We may sell any combination of the securities described in this prospectus from time to time in one or more offerings and selling securityholders may offer such securities owned by them from time to time. You should carefully read this prospectus and any accompanying prospectus supplement together with the additional information described under the heading **Where You Can Find More Information**.

This prospectus provides you with a general description of the securities that may be offered by us and/or selling securityholders. Each time we sell securities pursuant to this prospectus, we will provide a prospectus supplement that contains specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. If this prospectus is inconsistent with the prospectus supplement, you should rely upon the prospectus supplement. In addition, the prospectus supplement may also add, update or change the information contained in this prospectus.

If you are in a jurisdiction where offers to sell, or solicitations of offers to purchase, the securities offered by this document are unlawful, or if you are a person to whom it is unlawful to direct these types of activities, then the offer presented in this document does not extend to you.

Wherever references are made in this prospectus to information that will be included in a prospectus supplement, to the extent permitted by applicable law, rules or regulations, we may instead include such information or add, update or change the information contained in this prospectus by means of a post-effective amendment to the registration statement of which this prospectus is a part, through filings we make with the SEC that are incorporated by reference in this prospectus or by any other method as may then be permitted under applicable law, rules or regulations. For purposes of this prospectus, any reference to a prospectus supplement may also refer to a free writing prospectus unless the context requires otherwise.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and any accompanying prospectus supplement, as well as the information incorporated by reference in this prospectus or any accompanying prospectus supplement, may include forward-looking statements made within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Such forward-looking statements involve substantial risks and uncertainties. We have tried, wherever possible, to identify such statements by using words such as will, may, could, likely, ongoing, anticipate, estimate, expect, project, intend, plan, believe, objective, aim, and other words and terms of similar meaning, or by using future dates in connection with any discussion of, among other things, our anticipated future operating or financial performance, business plans and prospects, in-line products and product candidates, strategic reviews, capital allocation, business development plans and plans related to share repurchases and dividends. In particular, these include statements relating to future actions, business plans and prospects, our recently-announced proposed acquisition of Hospira, prospective products or product approvals, future performance or results of current and anticipated products, sales efforts, expenses, interest rates, foreign exchange rates, the outcome of contingencies, such as legal proceedings, plans relating to share repurchases and dividends, government regulation and financial results.

A list and description of risks, uncertainties and other matters can be found in our Annual Report on Form 10-K for the year ended December 31, 2014, including in the sections thereof captioned **Forward-Looking Information** and **Factors That May Affect Future Results** and **Item 1A. Risk Factors**, in our Current Reports on Form 8-K, and in this prospectus and any accompanying prospectus supplement, in each case including in the section thereof captioned **Risk**

Factors. You should understand that it is not possible to predict or identify all such factors. Consequently, you should not consider any such list to be a complete set of all potential risks or uncertainties.

We cannot guarantee that any forward-looking statement will be realized, although we believe we have been prudent in our plans and assumptions. Achievement of anticipated results is subject to substantial risks, uncertainties and inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from past results and those anticipated, estimated or projected. You should bear this in mind as you consider forward-looking statements, and you are cautioned not to put undue reliance on forward-looking statements.

We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law or by the rules and regulations of the SEC. Our global portfolio includes medicines and vaccines, as well as many of the world's best-known consumer healthcare products. The majority of our revenues come from the manufacture and sale of biopharmaceutical products.

The Company was incorporated under the laws of the State of Delaware on June 2, 1942.

Our principal executive offices are located at 235 East 42nd Street, New York, NY 10017-5755 and our telephone number is (212) 733-2323.

Table of Contents**RISK FACTORS**

You should consider carefully the information under the headings **Risk Factors** in our Annual Report on Form 10-K for the year ended December 31, 2014, in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC, pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, including our quarterly reports on Form 10-Q and our current reports on Form 8-K, before making an investment decision. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment. See **Where You Can Find More Information**.

RATIO OF EARNINGS TO FIXED CHARGES

Our consolidated ratio of earnings to fixed charges for each of the years ended December 31, 2010 through 2014 is set forth below. All financial information for the years ended December 31, 2013, 2012, 2011 and 2010 reflect the June 24, 2013 disposition of Zoetis Inc. and its presentation as a discontinued operation. All financial information for the years ended December 31, 2011 and 2010 reflect Capsugel (the sale of which closed on August 1, 2011) as a discontinued operation. The financial information for the years ended December 31, 2012, 2011 and 2010 reflects the Nutrition business, which was acquired in 2009 and which we sold on November 30, 2012, as a discontinued operation.

