PROXY STATEMENT

This proxy statement and the accompanying form of proxy are being mailed on or about April 4, 2012, in connection with the solicitation by the Board of Directors of Computer Task Group, Incorporated (the Company) of proxies to be voted at the annual meeting of shareholders on Wednesday, May 9, 2012, and any adjournment or postponement of the meeting. The mailing address of the Company's executive office is 800 Delaware Avenue, Buffalo, New York 14209.

The Board has selected the close of business on Friday, March 30, 2012 as the record date for the determination of shareholders entitled to vote at the annual meeting. On that date, the Company had outstanding and entitled to vote 18,413,664 shares of common stock, par value \$.01 per share. A list of shareholders entitled to vote at the 2012 annual meeting will be available for examination during the annual meeting by any shareholder who is present at the meeting.

Each outstanding share of common stock is entitled to one vote. Shares cannot be voted at the meeting unless the shareholder is present or represented by proxy. If a properly executed proxy in the accompanying form is timely returned, the shares represented thereby will be voted at the meeting in accordance with the instructions contained in the proxy, unless the proxy is revoked prior to its exercise. Any shareholder may revoke a proxy either by executing a subsequently dated proxy or notice of revocation, provided that the subsequent proxy or notice is delivered to the Company prior to the taking of a vote, or by voting in person at the meeting.

Under the New York Business Corporation Law (BCL) and the Company's By-laws, the presence, in person or by proxy, of one-third of the outstanding common stock is necessary to constitute a quorum of the shareholders to take action at the annual meeting. Once a quorum is established, under the BCL and the Company's By-laws, the directors standing for election may be elected by a plurality of the votes cast. In plurality voting, the nominee who receives the most votes for his or her election is elected. Other proposals require the approval of a majority of the votes cast on each proposal.

If a broker holds your shares, this proxy statement and a proxy card have been sent to the broker. You may have received this proxy statement directly from your broker, together with instructions as to how to direct the broker to vote your shares. **If you desire to have your vote counted, it is important that you return your voting instructions to your broker.** A broker non-vote occurs when a broker submits a proxy card with respect to shares of common stock held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have no discretion to vote such shares on non-routine matters if the broker has not been furnished with voting instructions by the beneficial owners of such shares. The matters being submitted to shareholders in Proposals 1, 2 and 3 are non-routine matters on which brokers have no authority to vote without instructions from beneficial owners.

Abstentions and broker non-votes have no effect on the determination of whether a plurality exists with respect to a given director nominee. With respect to other proposals, abstentions will count as votes cast on the proposal, but will not count as votes cast in favor of the proposal and, therefore, will have the same effect as votes against the proposal. Broker non-votes will not be considered to have voted on the proposal and, therefore, will have no effect. The proxies will be voted for or against the proposals or as an abstention in accordance with the instructions specified on the proxy form. If proxies are signed and returned, but no instructions are given, proxies will be voted for each of the proposals.

In accordance with the rules of the Securities and Exchange Commission (SEC), we have elected to deliver a full set of proxy materials to you and make the proxy materials available on our website at www.ctg.com. You may vote by completing, signing, dating and returning your proxy card in the envelope

provided as soon as possible before the meeting. Any shareholder attending the annual meeting may vote in person. If you have returned a proxy card, you may revoke your prior instructions and cast your vote at the annual meeting by following the procedures described in this proxy statement.

THE BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors is divided into three classes serving staggered three-year terms. The Board has seven directors and the following four committees: (i) Audit, (ii) Compensation, (iii) Nominating and Corporate Governance, and (iv) Executive. During 2011, the Board held a total of six meetings. Except for Mr. Marks, each director attended at least 75% of the total number of Board meetings and the total number of meetings for the Board committees on which such director served.

Director Independence and Executive Sessions

The Board of Directors affirmatively determined in February 2012 that each of the Company's five non-management directors, which include Thomas E. Baker, Randall L. Clark, William D. McGuire, John M. Palms and Daniel J. Sullivan, is an independent director in accordance with our corporate governance policies and the standards of the NASDAQ Stock Market (NASDAQ). As a result of these five directors being independent, a majority of our Company's six-person Board of Directors is currently independent as so defined. The Board of Directors has determined that there are no relationships between the Company and the directors classified as independent other than service on our Company's Board of Directors.

The foregoing independence determination also included the conclusions of the Board of Directors that:

each member of the Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee described in this proxy statement is respectively independent under the standards listed above for purposes of membership on each of these committees; and

each of the members of the Audit Committee also meets the additional independence requirements under Rule 10A-3(b) of the Securities and Exchange Act of 1934, as amended (the Exchange Act).

Mr. Marks served as the lead independent director for purposes of scheduling and setting the agenda for the executive sessions of the independent directors. With Mr. Marks' passing, a new lead independent director will be appointed by the Board. It is presently contemplated that these executive sessions will occur at least once during the fiscal year ending December 31, 2012, in conjunction with a regularly scheduled Board meeting, in addition to the separate meetings of the standing committees of the Board of Directors.

The Board of Directors has also adopted a statement of corporate governance principles that is available on the Company's website as described below under Corporate Governance and Website Information.

Audit Committee

The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act, is composed of five directors: Thomas E. Baker, Chairman, Randall L. Clark, William D. McGuire, John M. Palms and Daniel J. Sullivan, and operates under a written charter adopted by the Board of Directors. The charter of the Audit Committee is available on our Company's website as described below under Corporate Governance and Website Information. The Audit Committee met six times during 2011.

The primary purposes of the Audit Committee are to oversee on behalf of the Company's Board of Directors: (1) the accounting and financial reporting processes of the Company and integrity of the Company's financial statements, (2) the audits of the Company's financial statements and appointment, compensation, qualifications, independence and performance of the Company's independent registered public accounting firm, (3) the Company's compliance with legal and regulatory requirements, (4) the Company's internal audit function, and (5) the preparation of the Audit Committee report that SEC rules require to be included in the annual proxy statement. The Audit Committee's job is one of oversight. Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of the Company's consolidated financial statements in accordance with U.S. generally accepted accounting principles. The Company's independent registered public accounting firm is responsible for auditing those financial statements.

It is the Audit Committee's responsibility to monitor and review these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews. Therefore, the Audit Committee has relied on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with U.S. generally accepted accounting principles, on its discussions with the independent registered public accounting firm and on the representations of the Company's independent registered public accounting firm included in its report on the Company's financial statements.

The Board of Directors has determined that the members of the Audit Committee are independent as described above under "Director Independence and Executive Sessions" and that each of them is able to read and understand fundamental financial statements. The Board of Directors has determined that Thomas E. Baker is an audit committee financial expert as defined in Item 407 of Regulation S-K. Under the rules of the SEC, the designation or identification of a person as an audit committee financial expert does not impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the Audit Committee and Board of Directors in the absence of such designation or identification. Moreover, the designation of a person as an audit committee financial expert does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

Audit Committee Report

The Audit Committee has reviewed and discussed the audited financial statements with management; and has discussed with the Company's independent auditors the matters required to be discussed pursuant to the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountant's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accountant the independent registered public accountant's independence.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

Executive Committee

The Executive Committee is composed of James R. Boldt, Chairman, Thomas E. Baker, John M. Palms and Daniel J. Sullivan. The Executive Committee did not meet during 2011. The Executive Committee is empowered to act for the Board of Directors in intervals between Board meetings, with the exception of certain matters that by law or under NASDAQ rules cannot be delegated. The Executive Committee meets as necessary.

Nominating and Corporate Governance Committee and Director Nomination Process

The Nominating and Corporate Governance Committee is composed of John M. Palms, Chairman, Thomas E. Baker, Randall L. Clark, William D. McGuire and Daniel J. Sullivan. This Committee held two meetings during 2011.

This Nominating and Corporate Governance Committee has a charter that is available on our Company's website as described below under Corporate Governance and Website Information. The primary purposes of the Committee are to (a) recommend to the Board of Directors the individuals qualified to serve on the Company's Board of Directors for election by shareholders at each annual meeting of shareholders and to fill vacancies on the Board of Directors, (b) implement the Board's criteria for selecting new directors, (c) develop, recommend to the Board, and assess corporate governance policies for the Company, and (d) oversee the evaluation of the Board.

The Board of Directors has determined that the members of the Nominating and Corporate Governance Committee are independent as described above under Director Independence and Executive Sessions.

Director Nominations Made by Shareholders. The Nominating and Corporate Governance Committee will consider nominations timely made by shareholders pursuant to the requirements of our By-laws, which are further discussed under Shareholder Proposals. The Nominating and Corporate Governance Committee has not formally adopted any specific elements of this policy, such as minimum specific qualifications or specific qualities or skills that must be possessed by qualified nominees, beyond the Nominating and Corporate Governance Committee's willingness to consider candidates proposed by shareholders.

Procedure for Shareholders to Nominate Directors. Any shareholder who intends to present a director nomination proposal for consideration at the 2013 annual meeting and intends to have that proposal included in the proxy statement and related materials for the 2013 annual meeting, must deliver a written copy of the proposal to the Company's principal executive offices no later than the deadline, and in accordance with the notice procedures, specified under Shareholder Proposals in this proxy statement and in accordance with the applicable requirements of Rule 14a-8 of the Exchange Act.

