Prudential – June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

1) OPERATIONS

Banco Bradesco S.A. (Bradesco) is a private-sector publicly traded company and universal bank that through its commercial, foreign exchange, consumer financing and housing loan portfolios carries out all the types of banking activities that it is authorized to do so. The Bank is involved in a number of other activities, either directly or indirectly, through its subsidiaries, specifically leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. All these activities are undertaken by the various companies in Organização Bradesco, working together in an integrated fashion in the market.

2) PRESENTATION OF THE FINANCIAL STATEMENTS

The Financial Statements of the Prudential Conglomerate were prepared to comply with the requirements of Resolution No. 4.280/13, of the National Monetary Council (CMN) and additional rules of the Central Bank of Brazil (Bacen). Thus, specific requirements in the consolidation and/or combination of the entities listed in Resolution No. 4.280/13 determined by the CMN and Bacen were observed, which are not necessarily the same established by the corporate law and by the CMN or Bacen for other types of consolidation. In this sense, they cover the financial statements of Banco Bradesco, and foreign branches, subsidiaries and investment funds, as requested in Resolution No. 4.280/13.

In the preparation of these Financial Statements of the Prudential Conglomerate intercompany transactions, including investments, assets and liabilities, revenue, expenses and unrealized profit were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for in a separate line. For jointly controlled investments with other shareholders, assets, liabilities and income and loss were proportionally consolidated in the consolidated financial statements of the Prudential Conglomerate according to the interest held in the shareholders' equity of each investee. Goodwill on the acquisition of investments in subsidiary/associate companies or jointly controlled entities is presented in the investments and intangible assets lines (Note 14a).

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity securities and non-financial assets; and the determination of the useful life of specific assets. Actual results may differ from those based on estimates and assumptions.

Bradesco's financial statements of the Prudential Conglomerate were approved by the Board of Executive Officers and by the Disclosure Committee on July 29, 2015.

(1) Increase in equity interest through share acquisition in December 2014;

(2) The special purpose entity International Diversified Payment Rights Company is being consolidated. The company is part of a structure set up for the securitization of the future flow of payment orders received overseas (Note 15d);

(3) Company incorporated by Banco Bradesco S.A. Grand Cayman Branch in November 2014;

(4) Increase in equity interest through share acquisition in February and March 2015;

(5) Company proportionally consolidated, pursuant to CMN Rule No. 4.280/13;

(6) They have been part of the Prudential Conglomerate since January 2015;

(7) Ended in January 2015;

(8) Ended in May 2014; and

(9) The Investment Funds in which Bradesco substantially assumes or retains risks and benefits were consolidated.

3) SIGNIFICANT ACCOUNTING PRACTICES

a) Functional and Presentation Currencies

Financial statements of Prudential Conglomerate are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and profit or loss are translated into Brazilian reais using the appropriate currency exchange rate to comply with accounting practices adopted in Brazil. Foreign currency translation gains and losses arising are recognized in the period's income statement in the lines "Derivative Financial Instruments" and "Borrowing and On-lending".

b) Income and Expense Recognition

The result is calculated according to the regime of competence, which establishes that the revenues and expenses should be included in the calculation of the results for the periods in which they occur, always simultaneously when they are correlated, regardless of being a receipt or payment.

Fixed rate contracts are recorded at their redemption value with the income or expense relating to future periods being recorded as a deduction from the corresponding asset or liability. Finance income and costs are recognized daily on a pro-rata basis and calculated using the compounding method, except when they relate to discounted notes or to foreign transactions, which are calculated using the straight-line method.

Floating rate and foreign-currency-indexed contracts are adjusted for interest and foreign exchange rates applicable at the end of the reporting period.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

c) Cash and cash equivalents

Cash and cash equivalents include: funds available in currency, investments in gold, securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, which are exposed to insignificant risk of change in fair value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are presented in Note 4.

d) Interbank investments

Unrestricted repurchase and reverse repurchase agreements are stated at their fair value. All other interbank investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 5.

e) Securities – Classification

- Trading securities – securities acquired for the purpose of being actively and frequently traded. They are recorded at cost, plus income earned and adjusted to fair value with movements recognized in the Income Statement for the period;
- Available-for-sale securities – securities that are not specifically intended for trading purposes or to be held to maturity. They are recorded at cost, plus income earned, which is recorded in profit or loss in the period and adjusted to fair value with movements recognized in shareholders' equity, net of tax, which will

be transferred to the Income Statement only when effectively realized; and

- Held-to-maturity securities – securities for which there is positive intent and financial capacity to hold to maturity. They are recorded at cost, plus income earned recognized in the Income Statement for the period.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by Management.

Classification, breakdown and segmentation of securities are presented in Note 6 (a to d).

f) Derivative financial instruments (assets and liabilities)

Derivate instruments are classified based on the objective for which the underlying instrument was acquired at the date of purchase, taking into consideration its use for possible hedging purposes.

Operations involving derivative financial instruments are designed to meet the Bank's own needs in order to manage overall exposure, as well as to meet customer requests to manage their positions. The gains or losses are recorded in profit-and-loss and shareholders' equity accounts.

Derivative financial instruments used to mitigate risk deriving from exposure to variations in the fair value of financial assets and liabilities are designated as hedges when they meet the criteria for hedge accounting and are classified according to their nature:

- Market risk hedge: the gains and losses, realized or not, of the financial instruments classified in this category as well as the financial assets and liabilities, that are the object of the hedge, are recorded in the Income Statement; and

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- Cash flow hedge: the effective portion of valuation or devaluation of the financial instruments classified in this category is recorded, net of taxes, in a specific account in shareholders' equity. The ineffective portion of the hedge is recognized directly in the Income Statement.

A breakdown of amounts included as derivative financial instruments, in the balance sheet and off-balance-sheet accounts, is disclosed in Note 6 (e to g).

g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified by risk level, based on: (i) the parameters established by CMN Resolution No. 2.682/99, which requires risk ratings to have nine levels, from "AA" (minimum risk) to "H" (maximum risk); and (ii) Management's assessment of the risk level. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors. Moreover, the days-past-due is also considered in the rating of customer risk as per CMN Resolution No. 2.682/99, as follows:

Past-due period (1)	Customer rating
• from 15 to 30 days	B
• from 31 to 60 days	C
• from 61 to 90 days	D
• from 91 to 120 days	E
• from 121 to 150 days	F
• from 151 to 180 days	G
• more than 180 days	H

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as permitted by CMN Resolution No. 2.682/99.

Interest and inflation adjustments on past-due transactions are only recognized in the Income Statement up to the 59th day that they are past due. As from the 60th day, they are recognized in off-balance sheet accounts and are only recognized in the Income Statement when received.

H-rated past-due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated transactions are held at the same rating as on the date of the renegotiation or classified in a higher risk rating. Renegotiations already written-off against the allowance and that were recorded in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or when new material facts justify a change in the level of risk, the operation may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, considering CMN and Bacen standards and instructions, together with Management's assessment of the credit risk.

Type, values, terms, levels of risk, concentration, economic sector of client's activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 8.

Leasing operations

The portfolio of leasing operations consists of contracts firmed with the support of Decree No. 140/84, of the Ministry of Finance, which contains clauses of: (a) non-cancellation; (b) purchase option; and c) post-fixed or fixed restatement and are accounted for in accordance with the standards established by Bacen, as follows:

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

I- Leases receivable

Reflect the balance of installments receivable, restated– according to the indexes and criteria established by contractual agreement.