For the purpose of computing these ratios, **earnings** consists of income from continuing operations before provision for taxes on income, noncontrolling interests and cumulative effect of a change in accounting principles less noncontrolling interests plus fixed charges, distributed income of equity-method investments, amortization of capitalized interest, excluding capitalized interest and equity income from equity-method investments. **Fixed charges** consists of interest expense (which includes amortization of debt premium, discount and other debt costs), preferred stock dividends, one-third of rental expense, which we believe to be a conservative estimate of an interest factor in our leases, which are not material, and capitalized interest. The ratio was calculated by dividing the sum of the earnings (as defined above) by the sum of the fixed charges (as defined above).

	Year Ended December 31,				
	2014	2013	2012	2011	2010
Ratio of earnings to fixed charges	9.3	11.3	7.7	7.2	5.4

USE OF PROCEEDS

Unless the applicable prospectus supplement indicates otherwise, we intend to use net proceeds from the sale of the securities for general corporate purposes, including working capital, capital expenditures, acquisitions and the refinancing of existing debt. We may use funds that are not immediately needed for these purposes to temporarily invest in short-term marketable securities.

DESCRIPTION OF DEBT SECURITIES

The debt securities covered by this prospectus will be our direct unsecured obligations. The debt securities will be issued in one or more series under an indenture dated as of January 30, 2001, between us and The Bank of New York Mellon (formerly known as The Bank of New York), as successor to JPMorgan Chase Bank, N.A. (formerly The Chase Manhattan Bank), as trustee, unless otherwise specified in the prospectus supplement.

The following description is a summary of selected portions of the indenture. The indenture has been filed as an exhibit to the registration statement of which this prospectus forms a part, and you should read the indenture carefully for provisions that may be important to you.

We may issue the debt securities as original issue discount securities, which will be offered and sold at a discount below their stated principal amount. A prospectus supplement relating to original issue discount securities will describe federal income tax consequences and other special considerations applicable to them. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies or currency units, as described in more detail in a prospectus supplement relating to any of these types of debt securities. A prospectus supplement relating to indexed debt securities or foreign currency debt securities will also describe any additional tax consequences or other special considerations applicable to these types of debt securities.

In addition, the material specific terms particular to debt securities of each series will be described in the prospectus supplement relating to the debt securities of that series.

General

The debt securities will rank equally with all of our other unsecured and unsubordinated debt. The indenture does not limit the amount of debt we may issue under the indenture or otherwise. We may issue the debt securities in one or more series with the same or various maturities, at par or a premium or with original issue discount. We may reopen a previous issue of debt securities and issue additional debt securities of the series.

The prospectus supplement relating to any debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

the title and type of the debt securities;

any limit upon the aggregate principal amount of the debt securities of the series to be issued;

the person to whom any interest on the debt securities will be payable, if other than the person in whose name that debt security is registered on the regular record date for such interest;

the date or dates on which the principal of the debt securities of the series is payable; and the right, if any, to shorten or extend the date on which the principal of any debt securities of the series is payable and the conditions to any such change;

the rate or rates (which may be fixed or variable) at which the debt securities will bear interest, or the method by which such rate or rates will be determined; the date or dates from which such interest will accrue, the interest payment dates on which any such interest will be payable; and the regular record date, if any, for the interest payable on such debt securities;

the right, if any, to extend the interest payment periods;

the place or places where the principal of and any premium and interest on the debt securities will be payable; and whether, if acceptable to the trustee, any principal of such debt securities will be payable without presentation or surrender thereof;

any optional or mandatory redemption provisions;

any sinking fund or other provision that would obligate us to repurchase all or part of the debt securities;

if other than denominations of \$100,000 and any integral multiple thereof, the denominations in which the debt securities will be issuable;