If a shareholder does not comply with the Rule 14a-8 procedures, the shareholder may use the procedures set forth in the Company's By-laws, although in the latter case the Company would not be required to include the nomination proposal as a proposal in the proxy statement and proxy card mailed to shareholders in connection with the next annual meeting of shareholders. For shareholder nominations of directors to be properly brought before an annual meeting by a shareholder pursuant to the By-laws, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, any shareholder entitled to vote for the election of directors at a meeting may nominate persons for election as directors only if written notice of such shareholder's intent to make such nomination is given, either by personal delivery or by United States mail, postage prepaid, to and received by the Secretary of the Company not later than 60 days in advance of the originally scheduled date of the annual meeting of shareholders.

The shareholder's notice referred to above must set forth (1) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (2) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (3) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (4) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated by the Board of Directors; and (5) the consent of each nominee to serve as a director of the Company if so elected. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Board Composition and Diversity. The Nominating and Corporate Governance Committee's current process for identifying and evaluating nominees for director consists of general periodic evaluations of the size and composition of the Board of Directors with a goal of maintaining continuity of appropriate industry expertise and knowledge of the Company. The Nominating and Corporate Governance Committee strives to compose the Board of Directors with individuals possessing a variety of complementary skills.

With respect to the nominees for re-election at this meeting and with respect to the other members of the Board, the Nominating and Corporate Governance Committee and the Board of Directors as a whole focused primarily on the experience, qualifications, attributes and skills discussed in each of the director's biographies set forth above. In each case, the Nominating and Corporate Governance Committee and the Board of Directors considered important the achievements of the individual in the successful career described. With regard to Mr. Palms, the Nominating and Corporate Governance Committee and the Board particularly noted his scientific expertise and his significant experience with the operations of public institutions and universities. With regard to Mr. Sullivan, the Nominating and Corporate Governance Committee and the Board particularly noted the broad perspective resulting from his diverse experience in managing and serving as an officer for a large, public company. With regard to Mr. Clark, the Nominating and Corporate Governance Committee and the Board particularly noted his experience in marketing, his experience in operating large companies, and his experience in management oversight through the large and diverse group of companies on whose Boards of directors he serves. With regard to Mr. Boldt, the Nominating and Corporate Governance Committee and Board believe that it is important that they have immediate access to his direct involvement in the management of the Company. With regard to Mr. Baker, the Nominating and Corporate Governance Committee and the Board particularly noted his significant financial and audit related experience. With regard to Mr. McGuire, the Nominating and Corporate Governance Committee and the Board particularly noted his knowledge of and experience with the healthcare industry, which is an important market for the Company's services.

Although diversity may be a consideration in the Nominating and Corporate Governance Committee's process, the Nominating and Corporate Governance Committee and the Board of Directors do not have a formal policy with regard to the consideration of diversity in identifying director nominees. Since neither the Board nor the Nominating and Corporate Governance Committee has received any shareholder nominations in the past, the Nominating and Corporate Governance Committee has not considered whether there would be any differences in the manner in which the Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder.

Source of Recommendation for Current Nominees. The nominees for director included in this proxy statement have been formally recommended by the incumbent independent directors who serve on the Nominating and Corporate Governance Committee. The Company did not pay a fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees.

Past Nominations from More Than 5% Shareholders. Under the SEC rules (and assuming consent to disclosure is given by the proponents and nominee), the Company must disclose any nominations for director made by any person or group beneficially owning more than 5% of the Company's outstanding common stock received by the Company by the date that was 120 calendar days before the anniversary of the date on which its proxy statement was sent to its shareholders in connection with the previous year's annual meeting. The Company did not receive any such nominations.

Corporate Governance and Website Information

The Company follows certain corporate governance requirements that it believes are in compliance with the corporate governance requirements of the NASDAQ listing standards and SEC regulations. The principal elements of these governance requirements as implemented by our Company are:

affirmative determination by the Board of Directors that a majority of the directors is independent;

regularly scheduled executive sessions of independent directors;

Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee comprised of independent directors and having the purposes and charters described above under the separate committee headings;

internal audit function;

corporate governance principles of our Board of Directors;

specific authorities and procedures outlined in the charters of the Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee; and

a code of business conduct and ethics applicable to directors, officers and employees of our Company. This code also contains a sub-section that constitutes a code of ethics (the Code of Ethics) specifically applicable to the Chief Executive Officer, Chief Financial Officer and other members of our Company's finance department based on their special role in promoting fair and timely public reporting of financial and business information about our Company.

The charters of the Audit Committee, Compensation Committee, and Nominating and Governance Committee, the corporate governance principles of the Board of Directors, and the Code of Ethics are available without charge on the Company's website at www.ctg.com, by clicking on Investors, and then Corporate Governance. We will also send these documents without charge and in print to any shareholder who requests them. The Company intends to disclose any amendments to or waivers of the Code of Ethics on its website.

Board Leadership and Role in Risk Oversight

Mr. Boldt serves as both the Chairman and the CEO of the Company. The Board of Directors believes this structure is in the best interests of the Company and its shareholders since Mr. Boldt is most familiar with the operational and industry challenges facing the Company. As such, Mr. Boldt is best positioned to develop agendas for Board meetings that ensure the Board's time is most appropriately focused on issues of highest priority.

Each of the directors other than Mr. Boldt is an independent director. Mr. Marks served as the lead independent director. The lead independent director acts as a liaison between the independent directors and the Chairman to facilitate feedback and provide input concerning agenda items. The Board believes this approach appropriately and effectively complements the combined CEO/Chairman structure by enhancing the flow of information.

The Board views enterprise risk management (ERM) as an integral part of the Company's strategic planning process and, as such, has charged the Audit Committee with the responsibility of overseeing the ERM process. To facilitate coordination of ERM at the operational level, the Audit Committee appointed Brendan M. Harrington as the Company's Chief Risk Officer (CRO). In this capacity, Mr. Harrington works with the CEO and executive officers of the Company to provide periodic ERM reports to the Audit Committee; and strives to generate careful and thoughtful attention on the Company's ERM process, the nature of material risks to the Company and the adequacy of the Company's policies and procedures designed to mitigate these risks. Among the matters that are considered in the Company's ERM process is the extent to which the Company's policies and practices for incentivizing and compensating employees, including non-executive officers, may create risks that are reasonably likely to have a material adverse effect on the Company. In this manner, the Board believes it appropriately encourages management to promote a corporate culture that appreciates risk management and incorporates it into the overall strategic planning process of the Company.

Compensation Committee Interlocks and Insider Participation

During the last completed fiscal year, the Compensation Committee was comprised entirely of independent directors. The Compensation Committee of the Board of Directors is composed of Daniel J. Sullivan, Chairman, Thomas E. Baker, Randall L. Clark, William D. McGuire and John M. Palms. In 2011, Mr. Boldt, the Company's Chairman of the Board and CEO, served as a director on the Board of Dunn Tire LLC, a privately owned business. Mr. Clark, a member of the Compensation Committee, served as the Chairman of the Board of Directors of Dunn Tire LLC in 2011. The Company conducted no business with Dunn Tire LLC in 2011.

Certain Relationships and Related Transactions

Sharon Reynolds, the wife of the Company's recently named executive officer, Ted Reynolds, has been employed by the Company since 2009. In 2011, Mrs. Reynolds served as the Company's Senior Solutions Director and received a salary of \$207,888 and an incentive of \$73,622. No stock options or restricted stock were granted to Mrs. Reynolds in 2011. At no time during 2011 did Mrs. Reynolds report directly to Ted Reynolds; and the Company's written anti-nepotism policy would prohibit such a direct reporting structure in the future. It is the Company's belief that the current reporting structure does not present a conflict of interest; and, as such, the Company has no additional policies or procedures implemented to further review, approve or ratify the aforementioned transaction. Had the reporting structure resulted in a potential conflict of interest, the Company's Code of Conduct would require further review of the activity.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee Composition and Primary Purposes

The Compensation Committee of the Board of Directors is composed of Daniel J. Sullivan, Chairman, Thomas E. Baker, Randall L. Clark, William D. McGuire and John M. Palms. The Compensation Committee is responsible for overseeing the administration of the Company's employee stock and benefit plans, establishing policies relating to the compensation of employees and setting the terms and conditions of employment for executive officers. During 2011, the Compensation Committee held a total of two meetings. The Board of Directors has determined that the members of the Compensation Committee are independent as described above under Director Independence and Executive Sessions.

The Compensation Committee has a charter that is available on our Company's website as described above under Corporate Governance and Website Information. The Compensation Committee reviews the charter annually and updates the charter as necessary. The primary purposes of the Compensation Committee are to: (1) review and approve corporate goals and objectives relevant to the Company's compensation philosophy, (2) evaluate the CEO's performance and determine the CEO's compensation in light of those goals and objectives, (3) review and approve executive officer compensation, incentive compensation plans and equity-based plans; and (4) produce an annual report on executive compensation, and approve the Compensation Discussion and Analysis, for inclusion in the Company's annual proxy statement.

