Proxy Statement

For the Annual Meeting of Stockholders

To be held on November 17, 2011

This proxy statement is furnished to you in connection with the solicitation of proxies by our Board of Directors for the annual meeting of stockholders to be held on Thursday, November 17, 2011 at 3:00 p.m., local time, at the International Office Suites at One New Hampshire Avenue, New Hampshire Room, Portsmouth, New Hampshire 03801, including any postponements or adjournments thereof.

The notice of the annual meeting, this proxy statement, our annual report to stockholders for the fiscal year ended June 30, 2011, which we sometimes refer to as fiscal 2011, and the enclosed proxy card are first being mailed to stockholders on or about October 7, 2011.

Voting of Proxies

All shares held by stockholders who are entitled to vote and who are represented at the annual meeting by properly executed proxies received prior to or at the annual meeting will be voted in accordance with the instructions indicated on the proxy card, unless it is revoked prior to the vote. If you return a proxy card but do not specify how the proxy is to be voted with respect to a particular proposal, your shares will be voted as follows: FOR the election of all director nominees in the case of Proposal 1; FOR Proposals 2, 3 and 5; and for ONE YEAR in the case of Proposal 4.

You may revoke your proxy before it is used to cast a vote. If you are a stockholder of record, to revoke a proxy you must:

file with the corporate secretary of the company, at or before the taking of the vote, a written notice of revocation bearing a later date than the proxy;

execute a later dated proxy relating to the same shares and deliver it to the corporate secretary of the company before the taking of the vote;

vote again by telephone or internet; or

attend the annual meeting and vote in person. Your attendance at the annual meeting, if you do not vote, will not be sufficient to revoke a proxy.

You should send us any written notice of revocation or subsequent proxy to us at the following address: Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801, Attention: Corporate Secretary.

If the shares you own are held in street name by a bank or brokerage firm, you should follow the instructions provided by your bank or brokerage firm if you wish to revoke your proxy.

Stockholders Entitled to Vote

Our Board of Directors has fixed September 28, 2011 as the record date for the determination of stockholders entitled to vote at the annual meeting. Only holders of record of our common stock at the close of business on the record date are entitled to notice of, and to vote at, the annual meeting. On September 28, 2011, there were 35,946,256 shares of our common stock outstanding and entitled to vote. Each share of common stock will have one vote for each matter to be voted upon at the annual meeting.

Votes Required

The holders of at least a majority of the shares of our common stock issued and outstanding and entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or are treated as broker non-votes as discussed below, will be counted for purposes of determining whether a quorum is present at the annual meeting.

If the shares you own are held in street name by a bank or brokerage firm, then your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. If you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to non-discretionary items. Of the five proposals to be voted on at our 2011 annual meeting, only Proposal 5, the ratification of the selection of our registered public accounting firm, is considered to be a discretionary item on which banks and brokerage firms may vote without instructions from you. Proposals 1, 2, 3 and 4 are considered non-discretionary items on which banks and brokerage firms may not vote without instructions. Therefore, if you do not instruct your broker or bank representative regarding how you would like your shares to be voted, your bank or brokerage firm will not be able to vote on your behalf with respect to Proposals 1, 2, 3 and 4, and your shares will be treated with respect to these items as broker non-votes.

The affirmative vote of the holders of shares representing at least a plurality of the votes cast by the holders of our common stock entitled to vote at the annual meeting is required for Proposal 1, the election of the Class I directors. The affirmative vote of the holders of shares representing at least a majority of the stock present or represented and voting on the matter is required for the approval of each of Proposal 2, the amendment of our 2009 Stock Incentive Plan; Proposal 3, the non-binding advisory vote on executive compensation; Proposal 4, the approval of one of the three frequency options under the non-binding advisory vote on the frequency of future advisory votes on executive compensation; and Proposal 5, the ratification of the selection of our registered public accounting firm. Broker non-votes and abstentions are not counted as votes on these matters, and therefore will have no effect on the outcome of these proposals.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information, as of August 31, 2011, regarding the beneficial ownership of shares of our common stock by (a) each person or entity known by us to own beneficially more than 5% of the outstanding shares of our common stock, (b) each of the named executive officers, as described in the Summary Compensation Table below, (c) each director of the company, and (d) the directors and executive officers of the company as a group. The address of each of our directors and named executive officers is c/o Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission, which we sometimes refer to as the SEC, and generally includes voting power and/or investment power with respect to securities. As of August 31, 2011, there were 35,918,711 shares of our common stock outstanding. Shares of common stock subject to options currently exercisable or exercisable within 60 days of August 31, 2011 are deemed outstanding for purposes of computing the percentage beneficially owned by the person or entity holding the options, but are not deemed outstanding for purposes of computing the percentage beneficially owned by any other person or entity. Except as indicated by footnote, we believe that the persons and entities named in this table, based on information provided by them, have sole voting and investment power with respect to the shares of common stock indicated.

PROPOSAL I ELECTION OF CLASS I DIRECTORS

We have three classes of directors, currently consisting of three Class I directors, three Class II directors and three Class III directors. At each annual meeting, directors are elected for a full term of three years to succeed those whose terms are expiring. The terms of the three classes are staggered in a manner so that only one class is elected by stockholders annually. Mr. Joseph L. Barry, Jr., Mr. Robert A. Eberle, and Mr. Jeffrey C. Leathe are currently serving as Class I directors. The Class I directors elected this year will serve as members of our Board of Directors until the 2014 annual meeting of stockholders, or until their respective successors are elected and qualified. Proxies cannot be voted cumulatively.

The Nominations and Corporate Governance Committee has recommended to the Board, and the Board proposes, that Mr. Barry, Mr. Eberle, and Mr. Leathe be re-elected as directors. The persons named in the enclosed proxy will vote to re-elect Mr. Barry, Mr. Eberle, and Mr. Leathe as Class I directors unless the proxy is marked otherwise. Mr. Barry, Mr. Eberle, and Mr. Leathe have indicated their willingness to serve on our Board of Directors, if elected; however, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board of Directors. Our Board of Directors has no reason to believe that Mr. Barry, Mr. Eberle, or Mr. Leathe would be unable to serve if elected.

The Board recommends a vote FOR each of the persons nominated by the Board.

Set forth below is information about our directors, including the Class I director nominees. The information presented includes their years of service as a director as well as information each director has given us about his age, all positions he holds, principal occupation and business experience for the last five years and names of other publicly-held companies of which he currently serves as a director. In addition to the information presented below in respect of each director's specific experience, qualifications and skills that lead the Board to the conclusion that he should serve as a director, we also believe that each director has a reputation for integrity, honesty and high ethical standards.

Director Compensation

Compensation for our directors is reviewed from time to time by our chief executive officer and compensation committee, and any determinations with respect to Board compensation are made by our Board of Directors.

Each of our non-employee directors receives a restricted stock award of 3,000 shares of our common stock on the date of each annual meeting of stockholders (other than a director who is initially elected to the Board of Directors at the annual meeting or at any time after the prior year's annual meeting). These awards vest in full on the earlier of the first anniversary of the grant date or the next annual meeting of stockholders. In fiscal 2011, Messrs. Barry, Curran, Leathe, Loomis, McGurl, Mullen, Staglin and Zilinski each received a restricted stock award for 3,000 shares of our common stock.

Upon his or her initial election to the Board of Directors, a non-employee director receives a restricted stock award for 8,000 shares of our common stock. This award vests over a period of four years from the date of grant, with 25% of the shares vesting on the first anniversary of the date of grant and an additional 6.25% of the shares vesting each quarter thereafter. No such grants were made during fiscal 2011, as there were no new directors elected to the Board.

Equity awards to our directors vest in full upon a change in control. For purposes of this provision, a change in control occurs if:

we are acquired through a merger or consolidation which results in the company's voting shares before the transaction retaining less than 50% of the voting power of the company or the acquiring entity after the transaction;

we are liquidated; or

all or substantially all of our assets are sold.

We reimburse our non-employee directors for expenses incurred to attend Board of Directors and committee meetings and other business related travel. In addition, directors who actively hold a position on the Board and are founders or former chief executive officers of the company are eligible for company-provided medical and dental insurance should they so elect. We provided this benefit to Mr. Mullen and Mr. Loomis in fiscal 2011.

Our non-employee directors also receive annual fees, per-meeting fees and fees for serving as Board committee members and chairpersons. In fiscal 2011, each non-employee director other than Mr. Mullen received an annual fee of \$17,500, payable quarterly in arrears, and a fee of \$1,250 for each meeting of the Board of Directors that the non-employee director attended. Each non-employee director who served as a member of the audit committee, other than the chairperson of such committee, received an annual fee of \$3,500. Each non-employee director who served as a member of the compensation committee or nominations and corporate governance committee, other than the respective chairpersons of those committees, received an annual fee of \$1,000 for each committee in which they participated. The chairman of the audit committee received an annual fee of \$15,000 and the chairman of the compensation committee and the nominations and corporate governance committee each received an annual fee of \$2,000.

Joseph Mullen Letter Agreement

On November 18, 2010, we entered into a letter agreement (the 2010 Letter Agreement) with Mr. Mullen to retain his services for (a) \$100,000 per year during the period beginning on November 17, 2010 and ending on November 16, 2011 and (b) \$115,000 per year for each year during the period beginning on November 17, 2011 and ending on November 17, 2014, at which time his role and services will be re-evaluated. Under the 2010 Letter Agreement, Mr. Mullen will serve as chairman of the Board of Directors during any periods he is appointed to such position by the Board, and as part of his role as Chairman, will be available as required or requested by management for services including strategy analysis, merger and acquisition evaluation and analysis, strategic partnerships and executive coaching. Under the terms of the 2010 Letter Agreement, Mr. Mullen is eligible to receive 3,000 shares of restricted stock (or such other equity award as shall be made to our other non-employee directors) on each date of our annual meeting of stockholders (provided that he is serving as a director of Bottomline during such periods), and these shares will vest at the earlier of the one year anniversary of the grant date or the next annual meeting of stockholders.

If the 2010 Letter Agreement is terminated by us without cause, Mr. Mullen will be entitled to be paid a lump sum equal to the full amount due to him with respect to the remaining term of the agreement. Should Mr. Mullen's engagement with us be terminated as a result of death or disability, as a result of involuntary termination or without cause, Mr. Mullen's then unvested options and restricted stock will fully vest, and he or his estate generally will have a period of two years (or the remainder of the applicable option term if less than two years) after the date of such termination to exercise his stock options. In addition, in the event that, prior to November 17, 2014, a change in control of Bottomline occurs, Mr. Mullen's then unvested options and restricted stock will fully vest. Mr. Mullen's entitlement to a tax gross-up under certain circumstances in connection with a change of control of Bottomline will terminate on November 17, 2011. Under the 2010 Letter Agreement, Mr. Mullen is also eligible to be reimbursed by us for reasonable business expenses and, until he reaches age 65, to participate in our standard U.S. health insurance plan.

Director Stock Ownership Program

In February 2008, we approved a modification to certain of our stock option plans to permit any director to elect to exercise stock options that were in-the-money, and fully vested, on a net share settlement basis. Under such an exercise, the director would receive shares of our common stock with a value equal to the closing market price of our common stock on the date of exercise less the exercise price of the options. Any director making such an election agrees not to sell or transfer any of the shares received upon exercise for a period of two years from the exercise date. We implemented this modification to encourage and promote long-term share ownership by our directors.

The following table sets forth information concerning the compensation of our directors for fiscal 2011. The compensation information for Mr. Eberle is included in the Summary Compensation Table.

Executive Compensation

Compensation Discussion and Analysis

The compensation committee of our Board of Directors oversees, reviews and approves all compensation decisions relating to our named executive officers. In the discussion that follows, executives refers to our fiscal year 2011 executive officers, Messrs. Eberle, Donovan and Savory.

Objectives and Philosophy of Our Executive Compensation Program

The primary objectives of the compensation committee with respect to executive compensation are to:

enable us to attract, retain and motivate the best possible executive talent by ensuring that our compensation packages are competitive with those offered by similarly situated companies;

align our executive compensation with our corporate strategies and business objectives;

promote the achievement of key strategic and financial performance measures by using a mix of short- and long-term compensation components; and

align executives incentives with the creation of stockholder value.