Table of Contents

if other than the currency of the United States of America, the currency, currencies or currency units in which the principal of and any premium or interest on the debt securities will be payable and the manner of determining the equivalent in U.S. dollars;

if the amount of principal of or any premium or interest on the debt securities may be determined with reference to an index or formula, the manner in which such amounts will be determined;

if the principal of or any premium or interest on the debt securities is to be payable, at the election of the company or a holder thereof, in one or more currencies or currency units other than that or those in which the debt securities are stated to be payable, the currency, currencies or currency units in which the principal of or any premium or interest on such debt securities as to which such election is made will be payable, the periods within which and the terms and conditions upon which such election is to be made and the amount so payable (or the manner in which such amount will be determined);

if other than the entire principal amount thereof, the portion of the principal amount of the debt securities which will be payable if maturity of the debt securities is accelerated;

the application, if any, of the terms of the indenture relating to defeasance and covenant defeasance to the debt securities;

if the principal amount payable at the stated maturity of the debt securities will not be determinable as of any one or more dates prior to the stated maturity, the amount which will be deemed to be the principal amount of such debt securities as of any such date for any purpose under such debt securities or the indenture, including the principal amount thereof which will be due and payable upon any maturity other than the stated maturity or which will be deemed to be outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount will be determined);

whether any of the debt securities will be issued in global form and, if so, the terms and conditions upon which the global debt securities may be exchanged for certificated debt securities and the depositary for such global debt securities;

any addition to, or modification or deletion of, any event of default or any covenant specified in the indenture;

any modification of the manner in which principal, premium, if any, or interest payable on any global debt securities will be paid, if other than in the manner specified in the indenture; and

any other terms of the debt securities.

The prospectus supplement relating to the debt securities of the series will be attached to the front of this prospectus.

We may issue debt securities other than the debt securities described in this prospectus. There is no requirement that any other debt securities that we issue be issued under the indenture. Thus, any other debt securities that we issue may be issued under other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of the debt securities described in this prospectus.

Consolidation, Merger or Sale

We have agreed not to consolidate with or merge into any other person or convey or transfer our properties and assets as an entirety or substantially as an entirety to any other person, unless:

(a) the successor expressly assumes, by a supplemental indenture, the due and punctual payment of the principal of and any premium and/or any interest on all the debt securities and the performance and observance of all of the covenants and conditions of the indenture that we would otherwise have to perform as if it were an original party to the indenture; and

Table of Contents

(b) we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that the consolidation, merger, conveyance or transfer and the supplemental indenture comply with the indenture.

The successor will assume all our obligations under the indenture as if it were an original party to the indenture. After assuming such obligations, the successor will have all our rights and powers under the indenture.

Modification of Indenture

Under the indenture, the rights of the holders may be modified through a supplemental indenture if the holders of a majority in aggregate principal amount of the outstanding debt securities of all series affected by the modification consent to it. No modification of the maturity date or principal or interest payment terms, no modification of the currency for payment, no impairment of the right to sue for the enforcement of payment at the maturity of the debt security, no modification of any conversion rights, no modification reducing the percentage required for any such supplemental indenture or the percentage required for the waiver of certain defaults, and no modification of the foregoing provisions or any other provisions relating to the waiver of past defaults or the waiver of certain covenants, is effective against any holder without its consent.

Events of Default

Each of the following will constitute an Event of Default under the indenture with respect to debt securities of any series:

we fail to make the principal or any premium payment on any debt security of such series when due;

we fail to make any sinking fund payment for 60 days after payment was due by the terms of any debt security of such series;

we fail to pay interest on any debt security of such series for 60 days after payment was due;

we fail to perform any other covenant in the indenture and this failure continues for 90 days after we receive written notice of it; or

we, or a court, take certain actions relating to the bankruptcy, insolvency or reorganization of our company. The supplemental indenture or the form of security for a particular series of debt securities may include additional Events of Default or changes to the Events of Default described above. The Events of Default applicable to a particular series of debt securities will be discussed in the prospectus supplement relating to such series. A default under our other indebtedness will not be a default under the indenture for the debt securities covered by this prospectus, and a default under one series of debt securities will not necessarily be a default under another series. The trustee may withhold notice to the holders of debt securities of any default (except for defaults that involve our failure to pay principal or interest) if it considers such withholding of notice to be in the best interests of the holders.