Effect of Say-on-Pay Vote

At the May 2011 annual meeting, shareholders were asked to approve the Company's fiscal 2010 executive compensation programs. Of those who voted, over 95% voted to approve the proposal. In light of these results, and in consideration of shareholder input obtained from outreach efforts taken in connection with the 2011 meeting, the Compensation Committee carefully reviewed the Company's executive compensation practices. The Committee concluded that the Company's existing executive compensation programs continue to be the most appropriate for the Company and effective in rewarding executives commensurate with business results. The Committee believes that the best way to align the CEO's compensation with shareholder interests is to place the majority of his compensation at-risk in the form of long-term performance based equity awards and annual incentive opportunity. In 2010 over 70% of the total compensation for the CEO was in the form of at-risk performance-based compensation consisting of long-term equity awards and performance based incentives. The Committee continued this practice of heavily weighting at-risk performance-based incentives in 2011.

Compensation Philosophy and Executive Compensation Objectives

Given the exceptionally competitive nature of the IT Industry, the Company's Compensation Committee and management believe it is strategically critical to attract, retain and motivate the most talented employees possible by providing competitive total compensation packages. This general philosophy on compensation applies to all employees of the Company. With regard to executive officer compensation, the Company seeks to accomplish the following high-level objectives:

Offer a Competitive Total Compensation Package. To attract the most talented executive officers possible, the Company should tailor each executive officer's total compensation plan to reflect average total compensation offered at similar organizations. This is accomplished by means of routine compensation surveying, the process for which is described further below.

Tie Total Compensation to Performance in a Meaningful Manner. To promote the Company's overall annual and long-term financial and operating objectives, a significant portion of total compensation should be based upon the accomplishment of specific Company objectives within an executive officer's purview. This is accomplished by means of various performance-based incentive plans described further below.

Encourage Executives to Think Like Shareholders. To promote the best interests of shareholders, executive officers should be encouraged to maintain a significant equity interest in the Company. This is accomplished by means of various equity award plans described further below.

How Executive Compensation is Determined

In order to promote the Company's objective of tying total compensation to performance in a meaningful manner, the Company has adopted a uniform approach to compensation planning. In short, once the Board of Directors has reviewed and approved the corporate goals and objectives for the entire Company, the Compensation Committee begins the process of setting compensation for the executive officers. Once compensation has been set for the executive officers, they in turn are able to set performance-based objectives for their direct reports. This approach to compensation planning continues throughout the organization. In this manner, the compensation planning process seeks to optimize shareholder value by integrating appropriate employee responsibilities with corporate objectives.

In an effort to accomplish the Company's objective of offering competitive total compensation packages, the Compensation Committee routinely surveys total compensation packages for all executive officers. In 2011, as has been the practice for several years, the Compensation Committee retained the services of Pay Governance LLC¹, a highly-regarded independent compensation consulting firm, to undertake an annual compensation review for each of the Company's executive officers. Pay Governance reports to, and acts solely at the direction of, the Compensation Committee. Pay Governance does not provide any other services to the Company or any of the Company's executive officers individually, aside from those services provided to the Compensation Committee. Prior to conducting the study, Pay Governance was provided with job descriptions for each of the executive officers and was specifically instructed to provide the Compensation Committee with a Competitive Market Analysis—a written report for each executive officer reflecting the competitive range of total compensation for comparable positions.

Surveying Methodology Used. Pay Governance used its proprietary executive compensation database to create the report. This database contains compensation data from over 950 companies. From this data, Pay Governance performed regression analyses designed to identify a competitive range for jobs in similar sized companies with similar responsibilities. The competitive range identified in the Pay Governance report approximates the statistical mean within one standard deviation. As such, the competitive range tends to fall within approximately fifteen percentage points on either side of the mean. The deviation in this range is usually explained by differences in experience, length of service and/or differences in responsibilities.²

For 2011, the Pay Governance report contained the following observations:

Except for Mr. Gydé and Mr. Reynolds, total compensation for all named executive officers was within the competitive range.

Total compensation for Mr. Gydé was higher than the competitive range. Mr. Gydé is based in Belgium and is compensated in Euros. The strength of the Euro, when compared to the U.S. dollar, caused Mr. Gydé's compensation to be higher than the competitive range for similar jobs in the Western European market.

Total compensation for Mr. Reynolds was higher than the competitive range. Mr. Reynolds was recently promoted to the position of Vice President, and received a significant equity grant at such time. Since Mr. Reynolds total cash compensation (defined as a combination of base salary plus annual cash incentive) is within the competitive range, Mr. Reynolds' total compensation is within the competitive range absent the aforementioned grant.

¹ Pay Governance, established in July 2010, is led by a group of former leaders at Towers Watson and focuses its practice on advisory services to compensation committees.

² The Compensation Committee did not consider compensation practices of any peer group in setting pay for 2012.

Mr. Boldt's total compensation was within the competitive range. Mr. Boldt's total cash compensation is competitive within the market range established for the CEO position. The Compensation Committee has, however, elected to have a lower than market base salary for Mr. Boldt and a higher than market cash incentive. The Committee has done so because it believes that placing a greater emphasis on cash incentive compensation should ultimately lead to improvements in the Company's overall profitability and therefore, shareholder value.

Upon completion of the report, the Compensation Committee met personally with a representative of Pay Governance to review the document. The Compensation Committee used the Pay Governance study, in conjunction with the Company's overall long-term financial and operating objectives for 2011, to set total compensation for the CEO. Prior to approving Mr. Boldt's total compensation package for 2011, the Compensation Committee also reviewed the details of each aspect of Mr. Boldt's compensation. Mr. Boldt has no direct role in establishing the terms of his own compensation. The details of Mr. Boldt's total compensation for 2011 are discussed in more detail below.

The CEO used the Pay Governance Competitive Market Analysis, in conjunction with the Company's overall long-term financial and operating objectives for 2011, to make compensation recommendations to the Board for each executive officer. It has been the practice of the Board to approve total compensation packages that contain a significant portion of tailored, performance-based incentives within the executive officer's purview. The executive officers have no direct role in establishing the terms of their compensation. The details of each named executive officer's total compensation for 2011 are discussed below in more detail.

Components of Executive Compensation

The compensation paid to the Company's executive officers, as reflected in the tables set forth in this proxy statement, can be broken down into the following three general categories: (i) Baseline Compensation, (ii) Performance-Based Incentives and (iii) Equity-Based Incentives.

Baseline Compensation

Baseline Compensation includes annual base salary, standard employee benefits available to all employees generally and participation in certain executive level employee benefit programs. Once awarded, compensation payments made under this component are provided during the course of the year without regard to achievement of specific performance-based objectives. The Company chooses to pay this component of compensation because it comprises the foundation of executive compensation. As such, the Company considers maintaining competitive levels of baseline compensation essential to attracting and retaining talented personnel.

Annual Base Salary In an effort to stay competitive, annual salaries for executive officers are reviewed by the Compensation Committee on a yearly basis. With respect to determining the base salary of executive officers, the Committee takes into consideration the compensation report prepared by Pay Governance, the executive's individual performance as well as length of service and internal equity considerations. Of these factors, the Pay Governance report is generally given the most weight.

Standard Employee Benefits Executive officers are entitled to participate in the same benefit programs afforded generally to all other employees of the Company. Such benefits generally include a 401(k) program, Medical/Dental/Vision Health Plans, Employee Stock Purchase Plan, Short-Term and Long-Term Disability Plans and Flexible Spending Account Plan.

Executive Level Benefits In addition to the benefits afforded to employees generally, executive officers are also eligible to participate in or receive the benefit of the following Company sponsored Executive Level Benefits: Long-Term Executive Disability Plan, Executive Life Insurance Plan, Accidental Death &

Dismemberment and Travel Accident Plan, Income Tax Preparation and Advice program, Executive Medical and Dental Plan program, and the Company's change in control agreements.³ A synopsis of these executive level benefits is provided below:

Long-Term Executive Disability Plan. The Company will pay, on the executive's behalf, the premiums associated with maintaining a long-term disability policy with seventy percent (70%) salary replacement up to \$25,000 per month. The benefits provided under the Long-Term Executive Disability Plan are provided in lieu of the Long-Term Disability Plan afforded to employees generally.

Executive Life Insurance Plan. The Company will pay, on the executive's behalf, the premiums associated with maintaining a life insurance policy with coverage equal to three times current annual base salary.

Accidental Death & Dismemberment & Travel Accident Plan. The Company will pay, on the executive's behalf, the premiums associated with maintaining an accidental death and dismemberment policy with coverage equal to four times current annual base salary.

Income Tax Preparation and Advice Program. The Company will generally reimburse executives for out-of-pocket fees expended, up to \$2,000, on tax preparation, planning or advice.

Executive Medical and Dental Plan Program. The Company will reimburse executives for out-of-pocket expenses, up to \$10,000, on qualifying medical or dental expenditures.