To achieve these objectives, the compensation committee evaluates our executive compensation program with the goal of setting compensation at levels the committee believes are competitive with those of other companies of a comparable size within our industry. In addition, a significant portion of each executive s compensation is tied to corporate performance, including financial performance and the achievement of

strategic and operational goals such as the establishment and maintenance of key strategic and customer relationships,

product development initiatives and employee retention. Executives are also evaluated on their professional growth and individual contributions to the company's success. We provide a significant portion of our executive compensation in the form of restricted stock awards that vest over time, typically four years, which we believe promotes the retention of our executives and aligns their interests with those of our stockholders since this form of compensation allows our executives to participate in the long-term success of our company as reflected in stock price appreciation.

In making compensation decisions, the compensation committee compares our executive compensation against that of a peer group of publicly traded companies. This peer group, which is periodically reviewed and updated, consists of companies that we believe are generally comparable to our company. The companies included in this peer group for fiscal 2011 were: ACI Worldwide, Ariba, Inc., Art Technology Group, athenahealth, Inc., Blackbaud, Inc., Cogent Communications, Concur Technologies, EPIQ Systems, Kenexa Corporation, Online Resources Corporation, Pegasystems, Inc., RightNow Technologies, Inc., S1 Corporation, Taleo Corporation, Tier Technologies, Inc., and The Ultimate Software Group, Inc. Our analysis for the past several fiscal years has shown that the overall compensation packages of our executives have been competitive with those of the peer group we analyzed.

In addition, for purposes of assessing our CEO's compensation, the compensation committee periodically reviews the compensation packages of recently hired CEOs at companies that we believe are generally comparable to ours. For fiscal year 2011, the companies the committee considered for this analysis were Ceko Environmental Corp., Comverge, Inc., Datalink Corp., GLU Mobile Inc., Immersion Corporation, MIPS Technologies, Inc. and Syntel, Inc. The compensation committee believes this is a helpful analysis because it provides a view into current market conditions with respect to CEO compensation. Our analysis has generally shown our CEO's compensation package to be competitive with those of the companies we analyzed.

Components of our Executive Compensation Program

The primary elements of our executive compensation program are:

base salary;

cash bonuses;

restricted stock awards;

insurance, retirement and other employee benefits; and

severance and change in control benefits.

None of our executive officers receive payment for supplemental retirement plans, retirement benefits or deferred compensation arrangements (other than those available to substantially all our employees, such as under our 401(k) plan or equivalent plans), country club dues, estate or tax planning or split dollar life insurance policies.

We do not have any formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, the compensation committee determines what it believes to be the appropriate level and mix of the various compensation components based on recommendations from our chief executive officer, company performance against stated objectives, individual performance and overall comparisons to the comparable company analyses described above.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executives. When establishing base salaries, the compensation committee considers the survey data of compensation levels in the peer group, as well as a variety of other factors such as the executive's

scope of responsibility, individual performance, prior employment experience and salary history, relative pay adjustments within the company and our overall financial performance.

Base salaries are reviewed at least annually by our compensation committee and may be adjusted from time to time based upon market conditions, individual responsibilities and company and individual performance. The compensation committee approved increases in executive officer base salaries of approximately 3% for calendar year 2011, which was the same as the percentage increase applied to the salaries of our employee base generally. For Mr. Eberle and Mr. Donovan, this was the first base salary increase since July 2008, as both Mr. Eberle and Mr. Donovan had previously declined base salary increases during periods where the company, due to overall economic conditions, was not providing salary increases to the employee base generally. For Mr. Savory, it was the first base salary increase since July 2009, when he became an executive officer. These salary increases took effect in January 2011 concurrent with the timing of salary increases for our overall employee base. Accordingly, the salary amounts shown for our executives in the fiscal 2011 Summary Compensation Table that follows below are slightly lower than the base salary amounts approved by the compensation committee for fiscal 2011.

Name	2010 Base Salary	2011 Base Salary
Robert A. Eberle	\$ 320,000	\$ 330,000
Kevin M. Donovan	\$ 184,000	\$ 190,000
Nigel K. Savory (1)	\$ 237,300	\$ 246,000

- (1) Mr. Savory was paid in British Pounds Sterling, which for purposes of this presentation were converted to US Dollars at the average exchange rate for the twelve months ended June 30, 2010 and 2011 of 1.582 and 1.592, respectively, US Dollars per British Pound Sterling.

Cash Bonuses

Cash bonuses are used to incentivize our executives to achieve our financial, strategic and operational goals. The compensation committee approves payment of quarterly cash bonuses as part of the overall compensation packages of our executive officers. Mr. Eberle's cash bonus opportunity is based on a percentage of his base compensation, which for fiscal year 2011 was 120%. Mr. Donovan and Mr. Savory's cash bonus opportunities are based on a fixed dollar amount, which for fiscal year 2011 were \$120,000 and \$159,200, respectively. Cash bonuses are intended to be paid quarterly, with an opportunity for review of the overall bonus at year-end. The compensation committee may, from time to time, conclude that it is appropriate to pay our executives a discretionary cash bonus, including as part of the year-end overall bonus review.

In November 2009, the compensation committee approved a cash bonus framework for Mr. Eberle that will remain in effect until modified by the committee. Under this framework, Mr. Eberle's quarterly cash bonus is determined based upon a combination of revenue and non-GAAP operating income targets, which represent 67% of his total bonus opportunity, and designated key management objectives, which represent 33% of his bonus opportunity. Non-GAAP operating income is measured on a pre-tax basis and excludes amortization of intangible assets, stock compensation expense, acquisition related expenses, restructuring charges and impairment losses on equity investments. The revenue and non-GAAP operating income targets are approved by the Board at or prior to the beginning of each fiscal year as part of the presentation of our annual operating plan. These targets may be revised during the year to account for acquisitions, industry developments and economic conditions. In addition, the compensation committee may determine that a bonus above or below the amount determined under the framework is appropriate in any given period, in the context of the company's overall performance. For fiscal year 2011, the revenue and non-GAAP operating income targets in effect at the end of the fiscal year were \$182,537,000 and \$36,547,000, respectively. Key management objectives are typically reviewed by the compensation committee quarterly and generally consist of establishment and maintenance of strategic and key customer relationships, execution against major customer deliverables, improvements to the design and usability of our products, product development initiatives and growth through acquisitions.

At the end of each quarter, Mr. Eberle prepares a summary of our corporate performance for the quarter, including performance against the revenue targets, operating income targets and designated key management

objectives, and submits his recommendation to the compensation committee in respect of executive bonuses, if any, that he believes should be paid for that quarter. The compensation committee uses the framework discussed above for evaluating Mr. Eberle's quarterly cash bonus. Mr. Eberle must achieve at least 80% of both the revenue and operating income targets before any bonus tied to financial targets is due under the framework. Mr. Eberle must achieve 100% of the pre-determined revenue and operating income targets and 75% of the designated key management objectives for 75% of his total bonus opportunity to be due under the framework.

For fiscal year 2011, Bottomline achieved the revenue and operating income targets at a level of 104% and 101%, respectively, and achieved all of the key management objectives. During fiscal 2011, as has occurred in certain instances in the past, Mr. Eberle recommended, and the committee approved, quarterly bonus amounts that, in the aggregate, were less than the amounts that would have otherwise been paid under the framework, in order to allocate funds to other corporate initiatives. Mr. Eberle's total bonus payment under the framework for fiscal 2011 was \$243,000. After performing its review of Mr. Eberle's overall bonus at the end of the fiscal year, the compensation committee approved the payment of a discretionary cash bonus of \$100,000 to Mr. Eberle based upon his contributions to the company's performance during the year, resulting in a total bonus of \$343,000, or 87% of his total bonus opportunity, for fiscal 2011.

Mr. Donovan and Mr. Savory's bonus is recommended by Mr. Eberle to the compensation committee based on both corporate performance and Mr. Eberle's assessment of their individual performance. Although the bonus framework discussed above does not apply to Mr. Donovan or Mr. Savory specifically, the company's performance against the revenue and operating income targets and the designated key management objectives for the fiscal year are typically key factors in Mr. Eberle's recommendation to the compensation committee concerning their bonuses. Final determinations regarding the bonus amounts for Messrs. Donovan and Savory are made by the compensation committee. For fiscal 2011, cash bonuses in the amount of \$94,500 and \$114,624 were paid to Messrs. Donovan and Savory, respectively, which represented payouts of 79% and 72% of their total bonus opportunity for the fiscal year.

Restricted Stock

Our restricted stock program is the primary vehicle for offering long-term incentives to our executives. We believe that restricted stock awards provide a strong link to Bottomline's long-term performance, create an ownership culture and help to align the interests of our executives and our stockholders. In addition, we believe the vesting features of our restricted stock awards are consistent with our goal of executive retention because these features provide an incentive for the executive to remain in our employ during the vesting period. In determining the size of the restricted stock awards to our executives, our compensation committee considers the following factors:

an evaluation of the executive's past performance;

the total compensation being paid to the executive;

the executive's anticipated contributions to Bottomline's future performance;

the executive's scope of responsibility;

the executive's current position with Bottomline;

the number and size of equity awards to the executive during previous fiscal years;

the number and size of equity awards granted to comparable executive officers by peer group companies; and

the company's performance.

We typically make an initial award of restricted stock when a new executive is hired, after which annual awards are granted as part of the overall executive compensation program. All restricted stock awards to our

executives are approved by the compensation committee. Since awards of restricted stock are issued at no cost to the executive, they have a built-in value at the time the awards are made. Accordingly, we generally grant fewer shares of restricted stock than the number of stock options or other types of equity awards that might have been issued for a similar purpose, which helps to reduce dilution to our stockholders. To maximize the long-term incentives for our executives and to minimize the dilutive effect on existing stockholders, we consider it likely that future equity awards to our executives will continue to be in the form of restricted stock rather than stock options.

Typically, the restricted stock we grant to our executives vests at a rate of 25% after the first year and 6.25% at the end of each quarter thereafter. Except in the case of death or disability and certain severance and change in control situations, vesting typically ceases on the date of termination of employment and exercise rights (in the case of stock options, which was the form of compensation issued to our executives prior to the restricted stock program) cease shortly thereafter. Prior to the exercise of a stock option, the holder has no rights as a stockholder with respect to the shares underlying the option, including voting rights and the right to receive dividends or dividend equivalents. However, restricted stock awards generally entitle the recipient to full rights as a stockholder (other than dividend rights) at the time of the award, regardless of any vesting provisions.

We do not have any equity ownership guidelines for our executives.

Stock awards to our executives are typically evaluated annually in conjunction with the review of their individual performance and the financial and operational performance of the company. This review typically occurs during our fourth fiscal quarter each year for purposes of establishing the award level for the immediately following fiscal year.

For fiscal 2011, the compensation committee approved restricted stock awards of 100,000, 24,000 and 33,000 shares to Messrs. Eberle, Donovan and Savory, respectively. These awards represent increases of 5,000, 4,000 and 3,000 shares for Messrs. Eberle, Donovan and Savory, respectively, as compared to fiscal 2010 awards. The compensation committee approved these increases in recognition of the company's overall financial performance, as well as Mr. Donovan's increased level of involvement with certain of the company's key customers and Mr. Savory's performance, professional growth and growing responsibilities. In total, grants to our named executive officers represented approximately 21% of all equity awards granted by the company during fiscal 2011.

In order to provide greater certainty regarding the level of equity awards over time, the compensation committee has approved a formal equity compensation policy providing that the annual equity pool be adjusted upwards or downwards depending upon Bottomline's stock price (based on a 30-day trailing average as of July 1 of each year) and non-GAAP net income and revenues for the preceding fiscal year. The percentage change in each metric is multiplied by one-third (thus weighting each equally), and the sum of the resulting net percentage divided by two. The equity pool for the prior fiscal year is then adjusted upwards or downwards by a percentage equal to that amount, to determine the equity pool for the current year. The compensation committee has approved this policy through fiscal 2014.

Benefits and Other Compensation

We maintain broad-based benefits that are provided to all of our employees, including health and dental insurance, life and disability insurance, an employee stock purchase plan and a 401(k) plan. Executives are eligible to participate in all of our employee benefit plans, in each case on the same terms as our other employees.

During fiscal 2011, we provided supplemental executive long-term disability insurance to Mr. Eberle and Mr. Savory. In addition, we paid a portion of premiums for private medical insurance and provided an automobile allowance to Mr. Savory. We anticipate that we will continue to provide these benefits in fiscal 2012.

