The number of shares of the registrant's Class A common stock, par value \$0.01 per share, outstanding as of November 8, 2007 was 11,151,437.
The number of shares of the registrant's Class B common stock, par value \$0.01 per share, outstanding as of November 8, 2007 was 51
(excluding 49 shares of Class B common stock held by a subsidiary of the registrant)

Table of Contents**Table of Contents**

In this report, references to Evercore, the Company, we, us, our and our Successor Company refer, subsequent to the Reorganization described in Management's Discussion and Analysis of Financial Condition and Results of Operations Reorganization, to Evercore Partners Inc., a Delaware corporation, and its consolidated subsidiaries. These references (other than Successor Company) refer, prior to such Reorganization, to Evercore Holdings, or our Predecessor Company, which was comprised of certain combined and consolidated entities under the common ownership of the Evercore Senior Managing Directors. Unless the context otherwise requires, references to (1) Evercore Partners Inc. refer solely to Evercore Partners Inc., and not to any of its consolidated subsidiaries and (2) Evercore LP refer solely to Evercore LP, a Delaware limited partnership, and not to any of its consolidated subsidiaries. References to the IPO refer to our initial public offering on August 10, 2006 of 4,542,500 shares of our Class A common stock, including shares issued to the underwriters of the IPO pursuant to their election to exercise in full their overallotment option.

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS

(dollars in thousands, except per share amounts, unless otherwise noted)

Note 1 Organization

Evercore Partners Inc. and subsidiaries (the **Successor Company**) is an investment banking firm, incorporated in Delaware on July 21, 2005 and headquartered in New York, New York. The Successor Company is a holding company which owns a controlling equity interest in Evercore LP. The Successor Company is the sole general partner of Evercore LP and, through Evercore LP and its operating entity subsidiaries, the Successor Company has continued to conduct the same business as prior to the reorganization referred to below by certain combined and consolidated entities under the common ownership and control of the Evercore Senior Managing Directors (the **Members**), including the two founding Members (the **Founding Members**).

On August 10, 2006, pursuant to a contribution and sale agreement dated May 12, 2006, (1) the Members contributed to Evercore LP each of the various entities included in the historical combined financial statements of Evercore Holdings (the **Predecessor Company**), with the exception of the general partners of Evercore Capital Partners L.P. and its affiliated entities (collectively **ECP I**), Evercore Capital Partners II L.P. and its affiliated entities (collectively, **ECP II**) and Evercore Venture Partners L.P. and its affiliated entities (collectively, **EVP**), which are Company-sponsored private equity funds, and of Evercore Founders L.L.C. and Evercore Founders Cayman Ltd., which are the entities through which the Founding Members fund their additional commitments to ECP I (collectively, the **Founders**) and acquired an interest in the general partner of ECP II, which will permit Evercore LP to receive 8% to 9% (depending on the particular fund investment) of any carried interest from that fund following the contribution (the **Formation Transaction**) and (2) Evercore LP acquired Protego Asesores S. de R.L. and its subsidiaries and Protego SI (**Protego**) from its directors and other stockholders. On August 16, 2006, the Company completed the Initial Public Offering (**IPO**) of its Class A common stock. The Formation Transaction and IPO are collectively referred to as the **Reorganization**. On December 19, 2006, the Company acquired all of the outstanding shares of Braveheart Financial Services Limited (**Braveheart**) pursuant to a purchase and sale agreement dated July 31, 2006. Subsequently, Braveheart was renamed Evercore Partners Limited (**Evercore Europe**). Where reference is made to the periods prior and subsequent to the IPO, the term **the Company** refers to the Predecessor Company and Successor Company, respectively.

The Successor Company's unaudited condensed combined/consolidated financial statements include the accounts of the Company's subsidiaries. The sole direct subsidiary of the Company is Evercore LP. The subsidiaries of Evercore LP are as follows:

Evercore Group Holdings L.P. (**EGH**), which indirectly, through its wholly-owned subsidiary, Evercore Partners Services East L.L.C. (**East**), a Delaware limited liability company, owns all of the interests in each of the following entities:

Evercore Group L.L.C. (**EGL**), a registered broker-dealer under the Securities Exchange Act of 1934, as amended (the **Exchange Act**), and is registered with the Financial Industry Regulatory Authority. EGL is a limited service entity, which specializes in rendering selected financial advisory services. EGL was converted to a limited liability company from an S corporation on April 19, 2006;

Evercore Advisors L.L.C., a Delaware limited liability company, provides investment advisory services to ECP II;

Evercore Venture Advisors L.L.C., a Delaware limited liability company, provides investment advisory services to EVP;

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

Evercore Advisors I L.L.C., a Delaware limited liability company, provides investment advisory services to ECP I. Evercore Advisors Inc. was converted into Evercore Advisors I L.L.C. on August 10, 2006;

Evercore Properties L.L.C., a Delaware limited liability company, is a lease holding entity for the Company's New York offices. With respect to the Company's California offices, such leases are held by East. Evercore Properties Inc. was converted into Evercore Properties L.L.C. on August 10, 2006;

Evercore Financial Advisors L.L.C., a Delaware limited liability company; and

Evercore Restructuring L.L.C., a Delaware limited liability company.

Evercore Group Holdings L.L.C., a Delaware limited liability company, is the general partner of EGH.

Evercore GP Holdings L.L.C., (GP Holdings), which is a non-managing member of the general partner of ECP II.

Protego SI, a Mexican company whose main activity is the provision of advisory and related services.

Protego, which, together with Evercore LP, owns all of the interests in each of the following entities that principally provide advisory, investment management and administrative services: Protego Administradores, S. de R.L., Sedna, S. de R. L., Protego PE, S. de R.L., Protego Servicios, S. C., Protego Casa de Bolsa, S. A. de C. V. (PCB) and Protego CB Servicios, S. de R.L. (PCBS). All of these entities are 100% owned by Protego, with the exception of PCB and PCBS. PCB and PCBS were established for Protego's asset management business and are 70% and 70.6%, respectively, directly owned by EVR. The remaining interest in these entities is held by third party outsiders.

Evercore Europe, a U.K. company whose main activity is the provision of advisory and related services. The Predecessor Company, prior to the Reorganization referred to above, was comprised of certain combined entities under the common control of the Members.

The unaudited condensed combined financial statements of the Predecessor are comprised of the following entities:

EGH and subsidiaries.

Edgar Filing: Evercore Partners Inc. - Form 10-Q

Evercore Group Holdings L.L.C.

Evercore Partners L.L.C., Evercore Offshore Partners Ltd., and Evercore Partners Cayman L.P. are the general partners of various ECP I entities.

Evercore Partners II L.L.C. and Evercore Venture Management L.L.C. (EVM) are the general partners of ECP II and EVP, respectively.

The Founders are the entities through which the Founding Members fund their additional commitments to ECP I. The Company's principal activities are divided into two reportable segments:

Advisory includes advice on mergers, acquisitions, divestitures, leveraged buyouts, restructurings and similar corporate finance matters and

Table of Contents

EVERCORE PARTNERS INC.

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

Investment management prior to the IPO, investment management includes the management of outside capital invested in the Company's sponsored private equity funds: ECP I, ECP II and EVP, the Company's principal investments in ECP I, ECP II and EVP, and the Company's investments in, and managed by, Evercore Asset Management L.L.C. (EAM); subsequent to the IPO, investment management includes the management of outside capital invested in the Company's sponsored private equity funds: ECP I, ECP II, EVP and Discovery Americas I, L.P. (the Discovery Fund), the Company's principal investments in ECP II, Discovery Fund and EAM. Where reference is made to the periods prior and subsequent to the IPO, the term Private Equity Funds refers to the Company's principal investments in the respective private equity funds mentioned above. Each of the Private Equity Funds is managed by its own general partners and outside investors participate in the Private Equity Funds as limited partners. Investment management also includes the management of outside funds by PCB.

Note 2 Significant Accounting Policies

For a complete discussion of Evercore's accounting policies, refer to the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

Basis of Presentation The accompanying unaudited condensed combined/consolidated financial statements of the Company have been prepared in accordance with the instructions to Form 10-Q. As permitted by the rules and regulations of the United States Securities and Exchange Commission (SEC), the unaudited financial statements contain certain condensed financial information and exclude certain footnote disclosures normally included in audited consolidated financial statements prepared in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP). The accompanying condensed combined/consolidated financial statements are unaudited and are prepared in accordance with U.S. GAAP. In the opinion of the Company's management, the accompanying unaudited condensed combined/consolidated financial statements contain all adjustments, including normal recurring accruals, necessary to fairly present the accompanying unaudited condensed combined/consolidated financial statements. These unaudited condensed combined/consolidated financial statements should be read in conjunction with the audited combined/consolidated financial statements included in the Company's annual report on Form 10-K for the year ended December 31, 2006. The December 31, 2006 Unaudited Condensed Consolidated Statement of Financial Condition data was derived from audited consolidated financial statements, but does not include all disclosures required by U.S. GAAP. Operating results for the interim period are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2007.

The Company's policy is to consolidate all subsidiaries in which it has a controlling financial interest as well as variable interest entities where the Company is deemed to be the primary beneficiary. All intercompany balances and transactions with the Company's subsidiaries have been eliminated upon consolidation.

The unaudited condensed combined/consolidated financial statements of the Company are comprised of the consolidation of Evercore LP, EGH and its general partner, GP Holdings, Evercore LP's wholly-owned subsidiaries, Protego and Evercore Europe and, prior to the Reorganization, the combination of its general partners of the Private Equity Funds and Founders, entities that were wholly-owned or controlled by the Company.

The Company accounted for the Formation Transaction using the Members' historical cost of the assets acquired and liabilities assumed and recorded minority interest to reflect the Members' ongoing ownership in

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

Evercore LP. At the time of the Formation Transaction, Members received Evercore LP partnership units in consideration for their contribution of the various entities included in the historical combined financial statements of Evercore Holdings. The Evercore LP partnership units are, subject to vesting requirements and transfer restrictions, exchangeable on a one-for-one basis for shares of Class A common stock. The Company accounts for subsequent exchanges of Evercore LP partnership units for Class A common shares of the Company based on the carrying amounts of the Members' Evercore LP partnership units immediately before the exchange.

Subsequent to the IPO, the Company became the sole general partner of Evercore LP. The Company's interest in Evercore LP is within the scope of the Emerging Issues Task Force Issue No. 04-5, *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*. Although the Company has a minority economic interest in Evercore LP, it has a majority voting interest and controls the management of Evercore LP. Additionally, although the limited partners have an economic majority of Evercore LP, they do not have the right to dissolve the partnership or substantive kick-out rights or participating rights, and therefore lack the ability to control Evercore LP. Accordingly, the Company consolidates Evercore LP and records minority interest for the economic interest in Evercore LP held directly by the Members.

Investments in non-majority-owned companies in which the Company has significant influence are accounted for by the Company using the equity method.

The following accounting policies apply to both the Predecessor Company and Successor Company unless otherwise specified.

Reclassifications Certain balances for prior periods have been reclassified to conform to the current presentation.

Accounts Receivable Accounts receivable consists primarily of advisory fees and expense reimbursements charged to the Company's clients. Accounts receivable as of December 31, 2006 and September 30, 2007, include unbilled client expense receivables in the amount of \$2,630 and \$1,007, respectively. Accounts receivable are reported net of any allowance for doubtful accounts. Management of the Company derives the estimate through specific identification for the allowance for doubtful accounts by utilizing past client transaction history and an assessment of the client's creditworthiness, and has determined that an allowance for doubtful accounts of \$208 as of December 31, 2006 and \$520 as of September 30, 2007, was required.

Furniture, Equipment and Leasehold Improvements Fixed assets, including office equipment, hardware and software and leasehold improvements, are stated at cost, net of accumulated depreciation and amortization. Furniture, equipment and computer hardware and software are depreciated using the straight-line method over the estimated useful lives of the assets, ranging from three to seven years. Leasehold improvements are amortized over the shorter of the term of the lease or the useful life of the asset. Net fixed assets increased during the nine months ended September 30, 2007, primarily due to acquisition of \$4,912 of leasehold improvements related to additional space at the Company's headquarters in New York, New York, of which \$1,700 has been accrued as of September 30, 2007, and can be found as a component of Accounts Payable and Accrued Expenses on the Company's Unaudited Condensed Consolidated Statements of Financial Condition.

Minority Interest Minority interest recorded on the unaudited condensed combined financial statements of the Predecessor Company relates to the minority interest of an unrelated third-party in EVM, the general partner

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

of EVP. EVM is owned by the Founding Members, an unrelated third-party, which owns approximately 53%, and Evercore Venture Partners L.L.C., which owns approximately 47%. Evercore Venture Partners L.L.C. is under common ownership of the Company and is the managing member of EVM. As a result, the Company included in its Unaudited Condensed Combined Statements of Operations all of the net income of EVM with an appropriate minority interest of approximately 53%. Minority interest recorded on the unaudited condensed consolidated financial statements of the Successor Company relates to the minority interest of the Members in Evercore LP, excluding Evercore LP partnership units held by Evercore Partners, Inc., and the portion of PCB not owned by the Company.

Use of Estimates The preparation of the unaudited condensed combined/consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the unaudited condensed combined/consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates relate to the valuation of portfolio investments in companies owned by the Private Equity Funds (the "Portfolio Companies"), financial instruments owned, the allowance for doubtful accounts for accounts receivables, compensation liabilities, tax liabilities, deferred tax assets and liabilities, goodwill, intangible assets and other matters that affect reported amounts of assets and liabilities. Actual amounts could differ from those estimates and such differences could be material to the unaudited condensed combined/consolidated financial statements.

Financial Instruments Owned and Pledged as Collateral at Fair Value The Successor Company's financial instruments owned and pledged as collateral at fair value consist principally of foreign government obligations, which are recorded on a trade-date basis and are stated at quoted market values. Related gains and losses are reflected in Interest Income and Other Revenue on the Unaudited Condensed Combined/Consolidated Statements of Operations. The Successor Company pledges the financial instruments owned and pledged as collateral at fair value to collateralize certain financing arrangements which permits the counterparty to pledge the securities.

Securities Purchased Under Agreements to Resell and Securities Sold Under Agreements to Repurchase As part of the Successor Company, PCB has securities purchased under agreements to resell of \$200,451 at September 30, 2007, for which it had received collateral with a fair value of \$200,445 at September 30, 2007. Additionally, as part of the Successor Company, PCB has securities sold under agreements to repurchase of \$367,260 at September 30, 2007, for which it had pledged collateral with a fair value of \$367,229 at September 30, 2007. Securities purchased under agreements to resell and securities sold under agreements to repurchase are treated as collateralized financing transactions. The agreements provide that the transferor will receive substantially the same securities in return at the maturity of the agreement and the transferor will obtain from the transferee sufficient cash or collateral to purchase such securities during the term of the agreement. These transactions are carried at the amounts at which the related securities will be subsequently resold or repurchased, plus accrued interest payable or receivable. As these transactions are short-term in nature, their carrying amounts are a reasonable estimate of fair value.

Trading Securities The Company invests in readily-marketable equity securities that are managed by EAM. Trading Securities are valued using quoted market prices on applicable exchanges or markets. The realized and unrealized gains and losses on Trading Securities are included in the Unaudited Condensed Combined/Consolidated Statements of Operations in Investment Management Revenue.

Investments The Company's investments, which are accounted for under the equity method of accounting, consist of investments in Private Equity Funds, the Company's equity investment in an EAM managed fund and the Company's equity interest in EAM.

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

The Private Equity Funds consist primarily of investments in marketable and non-marketable securities of the Portfolio Companies. The underlying investments held by the Private Equity Funds are valued based on quoted market prices or estimated fair value if there is no public market. The fair value of the Private Equity Funds' investments in non-marketable securities is ultimately determined by the Company. The Company determines fair value of non-marketable securities by giving consideration to a range of factors, including but not limited to, market conditions, operating performance (current and projected) and subsequent financing transactions. Due to the inherent uncertainty in the valuation of these non-marketable securities, estimated values may materially differ from the values that would have been used had a ready market existed for these investments. Investments in publicly-traded securities held by the Private Equity Funds are valued using quoted market prices.

The equity investment in a fund managed by EAM consists of readily-marketable equity securities that are valued using quoted market prices on applicable exchanges or markets.

The Company reflects its pro rata share of realized and unrealized gains and losses from changes in the values associated with the private equity investments and the fund managed by EAM. Such gains and losses are included in the Unaudited Condensed Combined/Consolidated Statements of Operations in Investment Management Revenue.

The Company holds a 41.7% interest in EAM that is accounted for under the equity method. The Company records its pro rata share of net income or losses from its investment in EAM in Investment Management Revenue on the Unaudited Condensed Combined/Consolidated Statements of Operations. Capital contributions made and distributions from EAM are reflected as an increase or decrease in the investment.

The Company annually assesses its Equity Method Investments for impairment per Accounting Principles Board (APB) Opinion No. 18, *The Equity Method of Accounting for Investments in Common Stock*.

Business Combinations The Company accounts for acquisitions using the purchase method of accounting in accordance with Statement of Financial Accounting Standards (SFAS) No. 141, *Business Combinations*. The purchase price of the acquisition is allocated to the assets acquired and liabilities assumed using the fair values determined by management as of the acquisition date.

Goodwill and Intangible Assets SFAS No. 142, *Goodwill and Other Intangible Assets*, does not permit the amortization of goodwill and assets with indefinite useful lives. Instead, these assets must be reviewed annually (or more frequently under certain conditions) for impairment. Intangible assets with finite lives are amortized over their estimated useful lives. Goodwill and intangible assets are reviewed annually for impairment. In the nine months ended September 30, 2007, as a result of the issuance of an additional 159,000 shares for consideration, an additional \$3,509 was recognized as goodwill related to the acquisition of Braveheart.