II- Unearned revenues from leases and Guaranteed Residual Value (GRV)

Recorded at the contractual amount, conversely to adjusted accounts of unearned revenues from leasing and Residual value to balance, both submitted through negotiated conditions. The GRV received in advance is recorded in Other Liabilities – Creditors by Anticipation of the Residual Value until the date of contractual termination. The adjustment at present value of the lease payments and the GRV receivable from the financial leasing operations is recognized as excessive/insufficient depreciation on leased assets, in order to reconcile the accounting practices. In operations in arrears equal to or greater than 60 days, the appropriation to the result occurs upon receipt of contractual installments, in accordance with Resolution No. 2.682/99 of the CMN.

III- Fixed assets for leasing operations

It is recorded at acquisition cost, minus the accrued depreciations. The depreciation is calculated using the linear method, with the benefit of a 30% reduction in the normal life cycle of the asset, provisioned in the current legislation. The main annual rates of depreciation used, as base for this reduction, are the following: vehicles and related, 20%; furniture and utensils, 10%; machinery and equipment, 10%; and other assets, 10% and 20%.

IV- Losses on leases

The losses recorded in the sale of leased assets are deferred and amortized over the remaining normal life cycle of assets, and are shown along with the Leased Fixed Assets (Note 8k).

V- Excessive (insufficient) depreciation

The accounting records of leasing operations are maintained as legal requirements, specific for this type of operation. The procedures adopted and summarized in items "II" to "IV" above differ from the accounting practices provisioned in Brazilian corporate law, especially concerning the regime of competence in the record of revenues and expenses related to lease contracts. As a result, in accordance with Bacen Circular No. 1.429/89, the present value of outstanding leasing installments was calculated, using the internal rate of return of each contract, recording a leasing revenue or expenditure, conversely to the entries of excessive or insufficient depreciation, respectively, recorded in Permanent Assets, with the objective of adapting the leasing operations to the regime of competence (Note 8k).

h) Income tax and social contribution (assets and liabilities)

Income tax and social contribution deferred tax assets, calculated on income tax losses, social contribution losses and temporary differences, are recorded in "Other Receivables - Sundry" and the deferred tax liabilities on tax differences in leasing depreciation (applicable only for income tax), mark-to-market adjustments on securities, restatement of judicial deposits, among others, are recorded in "Other Liabilities - Tax and Social Security".

Deferred tax assets on temporary differences are realized when the difference between the accounting treatment and the income tax treatment reverses. Deferred tax assets on income tax and social contribution losses are realizable when taxable income is generated, up to the 30% limit of the taxable profit for the period. Deferred tax assets are recorded based on current expectations of realization considering technical studies and analyses carried out by Management.

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. Social contribution on net income is calculated at 15% for financial companies and similar companies and for insurance companies, and at 9% for other companies.

Provisions were recorded for other income tax and social contribution in accordance with specific applicable legislation.

The changes in the criteria for recognition of revenues, costs and expenses computed in the calculation of the net profit for the period, introduced by Law No. 11.638/07 and subsequent amendments were made fiscally by the new regime of the taxation in force instituted by Law No. 12.973/14.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of deferred tax assets, as well as unrecorded deferred tax assets, are presented in Note 32.

i) Prepaid expenses

Prepaid expenses consist of funds already disbursed for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurred costs relating to assets that will generate revenue in subsequent periods are recorded in the Income Statement according to the terms and the amount of expected benefits and directly written-off in the Income Statement when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

In the case of the remuneration paid by the origination of credit operations to the banking correspondents related to credit operations originated during 2015, Bradesco opted to recognize 2/3 of the total value of compensation, pursuant to the provisions of Bacen Circular No. 3.738/14.

Prepaid expenses are shown in detail in Note 10b.

j) Investments

Investments in affiliates, where Bradesco has significant influence over the investee or holds at least 20% of the voting rights, are accounted for using the equity method.

Tax incentives and other investments are stated at cost, less allowance for losses/impairment, where applicable.

Subsidiaries and jointly controlled entities are consolidated - the composition of the main companies can be found in Note 2. The composition of affiliates, as well as other investments, can be found in Note 11.

k) Premises and equipment

Relates to the tangible assets used by the Bank in its activities, including those resulting from transactions that transfer risks, benefits and control of the assets to the Bank.

Premises and equipment are stated at acquisition cost, net of accumulated depreciation, calculated by the straight-line method based on the assets' estimated economic useful life, using the following rates: real estate - 4% per annum; furniture and utensils and machinery and equipment - 10% per annum; transport systems - 20% per annum; and data-processing systems - 20% to 50% per annum, and adjusted for impairment, when applicable.

The breakdown of asset costs and their corresponding depreciation, as well as the unrecorded surplus value for real estate and the fixed asset ratios, are presented in Note 12.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

l) Deferred assets

It is recorded at cost of acquisition or composition, net of their accrued depreciation of 20% per annum, calculated using the linear method. Since December 2008, the new operations have been recorded in intangible assets, in accordance with Circular Letter No. 3.357/08 of Bacen.

The composition of fixed assets is shown in Note 13.

m) Intangible assets

Relates to the right over intangible assets used by the Bank in its activities.

Intangible assets comprise:

- Future profitability/acquired client portfolio and acquisition of right to provide banking services: they are recorded and amortized over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted for impairment, where applicable; and
- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% to 50% p.a.), from the date it is available for use and adjusted for impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intent and ability to complete and use the software, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during the software's estimated useful life, considering the expected future economic benefits.

Goodwill and other intangible assets and the movement in these balances by class, are presented in Note 14.

n) Impairment

Financial and non-financial assets are tested for impairment.

Impairment evidence may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or the significant or extended decline in an asset value.

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the book value of an asset or cash-generating unit exceeds its recoverable value.

Impairment losses are presented in Note 6d⁽¹⁰⁾.

o) Securities sold under agreements to repurchase

These are recognized at the value of the liabilities and include, when applicable, related charges up to the end of the reporting period, calculated on a daily pro-rata basis.

A breakdown of the contracts recorded in deposits and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and income statement, is presented in Note 15.

p) Provisions, contingent assets and liabilities and legal obligations – tax and social security

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution No. 3.823/09 and CVM Resolution No. 594/09:

- Contingent assets: these are not recognized in the financial statements, except to the extent that there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, and confirmation of the capacity of the counterparty to pay or the ability of Bradesco to realize the asset via compensation against another liability upon which the gain is considered practically certain. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;

Prudential – June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- Provisions: these are recorded taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever the loss is deemed probable, it requires a probable outflow of funds to settle the obligation and when the amount can be reliably measured;
- Contingent liabilities: according to CPC 25, the term "contingent" is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management's control. Contingent liabilities considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recorded as a provision nor disclosed; and
- Legal obligations – provision for tax risks: results from judicial proceedings, which contest the applicability of tax laws on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully provided for in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recorded, by type, are presented in Note 17.

q) Other assets and liabilities

Assets are stated at their realizable amounts, including, when applicable, related income and inflation and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and inflation and exchange variations (on a daily prorated basis).

r) Subsequent events

These refer to events occurring between the reporting date and the date the financial statements are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

Subsequent events, if any, are described in Note 33.