Change in Control Agreements. Pursuant to the terms of these agreements, executives are generally entitled to the following benefits in the event of a Change in Control (as defined in the agreements): (a) immediate vesting of all stock-related awards granted under the 2010 Equity Award Plan, the 2000 Equity Award Plan, the 1991 Stock Option Plan or the 1991 Restricted Stock Plan; (b) immediate vesting and cash payout of any deferred compensation accruing pursuant to the Company's Nonqualified Key Employee Deferred Compensation Plan; and (c) to the extent that the executive's stock option rights are impeded or adversely affected by the resulting Change in Control (i.e., no comparable Conversion Options offered), an executive is entitled to an immediate lump sum payout of the built-in gain on all unexercised stock options, calculated as of the date of the Change in Control. Further, additional severance benefits apply in the event the executive's employment is terminated for Good Reason by the executive or without Cause by the Company within six (6) months before or twenty-four (24) months after the date of Change in Control.⁴ These additional severance benefits include: a lump sum payment of two times⁵ the executive's annual rate of salary, a lump sum payment of two times the executive's average annual Incentive (calculated from the preceding three years), a lump sum payout (in lieu of continued healthcare coverage) equal to twenty-five percent (25%) of current salary and highest annual Incentive, indemnification coverage for a period of sixty (60) months, a cash-out of equity-based compensation; and payout of any and all deferred compensation accruing up to the date of termination. For more information on Potential Change in Control related payments, see Potential Payments upon Termination or Change in Control.

Performance-Based Incentives

Performance-based incentives include an annual cash incentive (Incentive) and participation in the Company's Nonqualified Key Employee Deferred Compensation Plan (Deferred Compensation Plan).

Compensation payments provided under these programs are conditional upon the accomplishment of specific

³ Since Belgium law designates the calculation of separation benefits, Mr. Gydé does not have a change in control agreement.

⁴ In Mr. Boldt's case, these severance benefits may also be triggered by his termination for any reason within six (6) months following the Change in Control.

⁵ In Mr. Boldt's case, 2.99 times current salary, and 2.99 times the highest annual Incentive (calculated from the preceding three years), is provided.

performance-based goals. The Company chooses to pay this component of compensation because it believes such compensation programs are critical to motivating executive officers in a manner that directly impacts shareholder value.

Annual Cash Incentive Compensation Each executive officer's total annual compensation includes a potential Incentive award. Incentive payments are contingent upon the accomplishment of certain performance-based objectives selected by the Compensation Committee annually. In selecting objectives, the Compensation Committee seeks to individually tailor performance criteria for each executive officer. The amounts of the Incentive, and the formula for calculating actual payments, are regularly reviewed and surveyed in conjunction with the Pay Governance study discussed earlier. In 2011, the Compensation Committee established performance objectives for the executive officers based on targeted levels of revenue and operating income. To the extent an executive officer has specific operational responsibilities, performance objectives were split between: (i) consolidated revenue and operating income for the entire Company and (ii) business unit revenue and gross profit for that executive officer's focus of operation. Targets for non-operational executive officers, including the CEO, were based solely on consolidated revenue and operating income for the entire Company.

The formula for calculating each executive officer's Incentive provides that at least eighty percent (80%) of the stipulated plan target (Threshold) must be achieved before any remuneration is awarded for that objective. If the Threshold is achieved, the executive officer receives fifty percent (50%) of the designated plan award for that objective. Then, for each additional percentage point (1%) achieved above the Threshold, up to one hundred percent (100%) of the plan target (Objective Goal), the executive officer receives another two and one-half percent (2.5%) of the designated plan award for that objective. For each additional percentage point (1%) achieved above the Objective Goal, the executive officer receives another five percent (5%) of the designated plan award for that objective. Each plan prohibits the receipt of amounts in excess of two hundred percent (200%) of the designated plan award for that objective.

The designated plan award is generally calculated as a percentage of annual base salary. In 2011, the designated plan awards were: (i) for Mr. Boldt, CEO, one hundred percent (100%) of base salary actually paid, (ii) for Mr. Harrington, CFO, seventy-five percent (75%) of base salary actually paid, (iii) for Mr. Colson, SVP, seventy-five percent (75%) of base salary actually paid, (iv) Mr. Gydé, SVP, forty-five percent (45%) of base salary actually paid, and (v) for Mr. Reynolds, VP, fifty percent (50%) of base salary actually paid.

The Compensation Committee believes that each executive officer's Incentive plan targets for 2011 involve a reasonably challenging degree of difficulty that considers current economic challenges and reflects the Board's desire to maintain flexibility in enhancing the executive officer's focus, motivation and enthusiasm. The Compensation Committee does not retain any discretion to award Incentive compensation absent achievement of the specified thresholds or to reduce or increase the size of any award or payout. In this manner, the Compensation Committee believes that each executive officer's Incentive plan targets are reasonably tailored to promote the Company's overall annual and long-term financial goals.

Deferred Compensation This component of executive compensation consists of employee and Company contributions under the Deferred Compensation Plan for those executives chosen to participate in the plan. Executives chosen to participate in the plan are eligible to elect to defer a percentage of their annual cash compensation. In addition, executives are also eligible to receive a Company contribution under the plan in an amount equal to a specified percentage of the sum of the executive's 2011 Base Salary and Incentive compensation. Payment of the Company's contribution is contingent on the accomplishment of certain performance targets recommended by the CEO and approved by the Compensation Committee. Actual amounts paid under the Company contributions, and the formula for calculating actual payments, are regularly reviewed and approved by the Compensation Committee. The contribution can be made in cash or the Company's common

⁶ In 2011, the performance targets for the Deferred Compensation Plan were based upon the Company's attainment of certain operating income targets.

stock, as determined by the Compensation Committee. In 2011, for those executives chosen to participate in the plan, the Company's contribution percentage was ten percent (10%) of the annual amounts received from both Base Salary and annual Incentive amounts. The Company's Omnibus Code Section 409A Compliance Policy became effective as of January 1, 2009. This policy is designed to ensure compliance with Internal Revenue Code Section 409A and applicable Treasury Regulations for arrangements that are or may constitute nonqualified deferred compensation plans.

Equity-Based Incentives

This component of executive compensation consists of grants of restricted stock and stock options under the Company's 2010 Equity Award Plan and the 1991 Restricted Stock Plan.⁷ In making such grants, the Compensation Committee considers an executive's past contributions and expected future contributions towards Company performance. Grants are made to key employees of the Company who, in the opinion of the Compensation Committee, have had and are expected to continue to have a significant impact on the long-term performance of the Company. The awards are designed to reward individuals who remain with the Company; and to further align employee interests with those of the Company's shareholders. The Company chooses to pay this component of compensation because it believes that stock ownership by management is beneficial in aligning management's activities and decisions with shareholders' interests of maximizing share value.

Except in circumstances of new or recently promoted executive officers, the Compensation Committee grants equity compensation on a set date each year. The Company does not time or plan the release of material non-public information for the purpose of affecting the value of compensation. Equity awards may also be granted at other meetings of the Compensation Committee to individuals who become executive officers, are given increased responsibilities during the year or in recognition of special accomplishments.

Restricted Stock Grants During 2011 The Compensation Committee granted restricted stock awards, under the Company's 1991 Restricted Stock Plan, to various executive officers as identified in the tables below. In general, recipients of restricted stock awards receive a specified number of non-transferable restricted shares to be held by the Company, in the name of the grantee, until satisfaction of stipulated vesting requirements. Upon satisfaction of such vesting requirements, restrictions prohibiting transferability will be removed from the vested shares. In determining whether to grant an individual restricted stock, the Compensation Committee considers an executive's contribution toward Company performance, expected future contribution and the number of options and shares of common stock presently held by the executive. For awards of restricted stock granted in 2011 to executive officers, shares vest in four equal installments over the next four years, beginning on the first anniversary of the date of grant. Similar to awards of stock options, restricted stock awards directly align compensation with increases in shareholder value; and provide benefits of share ownership (such as voting rights) immediately upon grant.

Stock Options Granted During 2011 The Compensation Committee granted stock options under the Company's 2010 Equity Award Plan to various executive officers as identified in the tables below. In general, recipients of the stock options receive the right to purchase shares of common stock of the Company in the future at a price equal to the value of the Company's common stock, as reported on NASDAQ, at closing on the date of grant. The Compensation Committee determines the dates and terms upon which options may be exercised, as well as whether the options will be incentive stock options or nonqualified stock options. For awards granted to executive officers in 2011, options vest in four equal installments over the next four years, beginning on the first anniversary of the date of grant.⁸ In determining whether to grant an individual stock options, the Compensation

⁷ The 2010 Equity Award Plan was adopted by the Shareholders in 2010. As of the date of this filing, grants made prior to the adoption of the 2010 Equity Award Plan are still outstanding and, as such, are governed by the terms of predecessor Award Plans.

⁸ In 2011, however, Mr. Gydé received a grant of 5,000 stock options which will vest, in their entirety, in 2015. This method of vesting was provided as a means of accommodating certain tax laws in Belgium, which require recognition of tax consequences on the date of grant.

Committee considers an executive's contribution toward Company performance, expected future contribution and the number of options and shares of common stock presently held by the executive. Any value that might be received from an equity grant depends upon increases in the price of the Company's common stock. Accordingly, the amount of compensation to be received by an executive is directly aligned with increases in shareholder value.