Share-Based Payment On December 16, 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 123(R) *Share-Based Payment* (SFAS 123(R)) which is a revision of SFAS No. 123, *Accounting for Stock-Based Compensation*. SFAS 123(R) supersedes APB Opinion No. 25, *Accounting for Stock Issued to Employees* (APB No. 25) and amends SFAS No. 95, *Statement of Cash Flows* (SFAS 95). Prior to the IPO, the Predecessor Company operated as a series of partnerships, limited liability companies and Subchapter S corporations and did not historically issue stock-based compensation awards. The Company adopted SFAS 123(R) on January 1, 2006 and the impact on the Company's Unaudited Condensed Consolidated Statements of Financial Condition and Statements of Operations subsequent to the IPO is discussed in Note 10 Stock-Based Compensation.

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

Compensation and Benefits Compensation includes salaries, bonuses (discretionary awards and guaranteed amounts), severance and stock-based compensation, but historically excluded any compensatory payments made to Members. After the Company's IPO, compensatory payments made to these individuals are included in compensation expense. Cash and equity-based bonuses are accrued over the respective service periods to which they relate. Benefits include both Member and employee benefits expense.

Foreign Currency Translation Foreign currency assets and liabilities have been translated at rates of exchange prevailing at the end of the periods presented. Income and expenses transacted in foreign currency have been translated at average monthly exchange rates during the period. Translation gains and losses are included in the foreign currency translation adjustment as a component of Other Comprehensive Income in the Unaudited Condensed Consolidated Statement of Changes in Stockholders' Equity.

Income Taxes Prior to August 10, 2006, the Company had not been subject to U.S. federal income tax, but had been subject to the New York City unincorporated business tax (UBT) and New York City general corporate tax on its U.S. earnings, and certain non-income tax fees in other jurisdictions where the Company had registered offices and conducted business. The Company's operations were historically organized as a series of partnerships, limited liability companies and Subchapter S corporations. Taxes related to income earned by these entities represent obligations of the individual Members, partners or shareholders and have not historically been reflected in the accompanying unaudited condensed combined/consolidated financial statements. Commencing August 10, 2006, the Company became subject to U.S. corporate federal income tax on its allocable share of the results of operations of the Company. The Company accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*, which requires the recognition of tax benefits or expenses on temporary differences between the financial reporting and tax bases of its assets and liabilities, as disclosed in Note 13 Income Taxes.

Deferred income taxes reflect the net tax effects of temporary differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when such differences are expected to reverse. Such temporary differences are reflected on the Company's Unaudited Condensed Consolidated Statements of Financial Condition as deferred tax assets and liabilities.

On January 1, 2007, the Company adopted FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes-An Interpretation of FASB Statement No. 109* (FIN 48). FIN 48 provides a benefit recognition model with a two-step approach consisting of more-likely-than-not recognition criteria, and a measurement attribute that measures the position as the largest amount of tax benefit that is greater than 50% likely of being realized upon ultimate settlement. FIN 48 also requires the recognition of liabilities created by differences between tax positions taken in a tax return and amounts recognized in the financial statements. See Note 13 Income Taxes for disclosure in regard to the impact of the adoption of FIN 48 on the Company's unaudited condensed consolidated financial statements.

Net Income Per Share Subsequent to the IPO, the Company computes net income per share in accordance with SFAS No. 128, *Earnings Per Share*. Basic net income per share is computed by dividing income available to common shareholders by the weighted average of common shares outstanding for the period, including vested RSUs. Diluted net income per share reflects the assumed conversion of all dilutive securities, including non-vested restricted stock, RSUs and certain Evercore LP units using the treasury stock method. See Note 9 Net Income (Loss) Per Share. Prior to the Reorganization, the Company historically operated as a series of related partnerships, limited liability and Subchapter S corporations under the common control of the Members.

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

There was no single capital structure upon which to calculate historical net income per share information. Accordingly, net income per share information has not been presented for the Predecessor Company.

Net Income As a result of the Company operating as a series of partnerships, limited liability companies and Subchapter S corporations, payment for services rendered by the Members has historically been accounted for as a distribution from Members' capital rather than as compensation and benefits expense prior to the IPO. As a result, the Company's net income historically has not reflected payments for services rendered by its Members. These compensatory payments that occur after the Company's IPO are included in Employee Compensation and Benefits on the Unaudited Condensed Consolidated Statements of Operations.

Note 3 Recent Accounting Pronouncements

SFAS 157 In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 is effective in fiscal years beginning after November 15, 2007. The Company is currently assessing the impact of adopting SFAS 157 on the Company's financial condition, results of operations and cash flows.

SFAS 159 In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115* (SFAS 159). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. This Statement is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. The Company is currently assessing the impact of adopting SFAS 159 on the Company's financial condition, results of operations and cash flows.

Note 4 Related Parties

The Company remits payment for expenses on behalf of the Private Equity Funds and is reimbursed accordingly. During the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007, the Company disbursed \$830, \$0 and \$1,103, respectively, on behalf of these entities. Included in Receivable from Affiliates on the Unaudited Condensed Consolidated Statements of Financial Condition as of December 31, 2006 and September 30, 2007, are reimbursable expenses relating to the Private Equity Funds in the amounts of \$1,189 and \$1,993, respectively. Payables to these affiliates amounted to \$25 and \$0 as of December 31, 2006 and September 30, 2007, respectively.

Effective October 28, 2005, EGH acquired (indirectly through a wholly-owned subsidiary) the right to invest in EAM, an entity engaged in the asset management business. The Company's investment in EAM is accounted for under the equity method. Although EAM is considered a variable interest entity, the Company is not the primary beneficiary, and thus, not required to consolidate EAM. In addition, EAM and East are parties to a service level agreement whereby East provides certain administrative services to EAM. EAM provides certain investment and sales related consulting services that benefit the investment management segment of the Company. The Company has a payable of \$281 and \$0 to EAM as of December 31, 2006 and September 30, 2007, respectively. These balances are included in Payables to Affiliates.

Advances in the amount of \$410 and \$0 made to individuals who had accepted employment offers with the Company are also included in Receivable from Employees and Related Parties on the Unaudited Condensed Consolidated Statements of Financial Condition as of December 31, 2006 and September 30, 2007, respectively.

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

Amounts due in connection with personal expenses paid by the Company on behalf of employees and related parties totaled \$66 and \$76 as of December 31, 2006 and September 30, 2007, respectively, and are included in Receivable from Employees and Related Parties. These receivables are non-interest bearing and are repaid to the Company on a periodic basis.

Also included in Receivable from Employees and Related Parties are reimbursable expenses due from portfolio companies of the Company's Private Equity Funds of \$967 and \$2,437 as of December 31, 2006 and September 30, 2007, respectively.

Pursuant to the acquisition of Braveheart, the Company issued \$3,000 of interest-bearing notes to Braveheart's shareholders. These notes bear interest at LIBOR plus 100 basis points and are due in 2010 but may be redeemed by the holders at any time after October 31, 2007. These notes are reflected in Notes Payable to Related Parties on the Unaudited Condensed Consolidated Statements of Financial Condition.

Payable to Employees and Related Parties at December 31, 2006 and September 30, 2007, is \$338 and \$1,932, respectively. As discussed in Note 6 and 13, during the nine months ended September 30, 2007, Members exchanged a number of Evercore LP partnership units for common shares of the Company. This exchange triggered a tax receivable agreement that was entered into at the time of the Formation Transaction between the Company and the Members. The agreement provides for the Members to retain 85% of the tax benefits resulting from the exchange and for the Company to retain 15% of such benefits. The triggering of the tax receivable agreement resulted in an increase in Payable to Employees and Related Parties and Amounts Due to Related Parties Pursuant to Tax Receivable Agreement of \$1,224 and \$36,204, respectively, on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007. Amounts due to partners in connection with distributions totaled \$708, and is included as Payable to Employees and Related Parties as of September 30, 2007.

Investment Management Revenue includes income from related parties earned from the Company's Private Equity Funds for portfolio company fees, management fees, carried interest and realized and unrealized gains and losses of private equity fund investments. Total investment management revenues from related parties amounted to \$722, \$3,627, \$3,689, \$16,514, \$3,627, and \$14,359 for the periods July 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006, the three months ended September 30, 2007, the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007, respectively.

Included in income from related parties for the three and nine months ended September 30, 2007, is \$14,010 and \$18,130, respectively, of advisory fees earned from clients that have Senior Managing Directors as a director.

Note 5 Investments

The Company's investments reported in the Unaudited Condensed Consolidated Statements of Financial Condition consist of investments in Private Equity Funds, the Company's equity investment in an EAM managed fund and the Company's equity interest in EAM. These investments are accounted for under the equity method.

Prior to the IPO, investments in the Private Equity Funds primarily included the general partner and Founders' entities' investments in the Private Equity Funds. Subsequent to the IPO, the investments primarily

Table of Contents**EVERCORE PARTNERS INC.****NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED****FINANCIAL STATEMENTS (Continued)**

(dollars in thousands, except per share amounts, unless otherwise noted)

include investments in ECP II and the Discovery Fund. Portfolio holdings of the Private Equity Funds are fair valued as discussed in Note 2 Significant Accounting Policies. Accordingly, the Company reflects its pro rata share of unrealized gains, losses and carried interest of those fair values. Additionally, the Company reflects its pro rata share of unrealized gains, losses and carried interest associated with any investment realizations.

Net realized and unrealized gains and losses on Private Equity Fund investments, including carried interest and gains and losses on investments, were \$0, \$2,616, \$369, \$4,935, \$2,616 and \$4,292 for the periods July 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006, the three months ended September 30, 2007, the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007, respectively, and are included on the Unaudited Condensed Combined/Consolidated Statements of Operations in Investment Management Revenue.

As of December 31, 2006 and September 30, 2007, EAM had a carrying value of \$426 and \$1,571, respectively. In January 2007, the Company invested an additional \$1,947 in EAM. For the periods July 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006, the three months ended September 30, 2007, the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007, the investment resulted in unrealized losses of \$0, \$211, \$247, \$299, \$211 and \$802, respectively, which are included on the Unaudited Condensed Combined/Consolidated Statements of Operations in Investment Management Revenue.

In 2006, the Company invested in EAM managed funds. The funds principally hold readily-marketable investment securities. The Company's investment of \$5,000 had a market value of \$4,339 as of September 30, 2007, with a net unrealized loss of \$519 and \$661 for the three and nine months ended September 30, 2007, respectively.

A summary of the Company's Investments as of December 31, 2006 and September 30, 2007 is as follows:

	December 31, 2006	September 30, 2007
Investments, equity method:		
ECP II	\$ 7,274	\$ 11,566
Discovery Fund	2,311	2,305
 Total Private Equity Funds	 9,585	 13,871
EAM	426	1,571
EAM Fund Investments	5,998	4,339
 Total Investments, equity method	 \$ 16,009	 \$ 19,781

See Note 11 Commitments and Contingencies for commitments of future capital contributions to the Private Equity Funds.

Note 6 Stockholders' Equity

During the three months ended June 30, 2007, the Company sold 1,581,778 shares of newly-issued Class A common shares at \$29.50 per share, less an underwriting discount of \$1.55 per share and direct expenses of issuing the shares of \$2,139. The Company used the net proceeds from the newly-issued shares to purchase an

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

additional 1,581,778 newly-issued Evercore LP partnership units from Evercore LP. The result of the above transactions was an increase in Common Stock and Additional Paid-in-Capital of \$16 and \$42,058, respectively, on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007.

The Company also purchased 31,903 Class A common shares of Treasury Stock from an employee at \$30.35 per share during the three months ended June 30, 2007. The Company accounts for purchases of Treasury Stock at cost and includes the Treasury Stock as a separate component of Stockholders' Equity until such time as the Treasury Stock is retired. The result of the above transaction was an increase in Treasury Stock of \$968 on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007.

During the three months ended June 30, 2007, the Company issued 159,000 shares for consideration in association with the acquisition of Braveheart, resulting in an increase to Common Stock and Additional Paid-In-Capital of \$2 and \$3,507, respectively, on the Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007.

As discussed in Note 2, the Company accounts for subsequent exchanges of Evercore LP partnership units for Class A common shares of the Company based on the carrying amounts of the Members' Evercore LP partnership units immediately before the exchange. During the three months ended June 30, 2007, Members exchanged 2,942,932 Evercore LP partnership units for Class A common shares of the Company on a one-for-one basis. This exchange resulted in an increase in Common Stock and Additional Paid-in-Capital of \$29 and \$9,214, respectively, and a corresponding decrease in Minority Interest of \$9,243 on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007. Additionally, due to the exchange, causing a step up in tax basis, and pursuant to a Tax Receivable Agreement, Additional Paid-In-Capital increased \$6,605 on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007. See Note 13 Income Taxes. The Members, including the Founding Members, subsequently sold 2,942,932 shares of Class A common stock to a syndicate of underwriters in a public offering of the Company's common stock. This sale resulted in Messrs. Altman, Beutner and Aspe, and trusts benefiting their families and permitted transferees, collectively, ceasing to beneficially own at least 90% of the aggregate Evercore LP partnership units owned by them on the date of the Reorganization, which in turn resulted in the vesting of 4,853,164, or 50%, of unvested Evercore LP partnership units, 1,013,754 unvested restricted stock units (RSUs) and 90,606 unvested shares of restricted stock. The vesting of Evercore LP partnership units resulted in a non-cash charge to compensation expense and an offsetting increase in Minority Interest of \$101,916 on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007, and the vesting of RSUs and restricted stock resulted in a \$23,944 non-cash charge to compensation expense and an offsetting increase in Common Stock, Additional Paid-in-Capital and Stock-based Compensation Awards of \$1, \$3,047 and \$20,896, respectively on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007. See Note 10 Stock-Based Compensation.

During the three and nine months ended September 30, 2007, the Company declared and paid dividends of \$0.12 and \$0.29 per share, respectively, totaling \$1,333 and \$2,888, respectively. The Company's Board of Directors declared on November 1, 2007, a quarterly cash dividend of \$0.12 per share, to the holders of Class A common stock as of November 30, 2007, which will be paid on December 14, 2007.

(dollars in thousands, except per share amounts, unless otherwise noted)

Note 7 Employee Benefit Plans

Defined Contribution Retirement Plan The Company, through a subsidiary, provides certain retirement benefits to employees through a qualified retirement plan. The Evercore Partners Services East L.L.C. Retirement Plan (the Plan) is a discretionary profit sharing plan with a salary deferral feature under Section 401(k) of the Internal Revenue Code. The Plan was formed on February 1, 1996 and subsequently amended. The Plan year ends on January 31 of each year. The Company, at its sole discretion, determines the amount, if any, of profit to be contributed to the Plan.

The Company did not make any Plan contributions for any of the periods presented in 2006 or 2007.

Evercore Europe Defined Contribution Benefit Plan Evercore Europe established the Evercore Partners Limited Group Personal Pension Plan (the Evercore Europe Plan), a defined contribution benefit plan, in November 2006 for Evercore Europe employees. The Evercore Europe Plan has a salary deferral feature as permitted under existing tax guidelines for the Inland Revenue Service in the United Kingdom. Evercore Europe employees must elect to participate in the plan, and Evercore Europe has a minimum annualized contribution of 15% to 40% of an employee's salary for all employees who participate, depending on the respective employee's level within the Company.

Evercore Europe employees are also eligible to contribute up to 10% of their salary to the Evercore Europe Plan. Under the terms of the Evercore Europe Plan, if an employee contributes a minimum of 7.5% to 10% of their salary to the plan, Evercore Europe must make a matching contribution of 5% to 10% of the employee's salary depending on the employee's level within the company.

The Evercore Europe Plan costs for the three and nine months ended September 30, 2007 totaled \$234 and \$631, respectively.

Note 8 Minority Interest

Minority Interest recorded in the unaudited condensed consolidated financial statements of the Successor Company relates to the minority interest of the Members in Evercore LP, excluding Evercore LP partnership units held by Evercore Partners Inc., and a 30% interest in PCB not owned by the Company.

The minority interest ownership of the Members in Evercore LP associated with their vested Evercore LP partnership units was \$36,138 and \$48,387 as of December 31, 2006 and September 30, 2007, respectively. Changes in the minority ownership of the Members in Evercore LP during the nine months ended September 30, 2007 were as follows:

	Amount	Percentage Interest
Balance at January 1, 2007	\$ 36,138	67.9%
Changes during the nine months ended September 30, 2007:		
Adoption of FIN 48 see Note 13	(534)	
Operating loss	(40,014)	
Distributions to partners	(39,718)	
Exchange of Evercore LP partnership units for Evercore Class A common shares	(9,401)	
Vesting of additional Evercore LP partnership units	101,916	
Balance at September 30, 2007	\$ 48,387	57.8%

Table of Contents**EVERCORE PARTNERS INC.****NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED****FINANCIAL STATEMENTS (Continued)**

(dollars in thousands, except per share amounts, unless otherwise noted)

The minority interest balance associated with PCB was \$780 and \$447 as of December 31, 2006 and September 30, 2007, respectively. PCB minority interest holders were allocated \$(140), \$(141) and \$(333) in losses associated with PCB for the period August 10, 2006 through September 30, 2006, and the three and nine months ended September 30, 2007, respectively.

Note 9 Net Income (Loss) Per Share

The Company's net income (loss) and weighted average shares outstanding for the periods July 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006, the three months ended September 30, 2007, the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007, consists of the following:

	<i>Combined For the Period July 1, 2006 through August 9, 2006</i>	<i>Consolidated August 10, 2006 through September 30, 2006</i>	<i>Consolidated Three Months Ended September 30, 2007</i>	<i>Combined For the Period January 1, 2006 through August 9, 2006</i>	<i>Consolidated August 10, 2006 through September 30, 2006</i>	<i>Consolidated Nine Months Ended September 30, 2007</i>
	PREDECESSOR	SUCCESSOR	SUCCESSOR	PREDECESSOR	SUCCESSOR	SUCCESSOR
Net income (loss) available for Class A common stockholders	NA	\$ 298	\$ 2,319	NA	\$ 298	(\$ 37,633)
Weighted average shares outstanding:						
Basic	NA	4,795	12,352	NA	4,795	9,478
Diluted	NA	4,795	12,406	NA	4,795	9,478

Net income per share information is not applicable for reporting periods prior to August 10, 2006. The calculations of basic and diluted net income (loss) per share amounts for the period August 10, 2006 through September 30, 2006 and the three and nine months ended September 30, 2007, are described and presented below.