Severance and Change in Control Benefits

Pursuant to employment and retention agreements we have entered into with our executives, the terms of our 2009 Stock Incentive Plan and certain resolutions of our Board of Directors in connection with our equity programs, our executives are entitled to certain benefits in the event of a change in control of our company or the termination of their employment under specified circumstances, including termination following a change in control. We have provided more detailed information about these benefits, along with estimates of their value under certain circumstances, under the caption "Employment and Other Agreements and Potential Payments Upon Termination or Change in Control" below.

We believe these benefits help us compete for and retain executive talent and are generally in line with severance packages offered to executives by the companies in our peer group. We also believe that these benefits would serve to minimize the distraction caused by any change in control scenario and reduce the risk that key talent would leave the company before any such transaction closes, which could reduce the value of the company if such transaction failed to close.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our chief executive officer and to each other officer (other than the chief executive officer and chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among our three most highly paid executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if certain requirements are met. The compensation committee reserves the right to use its judgment to authorize compensation payments that may be subject to the Section 162(m) limitation when it believes that such payments are appropriate and in the best interests of Bottomline and its stockholders, after taking into account changing business conditions or the officer's performance. Although the compensation committee considers the impact of Section 162(m) when administering Bottomline's long-term compensation plans, it does not make decisions regarding executive compensation based solely on the expected tax treatment of such compensation. As a result, the compensation committee may deem it appropriate at times to forego treatment of certain elements of compensation as qualified performance based compensation under Section 162(m) in favor of awards that may not be fully tax-deductible.

Employment and Other Agreements and Potential Payments upon Termination or Change in Control

We are party to employment agreements or similar arrangements with Mr. Eberle, Mr. Donovan and Mr. Savory. The following description is only a summary of these agreements and is qualified in its entirety by reference to the full agreements.

Robert A. Eberle Employment Agreement

We entered into an employment agreement with Mr. Eberle as of September 30, 1998, which was amended as of June 1, 2001, amended and restated as of November 21, 2002, and amended as of September 30, 2005, November 16, 2006 and December 23, 2008. The employment agreement automatically renews for successive three year renewal periods unless the agreement is not renewed by either us or Mr. Eberle pursuant to written notice, or is sooner terminated in accordance with its terms. Further, the employment agreement automatically renews for a three year period in the event we experience a change in control. The current renewal period under the employment agreement extends through November 21, 2011.

Under the employment agreement, a "change in control" of Bottomline would occur if:

any person becomes the beneficial owner of more than 50% of the voting power of our outstanding securities;

our stockholders approve a merger or consolidation of Bottomline, subject to certain limited exceptions; or

our stockholders approve a plan of liquidation or a sale of all or substantially all of our assets.

In the event of a change in control, Mr. Eberle's options and restricted stock will vest in full.

If Mr. Eberle's employment is terminated by Mr. Eberle as a result of an involuntary termination or by us without cause, in either case prior to a potential change in control, or if we do not renew Mr. Eberle's agreement as provided above, then all outstanding options held by Mr. Eberle will become immediately exercisable in full, all shares of his restricted stock will vest in full, and Mr. Eberle will be entitled to receive continuation of benefits for a period of 24 months and a lump sum payment equal to two times the sum of his then annual salary plus two times the maximum amount of bonus Mr. Eberle was eligible to earn for the then current fiscal year. Mr. Eberle will not be entitled to any of the foregoing payments or benefits if he breaches material obligations under his employment agreement or other agreements with Bottomline.

An involuntary termination would occur if Mr. Eberle's duties were changed in a manner such that it resulted in a material diminution in his authority, duties or responsibilities, including his level of budget authority; his base compensation was materially reduced (other than in connection with a company-wide reduction in salaries); he no longer reported directly to the Board of Directors; his place of work was relocated by more than 50 miles; or Bottomline breached a material provision of his employment agreement.

Cause means, prior to a change in control of Bottomline, the discharge of Mr. Eberle resulting from:

a felony conviction;

willful and persistent failure to attend to material duties or obligations;

the breach of confidentiality, non-competition or similar material obligations by Mr. Eberle; or

an act or omission which would constitute a crime involving Bottomline's property.

The second and third items specified above would not constitute cause after a change in control of Bottomline.

If Mr. Eberle's employment is terminated upon or after a potential change in control, or after a change in control, either by Mr. Eberle as a result of an involuntary termination or by us without cause, then all outstanding options held by Mr. Eberle will become immediately exercisable in full, all shares of his restricted stock will vest in full, and Mr. Eberle will be entitled to receive continuation of benefits for a period of 24 months and a lump sum payment equal to three times the sum of Mr. Eberle's then annual salary plus up to three times the maximum amount of any bonus Mr. Eberle was eligible to earn for the then current fiscal year. Mr. Eberle will not be entitled to any of the foregoing payments or benefits if he breaches material obligations under his employment agreement or other agreements with Bottomline.

A potential change in control of Bottomline would occur if:

we enter into an agreement that would cause a change in control;

any person publicly announces an intention to take any action which, if consummated, would constitute a change in control; or

our Board of Directors adopts a resolution to the effect that, for purposes of the employment agreement, a potential change in control has occurred.

The employment agreement also provides that, in the event of a change in control, we would pay any excise tax for which Mr. Eberle would be liable under Section 4999 of the Internal Revenue Code as a result of having received the severance benefits, as well as the amount necessary to pay all additional taxes imposed on Mr. Eberle as a result of our payment of the excise tax.

In addition, following termination of employment by us other than for cause, options and restricted stock held by Mr. Eberle would automatically vest in full and would be exercisable for a period of two years (or the remainder of the option term if less than two years) after the date of termination. In the event of Mr. Eberle's termination for death or disability, he or his estate, as applicable, would be entitled to the vesting acceleration and extended exercise period described above, as well as the maximum bonus he was eligible to earn in the then current fiscal year. If Mr. Eberle resigns by giving 90 days written notice to Bottomline, he will be entitled to receive an extended exercise period for options granted to him prior to July 1, 2005.

Kevin M. Donovan Retention Agreement

We entered into a retention agreement with Mr. Donovan on November 16, 2006, which was amended on December 23, 2008. The retention agreement automatically renews for successive one-year periods on June 30 of each year unless we give Mr. Donovan prior notice of non-renewal.

Under the agreement, if Mr. Donovan's employment is terminated by us without cause or by Mr. Donovan for good reason within 12 months following a change in control, then all options and restricted stock held by Mr. Donovan will vest in full and the options will be exercisable for a period of two years following the termination (or the remainder of the option term if less than two years), other than options with an exercise price less than the closing price of our common stock on November 15, 2001, which will be exercisable for the period set forth in the original option agreement. In addition, Mr. Donovan will be entitled to, among other things, a cash amount equal to his base salary for the 12 months prior to the date of termination, 100% of his annual bonus opportunity for the most recently completed fiscal year, a prorated portion of the annual bonus paid or payable to Mr. Donovan for the most recently completed fiscal year through the date of termination and the continuation of benefits for a period of 12 months after the date of termination. In the event of Mr. Donovan's termination for death or disability within 12 months following a change in control, he or his estate, as applicable, would be entitled to the benefits described in the preceding sentence, other than the cash amount equal to his base salary for the preceding 12 months. Mr. Donovan will not be entitled to any of the foregoing payments or benefits if he breaches material obligations under any agreement with Bottomline that imposes confidentiality, proprietary information, assignment of inventions, non-competition or similar obligations on him.

For purposes of Mr. Donovan's retention agreement, a change in control of Bottomline would occur under the same circumstances as noted above for Mr. Eberle. For purposes of Mr. Donovan's retention agreement, cause means a discharge resulting from a felony conviction or an act or omission which would constitute a crime involving Bottomline's property, and good reason means a material diminution in Mr. Donovan's authority, duties or responsibilities (including budgetary authority), a material reduction in his base compensation, a relocation of his work location by more than 50 miles, or a breach by Bottomline of a material provision of the retention agreement.

Nigel K. Savory Service Agreement

We are party to a service agreement with Mr. Savory dated as of November 22, 1999, which we assumed in connection with our acquisition of Checkpoint Holdings, Ltd., which is now our wholly owned subsidiary, Bottomline Technologies Limited (Bottomline Europe). This service agreement was amended on February 18, 2011 in order to provide for equity acceleration and six months' additional severance benefits in the event we terminate Mr. Savory's employment without cause, or if he resigns for good reason within 12 months after a change in control, as further described below. The compensation committee approved these changes upon the recommendation of Mr. Eberle in consideration of Mr. Savory's significant contributions and growing responsibility.

Mr. Savory's service agreement, as amended, remains in effect, absent our termination of Mr. Savory for cause or due to incapacity, until terminated by at least six months' written notice by us or by at least 12 months' written notice by Mr. Savory. We also have the right to terminate the agreement on less than six months' written notice, but in lieu of notice, we are required to pay Mr. Savory his salary and other contractual benefits under the service agreement for the duration of the period for which notice was not given. In addition, if in connection with our termination of his employment Mr. Savory executes a satisfactory compromise agreement with us, he will be entitled to a severance payment equivalent to six months' base salary and car allowance plus a sum equivalent to six months' bonus entitlement calculated on a pro rata basis according to the level of bonuses actually paid to him over the preceding period of 12 months. If we terminate the service agreement for cause or due to Mr. Savory's incapacity, we are not required to pay Mr. Savory any compensation other than accrued compensation, although Mr. Savory will be entitled to the equity acceleration described below in the event of his termination due to incapacity.

For purposes of Mr. Savory's service agreement (other than the provisions relating to equity acceleration discussed below) cause means the discharge of Mr. Savory resulting from, among other things:

material breach of the terms of the agreement;

serious misconduct or willful neglect in the discharge of his duties under the agreement;

conviction of a criminal offense which in our reasonable opinion materially or adversely affects Mr. Savory's ability to continue as an employee or officer of the company;

acts of fraud or material dishonesty; or

deliberate discrimination or harassment on grounds on race, religion, creed, sex or disability.

If we terminate Mr. Savory's employment without cause prior to a change in control, each outstanding option held by Mr. Savory will become immediately exercisable in full, all shares of his restricted stock will vest in full, and Mr. Savory will have two years (or the remainder of the option term if less than two years) following the date of his termination to exercise any stock options. If a change in control occurs during the term of the service agreement and Mr. Savory's employment is terminated by us other than for cause, or by Mr. Savory for good reason, within 12 months following the change in control date, each outstanding option held by Mr. Savory will become immediately exercisable in full, all shares of his restricted stock will vest in full, and Mr. Savory will have two years (or the remainder of the option term if less than two years) following the date of termination to exercise any stock options.

For purposes of the equity acceleration provisions of Mr. Savory's service agreement, the terms "cause" and "change in control" have substantially the same meaning as in Mr. Eberle's employment agreement, and "good reason" has the following meaning:

a significant change in Mr. Savory's duties;

a reduction in his base compensation;

a relocation of his place of work by more than 50 miles; or

a breach by Bottomline of any material provision of the service agreement.

Pursuant to the service agreement, Mr. Savory has agreed not to compete with Bottomline for a period of 12 months after the termination of his employment in any business within the United Kingdom which is competitive with our business and with which Mr. Savory had been involved during the 12 months immediately preceding termination. In addition, Mr. Savory has agreed that during this 12-month period, he will not solicit our customers, potential customers or employees with whom he had dealings during the 12 months immediately preceding termination.

The table below shows estimates of the benefits potentially payable to each of our named executive officers if his employment terminated under certain circumstances or as a result of a change in control event. The amounts below are calculated on the assumption that the employment termination or change in control took place on June 30, 2011.

Compensation Committee Interlocks and Insider Participation

During fiscal 2011, the members of the compensation committee of our Board of Directors were Messrs. Barry, Curran and Zilinski. During fiscal 2011, no executive officer of Bottomline served as a director or member of the compensation committee (or other committee serving an equivalent function) of any other entity whose executive officer served as a director or member of our compensation committee. None of the members of the compensation committee is a current or former officer or employee of Bottomline.

