The 15th calendar day preceding each Interest Payment Date, whether or not such day is a Business Day.

Payment of Additional Amounts:

Under current law, payments of interest may be made without withholding or deduction for or on account of U.K. income tax, and

no additional amounts will therefore be payable, provided that the 2022 Notes are listed on a recognised stock exchange within the meaning of Section 1005 of the UK Income Tax Act 2007. The New York Stock Exchange is a recognised stock exchange at the date hereof.

Listing: Application will be made to list the 2022 Notes on the New York Stock Exchange although neither BP Capital U.K. nor BP can guarantee such listing will be obtained.

Redemption: The 2022 Notes are not redeemable, except as described under Description of Debt Securities and Guarantees Optional Tax Redemption on page 19 of the prospectus and as described below under Optional Make-whole Redemption. The provision for optional tax redemption described in the prospectus will apply in respect of changes in tax treatments occurring after March 12, 2015.

Optional Make-whole Redemption: BP Capital U.K. has the right to redeem the 2022 Notes, in whole or in part, at any time and from time to time at a redemption price equal to the greater of (i) 100% of the principal amount of the 2022 Notes to be redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the 2022 Notes to be redeemed (not including any portion of payments of interest accrued and unpaid to the redemption date) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate plus 20 basis points, plus in each case accrued and unpaid interest to the date of redemption. For purposes of determining the optional make-whole redemption price, the following definitions are applicable. Treasury rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) of the comparable treasury issue, assuming a price for the comparable treasury issue (expressed as a percentage of its principal amount) equal to the comparable treasury price for such redemption date. Comparable treasury issue means the U.S. Treasury security or securities selected by the quotation agent as having an actual or interpolated maturity comparable to the remaining term of the 2022 Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes. Comparable treasury price means, with respect to any redemption date, the average of the reference treasury dealer quotations for such redemption date. Quotation agent means one of the reference treasury dealers appointed by BP Capital U.K. Reference treasury dealer means Barclays Capital Inc., HSBC Securities (USA) Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC and UBS Securities LLC or their affiliates, each of which is a primary U.S. government securities dealer in the United States (a primary treasury dealer), and their

respective successors, and two other primary treasury dealers selected by BP Capital U.K., provided, however, that if any of the foregoing shall cease to be a primary treasury dealer, BP Capital U.K. shall substitute therefor another primary treasury dealer. Reference treasury dealer quotations means with respect to each reference treasury dealer and any redemption date, the average, as determined by the quotation agent, of the bid and asked prices for the comparable treasury issue (expressed in each case as a percentage of its principal amount) quoted in writing to the quotation agent by such reference treasury dealer at 5:00 p.m. New York time on the third business day preceding such redemption date.