Basic Net Income (Loss) Per Share

Numerator utilizes net income (loss) available for Class A common stockholders.

Denominator utilizes the weighted average shares of Class A common stock outstanding, including 207,116, 1,244,339 and 736,533 vested RSUs, for the period August 10, 2006 through September 30, 2006 and for the three and nine months ended September 30, 2007, respectively.

Diluted Net Income (Loss) Per Share

Numerator utilizes net income (loss) available for Class A common stockholders as in the basic net income (loss) per share calculation described above, plus the minority interest related to the assumed exchange of Members' Evercore LP partnership units for Class A common shares, offset by assumed additional corporate taxes.

Denominator utilizes the weighted average shares of Class A common stock outstanding, including vested RSUs, as in the basic net income (loss) per share calculation described above, plus the assumed exchange of Members' Evercore LP partnership units for Class A common shares, plus additional shares of the Company's common stock assumed to be issued pursuant to non-vested restricted stock, RSUs and certain Evercore

LP partnership units as calculated using the treasury stock method.

-
- (a) During the period August 10, 2006 through September 30, 2006 and the three and nine months ended September 30, 2007, the Evercore LP partnership units (which represent the right to receive shares of Class A common stock upon exchange) were antidilutive and consequently the effect of their exchange into shares of Class A common stock has been excluded from the calculation of diluted net income (loss) per share of Class A common stock. These interests included 13,430,500 and 15,214,111 vested Evercore LP partnership units as of December 31, 2006 and September 30, 2007, respectively. Antidilution is the result of the vested Evercore LP partnership units bearing a portion of income allocable to vested RSUs, as well as the Company having a loss for the nine months ended September 30, 2007.
- (b) During the nine months ended September 30, 2007, the additional shares of the Company's common stock assumed to be issued pursuant to non-vested restricted stock, RSUs and certain Evercore LP partnership units as calculated using the treasury stock method were antidilutive and consequently the additional shares have been excluded from the calculation of diluted net loss per share of Class A common stock. The additional shares that would have been included in the computation of diluted net loss per share of Class A common stock if the effect would have been dilutive were 78,103 for the nine months ended September 30, 2007. Antidilution is the result of the Company having a loss for the nine months ended September 30, 2007.

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

The shares of Class B common stock have no right to receive dividends or a distribution on liquidation or winding up of Evercore Partners Inc. The shares of Class B common stock do not share in the earnings of Evercore Partners Inc. and no earnings are allocable to such class. Accordingly, basic and diluted net income (loss) per share of Class B common stock have not been presented.

Note 10 Stock-Based Compensation

Effective January 1, 2006, the Company adopted SFAS 123(R). SFAS 123(R) requires the measurement and recognition of compensation expense for all stock-based payment awards made to employees and directors including employee stock options and other forms of equity compensation based on estimated fair values.

2006 Stock Incentive Plan. In 2006 the Company's board of directors adopted the Evercore Partners Inc. 2006 Stock Incentive Plan (the "2006 Plan"). The 2006 Plan permits the Company to grant to key employees, directors and consultants incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock and other awards based on the Company's Class A common stock. The Compensation Committee of the board of directors administers the 2006 Plan and determines who receives awards under the 2006 Plan, as well as the form of the awards, the number of shares underlying the awards, and the terms and conditions of the awards consistent with the terms of the 2006 Plan. The total number of shares of Class A common stock which may be issued under the 2006 Plan is 20,000,000 and the Company intends to use newly-issued shares of Class A common stock to satisfy any awards under the 2006 Plan. Shares of Class A common stock underlying any award granted under the 2006 Plan that expires, terminates or is cancelled or satisfied for any reason without being settled in stock again become available for awards under the 2006 Plan. The total shares available to be granted in the future under the 2006 Plan were 17,736,329 and 15,407,507 as of December 31, 2006 and September 30, 2007, respectively.

Equity Grants Evercore LP Partnership Units. At the time of the Reorganization, Members and certain trusts benefiting certain of their families received 13,430,500 vested and 9,706,329 unvested Evercore LP partnership units. The Evercore LP partnership units are exchangeable into Class A common stock of the Company on a one-for-one basis once vested. During the nine months ended September 30, 2007, 4,853,164 Evercore LP partnership units vested when the Company's Founding Members and the chairman of Protego, and trusts benefiting their families and permitted transferees, collectively, ceased to beneficially own at least 90% of the aggregate Evercore LP partnership units owned by them on the date the Reorganization was effected. The Company recorded \$101,916 in compensation expense during the three months ended June 30, 2007, which represented the value of the 4,853,164 Evercore LP partnership units at the date of the Reorganization. In addition, the Company entered into a severance agreement with an employee which modified the award terms, that resulted in an expense of \$2,275 in the three months ended September 30, 2007. The remaining unvested Evercore LP partnership units will vest upon the earliest to occur of the following events:

when the Founding Members and chairman of Protego, and trusts benefiting their families and permitted transferees, collectively, cease to beneficially own at least 50% of the aggregate Evercore LP partnership units owned by them at the time of the Reorganization;

a change of control of the Company; or

two of the Founding Members and the chairman of Protego are not employed by, or do not serve as a director of, Evercore Partners Inc. or one of its affiliates within a 10-year period following the IPO.

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

In addition, 100% of the unvested Evercore LP partnership units will vest if such Member dies or becomes disabled while employed by the Company. The Company's Equity Committee, which is comprised of the Founding Members and the chairman of Protego, may also accelerate vesting of unvested Evercore LP partnership units at any time.

Equity Grants Restricted Stock and Restricted Stock Units. At the time of the Reorganization, and pursuant to the 2006 Plan, the Company granted to the Company's employees 2,286,055 RSUs, which are convertible into Class A common stock on a one-for-one basis once vested. 207,116 of the RSUs fully-vested at the time of the Reorganization and, as a result, the Company recorded compensation expense at the time of the Reorganization equal to the value of these fully-vested RSUs. The remaining unvested RSUs have the same vesting requirements as the unvested Evercore LP partnership units described above.

Each outside director at the date of the Reorganization received a one-time award of RSUs with a value of \$50 upon their initial appointment to the Board. These RSUs were issued pursuant to the 2006 Plan and vest, and are being amortized into compensation expense, over two years.

Subsequent to the Reorganization, the Company granted new and existing employees RSUs and restricted stock. Certain of these awards vest upon the same terms as the Evercore LP partnership units and the RSUs issued at the time of the Reorganization (Event-based Awards) and certain of these awards vest from one to five years (Service-based Awards). During the first nine months of 2007, pursuant to the 2006 Plan, the Company granted employees 90,606 shares of restricted stock and 90,479 RSUs that are Event-based Awards and 475,806 shares of restricted stock and 1,873,434 RSUs that are Service-based Awards. These awards had grant date fair values of \$21.12 to \$33.64 per share. 1,134,519 Event-based Awards vested during the nine months ended September 30, 2007 and the Company recorded \$25,710 in compensation expense. Compensation expense related to Service-based Awards was \$2,991 and \$4,662 for the three and nine months ended September 30, 2007, respectively.

Compensation expense recognized pursuant to stock-based awards is based on the grant date fair value of the award. The fair value (as measured on the grant date) of Service-based Awards is amortized over the vesting periods or requisite service periods as required under SFAS 123(R), however, the vesting of some Service-based Awards will accelerate upon the occurrence of certain events, and, for purposes of calculating diluted net income (loss) per share, Service-based Awards are included in the diluted weighted average shares of Class A common stock outstanding using the treasury stock method until vested. Once vested, RSUs and restricted stock are included in the basic and diluted weighted average shares of Class A common stock outstanding. Expense relating to RSUs and restricted stock is charged to Employee Compensation and Benefits within the Unaudited Condensed Combined/Consolidated Statements of Operations.

Table of Contents**EVERCORE PARTNERS INC.****NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED****FINANCIAL STATEMENTS (Continued)**

(dollars in thousands, except per share amounts, unless otherwise noted)

The following table summarizes activity related to stock-based compensation awards during the nine months ended September 30, 2007:

	Number of Shares	Event-based Awards Grant			Number of Shares	Service-based Awards		
		Date Weighted Average Fair Value	Maximum Contractual Term (in months)	Weighted Average Remaining Term (in months)		Grant Date Weighted Average Fair Value	Maximum Contractual Remaining Term (in months)	Weighted Average Remaining Term (in months)
Unvested Balance at January 1, 2007	11,753,360	\$ 246,821	NA	NA	9,524	\$ 200	19	19
Granted	258,240	8,333			2,349,240	60,903		
Forfeited	(198,675)	(4,173)			(2,828)	(90)		
Vested	(5,987,683)	(127,627)						
Unvested Balance at September 30, 2007	5,825,242	\$ 123,354	NA	NA	2,355,936	\$ 61,013	65	24

Management has concluded that at the current time it is not probable that the conditions relating to the vesting of unvested Event-based Awards will be achieved or satisfied.

The total income tax benefit related to stock-based compensation arrangements recognized in the Company's Unaudited Condensed Consolidated Statements of Operations for the three and nine months ended September 30, 2007, was \$569 and \$5,184 respectively.

Note 11 Commitments and Contingencies

Operating Leases The Company leases office space under non-cancelable lease agreements, which expire on various dates through 2023. The Company reflects lease expense over the lease terms on a straight-line basis. Occupancy lease agreements, in addition to base rentals, generally are subject to escalation provisions based on certain costs incurred by the landlord. Occupancy and Equipment Rental on the Unaudited Condensed Combined/Consolidated Statements of Operations for the periods July 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006, the three months ended September 30, 2007, the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007 includes \$361, \$525, \$2,725, \$1,747, \$525 and \$7,257, respectively, of occupancy rental expense relating to operating leases.

In 2006, the Company agreed to lease an additional 124,000 square feet of office space at the Company's principal executive offices at 55 East 52nd Street, New York, New York. The term of the lease expires on April 29, 2023. The rental payment obligations under the lease are as follows: \$9,578 per year for years one through five of the lease term; \$10,200 per year for years six through ten of the lease term; \$10,822 per year for years 11 through 15 of the lease term and \$11,444 per year for year 16 through the expiration of the lease term. The Company took possession of all of this space by June 2007. The Company has sublet a portion of this space to a third party. In connection with the execution of the lease, the Company delivered a security deposit in the form of an unsecured letter of credit in the amount of \$4,789. If the Company does not meet certain covenants of the unsecured letter of credit agreement, the Company may be required to secure the letter of credit. As of

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

September 30, 2007, the Company maintains, as part of the leases for office space in New York, irrevocable standby letters of credit as security in the amount of \$819. These letters of credit expire in the fourth quarter of 2007. The Company was required to maintain compensating balances of \$1,519 and \$700 as of December 31, 2006 and September 30, 2007, respectively. No amounts have been drawn down under the respective letters of credit.

The Company has entered into various operating leases for the use of certain office equipment and furniture. For the periods July 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006, the three months ended September 30, 2007, the periods January 1, 2006 through August 9, 2006, August 10, 2006 through September 30, 2006 and the nine months ended September 30, 2007, rental expense for office equipment and furniture is included in Occupancy and Equipment Rental on the Unaudited Condensed Combined/Consolidated Statements of Operations and totaled \$0, \$8, \$134, \$74, \$8 and \$337, respectively.

Other Commitments At September 30, 2007, the Company has unfunded commitments for capital contributions of \$1,861 to the Private Equity Funds. These commitments primarily will be funded as required through the end of each Private Equity Fund's investment period, subject to certain conditions. Such commitments are satisfied in cash and are generally required to be made as investment opportunities are consummated by the Private Equity Funds.

Legal

General

In the normal course of business, from time to time the Company and its affiliates may be involved in judicial, regulatory and arbitration proceedings concerning matters arising in connection with the conduct of its businesses. In addition, Mexican, United Kingdom and United States government agencies and self-regulatory organizations, as well as state securities commissions in the United States, conduct periodic examinations and initiate administrative proceedings regarding the Company's business, including, among other matters, accounting and operational matters, that can result in censure, fine, the issuance of cease-and-desist orders or the suspension or expulsion of a broker-dealer or its directors, officers or employees.

The Company contests liability and/or the amount of damages as appropriate in each pending matter. In view of the inherent difficulty of predicting the outcome of such matters, particularly in cases where claimants seek substantial or indeterminate damages or where investigations and proceedings are in the early stages, the Company cannot predict with certainty the loss or range of loss, if any, related to such matters, how or if such matters will be resolved, when they will ultimately be resolved, or what the eventual settlement, fine, penalty or other relief, if any, might be. Subject to the foregoing, and except for the pending matter described in the paragraphs below, the Company believes, based on current knowledge and after consultation with counsel, that the outcome of the pending matters will not have a material adverse effect on the consolidated financial condition of the Company, although the outcome of such matters could be material to the Company's operating results and cash flows for a particular future period, depending on, among other things, the level of the Company's revenues or income for such period. Legal reserves are established in accordance with SFAS No. 5, *Accounting for Contingencies* (SFAS 5). Once established, reserves are adjusted when there is more information available or when an event occurs requiring a change.

Additionally, in the past, the Company or its present personnel have been named as a defendant in civil litigation matters involving present or former clients.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

In re High Voltage Engineering Corp. (High Voltage) in the U.S. Bankruptcy Court for the District of Massachusetts and Stephen S. Gray, Trustee (Trustee) of The High Voltage Engineering Liquidating Trust. v. Evercore Restructuring L.P. Evercore Restructuring L.L.C (collectively, Evercore Restructuring) et al., in the United States District Court of Massachusetts.

In 2003, High Voltage engaged Evercore Restructuring to assist in its restructuring efforts. During the engagement, Evercore Restructuring assisted High Voltage in negotiating a restructuring plan and related financing. During the period of engagement, which ended in August 2004, High Voltage filed for Chapter 11 bankruptcy protection and later emerged from bankruptcy with new financing. However, in February 2005, High Voltage again filed for Chapter 11 bankruptcy protection. In July 2006, as part of the second bankruptcy proceeding, High Voltage's businesses were sold and its creditors were repaid in full out of the proceeds of the sale. In addition, the Trustee conducted an informal investigation into the causes of the second bankruptcy and the knowledge of professionals who assisted High Voltage in its first bankruptcy.

On August 15, 2006, Stephen S. Gray, as trustee of the High Voltage Engineering Liquidating Trust (the Plaintiff), filed a motion in the bankruptcy court seeking to undo an order entered in November 2004 approving \$2.34 million in fees and expenses for Evercore Restructuring's services, alleging, among other matters, that Evercore Restructuring should have known that the projections prepared by High Voltage in connection with the first bankruptcy proceedings were inaccurate. On September 8, 2006, Evercore Restructuring responded in the bankruptcy court denying the factual allegations and asserting a variety of legal bases to deny the request. In January 2007, the bankruptcy court decided in favor of Evercore and denied the Plaintiff's motion. In September 2007, the United States District Court affirmed the decision. Plaintiff filed a notice of appeal to the Court of Appeals for the First Circuit. No appellate briefing has occurred to date.

In addition, on August 15, 2006, the same Plaintiff filed a complaint against Evercore and Jefferies & Company, Inc. in the United States District Court of Massachusetts. The Plaintiff's complaint asserts claims against Evercore for gross negligence and breach of fiduciary duty in connection with the High Voltage engagement. In September 2007, the District Court granted Evercore judgment on the pleadings. Plaintiff filed a notice of appeal to the Court of Appeals for the First Circuit. No appellate briefing has occurred to date.

Note 12 Regulatory Authorities

EGL is a U.S. registered broker-dealer and is subject to the net capital requirements of Rule 15c3-1 under the Exchange Act. Rule 15c3-1 requires the maintenance of net capital, as defined, which shall be the greater of \$5 or 6 2/3% of aggregate indebtedness, as defined. EGL's regulatory net capital as of December 31, 2006 and September 30, 2007 was \$11,229 and \$50,173, respectively, which exceeded the minimum net capital requirement by \$10,874 and \$48,003, respectively. Certain other non-U.S. subsidiaries are subject to various securities and banking regulations and capital adequacy requirements promulgated by the regulatory and exchange authorities of the countries in which they operate. These subsidiaries have consistently operated in excess of their local capital adequacy requirements.

Note 13 Income Taxes

Prior to August 10, 2006, the Company had not been subject to U.S. federal income tax, but had been subject to the New York City UBT and New York City general corporate tax on its U.S. earnings, and certain non-income tax fees in other jurisdictions where the Company had registered offices and conducted business. As

Table of Contents**EVERCORE PARTNERS INC.****NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED****FINANCIAL STATEMENTS (Continued)**

(dollars in thousands, except per share amounts, unless otherwise noted)

a result of the Reorganization and IPO, the operating business entities of the Company were restructured and a portion of the Company's income is subject to U.S. federal, state, local and foreign income taxes and is taxed at the prevailing corporate tax rates. Taxes payable as of December 31, 2006 and September 30, 2007, were \$5,822 and \$3,352, respectively.

For the period August 10, 2006 through September 30, 2006 and the three and nine months ended September 30, 2007, the portion of the Company's income subject to corporate federal, state and local income taxes was taxed at an effective tax rate of 45.3%, 38.6% and 39.7%, respectively, included as part of the tax provision of \$297, \$3,217 and \$8,795, respectively. The Company's consolidated effective tax rate includes a rate benefit attributable to the fact that the Company operates as a series of limited liability companies and flow-through entities that are not subject to corporate level taxes, and the additional impact associated with the follow-on offering, as discussed in Note 10, thereby reducing the 45.3% to 14.8%, 38.6% to 31.1% and 39.7% to (12.7%) for the period August 10, 2006 through September 30, 2006 and the three and nine months ended September 30, 2007, respectively.

The effective tax rate can fluctuate as a result of variations in the relative amounts of advisory and investment management income earned in the tax jurisdictions in which the Company operates and invests. Accordingly, the effective tax rate in any particular period may not be indicative of the effective tax rate in future periods.

