to comparable companies, there is a high variable with respect to the compensation pursuant to the profit sharing program and equity grants. To assist in this process, the Compensation Committee reviews data from independent compensation consultants concerning the compensation paid to officers at comparable companies. The Compensation Committee generally sets the compensation of the executive officers at levels that are competitive with our competitors. When setting the compensation of each of the executive officers, the Compensation Committee considers all of the factors set forth above, but does not assign any specific weighting or apply any formula to these factors. The Compensation Committee may accept or adjust such recommendations and also makes the sole determination of the compensation of the President and Chief Executive Officer. The Compensation Committee does, however, give significant consideration to the recommendations of the President and Chief Executive Officer.

In addition, because of discussions surrounding succession planning within our management group, our Compensation Committee decided to engage the services of a compensation consultant to advise it with respect to the compensation packages of the executive officers. Our Compensation Committee retained the services of Compensia, Inc. Compensia was charged, among other things, with conducting a competitive assessment of our executive compensation. In addition to talking to members of our Compensation Committee, Compensia also contacted certain of our executive officers and other employees in our human resources and legal department to obtain historical data and insight into previous compensation practices. Compensia's recommendations with respect to base salary, bonus and equity incentive compensation were based on peer groups consisting of firms comparable in size and industry to ours. Our Compensation Committee took Compensia's recommendations into consideration when setting executive compensation for fiscal 2006 and used them as a basis for making changes to executive compensation for fiscal 2007.

Pension Benefits

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. The Compensation Committee, which will be comprised solely of outside directors as defined for purposes of Section 162(m) of the Code, may elect to adopt qualified or non-qualified defined benefit plans if the Compensation Committee determines that doing so is in our best interests.

As discussed above, we maintain a deferred compensation plan, which became effective on January 1, 1994. The deferred compensation plan is designed to permit designated employees to accumulate additional income for retirement and other personal financial goals through a nonqualified deferred compensation plan that enables the officer or director to make elective deferrals of a specified amount of salary or bonus to which he or she will become entitled in the future. The balance in a participant's account will be distributed in full after the earlier of their termination of employment with us or upon attaining the age of 65. The distribution may be paid in one lump sum or in equally monthly or annual installments over a period not to exceed 15 years. Under certain circumstances, a participant may receive an early distribution in the form of a lump sum payment, subject to certain penalties.

None of our named executives participate in or have account balances in non-qualified defined contribution plans maintained by us. The Compensation Committee, which is comprised solely of outside directors as defined for purposes of Section 162(m) of the Code, may elect to provide our officers and other employees with non-qualified defined contribution benefits if the Compensation Committee determines that doing so is in our best interests.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Overview

We have a business relationship with MiTAC International Corporation, or MiTAC International, that began in 1992 when it, through its affiliates, became our primary investor. MiTAC International and its affiliates presently beneficially own approximately 47% of our common stock. In addition, Matthew Miao, the Chairman of our Board of Directors and a non-executive director since 1992, is also the Chairman of MiTAC International, Synnex Technology International Corp. and MiTAC Incorporated, affiliates of MiTAC International and direct or indirect stockholders of us.

We work closely with MiTAC International to collaborate on OEM outsourcing opportunities and jointly market MiTAC International's design and electronic manufacturing services and our contract assembly capabilities. This relationship has enabled us to build relationships with MiTAC International's customers and we continue to work with and depend on MiTAC International to jointly serve our shared customers.

In fiscal years 2004, 2005 and 2006, we purchased inventories, including notebook computers, motherboard and other peripherals, from MiTAC International and its affiliates totaling approximately \$406 million, \$397 million and \$431.0 million, respectively. Our sales to MiTAC International and its affiliates during fiscal years 2004, 2005 and 2006, totaled approximately \$1.7 million, \$1.8 million and \$2.3 million, respectively.

Our business relationship to date with MiTAC International has been informal and is not governed by long-term commitments or arrangements with respect to pricing terms, revenue or capacity commitments. Accordingly, we negotiate manufacturing and pricing terms, including allocating customer revenue, on a case-by-case basis with MiTAC International and our assembly customers for a given project. Our business relationship with MiTAC International has been and will continue to be negotiated as related parties and therefore may not be the result of arms-length negotiations between independent parties. Our relationship, including pricing and other material terms with our shared customers or with MiTAC International, may or may not be as advantageous to us as the terms we could have negotiated with unaffiliated third parties. As MiTAC International's ownership interest in us decreases as a result of subsequent sales, MiTAC International's interest in the success of our business and operations may decrease as well. We have adopted a policy requiring material transactions in which any of our directors has a potential conflict of interest to be approved by our Audit Committee, which is composed of disinterested members of the Board of Directors. Notwithstanding this policy, MiTAC International can generally control us and can determine the outcome of all matters submitted for stockholder approval. Based upon the beneficial ownership by MiTAC International and its affiliates and our business relationship with MiTAC International, we believe that MiTAC International's interest in SYNEX is direct and material.