Certain Relationships and Related Transactions

During 2011, D. Michael McGurl (son of Daniel M. McGurl) and Jason Mullen (son of Joseph L. Mullen) were employed by the company. Joseph L. Mullen and Daniel M. McGurl are members of our Board of Directors. The compensation packages for D. Michael McGurl and Jason Mullen are comparable to the compensation of Bottomline employees holding similar positions, and both are entitled to participate in other employment benefits that are standard for all of Bottomline's employees. The total compensation earned during 2011, including base salary, commissions, bonus and equity compensation did not exceed \$200,000 for either of these individuals.

Policies and Procedures for Related Person Transactions

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which Bottomline is a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, the related person must report the proposed transaction to our chief financial officer. The policy calls for the proposed transaction to be reviewed and, if deemed appropriate, approved by the audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the audit committee will review, and, in its discretion, may ratify the related person transaction. The

policy also permits the chairman of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that may arise between audit committee meetings, subject to ratification by the full audit committee at its next meeting. Any related person transactions that are ongoing in nature are reviewed annually by the audit committee.

A related person transaction reviewed under our policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person's interest in the transaction. The audit committee will review and consider such information regarding the transaction as it deems appropriate under the circumstances.

The audit committee may approve or ratify the transaction only if it determines that, under all of the circumstances, it is in Bottomline's best interests. The audit committee may impose any conditions on the transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the Board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (c) the amount involved in the transaction equals less than the greater of \$200,000 or 25% of the annual consolidated gross revenues of the other entity that is a party to the transaction; and

a transaction that is specifically contemplated by provisions of Bottomline's charter or bylaws.

The policy also provides that transactions involving compensation of executive officers shall be reviewed and approved by the compensation committee in the manner specified in its charter.

Our employment of a son of each of Messrs. McGurl and Mullen, which is described above in *Certain Relationships and Related Transactions*, has been fully disclosed to our audit committee as part of our annual update with respect to related person transactions.

Corporate Governance

Our Board of Directors believes that good corporate governance is important to ensure that Bottomline is managed for the long-term benefit of its stockholders. This section describes key corporate governance practices that we have adopted. Complete copies of the committee charters and code of conduct described below are available on our website at www.bottomline.com. Alternatively, you can request a copy of any of these documents by writing to Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801, Attention: Corporate Secretary.

Board Leadership Structure

We have separated the roles of chief executive officer and chairman of our Board of Directors, in recognition of the differences between these two positions. Our chief executive officer is responsible for setting the strategic direction of our business and overseeing the day to day operation of the company. The chairman of the Board provides guidance to our chief executive officer, sets the agenda for Board meetings and presides over meetings of the Board as the Board fulfills its fundamental role of providing advice to, and oversight of, management.

Risk Oversight

We, like all businesses, face a number of risks that include economic risks, operational risks and legal risks. Our management team is responsible for the day to day risks we face, while our Board of Directors as a whole has responsibility for the oversight of risk management.

The Board believes that open communications between management and the Board of Directors are essential for effective risk management and oversight. Our chairman meets regularly with our chief executive officer to discuss strategy and the risks facing our company. The Board periodically holds strategic planning sessions with senior management to discuss strategies, challenges, risks and opportunities of the company.

While our full Board is ultimately responsible for risk oversight, our three Board committees assist the Board in fulfilling its responsibilities in certain areas of risk, as follows:

Our audit committee provides the principal oversight in respect of financial reporting and internal financial controls.

Our compensation committee provides the principal oversight in respect of our executive compensation policies and programs.

Our nominations and corporate governance committee provides the principal oversight in respect of our Board organization, membership and structure, succession planning for our directors and chief executive officer and corporate governance. Our Board is regularly informed, by the respective committee chairmen, of any particular risks evaluated at the committee level.

Compensation Risk

We believe that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on our company, as we believe we have allocated compensation among base salary and short- and long-term compensation opportunities in a manner that does not encourage excessive risk taking. We have reached this conclusion based on the following factors:

Base salaries, including those of our executive officers, are fixed and based on the respective responsibility of the individual. Base salaries are designed to provide a steady income, regardless of our stock price performance, so that our employees and executives do not feel pressured to focus exclusively on stock price performance to the detriment of other important business metrics.

Short-term compensation opportunities, which are predominantly cash bonuses, including cash bonuses to our senior management team and executive officers, are generally based on company-wide objectives rather than on the objectives of a specific operating geography or operating segment. We believe this encourages decision making that is in the best interest of our company and stockholders as a whole. Further, we believe that considering the operating performance of the company as a whole is a balanced approach for assessing performance. For example, using company-wide metrics encourages decision making that considers more than just revenue targets, thus ensuring that our focus is not purely on sales levels without regard to cost structure.

Long-term compensation opportunities, which are predominantly equity-based awards such as restricted stock, generally vest over four years. We believe that this encourages our employees, including our executive officers and senior management team, to make decisions that are in the best long-term interests of our company as a whole since the ultimate value of these awards is realized through a sustained stock price and stock price appreciation over the long-term.

Board Determination of Independence

Under applicable NASDAQ Stock Market rules, a director of Bottomline will only qualify as an independent director if, in the opinion of our Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has determined that none of Messrs. Barry, Curran, Leathe, Loomis, McGurl, Staglin or Zilinski has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 5605(a)(2) of The NASDAQ Stock Market rules.

Meetings

Our Board of Directors held 5 meetings, including by telephone conference, during fiscal 2011. The compensation committee of our Board of Directors held 4 meetings, including by telephone conference, during fiscal 2011. The audit committee of our Board of Directors held 12 meetings, including by telephone conference, during fiscal 2011. The nominations and corporate governance committee of our Board of Directors met as part of our regularly scheduled quarterly Board meetings. All of our directors attended at least 75% of the meetings of our Board of Directors and the committees on which they served, if any, during the period that they served on our Board of Directors or any such committees. We do not have a policy with respect to director attendance at annual meeting of stockholders. Mr. Eberle and Mr. Mullen attended our 2010 annual meeting of stockholders.

Board Committees

Our Board of Directors has established three standing committees—audit, compensation, and nominations and corporate governance—each of which operates under a charter that has been approved by our Board. Current copies of each committee's charter are posted on the Corporate Governance section of our website, www.bottomline.com.

Our Board of Directors has determined that all of the members of each of the Board's three standing committees are independent as defined under the rules of The NASDAQ Stock Market, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Audit Committee

The audit committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of our registered public accounting firm;

overseeing the work of our registered public accounting firm, including through the receipt and consideration of certain reports from the registered public accounting firm;

reviewing and discussing with management and our registered public accounting firm our annual and quarterly financial statements and related disclosures;

monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

establishing procedures for the receipt and retention of accounting related complaints and concerns;

meeting independently with our registered public accounting firm and management; and

preparing the audit committee report required by SEC rules which is included in this proxy statement.

Our Board of Directors has determined that Mr. Leathe is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K.

Compensation Committee

The compensation committee's responsibilities include:

annually reviewing and approving corporate goals and objectives relevant to CEO compensation;

determining the CEO's compensation;

reviewing and approving, or making recommendations to the Board with respect to, the compensation of our other executive officers;

making recommendations to the Board with respect to incentive compensation and equity-based plans;

overseeing and administering our incentive compensation and equity-based plans; and

reviewing and making recommendations to the Board with respect to director compensation.

The compensation committee has delegated to Mr. Mullen and Mr. Eberle the authority to make grants of restricted stock from the authorized pool under our 2009 Stock Incentive Plan and delegated to Mr. Eberle and Mr. Donovan the authority to make stock option grants from the authorized pool under our 2009 Stock Incentive Plan other than, in each case, awards to executive officers, which must be made by the compensation committee. The compensation committee also retains the authority to make additional equity awards in its discretion.

The compensation committee also has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation, but to date has not done so.

Nominations and Corporate Governance Committee

The nominations and corporate governance committee's responsibilities include:

identifying individuals qualified to become Board members;

recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees;

developing and recommending to the Board corporate governance principles; and

overseeing the evaluation of the Board.

Director Candidates and Board Diversity

The process followed by the nominations and corporate governance committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the nominations and corporate governance committee will apply the criteria included in the committee's charter. These general criteria include that

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form DEF 14A

all nominees should have a reputation for integrity, honesty and adherence to high ethical standards. Criteria also include the nominee's demonstrated business acumen, experience, commitment to our business and industry, and the ability to act in the best interests of all stockholders; including being willing and able to contribute positively to the decision making process. Nominees should not have, or appear to have, any conflicts of interest that would impair their ability to represent the interests of our stockholders. Ultimately, the nominations and corporate governance committee seeks nominees with a broad range of experience, professions, skills and backgrounds. The committee does not assign specific weights to any particular criteria and no particular criterion is necessarily applicable to all prospective nominees. While the committee does not have a formal policy in respect of diversity, the committee considers the value of diversity in respect of the Board's overall composition.

Stockholders may recommend individuals to the nominations and corporate governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to nominations and corporate governance committee, c/o Corporate Secretary, Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the committee or the Board, by following the procedures set forth under Stockholder Proposals for 2012 Annual Meeting.

Communicating with the Directors

The Board will give appropriate attention to written communications that are submitted by stockholders and will respond if and as appropriate. The chairman of the Board is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the Board considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to our Board of Directors c/o Corporate Secretary, Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code on our website, which is located at www.bottomline.com. Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on our review of copies of reports filed by reporting persons pursuant to Section 16(a) of the Exchange Act, or written representations from reporting persons that no Form 5 filing was required for such persons, we believe that, except for one Form 4 for Mr. Mullen which was not timely filed with respect to one transaction, all filings required to be made by our reporting persons were timely made in accordance with the requirements of the Exchange Act.

Report of the Audit Committee of the Board of Directors

The audit committee oversees Bottomline's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the preparation of Bottomline's financial statements, for maintaining effective internal control over financial reporting, for assessing the effectiveness of internal control

over financial reporting, and for maintaining an appropriate reporting process, including adequate systems of internal controls. In fulfilling its oversight responsibilities, the committee reviewed and discussed Bottomline's audited financial statements and schedule for the fiscal year ended June 30, 2011 with management, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures contained in the financial statements.

The committee reviewed with Bottomline's independent registered public accounting firm, Ernst & Young LLP, which is responsible for expressing an opinion as to the conformity of Bottomline's audited financial statements and schedule with generally accepted accounting principles, the judgments of Ernst & Young, LLP as to the quality, not just the acceptability, of Bottomline's accounting principles and discussed such other matters as are required to be discussed with Ernst & Young LLP under generally accepted auditing standards, including Statement on Auditing Standards No. 61, as amended, other standards of the Public Company Accounting Oversight Board, rules of the SEC, and other applicable regulations. In addition, the committee has received the written disclosures and the letter from Ernst & Young LLP required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and has discussed with Ernst & Young LLP its independence from management and Bottomline, including the compatibility of non-audit services with its independence.

The committee also reviewed management's report on its assessment of the effectiveness of Bottomline's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of Bottomline's internal control over financial reporting.

The committee discussed with Ernst & Young LLP the overall scope and plans for its audits. The committee meets with Ernst & Young LLP, with and without management present, to discuss the results of its examinations, its evaluations of Bottomline's internal control over financial reporting, and the overall quality of Bottomline's financial reporting. The committee held 12 meetings, including by telephone conference, during fiscal year 2011.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors that the audited financial statements and schedule be included in Bottomline's annual report on Form 10-K for the fiscal year ended June 30, 2011 for filing with the SEC. The committee and the Board of Directors have also recommended, subject to stockholder ratification, the selection of Ernst & Young LLP as Bottomline's registered independent public accounting firm for the fiscal year ending June 30, 2012.

Pre-Approval Policies and Procedures

The audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our registered public accounting firm. This policy generally provides that we will not engage our registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the audit committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided to us by our registered public accounting firm. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

PROPOSAL II APPROVAL OF AMENDMENT TO 2009 STOCK INCENTIVE PLAN

On May 19, 2011, our Board of Directors adopted, subject to stockholder approval, an amendment to our 2009 Stock Incentive Plan (the 2009 Plan) to increase the number of shares of our common stock authorized for issuance under the 2009 Plan by 2,800,000 shares. We are asking our stockholders to approve this amendment at our 2011 annual meeting of stockholders.

We believe that our success to date is due in large part to our highly talented employee base, and that our future success depends on our ability to attract and retain qualified employees. The market for qualified personnel in our industry is highly competitive. The ability to grant equity awards is critical to our ability to attract and retain the top talent that we need to sustain our growth.