Deferred income taxes are provided for the effects of temporary differences between the tax basis of an asset or liability and its reported amount in the Unaudited Condensed Consolidated Statements of Financial Condition. These temporary differences result in taxable or deductible amounts in future years. Details of the Company's deferred tax assets and liabilities are as follows:

	December 31, 2006	September 30, 2007
Deferred Tax Assets:		
Depreciation and Amortization	\$ 494	\$ 2,513
Compensation and Benefits	907	6,602
Step Up in Basis Due to the Exchange of Evercore LP Partnership Units for Class A Common Shares		41,738
Other	373	448
Total Deferred Tax Assets	\$ 1,774	\$ 51,301
Deferred Tax Liabilities:		
Depreciation and Amortization	\$ 107	\$ 461
Total Deferred Tax Liabilities	\$ 107	\$ 461

At December 31, 2006 and September 30, 2007, the Company recognized deferred tax assets related to differences between the financial reporting basis and the tax basis of the net assets of the Company, which totaled \$1,774 and \$52,741, respectively. Of the \$52,741, \$1,440 is classified as a Current Deferred Tax Asset, and has been netted against Taxes Payable on the Company's Unaudited Condensed Consolidated Statements of Financial Condition as of September 30, 2007, resulting in an ending balance of \$51,301. As discussed in Note 6, during the nine months ended September 30, 2007, Members exchanged a number of Evercore LP partnership units for common shares of the Company. This exchange resulted in an increase in the tax basis of the tangible and intangible assets of Evercore LP, which triggered a tax receivable agreement that was entered into at the time

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

of the Formation Transaction between the Company and the Members. The agreement provides for the Members to retain 85% of the tax benefits resulting from the exchange and for the Company to retain 15% of such benefits. The triggering of the tax receivable agreement resulted in an increase in Deferred Tax Asset Current, Deferred Tax Asset Non-Current, Payable to Employees and Related Parties, Amounts Due to Related Parties Pursuant to Tax Receivable Agreement and Additional Paid-in-Capital of \$1,440, \$42,593, \$1,224, \$36,204 and \$6,605, respectively, on the Company's Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007. In addition, the increase in gross deferred tax assets from December 31, 2006 to September 30, 2007 was attributable to the tax effect of a \$5,695 increase due to compensation deductions for financial reporting purposes associated with RSUs and restricted stock that vested during the period and \$1,823 related to the amortization of intangible assets associated with the Braveheart and Protego acquisitions. The \$354 increase in deferred tax liabilities was due to the goodwill amortization that is deductible for tax purposes, and is associated with the Braveheart and Protego acquisitions.

Based on the Company's historical taxable income and its expected future earnings, management has evaluated the uncertainty associated with booking tax benefits and has determined that the deferred tax assets will be realized as offsets to deferred tax liabilities and future taxable income.

As discussed in Note 2, the Company applied the provisions of FIN 48 on January 1, 2007. The cumulative effect of the Company's adoption of FIN 48 was a charge of \$534 and \$252 to the January 1, 2007 Minority Interest and Retained Earnings balances, respectively. As a result of the implementation of FIN 48, the Company increased its existing liabilities by \$887 including \$668 of interest and penalties, which includes \$101 of interest for the nine months ended September 30, 2007. This resulted in a \$1,600 FIN 48 liability as of September 30, 2007. There have been no significant changes to the liability for unrecognized tax benefits or potential interest and penalties recorded during the nine months ended September 30, 2007. The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense.

Note 14 Segment Operating Results

Business Segments The Company's business results are categorized into the following two segments: advisory and investment management. Advisory includes providing advice on mergers, acquisitions, divestitures, leveraged buyouts, restructurings, and similar corporate finance matters. Investment management includes the management of outside capital invested in the Private Equity Funds, the management of outside capital by PCB, the Company's principal investments in the Private Equity Funds and the Company's share of the results of EAM and the Company's direct investments in EAM managed products.

The Company's segment information for the three and nine months ended September 30, 2006 and 2007 is prepared using the following methodology:

Revenue and expenses directly associated with each segment are included in determining operating income.

Expenses not directly associated with specific segments are allocated based on the most relevant measures applicable, including headcount and other factors.

Segment assets are based on those directly associated with each segment, or for certain assets shared across segments, these assets are allocated based on the most relevant measures applicable, including headcount and other factors.

Table of Contents

EVERCORE PARTNERS INC.

NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED

FINANCIAL STATEMENTS (Continued)

(dollars in thousands, except per share amounts, unless otherwise noted)

Investment gains and losses, interest income, and interest expense are allocated between the segments based on the segment in which the underlying asset or liability is held.

Each segment's Operating Expenses include: a) employee compensation and benefits expenses that are incurred directly in support of the segments and b) non-compensation expenses, which include expenses for premises and occupancy, professional fees, travel and entertainment, communications and information services, equipment and indirect support costs (including compensation and other operating expenses related thereto) for administrative services. Such administrative services include, but are not limited to, accounting, tax, legal, facilities management and senior management activities. Other Expenses include stock-based compensation costs associated with event-based awards, plus amortization of intangibles associated with the acquisition of Protego and Braveheart.

The Company evaluates segment results based on net revenue and operating income, both including and excluding the impact of the Other Expenses.

Corporate-level activity represents operating expenses not specifically attributable to a segment. These expenses primarily include professional fees relating to the preparation of the Company's historical financial statements that were not directly attributable to the IPO, costs associated with the Line of Credit and costs of operating as a public entity.

Table of Contents**EVERCORE PARTNERS INC.****NOTES TO UNAUDITED CONDENSED COMBINED/CONSOLIDATED****FINANCIAL STATEMENTS (Continued)**

(dollars in thousands, except per share amounts, unless otherwise noted)

The Company believes that the following information provides a reasonable representation of each segment's contribution to net revenue, operating expenses, other expenses, operating income and total assets.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the financial statements and the related notes included elsewhere in this Form 10-Q.

Forward-Looking Statements and Certain Factors that May Affect Our Business

This discussion contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which reflect our current views with respect to, among other things, our operations and financial performance. In some cases, you can identify these forward-looking statements by the use of words such as outlook, believes, expects, potential, continues, may, will, should, seeks, approximately, predicts, intends, plans, estimates, anticipates or the negative version of these words or comparable words. All statements other than statements of historical fact included in this document are forward-looking statements and are based on various underlying assumptions and expectations and are subject to known and unknown risks, uncertainties and assumptions, and may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. Such forward-looking statements are subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. We believe these factors include, but are not limited to, those described under Risk Factors discussed in Annual Report on Form 10-K for the year ended December 31, 2006 filed with the SEC on April 2, 2007. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this discussion. In addition, new risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Accordingly, you should not rely upon forward-looking statements as a prediction of actual results and we do not assume any responsibility for the accuracy or completeness of any of these forward-looking statements. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

We operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for our management to predict all risks and uncertainties, nor can management assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Overview

Evercore is an investment banking boutique. Our operations consist of two business segments: advisory and investment management.

Advisory generates revenue from fees for providing advice on matters of strategic importance to our clients, including mergers, acquisitions, restructurings, divestitures, leveraged buy-outs, recapitalizations and other corporate transactions. Our advisory segment generated \$67.1 million, or 92.7%, of our net revenue in the three months ended September 30, 2007; \$36.1 million, or 86.6%, of our net revenue in the three months ended September 30, 2006; \$207.9 million, 91.3%, of our net revenue in the nine months ended September 30, 2007 and \$108.7 million, or 83.1%, of our net revenue in the nine months ended September 30, 2006.

Investment management generates revenue from fees earned for managing the Private Equity Funds and the portfolio companies of the Private Equity Funds. In addition, we earn revenue from incentive fees, referred to as carried interest, earned when certain financial returns are achieved over the life of a fund, through net gains and losses on investments of our own capital in the funds, and from other sources. Investment management also generates revenue from managing funds invested in public

Table of Contents

securities. Our investment management segment generated \$2.9 million, or 4.0%, of our net revenue in the three months ended September 30, 2007; \$4.8 million, or 11.4%, of our net revenue in the three months ended September 30, 2006; \$15.2 million, or 6.7%, of our net revenue in the nine months ended September 30, 2007 and \$21.0 million, or 16.1%, of our net revenue in the nine months ended September 30, 2006.

Reorganization

Formation Transaction

Prior to the IPO, our business, or Predecessor Company had historically been owned by our Senior Managing Directors. On August 10, 2006, and pursuant to a contribution and sale agreement dated as of May 12, 2006, our Senior Managing Directors contributed to Evercore LP each of the various entities included in our historical combined financial statements that were under common control of the Members, with the exception of the general partners of ECP I, ECP II and EVP and certain other entities through which Messrs. Altman and Beutner fund their capital commitments to ECP I, forming the Successor Company. The Successor Company has continued to conduct the same business as the Predecessor Company.

More specifically, our Senior Managing Directors contributed to Evercore LP all of the equity interests in:

Evercore Group Holdings L.P., a Delaware limited partnership (EGH) and its general partner, Evercore Group Holdings L.L.C. EGH wholly owns Evercore Partners Services East L.L.C. (East), the operating company that in turn wholly owns the advisors to the ECP II and EVP funds and certain other entities. As part of the Formation Transaction, Evercore Advisors L.L.C., the advisor to ECP I; Evercore Group L.L.C., Evercore's registered broker-dealer and Evercore Properties L.L.C., Evercore's leaseholding entity were sold to East. In addition, EGH, through its non-managing membership in the general partner of ECP II, had direct investments with carrying value of \$11.6 million and \$1.7 million of minimum unfunded commitments to that fund as of September 30, 2007.

Evercore GP Holdings L.L.C., a Delaware limited liability company (GP Holdings) which became a non-managing member of the general partner of ECP II and is entitled to 8% to 9% (depending on the particular fund investment) of any carried interest realized from that fund following the reorganization, which represented 10% of the carried interest then allocable to our Senior Managing Directors.

In exchange for these contributions to Evercore LP, our Senior Managing Directors and certain trusts benefiting certain of their families received 11,670,313 vested and 9,354,967 unvested Evercore LP partnership units. The vesting arrangements applicable to these Evercore LP partnership units are described under Operating Expenses Employee Compensation and Benefits Expense . In addition, we distributed cash to the Members so as to distribute to them all earnings for the period from January 1, 2006 to the date of the closing of the contribution and sale agreement.

We accounted for this transaction, which we refer to as the Formation Transaction using the Members' historical cost of the assets acquired and liabilities assumed and recorded minority interest to reflect the Members' ongoing ownership in Evercore LP. We account for the unvested Evercore LP partnership units issued in the Formation Transaction as future compensation expense. See Follow-On Offering of Evercore Partners Inc. Class A Common Stock .

Combination with Protego

Protego's business historically was owned by its directors and other stockholders and conducted by Protego and its subsidiaries and Protego SI. Concurrently with the Formation Transaction, we and Protego undertook the following steps pursuant to the contribution and sale agreement, which we refer to collectively as the Protego Combination :

Evercore LP acquired Protego and its subsidiaries (including a 70% interest in PCB, Protego's asset management subsidiary), and Protego SI in exchange for \$7.0 million aggregate principal amount of non-interest bearing notes; and

Table of Contents

Mr. Aspe and the other Protego directors became Senior Managing Directors of Evercore Partners Inc. and subscribed, collectively with certain companies they control, certain trusts benefiting their families and a trust benefiting certain directors and employees of Protego, for 1,760,187 vested and 351,362 unvested Evercore LP partnership units.

Of the \$7.0 million in notes issued in consideration for the Protego Combination, \$6.05 million was payable in cash and \$0.95 million was payable in shares of our Class A common stock valued at the IPO price of \$21.00 per share. We issued 45,238 shares of Class A common stock upon repayment of such notes. In addition, Protego distributed to its directors cash and to the extent cash was not available, interest in certain accounts receivable, so as to distribute to its directors all earnings for the period from January 1, 2005, to the date of the closing of the contribution and sale agreement.

IPO

On August 16, 2006, we completed the IPO of our Class A common stock by issuing 4,542,500 shares of our Class A common stock, including shares issued to our underwriters pursuant to their election to exercise in full their overallotment option, for cash consideration of \$19.53 per share (net of underwriting discounts) to a syndicate of underwriters. Evercore Partners Inc. contributed all of the net proceeds from the IPO to Evercore LP, and Evercore LP issued to Evercore Partners Inc. a number of Evercore LP partnership units equal to the number of shares of Class A common stock that Evercore Partners Inc. issued in connection with the Protego Combination and in the IPO. Evercore Partners Inc. also became the sole general partner of Evercore LP.

As a result of the Formation Transaction, the Protego Combination and the other transactions described above, which we collectively refer to as the Reorganization, immediately following the IPO:

Evercore Partners Inc. became the sole general partner of Evercore LP and, through Evercore LP and its subsidiaries, operates our business, including the business of Protego;

our Senior Managing Directors, including the former directors of Protego, and certain companies they control, certain trusts benefiting certain of their families and a trust benefiting certain directors and employees of Protego held 51 shares of our Class B common stock and 23,136,829 Evercore LP partnership units; and

our public stockholders (including certain former stockholders of Protego who received \$0.95 million payable in shares of our Class A common stock as described above) collectively owned 4,587,738 shares of Class A common stock.

The Class B common stock provides its holder with no economic rights but entitles the holder to a number of votes equal to the number of Evercore LP partnership units held by such holder. Subject to the vesting and transfer restriction provisions of the Evercore LP partnership agreement, the limited partners of Evercore LP are entitled to exchange their Evercore LP partnership units for shares of Class A common stock on a one-for-one basis, subject to customary rate adjustment for stock splits, stock amendments and reclassifications.

Acquisition of Braveheart

On December 19, 2006, we completed the acquisition of Braveheart. Braveheart was organized to provide corporate finance and private equity advisory services, subject to its receipt of applicable regulatory approvals. In exchange for 100% of the outstanding share capital of Braveheart, we paid initial consideration, deferred consideration and earn-out consideration. The initial consideration was comprised of 1,771,820 shares of Evercore Partners Inc. Class A common stock. The deferred consideration, payable at our sole discretion, is comprised of 590,607 additional shares of Class A common stock. Of this deferred consideration, 159,000 shares were issued to Braveheart shareholders on April 4, 2007. The Braveheart shareholders also received earn-out consideration based on gross revenues generated by Braveheart's financial advisory business carried on in

Table of Contents

Europe. The amount of earn-out consideration was earned at the point of acquisition and accordingly, we issued to the Braveheart shareholders, collectively, \$3.0 million of loan notes due 2010 which bear interest at LIBOR plus 100 basis points and which are redeemable by the holder at any time after October 31, 2007. Additionally, we paid \$0.4 million in cash as part of the acquisition. Braveheart has been renamed Evercore Partners Limited and is referred to herein as Evercore Europe.

Follow-On Offering of Evercore Partners Inc. Class A Common Stock

On May 23, 2007, we completed a follow-on offering for the sale of an additional 1,581,778 shares of Class A common stock for cash consideration of \$27.95 per share (net of underwriting discounts). We contributed all of the net proceeds from this follow-on offering to Evercore LP, and Evercore LP issued to us 1,581,778 Evercore LP partnership units. In conjunction with this follow-on offering Members exchanged 2,942,932 Evercore LP partnership units for shares of our Class A common stock on a one-for-one basis. We accounted for the exchange of Evercore LP partnership units for shares of Class A common stock based on the carrying amounts of the Members' Evercore LP partnership units immediately before the exchange. See Note 6 Stockholders' Equity. Additionally, due to the exchange, and pursuant to a Tax Receivable Agreement, we recorded deferred tax assets of \$44.0 million, payables to related parties of \$37.4 million and an increase in Additional Paid-in-Capital of \$6.6 million. See Note 13 Income Taxes.

The follow-on offering related transactions resulted in Messrs. Altman, Beutner and Aspe, and trusts benefiting their families and permitted transferees, collectively, ceasing to beneficially own at least 90% of the aggregate Evercore LP partnership units owned by them on the date of the Reorganization, which in turn resulted in the vesting of 4,853,164, or 50%, of the unvested Evercore LP partnership units, 1,013,754 unvested RSUs and 90,606 unvested shares of restricted stock. The vesting of Evercore LP partnership units resulted in a non-cash charge to compensation expense and an offsetting increase in Minority Interest of \$101.9 million on our Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007, and the vesting of RSUs and restricted stock resulted in a non-cash charge to compensation expense of \$24.0 million and an offsetting increase in Stockholders' Equity of \$24.0 million on our Unaudited Condensed Consolidated Statement of Financial Condition as of September 30, 2007. We refer to the above transactions collectively as the Follow-On Offering. Prior to the Follow-On Offering, each holder of Class B common stock had effectively ceded their voting rights with respect to their ownership of Class B common stock and Evercore LP partnership units to Messrs Altman, Beutner and Aspe. Subsequent to the Follow-On Offering, each holder of Class B common stock is entitled to one vote for each Evercore LP partnership unit held by such holder.

Comparability of Results for Various Periods

The Successor Company results represent the consolidated results of Evercore Partners Inc. and its subsidiaries subsequent to our IPO on August 10, 2006. The Predecessor Company results represent the results of the combined entities known as Evercore Holdings prior to the Reorganization. Both the Predecessor and Successor Company results have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

As discussed above, during 2006 we entered into several material transactions that make it more difficult to compare the results of 2007 with 2006. In particular:

the Formation Transaction, which includes the elimination of the financial results of the general partners of the ECP I, ECP II and EVP funds and certain other entities through which Co-Chief Executive Officers have invested capital in the ECP I fund, which was not contributed to Evercore LP; and

the Protego and Braveheart acquisitions which resulted in the inclusion of each of the acquired entity's financial results, as well as certain purchase accounting adjustments, such as the recording of intangible assets and their periodic amortization.

Table of Contents

In addition to the inclusion and exclusion of the results of certain entities, the transactions mentioned above had additional effects on our results that also limit the ability to compare 2007 with 2006 principally:

prior to the IPO, Evercore was not subject to federal income taxes, but was subject to New York City unincorporated business tax (UBT) and New York City general corporation taxes. As a result of the IPO, the operating business entities of Evercore were restructured and a portion of Evercore s income is subject to U.S. federal income taxes, as well as foreign, state and local taxes; and

payments for services rendered by Evercore s Senior Managing Directors were historically accounted for as distributions of Members capital rather than as compensation expense. Following the IPO, management has included all payments for services rendered by the Senior Managing Directors in Employee Compensation and Benefits Expense.