James R. Boldt, CEO. In 2011, Mr. Boldt's compensation included annual base salary payments totaling \$478,781, an Incentive of \$888,288, a grant of 40,000 stock options at \$12.16 per share and a grant of 37,500 restricted shares. In setting baseline compensation and the performance standards for Mr. Boldt's compensation, the Compensation Committee considered the following factors: the Pay Governance report, his past performance and internal pay equity among the management team. The total amount of compensation that Mr. Boldt received was based on a combination of his baseline compensation and the extent to which the thresholds for compensation were achieved under his performance based incentives. The Company contributed \$136,707 (or 10% of Mr. Boldt's cash compensation) towards the Deferred Compensation Plan on Mr. Boldt's behalf. Mr. Boldt did not elect to contribute any of his cash compensation towards the plan in 2011.

Mr. Boldt is currently the only executive officer with a written Employment Agreement addressing compensation terms. Pursuant to the terms of that Agreement:

compensation will be reviewed and adjusted annually by the Compensation Committee as appropriate;

either party may terminate the employment relationship upon sixty (60) days prior written notice to the other;

competitive activities, and other activities adverse to the Company's interests, are prohibited during the term of the employment relationship and for a one (1) year period after any termination thereof.

The Agreement also provides severance compensation in the event of termination. In the event of termination by Mr. Boldt for Good Reason (as defined in the Agreement), or by the Company other than for Cause (as defined in the Agreement), or if he dies or becomes disabled, Mr. Boldt will receive a lump sum cash payment equal to the average annual total cash compensation paid to him in the three (3) years leading up to the actual date of termination. Mr. Boldt will also continue to receive medical and dental benefits for a period of twelve (12) months. In the event Mr. Boldt remains unemployed following the six (6) month anniversary of the date of termination, he will receive a second lump sum cash payment equal to fifty percent (50%) of the initial lump sum payment received.

based incentives. The Company contributed \$62,661 (or 10% of Mr. Harrington's cash compensation) towards the Deferred Compensation Plan on Mr. Harrington's behalf. Mr. Harrington did not elect to contribute any of his cash compensation towards the Plan in 2011.

Mr. Gydé is not a participant in the Company's Deferred Compensation Plan. Pursuant to Belgian law, the Company is required to pay Mr. Gydé certain additional benefits which are generally afforded to all Belgian employees. These statutory benefits totaled \$65,176 in 2011.

Grants of Plan-Based Awards

Each of the Non-Equity Incentive Plan Awards represented in the table above were Incentive awards granted to the named executive officers during 2011. Such Incentive awards are described earlier in this Proxy Statement under the heading "Performance-Based Incentives". The formula for calculating each executive officer's Incentive provides that at least eighty percent (80%) of the stipulated plan target ("Threshold") must be achieved before any remuneration is awarded for that objective. If the Threshold is achieved, the executive officer receives fifty percent (50%) of the designated plan award¹⁰ for that objective. Then, for each additional percentage point achieved above the Threshold, up to one hundred percent (100%) of the plan target ("Objective Goal"), the executive officer receives another two and one-half percent (2.5%) of the designated plan award for that objective. For each additional percentage point (1%) achieved above the Objective Goal, the executive officer receives another five percent (5%) of the designated plan award for that objective. Each plan prohibits the receipt of amounts in excess of two hundred percent (200%) of the designated plan award for that objective.

Each of the equity awards represented in the table above was granted pursuant to the 2010 Equity Award Plan or the 1991 Restricted Stock Plan. Stock options represented in the table were granted by the Board on February 15, 2011; and the exercise price of all such options was set at \$12.16 the closing price of the Company's common stock on the date of grant. Restricted stock awards represented in the table were also granted by the Board of Directors on February 15, 2011. Recipients of both stock option and restricted stock awards were required to enter into agreements with the Company governing the vesting, exercise and/or transferability (as applicable) of such awards. Vesting requirements for both stock option awards and restricted stock awards are based solely on continued employment. There are no performance-based vesting requirements. Under the terms of all awards delineated in this table, restricted shares or stock options generally vest in four equal installments over the next four years, beginning on the first anniversary of the date of grant.

¹⁰ The designated plan award is generally calculated as a percentage of annual base salary. In 2011, the designated plan awards were: (i) for Mr. Boldt, CEO, one hundred percent (100%) of base salary actually paid, (ii) for Mr. Harrington, CFO, seventy-five percent (75%) of base salary actually paid, (iii) Mr. Colson, SVP, seventy-five percent (75%) of base salary actually paid, (iv) for Mr. Gydé, SVP, forty-five percent (45%) of base salary actually paid, and (v) for Mr. Reynolds, VP, fifty (50%) of base salary actually paid.

¹¹ Mr. Reynolds was granted 4,000 shares of restricted stock on February 15, 2011. Mr. Reynolds also received 30,000 shares of restricted stock and 20,000 stock options on March 7, 2011. The exercise price for such options was set at \$12.31 the closing price for the Company's common stock on March 7th.

2011 OPTION EXERCISES AND STOCK VESTED

The following table provides information for each of the Company's named executive officers regarding stock option exercises and vesting of stock awards during 2011.

Name of Executive Officer	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#) (1)	Value Realized on Exercise (\$) (1)	Number of Shares Acquired on Vesting (#) (1)	Value Realized on Vesting (\$) (1)
James R. Boldt	219,250	\$ 2,266,796	38,250	\$ 507,183
Brendan M. Harrington	5,625	\$ 44,156	3,625	\$ 48,144
Michael J. Colson	18,750	\$ 132,938	5,750	\$ 75,983
Filip J.L. Gydé	56,000	\$ 520,443	4,000	\$ 53,180
Ted Reynolds		\$		\$

(1) For Option Awards, the value realized is the difference between the fair market value of the underlying stock at the time of exercise and the exercise price. For Stock Awards, the value realized is based on the fair market value of the underlying stock on the vest date.

Pension Benefits

The Company maintains an Executive Supplemental Benefit Plan (Supplemental Plan) which provides certain former executives, including former director Randolph A. Marks, with deferred compensation benefits. The Supplemental Plan was amended as of December 1, 1994 in order to freeze the then current benefits, provide no additional benefit accruals for participants and to admit no new participants. None of the named executive officers participate in the Supplemental Plan. In 2011, Mr. Marks received \$90,000 under the Supplemental Plan.

Generally, the Supplemental Plan provides for retirement benefits of up to 50% of a participating employee's base compensation at termination or as of December 1, 1994, whichever is earlier, and pre-retirement death benefits calculated using the same formula that is used to calculate normal and early retirement benefits. Benefits are based on service credits earned each year of employment prior to and subsequent to admission to the Supplemental Plan through December 1, 1994. Retirement benefits and pre-retirement death benefits are paid during the 180 months following retirement or death, respectively, while disability benefits are paid until normal retirement age. Normal retirement is age 60. For any participant who is also a participant in the Deferred Compensation Plan, the normal retirement age is increased to 65.

(1) During 2011, Messrs. Boldt, Harrington, Colson and Reynolds were eligible to receive a contribution under the Deferred Compensation Plan. The contributions reflected above for these individuals reflect the current year's calculation of the Company's contribution under the plan resulting from the operating results for 2011. These contributions are reflected in the Summary Compensation Table under the heading "Non-Equity Incentive Plan Compensation." The amounts under "Aggregate Earnings in Last FY" are not included in the Summary Compensation Table as the earnings were not deemed to be above-market or preferential.

(2) 2011 was the first year in which Mr. Reynolds participated in the Deferred Compensation Plan. Since actual payments are not made until early 2012, Mr. Reynolds' Plan account had no aggregate balance on December 31, 2011.

On February 2, 1995, the Compensation Committee approved the creation of a Nonqualified Key Employee Deferred Compensation Plan ("Deferred Compensation Plan"). The Deferred Compensation Plan is intended as a successor plan to the Supplemental Plan. Participants in the Deferred Compensation Plan are eligible to (1) elect to defer a percentage of their annual cash compensation and (2) receive a Company contribution of a percentage of their base compensation and annual Incentive if the Company attains annual defined performance objectives for the year. These performance objectives are established on an annual basis for the upcoming year.

The CEO, subject to the approval of the Compensation Committee, recommends (1) those key employees who will be eligible to participate and (2) the percentage of a participant's base and Incentive compensation the participant will be able to contribute each year to the Deferred Compensation Plan if the Company attains annual defined performance objectives. All amounts credited to the participant are invested, as approved by the Compensation Committee, and the participant is credited with actual earnings of the investments. Company contributions, including investment earnings, may be in cash or the stock of the Company.

Plan participants have a 100% non-forfeitable right to the value of their corporate contribution account after the fifth anniversary of employment with the Company. If a participant terminates employment due to death, disability, retirement at age 65, or upon the occurrence of a Change in Control Event (as defined in the plan), the participant or his or her estate will be entitled to receive the benefits accrued for the participant as of the date of such event. Company contributions will be forfeited in the event a participant incurs a separation from service for cause. Participants are 100% vested in their own contributions. All amounts in the Deferred Compensation Plan, including elective deferrals, are held as general assets of the Company and are subject to the claims of creditors of the Company. In 2011, the Company contributed ten percent (10%) of each eligible named executive officer's total cash compensation towards this plan.