4) CASH AND CASH EQUIVALENTS

	June 30 - R\$ thousand	
	2015	2014
Cash and due from banks in domestic currency	7,806,499	7,418,517

(1) Consistent with the criteria in Bacen Circular Letter No. 3.068/01 and due to the characteristics of the securities, we are classifying the derivative financial instruments, except those considered as cash flow hedges in the category Trading Securities;

(2) These refer to investment fund and managed portfolio resources invested in purchase contracts with a commitment to re-sell with Bradesco, whose owners are consolidated subsidiaries, included in the financial statements of the Prudential Conglomerate;

(3) The investment fund quotas are presented based on the instruments comprising their portfolios and maintaining the classification used in the fund;

(4) In compliance with Article 8 of Bacen Circular Letter No. 3.068/01, Bradesco declares that it has the financial capacity and intention to maintain held-to-maturity securities until their maturity dates. This financial capacity is disclosed in Note 30a, which presents the maturity of asset and liability operations. On June 30, 2015, R\$ 12,419,003 thousand were reclassified from category "Securities Available for Sale" to the category "Securities Held to Maturity", due to the change of intention of the Management. The mark-to-market of these securities, in the amount of R\$(370,136) thousand, was maintained in

Shareholders' Equity and will be recognized in the result for the remaining term of the securities, pursuant to Bacen Circular Letter No. 3.068/01;

(5) The number of days to maturity was based on the contractual maturity of the instruments, regardless of their accounting classification;

Prudential – June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

(6) This column reflects book value after mark-to-market accounting in accordance with item (7), except for securities classified as securities held to maturity, which fair value is higher than the original amortized cost by R\$4,756 thousand (R\$6,169 thousand on June 30, 2014);

(7) The fair value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics; for investment funds, the original amortized cost reflects the fair value of the respective quotas. For investment funds, the original amortized cost reflects the fair value of the respective quotas;

(8) Includes hedge for protection of assets and liabilities, denominated in or indexed to foreign currency, primarily, arising from foreign investments, eliminating the effects of exchange variation of these assets and liabilities. For a better analysis of these items, consider the net exposure (Note 6e II);

(9) In March 2015, there was a modification in the calculation method of the market capitalization of debentures, using market parameters (Brazilian Association of Entities of the Financial and Capital Markets – Anbima); and

(10) In the first semester of 2014 and 2015, there were no impairment losses, related to "Equity Securities", for bonds classified under "Available-for-sale securities".

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

e) Derivative financial instruments

Bradesco carries out transactions involving derivative financial instruments, which are recorded in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a range of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from the Securities, Commodities and Futures Exchange (BM&FBOVESPA) and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factor swaps. The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded at the exchange or using methodologies similar to those outlined for swaps. The fair values of credit derivative instruments are determined based on market price quotation or from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility.

Derivative financial instruments in Brazil mainly refer to swaps and futures and are registered at the OTC Clearing House (Cetip) and BM&FBOVESPA.

Operations involving forward contracts, interest rate, indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges in Chicago and New York, as well as the over-the-counter (OTC) markets.

Total	(1,588,147)	1,063,382

(1) Includes the gain (loss) and the respective adjustment to the market capitalization of the hedge for protection of the assets and liabilities, designated and/or indexed in foreign currency, primarily, arising from foreign investments.

VI) Total value of derivative financial instruments, by trading location and counterparties

	June 30 - R\$ thousand	
	2015	2014
CETIP (over-the-counter)	91,936,669	51,881,088
BM&FBOVESPA (stock exchange)	275,038,635	580,731,028

Overseas (over-the-counter) (1)	16,934,059	17,276,136
Overseas (stock exchange) (1)	17,355,000	16,090,386
Total	401,264,363	665,978,638

(1) Comprised of operations carried out on the Chicago and New York Stock Exchanges and over-the-counter markets.

As of June 30, 2015, a total of 90.6% of counterparties are corporate entities and 9.4% are financial institutions.

f) Credit Default Swaps (CDS)

In general, these represent bilateral agreements in which one of the parties purchases protection against the credit risk of a certain financial instrument (the risk is transferred). The selling counterparty receives remuneration that is usually paid linearly over the term of the agreement.

In the case of a default, the purchasing counterparty will receive a payment to offset the loss incurred on the financial instrument. In this case, the selling counterparty usually receives the underlying asset of the agreement in exchange for the payment.

On June 30, 2015, Bradesco had credit default swaps (CDS) with the following characteristics: (i) the amount of risk transferred under credit swaps whose underlying assets are “Brazilian government securities” is negative R\$(1,326,900) thousand; and (ii) the risk received in credit swaps whose underlying assets are “derivative with companies” is R\$81,071 thousand, amounting to a total net credit risk value of negative R\$(1,245,829) thousand, with an effect on the calculation of required shareholders’ equity of negative R\$(64,062) thousand.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Bradesco carries out operations involving credit derivatives to better manage its risk exposure and its assets. The contracts related to credit derivatives transactions described above are due in 2019. The mark-to-market of the protection rates that remunerates the counterparty that received the risk totaled R\$(123) thousand. There were no credit events, as defined in the agreements, during the first semester of 2015.

g) Cash flow hedge

Bradesco uses cash flow hedges to protect its cash flows from payment of interest rates on funds, which have a floating interest rate - the Interbank Deposit Rate (DI Cetip), thus converting them to fixed cash flows.

Bradesco has traded DI Future contracts at BM&FBOVESPA since 2009, using them as cash flow hedges for funding linked to DI. The following table presents the DI Future position, where:

	June 30 - R\$ thousand	
	2015	2014
DI Future with maturity between 2016 and 2017	20,814,738	20,440,070
Funding indexed to CDI	21,133,663	20,290,694
Mark-to-market adjustment recorded in shareholders' equity (1)	299,179	(20,725)
Ineffective fair value recorded in profit or loss	4	3
(1) The adjustment in shareholders' equity is R\$179,507 thousand ((R\$12,435) thousand in 2014), net of taxes .		

The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter No. 3.082/02.

h) Income from securities and derivative financial instruments

Semesters ended June 30 - R\$ thousand

(1) Percentage of existing provision in relation to total portfolio, by level of risk; and

(2) On June 30, 2015, it includes a provision for guarantees provided, comprising sureties, letters of credit and standby letter of credit, which is presented here within the balance for excess provision, and totals R\$511,396 thousand (R\$333,734 thousand in 2014) (Note 19b).

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate**g) Changes in allowance for loan losses**

	Semesters ended June 30 - R\$	
	thousand	
	2015	2014
Opening balance	23,087,243	21,568,630
- Specific provision (1)	11,946,960	10,736,017
- Generic provision (2)	7,134,243	6,798,436
- Excess provision (3)	4,006,040	4,034,177
Additions (Note 8h-1)	8,062,894	6,846,283
Write-offs	(7,349,580)	(6,741,928)
Closing balance	23,800,557	21,672,985
- Specific provision (1)	12,698,256	10,981,720
- Generic provision (2)	7,098,189	6,683,549
- Excess provision (3) (4)	4,004,112	4,007,716

(1) For contracts with installments past due for more than 14 days;

(2) Recorded based on the customer/transaction classification and therefore not included in the preceding item;

(3) The additional provision is recorded based on Management's experience and the expectation in relation to the loan portfolio, to determine the total provision deemed sufficient to cover specific and general credit risk, when considered together with the provision calculated based on levels of risk and the corresponding minimum percentage in the provision established by CMN Resolution No. 2.682/99. The excess provision per customer was classified according to the level of risk in Note 8f; and

(4) On June 30, 2015, it includes the provision for guarantees provided, comprising sureties, letters of credit and standby letter of credit, which is presented here within the balance for excess provision, and totals R\$511,396 thousand (R\$333,734 thousand in 2014) (Note 19b).

h) Allowance for Loan Losses expense net of amounts recovered

Expenses with the allowance for loan losses, net of credit write offs recovered, are as follows.