Key Financial Measures

Revenue

Total revenues reflect revenues from advisory and investment management that includes transaction-related client reimbursements plus interest income and other revenue. Net revenues reflect total revenues less interest expense related to repurchase agreements and other borrowings.

Advisory. Our advisory business earns fees from our clients for providing advice on mergers, acquisitions, restructurings, leveraged buy-outs, recapitalizations and other corporate transactions. The amount and timing of the fees paid vary by the type of engagement. In general, fees are paid at the time we sign an engagement letter, during the course of the engagement or when an engagement is completed. The majority of our advisory revenue comes from fees that are dependent on the successful completion of a transaction. A transaction can fail to be completed for many reasons, including failure to agree upon final terms with the counterparty, to secure necessary board or shareholder approvals, to secure necessary financing or to achieve necessary regulatory approvals.

Revenue trends in our advisory business generally are correlated to the volume of M&A activity and restructurings. However, deviations from this trend can occur in any given year for a number of reasons. For example, changes in our market share or the ability of our clients to close certain large transactions can cause our revenue results to diverge from the level of overall M&A or restructuring activity.

We operate in a highly competitive environment where there are no long-term contracted sources of revenue and each revenue-generating engagement is separately awarded and negotiated. Our list of clients, including our list of clients with whom there is a currently active revenue-generating engagement, changes continually. We gain new clients through our business development initiatives, through recruiting additional senior investment banking professionals who bring with them client relationships and through referrals from executives, directors, attorneys and other parties with whom we have relationships. We may also lose clients as a result of the sale or merger of a client, a change in a client s senior management, competition from other investment banks and other causes.

Investment Management. Our investment management business includes operations related to the management of the Private Equity Funds and funds invested in public securities (Public Securities).

Private equity revenue sources include the following: (1) management fees (2) portfolio company fees (3) carried interest and (4) gains (or losses) on investments in the Private Equity Funds we manage.

Management Fees. Management fees are generally a percentage of committed capital (the total dollar amount of capital pledged to a fund) from certain outside investors in each of the Private Equity Funds we manage. During the commitment period, or until full investment, these fees are typically 2.0% per annum of committed capital and, for the remainder of the fund s life, 1.0% per annum of invested

Table of Contents

capital. The entities which are entitled to the management fees from the Private Equity Funds we manage were contributed to Evercore LP. Accordingly, we reflect the management fees from all of these funds in our unaudited condensed consolidated financial statements following the IPO.

Portfolio Company Fees. Portfolio company fees include monitoring, director and transaction fees associated with services provided to the portfolio companies of the Private Equity Funds we manage. We earn monitoring fees for services we provide with respect to the development and implementation of strategies for improving operating, marketing and financial performance. Monitoring fee revenue is recognized ratably over the period for which services are provided. We earn director fees for the services provided by our Senior Managing Directors who serve on the boards of directors of portfolio companies. We earn transaction fees for providing advice on the acquisition of portfolio companies held by the Private Equity Funds. These fees are earned and recognized under the same revenue recognition policies as advisory fees.

Carried Interest. Carried interest is an incentive fee earned by the general partners of the Private Equity Funds we manage when certain financial return targets and hurdles are met. Generally, the carried interest is calculated as 20% of the profits, provided that certain outside investors in the funds have earned an 8% return on investments from the Private Equity Funds and a 10% return on investments from EVP. Accordingly, the amount of carried interest earned depends on the profits, if any, ultimately generated within the funds. Our historical Condensed Combined Statements of Operations for the period prior to August 10, 2006, include the results of the general partners of the Private Equity Funds, including the carried interest earned by these general partners. Participation in such carried interest historically has been allocated principally to our Senior Managing Directors and other employees and any carried interest ultimately realized was paid directly to such individuals. Following the IPO, we no longer consolidate the results of the general partners of the Private Equity Funds. Accordingly, we no longer recognize as revenue any carried interest earned by the general partners of ECP I or EVP. However, through our equity interest in the general partner of ECP II and the Discovery Fund, we recognize as revenue 8% to 9% (depending on the particular fund investment) of any carried interest from these funds.

Gains (or Losses) on Investments. Gains and losses include both realized gains and losses upon the sale of all or a portion of a portfolio company and unrealized gains and losses on investments arising from changes in the fair value of the portfolio companies. Because our historical Condensed Combined Statements of Operations include the results of the general partners of the Private Equity Funds we currently manage and certain other entities through which two of our founding Senior Managing Directors have invested capital in ECP I, our historical results include such realized or unrealized gains or losses. Following the IPO, because we no longer consolidate the results of these entities, we no longer recognize as revenue any of the gains or losses arising from these entities' investments in ECP I or EVP. However, through our equity interest in the general partner of ECP II and the Discovery Fund, we continue to recognize revenue based on our share of those funds' realized or unrealized gains or losses. As of September 30, 2007, we had an aggregate carrying value of \$13.9 million of investments in and an aggregate of \$1.9 million of unfunded commitments to ECP II and the Discovery Fund.

We expect we will be entitled to 100% of any management fees and portfolio company fees earned in relation to any future private equity funds we manage. We also expect to consolidate the general partners of any future private equity funds we manage. Accordingly, we expect to record as revenue 100% of any carried interest and realized or unrealized gains (or losses) on investments earned by these entities. However, we expect to allocate to our Senior Managing Directors and other employees, through the direct interests these individuals will hold, a significant percentage of any such carried interest. In addition, these individuals will be entitled to any such gains (or losses) on investment based on the amount of the general partners' capital they contribute in respect of any such future fund. Unlike Evercore Capital Partners I, where we made no direct investment or ECP II where our direct investment is less than 2% of total capital committed, we intend to make significant capital commitments to any future private equity fund we manage.

Table of Contents

Our Public Securities business is comprised of PCB and EAM.

PCB's revenue sources include: (1) management fees; (2) performance fees; (3) dealer spreads on client transactions; and (4) net interest revenue earned by PCB in collateralized financing transactions.

We own a 41.7% equity interest in EAM, with the balance of EAM's equity held by its senior management team. We account for our investment in EAM under the equity method of accounting whereby we recognize our share of earnings and losses in Investment Management revenues.

Additionally, we earn revenue associated with gains and losses on our direct Investments in EAM managed products.

Net Interest Revenue. Net interest revenue is derived from investing customer funds in financing transactions by PCB. These transactions are primarily repurchases and resales of Mexican government securities. Revenue and expenses associated with these transactions are recognized over the term of the repurchase or resale transaction.

Transaction-Related Client Reimbursements. In both our advisory and investment management segments we make various transaction-related expenditures, such as travel and professional fees, on behalf of our clients. Pursuant to the engagement letters with our clients or the contracts with the limited partners in the Private Equity Funds we manage, these expenditures may be reimbursable. We define these expenses as transaction-related expenses and record such expenditures as incurred and record revenue when it is determined that clients have an obligation to reimburse us for such transaction-related expenses. Specifically, client expense reimbursements are recorded as revenue on the Unaudited Condensed Consolidated Statements of Operations on the later of the date an engagement letter is executed or the date we pay or accrue the expense.

Operating Expenses

Employee Compensation and Benefits Expense. Prior to the IPO, our employee compensation and benefits expense reflected compensation solely to non-Senior Managing Directors. Historically, payments for services rendered by our Senior Managing Directors, including all salaries and bonuses, had been accounted for as distributions from members' capital rather than as employee compensation and benefits expense. As a result, our employee compensation and benefits expense and net income had not reflected payments for services rendered by our Senior Managing Directors. Following the IPO, we include all payments for services rendered by our Senior Managing Directors in employee compensation and benefits expense.

In connection with the IPO, we targeted total employee compensation and benefits expense at a level not to exceed 50% of net revenue (excluding for these purposes, any revenue associated with gains or losses on investments, carried interest or reimbursable expenses). We retain the ability to exceed the target, change the target or how the target is calculated, and starting in 2007, we no longer exclude gains or losses on investments from revenues used to calculate our compensation and benefits expense target.

We changed our annual compensation program during the three months ended June 30, 2007 to include stock-based compensation awards as a component of the annual bonus awards for Senior Managing Directors and other employees. These equity awards will be subject to annual vesting requirements over a four-year period beginning at the date of grant which is expected to occur in early 2008. The effect of this program will be that approximately 25% of our annual bonus amounts will be awarded in equity. The Co-CEO's intend to receive 50% of their annual incentive bonus awards in equity.

Increasing the number of high-caliber Senior Managing Directors is critical to our growth efforts. Typically we hire new Senior Managing Directors in the middle of a calendar year, but the new hires do not begin to generate significant revenue until the following calendar year. We expect new Senior Managing Directors to be accretive to earnings by the second calendar year after joining us. We announced the hiring or promotion of six new Senior Managing Directors in the first nine months of 2007.

Table of Contents

66 ²/₃ % of the Evercore LP partnership units received by our Senior Managing Directors, other than Mr. Altman and Mr. Beutner, in the Formation Transaction and 66 ²/₃ % of the Evercore LP partnership units received by the directors of Protego (who became our Senior Managing Directors), other than Mr. Aspe, and certain companies they control and a trust benefiting directors and employees of Protego in the Protego Combination were, with specified exceptions, subject to forfeiture and re-allocation to other Senior Managing Directors (or, in the event that there are no eligible Senior Managing Directors, forfeiture and cancellation) if the Senior Managing Director ceased to be employed by us prior to the occurrence of specified vesting events. 4,853,164, or 50%, of these unvested Evercore LP partnership units vested in conjunction with the Follow-On Offering as described below. In addition, the Company entered into a severance agreement with an employee which modified the award terms that resulted in the Company expensing the value of the employee's unvested Evercore LP partnership units. The remaining unvested Evercore LP partnership units issued will vest upon the earliest to occur of the following events:

when Messrs. Altman, Beutner and Aspe, and trusts benefiting their families and permitted transferees, collectively, cease to beneficially own at least 50% of the aggregate Evercore LP partnership units owned by them at the time of the Reorganization;

a change of control of Evercore; or

two of Messrs. Altman, Beutner and Aspe are not employed by, or do not serve as a director of, Evercore Partners Inc. or one of its affiliates within a 10-year period following the IPO.

In addition, 100% of the remaining unvested Evercore LP partnership units held by a Senior Managing Director will vest if such Senior Managing Director dies or becomes disabled while in our employ. Our Equity Committee, which is comprised of Messrs. Altman, Beutner and Aspe, may also accelerate vesting of unvested Evercore LP partnership units at any time.

Post Reorganization, on August 10, 2006, we account for the unvested Evercore LP partnership units as compensation paid to employees in accordance with Statement of Financial Accounting Standards (SFAS) No. 123(R), *Share-Based Payments*, (SFAS 123(R)), which we adopted effective January 1, 2006. The unvested Evercore LP partnership units vest based on the achievement of one of the performance and service vesting conditions as described above. In accordance with SFAS 123(R), accruals of compensation costs for awards with a performance or service condition are based on the probable outcome of that service or performance condition. Compensation cost is accrued if it is probable that the performance condition will be achieved and is not accrued if it is not probable that the performance condition will be achieved.

We had heretofore concluded that it was not probable that the conditions relating to a decline in the collective beneficial ownership of Messrs. Altman, Beutner and Aspe (and trusts benefiting their families and permitted transferees), a change of control of Evercore or a lack of continued association of Messrs. Altman, Beutner and Aspe with Evercore would be achieved, or that the death or disability condition during the employment period would be satisfied. Accordingly, prior to the Follow-On Offering, we had not been accruing compensation expense relating to any unvested Evercore LP partnership units. We recorded compensation expense in conjunction with the vesting that occurred due to the Follow-On Offering as described below, and we continue to believe that it is not probable that the remaining conditions relating to vesting of Evercore LP partnership units will be achieved, or that the death or disability condition during the employment period will be satisfied. Accordingly, we do not intend to accrue compensation expense in the future relating to the remaining unvested Evercore LP partnership units.

Impact of the Follow-On Offering

The completion of the Follow-On Offering resulted in Messrs. Altman, Beutner and Aspe, and trusts benefiting their families and permitted transferees, collectively, ceasing to beneficially own at least 90% of the aggregate Evercore LP partnership units owned by them on the date of the Reorganization, which in turn resulted in the vesting of 4,853,164, or 50%, of the unvested Evercore LP partnership units.

Table of Contents

These Evercore LP partnership units were charged to expense based on the grant date fair value of the Evercore LP partnership units, which is the IPO price of the Class A common stock of \$21.00 per share. Accordingly, at the completion of the Follow-On Offering on May 23, 2007 we recorded a non-cash equity-based compensation charge associated with the vesting of these unvested Evercore LP partnership units of \$101.9 million.

As of September 30, 2007, if all of the remaining unvested Evercore LP partnership units were to vest at some point in the future, based upon the IPO price of the Class A common stock of \$21.00 per share, the total amount of compensation expense that we will record in connection with the vesting of these unvested Evercore LP partnership units would be \$100.3 million.

The unvested Evercore LP partnership units are not reflected as outstanding for purposes of calculating the minority interest for the economic interest in Evercore LP held by the limited partners. As a result, vesting of these unvested Evercore LP partnership units significantly increases minority interest and reduces our net income and net income per share.

We granted 2,286,055 RSUs to our employees at the time of the IPO. 207,116 of the RSUs were fully-vested and, as a result, we recorded compensation expense at the time of the IPO equal to the value of these fully vested RSUs. The remaining 2,078,939 of these RSUs were unvested at the time of the IPO and vest upon the same conditions as the unvested Evercore LP partnership units issued in connection with the Formation Transaction and the Protego Combination although on a different vesting schedule. Generally, 10% of the units were fully vested at the time of grant and, upon each subsequent vesting, an additional 45% of the units vest. At the completion of the Follow-On Offering, 983,594, or 50%, of the non-forfeited, unvested RSUs issued in conjunction with the IPO vested. As with the unvested Evercore LP partnership units, the RSUs that vested were charged to expense at the completion of the Follow-On Offering based on the grant date fair value of the Class A common stock deliverable pursuant to such RSUs, which is the IPO price of the Class A common stock of \$21.00 per share. Accordingly, at the completion of the Follow-On Offering we recorded a non-cash equity-based compensation charge associated with the vesting of these previously unvested RSUs of \$20.7 million. Following the completion of the Follow-On Offering, if all of the remaining unvested and unforfeited RSUs as of September 30, 2007 were to vest at some point in the future, based on the grant date fair value of the Class A common stock deliverable pursuant to such RSUs of \$21.00 per share, the total amount of compensation expense that we will record in connection with the vesting of these unvested RSUs would be approximately \$18.2 million. To the extent unvested RSUs vest, they are included in weighted average shares outstanding for purposes of calculating basic and diluted net income per share, which has a dilutive effect on these measures.

In the first six months of 2007 and prior to the Follow-On Offering, and in connection with new hiring activity, we granted (1) 90,479 RSUs with a grant date fair value of \$33.27 per unit, 30,160 of which were fully vested and 60,319 of which were unvested and vest upon the same conditions as the unvested Evercore LP partnership units issued in connection with the Reorganization and (2) 90,606 shares of restricted stock with a grant date fair value of \$33.64 per share, all of which were unvested and vest upon the earlier of one year following the date of grant or when Messrs. Altman, Beutner and Aspe, and trusts benefiting their families and permitted transferees, collectively, cease to beneficially own at least 90% of the aggregate Evercore LP partnership units owned by them on the date the Reorganization was effected. At the completion of the Follow-On Offering, 30,160 of these RSUs and all of these 90,606 shares of restricted stock vested and we accordingly recorded a non-cash equity-based compensation charge of \$3.3 million in connection therewith.

Accordingly, due to vesting of the unvested Evercore LP partnership units, RSUs and shares of restricted stock as a result of the completion of the Follow-On Offering as described above, we recorded a non-cash equity-based compensation charge of approximately \$125.9 million. As a result we recorded a significant loss before income taxes and minority interest in the nine months ended September 30, 2007, and expect to record a loss before income taxes and minority interest for the full fiscal year ending December 31, 2007.

Table of Contents

Non-Compensation Expense. The balance of our operating expenses includes costs for occupancy and equipment rental, professional fees, travel and related expenses, communications and information services, depreciation and amortization and other operating expenses. We refer to all of these expenses as non-compensation expense.

As a result of the IPO we are no longer a private company and our costs for such items as insurance, accounting and legal advice have increased. We have also incurred costs which we have not previously incurred for director fees, investor relations expenses, expenses for compliance with the Sarbanes-Oxley Act of 2002 and rules implemented by the SEC and the New York Stock Exchange, and various other costs of a public company. We expect that we will incur significant additional expenses in the remainder of 2007 associated with compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

Provision for Income Taxes

Prior to August 10, 2006, we had not been subject to U.S. federal income tax, but had been subject to the New York City UBT and New York City general corporate tax on our U.S. earnings, including certain non-income tax fees in other jurisdictions where we had registered offices and conduct business. Our operations were historically organized as a series of partnerships, limited liability companies and Subchapter S corporations. Taxes related to income earned by these entities represent obligations of the individual members, partners or shareholders and have not historically been reflected in the accompanying unaudited condensed combined financial statements. Commencing August 10, 2006, Evercore Partners Inc. became subject to U.S. corporate federal income tax on its allocable share of income. We account for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*, which requires the recognition of tax benefits or expenses on temporary differences between the financial reporting and tax bases of its assets and liabilities.

Minority Interest

On a historical basis, our minority interest consisted of unaffiliated third party interests in the general partner of EVP. Following the IPO, we no longer consolidate the general partner of that fund and, accordingly, minority interest related to EVP is no longer reflected in our financial results. We do, however, record significant minority interest relating to the ownership interest of our Senior Managing Directors and their estate planning vehicles in Evercore LP as well as the portion of PCB not owned by Protego. As described in Note 1 to our unaudited condensed combined/consolidated financial statements herein, Evercore Partners Inc. is the sole general partner of Evercore LP. Accordingly, although Evercore Partners Inc. has a minority economic interest in Evercore LP, it has a majority voting interest and controls the management of Evercore LP. As a result, Evercore Partners Inc. consolidates Evercore LP and records a minority interest for the economic interest in Evercore LP held by the limited partners.

