GOL Launches Channel on IR Site for Fixed Income Investors

Sao Paulo, November 12, 2007 GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the parent company of Brazil's low-cost airlines GOL Transportes Aéreos S.A. and VRG Linhas Aéreas S.A., has launched a new IR channel designed for creditors and fixed income investors on its Investor Relations (IR) website (www.voegol.com.br/ir).

Since GOL listed its shares on both the NYSE and Bovespa stock exchanges on June 24, 2004, the Company has operated a financial communications program centered on three main principles: transparency, guaranteed access to information and equal treatment of all stakeholders. Accordingly, GOL launched this new channel to make information more accessible to its creditors and bondholders.

The following information is available to creditors and fixed income investors through the channel: credit ratings and reports; description of its debt securities outstanding; details regarding the Company's debt composition and cost; financial ratios; financial policies; and FAQ's targeted to fixed income investors.

With this focused channel, GOL is providing its debt investors with information organized for their needs. We are constantly working towards improving our best practices in financial disclosure, says Richard Lark, executive vice president, chief financial officer and IRO at GOL.

In addition to its main home page, four additional channels on the IR website are available to institutional and individual investors, analysts and creditors.