	Semesters ended June 30 - R\$ thousand	
	2015	2014
Amount recorded (1)	8,062,894	6,846,283
Amount recovered (2)	(1,890,432)	(1,845,218)
Allowance for Loan Losses expense net of amounts recovered	6,172,462	5,001,065

(1) The first semester of 2015 includes provision for guarantees provided, comprising sureties, guarantees, letters of credit and standby letter of credit, which are presented in the "excess" provision, totaling R\$89,800 thousand (reversal of R\$(3,890) thousand in the first semester of 2014); and

(2) Classified in income from loans (Note 8j).

i) Changes in the renegotiated portfolio

	Semesters ended June 30 - R\$ thousand	
	2015	2014

(1) Issuance of securities on the international market to invest in foreign exchange transactions, pre-export financing, import financing and working capital financing, predominately in the medium and long terms.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

d) Since 2003, Bradesco has been party to certain agreements to optimize its funding and liquidity management activities by using an SPE - Special Purpose Entity. This SPE, known as International Diversified Payment Rights Company, is financed with long-term debt and settled through future cash flows from underlying assets which primarily include flows from current payment orders and future remittances made by individuals and companies located overseas to beneficiaries in Brazil for which the Bank acts as a paying agent.

Long-term securities issued by the SPE and sold to investors are settled with proceeds from the payment order flows. Bradesco is obliged to redeem these securities in specific cases of delinquency or if the SPE discontinues operations.

Funds from the sale of current and future payment order flows, received by the SPE, must be maintained in a specific bank account until a minimum amount has been reached.

Below are the main features of the notes issued by the SPE:

June 30 - R\$ thousand					
	Date of issue	Amount of the operation	Maturity	2015	2014

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

17) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL LIABILITIES – TAX AND SOCIAL SECURITY

a) Contingent assets

Contingent assets are not recognized in the financial statements. However, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), claiming to offset PIS against Gross Operating Income, paid under Decree-Laws No. 2.445/88 and No. 2.449/88, regarding the payment that exceeded the amount due under Supplementary Law No. 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

b) Provisions classified as probable losses and legal obligations – tax and social security

Organização Bradesco is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recorded provisions where, based on their opinion and that of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, the loss is deemed probable.

Management considers that the provision is sufficient to cover the future losses generated by the respective lawsuits.

Provisions related to legal obligations are maintained until the conclusion of the lawsuit, represented by judicial decisions with no further appeals or due to the statute of limitation.

I - Labor claims

These are claims brought by former employees and outsourced employees seeking indemnifications, most significantly for unpaid “overtime”, pursuant to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For proceedings with similar characteristics and not judged, the provision is recorded based on the average calculated value of payments made for labor complaints settled in the past 12 months; and for proceedings originating from acquired banks, with unique characteristics, the calculation and assessment of the required balance is conducted periodically, based on the updated recent loss history.

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

II - Civil claims

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not have a significant impact on Organização Bradesco's financial position.

Prudential - June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

There are a significant number of legal claims pleading alleged differences in adjustment for inflation on savings account balances due to the implementation of economic plans that were part of the federal government's economic policy to reduce inflation in the '80s and '90s.

Although Bradesco complied with the law and regulation in force at the time, these lawsuits have been recorded in provisions, taking into consideration the claims where the Bank is the defendant and the perspective of loss, which is considered after the analysis of each demand, based on the current decision of the Superior Court of Justice (STJ).

Note that, regarding disputes relating to economic plans, the Federal Supreme Court (STF) suspended the prosecution of all lawsuits at the cognizance stage, until the Court issues a final decision on the right under litigation.

III - Legal obligations – provision for tax risks

Organização Bradesco is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recorded in full, although there is a good chance of a favorable outcome, based on the opinion of Management and their legal counsel. The processing of these legal obligations and the provisions for cases for which the risk of loss is deemed as probable is regularly monitored in the legal court. During or after the conclusion of each case, a favorable outcome may arise for the Organization, resulting in the reversal of the related provisions.

The main cases are:

- PIS and COFINS – R\$1,991,639 thousand (R\$1,719,404 thousand in 2014): a request for authorization to calculate and pay PIS and COFINS based on effective billing, as set forth in Article 2 of Supplementary Law No. 70/91, removing from the calculation base the unconstitutional inclusion of other revenues other than those billed;
- IRPJ/Losses of Credits – R\$2,108,335 thousand (R\$1,912,596 thousand in 2014): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively) amounts of actual and definite loan losses related to unconditional discounts granted during collections, regardless of compliance with the terms and conditions provided for in Articles 9 to 14 of Law No. 9.430/96 that only apply to temporary losses;
- PIS – EC 17/97 - R\$229,245 thousand: for the period from July 1997 to February 1998, request to calculate and pay PIS contributions as established by LC 07/70 (PIS Repique) and not as established by EC 17/97 (PIS on Gross Operating Income);

- PIS – R\$318,984 thousand (R\$314,487 thousand in 2014): we are requesting the authorization to offset overpaid amounts in 1994 and 1995 as PIS contribution, corresponding to the surplus paid over that calculated on the tax base established in the Constitution, i.e., gross operating income, as defined in the income tax legislation (set out in Article 44 of Law No. 4.506/64), which excludes interest income; and
- Pension Contributions - R\$954,991 thousand (R\$470,142 thousand in 2014): official notifications related to the pension contributions on financial contributions in private pension plans, considered by the audit as compensatory sums subject to the incidence of such financial contributions and isolated fine for not withholding tax of the IRRF on the related financial contributions.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate**IV - Provisions by nature**

	June 30 - R\$ thousand	
	2015	2014
Labor claims	2,547,766	2,186,544
Civil claims	3,272,841	3,032,921
Subtotal (1)	5,820,607	5,219,465
Provision for tax risks (2)	6,465,817	6,586,211
Total	12,286,424	11,805,676

(1) Note 19b; and

(2) Classified under "Other liabilities - tax and social security" (Note 19a).