During the nine months ended September 30, 2007, the vesting of additional Evercore LP partnership units described above under **Operating Expenses** **Impact of the Follow-On Offering** resulted in an increase in the minority interest relating to the ownership interest of our Senior Managing Directors and their estate planning vehicles in Evercore LP. This was offset by the exchange of our Class A common stock for Evercore LP partnership units and the purchase of additional Evercore LP partnership units by us in conjunction with the Follow-On Offering.

Results of Operations

Following is a discussion of our results of operations for the three and nine months ended September 30, 2006 and 2007. For a more detailed discussion of the factors that affected our revenue and operating expenses of our advisory and investment management business segments in these periods, see the discussion in Business Segments below.

Table of Contents

Historical results of operations are reported as a historical partnership until the IPO on August 10, 2006, and do not include payments for services rendered by our Senior Managing Directors as compensation expense. Such payments are reflected in subsequent periods. Therefore, historical results for periods prior to the IPO and subsequent thereto are not comparable.

Table of Contents

Three Months Ended September 30, 2007 versus September 30, 2006

Net revenue was \$72.4 million in the three months ended September 30, 2007, an increase of \$30.7 million, or 73.5%, versus net revenue of \$41.7 million in the three months ended September 30, 2006. During the three months ended September 30, 2007, advisory revenue was \$67.1 million, an increase of \$31.0 million or 85.8% versus revenue of \$36.1 million in the three months ended September 30, 2006. Investment management revenue was \$2.9 million in the three months ended September 30, 2007, a decrease of \$1.9 million, or 39.4%, versus revenue of \$4.8 million in the three months ended September 30, 2006. Net Interest Income and Other Revenue was \$2.4 million in the three months ended September 30, 2007, an increase of \$1.5 million versus the same period in 2006. The increase is predominantly due to interest income earned reduced by Interest Expense of \$5.7 million primarily from collateralized financing transactions entered into by PCB. Additionally, interest income increased year over year due to the investment of our average cash balance which has increased for the three months ended September 30, 2007 as compared to the same period in 2006.

Operating Expenses include: a) employee compensation and benefits expenses that are incurred directly in support of the segments and b) non-compensation expenses, which include expenses for premises and occupancy, professional fees, travel and entertainment, communications and information services, equipment and indirect support costs (including compensation and other operating expenses related thereto) for administrative services. Such administrative services include, but are not limited to, accounting, tax, legal, facilities management and senior management activities. Other Expenses include equity-based compensation costs associated with event-based awards plus amortization of intangibles associated with the acquisition of Protego and Braveheart.

Total Operating Expenses were \$56.1 million in the three months ended September 30, 2007 as compared to \$18.8 million in the same period in 2006, a 199.2% increase. Employee Compensation and Benefits Expense as a component of Operating Expenses was \$40.5 million in the three months ended September 30, 2007, an increase of \$30.6 million, or 309.6%, versus expense of \$9.9 million in the same period in 2006. Employee Compensation and Benefits Expense for the three months ended September 30, 2006 is not comparable to the same 2007 period because Employee Compensation and Benefits Expense prior to the IPO excluded compensation to Senior Managing Directors, as their compensation was reflected as distributions to Members, and not reflected as an expense. For the three months ended September 30, 2007, Employee Compensation and Benefits expense as a percentage of net revenue was 55.9%. This amount includes the impact of new SMD hires. During the three months ended June 30, 2007, we revised our annual compensation program to include stock-based compensation awards as a component of the annual bonus awards for Senior Managing Directors and other employees. Non-compensation expenses as a component of Operating Expenses were \$15.6 million in the three months ended September 30, 2007, an increase of \$6.7 million, or 76.0% over non-compensation expenses of \$8.9 million in the comparable three months ended September 30, 2006. Non-compensation expenses increased for the three months ended September 30, 2007 as compared to the same period in 2006 as a result of additional facility expenses associated with the Company's expanded space in New York and transition costs related to the move into that space, incremental costs associated with Sarbanes-Oxley compliance, regulatory reporting and other costs incurred as a public company and recruitment fees associated with the hiring of additional Senior Managing Directors. Transition costs amounted to \$1.8 million for the three months ended September 30, 2007. Occupancy costs for the three months ended September 30, 2007, included costs of excess floor space, which will be sublet in the fourth quarter. Additionally, the inclusion of non-compensation expenses for Protego of \$1.4 million and Evercore Europe of \$1.3 million further increases non-compensation expenses for the three months ended September 30, 2007 as compared to the same period in 2006.

Included in the three months ended September 30, 2007 non-compensation expenses of \$15.6 million are \$2.1 million of transaction-related expenses for travel, meals, and professional fees incurred in the conduct of financial advisory and investment management activity. Transaction-related expenses incurred in the same period in 2006 were \$1.7 million.

Table of Contents

Total Other Expenses of \$5.9 million in the three months ended September 30, 2007, related to the amortization of intangible assets associated with the acquisition of Protego and Braveheart, as well as \$2.3 million related to a stock-based compensation component of a severance agreement. Amortization of intangible assets in the same period in 2006 was \$0.8.

For the three months ended September 30, 2007, the provision for income taxes was \$3.2 million, versus \$0.8 million in the same period in 2006. The change to the income tax expense is the result of several factors, including the impact of the portion of our taxable net income taxed as a C corporation and subject to federal, state and local income taxes. Additionally, the results were also affected by the addition of Protego and Braveheart, after their respective acquisitions, which were taxed at their respective applicable foreign country tax rates.

Minority interest was \$4.8 million in the three months ended September 30, 2007 which primarily reflects the allocation of income to our Senior Managing Directors who are direct holders of Evercore LP partnership units.

Nine Months Ended September 30, 2007 versus September 30, 2006

Net revenue was \$227.8 million in the nine months ended September 30, 2007, an increase of \$97.0 million, or 74.1%, versus net revenue of \$130.9 million in the nine months ended September 30, 2006. During the nine months ended September 30, 2007, advisory revenue was \$207.9 million, an increase of \$99.2 million or 91.3% versus revenue of \$108.7 million in the nine months ended September 30, 2006. Investment management revenue was \$15.2 million, a decrease of \$5.8 million, or 27.6%, versus revenue of \$21.0 million in the nine months ended September 30, 2006. Net Interest Income and Other Revenue was \$4.7 million in the nine months ended September 30, 2007, an increase of \$3.5 million versus the same period in 2006. The increase is predominantly due to interest income earned reduced by interest expense of \$11.6 million from collateralized financing transactions entered into by PCB. Additionally, interest income increased year over year due to the investment of our average cash balance which has increased for the nine months ended September 30, 2007 as compared to the same period in 2006.

Operating Expenses include: a) employee compensation and benefits expenses that are incurred directly in support of the segments and b) non-compensation expenses, which include expenses for premises and occupancy, professional fees, travel and entertainment, communications and information services, equipment and indirect support costs (including compensation and other operating expenses related thereto) for administrative services. Such administrative services include, but are not limited to, accounting, tax, legal, facilities management and senior management activities. Other Expenses include equity-based compensation costs associated with event-based awards plus amortization of intangibles associated with the acquisition of Protego and Braveheart.

Total Operating Expenses were \$157.3 million in the nine months ended September 30, 2007 as compared to \$55.4 million in the same period in 2006, a 183.9% increase. Employee Compensation and Benefits Expense as a component of Operating Expenses was \$113.4 million in the nine months ended September 30, 2007, an increase of \$86.7 million, or 324.0%, versus expense of \$26.7 million in the same period in 2006. Employee Compensation and Benefits Expense for the first nine months of 2006 is not comparable to the same 2007 period because Employee Compensation and Benefits Expense prior to the IPO excluded compensation to Senior Managing Directors, as their compensation was reflected as distributions to Members, and not reflected as an expense. During the three months ended June 30, 2007, we revised our annual compensation program to include stock-based compensation awards as a component of the annual bonus awards for Senior Managing Directors and other employees. Non-compensation expenses as a component of Operating Expenses were \$43.9 million in the nine months ended September 30, 2007, an increase of \$15.2 million, or 53.1% over non-compensation expenses of \$28.6 million in the comparable nine months ended September 30, 2006. Non-compensation expenses increased for the nine months ended September 30, 2007 as compared to the same period in 2006 as a result of

Table of Contents

additional facility expenses associated with the Company's expanded space in New York and transition costs related to the move into that space, incremental costs associated with Sarbanes-Oxley compliance, regulatory reporting and other costs incurred as a public company and recruitment fees associated with the hiring of additional Senior Managing Directors. Transition costs amounted to \$3.9 million for the nine months ended September 30, 2007. Occupancy costs for the nine months ended September 30, 2007, included costs of excess floor space which will be sublet in the fourth quarter. Additionally, the inclusion of non-compensation expenses for Protego of \$4.0 million and Evercore Europe of \$4.1 million further increases non-compensation expenses for the nine months ended September 30, 2007 as compared to the same period in 2006.

Included in the nine months ended September 30, 2007 non-compensation expenses of \$43.9 million are \$5.9 million of transaction-related expenses for travel, meals, and professional fees incurred in the conduct of financial advisory and investment management activity. Transaction-related expenses incurred in the same period in 2006 were \$5.6 million.

Total Other Expenses of \$139.7 million in the nine months ended September 30, 2007 relate to the costs incurred for the vesting of Evercore LP partnership units and stock-based awards associated with the completion of the Follow-On Offering in May 2007 of \$125.9 million, a stock-based compensation component of a severance agreement of \$2.3 million and the amortization of intangible assets associated with the acquisition of Protego and Braveheart of \$11.6 million. Amortization of intangible assets in the same period in 2006 was \$0.8.

For the nine months ended September 30, 2007, the provision for income taxes was \$8.8 million, an increase of \$6.1 million versus \$2.7 million in the same period in 2006. The increased tax expense was due to the fact that a portion of our taxable net income was taxed as a C corporation and subject to federal, state and local income taxes in all of 2007, which resulted in an increased tax expense and the impact associated with the one-time event from the Follow-On Offering which resulted in a book loss for U.S. GAAP reporting, but taxable income from an income tax perspective. Additionally, the results were also affected by the addition of Protego and Braveheart, after their respective acquisitions, which were taxed at their respective applicable foreign country tax rates. Prior to the IPO, we operated as a series of limited liability companies and Subchapter S corporations, and therefore were not subject to federal and state income taxes.

Minority interest was \$(40.3) million in the nine months ended September 30, 2007 which primarily reflects the allocation of net loss to our Senior Managing Directors who are direct holders of Evercore LP partnership units.

Business Segments

The following data presents revenue, expenses and contributions by business segment. Each segment's Operating Expenses include: (1) compensation and benefits expense incurred directly in support of the businesses of the segment (2) non-compensation expenses, which include directly incurred expenses for premises and occupancy, professional fees, travel and entertainment, communications and information services and equipment and (3) an allocation of indirect support costs (including compensation and other operating expenses related thereto) for administrative services. These administrative services include certain accounting, tax, legal, facilities management and senior management activities. Such support costs are allocated to the relevant segments based on various statistics such as headcount, square footage, transactional volume and revenue. Other Expenses include equity-based compensation costs associated with event-based awards plus amortization of intangibles associated with the acquisition of Protego and Braveheart. Corporate expenses includes costs related to audit fees and other costs related to being a public company which are not allocated to the business segments and are reflected in a Corporate segment in the notes to our unaudited condensed combined/consolidated financial statements.

Advisory Results of Operations

Three Months Ended September 30, 2007 versus September 30, 2006

Advisory Revenue, including Interest Income and Other Revenue allocated to this segment, was \$69.0 million in the three months ended September 30, 2007 compared to \$36.6 million in the same period in 2006, which represents an increase of 88.4%. The increase reflects the strength of the M&A market environment, and the impact of the Protego and Evercore Europe acquisitions. Included in total advisory revenue in the three months ended September 30, 2007 was Protego advisory revenue of \$3.8 million and Evercore Europe advisory revenue of \$6.1 million.

Our North American and European advisory business earned advisory revenue from 31 different clients during the three months ended September 30, 2007, compared to 23 different clients in the same period of 2006. We earned in excess of \$1.0 million from 15 of those clients in the three months ended September 30, 2007, compared to 7 in the same period of 2006.

Significant transactions completed in the three months ended September 30, 2007, on which Evercore advised included:

Apax Partners on its acquisition of Thomson Learning

Cerberus on its acquisition of Tower Automotive

eCollege on its sale to Pearson Education

First Data on its sale to KKR

Interpool on its sale to Fortress Investment Group

Metromedia International on its sale to CaucusCom Ventures

Advisory expenses were \$48.3 million for the three months ended September 30, 2007, an increase of \$27.8 million, versus expenses of \$20.5 million for the same period in 2006.

Edgar Filing: Evercore Partners Inc. - Form 10-Q

In the three months ended September 30, 2007, Operating Expenses were \$43.5 million as compared to \$16.1 million in the same period for 2006, an increase of \$27.4 million, or 170.5%. Employee Compensation and Benefits Expense as a component of Operating Expenses was \$34.0 million as compared to \$9.3 million in the same period for 2006. Employee Compensation and Benefits Expense for the three months ended September 30, 2006 is not comparable to the same 2007 period because Employee Compensation and Benefits Expense prior to

Table of Contents

the IPO excluded compensation to Senior Managing Directors, as their compensation was reflected as distributions to Members, and not reflected as an expense. Operating expenses have increased due to compensation expense associated with the newly recruited SMDs, offset by the expansion of the stock-based compensation implemented in the three months ended June 30, 2007. Advisory non-compensation expenses as a component of Operating Expenses were \$9.6 million in the three months ended September 30, 2007, an increase of \$2.7 million versus non-compensation expenses of \$6.8 million in the same period in 2006. Non-compensation expenses have increased due to the expansion of space in New York and the impact of expanded headcount and increased deal activity in the advisory business, resulting in higher occupancy, travel and technology related expenses and the increase in deal- and transaction-related expenses potentially billable to clients. Additional increases in non-compensation expenses are associated with the advisory businesses of the entities acquired in the second half of 2006 that are not included for the entire three months ended September 30, 2006.

Included in advisory non-compensation expenses of \$9.6 million for the three months ended September 30, 2007 are transaction-related expenses of \$2.0 million for travel, meals and professional fees incurred in the conduct of financial advisory activity. Advisory transaction-related expenses incurred in the three months ended September 30, 2006 were \$1.5 million.

Other Expenses of \$4.8 million in the three months ended September 30, 2007 relate to the amortization of intangible assets associated with the acquisition of Protego and Braveheart, as well as \$1.1 million related to a stock-based component of a severance agreement. Amortization of intangible assets in the same period in 2006 was \$0.8.

Nine Months Ended September 30, 2007 versus September 30, 2006

Advisory Revenue, including Interest Income and Other Revenue allocated to this segment, was \$211.2 million in the nine months ended September 30, 2007 compared to \$109.4 million in the same period in 2006, which represents an increase of 92.9%. The increase reflects the strength of the M&A market environment, and the impact of the Protego and Braveheart acquisitions.

Our U.S. and European advisory business earned advisory revenue from 61 different clients during the nine months ended September 30, 2007, compared to 49 different clients in the same period of 2006. We earned in excess of \$1.0 million from 35 of those clients in the nine months ended September 30, 2007, compared to 25 in the same period of 2006.

Advisory expenses were \$235.0 million for the nine months ended September 30, 2007, an increase of \$191.4 million, versus expenses of \$43.6 million for the same period in 2006.

In the nine months ended September 30, 2007, Operating Expenses were \$124.8 million as compared to \$39.2 million in the same period for 2006, an increase of \$85.6 million, or 218.2%. Employee Compensation and Benefits Expense as a component of Operating Expenses was \$98.6 million as compared to \$23.0 million in the same period for 2006. Employee Compensation and Benefits Expense for the first nine months of 2006 is not comparable to the same 2007 period because Employee Compensation and Benefits Expense prior to the IPO excluded compensation to Senior Managing Directors, as their compensation was reflected as distributions to Members, and not reflected as an expense. Advisory non-compensation expenses as a component of Operating Expenses of \$26.1 million in the nine months ended September 30, 2007, an increase of \$9.9 million versus non-compensation expenses of \$16.3 million in the same period in 2006. Non-compensation expenses have increased due to the impact of expanded headcount and increased deal activity in the advisory business, resulting in higher occupancy, travel and technology related expenses, the increase in deal- and transaction-related expenses potentially billable to clients and the expansion of space in New York. Additional increases in non-compensation expenses are associated with the advisory businesses of the entities acquired in the second half of 2006 that are not included for the entire nine months ended September 30, 2006.

Table of Contents

Included in advisory operating expenses non-compensation expenses of \$26.1 million for the nine months ended September 30, 2007 are transaction-related expenses of \$5.6 million for travel, meals and professional fees incurred in the conduct of financial advisory activity. Advisory transaction-related expenses incurred in the nine months ended September 30, 2006 were \$3.7 million.

Other Expenses of \$110.2 million in the nine months ended September 30, 2007 relate to the costs incurred for the vesting of Evercore LP partnership units and stock-based awards associated with the completion of the Follow-On Offering in May 2007 of \$97.5 million, a stock-based component of a severance agreement of \$1.1 million and the amortization of intangible assets associated with the acquisition of Protego and Braveheart of \$11.6 million. Amortization of intangible assets in the same period in 2006 was \$0.8.

Table of Contents

Investment Management Results of Operations

Three Months Ended September 30, 2007 versus September 30, 2006

Net Investment Management Revenue was \$3.4 million in the three months ended September 30, 2007, a decrease of \$1.7 million, or 33.4%, as compared to \$5.1 million for the same period in 2006. Private Equity revenue, as a component of Investment Management Revenue, was \$4.0 million in the three months ended September 30, 2007, a decrease of \$0.7 million, or 14.6%, compared to Private Equity revenue of \$4.7 million in the corresponding period in 2006. The decline was driven by lower realized and unrealized gains in the three months ended September 30, 2007. During the three months ended September 30, 2006, the private equity business exited a portfolio company generating a large realized gain. Public Securities revenue, as a component of Investment Management Revenue, was \$(1.1) million in the three months ended September 30, 2007, a decrease of \$1.2 million compared to the same period in 2006. The decline is due to continued losses in EAM's business and losses on our direct investment in some of EAM's funds. Net Interest Income and Other Revenue was \$0.5 million for the three months ended September 30, 2007, an increase of \$0.2 million versus the same period in 2006. The increase is due to Interest Income earned, reduced by Interest Expense of \$5.7 million from collateralized financing transactions entered into by PCB.

