## SELLING SHAREHOLDERS

Selling shareholders, including their permitted transferees or donees or their successors, may from time to time offer and sell up to an aggregate of 2,989,190 shares of our Class A common stock pursuant to this prospectus supplement and the prospectus. One selling shareholder listed in the table below is a permitted transferee of holders of Class A Common Units of Forest City Master Associates III, LLC that were exchanged into shares of our Class A common stock.

The following table sets forth information received by us on or prior to September 2, 2015 with respect to the selling shareholders and the amount of shares of Class A common stock beneficially owned by each selling shareholder that may be offered pursuant to this prospectus supplement and the Prospectus. The information is based on information provided by or on behalf of the following selling shareholders to us and is as of the date of this prospectus supplement. With the exception of Bruce C. Ratner, the number of shares of Class A common stock owned by the selling shareholders or any future transferees from such holders assumes that they do not own any shares of Class A common stock other than shares of Class A common stock issuable upon an exchange of Class A Common Units of Forest City Master Associates III, LLC. The percentage of Class A Common Units indicated as owned is based on 2,973,190 Class A Common Units outstanding as of September 2, 2015.

The information set forth below supplements and replaces the information previously included in the prospectus.