V - Changes in provisions

	R\$ thousand		
	2015		
	Labor	Civil	Tax (1)
Balance on December 31, 2014	2,465,899	3,173,869	5,725,057
Adjustment for inflation	166,334	188,336	261,904
Provisions, net of reversals and write-offs	283,419	310,294	484,342
Payments	(367,886)	(399,658)	(5,486)
Balance on June 30, 2015	2,547,766	3,272,841	6,465,817

(1) Includes, in the first semester of 2015, constitution of tax provision: (i) related to the incidence of pension contributions on financial contributions in private pension plans, in the amount of R\$387,560 thousand; and (ii) IRPJ/CSLL on losses of credits, totaling R\$47,545 thousand; and

(2) Mainly include legal liabilities.

c) Contingent liabilities classified as possible losses

The Organização Bradesco maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary,

the related risk is reclassified. In this respect, contingent lawsuits deemed to have a possible risk of loss are not recorded as a liability in the financial statements. The main proceedings in this category are the following: a) leasing companies' Tax on Services of any Nature (ISSQN), total lawsuits correspond to R\$1,872,384 thousand (R\$1,753,024 thousand in 2014) which relates to the municipal tax demands from municipalities other than those in which the company is located and where, under law, tax is collected; b) 2006-2010 income tax and social contribution, relating to goodwill amortization being disallowed on the acquisition of investments, for the amount of R\$977,141 thousand (R\$456,943 thousand in 2014); c) IRPJ and CSLL deficiency notice relating to the disallowance of loan loss deductions, for the amount of R\$1,046,158 thousand (R\$553,964 thousand in 2014); d) IRPJ and CSLL deficiencies notes relating to disallowances of exclusions of revenues from the mark-to-market of securities from 2007 to 2010, and differences in depreciation and operating expenses and income, amounting to R\$1,287,426 thousand (R\$469,140 thousand in 2014).

Number of outstanding shares as at June 30, 2015	2,520,694,623	2,511,189,130	5,031,883,753

(1) Benefited the shareholders registered in the records of Bradesco on March 26, 2015.

In the Extraordinary General Meeting of March 10, 2015, a deliberation was taken to increase the Capital Stock by R\$5,000,000 thousand, increasing it from R\$38,100,000 thousand to R\$43,100,000 thousand. This was effected through the capitalization of part of the balance of the account “Profit Reserves - Statutory Reserve”, in compliance with the provisions in Article 169 of Law No. 6.404/76, with a stock-split of 20% in shares, by issuing 841,454,808 new nominative-book entry shares, with no nominal value, of which 420,727,426 were common shares and 420,727,382 were preferred shares. These were attributed free-of-charge to the shareholders registered on March 26, 2015 as bonus, in the ratio of two (2) new shares for every ten (10) shares of the same type that they own.

c) Interest on shareholders' equity/dividends

Preferred shares have no voting rights, but are entitled to all other rights and advantages given to common shares and, in compliance with Bradesco's Bylaws, have priority for repayment of capital and an additional ten percent (10%) interest on shareholders' equity and/or dividends, in accordance with the provisions of Paragraph 1, item II, of Article 17 of Law No. 6.404/76, amended by Law No. 10.303/01.

According to Bradesco's Bylaws, shareholders are entitled to interest on shareholders' equity and/or dividends amounting to at least 30% of the net income for the year, adjusted in accordance with Brazilian Corporate Law.

Interest on shareholders' equity is calculated based on the shareholders' equity limited to the variation in the Federal Government Long-Term Interest Rates (TJLP), subject to available profits before deductions, or transfer to retained earnings or profit reserves for the amounts equivalent or greater than twice its value.

Bradesco's capital remuneration policy aims to distribute interest on shareholders' equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax, in the calculation for mandatory dividends for the year under the Company's Bylaws.

The Board of Directors' Meeting held on June 24, 2014 approved the Board of Executive Officers' proposal to pay shareholders' supplementary interest on shareholders' equity and dividends for the first semester of 2014, totaling R\$829,000 thousand, at R\$0.188201395 per common share and R\$0.207021535 per preferred share, which was paid on July 18, 2014.

The Board of Directors' Meeting held on December 22, 2014 approved the Board of Executive Officers' proposal to pay shareholders supplementary interest on shareholders' equity for 2014, for the amount of R\$2,600,300 thousand, at R\$0.590325800 (net of 15% withholding income tax - R\$0.501776930) per common share and R\$0.649358380 (net of 15% withholding income tax - R\$0.551954623) per preferred share, which was paid on March 6, 2015.

The Board of Directors' Meeting held on February 9, 2015 approved the Board of Executive Officers' proposal to pay shareholders' supplementary interest on shareholders' equity and dividends for the period of 2014, totaling R\$630,572 thousand, at R\$0.143153921 per common share and R\$0.157469313 per preferred share, which was paid on March 6, 2015.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

The Board of Directors' Meeting held on June 22, 2015 approved the Board of Executive Officers' proposal to pay shareholders' supplementary interest on shareholders' equity and dividends for the first semester of 2015, totaling R\$912,000 thousand, at R\$0.172629101 per common share and R\$0.189892011 per preferred share, which was paid on July 17, 2015.

Interest on shareholders' equity and dividends for the first semester of 2015 is calculated as follows:

	R\$ thousand	% (1)
Net income for the semester	8,717,354	
(-) Legal reserve	(435,867)	
Adjusted calculation basis	8,281,487	
Monthly and supplementary interest on shareholders' equity (gross), paid and/or provisioned	1,996,092	
Withholding income tax on interest on shareholders' equity	(299,414)	
Interim Dividends Provisioned (2)	912,000	
Interest on own capital (net) /dividends accrued in the 1st semester of 2015	2,608,678	31.50
Interest on own capital (net) /dividends accrued in the 1st semester of 2014	2,160,863	31.50

(1) Percentage of interest on shareholders' equity/dividends after adjustments; and

(2) Paid on July 17, 2015.

Interest on shareholders' equity was paid or recorded in provisions, as follows:

Description	Per share (gross)		Gross amount paid/	Withholding Income Tax (IRRF) (15%)	R\$ thousand Net amount paid/recorded in provision
	Common shares	Preferred shares			
Monthly interest on shareholders' equity paid	0.112908	0.124198	497,377	(74,607)	422,770
	0.242805	0.267086	1,069,521	(160,428)	909,093

Supplementary interest paid on own capital

Interim Dividends Paid	0.188201	0.207022	829,000	-	829,000
Total in the 1st semester of 2014	0.543914	0.598306	2,395,898	(235,035)	2,160,863
Monthly interest on shareholders' equity paid	0.108211	0.119031	522,175	(78,326)	443,849
Supplementary interest on shareholders' equity provisioned (1)	0.278866	0.306753	1,473,917	(221,088)	1,252,829
Interim Dividends Provisioned (2)	0.172629	0.189892	912,000	-	912,000
Total in the 1st semester of 2015	0.559706	0.615676	2,908,092	(299,414)	2,608,678

(1) It considers the bonus of 20% of shares occurring in March 2015; and

(3) Paid on July 17, 2015.

d) Treasury shares

The Board of Directors' Meeting held on June 24, 2014 resolved to renew the term for the share buy-back program, based on the previous conditions. It is valid until June 26, 2015. The Board of Directors' Meeting held on June 24, 2015 resolved to renew the term for the share buy-back program based on the previous conditions. It is valid until June 26, 2016.

A total of 3,669,932 common shares and 13,175,162 preferred shares had been acquired with the effect of the 20% share split, totaling R\$371,012 thousand until June 30, 2015, and remain in treasury. The minimum, average and maximum cost per common share is R\$23.62221, R\$25.46012 and R\$27.14350, and per preferred share is R\$25.23185, R\$27.43646 and R\$33.12855, respectively. The fair value was R\$27.98 per common share and R\$28.50 per preferred share on June 30, 2015.

b) Compensation for Key Management Personnel⁽¹⁾

Each year, the Annual Shareholders' Meeting approves:

- The annual grand total amount of management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws; and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of Organização Bradesco.