Investment Management Operating Expenses were \$9.1 million in the three months ended September 30, 2007 as compared to \$1.8 million in the same period in 2006, a 407.6% increase. Employee Compensation and Benefits Expense as a component of Operating Expenses in the three months ended September 30, 2007, was \$6.5 million, a \$5.9 million increase compared to the three months ended September 30, 2006. Employee Compensation and Benefits Expense for the three months ended September 30, 2006 is not comparable to the same 2007 period because Employee Compensation and Benefits Expense in 2006 excluded compensation to Senior Managing Directors prior to the IPO, as their compensation was reflected as distributions to Members and not reflected as an expense.

Non-compensation expenses as a component of Operating Expenses in the three months ended September 30, 2007 increased by \$1.4 million, or 120.9%, compared to the three months ended September 30, 2006 as a result of the increased occupancy expense relating to the new office space and the inclusion of non-compensation costs associated with Protego's asset management business in 2007.

Included in investment management non-compensation expenses of \$2.6 million for the three months ended September 30, 2007 are transaction-related expenses of \$0.2 million for travel, meals and professional fees incurred in the conduct of investment management activity. Investment management transaction-related expenses incurred in the same period of 2006 were \$0.2 million.

Nine Months Ended September 30, 2007 versus September 30, 2006

Net Investment Management Revenue was \$16.6 million in the nine months ended September 30, 2007, a decrease of \$4.8 million, or 22.2%, as compared to \$21.4 million in the same period of 2006. Private Equity revenue, as a component of Investment Management Revenue, was \$15.0 million in the nine months ended September 30, 2007, a decrease of \$6.3 million, or 29.4%, compared to Private Equity revenue of \$21.3 million in the corresponding period in 2006. The overall decline is due to portfolio company transaction fees earned for the 2006 period that did not recur during the first nine months of 2007. In addition, predecessor results include the results of entities that were not contributed to the successor company pursuant to the IPO. Public Securities revenue, as a component of Investment Management Revenue, was \$0.2 million in the nine months ended September 30, 2007, an increase of \$0.5 million compared to the same period in 2006. The increase is attributable to strong growth in assets under management in the U.S. and Mexico, partially offset by losses in EAM's business and losses on our direct investment in some of EAM's funds. Net Interest Income and Other Revenue was \$1.4 million for the nine months ended September 30, 2007, an increase of \$1.0 million versus the same period in 2006. The increase is due to Interest Income earned, reduced by Interest Expense of \$11.5 million from collateralized financing transactions entered into by PCB.

Table of Contents

Investment Management Operating Expenses were \$23.9 million in the nine months ended September 30, 2007 as compared to \$11.0 million in the same period in 2006, a 116.8% increase. Employee Compensation and Benefits Expense as a component of Operating Expenses in the nine months ended September 30, 2007, was \$14.8 million, an \$11.0 million, or 291.0% increase compared to the nine months ended September 30, 2006. Employee Compensation and Benefits Expense for the first nine months of 2006 is not comparable to the same 2007 period because Employee Compensation and Benefits Expense in 2006 excluded compensation to Senior Managing Directors prior to the IPO, as their compensation was reflected as distributions to Members and not reflected as an expense.

Non-compensation expenses as a component of Operating Expenses in the nine months ended September 30, 2007 increased by \$1.9 million, or 25.8%, compared to the nine months ended September 30, 2006 as a result of the increased occupancy expense relating to the new office space and non-compensation costs associated with the inclusion of Protego's asset management business for all of 2007, partially offset by the decrease in spending for professional fees and a decrease in travel and related expenses.

Included in investment management non-compensation expenses of \$9.1 million for the nine months ended September 30, 2007 are transaction-related expenses of \$0.4 million for travel, meals and professional fees incurred in the conduct of investment management activity. Investment management transaction-related expenses incurred in the same period of 2006 were \$1.9 million.

Other Expenses of \$29.5 million in the nine months ended September 30, 2007 relates to the costs incurred for the vesting of Evercore LP partnership units and stock-based awards associated with the completion of the Follow-On Offering in May 2007 of \$28.4 million and a stock-based component of a severance agreement of \$1.1 million.

Cash Flows

Our cash flows are primarily related to the timing of receipt of advisory and investment management fees and the timing of distributions to our Senior Managing Directors and payment of bonuses to employees. In general, we collect our accounts receivable within 60 days.

Cash and cash equivalents were \$184.9 million at September 30, 2007, an increase of \$119.5 million versus cash and cash equivalents of \$65.4 million at December 31, 2006. During the nine months ended September 30, 2007, cash of \$124.9 million was provided by operating activities, comprised mainly of net income (loss) adjusted for significant non-cash items related to the vesting of Evercore LP partnership units, and other stock-based awards, due to the Follow-On Offering as well as net changes in operating assets and liabilities. Cash of \$6.1 million was used in investing activities, principally for the purchase of furniture, equipment and leasehold improvements, and investments, offset by cash provided by proceeds from investments. Financing activities during the period used cash of \$0.6 million. Cash of \$42.1 million was provided by the Follow-On Offering, which was offset by \$39.7 million used for distributions to Evercore LP partners, excluding Evercore Partners Inc.

Cash and cash equivalents were \$16.4 million at August 9, 2006, a decrease of approximately \$21.5 million versus cash and cash equivalents of \$37.9 million at December 31, 2005. During the 221 day period ended August 9, 2006, cash of \$63.3 million was provided by operating activities, comprised mainly of net income, offset by net gains of investments and changes in operating assets and liabilities. Cash of \$6.2 million was used in investing activities, principally for the purchase of investments, offset by cash provided by proceeds from investments, and cash received in the acquisition of Protego. Financing activities during the period used cash of \$78.6 million, primarily for distributions to members, offset by short-term borrowings.

Table of Contents

Cash and cash equivalents were \$58.9 million at September 30, 2006, an increase of approximately \$42.6 million versus cash and cash equivalents of \$16.4 million at August 9, 2006. During the 52 day period ended September 30, 2006, cash of \$8.7 million was used in operating activities, comprised of net gains on investments and decreases in operating assets, offset by stock compensation, depreciation and amortization, minority interest and increases/decreases in operating assets and liabilities. Cash of \$1.4 million was used for investing activities, principally for net purchases of investments and furniture, equipment and leasehold improvements. Financing activities during the period provided cash of \$52.6 million, primarily for the net proceeds from the IPO, offset by payments for short-term borrowings, notes payable associated with the purchase of Protego.

Liquidity and Capital Resources

Our current assets typically have consisted primarily of cash and accounts receivable in relation to earned advisory fees. Cash distributions related to partnership tax allocations are generally made shortly after the end of each calendar quarter to the partners of Evercore LP. We traditionally have made payments for employee bonuses and year-end distributions to partners primarily in the first quarter of the year with respect to the prior year's results. Our liabilities have typically consisted of accrued compensation and accounts payable.

On December 30, 2005, we entered into a \$30.0 million credit agreement with affiliates of Lehman Brothers, JPMorgan Chase and Goldman Sachs that matured on the earlier of the consummation of the IPO or December 31, 2006 (the "Line of Credit"). The agreement was a 364-day revolving line of credit. Borrowings under the Line of Credit bore interest at a rate of LIBOR plus 200 basis points for any amount drawn and a commitment fee of 50 basis points for any unused portion. On January 12, 2006, we borrowed \$25.0 million on the Line of Credit at an interest rate of 6.60%. On June 22, 2006, we drew down an additional \$5.0 million at an effective interest rate of 7.48%. We recognized \$0.6 million of debt issuance cost expense and \$1.1 million of interest expense for the twelve months ended December 31, 2006. The proceeds of the Line of Credit were used for working capital purposes including funding of our ongoing investment management activities. We used a portion of the proceeds from the IPO to repay all outstanding borrowings under the Line of Credit, which has been terminated.

PCB maintains a line of credit with BBVA Bancomer to fund its trading activities on an intra-day and overnight basis. The intra-day facility is approximately \$20.0 million, secured with trading securities and interest is charged at the Inter-Bank Balance Interest Rate plus 10 basis points, while the overnight facility is approximately \$1.0 million, unsecured and interest is charged at two times the Inter-Bank Balance Interest Rate. There have been no draw downs on PCB's line of credit since August 10, 2006.

We regularly monitor our liquidity position, including cash, other significant working capital assets and liabilities, debt, principal investment commitments and other matters relating to liquidity and compliance with regulatory net capital requirements.

Under the Evercore LP limited partnership agreement, we intend to cause Evercore LP to make distributions to its partners in an amount sufficient to cover all applicable taxes and dividends, if any, declared by us.

We had total commitments (not reflected on our Unaudited Condensed Consolidated Statements of Financial Condition) relating to future principal investments of \$1.9 million as of December 31, 2006 and September 30, 2007. We expect to fund these commitments with cash flows from operations, with the balance to be funded by other members of the general partners of the Private Equity Funds we manage. We may be required to fund these commitments at any time through December 2011, depending on the timing and level of investments by ECP II and the Discovery Fund.

PCB, the Mexican asset management subsidiary of Protego, which we acquired in August 2006, enters into repurchase agreements with clients whereby PCB transfers to the clients securities (typically, Mexican government securities) in exchange for cash and concurrently agrees to repurchase the securities at a future date.

Table of Contents

for an amount equal to the cash exchanged plus a stipulated premium or interest factor. PCB deploys the cash received from, and acquires the securities deliverable to, clients under these repurchase arrangements by purchasing securities in the open market or by entering into reverse repurchase agreements with unrelated third parties. We account for these repurchase and reverse repurchase agreements as collateralized financing transactions. We record a liability on our Unaudited Condensed Consolidated Statements of Financial Condition in relation to repurchase transactions executed with clients as securities sold under agreements to repurchase. We record as assets on our Unaudited Condensed Consolidated Statements of Financial Condition, financial instruments owned and pledged as collateral at fair value (where we have acquired the securities deliverable to clients under these repurchase arrangements by purchasing securities in the open market) and securities purchased under agreements to resell (where we have acquired the securities deliverable to clients under these resell agreements by entering into reverse repurchase agreements with unrelated third parties). As of December 31, 2006 and September 30, 2007, PCB had approximately \$84.1 million and \$367.3 million, respectively, of repurchase transactions executed with clients, of which approximately \$73.8 million and \$166.8 million, respectively, related to securities PCB purchased in the open market and approximately \$10.3 million and \$200.5 million, respectively, of reverse repurchase transactions with third parties. The increase is related to the growth in assets under management at PCB during the three and nine month periods as a result of new funds from both existing and new clients. Net income includes interest income earned and interest expense incurred under these agreements.

As of September 30, 2007, our share of PCB's equity was recorded as \$3.6 million.

Impact of the Follow-On Offering

In conjunction with the Follow-On Offering described above under "Follow-On Offering of Evercore Partners Inc. Class A Common Stock," we issued 1,581,778 additional shares of Class A common stock. Net proceeds in conjunction with this issuance after deducting underwriting discounts and commissions and offering expenses were \$42.1 million. We intend to use these proceeds to expand and diversify our advisory and investment management businesses and for general corporate purposes in our operating subsidiary, Evercore LP. We did not receive any proceeds from the sale of shares by the selling stockholders.

Prior to the Follow-On Offering, Members exchanged 2,942,932 Evercore LP partnership units that they held on a one-for-one basis for shares of our Class A common stock. In addition, Evercore LP partnership units held by Members may be exchanged in the future for shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. This exchange and any such future exchanges are expected to result in an increase in the tax basis of the tangible and intangible assets of Evercore LP. These increases in tax basis increase (for tax purposes) amortization and, therefore, reduce the amount of tax that we would otherwise be required to pay.

We have entered into a tax receivable agreement with Members that provides for the payment by us to an exchanging Member of 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax that we actually realize as a result of these increases in tax basis. We expect to benefit from the remaining 15% of cash savings, if any, in income tax that we realize. While the actual amount and timing of any payments under this agreement will vary depending upon a number of factors, including the timing of exchanges, the extent to which such exchanges are taxable and the amount and timing of our income, we expect that, as a result of the size of the increases of the tangible and intangible assets of Evercore LP attributable to our interest in Evercore LP, during the expected term of the tax receivable agreement, the payments that we may make to our Members could be substantial.

Assuming no material changes in the relevant tax law, and that we earn sufficient taxable income to realize the full tax benefit of the increased amortization, we expect that future payments to our Members in respect of the exchange of Evercore LP partnership units that occurred prior to the Follow-On Offering to aggregate approximately \$37.4 million, resulting in payments of approximately, on average, \$1.6 million per year, based on

Table of Contents

a value of the Class A common stock of \$29.50 per share. Future payments to our Members in respect of subsequent exchanges pursuant to the tax receivable agreement would be in addition to these amounts and are expected to be substantial.

The effects of the tax receivable agreement on our Unaudited Condensed Consolidated Statement of Financial Condition as a result of the exchange of 2,942,932 Evercore LP partnership units by Members prior to the Follow-On Offering were as follows:

we recorded an increase of \$44.0 million in deferred tax assets for the estimated income tax effects of the increase in the tax basis of the assets owned by Evercore LP, based on enacted federal and state tax rates at the date of the transaction. To the extent we estimate that we will not realize the full benefit represented by the deferred tax asset, based on an analysis of expected future earnings, we will reduce the deferred tax asset with a valuation allowance; and

we recorded 85% of the estimated realizable tax benefit (which is the recorded deferred tax asset less any recorded valuation allowance) as an increase of \$37.4 million to payable to related parties and the remaining 15% of the estimated realizable tax benefit, or \$6.6 million, as an increase to paid-in-capital.

Therefore, as of the date of the exchange of the Evercore LP partnership units, on a cumulative basis the net effect of accounting for income taxes and the tax receivable agreement on our unaudited condensed consolidated financial statements was a net increase in stockholders' equity of 15% of the estimated realizable tax benefit. The amounts that were recorded for both the deferred tax asset and the liability for our obligations under the tax receivable agreement have been estimated. Any additional payments under the tax receivable agreement that will further increase the tax benefits and the estimated payments under the tax receivable agreement have not been included in this estimate. All of the effects of changes in any of our estimates after the date of the exchange will be included in net income. Similarly, the effect of subsequent changes in the enacted tax rates will be included in net income. Future exchanges of Evercore LP partnership units for our shares of Class A common stock will be accounted for in a similar manner.

Contractual Obligations

The following table sets forth information relating to our contractual obligations as of September 30, 2007:

	Payment Due by Period				
	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
(dollars in thousands)					
Capital Lease Obligations	\$ 119	\$ 99	\$ 20	\$	\$
Operating Lease Obligations	158,313	9,118	18,220	18,836	112,139
Investment Management Commitments	1,861				1,861
Total	\$ 160,293	\$ 9,217	\$ 18,240	\$ 18,836	\$ 114,000

In July 2006, we entered into a lease for an additional 124,000 square feet of office space at our principal executive offices at 55 East 52nd Street, New York, New York. Our rental payment obligations under the lease are as follows: \$9.6 million per year for years one through five of the lease term; \$10.2 million per year for years six through ten of the lease term; \$10.8 million per year for years 11 through 15 of the lease term; and \$11.4 million per year for year 16 through the expiration of the lease term. We have sublet a portion of our current space to a third party. Our current annual lease expense is \$12.9 million. In connection with the execution of the lease, we delivered a security deposit in the form of an unsecured letter of credit in the amount of \$4.8 million. If we do not meet certain covenants of the unsecured letter of credit agreement, we may be required to secure the letter of credit. We took possession of all the above mentioned space by June 2007. The term of the lease expires on April 29, 2023.

Table of Contents

As of September 30, 2007, we are unable to make reasonably reliable estimates of the period of cash settlement with the respective taxing authority, hence the Financial Interpretation No. 48, *Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109* (FIN 48), unrecognized tax benefits have been excluded from the above commitment and contractual obligations.

Off-Balance Sheet Arrangements

We do not invest in any off-balance sheet vehicles that provide liquidity, capital resources, market or credit risk support, or engage in any leasing activities that expose us to any liability that is not reflected in our unaudited condensed combined/consolidated financial statements.

Market Risk

Except for the items noted below in this section, due to the nature of our business and the manner in which we conduct our operations, in particular our limitation of investments to short-term cash investments and government securities, other than principal investments in our Private Equity Funds and EAM products, we believe we do not face any material interest rate risk, foreign currency exchange rate risk, equity price risk or other market risk.

Investment Risk

Through our principal investments in our funds and our ability to recognize carried interest from these funds, which depends on the profits generated within our funds, we face exposure to changes in the estimated fair value of the companies in which these funds invest, which historically has been volatile. However, we do not believe normal changes in public equity markets will have a material effect on revenues derived from such investments. In contrast, we have investments in portfolios managed by EAM, which include investments in publicly-traded equity securities.

Exchange Rate Risk

A significant portion of Protego's revenues have been, and will continue to be, derived from contracts denominated in Mexican pesos. In addition, Protego's contracts with employees and most of its suppliers are denominated in Mexican pesos. As a result, variations in the exchange rate between the Mexican peso and the U.S. dollar may affect Protego's revenue and expenses in U.S. dollars. A peso appreciation increases Protego's costs in U.S. dollar terms but has a proportionately smaller effect on revenue, reducing Protego's net income in U.S. dollar terms. Historically, the value of the peso has fluctuated considerably relative to the U.S. dollar.

We expect that Evercore Europe's revenue and expenses will be denominated primarily in British pounds sterling and euro, which will expose us to fluctuations in the value of the dollar relative to these foreign currencies.

We have not entered into any transactions to hedge our exposure to these foreign exchange fluctuations through the use of derivative instruments or otherwise. It is currently not our intention to hedge our foreign currency exposure. We will reevaluate this policy from time to time.