Synnex Technology International. Synnex Technology International Corp., or Synnex Technology International, a publicly-traded company based in Taiwan and affiliated with MiTAC International, currently provides distribution and fulfillment services to various markets in Asia and Australia, and is also a potential competitor of ours. MiTAC Incorporated, a privately-held company based in Taiwan and a separate entity from MiTAC International, directly and indirectly owns approximately 15.2% of Synnex Technology International and approximately 8.5% of MiTAC International. MiTAC International directly and indirectly owns 0.3% of Synnex Technology International and Synnex Technology International directly and indirectly owns approximately 0.4% of MiTAC International. In addition, MiTAC International directly and indirectly owns approximately 8.8% of MiTAC Incorporated and Synnex Technology International directly and indirectly owns approximately 14.2% of MiTAC Incorporated. Synnex Technology International indirectly through its ownership of Peer Developments Limited owns approximately 17.4% of our outstanding common stock. Neither MiTAC International nor Synnex Technology International is restricted from competing with us. In the future, we may increasingly compete with Synnex Technology International, particularly if our business in Asia expands or Synnex Technology International expands its business into geographies or customers we serve.

Table of Contents

Although Synnex Technology International is a separate entity from us, it is possible that there will be confusion as a result of the similarity of our names. Moreover, we cannot limit or control the use of the Synnex name by Synnex Technology International or MiTAC International, and our use of the Synnex name may be restricted as a result of registration of the name by Synnex Technology International or the prior use in jurisdictions where they currently operate.

Manufacturing Agreement with MiTAC International and Dot Hill Systems Corporation. In January 2007, SYNnex and MiTAC International entered into a manufacturing agreement with Dot Hill Systems Corporation, or Dot Hill. This agreement does not constitute a contract or obligation by Dot Hill to purchase products or services. Pursuant to the agreement, the terms for the manufacture and purchase of each particular product awarded by Dot Hill are individually negotiated and if agreed upon by the parties, such terms are included in a product award letter. There is no minimum level of commitment required by any of the parties under the agreement. We will negotiate manufacturing and pricing terms, including allocating customer revenue based on manufacturing services that each party provides, on a project-by-project basis with MiTAC International and Dot Hill for a given project. These negotiations with MiTAC International will not be conducted on an arms -length basis. In fiscal year 2006, there were no sales attributed to this agreement. All of our contract assembly services to Dot Hill are covered by this manufacturing agreement. The agreement has an initial term of two years and will automatically renew for subsequent one year terms. Any party may terminate the agreement with written notice if one of the other parties materially breaches any provision of the agreement and the breach is incapable of being cured or is not cured within 30 days or if one of the other parties becomes bankrupt or insolvent.

Distribution Agreement Stocking. In October 2006, we entered into a distribution agreement stocking with MiTAC International. Pursuant to the agreement, we may purchase and MiTAC International may sell certain MiTAC International products for distribution in the United States. Each sale and purchase is based upon a mutually acceptable purchase order. The agreement has an initial term of one year and will automatically renew for subsequent one year terms. The agreement may be terminated without cause either by the mutual written agreement of both parties or by either party without cause upon 30 days prior written notice of termination to the other party.

Logistical Distribution Agreement. In July 2004, our subsidiary in Canada, SYNnex Canada Limited, entered into a logistical distribution agreement with MiTAC International. Pursuant to the agreement, SYNnex Canada may purchase and MiTAC International may sell certain MiTAC International products for distribution in Canada. Each sale and purchase is based upon a mutually acceptable purchase order. The agreement had an initial term of one year and automatically renews for subsequent one year terms. The agreement may be terminated without cause either by the mutual written agreement of both parties or by either party without cause upon 90 days prior written notice of termination to the other party. Either party may immediately terminate the agreement by providing written notice of the other party's material breach of any provision of the agreement and failure to cure within 30 days, or if the other party becomes bankrupt or insolvent.

Purchase Price Settlement Agreement. In June 2004, we entered into a purchase price settlement agreement with MiTAC International on the final purchase price related to the acquisition of our current subsidiary in the United Kingdom, Synnex Information Technologies (UK) Limited, which was acquired from MiTAC International in fiscal year 2000. As a result of this agreement, we realized a gain of approximately \$1.2 million.

