**Item 2.01. Completion of Acquisition or Disposition of Assets.**

As previously announced, on October 25, 2013, Integra LifeSciences Corporation (the Company), a Delaware corporation and wholly-owned subsidiary of Integra LifeSciences Holdings Corporation, entered into a stock purchase agreement (the Purchase Agreement) with Covidien Group S.a.r.l, a Luxembourg company (Covidien), for the acquisition by the Company of Confluent Surgical, Inc., a Delaware corporation (Confluent Surgical), including its surgical sealant and adhesion barrier product lines. Pursuant to the Purchase Agreement, on January 15, 2014, the Company acquired all of the capital stock of Confluent Surgical.

Under the terms of the Purchase Agreement, the Company paid Covidien an initial cash payment of \$231 million upon the closing of the transaction on January 15, 2014 and at that time made a prepayment of \$4 million under a transitional supply agreement with an affiliate of Covidien. In addition, the Company may pay Covidien up to \$30 million following the closing, contingent upon obtaining certain U.S. and European governmental approvals related to the completion of the transition of the Confluent Surgical business and the timely supply of products under the transitional supply agreement. The Company also entered into a transition services agreement with an affiliate of Covidien at closing.

The description of the terms of the Purchase Agreement is qualified in its entirety by reference to the copy of such Purchase Agreement attached as Exhibit 10.1 to the Current Report on Form 8-K and incorporated by reference herein.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On January 15, 2014, Integra LifeSciences Holdings Corporation (the Company) borrowed \$235 million under its senior secured revolving credit facility. As a result of this borrowing, the Company has \$421.875 million of outstanding borrowings under its credit facility as of the date of this filing. The Company used the funds to make payments required upon the closing of the acquisition of Confluent Surgical.

The outstanding borrowings under the credit facility have one-month and three-month interest periods. The weighted average interest rate of the outstanding borrowings under the credit facility is approximately 1.939%.