For 2015, the maximum amount of R\$349,900 thousand was set for Management compensation and R\$353,000 thousand to finance defined contribution pension plans.

The current policy on Management compensation sets forth that 50% of net variable compensation, if any, must be allocated to the acquisition of preferred shares of Banco Bradesco S.A., which vest in three equal, annual and successive installments, the first of which is in the year following the payment date. This procedure complies with CMN Resolution No. 3.921/10, which sets forth a management compensation policy for financial institutions.

Prudential – June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Bradesco does not offer its Key Management Personnel long-term benefits related to severance pay or share-based compensation, pursuant to CPC 10 – Share-Based Payment, approved by CMN Resolution No. 3.989/11.

Other information

I) Under current law, financial institutions are not allowed to grant loans or advances to:

a) Officers and members of the advisory, administrative, fiscal or similar councils, as well as to their respective spouses and family members up to the second degree;

b) Individuals or corporations that own more than 10% of their capital; and

c) Corporations in which the financial institution itself, any officers or administrators of the institution, as well as their spouses and respective family members up to the second degree own more than 10% of equity.

Therefore, no loans or advances are granted by financial institutions to any subsidiary, members of the Board of Directors or Board of Executive Officers and their relatives.

II) Shareholding

Together, members of the Board of Directors and Board of Executive Officers had the following shareholding in Bradesco:

	2015	June 30 2014
Common shares	0.72%	0.72%
Preferred shares	1.05%	1.03%
Total shares (1) (2)	0.89%	0.88%

(1) On June 30, 2015, direct and indirect shareholding of the members of Bradesco's Board of Directors and Board of Executive Officers amounted to 3.10% of common shares, 1.10% of preferred shares and 2.10% of all shares; and

(2) Considers all the key management personnel, regardless of member companies of the Prudential Conglomerate.

30) FINANCIAL INSTRUMENTS

a) Risk Management

Risk management is strategically highly important due to the increasing complexity of services and products and the globalization of the Organization's business. The dynamism of the markets requires that Bradesco continuously acts to improve this activity in the pursuit of best practices. For that reason, Bradesco uses its internal market risk models, which were already in force, to calculate regulatory capital since January 2013.

The Organization controls risk management in an integrated and independent manner, preserving and valuing the Board's decisions, developing and implementing methodologies, models, and measurement and control tools. It also provides training to employees from all Organization levels, from the business areas to the Board of Directors.

The management process allows the risks to be proactively identified, measured, mitigated, monitored and reported, which is necessary in view of the Organization's complex financial products and activity profile.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Credit risk management

Credit risk refers to the possibility of losses as a result of the non-compliance by the borrower or counterparty with their financial obligations under agreed terms, as well as to the reduction in the value of a loan agreement resulting from a deterioration of the borrower's risk rating, reduced earnings or remuneration, the advantageous terms/ conditions given in a renegotiation, recovery costs and other values related to the counterparty's non-compliance with its financial obligations.

Credit risk management in the Organization is a continuous and evolving process of mapping, development, assessment and diagnosis through the use of models, instruments and procedures that require a high degree of discipline and control during the analysis of operations to preserve the integrity and autonomy of the processes.

The Organization controls its exposure to credit risk, which mainly results from loans, securities and derivative financial instruments. Credit risk also stems from financial obligations related to credit commitments or financial guarantees.

In order not to compromise the quality of the portfolio, it includes all aspects related to the lending process, concentration, guarantee requirement, terms, among others.

The Organization continuously maps all activities that can generate exposure to credit risk, with their respective ratings related to probability and magnitude, as well as the identification of their managers, measurement and mitigation plans.

Market risk management

Market risk is the possibility of financial losses due to fluctuating prices and interest rates of the Organization's financial instruments, as its asset and liability portfolios may have mismatched maturities, currencies and indexes.

Market risk is carefully identified, measured, mitigated, controlled and reported. The Organization's market risk exposure profile is in line with the guidelines established by the governance process, with limits

monitored independently on a timely basis.

All transactions exposing the Organization to market risk are mapped, measured and classified by probability and importance, and the whole process is approved by the corporate governance structure.

The process of market risk management is performed at the corporate level. This process involves several areas, with specific assignments, ensuring an efficient structure, with the measurement and control of market risk being performed centrally and independently. The management process, approved by the Board of Directors, is reviewed at least annually by the Committees and by the Board of Directors.

In line with the Corporate Governance practices, aiming to preserve and strengthen the management of market and liquidity risks in the Organization, and to meet the provisions of CMN Resolution No. 3.464/07, the Board of Directors approved the Market and Liquidity Risk Management Policy, which is reviewed at least annually by the competent Committees and by the Board of Directors, providing the main guidelines for acceptance, control and management of market and liquidity risks. In addition to this policy, the Organization has specific rules to regulate the market and liquidity risk management process.

- (3) Other commitments recorded in off-balance-sheet accounts.

Liquidity Risk

Liquidity Risk is the possibility of the institution not being able to fully meet its obligations, without affecting its daily operations and incurring significant losses, as well as the possibility of the institution not being able to trade a position at market price due to its significant size when compared to the usually traded volume or due to some market discontinuation.

It is crucial to measure and monitor this risk, so that the Organization can settle its obligations in a timely and reliable way.

The process of liquidity risk management is performed at the corporate level. It involves several areas with specific assignments, ensuring an efficient structure. Liquidity risk is measured and controlled centrally and independently and includes the daily monitoring of the composition of available funds, compliance with the minimum liquidity level, and the contingency plan for stress situations.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

One of the objectives of the Organization's Policy on Market and Liquidity Risk Management, approved by the Board of Directors, is to lay down the rules, criteria and procedures that guarantee the establishment of the Minimum Liquidity Reserve (RML) for the Organization, as well as the strategy and action plans for liquidity crisis situations.

As part of the criteria and procedures approved, the Organization establishes a minimum liquidity reserve to be held and the types of assets eligible for this reserve. Moreover, instruments for managing liquidity in a normal scenario and in a crisis scenario and the strategies to be implemented in each case are established.

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Operational Risk

Operational risk is the possibility of losses resulting from failure, deficiency or inadequacy of internal processes, people and systems, or from external events. This definition includes legal risk associated with the activities undertaken by the Organization.

The process of operational risk management is performed at the corporate level. This process involves several areas, with specific assignments, ensuring an efficient structure, with the measurement and control of operational risk being performed centrally and independently.

Among the plans to mitigate operational risk, we highlight that the most important is business continuity management, which consists of formal plans to be adopted during moments of crisis to guarantee the recovery and continuation of business as well as preventing loss.

Internal Controls

The effectiveness of the internal controls of the Organization is sustained by qualified professionals, well-defined and implemented processes and technology compatible with the business needs.

The methodology of internal controls applied in the Organization is in line with the guidelines of the Committee of Sponsoring Organizations of the Treadway Commission (COSO) – version 2013, which has the purpose of supplying a model for internal controls, management of corporate risks and fraud, in order to improve the performance and organizational supervision.

The existence, the execution, and the effectiveness of controls that ensure acceptable risk levels in the Organization's processes are certified by the department in charge, and the results are reported to the Audit Committee and to the Compliance and Internal Controls Committee, as well as to the Board of Directors, aiming to provide assurance regarding the proper conduct of business and the achievement of the established goals, in accordance with applicable external laws and regulations, policies, internal rules and procedures, and codes of conduct and self-regulation.