If our stockholders do not approve the proposed amendment to the 2009 Plan, our ability to attract and retain the qualified employees we need to grow our business will be impaired. Accordingly, the Board of Directors believes the proposed amendment of the 2009 Plan is in the best interests of the company and its stockholders and recommends a vote FOR the amendment.

Description of the 2009 Plan, as Proposed to be Amended

If our stockholders approve the amendment to the 2009 Plan, the 2009 Plan will remain unchanged in all respects other than the increase to the number of shares of our common stock authorized for issuance under the 2009 Plan by 2,800,000 shares. Below is a brief summary of the 2009 Plan, as proposed to be amended. The full text of the 2009 Plan, including the proposed amendment, is attached as Appendix A to this Proxy statement.

Shares Issuable

After giving effect to the proposed amendment, up to 5,550,000 shares of common stock (subject to adjustment in the event of stock splits and other similar events) will be authorized for issuance pursuant to awards granted under the 2009 Plan, plus such additional number of shares of common stock as is equal to the number of shares of common stock subject to awards granted under the company's 1998 Director Stock Option Plan, the company's 2000 Stock Incentive Plan and the company's 1997 Stock Incentive Plan (Amended & Restated), which awards expire, terminate or are otherwise surrendered, canceled, forfeited or repurchased by the company at their original issuance price pursuant to a contractual repurchase right (subject, however, in the case of incentive stock options, to any limitations of the Internal Revenue Code of 1986, as amended (the Code)).

Types of Awards

The 2009 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Code, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units and other stock-based awards as described below (collectively, Awards).

Incentive Stock Options and Non-statutory Stock Options. Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options may not be granted at an exercise price less than 100% of the fair market value of the common stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the voting power of the company). Options may not be granted for a term in excess of ten years. The 2009 Plan permits the following forms of payment of the exercise price of options: (i) payment by cash, check or in connection with a cashless exercise through a broker, (ii) subject to certain conditions, surrender to the company of shares of common stock, (iii) subject to certain conditions, in the case of non-statutory stock options, by delivery of a notice of net exercise to the company, (iv) subject to certain conditions, delivery to the company of a promissory note, (v) any other lawful means, or (vi) any combination of these forms of payment. Options may not contain provisions entitling recipients to the automatic grant of additional options in connection with any

exercise of the original option. No more than 10,000,000 shares of common stock may be issued in the form of incentive stock options under the plan.

Stock Appreciation Rights. A stock appreciation right, or SAR, is an award entitling the holder, upon exercise, to receive an amount in common stock or cash or a combination thereof determined by reference to appreciation, from and after the date of grant, in the fair market value of a share of common stock. SARs may be granted independently or in tandem with an Option.

Restricted Stock Awards. Restricted stock awards entitle recipients to acquire shares of common stock, subject to the right of the company to repurchase all or part of such shares from the recipient in the event that the conditions specified in the applicable Award are not satisfied prior to the end of the applicable restriction period established for such Award.

Restricted Stock Unit Awards. Restricted stock unit awards entitle the recipient to receive shares of common stock to be delivered at the time such shares vest pursuant to the terms and conditions established by the Board of Directors.

Other Stock- and Cash-Based Awards. Under the 2009 Plan, the Board of Directors has the right to grant other Awards based upon the common stock having such terms and conditions as the Board of Directors may determine, including the grant of shares based upon certain conditions, the grant of Awards that are valued in whole or in part by reference to, or otherwise based on, shares of common stock, and the grant of Awards entitling recipients to receive shares of common stock to be delivered in the future. The company may also grant other awards denominated in cash rather than shares of common stock.

Transferability of Awards

Except as the Board of Directors may otherwise determine or provide in an Award, Awards may not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an incentive stock option, pursuant to a qualified domestic relations order. During the life of the participant, Awards are exercisable only by the participant.

Eligibility to Receive Awards

Employees, officers, directors, consultants and advisors of the company and its subsidiaries are eligible to be granted Awards under the 2009 Plan. Except where the context otherwise requires, company includes any of the company's present or future parent or subsidiary corporations as defined under Sections 424(e) and (f) of the Code and any other business ventures (including, without limitation, joint venture or limited liability companies in which the company has a controlling interest, as determined by the Board of Directors). Under present law, however, incentive stock options may only be granted to employees of the company and its parent or subsidiaries.

The maximum number of shares with respect to which Awards may be granted to any participant under the 2009 Plan may not exceed 1,000,000 shares per calendar year. For purposes of this limit, the combination of an option in tandem with SAR is treated as a single award.

Plan Benefits

As of June 30, 2011, approximately 880 employees, including the members of our board of directors, were eligible to receive Awards under the 2009 Plan. The granting of Awards under the 2009 Plan is discretionary, and the company cannot now determine the number or type of Awards to be granted in the future to any particular

person or group. The table below summarizes awards that have been granted from July 1, 2010 to June 30, 2011 under the 2009 Plan to our executive officers, our non-employee directors and our non-executive employees.

Name and Position	Number of Shares of Restricted Stock	Grant Date Fair Value (2)
Robert A. Eberle <i>President and Chief Executive Officer</i>	100,000	\$ 1,310,000
Kevin M. Donovan <i>Chief Financial Officer and Treasurer</i>	24,000	\$ 314,400
Nigel K. Savory <i>Managing Director, Europe</i>	33,000	\$ 432,300
All Executive Officers (3 persons)	157,000	\$ 2,056,700
All Non-Employee Directors (8 persons)	24,000	\$ 457,680
All Non-Executive Employees (1)	577,070	\$ 12,942,325

(1) Includes shares that were subsequently forfeited due to employee departures.

(2) The amounts reported in this column are computed based on the closing price of our Common Stock on the date the awards were granted. On August 31, 2011, the last reported sale price of our Common Stock on the NASDAQ Global Select Market was \$22.97.

Administration

The 2009 Plan is administered by the Board of Directors. The Board of Directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2009 Plan and to interpret the provisions of the 2009 Plan. Pursuant to the terms of the 2009 Plan, the Board of Directors may delegate authority under the 2009 Plan to one or more committees or subcommittees of the Board of Directors.

Subject to any applicable limitations contained in the 2009 Plan, the Board of Directors, the compensation committee, or any other committee to whom the Board of Directors delegates authority, as the case may be, selects the recipients of Awards and determines (i) the number of shares of common stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options (which may not be less than 100% of fair market value of the common stock), (iii) the duration of options (which may not exceed 10 years), and (iv) the number of shares of common stock subject to any SAR, restricted stock award, restricted stock unit award or other stock- or cash-based Awards and the terms and conditions of such Awards, including conditions for repurchase, issue price and repurchase price.

To the extent permitted by applicable law and under the 2009 Plan, the Board of Directors may delegate to one or more officers of the company the power to grant Awards to employees or officers of the company and to exercise such other powers under the 2009 Plan as the Board of Directors may determine. The Board of Directors will fix the terms of the Awards to be granted to such officers (including the exercise price of the Awards, which may include a formula by which the exercise price will be determined) and the maximum number of shares subject to such Awards that the officers may grant. No officer will be authorized to grant awards to any executive officer or officer of the company, as such terms are defined under the Exchange Act.

Discretionary Awards to non-employee directors will only be granted and administered by a committee, all of the members of which are independent directors as defined by Section 5605(a)(2) of the NASDAQ Stock Market rules.

Adjustments and Reorganization Events

The Board of Directors is required to make appropriate adjustments in connection with the 2009 Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar

changes in capitalization. The 2009 Plan also contains provisions addressing the consequences of any Reorganization Event, which is defined as (i) any merger or consolidation of the company with or into another entity as a result of which all of the common stock of the company is converted into or exchanged for the right to receive cash, securities or other property, or is cancelled or (b) any exchange of all of the common stock of the company for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of the company. In connection with a Reorganization Event, the Board of Directors may take any one or more of the following actions as to all or any outstanding Awards on such terms as the Board of Directors determines: (i) provide that Awards will be assumed, or substantially equivalent Awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice, provide that all unexercised Options or other unexercised Awards will become exercisable in full and will terminate immediately prior to the consummation of such Reorganization Event unless exercised within a specified period following the date of such notice, (iii) provide that outstanding Awards will become realizable or deliverable, or restrictions applicable to an Award will lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of common stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the Acquisition Price), make or provide for a cash payment to an Award holder equal to (A) the Acquisition Price times the number of shares of common stock subject to the holder's Awards (to the extent the exercise price does not exceed the Acquisition Price) minus (B) the aggregate exercise price of all the holder's outstanding Awards, in exchange for the termination of such Awards, (v) provide that, in connection with a liquidation or dissolution of the company, Awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof) and (vi) any combination of the foregoing.

The 2009 Plan also contains provisions addressing the consequences of a Change in Control Event (as defined in the 2009 Plan). In connection with a Change in Control Event, except as provided to the contrary in an instrument evidencing an option or any other agreement between a participant and the company, the vesting schedule of each option will be accelerated in part so that the number of shares that would have otherwise become vested on any date within one year after the date of the Change in Control Event will immediately become vested. Subject to the following sentence, the remaining shares will continue to become vested in each case one year in advance of the original vesting schedule set forth for such option. Additionally, each option will be immediately exercisable in full if, on or prior to the second anniversary of the date of the consummation of the Change in Control Event, the participant's employment with the company or the acquiring or succeeding corporation is terminated for Good Reason (as defined in the 2009 Plan) by the participant or is terminated without Cause (as defined in the 2009 Plan) by the company or the acquiring or succeeding corporation. In addition, in connection with a Change in Control Event, except as provided to the contrary in an instrument evidencing a restricted stock award or any other agreement between a participant and the company, the vesting schedule of each restricted stock award will be accelerated in part so that the number of shares that would have otherwise become free from conditions or restrictions on any date within one year after the date of the Change in Control Event will immediately become free from conditions or restrictions. Subject to the following sentence, the remaining shares will continue to become free from conditions or restrictions in each case one year in advance of the original schedule set forth for such restricted stock award. Additionally, each restricted stock award will immediately become free from all conditions or restrictions if, on or prior to the second anniversary of the date of the consummation of the Change in Control Event, the participant's employment with the company or the acquiring or succeeding corporation is terminated for Good Reason by the participant or is terminated without Cause by the company or the acquiring or succeeding corporation.

The Board of Directors may at any time provide that any Award will become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

If any Award expires or is terminated, surrendered, cancelled or forfeited, the unused shares of common stock covered by such Award will again be available for grant under the 2009 Plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

Fungible Share Pool

Subject to adjustment in the event of stock splits and other similar events, any Award that is not a full-value award (as defined below) will be counted against the 2009 Plan share limits as one share for each share of common stock subject to such Award and any Award that is a full-value award will be counted against the 2009 Plan share as 1.28 shares for each one share of common stock subject to such full-value award.

Full-value award means any restricted stock award or other stock-based award with a per share price or per unit purchase price lower than 100% of fair market value on the date of grant. To the extent a share that was subject to an Award that counted as one share is returned to the 2009 Plan, each applicable share reserve will be credited with one share. To the extent that a share that was subject to an Award that counts as 1.28 shares is returned to the 2009 Plan, each applicable share reserve will be credited with 1.28 shares.

Substitute Awards

In connection with a merger or consolidation of an entity with the company or the acquisition by the company of property or stock of an entity, the Board of Directors may grant Awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards may be granted on such terms, as the Board of Directors deems appropriate in the circumstances, notwithstanding any limitations on Awards contained in the 2009 Plan. Substitute Awards will not count against the 2009 Plan's overall share limit, except as may be required by the Code.

Limitation on Repricing

Except in connection with a corporate transaction involving the company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not, without stockholder approval, be amended to reduce the exercise price of outstanding options or SARs or cancel outstanding options or SARs in exchange for cash, other Awards or options or SARs with an exercise price that is less than the exercise price of the original options or SARs.