If an Event of Default with respect to outstanding debt securities of any series occurs and is continuing, then the trustee or the holders of at least 33% in principal amount of outstanding debt securities of that series may declare, in a written notice, the principal amount (or, if any of the securities of that series are original issue discount securities, such portion of the principal amount of such securities as specified in the terms thereof) plus accrued and unpaid interest on all debt securities of that series to be immediately due and payable. At any time after a declaration of acceleration with respect to debt securities of any series has been made, the holders of a majority in principal amount of the outstanding debt securities may rescind and annul the acceleration if:

the holders act before the trustee has obtained a judgment or decree for payment of the money due;

we have paid or deposited with the trustee a sum sufficient to pay overdue interest and overdue principal other than the accelerated interest and principal; and

Table of Contents

we have cured or the holders have waived all Events of Default, other than the non-payment of accelerated principal and interest with respect to debt securities of that series, as provided in the indenture.

We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of the discount securities upon the occurrence of an Event of Default.

If a default in the performance or breach of the indenture shall have occurred and be continuing, the holders of not less than a majority in principal amount of the outstanding securities of all series affected thereby, by notice to the trustee, may waive any past Event of Default or its consequences under the indenture. However, an Event of Default cannot be waived with respect to any series of securities in the following two circumstances:

a failure to pay the principal of, and premium, if any, or interest on any security or in the payment of any sinking fund installment; or

a covenant or provision that cannot be modified or amended without the consent of each holder of outstanding securities of that series.

Other than its duties in case of a default, the trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders, unless the holders offer the trustee reasonable indemnity. Holders of a majority in principal amount outstanding of any series of debt securities may, subject to certain limitations, direct the time, method and place of conducting any proceeding or any remedy available to the trustee, or exercising any power conferred upon the trustee, for such applicable series of debt securities.

We are required to deliver an annual officers' certificate to the trustee, stating whether we are in default in the performance and observance of any of the terms, provisions and conditions of the indenture, and, if we are in default, specifying all such defaults and the nature and status thereof.

Payment and Transfer and Exchange

We will pay principal, interest and any premium on fully registered securities at the place or places designated by us for such purposes. We will make payment to the persons in whose names the debt securities are registered on the close of business on the day or days specified by us. Any other payments will be made as set forth in the applicable prospectus supplement.

Holders may transfer or exchange fully registered securities at the corporate trust office of the trustee or at any other office or agency maintained by us for such purposes, without the payment of any service charge except for any tax or governmental charge we are required to pay in connection with a transfer or exchange.

Upon surrender for registration of transfer of any security of any series in accordance with the terms of the indenture, we shall execute, and the trustee shall authenticate and deliver or make available for delivery, in the name of the designated transferee or transferees, one or more new securities of the same series, of any authorized denominations and of like tenor and aggregate principal amount.

If the securities of any series are to be redeemed, we are not required to:

Edgar Filing: PFIZER INC - Form S-3ASR

register, transfer or exchange securities of any series during a period beginning at the opening of business 15 days before the day we transmit a notice of redemption of securities of the series selected for redemption and ending at the close of business on the day of the transmission; or

register, transfer or exchange any security so selected for redemption in whole or in part, except the unredeemed portion of any security being redeemed in part.

Table of Contents

Global Securities

We may issue the securities in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the applicable prospectus supplement. We may issue the global securities in either registered or bearer form and in either temporary or permanent form.

The applicable prospectus supplement will describe the specific terms of the depositary arrangement with respect to the applicable securities of that series. We anticipate that the following provisions will apply to all depositary arrangements.

Once a global security is issued, the depositary will credit on its book-entry system the respective principal amounts of the individual securities represented by that global security to the accounts of institutions that have accounts with the depositary. These institutions are known as participants. The underwriters for the securities will designate the accounts to be credited. However, if we have offered or sold the securities either directly or through agents, we or the agents will designate the appropriate accounts to be credited.

Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depositary's participants or persons that hold through participants. The laws of some states require that certain purchasers of securities take physical delivery of securities. Such limits and such laws may limit the market for beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of a global security, the depositary or nominee will be considered the sole owner or holder of the securities represented by the global security for all purposes under the indenture. Except as provided in the applicable prospectus supplement, owners of beneficial interests in a global security:

will not be entitled to have securities represented by global securities registered in their names;

will not receive or be entitled to receive physical delivery of securities in definitive form; and

will not be considered owners or holders of these securities under the indenture.

Payments of principal, any premium and interest on the individual securities registered in the name of the depositary or its nominee will be made to the depositary or its nominee as the holder of that global security. Neither we, nor the trustee, will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of a global security, or for maintaining, supervising or reviewing any records relating to beneficial ownership interests and each of us and the trustee may act or refrain from acting without liability on any information provided by the depositary.

