## Edgar Filing: DEWEY ELECTRONICS CORP - Form 8-K

### ITEM 8.01 - OTHER EVENTS

As previously reported, the Company's 10 year indefinite quantity, indefinite delivery contract with the U.S. Army to supply 2kW generator sets expires at the end of August 2011. The U.S Army has announced that it no longer plans to issue a new multiple year indefinite quantity, indefinite delivery fixed price contract and will transfer the 2kW program to a 'sustainment' command. The Company anticipates that the Government will continue to require these generators, which could be ordered under individual "Purchase Orders" or via the General Services Administration's GSA.gov Web site. We are unable to predict whether, when or to what extent the Government will continue to place orders for these generators.

This Form 8-K contains forward-looking statements as defined in Section 21E of the Securities and Exchange Act of 1934, including statements about future business operations, financial performance and market conditions. Such forward-looking statements involve risks and uncertainties including those involved in the Company's dependence upon its Department of Defense business, as further described in our filings under the Securities Exchange Act.