Critical Accounting Policies and Estimates

The unaudited condensed combined/consolidated financial statements included in this report are prepared in conformity with U.S. GAAP, which require management to make estimates and assumptions regarding future events that affect the amounts reported in our unaudited condensed combined/consolidated financial statements and their notes, including reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. We base these estimates on historical experience and various other assumptions

Table of Contents

that we believe to be reasonable under the circumstances. Actual results could differ materially from those estimates. We believe that the following discussion addresses our most critical accounting policies, which are those that are most important to the presentation of our financial condition and results of operations and require management's most difficult, subjective and complex judgments.

Trading Securities

We invest in readily-marketable equity securities that are managed by EAM. Trading Securities are valued using quoted market prices on applicable exchanges or markets. The realized and unrealized gains and losses on trading securities are included in the Unaudited Condensed Combined/Consolidated Statements of Operations in Investment Management Revenue.

Investments

Our investments, which are accounted for under the equity method of accounting, consist of investments in Private Equity Funds, an equity investment in funds managed by EAM and our equity interest in EAM.

The Private Equity Funds consist primarily of investments in marketable and non-marketable securities of portfolio companies. These underlying investments are generally restricted, encumbered and are not actually traded or intended for immediate sale. The underlying investments held by the Private Equity Funds are valued based on quoted market prices or estimated fair value if there is no public market. The fair value of each private equity fund's investments in non-marketable securities is determined by the general partner of each private equity fund, subject to review by the fund's advisory committee comprised of certain third-party limited partners. The carrying value of non-marketable securities is determined in good faith by giving consideration to a range of factors, including but not limited to market conditions, operating performance (current and projected) and subsequent financing transactions at each period end. The values assigned are based upon available information and do not necessarily represent amounts which might ultimately be realized. Due to the inherent uncertainty in the valuation of these non-marketable securities, estimated values may materially differ from the values that would have been used had a ready market existed for these investments. Investments in publicly-traded securities are valued using quoted market prices.

The equity investment in funds managed by EAM consists primarily of readily-marketable equity securities that are valued using quoted market prices on applicable exchanges or markets. We reflect our pro rata share of realized and unrealized gains and losses from changes in the values associated with the private equity investments and the fund managed by EAM. Such gains and losses are included in the Unaudited Condensed Combined/Consolidated Statements of Operations in Investment Management Revenue.

We hold a 41.7% interest in EAM that is accounted for under the equity method. We record our pro rata share of net income or losses in Investment Management Revenue on the Unaudited Condensed Combined/Consolidated Statements of Operations. Capital contributions made to and distributions received from EAM are reflected as an increase or decrease in basis, respectively.

Financial Instruments Owned and Pledged as Collateral at Fair Value

We pledge financial instruments owned, which consist principally of short-term Mexican government obligations, to collateralize certain financing agreements and permit the counterparty to pledge the securities. We record these securities on a trade-date basis and are stated at quoted market values. Related gains and losses are reflected in Interest Income and Other Revenue on the Unaudited Condensed Combined/Consolidated Statement of Operations. These securities are recorded as Financial Instruments Owned and Pledged as Collateral at Fair Value in the Unaudited Condensed Consolidated Statement of Financial Condition.

Securities Purchased Under Agreements to Resell and Securities Sold Under Agreements to Repurchase

Securities purchased under agreements to resell and securities sold under agreements to repurchase are treated as collateralized financing transactions. The agreements provide that the transferor will receive

Table of Contents

substantially the same securities in return at the maturity of the agreement and the transferor will obtain from the transferee sufficient cash or collateral to purchase such securities during the term of the agreement. These transactions are carried at the amounts at which the related securities will be subsequently resold or repurchased, plus accrued interest payable or receivable. As these transactions are short-term in nature, their carrying amounts are a reasonable estimate of fair value.

Revenue Recognition

Advisory

We earn advisory revenue through: (1) success fees based on the occurrence of certain events which may include announcements or completion of various types of financial transactions (2) retainer arrangements and (3) fairness opinions.

We recognize revenue when: (1) there is evidence of an arrangement with a client (2) agreed upon services have been provided (3) fees are fixed or determinable and (4) collection is reasonably assured. Our clients generally enter into agreements with us that vary in duration depending on the nature of the services provided. We typically bill clients for the full amounts due under the applicable agreements on or after the dates on which the specific services have been provided. Generally, payments are collected within 60 days of billing. Fees paid in advance of services rendered are initially recorded as deferred revenue and recognized as Advisory Revenue ratably over the period in which the related service is rendered.

We assess whether collection is probable based on a number of factors, including past transaction history with the client and an assessment of the client's current creditworthiness. If in management's judgment collection of a fee is not probable, we will not recognize revenue until that uncertainty is removed. In rare instances, an allowance for doubtful collection may be established if revenue had been recognized.

Investment Management

Currently, our investment management business generates revenues principally from management of private equity funds. Sources of revenue for private equity consist of: 1) management fees 2) portfolio company fees 3) realized and unrealized gains (or losses) and 4) carried interest.

Management fees are contractually based and are derived from investment management services provided to the private equity funds in originating, recommending and consummating investment opportunities. Management fees are payable semi-annually in advance on committed capital during the private equity funds' investment period, and on invested capital, thereafter. Management fees are initially recorded as deferred revenue and revenue is recognized ratably over the period for which services are provided.

The private equity funds' partnership agreements provide for a reduction of management fees for certain portfolio company fees earned by us. Portfolio company fees are recorded as revenue when earned and are offset, in whole or in part, against future management fees.

Realized and unrealized gains and losses resulting from the fair value or disposition of investments in private equity funds are recorded as revenue based on our pro rata ownership in the period in which the disposition or the fair value change has occurred.

Realized and unrealized carried interest is computed in accordance with the underlying private equity funds' partnership agreements and is based on investment performance over the life of each investment partnership. Future investment underperformance may require amounts previously distributed to be returned to the respective investment partnerships. As required by the private equity funds' partnership agreements, the general partners of each private equity fund maintain a defined amount in escrow in the event that distributions received by such

Table of Contents

general partner must be returned due to investment underperformance. Prior to the Reorganization, these escrow funds were not included in our accounts as these funds were the property of the members of the general partners. Subsequent to the Reorganization, our pro rata share of escrow requirements of any distribution are placed in a segregated account and reflected in the Unaudited Condensed Consolidated Statement of Financial Condition as Other Assets. The members of the general partners of the private equity funds have guaranteed the general partners obligations to repay or refund to outside investors in the private equity funds interim amounts distributed to us, which may arise due to future investment underperformance.

In the conduct of our financial advisory service engagements and in the pursuit of successful portfolio company investments for the Private Equity Funds, we receive reimbursement for certain transaction-related expenses incurred by us on behalf of our clients. Such reimbursements are classified as either advisory or investment management revenues, as applicable.

Net Interest Revenue

Net interest revenue is derived from investing customer funds in financing transactions by PCB. These transactions are primarily repurchases and resales of Mexican government securities. Revenue and expenses associated with these transactions are recognized over the term of the repurchase or resale transaction.

Income Taxes

As part of the process of preparing our unaudited condensed combined/consolidated financial statements, we are required to estimate income taxes in each of the jurisdictions in which we operate. Significant management judgment is required in determining our provision for income taxes, our deferred tax assets and liabilities and any valuation allowance recorded against our net deferred tax assets. This process requires us to estimate our actual current tax liability and to assess temporary differences resulting from differing book versus tax treatment of items, such as deferred revenue, compensation and benefits expense, unrealized gains on long-term investments and depreciation. These temporary differences result in deferred tax assets and liabilities, which are included within our Unaudited Condensed Consolidated Statements of Financial Condition. We must then assess the likelihood that deferred tax assets will be recovered from future taxable income, and, to the extent we believe that recovery is not more likely than not, we must establish a valuation allowance. The ultimate realization of the deferred tax assets is dependent upon the generation of future taxable income during the periods in which temporary differences become deductible. Management considers the level of historical taxable income, scheduled reversals of deferred taxes, projected future taxable income and tax planning strategies that can be implemented by us in making this assessment. If actual results differ from these estimates or we adjust these estimates in future periods, we may need to adjust our valuation allowance, which could materially impact our consolidated financial condition and results of operations.

In addition, in order to determine the quarterly tax rate, we are required to estimate full year pre-tax income and the related annual income tax expense in each jurisdiction. Changes in the geographic mix or estimated level of annual pre-tax income can affect our overall effective tax rate. Furthermore, our interpretation of complex tax laws may impact our measurement of current and deferred income taxes.

On January 1, 2007, we adopted FIN 48. FIN 48 provides a benefit recognition model with a two-step approach consisting of more-likely-than-not recognition criteria, and a measurement attribute that measures the position as the largest amount of tax benefit that is greater than 50% likely of being realized upon ultimate settlement. FIN 48 also requires the recognition of liabilities created by differences between tax positions taken in a tax return and amounts recognized in the financial statements. See Note 13 to the unaudited condensed combined/consolidated financial statements herein in regard to the impact of the adoption of FIN 48 on our unaudited condensed consolidated financial statements.

Table of Contents

Business Combinations

We account for acquisitions using the purchase method of accounting in accordance with SFAS No. 141, *Business Combinations*. The purchase price of the acquisition is allocated to the assets acquired and liabilities assumed using the fair values determined by management as of the acquisition date.

Goodwill and Intangible Assets

In accordance with SFAS No. 142, *Goodwill and Other Intangible Assets*, goodwill and intangible assets are tested for impairment annually or more frequently if circumstances indicate impairment may have occurred. In this process, we make estimates and assumptions in order to determine the fair value of our assets and liabilities and to project future earnings using valuation techniques, including a discounted cash flow model. We use our best judgment and information available to us at the time to perform this review. Because our assumptions and estimates are used in projecting future earnings as part of the valuation, actual results could differ. Intangible assets with finite lives are amortized over their estimated useful lives which are periodically reevaluated. For the year ended December 31, 2006, we concluded there was no impairment of goodwill and intangible assets. As a result of our Protego and Braveheart acquisitions, our goodwill and intangible assets, net of amortization, as of December 31, 2006 and September 30, 2007 were \$61.0 million and \$53.3 million, respectively.

Equity Compensation

Share-Based Payment On December 16, 2004, the Financial Accounting Standards Board (FASB), issued SFAS 123(R) *Share-Based Payment* (SFAS 123(R)), which is a revision of SFAS No. 123, *Accounting for Stock-Based Compensation* (SFAS 123). SFAS 123(R) supersedes Accounting Principles Board (APB) Opinion No. 25, *Accounting for Stock Issued to Employees* (APB No. 25) and amends SFAS No. 95, *Statement of Cash Flows* (SFAS 95). Generally, the approach in SFAS 123(R) is similar to the approach described in SFAS 123. However, SFAS 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the Unaudited Condensed Combined/Consolidated Statements of Operations based on their fair values. Prior to the Reorganization, we operated as a series of partnerships, limited liability companies and Subchapter S corporations and had not historically issued stock-based compensation awards. We adopted SFAS 123(R) on January 1, 2006. See Key Financial Measures Operating Expenses Employee Compensation and Benefits Expense for a discussion on expense related to vesting of Evercore LP partnership units, RSUs and shares of restricted stock that we recorded as a result of the completion of the Follow-On Offering.

Recently Issued Accounting Standards

SFAS 157 In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 is effective in fiscal years beginning after November 15, 2007. We are currently assessing the impact of adopting SFAS 157 on our financial condition, results of operations and cash flows.

SFAS 159 In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115* (SFAS 159). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. This Statement is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. We are currently assessing the impact of adopting SFAS 159 on our financial condition, results of operations and cash flows.

Item 3. Quantitative and Qualitative Disclosures About Market Risk Risk Management

See Management's Discussion and Analysis of Financial Condition and Results of Operations Market Risk. We do not believe we face any material interest rate risk, foreign currency exchange risk, equity price risk or other market risk except as disclosed in Item 2 Market Risk above.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information we are required to disclose in reports that we file or submit under the Securities and Exchange Act of 1934 (Exchange Act) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Co-Chief Executive Officers and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Our management, including our Co-Chief Executive Officers and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 under the Exchange Act as of the end of the period covered by this report. Based on that evaluation, our Co-Chief Executive Officers and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) were not effective as of September 30, 2007.

Our management has identified material weaknesses in our internal control over financial reporting, as defined in the standards established by the Public Company Accounting Oversight Board. During 2006 we identified areas of material weaknesses in our internal control over financial reporting that included a lack of an enterprise-wide, executive-driven internal control environment that documents key processes related to financial reporting and the lack of a formal, regular process designed to identify key financial reporting risks. In addition, management concluded that there was a material weakness in internal control over financial reporting related to the fact that we lacked a sufficient complement of personnel with experience to comply with U.S. GAAP and SEC reporting requirements.

These material weaknesses discussed above may cause our quarterly or annual financial statements and other regulatory reporting requirements to become materially misstated or not meet the applicable filing deadlines if they are not properly remedied. We have begun and continue to improve our core accounting and finance processes. As reported in our Form 10-K on April 2, 2007, we have taken steps to remedy our material weaknesses. During fiscal year 2007, we continue to execute on a plan to:

establish new policies and procedures to ensure that all U.S. GAAP and SEC matters as they arise are evaluated by the appropriate level of personnel;

augment our internal accounting and finance resources to improve the operations of the accounting and financial process;

enhance our training efforts to help ensure our key accounting and financial professionals can identify complex accounting matters as they arise; and

enhance our internal audit process to monitor financial reporting activities.

The steps we have taken may not remediate these material weaknesses and additional material weaknesses in our internal control over financial reporting may be identified in the future.

Changes in Internal Controls over Financial Reporting

As previously disclosed, the Company hired Paul Pensa, Controller and Principal Accounting Officer on August 13, 2007.

During the three months ended September 30, 2007, we have not made any changes that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). The statements contained

Edgar Filing: Evercore Partners Inc. - Form 10-Q

in Exhibits 31.1, 31.2 and 31.3 to this Form 10-Q should be considered in light of, and read together with, the information set forth in this Item 4.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings
General

In the normal course of business, from time to time the Company and its affiliates may be involved in judicial, regulatory and arbitration proceedings concerning matters arising in connection with the conduct of its businesses. In addition, Mexican, United Kingdom and United States government agencies and self-regulatory organizations, as well as state securities commissions in the United States, conduct periodic examinations and initiate administrative proceedings regarding the Company's business, including, among other matters, accounting and operational matters, that can result in censure, fine, the issuance of cease-and-desist orders or the suspension or expulsion of a broker-dealer or its directors, officers or employees.

The Company contests liability and/or the amount of damages as appropriate in each pending matter. In view of the inherent difficulty of predicting the outcome of such matters, particularly in cases where claimants seek substantial or indeterminate damages or where investigations and proceedings are in the early stages, the Company cannot predict with certainty the loss or range of loss, if any, related to such matters, how or if such matters will be resolved, when they will ultimately be resolved, or what the eventual settlement, fine, penalty or other relief, if any, might be. Subject to the foregoing, and except for the pending matter described in the paragraphs below, the Company believes, based on current knowledge and after consultation with counsel, that the outcome of the pending matters will not have a material adverse effect on the consolidated financial condition of the Company, although the outcome of such matters could be material to the Company's operating results and cash flows for a particular future period, depending on, among other things, the level of the Company's revenues or income for such period. Legal reserves are established in accordance with SFAS No. 5, *Accounting for Contingencies* (SFAS No. 5). Once established, reserves are adjusted when there is more information available or when an event occurs requiring a change.

Additionally, in the past, the Company or its present personnel have been named as a defendant in civil litigation matters involving present or former clients.

In re High Voltage Engineering Corp. (High Voltage) in the U.S. Bankruptcy Court for the District of Massachusetts and Stephen S. Gray, Trustee (Trustee) of The High Voltage Engineering Liquidating Trust. v. Evercore Restructuring L.P. Evercore Restructuring L.L.C (collectively, Evercore Restructuring) et al., in the United States District Court of Massachusetts.

In 2003, High Voltage engaged Evercore Restructuring to assist in its restructuring efforts. During the engagement, Evercore Restructuring assisted High Voltage in negotiating a restructuring plan and related financing. During the period of engagement, which ended in August 2004, High Voltage filed for Chapter 11 bankruptcy protection and later emerged from bankruptcy with new financing. However, in February 2005, High Voltage again filed for Chapter 11 bankruptcy protection. In July 2006, as part of the second bankruptcy proceeding, High Voltage's businesses were sold and its creditors were repaid in full out of the proceeds of the sale. In addition, the Trustee conducted an informal investigation into the causes of the second bankruptcy and the knowledge of professionals who assisted High Voltage in its first bankruptcy.

On August 15, 2006, Stephen S. Gray, as trustee of the High Voltage Engineering Liquidating Trust (the Plaintiff), filed a motion in the bankruptcy court seeking to undo an order entered in November 2004 approving \$2.34 million in fees and expenses for Evercore Restructuring's services, alleging, among other matters, that Evercore Restructuring should have known that the projections prepared by High Voltage in connection with the first bankruptcy proceedings were inaccurate. On September 8, 2006, Evercore Restructuring responded in the bankruptcy court denying the factual allegations and asserting a variety of legal bases to deny the request. In January 2007, the bankruptcy court decided in favor of Evercore and denied the Plaintiff's motion. In September 2007, the United States District Court affirmed the decision. Plaintiff filed a notice of appeal to the Court of Appeals for the First Circuit. No appellate briefing has occurred to date.

Table of Contents

In addition, on August 15, 2006, the same Plaintiff filed a complaint against Evercore and Jefferies & Company, Inc. in the United States District Court of Massachusetts. The Plaintiff's complaint asserts claims against Evercore for gross negligence and breach of fiduciary duty in connection with the High Voltage engagement. In September 2007, the District Court granted Evercore judgment on the pleadings. Plaintiff filed a notice of appeal to the Court of Appeals for the First Circuit. No appellate briefing has occurred to date.

Item 1A. Risk Factors

There have not been any material changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2006.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds*Unregistered Sales*

None.

Issuer Purchases of Equity Securities