We expect that the depositary, after receiving any payment of principal, any premium or interest in respect of a global security, will immediately credit the accounts of the participants with payment in amounts proportionate to their respective holdings in principal amount of beneficial interests in a global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a global security will be governed by standing customer instructions and customary practices, as is now the case with securities held for the

accounts of customers in bearer form or registered in street name, and will be the responsibility of such participants.

Debt securities represented by a global security will be exchangeable for debt securities in definitive form of like tenor in authorized denominations if the depositary notifies us that it is unwilling or unable to continue as the depositary and a successor depositary is not appointed by us within 90 days or we, in our discretion, determine not to require all of the debt securities of a series to be represented by a global security and notify the trustee of our decision.

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under the indenture. Subject to certain additional conditions, if we irrevocably deposit with the trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the debt securities of a particular series, then at our option:

we will be discharged from our obligations with respect to the debt securities of such series; or

we will no longer be under any obligation to comply with certain restrictive covenants under the indenture, and certain Events of Default will no longer apply to us.

To exercise our defeasance option, we must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent related to the defeasance have been complied with.

Concerning the Trustee

The trustee, The Bank of New York Mellon, has provided banking and investment services to us in the past and may do so in the future as a part of its regular business.

DESCRIPTION OF CAPITAL STOCK

General

The following description of certain terms of our capital stock does not purport to be complete and is subject to, and qualified in its entirety by reference to, our restated certificate of incorporation, as amended (the Certificate of Incorporation), our by-laws, as amended (the By-Laws), and the applicable provisions of the Delaware General Corporation Law (the DGCL). For more information on how you can obtain the Certificate of Incorporation and the By-Laws, see [Where You Can Find More Information](#).

Common Stock

Under the Certificate of Incorporation, we are authorized to issue up to 12 billion shares of common stock, par value \$0.05 per share. The common stock is not redeemable, does not have any conversion rights and is not subject to call. Holders of shares of common stock have no preemptive rights to maintain their percentage of ownership in future offerings or sales of our stock. Holders of shares of common stock have one vote per share in all elections of Directors and on all other matters submitted to vote of our stockholders. The holders of common stock are entitled to receive dividends, if any, as and when may be declared from time to time by our Board of Directors out of funds legally available therefor. Upon liquidation, dissolution or winding up of our affairs, the holders of common stock will be entitled to participate equally and ratably, in proportion to the number of shares held, in our net assets available for distribution to holders of common stock. The shares of common stock currently outstanding are fully paid and nonassessable. As of February 20, 2015, there were 6,128,855,392 shares of common stock issued and outstanding.

The prospectus supplement relating to any common stock being offered will include specific terms relating to the offering.

Preferred Stock

Under the Certificate of Incorporation, we are authorized to issue up to 27 million shares of preferred stock, without par value, of which 7,500 shares of preferred stock have been designated Series A convertible perpetual preferred stock. The preferred stock may be issued in one or more series, and the Board of Directors of Pfizer is expressly authorized (i) to fix the descriptions, powers, preferences, rights, qualifications, limitations, and restrictions with respect to any series of preferred stock and (ii) to specify the number of shares of any series of preferred stock. As of February 20, 2015, there were 706.84 shares of preferred stock issued and outstanding.

The prospectus supplement relating to any preferred stock being offered will include specific terms relating to the offering.

Series A Convertible Perpetual Preferred Stock. Our Series A convertible perpetual preferred stock is held by an Employee Stock Ownership Plan (Preferred ESOP) Trust and provides dividends at the rate of 6.25% of the stated value, which are accumulated and paid quarterly. The per-share stated value is \$40,300, and the Series A convertible perpetual preferred stock ranks senior to our common stock and junior to all other preferred stock unless designated as ranking senior or on a parity with the new preferred stock as to dividends and liquidation rights. Each share is convertible, at the holder's option, into 2,574.87 shares of our common stock. Each share of Series A convertible perpetual preferred stock is entitled to 2,574.87 votes per share in any matter submitted to the stockholders to vote. In most matters, holders of Series A convertible perpetual preferred stock vote together with the holders of common stock as one class. The conversion option is indexed to our common stock and requires share settlement, and, therefore, is reported at the fair value at the date of issuance. We may redeem the Series A convertible perpetual

preferred stock at any time or upon termination of the Preferred ESOP, at our option, in cash, in shares of common stock, or a combination of both at a price of \$40,300 per share.

