## **Notice to the Market**

Banco Bradesco S.A. ("Bradesco") communicates to its shareholders, clients and to the market in general that it has entered into a strategic partnership with RCB Investimentos S.A. ("RCB"), one of the leading companies in Brazil's credit management and recovery market, and with its controller PRA Group Brazil Investimentos e Participações, a company of the PRA Group Inc. ("PRA Group"), a global leader in the acquisition and management of non-performed credits. The operation encompasses:

1. Bradesco's acquisition of 65% of the shares issued by RCB, in which the founding individuals will remain as partners and remain ahead of the management of RCB, together with Bradesco;
2. the constitution of two Investment Funds in Credit Rights (FIDCs) for the acquisition of non-performed credit portfolios, and the management of the recovery of these credits is incumbent upon the RCB. The FIDCs will usually be held by the PRA Group and by the founders, with Bradesco's minority participation.

As a result of the partnership, Bradesco expects to increase the efficiency of its credit recovery process, as well as actively participate in the acquisition of credit recovery market.

The operation is subject to approval by the competent authorities and other contractual terms commonly used for this type of operation.

Bradesco relied on exclusive financial advice from Banco Bradesco BBI S.A.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
