Report of Independent Registered Public Accounting Firm

The Board of Directors Bowater Incorporated

We have audited the accompanying statements of net assets available for benefits of the Bowater Incorporated Savings Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Bowater Incorporated Savings Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

### BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2005 and 2004

# (1) Description of the Plan

The following description of the Bowater Incorporated Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### (a) General

The Plan was established by Bowater Incorporated (Company) as a trusteed, defined contribution savings plan and a leveraged employee stock ownership plan (ESOP). The ESOP had no debt outstanding at December 31, 2005 or 2004. It covers all full-time employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

## (b) Contributions

Active participants may elect to contribute to the Plan a percentage of their earnings and certain other income items on a tax-deferred or non-tax deferred basis, subject to regulated maximums. The maximum allowable deferral percentage is 50% of the participant's earnings.

The Company contributes to the Plan in cash or shares of Company common stock. Generally, the Company contributes an amount equal to a percentage of each participant's contributed earnings. The Company match is dependent upon each participant's predecessor plan design. Generally, the Company will match between 40% and 60% of each participant's contributed earnings up to 6%. Participants who direct their contributions to the Bowater Stock Fund receive an additional Company contribution equal to 5% of the purchase price of the stock.

The Company may authorize additional employer contributions.

#### (c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and investment earnings; each participant's account is reduced proportionately for investment losses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### (d) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants become fully vested in the Company contributions after completing three years of service.

#### (e) Investment Options

Participants can direct their contributions to be invested in one or more of many investment funds, including a Fixed Income Fund, a Bowater Stock Fund, and certain mutual funds. Participants may make an unlimited number of exchanges out of the Bowater Stock Fund, but only one exchange transaction into the Bowater Stock Fund in a thirty-day period.

4

#### BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2005 and 2004

### (f) Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 (less certain adjustments required by statute) or 50% of their vested account balance, whichever is less. Loan transactions are treated as deductions from participants' accounts and accounted for separately. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1% as of the date of the loan. Currently, interest rates range from 5.25% to 10.50% on participant loans. Principal and interest are paid through payroll deductions.

(g) Benefits and Withdrawals

Participants are entitled to receive vested benefits upon termination of employment. Active employees may withdraw vested funds subject to certain withdrawal rules as defined in the Plan.

(h) Forfeited Accounts

Forfeited nonvested accounts are used to reduce employer contributions. In 2005 and 2004, approximately \$40,975 and \$15,475, respectively, were forfeited and used to reduce employer contributions.

- (2) Summary of Significant Accounting Policies
  - (a) Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

(b) Investment Valuation and Income Recognition

The Plan investments include the Fixed Income Fund, Bowater common stock, mutual funds, participant notes receivable and interest-bearing cash.

Purchase and sales of securities are recorded on a trade date basis. The Plan records interest income on an accrual basis and accrues dividends on the ex-dividend date.

Investments in participant notes receivable and interest-bearing cash are stated at cost which approximates fair value. Investments in Bowater common stock and mutual funds are stated at fair value through quoted market prices. The Fixed Income Fund's holding of synthetic guaranteed investment contracts are stated at contract value plus any accrued income because they are considered to be benefit responsive.

The Guaranteed Investment Contracts (GICs) held by the Fixed Income Fund are synthetic. The Fixed Income Fund owns certain fixed-income marketable securities and a liquidity agreement ("wrapper") is entered into for a fee with a financially responsible third party that guarantees a minimum rate of return and provides benefit responsiveness. There are no reserves currently considered necessary against contract value for credit risk of the contract issuer or otherwise. The average yield was approximately 4.1% and 4.4% for 2005 and 2004, respectively. The crediting interest rate was approximately 4.0% and 4.1% at December 31, 2005 and 2004, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The fair value of the synthetic GICs is equal to fair value of the underlying marketable securities plus any accrued income. At December 31, 2005 and 2004, fair value was \$165,507,159 and \$177,247,343, respectively, compared

5

BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2005 and 2004

to the contract value (carrying value) at the same dates of \$167,391,152 and \$175,019,728, respectively.

Financial Accounting Standards Board Staff Position Nos. AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Company Guide and Defined-Contribution Health and Welfare and Pension Plans (FSP)," is effective for Plan years ending after December 15, 2006. The FSP describes the limited circumstances in which the net assets of an investment company shall reflect the contract value of certain investments that it holds, provides a definition of a fully benefit-responsive investment contract and provides guidance with respect to financial statement presentation and disclosure of fully benefit-responsive investment contracts. The Company is currently evaluating the impact of this FSP on the accounting, presentation and disclosure of the Plan's synthetic GICs.

#### (c) Administrative Expenses

Net appreciation in fair value of investments is net of investment management fees of \$551,788 and \$566,196, respectively, for the years ended December 31, 2005 and 2004. Additional administrative expenses, including additional expenses charged by the Trustee, are paid by the participants or the Company.

#### (d) Payments of Benefits

Benefit payments to participants are recorded upon distribution.

#### (e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amount of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates and assumptions.

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements and schedule.

#### (f) Reclassifications

Certain 2004 amounts in the financial statements and notes have been reclassified to conform to the 2005 presentation. These reclassifications had no impact on previously reported net change in net assets available for benefits or net assets available for benefits.

6

Notes to Financial Statements

December 31, 2005 and 2004

#### (3) Investments

Investments, with items representing 5% or more of the Plan's net assets separately stated, were as follows at December 31, 2005 and 2004:

2005	
36,776,264	\$
31,757,273	
26,164,244	
36,833,371	
68,503,416	
200,034,568	
167,391,152	
367,425,720	\$
	367,425,720 

During the years ended December 31, 2005 and 2004, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$7,181,782 and appreciated in value by \$8,435,108, respectively, as follows:

	 2005
Mutual Funds Bowater Common Stock	\$ 4,632,767 \$ (11,814,549)
	\$ (7,181,782) \$

#### (4) Related Party Transactions

Certain Plan assets are shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and therefore, these investment transactions qualify as party-in-interest transactions. The trustee receives investment and administrative fees as a result of these activities. The Plan assets also include shares of Bowater common stock. The Company is the Plan sponsor, therefore, these investment transactions qualify as party-in-interest transactions. Investment in company stock is participant directed.

#### (5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all Company contributions.

7

#### BOWATER INCORPORATED SAVINGS PLAN

Notes to Financial Statements

December 31, 2005 and 2004

#### (6) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 24, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

The Plan has been amended since receiving the determination letter, however, the Company believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and Plan document.

#### (7) Subsequent Event

On May 9, 2006, the Company approved changes to the Plan. These changes will be effective beginning January 1, 2007 and are as follows:

- The current company contribution will be replaced as follows: Eligible employees shall receive a "safe harbor" matching contribution equal to 100% of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred.
- Additionally, in lieu of benefits received under the Company's defined benefit pension plan, newly hired non-union employees and current active participants whose age plus years of service are less than 70 and are younger than age 55, determined as of December 31, 2006 will receive an additional annual Company contribution ranging from 2.5% to 6.5% based on the participant's age and years of service.
- Roth 401(k) accounts shall be provided.