Provisions for Foreign Participants

The Board of Directors may modify Awards granted to participants who are foreign nationals or employed outside the United States or establish subplans or procedures under the 2009 Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

Amendment or Termination

No Award may be made under the 2009 Plan after November 19, 2019 but Awards previously granted may extend beyond that date. The Board of Directors may at any time amend, suspend or terminate the 2009 Plan; provided that no amendment requiring stockholder approval under any applicable legal, regulatory or listing requirement will become effective until such stockholder approval is obtained. No Award will be made that is conditioned upon stockholder approval of any amendment to the 2009 Plan.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to Awards granted under the 2009 Plan. This summary is based on the federal tax laws in effect as of the date of this proxy statement. In addition, this summary assumes that all Awards are exempt from, or comply

with, the rules under Section 409A of the Code regarding nonqualified deferred compensation. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by the company or its corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under Non-statutory Stock Options. The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Non-statutory Stock Options

A participant will not have income upon the grant of a non-statutory stock option. A participant will have compensation income upon the exercise of a non-statutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Stock Appreciation Rights

A participant will not have income upon the grant of a stock appreciation right. A participant generally will recognize compensation income upon the exercise of an SAR equal to the amount of the cash and the fair market value of any stock received. Upon the sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the SAR was exercised. This capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Restricted Stock Awards

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make an 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Restricted Stock Units

A participant will not have income upon the grant of a restricted stock unit. A participant is not permitted to make a Section 83(b) election with respect to a restricted stock unit award. When the restricted stock unit vests, the participant will have income on the vesting date in an amount equal to the fair market value of the stock on the vesting date less the purchase price, if any. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Other Stock-Based Awards

The tax consequences associated with any other stock-based Award granted under the 2009 Plan will vary depending on the specific terms of such Award. Among the relevant factors are whether or not the Award has a readily ascertainable fair market value, whether or not the Award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the Award and the participant's holding period and tax basis for the Award or underlying common stock.

Tax Consequences to the Company

There will be no tax consequences to the company except that the company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

The Board recommends a vote FOR Proposal II.

PROPOSAL III ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act (which were added by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010) and related rules of the SEC, we are including a separate proposal subject to stockholder vote to approve, on a non-binding, advisory basis, the compensation of those of our executive officers listed in the Summary Compensation Table appearing elsewhere in this proxy statement, or our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

Our executive compensation program is designed to attract, retain and motivate the best possible executive talent and to align our executives incentives with our business objectives and the creation of stockholder value, and we believe it has successfully achieved these goals. Key features of our executive compensation program include:

use of restricted stock as a significant portion of our executives' compensation, which rewards executives for sustained appreciation in our stock price while minimizing dilution to our stockholders;

an annual cash bonus program that is linked to corporate performance, including the achievement of financial, strategic and operational objectives;

executive salaries and cash bonuses that are competitive with similarly situated executive officers based on a peer group analysis that is updated annually; and

limited use of executive-only perquisites (none of our executive officers receive payment for supplemental retirement plans, retirement benefits or deferred compensation arrangements (other than our 401(k) plan), country club dues, estate or tax planning or split dollar life insurance policies).

We urge you to read the Compensation Discussion and Analysis and compensation tables and narrative discussion in this proxy statement for additional details on our executive compensation program.

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the compensation committee will evaluate whether any actions are necessary to address the concerns of stockholders.

Based on the above, we request that you indicate your support for our executive compensation philosophy and practices by voting to approve, on a non-binding, advisory basis, the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the proxy statement for the 2011 Annual Meeting of Stockholders, is hereby APPROVED.

As an advisory vote, the vote on this Proposal III is not binding upon the company and serves only as a recommendation to our Board. Nonetheless, the Board and compensation committee value the opinions expressed by stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

The Board recommends a vote FOR Proposal III.

PROPOSAL IV ADVISORY VOTE ON THE FREQUENCY OF FUTURE EXECUTIVE COMPENSATION ADVISORY VOTES

In accordance with the requirements of Section 14A of the Exchange Act (which were added by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010) and related rules of the SEC, we are including a separate proposal subject to stockholder vote to recommend, on a non-binding, advisory basis, whether the non-binding, advisory stockholder vote to approve the compensation of our named executive officers (that is, a vote similar to the non-binding, advisory vote in Proposal III above) should occur every one, two or three years. Stockholders may vote for a frequency of every one, two, or three years, or may abstain.

After consideration, the Board of Directors believes that an executive compensation advisory vote should be held every year, and therefore our Board of Directors recommends that you vote for a frequency of every ONE YEAR for future executive compensation advisory votes.

The Board of Directors believes that an annual executive compensation advisory vote will facilitate more frequent and direct stockholder input about executive compensation. An annual executive compensation advisory vote is consistent with our policy of reviewing our compensation program annually, and we believe an annual vote is the best governance practice for our company at this time.

Our Board and compensation committee will take into consideration the outcome of the vote on Proposal IV in making a determination about the frequency of future executive compensation advisory votes. However, because this vote is advisory and non-binding, the Board may decide that it is in the best interests of our stockholders and the company to hold the advisory vote to approve executive compensation more or less frequently than the alternative preferred by our stockholders. Our Board has not yet determined the frequency with which we will hold the required advisory vote, or when the next such advisory vote will occur.

The Board recommends a vote for ONE YEAR on Proposal IV.

PROPOSAL V RATIFICATION OF THE SELECTION OF REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our Board of Directors has selected Ernst & Young LLP as our registered public accounting firm for the current fiscal year, subject to ratification by our stockholders at the annual meeting. If our stockholders do not ratify the selection of Ernst & Young LLP, our audit committee will reconsider the matter. A representative of Ernst & Young LLP, which served as our registered public accounting firm for fiscal 2011, is expected to be present at the annual meeting to respond to appropriate questions and to make a statement if he or she so desires. Even if the selection of Ernst & Young LLP is ratified, our audit committee may, in its discretion, select a different registered public accounting firm at any time during the year if our audit committee determines that such a change would be in the best interest of Bottomline and its stockholders.

The Board recommends a vote FOR Proposal V.

Our amended and restated bylaws, as amended, require that we be given advance written notice of stockholder nominations regarding election to our Board of Directors and certain other matters which stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy discussed above). We must receive this notice at least 60 days, but not more than 90 days, prior to the date of the 2012 annual meeting, which is expected to be November 15, 2012. OTHER MATTERS

Our Board of Directors knows of no other business that will be presented for consideration at the annual meeting other than that described above. Under our bylaws, the deadline for stockholders to notify us of any proposals or director nominations to be presented at the annual meeting has passed. However, if any other business should come before the annual meeting, it is the intention of the persons named in the enclosed proxy to vote, or otherwise act, in accordance with their best judgment on such matters.

We will bear the costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and regular employees may, without additional remuneration, solicit proxies by telephone, telegraph, facsimile and personal interviews. We will also request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy material to those persons for whom they hold shares and request instructions for voting the proxies. We will reimburse brokerage houses and other persons for their reasonable expenses in connection with this distribution. In addition, we have retained Georgeson, Inc. to act as a proxy solicitor in conjunction with the annual meeting, and have agreed to pay that firm \$8,500, plus reasonable expenses, for proxy solicitation services.

We encourage you to attend the annual meeting in person. However, in order to make sure that you are represented at the annual meeting, if you are a stockholder of record we urge you to complete, sign and return

BOTTOMLINE TECHNOLOGIES (de), INC.

2009 STOCK INCENTIVE PLAN

1. Purpose

The purpose of this 2009 Stock Incentive Plan (the *Plan*) of Bottomline Technologies (de), Inc., a Delaware corporation (*Bottomline* or the *Company*), is to advance the interests of the Company's stockholders by enhancing the Company's ability to attract, retain and motivate persons who are expected to make important contributions to the Company and by providing such persons with equity ownership opportunities that are intended to better align the interests of such persons with those of the Company's stockholders. Except where the context otherwise requires, the term *Company* shall include any of the Company's present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations thereunder (the *Code*) and any other business venture (including, without limitation, joint venture or limited liability company) in which the Company has a controlling interest, as determined by the Board of Directors of the Company (the *Board*).

2. Eligibility

All of the Company's employees, officers, and directors are eligible to be granted options, stock appreciation rights (*SARs*), restricted stock, restricted stock units and other stock- and cash-based awards (each, an *Award*) under the Plan. Consultants and advisors to the Company (as such terms are defined and interpreted for purposes of Form S-8 (or any successor form)) are also eligible to be granted Awards. Each person who is granted an Award under the Plan is deemed a *Participant*.

3. Administration and Delegation

(a) Administration by Board of Directors. The Plan will be administered by the Board. The Board shall have authority to grant Awards and to adopt, amend and repeal such administrative rules, guidelines and practices relating to the Plan as it shall deem advisable. The Board may construe and interpret the terms of the Plan and any Award agreements entered into under the Plan. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board's sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award.

(b) Appointment of Committees. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a *Committee*). All references in the Plan to the *Board* shall mean the Board or a Committee of the Board or the officers referred to in Section 3(c) to the extent that the Board's powers or authority under the Plan have been delegated to such Committee or officers.

(c) Delegation to Officers. To the extent permitted by applicable law, the Board may delegate to one or more officers of the Company the power to grant Options and other Awards that constitute rights under Delaware law (subject to any limitations under the Plan) to employees or officers of the Company or any of its present or future subsidiary corporations and to exercise such other powers under the Plan as the Board may determine, provided that the Board shall fix the terms of the Awards to be granted by such officers (including the exercise price of the Awards, which may include a formula by which the exercise price will be determined) and the maximum number of shares subject to such Awards that the officers may grant; provided further, however, that no officer shall be authorized to grant Awards to any executive officer of the Company (as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended (the *Exchange Act*)) or to any officer of the Company (as defined by Rule 16a-1 under the Exchange Act). The Board may not delegate authority under this Section 3(c) to grant restricted stock, unless Delaware law then permits such delegation.

(d) Awards to Non-Employee Directors. Discretionary Awards to non-employee directors will only be granted and administered by a Committee, all of the members of which are independent directors as defined by Section 5605(a)(2) of the NASDAQ Marketplace Rules.

4. Stock Available for Awards

(a) Number of Shares; Share Counting.

(1) Authorized Number of Shares. Subject to adjustment under Section 9, Awards may be made under the Plan for up to (i) 2,750,000 shares of common stock, \$0.001 par value per share, of the Company (the **Common Stock**), plus (ii) such additional number of shares of Common Stock as is equal to the number of shares of Common Stock subject to awards granted under the Company's 1998 Director Stock Option Plan, the Company's 2000 Stock Incentive Plan and the Company's 1997 Stock Incentive Plan (Amended & Restated) (collectively, the **Existing Plans**) which awards expire, terminate or are otherwise surrendered, canceled, forfeited or repurchased by the Company at their original issuance price pursuant to a contractual repurchase right (subject, however, in the case of Incentive Stock Options (as hereinafter defined) to any limitations of the Code). Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(2) Fungible Share Pool. Subject to adjustment under Section 9, any Award that is not a Full-Value Award shall be counted against the share limits specified in Section 4(a)(1) as one share for each share of Common Stock subject to such Award and any Award that is a Full-Value Award shall be counted against the share limits specified in Section 4(a)(1) as 1.28 shares for each one share of Common Stock subject to such Full-Value Award. **Full-Value Award** means any Restricted Stock Award or other Stock-Based Award with a per share price or per unit purchase price lower than 100% of Fair Market Value (as defined below) on the date of grant. To the extent a share that was subject to an Award that counted as one share is returned to the Plan pursuant to Section 4(a)(3), each applicable share reserve will be credited with one share. To the extent that a share that was subject to an Award that counts as 1.28 shares is returned to the Plan pursuant to Section 4(a)(3), each applicable share reserve will be credited with 1.28 shares.

(3) Share Counting. For purposes of counting the number of shares available for the grant of Awards under the Plan, (i) all shares of Common Stock covered by independent SARs shall be counted against the number of shares available for the grant of Awards; (ii) if any Award (A) expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right) or (B) results in any Common Stock not being issued (including as a result of an independent SAR that was settleable either in cash or in stock actually being settled in cash), the unused Common Stock covered by such Award shall again be available for the grant of Awards; *provided, however*, in the case of Incentive Stock Options, the foregoing shall be subject to any limitations under the Code; and provided further, in the case of independent SARs, that the full number of shares subject to any stock-settled SAR shall be counted against the shares available under the Plan and against the sublimits listed in the first clause of this Section in proportion to the portion of the SAR actually exercised regardless of the number of shares actually used to settle such SAR upon exercise; (iii) shares of Common Stock delivered (either by actual delivery, attestation, or net exercise) to the Company by a Participant to (A) purchase shares of Common Stock upon the exercise of an Award or (B) satisfy tax withholding obligations (including shares retained from the Award creating the tax obligation) shall not be added back to the number of shares available for the future grant of Awards; and (iv) shares of Common Stock repurchased by the Company on the open market using the proceeds from the exercise of an Award shall not increase the number of shares available for future grant of Awards.