Joint Sales and Marketing Agreement with MiTAC International. In May 2002, we entered into a joint sales and marketing agreement with MiTAC International. Pursuant to the agreement, both parties agree to use their commercially reasonable efforts to promote the other party's capabilities to their respective customers who are interested in such product offerings. This agreement does not provide for the terms upon which we negotiate manufacturing and pricing terms, including allocating customer revenue. To date, these negotiations have been on a case-by-case basis. There are no sales attributable to the joint marketing agreement. The agreement had an initial term of one year and automatically renews for subsequent one year terms unless either party provides

written notice of non-renewal within 90 days of the end of any renewal term. The agreement may also be terminated without cause either by the mutual written agreement of both parties or by either party without cause upon 90 days prior written notice of termination to the other party. Either party may immediately terminate the agreement by providing written notice of the other party's material breach of any provision of the agreement and failure to cure within 30 days, or if the other party becomes bankrupt or insolvent.

Agreement with MiTAC International and Sun Microsystems. In August 1999, MiTAC International entered into a general agreement with Sun Microsystems. This agreement does not constitute a contract or obligation by Sun Microsystems to purchase products or services. In February 2002, the agreement was amended to include us as a supplier under the agreement. Pursuant to the agreement, the terms for the manufacture and purchase of each particular product awarded by Sun Microsystems are individually negotiated and if agreed upon by the parties, such terms are included in a product award letter. There is no minimum level of commitment required by any of the parties under the agreement. We negotiate manufacturing and pricing terms, including allocating customer revenue based on manufacturing services that each party provides, on a project-by-project basis with MiTAC International and Sun Microsystems for a given project. In the past, these negotiations with MiTAC International were not conducted on an arms-length basis. In fiscal year 2006, we paid an aggregate of approximately \$431.0 million, including amounts under this agreement, to MiTAC International. All of our contract assembly services to Sun Microsystems are covered by this agreement. The agreement continues indefinitely until terminated in accordance with its terms. Sun Microsystems may terminate this agreement for any reason on 60 days written notice. Any party may terminate the agreement with written notice if one of the other parties materially breaches any provision of the agreement and the breach is incapable of being cured or is not cured within 30 days. The agreement may also be terminated on written notice if one of the other parties becomes bankrupt or insolvent.

Registration Rights Agreement. We have entered into a registration rights agreement with certain holders of our common stock, including the MiTAC International affiliated entities. The holders of an aggregate of 14,416,468 shares of our common stock will be entitled to registration rights with respect to their shares. Any group of holders of at least 30% of the securities with registration rights can require us to register all or part of their shares at any time, so long as the thresholds in the registration rights agreement are met with respect to the amount of securities to be sold. After we have completed two such registrations subject to certain exceptions, we are no longer subject to these demand rights. In addition, holders of securities with registration rights may also require us to include their shares in future registration statements we file, subject to cutback at the option of the underwriters of any such offering. Subject to our eligibility to do so, holders of registrable securities may also require us to register their shares with the SEC on Form S-3 if proceeds are at least \$500,000 and if we have not completed two such registrations in any 12-month period. Upon any of these registrations, these shares will be freely tradable in the public market without restriction.

Additional Compensation for Mr. Miao. In fiscal year 2006, Matthew Miao received a \$225,000 retainer and a 5,000 share option grant. Mr. Miao did not receive any Board of Directors or committee meeting fees. For fiscal year 2007, Mr. Miao will receive a \$225,000 retainer and a grant of 2,000 shares of restricted stock of SYNEX. Compensation payable to Mr. Miao is based upon the approval of the Compensation Committee, which is composed of disinterested members of the Board of Directors.

Indemnity Agreements. We have entered into indemnification agreements with all of our directors and officers providing for indemnification to the fullest extent permitted under applicable law and advancement of expenses.

Policies and Procedures for Approving Related Party Transactions

We have adopted a policy requiring material transactions relating to related party transactions to be approved by our Audit Committee, which is composed of disinterested members of the Board of Directors.

PROPOSAL 2

APPROVAL OF THE 2007 PROFIT SHARING PROGRAM FOR SECTION 16(b) OFFICERS

General

The 2007 Profit Sharing Program for Section 16(b) Officers, or the Profit Sharing Program, was adopted by our Compensation Committee in January 2007. The Profit Sharing Program is similar to our prior year's profit sharing program; however we have not historically sought stockholder approval for our profit sharing program. Because the Profit Sharing Program is designed to qualify as providing performance-based compensation under Section 162(m) of the Internal Revenue Code, or the Code, we ask you to approve the Profit Sharing Program. We are asking you to approve the Profit Sharing Program to confirm deductibility for federal income tax purposes any compensation over \$1,000,000 that we may pay to certain of our most highly paid executives in a single year pursuant to the Profit Sharing Program.