Potential Payments upon Termination or Change in Control

Agreements with Mr. Boldt. On July 16, 2001, the Company entered into a change in control agreement with Mr. Boldt.¹² The agreement provides that upon the occurrence of a change in control, Mr. Boldt will become fully vested in and entitled to exercise immediately all stock related awards he has been granted under any plans or agreements of the Company. The agreement goes on to provide that upon the termination of Mr. Boldt's employment (a) without cause by the Company or by him with good reason within 6 months before a change in control or between 6 months and 24 months following a change in control ("Involuntary Termination") or (b) by

¹² This Agreement was amended and restated, effective January 1, 2009, to ensure compliance with Section 409A of the Internal Revenue Code.

him for any reason within 6 months after a change in control (Voluntary Termination), Mr. Boldt will receive a lump sum payment equal to 2.99 times his full salary and 2.99 times his highest annual Incentive over the last three years as well as an additional lump sum to cover fringe benefits. A change in control will occur if (1) the Company's stockholders approve (a) the dissolution or liquidation of the Company, (b) the merger or consolidation or other reorganization of the Company with any other entity other than a subsidiary of the Company, or (c) the sale of all or substantially all of the Company's business or assets or (2) any person other than the Company or its subsidiaries or employee benefit plans becomes the beneficial owner of more than 20% of the combined voting power of the Company's then outstanding securities or (3) during any period not longer than two consecutive years, individuals who at the beginning of such period constituted the Board cease to constitute at least a majority thereof, unless the election of each new Board member was approved by a vote of at least three-quarters of the Board members then still in office who were Board members at the beginning of such period.

If a change in control had occurred on Friday, December 30, 2011, all of Mr. Boldt's unvested stock options and restricted stock awards would have become fully vested as of that date.¹³ If the Company's stock price was \$14.08 (which was the closing price of the stock on December 30, 2011), Mr. Boldt could potentially have realized gains, before tax, from the sale of securities that had vested solely as a result of a change in control in the following amounts: (i) \$1,580,480 from the sale of restricted stock, and (ii) \$560,300 from the exercise of those stock options.

In the event of either a Voluntary Termination or an Involuntary Termination, Mr. Boldt would have been entitled to receive a lump sum cash payment from the Company totaling \$4,465,653 by the tenth day following his termination. This payment equals 2.99 times the sum of Mr. Boldt's current annual salary¹⁴ (Salary) and his highest annual Incentive payment from the last three years (Incentive); and includes an amount equal to twenty-five percent (25%) of Mr. Boldt's Salary and Incentive.¹⁵ In addition, Mr. Boldt's change in control agreement would provide for an excise tax gross-up payment totaling \$2,138,395 under such circumstances.

Mr. Boldt is the only executive officer with an employment agreement affording severance benefits upon termination. Pursuant to the terms of such agreement, in the event of termination by Mr. Boldt for Good Reason (as that term is defined in the agreement), or by the Company other than for Cause (as that term is defined in the agreement), Mr. Boldt will receive a lump sum cash payment equal to the average annual total cash compensation paid to Mr. Boldt during the most recent three year period. Mr. Boldt will also continue to receive medical and dental benefits for a period of twelve (12) months. In the event Mr. Boldt remains unemployed after the six (6) month anniversary of his termination, he will receive an additional lump sum cash payment equal to fifty percent (50%) of the initial severance payment received and his medical and dental benefits will be extended during that time.

Payments made to Mr. Boldt pursuant to this agreement are contingent upon his adherence to certain restrictive covenants, which are effective from the date of the agreement and continue until one year after his separation from the Company. These restrictive covenants generally prohibit Mr. Boldt from, directly or indirectly: (i) engaging in any business activity which competes with the Company, (ii) soliciting or hiring any of the Company's employees, (iii) canvassing or soliciting customers of the Company, (iv) willfully dissuading or encouraging any person from conducting business with the Company or (v) intentionally disrupting any supplier relationship.

¹³ Such awards are more fully described in the table entitled Outstanding Equity Awards at Fiscal Year-End.

¹⁴ Mr. Boldt's salary was \$490,000 as of December 30, 2011.

¹⁵ This amount is intended to cover fringe benefits such as 401(k), health, medical, dental, disability and similar benefits for a period twenty four months.

Had Mr. Boldt's employment been terminated on December 30, 2011, he would have been eligible to receive an initial lump sum cash payment equal to \$973,507. This amount reflects Mr. Boldt's average annual cash compensation (i.e. annual salary and Incentive) for the prior three years. Mr. Boldt would also receive, for a period of twelve months, continuing medical and dental coverage under any plans he participates in as of the effective date of such termination. Continued medical and dental benefits would likely total approximately \$13,453.¹⁷ In the event Mr. Boldt remained unemployed at the six (6) month anniversary of his termination, the agreement provides for an additional lump sum cash payment of fifty percent (50%) of the initial payment, or \$486,754. Medical and dental benefits would also continue for another six month period, the value of which would likely total approximately \$6,727. Pursuant to the terms of Mr. Boldt's employment agreement, the termination benefits afforded under the change in control agreement will supersede in the event his termination triggers payments under that agreement.

Agreements with Other Executive Officers. Except for Mr. Gydé,¹⁸ each of the named executive officers has entered into a change in control agreement with the Company. These agreements contain provisions generally similar to those of Mr. Boldt's change in control agreement except that, in the event their employment is terminated by the Company without cause or by themselves with good reason within 6 months before or 24 months after a change in control, such executives would receive a lump sum cash payment equal to two times their salary and Incentive. At the time these agreements were approved by the Compensation Committee, it was considered customary to include the trigger mechanisms contained in the named executive officers agreements. For this reason, such mechanisms were considered important to attracting, retaining and motivating executive officers.

If a change in control occurred on Friday, December 30, 2011, then each of the named executive officers (excluding Messrs. Boldt and Gydé) would have immediately become fully vested in any stock option or restricted stock awards previously granted.¹⁹ If the stock price of the Company was \$14.08, which was the closing price of the stock on December 30, 2011, then the named executive officers could potentially have realized gains, before tax, from the sale of vested securities in the following amounts:

Named Executive Officer	Restricted Stock (\$)	Stock Options (\$)
Brendan M. Harrington	\$ 190,080	\$ 265,750
Michael J. Colson	\$ 251,680	\$ 265,750
Ted Reynolds	\$ 478,720	\$ 53,180

Had the above mentioned executive officers' employment been terminated without cause by the Company, or by themselves with good reason, within 6 months prior to or 24 months following such a change in control, they would also have been entitled to receive, by the tenth day following their termination, lump sum cash payments from the Company in the following amounts:

Mr. Harrington would have received a lump sum payment of \$1,056,520;

Mr. Colson would have received a lump sum payment of \$1,167,546; and

Mr. Reynolds would have received a lump sum payment of \$1,143,558.

¹⁶ The severance trigger requires that the termination be made either by Mr. Boldt for Good Reason or by the Company other than for Cause.

¹⁷ This amount reflects the total costs paid for medical, dental and disability insurance during 2011.

¹⁸ Since Belgium law mandates certain separation benefits, Mr. Gydé does not maintain a change in control agreement with the Company.

¹⁹ Such awards are more fully described in the table entitled Outstanding Equity Awards at Fiscal Year-End.

These payments equal two (2) times the sum of each individual's current annual salary²⁰ (Salary) and their average annual Incentive payment from the last three years (Incentive); and also include an amount equal to twenty-five percent (25%) of such Salary and Incentive amounts. No excise tax gross-up payments would be made to any of the above mentioned executive officers other than Mr. Boldt.

This restricted stock vests upon retirement from the Board. Mr. Marks and Mr. Sullivan elected to place \$47,500 and \$59,000 of their director fees in the Company's Director Deferred Compensation Plan. Mr. Sullivan used his contributions to purchase the Company's stock.
- (2) At December 31, 2011, Messrs. Baker, Clark, Marks, McGuire, Palms and Sullivan had 180,000, 220,000, 220,000, 85,300, 220,000, and 220,000 options outstanding, respectively. The amounts in column (d) reflect the aggregate grant date fair value for the options granted in the 2011 fiscal year, as computed in accordance with FASB ASC Topic 718. The assumptions used in the calculation of these amounts are included in footnote 10 to the Company's audited financial statements for the fiscal year ended December 31, 2011, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on or around February 24, 2012.

The chairman of the Audit Committee receives a \$15,000 annual fee, and the Chairman of the Compensation Committee receives a \$10,000 annual fee, while the chairmen of all other committees (other than Mr. Boldt) receive an annual fee of \$5,000. The lead independent director receives a \$15,000 annual fee. Directors are also reimbursed for expenses they incur while attending Board and committee meetings. Directors who are employees of the Company do not receive additional compensation for their services as directors. In 2011, Mr. Marks received \$90,000 from the Supplemental Plan as mentioned previously.

In 2010, the Company's shareholders approved the Non-Employee Director Deferred Compensation Plan (Director Deferred Compensation Plan). Although no set benefits or amounts are granted under the Plan, the Director Deferred Compensation Plan allows non-employee directors the ability to defer up to 100% of their total

director compensation. The Plan is administered by the Compensation Committee in accordance with Section 409A of the Internal Revenue Code. All amounts credited to the participant are invested, as approved by the Compensation Committee, and the participant is credited with the actual earnings of the investments. Company contributions, including investment earnings, may be cash or the stock of the Company.