Anti-takeover Effects of the Certificate of Incorporation, By-laws and Delaware Law

Certificate of Incorporation and By-laws. Various provisions contained in the Certificate of Incorporation and the By-laws could delay or discourage some transactions involving an actual or potential change in control of us or a change in our management and may limit the ability of our stockholders to remove current management or approve transactions that our stockholders may deem to be in their best interests. Among other things, these provisions:

limit the right of stockholders to call special meetings of stockholders to holders of at least 20% of the total number of shares of stock entitled to vote on the matter to be brought before the proposed special meeting;

authorize our Board of Directors to establish one or more series of preferred stock without stockholder approval;

authorize the Board to issue dividends in the form of stock purchase or similar rights, including rights that would have the effect of making an attempt to acquire us more costly;

grant to the Board of Directors, and not to the stockholders, the sole power to set the number of Directors;

require that any action required or permitted to be taken by our stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by any consent in writing; and

subject to the rights of the holders of any one or more series of preferred stock then outstanding, allow our Directors, and not our stockholders, to fill vacancies on our Board of Directors, including vacancies resulting from the removal of one or more Directors or an increase in the number of Directors constituting the whole Board of Directors.

Delaware Law. We are a Delaware corporation and consequently are also subject to certain anti-takeover provisions of the DGCL. Subject to certain exceptions, Section 203 of the DGCL prevents a publicly held Delaware corporation from engaging in a business combination with any interested stockholder for three years following the date that the person became an interested stockholder, unless the interested stockholder attained such status with the approval of the corporation's board of directors or unless the business combination is approved in a prescribed manner. A business combination includes, among other things, a merger or consolidation involving the corporation and the interested stockholder and the sale of more than 10% of the corporation's assets. In general, an interested stockholder is any entity or person beneficially owning 15% or more of the corporation's outstanding voting stock and any entity or person affiliated with or controlling or controlled by such entity or person. Section 203 makes it more difficult for an interested stockholder to effect various business combinations with a corporation for a three-year period. This statute could prohibit or delay mergers or other takeover or change in control attempts not approved in advance by our Board of Directors, and, as a result, could discourage attempts to acquire us, which could depress the market price of our common stock.

Item 15. Indemnification of Directors and Officers.

Section 145 of the DGCL permits a corporation to indemnify any person who is or has been a director, officer, employee or agent of the corporation or who is or has been serving as director, officer, employee or agent of another corporation, organization or enterprise at the request of the corporation, against all liability and expenses (including, but not limited to, attorneys' fees and disbursements and amounts paid in settlement or in satisfaction of judgments or as fines or penalties) incurred or paid in connection with any claim, action, suit or proceeding, whether civil, criminal, administrative, investigative or otherwise, in which he/she may be involved by reason of the fact that he/she served or is serving in these capacities, if he/she acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, had no cause to believe his/her conduct was unlawful. In the case of a claim, action, suit or proceeding made or brought by or in the right of the corporation to procure a recovery or judgment in its favor, the corporation shall not indemnify such person in respect of any claim, issue or matter as to which such person has been adjudged to be liable to the corporation for negligence or misconduct in the performance of his/her duty to the corporation, except for such expenses as the court may allow. Any such person who has been wholly successful on the merits or otherwise with respect to any such claim, action, suit or proceeding or with respect to any claim, issue or matter therein, shall be indemnified against all expenses in connection therewith or resulting therefrom.

Section 102(b)(7) of the DGCL provides that a corporation may eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such

provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, (iv) for any transaction from which the director derived an improper personal benefit, or (v) for any act or omission occurring prior to the date when such provision becomes effective.

Pursuant to Article V, Section 1 of the By-Laws, we will indemnify and hold harmless Directors and officers who were or are made or are threatened to be made a party or are otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, to the fullest extent permitted by applicable law as it presently exists or is amended. We have entered into agreements with our Directors and certain of our officers requiring us to indemnify such persons to the fullest extent permitted by the By-Laws. We also maintain insurance coverage relating to certain liabilities of directors and officers.

Item 16. Exhibits.

The Exhibits to this registration statement are listed in the Exhibit Index on page II-6 and are incorporated by reference in this prospectus.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) under the Securities Act that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the

date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document

incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act.