(1) As per January 2015, the Basel Ratio started to be calculated based on the "Prudential Consolidated", in accordance with Resolution No. 4.192/13 of CMN; and

(2) As per January 2015, the factor applied to prudential adjustments went from 20% to 40%, according to the timeline for application of deductions of prudential adjustments, defined in Art.11 of CMN Resolution No. 4.192/13.

_____ Prudential - June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

b) Capital Management

The primary objective of the Capital Management structure is to provide the necessary conditions for a continuous process of capital assessment, monitoring and control, contributing to the achievement of the Organization's strategic objectives. It considers the current business environment and a prospective and consistent vision for capital adequacy planning. This structure is composed of the Statutory, Non-Statutory and Executive Committees that assist the Board of Directors and the Board of Executive Officers in decision making.

The internal process of assessing capital adequacy is carried out so as to ensure that the Organization has a Reference Equity base composition to support the development of activities and provide sufficient protection against risks, whether in normal or in extreme market conditions, as well as meeting managerial and regulatory requirements in relation to capital management.

31) EMPLOYEE BENEFITS

Bradesco and its subsidiaries sponsor a private defined contribution pension for employees and directors, that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and invested in an Exclusive Investment Fund (FIE).

The pension scheme is managed by Bradesco Vida e Previdência S.A. and BRAM – Bradesco Asset Management S.A. The Securities Dealer Company (DTVM) is responsible for the financial management of the FIE funds.

The Supplementary Pension Plan was reformulated in October 2014, with contributions from employees and directors of Bradesco and its subsidiaries equal to at least 4% of their salaries. Contributions from Bradesco and its subsidiaries increased from 4% to 5% of salary, plus the percentage destined for death and disability coverage. The contributions belonging to participants who, in 2001, chose to migrate from the benefit plan defined for PGBL were maintained at the same levels of the previous benefit plan.

Actuarial obligations of the defined contribution plan are fully covered by the plan assets of the corresponding FIE.

In addition to the aforementioned plan, participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in that plan. For the active participants, retirees and pensioners of the defined benefit plan, in extinction, the present value of the actuarial obligations of the plan is completely secured by collateral assets.

Banco Alvorada S.A. (successor from the spin-off of Banco Baneb S.A.) maintains defined contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social - Bases (related to the former employees of Baneb).

Bradesco sponsors both defined benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof), exclusively for former employees of Banco BEM S.A.

Bradesco sponsors a defined benefit plan through Caixa de Previdência Privada do Banco do Estado do Ceará (Cabec), exclusively for former employees of Banco BEC S.A.

In accordance with CPC 33 (R1) – Employee Benefit, as approved by CVM Resolution No600/09, Bradesco and its subsidiaries, as sponsors of these plans calculated their actuarial commitments taking into consideration the economic and actuarial study, using a real interest rate and recognized their obligations in the financial statements.

The assets of pension plans are invested in compliance with the applicable legislation (government securities and private securities, listed company shares and real estate properties).

The expenses with contributions made during the first semester of 2015 totaled R\$303,233 thousand (first semester of 2014 – R\$310,630 thousand).

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Besides this benefit, Bradesco and its subsidiaries offer to their employees and administrators other benefits, among which are health insurance, dental assistance, life insurance, personal accidents and professional training, whose total with these expenses, including the contributions mentioned previously, totaled in the first semester of 2015 – R\$1,555,784 thousand (first semester of 2014 – R\$1,455,022 thousand).

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate**d) Expected realization of deferred tax assets on temporary differences, tax loss and negative basis of social contribution and deferred social contribution – Provisional Measure No. 2.158-35**

	Semesters ended June 30 - R\$ thousand					Total
	Temporary differences		Income tax and social contribution losses		Social contribution - Provisional Measure No. 2.158-35	
	Income tax	Social contribution	Income tax	Social contribution		
2015	2,567,410	1,529,315	15,588	53,457	73,364	4,239,134
2016	4,104,343	2,457,825	343,268	204,194	32,733	7,142,363
2017	4,347,725	2,583,022	730,852	438,877	-	8,100,476
2018	3,350,437	1,991,952	1,005,851	743,307	-	7,091,547
2019	3,353,314	1,987,864	12,127	384,009	-	5,737,314
2020 (1 st Sem.)	366,977	220,396	167	48	-	587,588
Total	18,090,206	10,770,374	2,107,853	1,823,892	106,097	32,898,422

The projected realization of deferred tax assets is an estimate and it is not directly related to the expected accounting income.

The present value of deferred tax assets, calculated based on the average funding interest rate, net of tax effects, amounts to R\$30,457,815 thousand (R\$25,508,301 thousand in 2014) of which R\$26,756,228 thousand (R\$22,809,377 thousand in 2014) relates to temporary differences, R\$3,597,472 thousand (R\$2,574,145 thousand in 2014) relates to tax losses and negative basis of social contribution and R\$104,115 thousand (R\$124,779 thousand in 2014) to deferred social contribution, Provisional Measure No. 2.158-35.

e) Deferred tax liabilities

	June 30 - R\$ thousand	
	2015	2014
Mark-to-market adjustment to securities and derivative financial instruments	230,994	296,566
Difference in depreciation	685,794	1,007,958
Judicial deposit and others	1,285,712	1,213,794
Total	2,202,500	2,518,318

The deferred tax liabilities of companies in the financial sectors were established considering the increased social contribution rate, established by Law No. 11.727/08 (Note 3h).

33) OTHER INFORMATION

a) The Organização Bradesco manages investment funds and portfolios with net assets which, in June 30, 2015, amounted to R\$514,728,562 thousand (R\$462,245,913 thousand in 2014).

Prudential - June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

c) In the first semester of 2015, the Central Bank of Brazil redefined the rules of compulsory deposits on time resources and resources in savings deposits, whose main changes we highlight below.

Description	Current Rule	Previous rule
Time Resources	The collection will be 25% of the balance of time deposits with effect from the calculation period from August 31 to September 4, 2015.	The collection was 20% on the balance of time deposits.
	The collection will be made with full remuneration of the Selic Rate on the amount collected.	The collection was limited to the payment of 40% of the liability and could be deducted through the acquisition of credit, and financial bi among others. If purchases were not made up to 60% the value wa collected without remuneration.
Resources from savings deposits	The collection became 24.5% of the balance of savings accounts, with effect from the calculation period from June 8 to 12, 2015.	The collection was 20% on the balance of the savings resources.
	The gross debit balance of the financing of new or second-hand	No deduction was allowed of financing of new or second-hand real

real estate of
the Housing
Finance
System may
be deducted
up to the limit
of 18% of the
liability,
provided that
they are
contracted in
the period
from June 1,
2015 to June
23, 2017.

For the
additional
liability, the
collection
became 5.5%
of the
balance of
savings
accounts,
with effect
from the
calculation
period from
June 8 to 12,
2015.

For the additional liability, the collection was of 10% on the balance
savings accounts.

d) As part of the convergence process with international accounting standards, the Brazilian Accounting Pronouncements Committee (CPC) issued several accounting pronouncements, as well as their interpretations and guidelines, which are applicable to financial institutions only after approval by CMN.