Plan participants have an immediate 100% non-forfeitable right to the value of their contributions. If a participant does not make an election in the time and manner specified in the Plan, payment of the vested value of his or her account will be paid in a lump sum on the 10th business day following separation from service. A participant's eligibility terminates upon separation from service.

**PROPOSAL 2 APPROVAL OF THE
NON-BINDING RESOLUTION ON
EXECUTIVE COMPENSATION**

We are seeking a non-binding advisory vote from our shareholders to approve the compensation of our named executive officers, as disclosed in this Proxy Statement.

Shareholders have an opportunity to cast an advisory vote on compensation of executives as disclosed in this Proxy Statement. This proposal, commonly known as a Say-on-Pay proposal, gives shareholders the opportunity to approve, reject or abstain from voting with respect to our fiscal year 2011 executive compensation programs and policies and the compensation paid to the named executive officers. At the Company's last annual meeting, the majority of our shareholders voted to advise us to include a Say-on-Pay proposal every year, and the Board of Directors determined that the Company will hold an advisory shareholder vote on the compensation of executives every year. This non-binding, advisory vote on the frequency of Say-on-Pay proposals must be held at least once every six years.

At the May 2011 annual meeting, shareholders were asked to approve the Company's fiscal 2010 executive compensation programs. Of those who voted, over 95% voted to approve the proposal. In light of these results, and in consideration of shareholder input obtained from outreach efforts taken in connection with the 2011 meeting, the Compensation Committee carefully reviewed the Company's executive compensation practices. The Committee concluded that the Company's existing executive compensation programs continue to be the most appropriate for the Company and effective in rewarding executives commensurate with business results.

This proposal allows our shareholders to express their opinions regarding the decisions of the Compensation Committee on the prior year's annual compensation to the named executive officers. Your advisory vote will serve as an additional tool to guide the Board of Directors and the Compensation Committee in continuing to improve the alignment of the Company's executive compensation programs with the interests of the Company and its shareholders, and is consistent with our commitment to high standards of corporate governance.

The Board of Directors Recommends a vote FOR approval of the following advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Approval of this proposal requires the affirmative vote of the holders of a majority of the shares entitled to vote on, and who vote for and against, the proposal.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by the Board of Directors, it will not create or imply any additional fiduciary duty on the part of the Board of Directors, and it will not restrict or limit the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation. The Compensation Committee will take into account the outcome of this advisory vote when considering future compensation arrangements for our named executive officers.

**THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE
APPROVAL OF THIS RESOLUTION.**

PROPOSAL 3 APPROVAL AND RATIFICATION
OF THE AMENDMENTS TO THE
COMPUTER TASK GROUP, INCORPORATED
FIRST EMPLOYEE STOCK PURCHASE PLAN

At the annual meeting, shareholders are being asked to consider and take action upon a proposal to approve and ratify an amendment to the Company's First Employee Stock Purchase Plan (Plan) to increase the number of shares of common stock that can be purchased under the Plan by 250,000 shares. There are currently 11,500,000 shares authorized under the Plan of which 29,739 are currently available. The full text of the Plan is set forth in Appendix A hereto and shareholders are urged to refer to it for a complete description of the Plan. The following summary is qualified in its entirety by reference to the full text of the Plan.

The Plan is administered by the Compensation Committee who may interpret, construe and amend the Plan, adopt rules and regulations relating to its administration and appoint one or more agents to assist it in the administration of the Plan. The Plan will remain in effect until it is terminated by the Committee.

All employees of the Company and its subsidiaries are eligible to participate in the Plan and to purchase shares of the Company's common stock. Approximately one hundred employees currently participate in the Plan. An employee may not purchase shares if immediately after the option to purchase the shares is granted to him or her, he or she would (i) own 5% or more of the shares of the Company's common stock or (ii) exceed the \$25,000 limitation set forth in IRS Code Section 423.

Each employee who participates in the Plan is granted an option on each bi-weekly payday to purchase common stock of the Company up to a maximum of 10% of his or her total cash compensation. The shares may be purchased at a price equal to the fair market value of the Company's common stock on the corresponding payday (the Price Date). The term fair market value is the closing price for a share of the Company's common stock as reported by the NASDAQ Stock Exchange at the close of business on the Price Date. The options granted to each Plan participant are exercisable only on each payday by payroll deduction. If on any payday an employee fails to exercise an option, the unexercised option lapses and cannot be exercised at a later date.

A Plan participant may withdraw from the Plan at any time by delivering a written notification of withdrawal to the Company. Participation in the Plan automatically terminates once an employee ceases to be employed by the Company. A Plan participant has all of the rights and privileges of a shareholder of the Company with respect to the shares purchased under the Plan.

The Committee may amend or terminate the Plan at any time in its sole discretion subject to certain restrictions set forth in the Plan.

Under the current applicable provisions of the Tax Code and regulations issued thereunder, the following federal income tax consequences may be expected by U.S. taxpayer employees. Options to purchase shares of the Company's common stock are designed to qualify as options granted pursuant to an employee stock purchase plan under Section 423 of the Code. Under that section, employees who exercise an option to purchase shares and who do not dispose of the shares either within two years after the date the option was granted to them or within one year after the date the shares were purchased (the Holding Period) will not generally recognize taxable income for federal income tax purposes upon the grant or exercise of the option. Such employees may, however, be taxed upon the subsequent sale or disposition of such shares. Any gain or loss on the sale may be treated as a capital gain or loss. The Company will not be eligible for any tax deduction for the stock transferred to an employee under the above described circumstances.

Employees who exercise an option to purchase shares and dispose of them either within two years after the date the option was granted to them or within one year after the date the shares were purchased must include that

gain realized, if any, on the disposition of such shares as ordinary income to the extent of the lesser of (i) the fair market value of the option stock on the date of exercise minus the option price, or (ii) the amount realized on disposition of the stock minus the option price.

The foregoing is merely a summary and does not purport to be a complete description of the federal income tax aspects of awards under the Plan. Individuals who receive awards under the Plan should consult with their personal tax advisors to determine the applicability of the tax rules to the awards granted to them.

The proposed amendment to the Plan was authorized and adopted at the February 15, 2012 meeting of the Board of Directors, subject to the approval and ratification by the shareholders at the annual meeting. The favorable vote of the holders of a majority of all outstanding shares entitled to vote at the meeting is required for adoption of the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF THIS PROPOSAL

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and persons who beneficially own more than 10% of the Company's common stock, to file with the Securities and Exchange Commission reports of ownership and changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

The Company believes that all Section 16(a) filing requirements applicable to its officers, directors and beneficial owners of more than 10% of its outstanding common stock were complied with for 2011, except that one option grant transaction for each of Mr. Baker, Mr. Clark, Mr. Marks, Mr. McGuire and Mr. Palms was not reported on a timely filed Form 4. Each of these transactions was subsequently reported on Form 4, however, and all transactions are reflected in this Proxy Statement. This belief is based solely on the Company's review of copies of the Section 16(a) reports furnished to it and written representations that no other reports were required.

Appointment of Auditors and Fees

The Audit Committee appointed KPMG LLP ("KPMG") as the independent registered public accounting firm to audit the Company's financial statements for fiscal 2011.

A representative of KPMG will be present at the annual meeting of shareholders. The representative will be given the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. To the best of the Company's knowledge, no member of that firm has any past or present interest, financial or otherwise, direct or indirect, in the Company or any of its subsidiaries. Matters involving auditing and related functions are considered and acted upon by the Audit Committee. The Audit Committee has determined that the provision of services described under "All Other Fees," below is compatible with maintaining the independent registered public accounting firm's independence.

Audit Fees The aggregate fees billed for professional services rendered by KPMG for the audit of the Company's annual financial statements for the last two fiscal years, including the Company's foreign subsidiaries, the reviews of the financial statements included in the Company's Form 10-Qs, and services rendered in connection with the Company's obligations under Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations were approximately \$432,709 and \$432,377 in 2011 and 2010, respectively.

Audit-Related Fees The aggregate fees billed for assurance and related services rendered by KPMG for the last two fiscal years that are reasonably related to the performance of the audit or review of the Company's financial statements were \$0 in both 2011 and 2010.

Tax Fees The Company was billed \$3,750 and \$0 for fees in 2011 and 2010, respectively, for professional services rendered by KPMG for tax compliance, tax advice and tax planning.

All Other Fees Other than the fees described above, the Company did not pay any other fees in either 2011 or 2010 to KPMG.

Audit Committee Pre-Approval Policies and Procedures. The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has not established a pre-approval policy for these services. The Audit Committee pre-approves each particular service on a case-by-case basis as set forth in the Audit Committee's charter.

Incorporation by Reference

The Compensation Committee Report, the Audit Committee Report, and references to the independence of directors are not deemed to be soliciting material or filed with the Securities and Exchange Commission, are not subject to the liabilities of Section 18 of the Exchange Act and shall not be deemed incorporated by reference into any of the filings previously made or made in the future by the Company under the Exchange Act or the Securities Act of 1933, as amended, except to the extent the Company specifically incorporates any such information into a document that is filed.

