To the Board of Trustees of Investors Real Estate Trust

We have audited the accompanying Historical Summary of Gross Income and Direct Operating Expenses of Mendota Heights Office Complex ("Historical Summary") for the year ended December 31, 2001. This Historical Summary is the responsibility of the management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission as described in Note 2, and is not intended to be a complete presentation of Mendota Heights Office Complex revenue and expenses.

In our opinion, the Historical Summary referred to above presents fairly, in all material respects, the gross income and direct operating expenses described in Note 2 of Mendota Heights Office Complex for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.