The accounting standards which have been approved by CMN include the following:

- Resolution No. 3.566/08 – Impairment of Assets (CPC 01);
- Resolution No. 3.604/08 – Statement of Cash Flows (CPC 03);
- Resolution No. 3.750/09 – Related Party Disclosures (CPC 05);
- Resolution No. 3.823/09 – Provisions, Contingent Liabilities and Contingent Assets (CPC 25);
- Resolution No. 3.973/11 – Subsequent Event (CPC 24);
- Resolution No. 3.989/11 – Share-based Payment (CPC 10);

- Resolution No. 4.007/11 – Accounting Policies, Changes in Estimates and Error Correction (CPC 23);
- Resolution No. 4.144/12 – Conceptual Framework for Preparing and Presenting Financial Statements; and
- Resolution No. 4.424/15 – Employee Benefits (CPC 33 – shall take effect as from January 2016).

Presently, it is not possible to estimate when the CMN will approve the other CPC pronouncements or if they will be applied prospectively or retrospectively.

CMN Resolution No. 3.786/09 and Bacen Circular Letters No. 3.472/09 and No. 3.516/10 establish that financial institutions and other entities authorized by Bacen to operate, which are publicly-held companies or which are required to establish an Audit Committee shall, since December 31, 2010, annually prepare and publish in up to 90 days after the reference date of December 31 their consolidated financial statements, prepared under the International Financial Reporting Standards (IFRS), in compliance with international standards issued by the International Accounting Standards Board (IASB).

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

As required by CMN Resolution, on March 31, 2015, Bradesco published its consolidated financial statements for December 31, 2013 and 2014 on its website, in accordance with IFRS standards. The net income and equity of the financial statements disclosed in IFRS were not substantially different from those presented in the financial statements prepared in accordance with the accounting practices adopted in Brazil and applicable to institutions authorized to operate by the Brazilian Central Bank (Bacen). As there were no substantial differences between the two sets of financial statements (GAAPs) in the year ended December 31, 2014, Management expects that the net profit and shareholders' equity for the semester ended June 30, 2015 will also not be materially different in the two GAAPs.

e) On May 14, 2014, Law No. 12.973/14 was published, which converted Provisional Measure No. 627/13. This Law amends the Federal Tax Legislation regarding Corporate Income Tax - IRPJ, the Social Contribution on Net Profits - CSLL, the Contribution to PIS/PASEP and the Contribution to the Social Security Financing - COFINS. These are the main issues contemplated by Law No. 12.973/14:

- revocation of the Transition Tax System (RTT), controlling the adjustments arising from new accounting methods and criteria following the alignment of Brazilian accounting rules to the international standards;
- taxation of companies domiciled in Brazil for increases in the equity of overseas subsidiaries and affiliates resulting from profit within these entities; and
- special installment payment of PIS/PASEP and COFINS Contributions.

The aforementioned Law was regulated through Normative Instructions No. 1.515/14 and No. 1.520/14. Our assessment shows that there will be no significant future impacts on our Consolidated Financial Statements.

On January 1, 2015, for the companies that opted not to early adopt, Law No. 12.973/14 came into force, ending the period of the Transition Tax Regime (RTT) and enforcing a new tax regime in Brazil. Among other matters, the Law revoked the RTT, disciplining the adjustments resulting from the new accounting methods and criteria introduced by the convergence of the Brazilian accounting standards to the international standards. It also altered the Federal Tax Legislation related to the Legal Entity Tax Return - IRPJ, to the Social Contribution on the Net Profit - CSLL, to the Contribution for the PIS/PASEP and to the Contribution for the Financing of Social Security – COFINS.

f) On January 20, 2015, Provisional Measure No. 656/14 was converted to law by the publication of Law No. 13.097/15. Among other things, this legislation changes the limits on the deductibility criteria for credit losses on contracts that become past-due after October 8, 2014 (Article 9 of Law No. 9.430/96). The limits remain the same for contracts that were past-due on or before October 7, 2014.

g) On May 21, 2015, Provisional Measure No. 675 (MP 675/15) was published which increased the rate of the Social Contribution on Net Profit - CSLL of the financial and insurance sectors from 15% to 20% of taxable profit, from September 1, 2015. Bradesco will wait for the conversion of MP 675/15 into Law for a more in-depth and conclusive analysis, since possible amendments to MP may be proposed by the National Congress.

h) There were no subsequent events that need to be adjusted or disclosed for the consolidated financial statements as of June 30, 2015.

Prudential - June 2015

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Report of Independent Auditors on the Consolidated Financial Statements of the Prudential Conglomerate

To

The Board of Directors and Management

Banco Bradesco S.A.

Osasco – SP

Dear Sirs

We have audited the accompanying Prudential Conglomerate consolidated financial statements of Banco Bradesco S.A. (“Bradesco”), which comprise the consolidated statement of financial position of the Prudential Conglomerate as at June 30, 2015, and the respective income statement, statement of changes in equity and cash flow statement for the six-month period then ended, and a summary of significant accounting policies and other explanatory information. These special purpose financial statements have been prepared by Bradesco’s management as required by Resolution nº 4,280, dated October 31, 2013, of the Conselho Monetário Nacional (CMN) and supplementary regulations of the Central Bank of Brazil (BACEN), described in the note nº 2 to the financial statements.

Management’s Responsibility for the Financial Statements

Bradesco’s Management is responsible for the preparation and fair presentation of these Prudential Conglomerate consolidated financial statements in accordance with the Resolution nº 4,280/13 of CMN, and supplementary regulations of BACEN, which main criteria and accounting practices are described in note nº 2 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of the Prudential Conglomerate consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these Prudential Conglomerate consolidated financial statements prepared by Bradesco's Management in accordance with the Resolution nº 4,280/13, of CMN, and supplementary regulations of BACEN, based on our audit in accordance with Brazilian and International Standards on Auditing, taking into account the NBC TA 800 (ISA 800) - "Special Considerations - Audits of Financial Statements Prepared in Accordance with Special Purpose Frameworks".

Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Prudential Conglomerate consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bradesco's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Report of Independent Auditors on the Consolidated Financial Statements of the Prudential Conglomerate

Opinion

In our opinion, the Prudential Conglomerate consolidated financial statements of Bradesco referred to above, present fairly, in all material respects, the financial position of Bradesco's Prudential Conglomerate consolidated financial statements as at June 30, 2015, the financial performance of its operations and its cash flows for the six-month period then ended in accordance with the provisions for preparation of the Prudential Conglomerate consolidated financial statements pursuant to the Resolution nº 4,280/13, of CMN, and supplementary regulations of BACEN for the preparation of these consolidated financial statements prepared for special purpose, as described in note nº 2 to the financial statements.

Emphasis

Basis of preparation of the Prudential Conglomerate consolidated financial statements

Without modifying our opinion, we draw attention to note nº 2 to the financial statements that discloses that the Prudential Conglomerate consolidated financial statements of Bradesco were prepared by Bradesco's management to meet the requirements of Resolution nº 4,280/13, of CMN, and supplementary regulations of BACEN. Consequently, our report on these consolidated financial statements has been prepared solely for meeting these specific requirements and thus may not be appropriate for other purposes.

Other Matter

Bradesco has prepared a separate set of financial statements for general purposes for the six-month period ended June 30, 2015, in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Central Bank of Brazil, on which we issued an unqualified auditor's report on July 29, 2015.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