Description of Profit Sharing Program

As mentioned above, the Profit Sharing Program is designed to qualify as performance-based compensation under Code Section 162(m). Under Section 162(m), we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer or any of the four other most highly compensated executive officers to the extent that any of these persons receives more than \$1,000,000 in compensation in any one year. However, if we pay compensation that is performance-based under Section 162(m), we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year. The Profit Sharing Program allows us to pay incentive compensation that is performance-based and therefore fully tax deductible on our federal income tax return.

Eligibility

Participation in the Profit Sharing Program is limited to those officers deemed to be executive officers under Section 16(b) of the Securities Exchange Act of 1934. Our Board of Directors determines which employees are Section 16(b) officers.

Target bonuses and performance goals

Under the Profit Sharing Program, bonuses granted to executive officers are determined by our Compensation Committee based upon both qualitative and quantitative considerations. For fiscal year 2007, bonuses to executive officers, except for John Paget, President of Technology Solutions Division, who resigned as an executive officer of SYNEX effective February 7, 2007, will be based upon the achievement of certain threshold net income per share target performance percentages. Executive officers will not be eligible for bonuses unless we meet or exceed these threshold target performance percentages, established for each executive officer, of an internally established net income per share goal. The actual bonus payable, if the applicable minimum threshold percentage is met, will be paid upon a sliding scale of the target performance percentage actually achieved and dollar limits established by the Compensation Committee for each individual executive officer. In addition, Robert Huang has the discretion to recommend to the Compensation Committee to increase or decrease bonuses by up to 30% for all other

executive officers.

Bonuses

As mentioned above, under the Profit Sharing Program, executive officers will not be eligible for bonuses unless we meet or exceed certain threshold target performance percentages of an internally established net income per share goal. In order for Mr. Huang to receive any bonus we must meet at least 70% of our threshold target performance and we must meet at least 50% of our threshold target performance for the other executive officers to receive a bonus. The maximum bonus for Mr. Huang is based on achieving 125% of our threshold

Table of Contents

target performance. The maximum bonus for each of our executive officers, other than Mr. Huang, is based on achieving 125% of our threshold target performance, plus any recommendation to increase by up to an additional 30%.

Except for the initial 70% threshold target performance percentage for Mr. Huang and the 50% threshold target performance percentage for the other executive officers, the threshold target performance percentages and corresponding bonuses will be paid based upon a sliding scale, rather than as cliffs, up to 125%.

Bonuses under the Profit Sharing Program are determined based on actual performance, so future actual awards (if any) cannot now be determined. The bonuses paid for fiscal 2006 under our 2006 profit sharing program to the executive officers named in the Summary Compensation Table are set forth in the Bonus column of the Summary Compensation Table, contained elsewhere in this document.

Administration

The Profit Sharing Program is administered by our Compensation Committee, which is comprised solely of outside directors as defined under Section 162(m) of the Code. Following the end of the fiscal year, the Compensation Committee will determine if the performance goals of the Profit Sharing Program have been met and bonus amount to be paid to each of the participants.

Amendment and termination of the Profit Sharing Plan

The Profit Sharing Program may be amended from time to time, in whole or in part, by the Compensation Committee, but no amendment will be effective without stockholder approval if such approval is required to satisfy the requirements of Section 162(m) of the Code.

Required Vote

Approval of the Profit Sharing Program requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting of Stockholders in person or by proxy. Unless marked to the contrary, proxies received will be voted FOR approval of the Profit Sharing Program.

Your Board of Directors recommends a vote FOR the approval of the 2007 Profit Sharing Program for Section 16(b) Officers.

If the stockholders do not ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP, but may retain PricewaterhouseCoopers LLP. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of SYNEX and its stockholders. Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by PricewaterhouseCoopers LLP and the estimated fees related to these services.

Table of Contents

During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the registered public accountant. The services and fees must be deemed compatible with the maintenance of such accountants' independence, including compliance with SEC rules and regulations.

Throughout the year, the Audit Committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Required Vote

Ratification of the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting of Stockholders in person or by proxy. Unless marked to the contrary, proxies received will be voted FOR ratification of the appointment. In the event ratification is not obtained, your Audit Committee will review its future selection of our independent registered public accountants.

Your Board of Directors recommends a vote FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accountants.