(b) Per-Participant Limit. Subject to adjustment under Section 9, the maximum number of shares of Common Stock with respect to which Awards may be granted to any Participant under the Plan shall be 1,000,000 per calendar year. For purposes of the foregoing limit, the combination of an Option in tandem with an

SAR shall be treated as a single Award. The per Participant limit described in this Section 4(b) shall be construed and applied consistently with Section 162(m) of the Code or any successor provision thereto, and the regulations thereunder (*Section 162(m)*).

(c) Substitute Awards. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Awards contained in the Plan. Substitute Awards shall not count against the overall share limit set forth in Section 4(a)(1) or any sublimits contained in the Plan, except as may be required by reason of Section 422 and related provisions of the Code.

5. Stock Options

(a) General. The Board may grant options to purchase Common Stock (each, an *Option*) and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable. An Option that is not intended to be an Incentive Stock Option shall be designated a *Nonstatutory Stock Option*.

(b) Incentive Stock Options. An Option that the Board intends to be an incentive stock option as defined in Section 422 of the Code (an *Incentive Stock Option*) shall only be granted to employees of Bottomline, any of Bottomline's present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Code, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code, and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code. The Company shall have no liability to a Participant, or any other party, if an Option (or any part thereof) that is intended to be an Incentive Stock Option is not an Incentive Stock Option or if the Company converts an Incentive Stock Option to a Nonstatutory Stock Option. No more than 10,000,000 shares of Common Stock may be issued in the form of Incentive Stock Options under the Plan.

(c) Exercise Price. The Board shall establish the exercise price of each Option and specify the exercise price in the applicable option agreement. The exercise price shall be not less than 100% of the Fair Market Value (as defined below) on the date the Option is granted; provided that if the Board approves the grant of an Option with an exercise price to be determined on a future date, the exercise price shall be not less than 100% of the Fair Market Value on such future date.

(d) Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement; *provided, however*, that no Option will be granted with a term in excess of 10 years.

(e) Exercise of Options. Options may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Company, together with payment in full as specified in Section 5(f) for the number of shares for which the Option is exercised. Shares of Common Stock subject to the Option will be delivered by the Company as soon as practicable following exercise.

(f) Payment Upon Exercise. Common Stock purchased upon the exercise of an Option granted under the Plan shall be paid for as follows:

(1) in cash or by check, payable to the order of the Company;

(2) except as may otherwise be provided in the applicable option agreement, by (i) delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company

sufficient funds to pay the exercise price and any required tax withholding or (ii) delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;

(3) to the extent provided for in the applicable option agreement or approved by the Board, in its sole discretion, by delivery (either by actual delivery or attestation) of shares of Common Stock owned by the Participant valued at their fair market value as determined by (or in a manner approved by) the Board (*Fair Market Value*), provided (i) such method of payment is then permitted under applicable law, (ii) such Common Stock, if acquired directly from the Company, was owned by the Participant for such minimum period of time, if any, as may be established by the Board in its discretion and (iii) such Common Stock is not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements;

(4) to the extent provided for in the applicable Nonstatutory Stock Option agreement or approved by the Board in its sole discretion, by delivery of a notice of net exercise to the Company, as a result of which the Participant would receive the number of shares of Common Stock underlying the Option so exercised reduced by the number of shares of Common Stock equal to the aggregate exercise price of the Option divided by the Fair Market Value on the date of exercise;

(5) to the extent permitted by applicable law and provided for in the applicable Option agreement or approved by the Board, in its sole discretion, by (i) delivery of a promissory note of the Participant to the Company on terms determined by the Board, or (ii) payment of such other lawful consideration as the Board may determine; or

(6) by any combination of the above permitted forms of payment.

(g) Limitation on Repricing. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not, without stockholder approval be amended to reduce the exercise price of outstanding Options or cancel outstanding Options in exchange for cash, other Awards or Options or SARs with an exercise price that is less than the exercise price of the original Options.

(h) No Reload Options. No Option granted under the Plan shall contain any provision entitling the Participant to the automatic grant of additional Options in connection with any exercise of the original Option.

(i) No Dividend Equivalents. No option shall provide for the payment or accrual of dividend equivalents.

6. Stock Appreciation Rights

(a) General. The Board may grant Awards consisting of SARs entitling the holder, upon exercise, to receive an amount of Common Stock or cash or a combination thereof (such form to be determined by the Board) determined by reference to appreciation, from and after the date of grant, in the Fair Market Value of a share of Common Stock over the measurement price established pursuant to Section 6(c). The date as of which such appreciation is determined shall be the exercise date.

(b) Grants. SARs may be granted in tandem with, or independently of, Options granted under the Plan.

(1) Tandem Awards. When SARs are expressly granted in tandem with Options, (i) the SAR will be exercisable only at such time or times, and to the extent, that the related Option is exercisable (except to the extent designated by the Board in connection with a Reorganization Event or a Change in Control Event) and will be exercisable in accordance with the procedure required for exercise of the related Option; (ii) the SAR will terminate and no longer be exercisable upon the termination or exercise of the related Option, except to the extent designated by the Board in connection with a Reorganization Event or a Change in Control Event and except that a SAR granted with respect to less than the full number of shares covered by

an Option will not be reduced until the number of shares as to which the related Option has been exercised or has terminated exceeds the number of shares not covered by the SAR; (iii) the Option will terminate and no longer be exercisable upon the exercise of the related SAR; and (iv) the SAR will be transferable only with the related Option.

(2) Independent SARs. A SAR not expressly granted in tandem with an Option will become exercisable at such time or times, and on such conditions, as the Board may specify in the SAR Award.

(c) Measurement Price. The Board shall establish the measurement price of each SAR and specify it in the applicable SAR agreement. The measurement price shall not be less than 100% of the Fair Market Value on the date the SAR is granted; provided that if the Board approves the grant of a SAR with a measurement price to be determined on a future date, the measurement price shall be not less than 100% of the Fair Market Value on such future date.

(d) Duration of SARs. Each SAR shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable SAR agreement; *provided, however*, that no SAR will be granted with a term in excess of 10 years.

(e) Exercise of SARs. SARs may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Company, together with any other documents required by the Board.

(f) Limitation on Repricing. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not, without stockholder approval, be amended to reduce the exercise price of outstanding SARs or cancel outstanding SARs in exchange for cash, other Awards or Options or SARs with an exercise price that is less than the exercise price of the original SARs.

7. Restricted Stock; Restricted Stock Units

(a) General. The Board may grant Awards entitling recipients to acquire shares of Common Stock (*Restricted Stock*), subject to the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price (or to require forfeiture of such shares if issued at no cost) from the recipient in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award. Instead of granting Awards for Restricted Stock, the Board may grant Awards entitling the recipient to receive shares of Common Stock or cash to be delivered at the time such Award vests (*Restricted Stock Units*) (Restricted Stock and Restricted Stock Units are each referred to herein as a *Restricted Stock Award*).

(b) Terms and Conditions for All Restricted Stock Awards. The Board shall determine the terms and conditions of a Restricted Stock Award, including the conditions for vesting and repurchase (or forfeiture) and the issue price, if any.

(c) Additional Provisions Relating to Restricted Stock.

(1) Dividends. Participants holding shares of Restricted Stock will be entitled to all ordinary cash dividends paid with respect to such shares, unless otherwise provided by the Board. Unless otherwise provided by the Board, if any dividends or distributions are paid in shares, or consist of a dividend or distribution to holders of Common Stock other than an ordinary cash dividend, the shares, cash or other property will be subject to the same restrictions on transferability and forfeitability as the shares of Restricted Stock with respect to which they were paid. Each dividend payment will be made no later than the end of the calendar year in which the dividends are paid to shareholders of that class of stock or, if later, the 15th day of the third month following the date the dividends are paid to shareholders of that class of stock.

(2) Stock Certificates. The Company may require that any stock certificates issued in respect of shares of Restricted Stock shall be deposited in escrow by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). At the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or if the Participant has died, to the beneficiary designated, in a manner determined by the Board, by a Participant to receive amounts due or exercise rights of the Participant in the event of the Participant's death (the *Designated Beneficiary*). In the absence of an effective designation by a Participant, *Designated Beneficiary* shall mean the Participant's estate.

(d) Additional Provisions Relating to Restricted Stock Units.

(1) Settlement. Upon the vesting of and/or lapsing of any other restrictions (i.e., settlement) with respect to each Restricted Stock Unit, the Participant shall be entitled to receive from the Company one share of Common Stock or an amount of cash equal to the Fair Market Value of one share of Common Stock, as provided in the applicable Award agreement. The Board may, in its discretion, provide that settlement of Restricted Stock Units shall be deferred, on a mandatory basis or at the election of the Participant in a manner that complies with Section 409A of the Code.

(2) Voting Rights. A Participant shall have no voting rights with respect to any Restricted Stock Units.

(3) Dividend Equivalents. To the extent provided by the Board, in its sole discretion, a grant of Restricted Stock Units may provide Participants with the right to receive an amount equal to any dividends or other distributions declared and paid on an equal number of outstanding shares of Common Stock (*Dividend Equivalents*). Dividend Equivalents may be paid currently or credited to an account for the Participants, may be settled in cash and/or shares of Common Stock and may be subject to the same restrictions on transfer and forfeitability as the Restricted Stock Units with respect to which paid, as determined by the Board in its sole discretion, subject in each case to such terms and conditions as the Board shall establish, in each case to be set forth in the applicable Award agreement.

8. Other Stock-Based and Cash-Based Awards

(a) General. Other Awards of shares of Common Stock, and other Awards that are valued in whole or in part by reference to, or are otherwise based on, shares of Common Stock or other property, may be granted hereunder to Participants (*Other Stock-Based-Awards*), including without limitation Awards entitling recipients to receive shares of Common Stock to be delivered in the future. Such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan or as payment in lieu of compensation to which a Participant is otherwise entitled. Other Stock-Based Awards may be paid in shares of Common Stock or cash, as the Board shall determine. The Company may also grant other Awards denominated in cash rather than shares of Common Stock (*Cash-Based Awards*).

(b) Terms and Conditions. Subject to the provisions of the Plan, the Board shall determine the terms and conditions of each Other Stock-Based Award or Cash-Based Awards, including any purchase price applicable thereto.

9. Adjustments for Changes in Common Stock and Certain Other Events

(a) Changes in Capitalization. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of Common Stock other than an ordinary cash dividend, (i) the number and class of securities available under the Plan, (ii) the sub-limits and share counting rules set forth in Sections 4(a) and 4(b), (iii) the number and class of securities and exercise price per share of each outstanding Option, (iv) the share- and per-share provisions and the measurement price of each SAR, (v) the number of shares subject to and the repurchase price per share subject to each outstanding Restricted Stock Award and (vi) the share- and per-share-related provisions and the purchase price, if any, of each outstanding

Other Stock-Based Award, shall be equitably adjusted by the Company (or substituted Awards may be made, if applicable) in the manner determined by the Board. Without limiting the generality of the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to an outstanding Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(b) Reorganization Events.

(1) Definition. A **Reorganization Event** shall mean: (a) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (b) any transfer or disposition of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange or other transaction or (c) any liquidation or dissolution of the Company.

(2) Consequences of a Reorganization Event on Awards Other than Restricted Stock Awards. In connection with a Reorganization Event, the Board may take any one or more of the following actions as to all or any (or any portion of) outstanding Awards other than Restricted Stock Awards on such terms as the Board determines: (i) provide that Awards shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice to a Participant, provide that the Participant's unexercised Awards will terminate immediately prior to the consummation of such Reorganization Event unless exercised by the Participant within a specified period following the date of such notice, (iii) provide that outstanding Awards shall become exercisable, realizable, or deliverable, or restrictions applicable to an Award shall lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the **Acquisition Price**), make or provide for a cash payment to a Participant equal to the excess, if any, of (A) the Acquisition Price times the number of shares of Common Stock subject to the Participant's Awards (to the extent the exercise price does not exceed the Acquisition Price) over (B) the aggregate exercise price of all such outstanding Awards and any applicable tax withholdings, in exchange for the termination of such Awards, (v) provide that, in connection with a liquidation or dissolution of the Company, Awards shall convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof and any applicable tax withholdings) and (vi) any combination of the foregoing. In taking any of the actions permitted under this Section 9(b), the Board shall not be obligated by the Plan to treat all Awards, all Awards held by a Participant, or all Awards of the same type, identically.