Directors and Officers Liability Insurance

The Company indemnifies its directors and officers to the extent permitted by law in connection with civil and criminal proceedings against them by reason of their service as a director or officer. As permitted by Section 726 of the New York Business Corporation Law, the Company has purchased directors and officers liability insurance to provide indemnification for the Company and all its directors and officers. The current liability insurance policy, with a policy period effective May 1, 2011, was issued by The Chubb Group of Insurance Companies at an annual premium of approximately \$291,145.

Audit Committee's Review of Related Person Transactions

In accordance with the Audit Committee charter, the Audit Committee reviews related person transactions. It is the Company's policy that it will not enter into transactions that are considered related person transactions that are required to be disclosed under Item 404 of Regulation S-K unless the Audit Committee or another independent body of the Board of Directors first reviews and approves the transactions.

By Order of the Board of Directors

Exhibit A

COMPUTER TASK GROUP, INCORPORATED
FIRST EMPLOYEE STOCK PURCHASE PLAN
(NINTH AMENDMENT AND RESTATEMENT)

1. Name and Purpose. The name of the plan is the Computer Task Group, Incorporated First Employee Stock Purchase Plan (the Plan). The Plan is intended to provide an opportunity for employees of Computer Task Group, Incorporated (the Company) and its subsidiaries (Subsidiaries) to purchase shares of common stock of the Company (Shares) and thereby provide an incentive for them to remain in the employ of the Company and its Subsidiaries and to give them a proprietary interest in its success. The term Subsidiary shall have the meaning set forth in Section 424 of the Internal Revenue Code of 1986, as amended (the Code). The Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Code and shall be interpreted and construed in accordance with such purpose.

2. Administration. The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (the Compensation Committee) who shall not receive any compensation for administering the Plan. The Compensation Committee may from time to time interpret, construe and amend the Plan, adopt rules and regulations relating to its administration and appoint one or more agents to assist it in the administration of the Plan. Any interpretation or construction of any provision of the Plan by the Compensation Committee shall be final, conclusive and binding. The Company shall pay all expenses of the administration of the Plan.

3. Duration of Plan. The Plan shall remain in effect until terminated by the Compensation Committee or as otherwise set forth herein. Each calendar year shall be a Plan Year.

4. Shares Subject to Plan. The maximum aggregate number of Shares which can be purchased pursuant to the Plan by all employees of the Company and its subsidiaries shall be 11,750,000, except as adjusted pursuant to Section 15 hereof.

5. Eligibility. All employees of the Company and its Subsidiaries shall be eligible to participate in the Plan and to purchase Shares as hereafter set forth, except that no employee may participate in the Plan, if immediately after an option is granted to him or her hereunder, he or she would own (as defined in Section 424 of the Code) Shares of the Company (including shares of the Company which he or she may purchase under outstanding options) possessing five (5%) percent or more of the total combined voting power or value of all classes of shares of the Company. In addition, no employee may participate in the Plan if the option granted to him or her under the Plan would permit him or her to purchase Shares under all employee stock purchase plans (as defined in Section 423 of the Code) of the Company and its Subsidiaries to accrue at a rate which exceeds \$25,000 of the fair market value of such Shares (determined at the time the option hereunder is granted) in any Plan Year. For purposes of this paragraph, the rules set forth in Section 423(b)(8)(A), (B) and (C) of the Code shall be applicable.

6. Purchase of Shares; Grant of Options. Shares shall be purchased under the Plan by the exercise of options granted hereunder. Each employee who participates in the Plan (Plan Participant) shall be granted an option on each payday of the Company which shall entitle him or her to purchase Shares under the Plan up to the maximum number of Shares which he or she can purchase with no more than ten (10%) percent of the total compensation paid to him or her by the Company or any of its Subsidiaries. Such amount shall be proportionately reduced to reflect the employee's maximum length of service with the Company or any of its subsidiaries in the Plan Year. The options shall be exercisable only in the manner set forth in Section 8 hereof.

7. Purchase Price. The purchase price for Shares purchased under this Plan shall be the fair market value of the Shares on the corresponding payday (the Price Date). The term fair market value shall mean the closing price for a Share as reported on the NASDAQ Stock Exchange at the close of business on the Price Date. In the

event that there was no such report for such day, the fair market value shall be such opening price on the next day for which there is such a report. In no event shall the purchase price for Shares purchased hereunder be less than the par value thereof.

8. Exercise of Options. The options granted hereunder shall be exercisable on each payday of the Company or if applicable, the relevant Subsidiary, but only by a payroll deduction authorized pursuant to Section 9 hereof, and only to purchase not more than the maximum number of Shares which, at the purchase price determined in accordance with Section 7 hereof, an employee can purchase pursuant to Section 6 hereof. If on any payday an employee fails to exercise an option, in whole or in part, the unexercised portion of the option shall lapse and cannot thereafter be exercised.

9. Commencement of Participation in the Plan. An employee may commence participation in the Plan at any time by completing and filing with the Company a Payroll Deduction Authorization Form authorizing payroll deductions from his or her pay. An employee who has withdrawn from the Plan may recommence participation in the Plan at any time by completing and filing a form with the Company. Participation in the Plan shall commence or recommence, as the case may be, on the first payday following receipt of the form by the Company's Benefits Department in Buffalo, New York or, in the case of a Subsidiary, at the applicable Benefits Department.

10. Employee Accounts and Payroll Deductions. The Company shall maintain for each Plan Participant a separate bookkeeping account (Account) to which shall be credited all payroll deductions made for him or her and from which shall be deducted amounts used to purchase Shares hereunder.

On each payday a payroll deduction in the amount specified in the most recent Payroll Deduction Authorization Form filed with the Company or any of its Subsidiaries shall be made and the amount thereof shall be credited to the Plan Participant's Account. All amounts in the Account shall then be used to purchase the maximum number of whole Shares which can be purchased at the purchase price determined in accordance with Section 7 hereof. Any amounts remaining in the Account shall be held by the Company without payment of interest thereon until the next payday and shall then be used to purchase additional whole Shares.

A Plan Participant may change the amount of his or her payroll deduction (subject always to the limitation set forth in this Plan) by completing and filing with the Company or the relevant Subsidiary a new Payroll Deduction Authorization Form with the Company's Benefits Department in Buffalo, New York or the relevant benefits department of a Subsidiary.

11. Withdrawal from the Plan; Termination of Participation in the Plan. A Plan Participant may withdraw from the Plan at any time and for any reason by delivering a written notification of withdrawal to the Company or the relevant Subsidiary. Any withdrawal shall become effective immediately upon receipt of the written notification by the Company's Benefits Department in Buffalo, New York or the relevant benefits department of a Subsidiary.

A Plan Participant's participation in the Plan shall automatically terminate upon his or her ceasing to be an employee of the Company or Subsidiary for any reason. An employee who has withdrawn from the Plan may recommence participation in the Plan by completing and filing with the Company or the relevant Subsidiary a new Payroll Deduction Authorization Form.

Upon withdrawal or termination, all amounts held by the Company or a Subsidiary, if applicable, in the Account of an employee shall be returned to him or her or to his or her estate together with a certificate for Shares purchased hereunder, if requested.

12. Nontransferability. The options granted hereunder may not be assigned, transferred or hypothecated and are exercisable only by the Plan Participant.

13. Rights as a Shareholder. A Plan Participant shall have all the rights and privileges of a shareholder of the Company with respect to Shares purchased pursuant to the Plan (to the extent permitted by applicable law) on the date the Shares are purchased.

14. Reports; Issuance of Certificates for Shares. On or before the last business day of June, September, December and March, a report as to the status of each Plan Participant's Account and certificates representing the Shares which he or she purchased in the first, second, third and fourth calendar quarters, if requested, will be sent to him or her. Shares issued hereunder shall be in the name of the Plan Participant.

15. Adjustments. If there is any change in the outstanding Shares of the Company as a result of a stock dividend, stock split or combination of Shares or any other change, or exchange for other securities, by reclassification, reorganization, redesignation, merger, consolidation, or recapitalization or otherwise, the Compensation Committee may make appropriate adjustments in the number and kind of shares and prices per share of Shares subject to outstanding options in order to preserve the relative benefits to optionees.

16. Amendment to the Plan. The Compensation Committee may amend the Plan at any time in its sole discretion; provided, however, that without shareholder approval, the Plan may not be amended; (a) to materially increase the number of Shares which may be purchased pursuant to the Plan; (b) materially modify the requirements as to eligibility for participation in the Plan; (c) materially increase the benefits accruing to Participants under the Plan; or (d) if the effect of the amendment is to cause the Plan to no longer be qualified as an employee stock purchase plan under Section 423 of the Code.

17. Termination of the Plan. The Plan may be terminated by the Compensation Committee at any time in its sole discretion and shall terminate automatically, without Compensation Committee action: (i) whenever a required registration statement under the Securities Act of 1933, as amended, is not in effect with respect to the Shares offered pursuant to the Plan or (ii) whenever the maximum number of Shares which may be purchased pursuant to the Plan have been purchased.