For purposes of clause (i) above, an Option shall be considered assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); *provided, however*, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in value (as determined by the Board) to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

(3) Consequences of a Reorganization Event on Restricted Stock Awards. Upon the occurrence of a Reorganization Event other than a liquidation or dissolution of the Company, the repurchase and other rights of the Company under each outstanding Restricted Stock Award shall inure to the benefit of the Company's successor and shall, unless the Board determines otherwise, apply to the cash, securities or other property which the Common Stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to the Common Stock subject to such Restricted Stock Award; *provided, however*, that the Board may provide for termination or deemed satisfaction of such repurchase or other rights under the instrument evidencing any Restricted Stock Award or any other agreement between a Participant and the Company, either initially or by amendment. Upon the occurrence of a Reorganization Event involving the liquidation or dissolution of the Company, except to the extent specifically provided to the contrary in the instrument evidencing any Restricted Stock Award or any other agreement between a Participant and the Company, all restrictions and conditions on all Restricted Stock Awards then outstanding shall automatically be deemed terminated or satisfied.

(c) Change in Control Events.

(1) Definitions.

(A) A Change in Control Event shall mean:

(I) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934 (the **Exchange Act**)) (a **Person**) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 under the Exchange Act) 50% or more of either (x) the then-outstanding shares of common stock of the Company (the **Outstanding Company Common Stock**) or (y) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the **Outstanding Company Voting Securities**); *provided, however*, that for purposes of this subsection (I), the following acquisitions shall not constitute a Change in Control Event: (1) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (2) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (3) any acquisition by any corporation pursuant to a Business Combination (as defined below) which complies with clauses (x) and (y) of subsection (III) of this definition; or

(II) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term **Continuing Director** means at any date a member of the Board (x) who was a member of the Board on the date of the initial adoption of this Plan by the Board or (y) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; *provided, however*, that there shall be excluded from this clause (y) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or

(III) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a **Business Combination**), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (x) all or substantially all of the

individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) (such resulting or acquiring corporation is referred to herein as the **Acquiring Corporation**) in substantially the same proportions as their ownership of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively, immediately prior to such Business Combination and (y) no Person (excluding any employee benefit plan (or related trust) maintained or sponsored by the Company or by the Acquiring Corporation) beneficially owns, directly or indirectly, 50% or more of the then-outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(IV) the liquidation or dissolution of the Company.

(B) **Good Reason** shall mean any significant diminution in the Participant's duties, authority, or responsibilities from and after the Change in Control Event or any reduction in the annual cash compensation payable to the Participant from and after such Change in Control Event or the relocation of the place of business at which the Participant is principally located to a location that is greater than 50 miles from its location immediately prior to the Change in Control Event.

(C) **Cause** shall mean any (i) willful failure by the Participant, which failure is not cured within 30 days of written notice to the Participant from the Company, to perform his or her material responsibilities to the Company or (ii) willful misconduct by the Participant which affects the business reputation of the Company. The Participant shall be considered to have been discharged for **Cause** if the Company determines, within 30 days after the Participant's resignation, that discharge for Cause was warranted.

(2) **Effect on Options**. Notwithstanding the provisions of Section 9(b), except to the extent specifically provided to the contrary in the instrument evidencing any Option or any other agreement between a Participant and the Company, the vesting schedule of each Option shall be accelerated in part so that the number of shares that would otherwise have become vested on any date within one year after the date of the Change in Control Event shall immediately become vested. Subject to the following sentence, the remaining shares shall continue to become vested in each case one year in advance of the original vesting schedule set forth for such Option. Additionally, each Option shall be immediately exercisable in full if, on or prior to the second anniversary of the date of the consummation of the Change in Control Event, the Participant's employment with the Company or the acquiring or succeeding corporation is terminated for Good Reason by the Participant or is terminated without Cause by the Company or the acquiring or succeeding corporation.

(3) **Effect on Restricted Stock Awards**. Notwithstanding the provisions of Section 9(b), except to the extent specifically provided to the contrary in the instrument evidencing any Restricted Stock Award or any other agreement between a Participant and the Company, the vesting schedule of each Restricted Stock Award shall be accelerated in part so that the number of shares that would otherwise have become vested on any date within one year after the date of the Change in Control Event shall immediately become vested. Subject to the following sentence, the remaining shares shall continue to become vested in each case one year in advance of the original vesting schedule set forth for such Restricted Stock Award. Additionally, each Restricted Stock Award shall immediately become free from all conditions or restrictions if, on or prior to the second anniversary of the date of the consummation of the Change in Control Event, the Participant's

employment with the Company or the acquiring or succeeding corporation is terminated for Good Reason by the Participant or is terminated without Cause by the Company or the acquiring or succeeding corporation.

(4) Effect on SARs and Other Stock-Based Awards. The Board may specify in an Award at the time of the grant the effect of a Change in Control Event on any SAR and Other Stock-Based Award.

10. General Provisions Applicable to Awards

(a) Transferability of Awards. Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an Incentive Stock Option, pursuant to a qualified domestic relations order, and, during the life of the Participant, shall be exercisable only by the Participant; *provided, however*, that the Board may permit or provide in an Award for the gratuitous transfer of the Award by the Participant to or for the benefit of any immediate family member, family trust or other entity established for the benefit of the Participant and/or an immediate family member thereof if, with respect to such proposed transferee, the Company would be eligible to use a Form S-8 for the registration of the sale of the Common Stock subject to such Award under the Securities Act of 1933, as amended; provided, further, that the Company shall not be required to recognize any such transfer until such time as the Participant and such permitted transferee shall, as a condition to such transfer, deliver to the Company a written instrument in form and substance satisfactory to the Company confirming that such transferee shall be bound by all of the terms and conditions of the Award. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

(b) Documentation. Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(c) Board Discretion. Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.

(d) Termination of Status. The Board shall determine the effect on an Award of the disability, death, termination or other cessation of employment, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award.

(e) Withholding. The Participant must satisfy all applicable federal, state, and local or other income and employment tax withholding obligations before the Company will deliver stock certificates or otherwise recognize ownership of Common Stock under an Award. The Company may decide to satisfy the withholding obligations through additional withholding on salary or wages. If the Company elects not to or cannot withhold from other compensation, the Participant must pay the Company the full amount, if any, required for withholding or have a broker tender to the Company cash equal to the withholding obligations. Payment of withholding obligations is due before the Company will issue any shares on exercise or release from forfeiture of an Award or, if the Company so requires, at the same time as payment of the exercise price unless the Company determines otherwise. If provided for in an Award or approved by the Board in its sole discretion, a Participant may satisfy such tax obligations in whole or in part by delivery (either by actual delivery or attestation) of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value; *provided, however*, except as otherwise provided by the Board, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). Shares used to satisfy tax withholding requirements cannot be subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

(f) Amendment of Award. Except as otherwise provided in Section 11(d) with respect to actions requiring shareholder approval, the Board may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option. The Participant's consent to such action shall be required unless (i) the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant's rights under the Plan or (ii) the change is permitted under Section 9 hereof.

(g) Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(h) Acceleration. The Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

11. Miscellaneous

(a) No Right To Employment or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares.

(c) Effective Date and Term of Plan. The Plan shall become effective on the date the Plan is approved by the Company's stockholders (the *Effective Date*). No Awards shall be granted under the Plan after the expiration of 10 years from the Effective Date, but Awards previously granted may extend beyond that date.

(d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time provided that (i) to the extent required by Section 162(m), no Award granted to a Participant that is intended to comply with Section 162(m) after the date of such amendment shall become exercisable, realizable or vested, as applicable to such Award, unless and until the Company's stockholders approve such amendment if required by Section 162(m) (including the vote required under Section 162(m)); (ii) no amendment that would require stockholder approval under the rules of the NASDAQ Stock Market (*NASDAQ*) may be made effective unless and until the Company's stockholders approve such amendment; and (iii) if the NASDAQ amends its corporate governance rules so that such rules no longer require stockholder approval of NASDAQ material amendments to equity compensation plans, then, from and after the effective date of such amendment to the NASDAQ rules, no amendment to the Plan (A) materially increasing the number of shares authorized under the Plan (other than pursuant to Section 4(c) or 9), (B) expanding the types of Awards that may be granted under the Plan, or (C) materially expanding the class of participants eligible to participate in the Plan shall be effective unless and until the Company's stockholders approve such amendment. In addition, if at any time the approval of the Company's stockholders is required as to any other modification or amendment under Section 422 of the Code or any successor provision with respect to Incentive Stock Options, the Board may not effect such modification or

amendment without such approval. Unless otherwise specified in the amendment, any amendment to the Plan adopted in accordance with this Section 11(d) shall apply to, and be binding on the holders of, all Awards outstanding under the Plan at the time the amendment is adopted, provided the Board determines that such amendment does not materially and adversely affect the rights of Participants under the Plan. No Award shall be made that is conditioned upon stockholder approval of any amendment to the Plan.

(e) Authorization of Sub-Plans. The Board may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable securities or tax laws of various jurisdictions. The Board shall establish such sub-plans by adopting supplements to the Plan containing (i) such limitations on the Board's discretion under the Plan as the Board deems necessary or desirable or (ii) such additional terms and conditions not otherwise inconsistent with the Plan as the Board shall deem necessary or desirable. All supplements adopted by the Board shall be deemed to be part of the Plan, but each supplement shall apply only to Participants within the affected jurisdiction and the Company shall not be required to provide copies of any supplement to Participants in any jurisdiction which is not the subject of such supplement.

(f) Non U.S. Employees. Awards may be granted to Participants who are non-U.S. citizens or residents employed outside the United States, or both, on such terms and conditions different from those applicable to Awards to Participants employed in the United States as may, in the judgment of the Board, be necessary or desirable in order to recognize differences in local law or tax policy. The Board also may impose conditions on the exercise or vesting of Awards in order to minimize the Board's obligation with respect to tax equalization for Participants on assignments outside their home country. The Board may approve such supplements to or amendments, restatements or alternative versions of the Plan as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of this Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Company may certify any such document as having been approved and adopted in the same manner as this Plan.

(g) Compliance with Section 409A of the Code. Except as provided in individual Award agreements initially or by amendment, if and to the extent any portion of any payment, compensation or other benefit provided to a Participant in connection with his or her employment termination is determined to constitute nonqualified deferred compensation within the meaning of Section 409A of the Code and the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i) of the Code, as determined by the Company in accordance with its procedures, by which determination the Participant (through accepting the Award) agrees that he or she is bound, such portion of the payment, compensation or other benefit shall not be paid before the day that is six months plus one day after the date of separation from service (as determined under Section 409A of the Code) (the *New Payment Date*), except as Section 409A of the Code may then permit. The aggregate of any payments that otherwise would have been paid to the Participant during the period between the date of separation from service and the New Payment Date shall be paid to the Participant in a lump sum on such New Payment Date, and any remaining payments will be paid on their original schedule.

The Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions of or payments, compensation or other benefits under the Plan are determined to constitute nonqualified deferred compensation subject to Section 409A of the Code but do not to satisfy the conditions of that section.

(h) Limitations on Liability. Notwithstanding any other provisions of the Plan, no individual acting as a director, officer, other employee, or agent of the Company will be liable to any Participant, former Participant, spouse, beneficiary, or any other person for any claim, loss, liability, or expense incurred in connection with the Plan, nor will such individual be personally liable with respect to the Plan because of any contract or other instrument he or she executes in his or her capacity as a director, officer, other employee, or agent of the Company. The Company will indemnify and hold harmless each director, officer, other employee, or agent of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been or will

be delegated, against any cost or expense (including attorneys' fees) or liability (including any sum paid in settlement of a claim with the Board's approval) arising out of any act or omission to act concerning this Plan unless arising out of such person's own fraud or bad faith.

(i) Governing Law. The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, excluding choice-of-law principles of the law of such state that would require the application of the laws of a jurisdiction other than such state.
